Authority for Publishing Session Laws and Resolutions

Section 2.030, Revised Statutes of Missouri, 2008. — Legislative Research to provide for printing and binding of laws. — The joint committee on legislative research shall annually collate, index, print, and bind all laws and resolutions passed or adopted by the general assembly and all measures approved by the people since the last publication of the session laws. Any edition of the session laws published pursuant to this section is a part of the official laws and resolutions of the general assembly at which the laws and resolutions were passed.

Section 2.040, Revised Statutes of Missouri, 2008. — Duties of Legislative Research in printing and binding. — The joint committee on legislative research shall provide copies of all laws, measures and resolutions duly enacted by the general assembly and all amendments to the constitution and all measures approved by the people since the last publication of the session laws pursuant to section 2.030, giving the date of the approval or adoption thereof. The joint committee on legislative research shall headnote, collate, index the laws, resolutions and constitutional amendments, and compare the proof sheets of the printed copies with the original rolls. The revisor of statutes shall insert therein an attestation under the revisor's hand that the revisor has compared the laws, resolutions, constitutional amendments and measures therein contained with the original rolls and copies in the office of the secretary of state and that the same are true copies of such laws, measures, resolutions and constitutional amendments as the same appear in the original rolls in the office of the secretary of state. The joint committee on legislative research shall cause the completed laws, resolutions and constitutional amendments to be printed and bound.

ATTESTATION

STATE OF MISSOURI)
) ss.
City of Jefferson)

I, Patricia L. Buxton, Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the Ninety-fifth General Assembly of the State of Missouri, convened in first regular session, as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. Headnotes are used for the convenience of the reader and are not part of the laws they precede.

IN TESTIMONY WHEREOF, I have hereunto set my hand at my office in the City of Jefferson this sixteenth day of July A.D. two thousand nine.

PATRICIA L. BUXTON
REVISOR OF STATUTES

EFFECTIVE DATE OF LAWS

Section 29, Article III of the Constitution provides:

"No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess."

The Ninety-fifth General Assembly, First Regular Session, convened Wednesday, January 7, 2009, and adjourned May 30, 2009. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2009.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

"All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments..... If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately."

The Ninety-fifth General Assembly, First Regular Session, passed two Joint Resolutions. Resolutions are to be published as provided in Section 116.340, RSMo 2000, which reads:

"**116.340. Publication of approved measures.** — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330."

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2009 Supplement to the Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

The Joint Committee on Legislative Research
is pleased to state that the *2009 Session Laws*
is produced with soy-based ink.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. The term "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

2. This DNA profiling system shall consist of qualified Missouri forensic laboratories approved by the Federal Bureau of Investigation.

3. The Missouri state highway patrol crime laboratory shall be the administrator of the state's DNA index system.

4. The DNA profiling system as established in this section shall be compatible with that used by the Federal Bureau of Investigation to ensure that DNA records are fully exchangeable between DNA laboratories and that quality assurance standards issued by the director of the Federal Bureau of Investigation are applied and performed.

5. DNA samples obtained under sections 650.050 to 650.100 shall only be analyzed consistent with sections 650.050 to 650.100 and applicable federal laws and regulations.

(2) If personally identifiable information is removed, support development of forensic validation studies, forensic protocols, and the establishment and maintenance of a population statistics database for federal, state, or local crime laboratories of law enforcement agencies; and

(3) Assist in the recovery or identification of human remains from mass disasters, or for other humanitarian purposes, including identification of missing persons.

2. The Missouri state highway patrol shall act as the central repository for the DNA profiling system and shall collaborate with the Federal Bureau of Investigation and other criminal justice agencies relating to the state's participation in CODIS and the National DNA Index System or in any DNA database.

3. The Missouri state highway patrol may promulgate rules and regulations to implement the provisions of sections 650.050 to 650.100 in accordance with Federal Bureau of Investigation recommendations for the form and manner of collection of blood or other scientifically accepted biological samples and other procedures for the operation of sections 650.050 to 650.100. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

4. The Missouri state highway patrol shall provide the necessary components for collection of the **[**convicted**]** offender's biological samples. For qualified offenders as defined by section 650.055 who are under custody and control of the department of corrections, the DNA sample collection shall be performed by the department of corrections and the division of probation and parole, or their authorized designee or contracted third party. For qualified offenders as defined by section 650.055 who are under custody and control of a county jail, the DNA sample collections shall be performed by the county jail or its authorized designee or contracted third party. 5. The state's participating forensic DNA laboratories shall meet quality assurance standards specified by the Missouri state highway patrol crime laboratory and the Federal Bureau of Investigation to ensure quality DNA identification records submitted to the central repository.

6. The state's participating forensic DNA laboratories may provide the system for identification purposes to criminal justice, law enforcement officials and prosecutors in the preparation and utilization of DNA evidence for presentation in court and provide expert testimony in court on DNA evidentiary issues.

7. The department of public safety shall have the authority to promulgate rules and regulations to carry out the provisions of sections 650.050 to 650.100. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

Every individual, in a Missouri circuit court, who pleads guilty to**,** or is found guilty of a felony or any offense under chapter 566, RSMo, **or who is seventeen years of age or older and who is arrested for burglary in the first degree under section 569.160, RSMo, or burglary in the second degree under section 569.170, RSMo, or a felony offense under chapters 565, 566, 567, 568, or 573, RSMo,** or has been determined beyond a reasonable doubt to be a sexually violent predator pursuant to sections 632.480 to 632.513, RSMo, shall have a blood or scientifically accepted biological sample collected for purposes of DNA profiling analysis:

(1) **Upon booking at a county jail or detention facility; or**

(2) Upon entering or before release from the department of corrections reception and diagnostic centers; or

[(2)**] (3)** Upon entering or before release from a county jail or detention facility, state correctional facility, or any other detention facility or institution, whether operated by private, local, or state agency, or any mental health facility if committed as a sexually violent predator pursuant to sections 632.480 to 632.513, RSMo; or

[(3)**] (4)** When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was convicted of, pleaded guilty to, or pleaded nolo contendere to an offense in any other jurisdiction which would be considered a qualifying offense as defined in this section if committed in this state, or if the person was convicted of, pleaded guilty to, or pleaded nolo contendere to any equivalent offense in any other jurisdiction; or

[(4)**] (5)** If such individual is under the jurisdiction of the department of corrections. Such jurisdiction includes persons currently incarcerated, persons on probation, as defined in section 217.650, RSMo, and on parole, as also defined in section 217.650, RSMo.

2. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this

section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over those who have been **arrested for,** convicted of, pleaded guilty to, or pleaded nolo contendere to felony offenses which shall not be set aside or reversed is hereby made mandatory. The board of probation or parole shall recommend that an individual who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

3. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA databank system.

4. Unauthorized uses or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

5. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

6. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610, RSMo. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, RSMo, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27, RSMo;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, RSMo, and their employees who need to obtain such records to perform their public duties; **[**or**]**

(4) **The individual whose DNA sample has been collected, or his or her attorney; or**

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

7. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

8. **Within ninety days of warrant refusal, the arresting agency shall notify the Missouri state highway patrol crime laboratory which shall expunge all DNA records taken at the arrest for which the warrant was refused in the database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample.** An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal. A certified copy of the court order establishing that such conviction has been reversed or guilty plea or plea of nolo contendere has been set aside shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction prior to expungement.

(1) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section, section 488.5050, RSMo, and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, or the guilty plea or plea of nolo contendere on which the authority for including that person's DNA record or DNA profile was based has been set aside.

(2) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction or setting aside the plea and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(3) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(4) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

9. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection that the charges have been withdrawn, the case has been dismissed, there is a finding that the necessary probable cause does not exist, or the defendant is found not guilty, such crime laboratory shall expunge the DNA sample and DNA profile of the arrestee within thirty days. Prior to such expungement, the state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained prior to expungement under this subsection.

The foster care pupil shall have the right to remain enrolled in and attend his or her school of origin pending resolution of school placement disputes.

2. Each school district shall accept for credit full or partial course work satisfactorily completed by a pupil while attending a public school, nonpublic school, or nonsectarian school in accordance with district policies or regulations.

4. School districts shall ensure that if a pupil in foster care is absent from school due to a decision to change the placement of a pupil made by a court or child placing agency, or due to a verified court appearance or related court-ordered activity, the grades and credits of the pupil shall be calculated as of the date the pupil left school, and no lowering of his or her grades shall occur as a result of the absence of the pupil under these circumstances.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

210.305. GRANDPARENT PLACEMENT PREFERRED IN EMERGENCY PLACEMENTS — DEFINITIONS — DILIGENT EFFORTS REQUIRED, WHEN. — 1. When an initial emergency placement of a child is deemed necessary, the children's division shall immediately begin diligent efforts to locate, contact, and place the child with a grandparent or grandparents of the child, except when the children's division determines that placement with a grandparent or grandparents is not in the best interest of the child and subject to the provisions of section 210.482 regarding background checks for emergency placements. If emergency placement of a child with a grandparent is deemed not to be in the best interest of the child, the children's division shall document in writing the reason the grandparent has been denied emergency placement and shall have just cause to deny the emergency placement. Prior to placement of the child in any emergency placement, the division shall assure that the child's physical needs are met.

2. For purposes of this section, the following terms shall mean:

(1) "Diligent efforts", a good faith attempt documented in writing by the children's division, which exercises reasonable efforts and care to utilize all available services and resources related to meeting the ongoing health and safety needs of the child, to locate a grandparent or grandparents of the child after all of the child's physical needs have been attended to by the children's division;

(2) "Emergency placement", those limited instances when the children's division is placing for an initial placement a child in the home of private individuals, including neighbors, friends, or relatives, as a result of a sudden unavailability of the child's primary caretaker.

3. Diligent efforts shall be made to contact the grandparent or grandparents of the child within three hours from the time the emergency placement is deemed necessary for the child. During such three-hour time period, the child may be placed in an emergency placement. If a grandparent or grandparents of the child cannot be located within the three-hour period, the child may be temporarily placed in emergency placement; except that, after the emergency placement is deemed necessary, the children's division shall continue to make diligent efforts to contact, locate, and place the child with a grandparent or grandparents, or another relative, with first consideration given to a grandparent for placement.

4. Nothing in this section shall be construed or interpreted to interfere with or supercede laws related to parental rights or judicial authority.

210.565. RELATIVES OF CHILD SHALL BE GIVEN FOSTER HOME PLACEMENT, WHEN — RELATIVE, DEFINED — DEATH OR DISSOLUTION NOT TO AFFECT GRANDPARENTS' STATUS — SPECIFIC FINDINGS REQUIRED, WHEN — AGE OF RELATIVE NOT A FACTOR, WHEN — FEDERAL REQUIREMENTS TO BE FOLLOWED FOR PLACEMENT OF NATIVE AMERICAN CHILDREN — WAIVER OF CERTAIN STANDARDS, WHEN — GAL TO ASCERTAIN CHILD'S WISHES, WHEN. — 1. Whenever a child is placed in a foster home and the court has determined pursuant to subsection 3 of this section that foster home placement with relatives is not contrary to the best interest of the child, the children's division shall give foster home placement to relatives of the child. Notwithstanding any rule of the division to the contrary, **the children's division shall make diligent efforts to locate the grandparents of the child and determine whether they wish to be considered for placement of the child.** Grandparents who request consideration shall be given preference and first consideration for foster home placement **of the child. If more than one grandparent requests consideration, the family support team shall make recommendations to the juvenile or family court about which grandparent should be considered for placement**.

2. As used in this section, the term "relative" means a **grandparent or any other** person related to another by blood or affinity within the third degree. The status of a grandparent shall not be affected by the death or the dissolution of the marriage of a son or daughter.

3. The **preference for placement and first consideration for grandparents or** preference for placement with **other** relatives created by this section shall only apply where the court finds that placement with such **grandparents or other** relatives is not contrary to the best interest of the child considering all circumstances. If the court finds that it is contrary to the best interest of a child to be placed with **grandparents or other** relatives, the court shall make specific findings on the record detailing the reasons why the best interests of the child necessitate placement of the child with persons other than **grandparents or other** relatives.

4. The age of the child's **grandparent or other** relative shall not be the only factor that the children's division takes into consideration when it makes placement decisions and recommendations to the court about placing the child with such **grandparent or other** relative.

5. For any Native American child placed in protective custody, the children's division shall comply with the placement requirements set forth in 25 U.S.C. Section 1915.

6. A grandparent or other relative may, on a case-by-case basis, have standards for licensure not related to safety waived for specific children in care that would otherwise impede licensing of the grandparent's or relative's home.

7. The guardian ad litem shall ascertain the child's wishes and feelings about his or her placement by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered as a factor in placement decisions and recommendations, but shall not supersede the preference for relative placement created by this section or be contrary to the child's best interests.

210.1050. FULL SCHOOL DAY DEFINED — FOSTER CHILD ENTITLED TO FULL SCHOOL DAY OF EDUCATION — COMMISSIONER OF EDUCATION TO BE OMBUDSMAN. — 1. For purposes of this section, for pupils in foster care or children placed for treatment in a licensed residential care facility by the department of social services, "full school day" shall mean six hours in which the child is under the guidance and direction of teachers in the educational process.

2. Each pupil in foster care or child placed for treatment in a licensed residential care facility by the department of social services shall be entitled to a full school day of education unless the school district determines that fewer hours are warranted.

3. The commissioner of education, or his or her designee, shall be an ombudsman to assist the family support team and the school district as they work together to meet the needs of children placed for treatment in a licensed residential care facility by the department of social services. The ombudsman shall have the final decision over discrepancies regarding school day length. A full school day of education shall be provided pending the ombudsman's final decision.

4. Nothing in this section shall be construed to infringe upon the rights or due process provisions of the federal Individuals with Disabilities Education Act. The provisions of the Individuals with Disabilities Education Act shall apply and control in decisions regarding school day. Nothing in this section shall be construed to deny any child domiciled in Missouri appropriate and necessary free public education services.

453.030. APPROVAL OF COURT REQUIRED — HOW OBTAINED, CONSENT OF CHILD AND PARENT REQUIRED, WHEN — VALIDITY OF CONSENT — WITHDRAWAL OF CONSENT — FORMS, DEVELOPED BY DEPARTMENT, CONTENTS — COURT APPOINTMENT OF ATTORNEY, WHEN. — 1. In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same. **In a case involving a child under fourteen years of age, the guardian ad litem shall ascertain the child's wishes and feelings about his or her adoption by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered by the court as a factor in determining if the adoption is in the child's best interests.**

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; and

(2) Only the man who:

(a) Is presumed to be the father pursuant to the subdivision (1), (2), or (3) of subsection 1 of section 210.822, RSMo; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child and has served a copy of the petition on the mother in accordance with section 506.100, RSMo; or

(c) Filed with the putative father registry pursuant to section 192.016, RSMo, a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after the commencement of the adoption proceedings, and shall be acknowledged before a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth parent shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

6. The written consents shall be reviewed and, if found to be in compliance with this section, approved by the court within three business days of such consents being presented to the court. Upon review, in lieu of approving the consent within three business days, the court may set a date for a prompt evidentiary hearing upon notice to the parties. Failure to review and approve the written consent within three business days shall not void the consent, but a party may seek a writ of mandamus from the appropriate court, unless an evidentiary hearing has been set by the court pursuant to this subsection.

7. The written consent required in subsection 3 of this section may be withdrawn anytime until it has been reviewed and accepted by a judge.

8. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 9 of this section, such written consent shall be deemed valid.

9. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

10. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

11. Where the person sought to be adopted is eighteen years of age or older, his written consent alone to his adoption shall be sufficient.

12. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

13. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 12 of this section to be paid by the prospective adoptive parents or the child-placing agency.

475.046. STANDBY GUARDIAN PERMITTED, WHEN — APPOINTMENT PROCEDURE — AUTHORITY EFFECTIVE, WHEN. — 1. A custodial parent may designate a person to act as

standby guardian of a minor or incapacitated person by a will that complies with the requirements of section 474.320, RSMo, or by a separate written instrument which is dated and is either duly executed and acknowledged by the custodial parent or is signed by the custodial parent in the presence of at least two disinterested witnesses and subscribed by the witnesses. If the custodial parent executes more than one document designating a standby guardian and there is a conflict between the documents as to the person designated, the document bearing the latest date shall control.

2. If a custodial parent who has designated a standby guardian is or becomes seriously ill, the custodial parent or the person designated as standby guardian may file a petition in the probate division of the circuit court of the county which would be of proper venue for the appointment of a guardian of the minor or incapacitated person seeking appointment of the designated person as standby guardian. A copy of the will or separate written instrument designating the standby guardian and a consent to act as standby guardian signed by the person designated shall be filed with the petition, which petition shall state:

(1) The name, age, domicile, actual place of residence, and mailing address of the minor or incapacitated person;

(2) The name and address of the custodial parent and of the designated standby guardian;

(3) The name and address of each parent of the minor or incapacitated person and whether that parent is living or dead;

(5) If the person for whom appointment of a standby guardian is sought has been adjudicated incapacitated, the date of adjudication and the name and address of the court which entered the judgment; and

(6) The reasons why the appointment of a standby guardian is sought.

Proceedings on the petition shall be conducted in the same manner as would be applicable in a case for appointment of a successor guardian under section 475.115.

3. The court shall determine appointment of a standby guardian in accordance with the best interests of the minor or incapacitated person after considering all relevant factors, including:

(1) Whether there is a parent other than the custodial parent and, if so, whether the other parent is willing, able, and fit to assume the duties of a parent;

(2) The suitability of a person nominated by the minor or incapacitated person if he or she is, at the time of hearing, able to communicate a reasonable choice; and

(3) The desirability of providing arrangements for the care, custody, and control of the minor or incapacitated person which shall minimize stress and disruption and avoid his or her placement in foster or similar care pending appointment of a guardian if the custodial parent is adjudicated incapacitated or dies.

4. If it appears to the court that a standby guardian should be appointed for a minor or incapacitated person, the court may appoint a standby guardian.

5. The authority of a person to act as standby guardian for a minor or incapacitated person shall only take effect as follows:

(1) If the person has previously been appointed by the court as standby guardian, upon the granting of letters of standby guardianship to the person previously appointed as provided in the order appointing the standby guardian; or

(a) The consent of the custodial parent in a writing duly executed and acknowledged by the custodial parent;

(b) Entry of an order adjudicating the custodial parent to be incapacitated; or

(c) The death of the custodial parent.

The person shall, within ten days after he or she begins to act as standby guardian, notify the court in writing of that fact and of the reasons therefor. The court may grant letters of standby guardianship to the person or, if the court deems it advisable, conduct a hearing to determine the propriety of the person having begun, and continuing, to act as standby guardian and the propriety of issuing letters of standby guardianship to the person.

6. A person acting as standby guardian of a minor or incapacitated person shall, within sixty days after he or she begins to act, petition the court for appointment of the standby guardian or some other qualified person as guardian of the minor or incapacitated person. Proceedings on the petition shall be conducted in the same manner as would be applicable in a case for appointment of a successor guardian under section 475.115.

7. Nothing in this section shall be construed to:

(1) Deprive a parent of his or her legal rights with respect to a minor or incapacitated person who is a child of that parent, including court ordered visitation with the child, nor to authorize a grant of authority to a standby guardian which would supersede any such rights; or

(2) Relieve a parent of his or her legal obligations or duties to a minor or incapacitated person who is a child of that parent, including a duty to support the child in accordance with a court or administrative order.

8. Except to the extent determined by the court to be inconsistent with the provisions of this section or as expressly provided in this section, the laws applicable to guardianship proceedings shall apply to all proceedings under this section.

475.105. LETTERS OF GUARDIANSHIP OR CONSERVATORSHIP — FORM. — 1. Such letters shall specify whether they are of guardianship **[**or**]** **,** limited guardianship**, or standby guardianship** of the person, or conservatorship or limited conservatorship of the estate, or both, and the original or duly certified copies thereof shall be prima facie evidence of the facts therein stated.

(5) "Qualified active low-income community business", the meaning given such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of real estate shall not be considered to be a qualified active low-income community business;

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S-corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent

taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than **[**fifteen**]** **twenty-five** million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled proportional basis, and to administer the allocation of tax credits issued for qualified equity investments, which shall be conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253, RSMo, of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010

to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the **[**transportation development district**]** **director of revenue** shall perform all functions incident to the administration, collection, enforcement, and operation of the tax**, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section**. The tax imposed pursuant to this section **and the taxes imposed pursuant to all other laws of the state of Missouri** shall be collected **together** and reported upon such forms and **[**under**]** **pursuant to** such administrative rules and regulations as may be prescribed by the **[**transportation development district**]** **director of revenue**.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes **[**collected**]** **received** by the transportation development district shall be deposited by the **[**transportation development district**]** **director of revenue** in a special fund to be expended for the purposes authorized in this section. The **[**transportation development district**]** **director of revenue** shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

253.559. PROCEDURE TO CLAIM TAX CREDIT — ELIGIBILITY, HOW DETERMINED — CERTIFICATE REQUIRED. — 1. **[**To claim the credit authorized pursuant to sections 253.550 to 253.561 of senate bill no. 1 of the second extraordinary session of the eighty-ninth general assembly and section 253.557 of this act, the**] To obtain approval for tax credits allowed under sections 253.545 to 253.559, a** taxpayer shall **[**apply**] submit a application for tax credits** to the department of economic development **[**which, in consultation with the department of natural resources, shall**]. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of section 253.559, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.**

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval.

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

5. In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. Commencement of rehabilitation shall mean that as of the date in which actual physical

work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development which, in consultation with the department of natural resources, shall determine the **final** amount of eligible rehabilitation costs and expenses and whether the **completed** rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be "economic development credits" for purposes of section 148.064, RSMo. The **approval of all applications and the** issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. **The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates.** The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

[2.**] 8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.**

9. The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

338.337. OUT-OF-STATE DISTRIBUTORS, LICENSES REQUIRED, EXCEPTION. — It shall be unlawful for any out-of-state wholesale drug distributor or out-of-state pharmacy acting as a distributor to do business in this state without first obtaining a license to do so from the board of pharmacy and paying the required fee. Application for an out-of-state wholesale drug distributor's license under this section shall be made on a form furnished by the board. The issuance of a license under sections 338.330 to 338.370 shall not change or affect tax liability imposed by the Missouri department of revenue on any out-of-state wholesale drug distributor or out-of-state pharmacy. Any out-of-state wholesale drug distributor that is a drug manufacturer and which produces and distributes from a facility which has been inspected and approved by the Food and Drug Administration **[**within the last two years**] , maintains current approval by the federal Food and Drug Administration, and has provided a copy of the most recent Food and Drug Administration Establishment Inspection Report to the board** and which is licensed by the state in which the distribution facility is located**, or, if located within a foreign jurisdiction, is authorized and in good standing to operate as a drug manufacturer within**

such jurisdiction, need not be licensed as provided in this section but such out-of-state distributor shall register its business name and address with the board of pharmacy and pay a filing fee of ten dollars.

447.708. TAX CREDITS, CRITERIA, CONDITIONS — DEFINITIONS. — 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150, RSMo, and sections 135.200 to 135.257, RSMo. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220, RSMo, and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225, RSMo, are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, RSMo, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225, RSMo;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245, RSMo, for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471, RSMo, who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in

connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (9) of section 135.100, RSMo;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100, RSMo, which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred

percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575, RSMo. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a "Letter of Completion" letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. **In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.**

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions

and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to 6 of section 135.250, RSMo. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, RSMo, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, RSMo, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225, RSMo, and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100, RSMo. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100, RSMo.

7. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, RSMo, the job retention program under sections 178.760 to 178.764, RSMo, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, RSMo, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980, RSMo. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, RSMo, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this subdivision. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, RSMo, for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for

a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, RSMo, if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision**[**. The calendar year annual maximum amount of tax credits that may be issued to any qualified company for a project or combination of projects is five hundred thousand dollars**]**;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, RSMo, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. **For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties.** The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision**[**. The calendar year annual maximum amount of tax credits that may be issued to any qualified company for a project or combination of projects is seven hundred fifty thousand dollars. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a project or combination of projects may be increased up to one million dollars if the number of new jobs will exceed five hundred and if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this

determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the project**]**;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high impact benefits and the minimum number of new jobs in an annual report is below the minimum for high impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed **[**sixty**]** **eighty** million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535, RSMo, are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, RSMo, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211, RSMo.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

SECTION 1. BIG GOVERNMENT GET OFF MY BACK ACT — NO USER FEES TO BE INCREASED FOR FOUR-YEAR PERIOD. — 1. This section shall be known and may be cited as the "Big Government Get Off My Back Act".

2. No user fees imposed by the state of Missouri shall increase for the four-year period beginning on the effective date of this section, unless such fee increase is to implement a federal program administered by the state or is a result of an act of the general assembly. For purposes of this section, "user fee" does not include, employer taxes or contributions, assessments to offset the cost of examining insurance or financial institutions, any health-related taxes approved by Center for Medicare and Medicaid Services, or any professional or occupational licensing fees set by a board of members of that profession or occupation and required by statute to be set at a level not to exceed the cost of administration.

3. For the four-year period beginning on the effective date of this section, any state agency proposing a rule as that term is defined in subdivision (6) of section 536.010, RSMo, other than any rule promulgated as a result of a federal mandate, or to implement a federal program administered by the state or an act of the general assembly, shall either:

(1) Certify that the rule does not have an adverse impact on small businesses consisting of fewer than twenty-five full or part-time employees; or

(2) Certify that the rule is necessary to protect the life, health or safety of the public; or

(3) Exempt any small business consisting of fewer than twenty-five full or part-time employees from coverage.

4. The provisions of this section shall not be construed to prevent or otherwise restrict an agency from promulgating emergency rules pursuant to section 536.025, RSMo, or from rescinding any existing rule pursuant to section 536.021, RSMo.

SECTION B. EMERGENCY CLAUSE. — Because of the need to spark economic growth to end the state's recession, the repeal and reenactment of sections 100.286, 100.760, 100.770, 100.850, 135.680, 253.545, 253.550, 253.559, 620.1878, and 620.1881 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 100.286, 100.760, 100.770, 100.850, 135.680, 253.545, 253.550, 253.559, 620.1878, and 620.1881 of this act shall be in full force and effect upon its passage and approval.

320.350. TITLE OF LAW — DEFINITIONS. — 1. Sections 320.350 to 320.374 shall be known and may be cited as the "Fire Safety Standard and Firefighter Protection Act".

2. As used in sections 320.350 to 320.374, the following terms shall mean:

(2) "Department", the department of revenue;

(3) "Manufacturer", any person engaged in the manufacture or production of cigarettes;

(4) "Quality control and quality assurance program", the laboratory procedures implemented to ensure that operator bias, systematic and nonsystematic methodological errors, and equipment-related problems do not affect the results of the testing. Such a program shall ensure that the testing repeatability remains within the required repeatability values stated in subdivision (6) of subsection 1 of section 320.353 for all test trials used to certify cigarettes in accordance with sections 320.350 to 320.374;

(5) "Repeatability", the range of values within which the repeat results of cigarette test trials from a single laboratory will fall ninety-five percent of the time;

(6) "Retailer", any person who sells to a consumer or to any person for any purpose other than resale;

This shall include any manufacturer, jobber, broker, agent, or other person, whether or not enumerated in this chapter, who so sells or so distributes cigarettes or tobacco products.

320.353. CIGARETTES, TESTING REQUIREMENTS, STANDARDS — MANUFACTURERS TO MAINTAIN COPIES OF TESTING REPORTS — STATE FIRE MARSHAL MAY ADOPT SUBSEQUENT

STANDARDS, REPORT REQUIRED. — 1. Except as provided in subsection 7 of this section, no cigarettes shall be sold or offered for sale in this state or offered for sale or sold to persons located in this state unless the cigarettes have been tested in accordance with the test method and meet the performance standard specified in this section, a written certification has been filed by the manufacturer with the state fire marshal in accordance with section 320.356, and the cigarettes have been marked in accordance with section 320.359. The following shall apply to such testing:

(1) Testing of cigarettes shall be conducted in accordance with the American Society of Testing and Materials (ASTM) standard E2187-04, "Standard Test Method for Measuring the Ignition Strength of Cigarettes";

(2) Testing shall be conducted on ten layers of filter paper;

(3) No more than twenty-five percent of the cigarettes tested in a test trial in accordance with this section shall exhibit full-length burns. Forty replicate tests shall comprise a complete test trial for each cigarette tested;

(4) The performance standard required by this section shall only be applied to a complete test trial;

(5) Written certifications shall be based upon testing conducted by a laboratory that has been accredited under standard ISO/IEC 17025 of the International Organization for Standardization (ISO), or other comparable accreditation standard required by the state fire marshal;

(6) Laboratories conducting testing in accordance with this section shall implement a quality control and quality assurance program that includes a procedure that will determine the repeatability of the testing results. The repeatability value shall be no greater than nineteen one-hundredths;

(7) Nothing in this section shall be construed as requiring additional testing if cigarettes are tested consistent with sections 320.350 to 320.374 for any other purpose;

(8) Testing performed or sponsored by the state fire marshal to determine a cigarette's compliance with the performance standard required shall be conducted in accordance with this section.

2. Each cigarette listed in a certification submitted under section 320.356 that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard set forth in this section shall have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band shall be located at least fifteen millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there shall be at least two bands fully located at least fifteen millimeters from the lighting end and ten millimeters from the filter end of the tobacco column, or ten millimeters from the labeled end of the tobacco column for nonfiltered cigarettes.

3. A manufacturer of a cigarette that the state fire marshal determines cannot be tested in accordance with the test method described in subdivision (1) of subsection 1 of this section shall propose a test method and performance standard for the cigarette to the state fire marshal. Upon approval of the proposed test method and a determination by the state fire marshal that the performance standard proposed by the manufacturer is equivalent to the performance standard prescribed in subdivision (3) of subsection 1 of this section, the manufacturer may employ such test method and performance standard to certify such cigarette under section 320.356. If the state fire marshal determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in sections 320.350 to 320.374, and the state fire marshal finds that the officials responsible for implementing such requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation under a legal provision

comparable to this section, the state fire marshal shall authorize such manufacturer to employ the alternative test method and performance standard to certify that cigarette for sale in this state, unless the state fire marshal demonstrates a reasonable basis why the alternative test should not be accepted under sections 320.350 to 320.374. All other applicable requirements of this section shall apply to the manufacturer.

4. Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three years, and shall make copies of such reports available to the state fire marshal and the state attorney general upon written request. Any manufacturer who fails to make copies of such reports available within sixty days of receiving a written request shall be subject to a civil penalty not to exceed ten thousand dollars for each day after the sixtieth day that the manufacturer does not make such copies available.

5. The state fire marshal may adopt a subsequent ASTM Standard Test Method for Measuring the Ignition Strength of Cigarettes upon a finding that such subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM Standard E2187-04 and the performance standard in subdivision (3) of subsection 1 of this section.

6. The state fire marshal shall review the effectiveness of this section and report every three years to the general assembly the state fire marshal's findings and, if appropriate, recommendations for legislation to improve the effectiveness of sections 320.350 to 320.374. The report and legislative recommendations shall be submitted by June thirtieth following the conclusion of each three-year period.

7. The requirements of this section shall not prohibit:

(1) Wholesalers or retailers from selling their existing inventory of cigarettes on or after the effective date of sections 320.350 to 320.374 if the wholesaler or retailer can establish that state tax stamps were affixed to the cigarettes prior to such effective date and the wholesaler or retailer can establish that the inventory was purchased prior to such effective date; or

(2) The sale of cigarettes solely for the purpose of consumer testing. For purposes of this subdivision, "consumer testing" means an assessment of cigarettes that is conducted by a manufacturer, or under the control and direction of a manufacturer, for the purpose of evaluating consumer acceptance of such cigarettes, utilizing only the quantity of cigarettes that is reasonably necessary for such assessment.

8. The cigarette testing, performance standard, and packaging provisions in sections 320.350 to 320.374 shall be implemented in a manner to obtain uniformity with the laws of those states that have enacted reduced cigarette ignition propensity standards as of January 1, 2011.

320.356. TESTING VERIFICATION REPORTS, CONTENT — STATE FIRE MARSHAL CERTIFICATION — FEE — RETESTING REQUIRED, WHEN. — 1. Each manufacturer shall submit to the state fire marshal a written certification attesting that each cigarette listed in the certification has been tested in accordance with and meets the performance standard set forth in section 320.353.

2. Each cigarette listed in the certification shall be described with the following information:

(1) Brand or trade name on the package;

(2) Style, such as light or ultra light;

(3) Length in millimeters;

(4) Circumference in millimeters;

(5) Flavor, such as menthol or chocolate, if applicable;

(6) Filter or nonfilter;

(7) Package description, such as soft pack or box;

(8) Marking under section 320.359;

(9) The name, address, and telephone number of the laboratory, if different than the manufacturer that conducted the test; and

(10) The date that the testing occurred.

3. The state fire marshal shall make the certifications available to the state attorney general and the department for purposes consistent with sections 320.350 to 320.374. Not later than January 31, 2011, the department shall develop, maintain, and update in a timely manner a directory listing all cigarette manufacturers and brand styles for which a certificate required under section 320.356 has been filed with the state fire marshal. The directory shall be for informational purposes only and shall be continuously and conspicuously posted on the department's web site for public inspection. Wholesalers and retailers may lawfully purchase and sell any and all brand styles listed on the directory, including inventory of said brand styles. Notwithstanding the other provisions of this subsection, unless enjoined by a court of competent jurisdiction under subsection 6 of section 320.362 or subject to sequestration under subsection 5 of section 320.362, any and all brand styles that satisfy the requirements of section 320.353 may be lawfully sold in the state.

4. Each cigarette certified under this section shall be recertified every three years.

5. For each brand family of cigarettes listed for certification, a manufacturer shall pay a fee of one thousand dollars to the state fire marshal. The fee paid shall apply to all cigarettes within the brand family certified and shall include any new cigarette certified within the brand family during the three year certification period.

6. If a manufacturer has certified a cigarette under this section and thereafter makes any change to such cigarette that is likely to alter its compliance with the reduced cigarette ignition propensity standards required by sections 320.350 to 320.374, such cigarette shall not be sold or offered for sale in this state until the manufacturer retests the cigarette in accordance with the testing standards and maintains records of such retesting as required by section 320.353. Any altered cigarette which does not meet the performance standard set forth in section 320.353 shall not be sold in this state.

320.359. COMPLIANCE MARKING REQUIRED, METHOD OF MARKING PERMITTED — COPY OF CERTIFICATION TO BE PROVIDED TO WHOLESALERS, WHEN. — 1. Cigarettes that are certified by a manufacturer in accordance with section 320.356 shall be marked to indicate compliance with the requirements of section 320.353. The marking shall be in eight-point type or larger and consist of the letters FSC, which signifies fire standard compliant, permanently printed, stamped, engraved, or embossed on the package at or near the UPC Code.

2. A manufacturer shall use only one marking and shall apply such marking uniformly for all packages, including but not limited to packs, cartons, and cases, and brands marketed by such manufacturer.

3. Manufacturers certifying cigarettes in accordance with section 320.356 shall provide a copy of the certifications to all wholesalers to which they sell cigarettes. Wholesalers and retailers shall permit the department and the state attorney general, and their employees, to inspect markings of cigarette packaging marked in accordance with this section.

320.362. VIOLATIONS, PENALTIES. — 1. A manufacturer, wholesaler, or other person or entity who knowingly sells or offers for sale cigarettes, other than through retail sale, in violation of section 320.353 shall be subject to a civil penalty not to exceed one hundred dollars for each pack of such cigarettes sold or offered for sale; provided that, in no case

shall the penalty against any such person or entity exceed one hundred thousand dollars during any thirty-day period.

2. No alteration, amendment, or repeal of sections 104.320 to 104.540 shall affect the then existing rights of members and beneficiaries, but shall be effective only as to rights which would otherwise accrue hereunder as a result of services rendered by an employee after such alteration, amendment, or repeal.

2. Any annuity, benefits, funds, property, or rights created by, or accruing or paid to, any person under the provisions of sections 104.320 to 104.540 shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, except with regard to the collection of child support or maintenance, and except that a beneficiary may assign life insurance proceeds. The benefits provided to each member and each member's spouse, beneficiary, or former spouse under the year 2000 plan are hereby made obligations of the state of Missouri and are an incident of every member's continued employment with the state. No alteration, amendment, or repeal

of the year 2000 plan shall affect the then existing rights of members, or their spouses, beneficiaries or former spouses, but shall be effective only as to rights which would otherwise accrue hereunder as a result of services rendered by a member after such alteration, amendment, or repeal.

2. Except as otherwise provided in section 104.1051, any annuity, benefit, funds, property, or rights created by, or accruing or paid to, any person covered under the year 2000 plan shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, except with regard to the collection of child support and maintenance, and except that a beneficiary may assign life insurance proceeds. Any retiree may request the executive director, in writing, to withhold and pay on his behalf to the proper person, from each of his monthly annuity payments, if the payment is large enough, the contribution due from the retiree to any group providing state-sponsored life or medical insurance **and to the Missouri state employees charitable campaign**.

The member, survivor, or beneficiary may designate in writing a beneficiary to receive any final payment due after the death of a member, survivor, or beneficiary pursuant to this chapter. If no living person or entity so designated as beneficiary exists at the time of death, such amount shall be paid to the surviving spouse married to the deceased member, survivor, or beneficiary at the time of death. If no surviving spouse exists, such amount shall be paid to the surviving children or their descendants of such member, survivor, or beneficiary in equal parts. If no surviving children or any of their descendants exist, such amount shall be paid to the surviving parents of such member, survivor, or beneficiary in equal parts. If no surviving parents exist, such amount shall be paid to the surviving brothers, sisters, or their descendants of such member, survivor, or beneficiary in equal parts. In the event any amount that is due to a person from either system remains unclaimed by such member for a period of four years or more, such amount shall automatically revert to the credit of the fund of the member's system. If an application is made for such amount after such reversion, the board shall pay such amount to the person from the board's fund, except that no interest shall be paid on such amounts after the date of the reversion to the fund.

5. All annuities payable pursuant to the year 2000 plan shall be determined based upon the law in effect on the last date of termination of employment.

6. b. The minimum level of benefits to be provided by the other group policy shall be the applicable level of benefits of the prior group policy reduced by any benefits payable under that prior policy; and

Unless otherwise stated in the gift instrument, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith with the care that an ordinary prudent person in a like position would exercise under similar circumstances and shall consider, if relevant, the following factors:

A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

2. The court, upon application of an institution, may modify a restriction contained in a gift instrument regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will further the purposes of the fund. The institution shall notify the attorney general of the application, and the attorney general shall be given an opportunity to be heard. To the extent practicable, any modification shall be made in accordance with the donor's probable intention.

3. If a particular charitable purpose or restriction contained in a gift instrument on the use of an institutional fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument. The institution shall notify the attorney general of the application, and the attorney general shall be given an opportunity to be heard.

4. (1) The institutional fund subject to the restriction has a total value of less than fifty thousand dollars;

(2) More than ten years have lapsed since the fund was established; and

(4) The trustee determines that the application of this section to the trust is not inconsistent with a material purpose of the trust;

(5) The trustee determines that the application of this section to a trust that is exempt from the federal generation-skipping transfer tax will not cause the trust to become subject to such tax; and

(6) The trust became irrevocable on or before September 25, 1985.

3. After the trustee determines that this section applies to a trust, this section shall continue to apply to the trust until the first to occur of the following:

(2) The termination of the trust; or

(3) The trustee determines that additional distributions under this section will impair the ability of the trustee to meet its obligation to the permissible distributees.

4. A spendthrift provision in the terms of a trust is not presumed inconsistent with the application of this section to the trust.

5. The trustee shall notify the qualified beneficiaries of the trust that the trustee has determined that this section applies to a trust not less than sixty days before distributing trust income or principal to any qualified remainder beneficiary.

3. With respect to an irrevocable trust with a spendthrift provision, a spendthrift provision will prevent the settlor's creditors from satisfying claims from the trust assets except:

(1) Where the conveyance of assets to the trust was fraudulent as to creditors pursuant to the provisions of chapter 428, RSMo; or

(2) To the extent of the settlor's beneficial interest in the trust assets, if at the time the trust became irrevocable:

(a) The settlor was the sole beneficiary of either the income or principal of the trust or retained the power to amend the trust; or

(b) The settlor was one of a class of beneficiaries and retained a right to receive a specific portion of the income or principal of the trust that was determinable solely from the provisions of the trust instrument.

5. For purposes of this section:

(1) During the period the power may be exercised, the holder of a power of withdrawal is treated in the same manner as the settlor of a revocable trust to the extent of the property subject to the power; and

(2) Upon the lapse, release, or waiver of the power, the holder is treated as the settlor of the trust only to the extent the value of the property affected by the lapse, release, or waiver exceeds the greater of the amount specified in Sections 2041(b)(2), 2514(e) or 2503(b) of the Internal Revenue Code.

6. This section shall not apply to a spendthrift trust described, defined, or established in section 456.014.

469.411. DETERMINATION OF UNITRUST AMOUNT — DEFINITIONS — EXCLUSIONS TO NET FAIR MARKET VALUE OF ASSETS — APPLICABILITY OF SECTION TO CERTAIN TRUSTS. — 1. If the provisions of this section apply to a trust, the unitrust amount shall be determined as follows:

(1) For the first three accounting periods of the trust, the unitrust amount for a current valuation year of the trust shall be a percentage between three and five percent that is specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the net fair market values of the assets held in the trust on the first business day of the current valuation year;

(2) Beginning with the fourth accounting period of the trust, the unitrust amount for a current valuation year of the trust shall be a percentage between three and five percent that is specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the average of the net fair market values of the assets held in the trust on the first business day of the current valuation year and the net fair market values of the assets held in the trust on the first business day of each prior valuation year, regardless of whether this section applied to the ascertainment of net income for all valuation years;

(3) The unitrust amount for the current valuation year computed pursuant to subdivision (1) or (2) of this subsection shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current valuation year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt, other than a receipt that represents a return on investment, of any additional property into the trust within a current valuation year;

(4) For purposes of subdivision (2) of this subsection, the net fair market values of the assets held in the trust on the first business day of a prior valuation year shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior valuation year pursuant to subdivision (3) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior valuation year;

(5) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis;

(6) In the case where the net fair market value of an asset held in the trust has been incorrectly determined either in a current valuation year or in a prior valuation year, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.

2. As used in this section, the following terms mean:

(1) "Current valuation year", the accounting period of the trust for which the unitrust amount is being determined;

(2) "Prior valuation year", each of the two accounting periods of the trust immediately preceding the current valuation year.

3. In determining the sum of the net fair market values of the assets held in the trust for purposes of subdivisions (1) and (2) of subsection 1 of this section, there shall not be included the value of:

(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or

(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.

4. In determining the net fair market value of each asset held in the trust pursuant to subdivisions (1) and (2) of subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.

5. This section shall apply to the following trusts:

(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;

(2) Any trust created under an instrument that became irrevocable on, before, or after August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply unless the instrument creating the trust specifically prohibits an election under this subdivision. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Section 469.402 shall apply for all purposes of this subdivision. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is between three and five percent, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section 469.405;

(3) No action of any kind based on an election made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from the effective date of that election;

(4) If this section is made applicable under this subdivision to an institutional endowment fund, as defined in section **[**402.010**]** **402.130**, RSMo, the restrictions contained in section **[**402.015**]** **402.134**, RSMo, shall not apply to the extent payment of a unitrust amount would otherwise be prohibited.

472.335. POWER OF COURT TO CONFIRM AND VALIDATE ACTS — ACTS INCLUDED. — The power of the court to approve, ratify, confirm and validate acts or transactions entered into by a personal representative of the estate without court authorization includes, without limitation, retention of real or personal property, compromises of claims by and against the estate, **[**investments,**]** purchases, sales, mortgages, exchanges, abandonment, leases of any duration, improvements, contracts to improve, contracts to sell, contracts to purchase, and contracts to exchange and grants of options, easements, profits or other rights with respect to land or other property. It also includes, without limitation, payment of a mortgage indebtedness on the real estate of the decedent out of the personal estate and purchase of real estate at a sale made under a mortgage, deed of trust, vendor's lien or other lien held by the decedent.

473.333. INVESTMENT OF LIQUID ASSETS. — [If it appears that there is a surplus of money in the hands of the personal representative that will not shortly be required for the expenses of administration, or payment of claims, taxes or other required disbursements, the personal representative shall make such investment of the money on or after August 28, 1998, in accordance with the provisions of the Missouri prudent investor act, sections 469.900 to 469.913, RSMo. The personal representative may also, without an order of court, invest in (1) direct obligations of, or obligations unconditionally guaranteed as to principal and interest, by the United States, or (2) accounts of savings and loan associations to the extent the accounts are insured by the Federal Savings and Loan Insurance Corporation, without inquiry as to whether the investment is reasonable and prudent. An order of court authorizing investments pursuant to this section does not relieve a personal representative or his sureties of responsibility and liability if the investment made is not in fact in accordance with the Missouri prudent investor act, sections 469.900 to 469.913, RSMo.**] Except as restricted or otherwise provided by the will of the decedent, on or after August 28, 2009, the personal representative shall, without authorization or approval of the court, invest liquid assets of the estate, including funds received from the sale of other assets, other than funds needed to meet debts and expenses currently payable, in accordance with the provisions of the Missouri prudent investor act, sections 469.900 to 469.913, RSMo, subject to the following exceptions:**

(1) Investment of any part or all of the liquid assets:

(a) In direct obligation of or obligations unconditionally guaranteed as to principal and interest by the United States; or

(b) In interest bearing accounts and time deposits, including time certificates of deposit, in financial institutions to the extent the account or deposits are insured by the Federal Deposit Insurance Corporation, shall constitute prudent investments;

(2) If the personal representative determines it appropriate to delegate investment and management functions to an agent as provided in section 469.909, RSMo, the agent to whom the delegation is made shall acknowledge in a writing delivered to the personal representative that the agent is acting as an investment fiduciary on the account.

475.130. GENERAL DUTIES AND POWERS OF CONSERVATOR OF ESTATE. — 1. **The** conservator of the estate of a minor or disabled person shall, under supervision of the court, protect, preserve and manage the estate, **[**invest it, on or after August 28, 1998, in accordance with the provisions of the Missouri prudent investor act, sections 469.900 to 469.913, RSMo,**]** apply it as provided in this code, account for it faithfully, perform all other duties required of **[**him**] the conservator** by law, and at the termination of the conservatorship deliver the assets of the protectee to the persons entitled thereto. In protecting, preserving and managing the estate, the conservator of the estate is under a duty to use the degree of care, skill and prudence which an ordinarily prudent **[**man**] person** uses in managing the property of, and conducting transactions on behalf of, others. If a conservator of the estate has special skills or is appointed on the basis of representations of special skills or expertise, **[**he**] the conservator** is under a duty to use those skills in the conduct of the protectee's affairs. A conservator of the estate is under

a duty to act in the interest of the protectee and to avoid conflicts of interest which impair **[**his**]** **the conservator's** ability so to act.

2. The conservator of the estate shall take possession of all of the protectee's real and personal property, and of rents, income, issue and profits therefrom, whether accruing before or after **[**his**]** **the conservator's** appointment, and of the proceeds arising from the sale, mortgage, lease or exchange thereof. Subject to such possession, the title to all such estate, and to the increment and proceeds thereof, is in the protectee and not in the conservator. Upon a showing that funds available or payable for the benefit of the protectee by any federal agency are being applied for the benefit of the protectee, or that such federal agency has refused to recognize the authority of the conservator to administer such funds, the court may waive, by order, the duty of the conservator to account therefor.

3. The court has full authority under the rules of civil procedure to enjoin any person from interfering with the right of the conservator to possession of the assets of the protectee, including benefits payable from any source.

4. The conservator of the estate shall prosecute and defend all actions instituted in behalf of or against the protectee; collect all debts due or becoming due to the protectee, and give acquittances and discharges therefor, and adjust, settle and pay all claims due or becoming due from the protectee so far as his **or her** estate and effects will extend, except as provided in sections 507.150 and 507.188, RSMo.

5. A conservator of the estate has power, without authorization or approval of the court, to:

(1) Settle or compromise a claim against the protectee or the estate agreeing to pay or paying not more than one thousand dollars;

(2) Settle, abandon or compromise a claim in favor of the estate which does not exceed one thousand dollars;

(3) Sell, or agree to sell, chattels**[**,**]** **and** choses in action **[**and investment securities**]** reasonably worth not more than one thousand dollars for cash or upon terms involving a reasonable extension of credit;

(4) Exchange, or agree to exchange, chattels**[**,**]** **and** choses in action **[**and investment securities**]** for other such property of equivalent value, not in excess of one thousand dollars;

(5) Insure or contract for insurance of property of the estate against fire, theft and other hazards;

(6) Insure or contract for insurance protecting the protectee against any liability likely to be incurred, including medical and hospital expenses, and protecting the conservator against liability to third parties arising from acts or omissions connected with possession or management of the estate;

(7) Contract for needed repairs and maintenance of property of the estate;

(8) Lease land and buildings for terms not exceeding one year, reserving reasonable rent, and renew any such lease for a like term;

(9) Vote corporate stock in person or by general or limited proxy;

(10) Contract for the provision of board, lodging, education, medical care, or necessaries of the protectee for periods not exceeding one year, and renew any such contract for a like period**;**

(11) On or after August 28, 2009, invest the estate in accordance with the provisions of section 475.190.

6. If, in exercising any power conferred by subsection 5 of this section, a conservator breaches any of the duties enumerated in subsection 1 **of this section**, **[**he**]** **the conservator** may be surcharged for losses to the estate caused by the breach but persons who dealt with the conservator in good faith, without knowledge of or reason to suspect the breach of duty, may enforce and retain the benefits of any transaction with the conservator which **[**he**]** **the conservator** has power under subsection 5 of this section to conduct.

475.190. INVESTMENT OF LIQUID ASSETS OF ESTATE OF PROTECTEE — REPORTS. — 1. **[**The conservator shall invest the money of the protectee, from whatever source derived, unless it is required for other lawful purposes.

2. No investment, other than an investment (a) in the direct obligations of or obligations unconditionally guaranteed as to principal and interest by the United States or (b) in savings accounts and time deposits, including time certificates of deposit, in banking institutions to the extent such accounts or deposits are insured by the Federal Deposit Insurance Corporation or (c) in accounts of savings and loan associations to the extent such accounts are insured by the Federal Savings and Loan Insurance Corporation, shall be made without prior order of the court.

3. The conservator may invest in any other property, real or personal, which the court finds is a reasonable and prudent investment in the circumstances. An order of court authorizing investment under this subsection does not relieve a conservator or his sureties of responsibility and liability if the investment made is not in fact in accordance with the Missouri prudent investor act, sections 469.900 to 469.913, RSMo.

4.**] On or after August 28, 2009, the conservator shall invest liquid assets of the estate of the protectee, other than funds needed to meet debts and expenses currently payable, in accordance with the provisions of the Missouri prudent investor act, sections 469.900 to 469.913, RSMo, subject to the following exceptions:**

(1) Investment of any part or all of the liquid assets:

(a) In direct obligation of or obligations unconditionally guaranteed as to principal and interest by the United States; or

(b) In interest bearing accounts and time deposits, including time certificates of deposit, in financial institutions to the extent the account or deposits are insured by the Federal Deposit Insurance Corporation, shall constitute prudent investments;

(2) If the conservator determines it appropriate to delegate investment and management functions to an agent as provided in section 469.909, RSMo, the agent to whom the delegation is made shall acknowledge in a writing delivered to the conservator that the agent is acting as an investment fiduciary on the account.

2. Every conservator shall make a report at every annual settlement of the disposition made by the conservator of the money belonging to the protectee entrusted to **[**him**] the conservator**. If it appears that the money is invested in securities, then the conservator shall report a detailed description of the securities and shall describe any real estate security and state where it is situated, and its value, which report shall be filed in the court. The court shall carefully examine into the report as soon as made, and, if in the opinion of the court the security is insufficient, the court shall make such orders as are necessary to protect the interest of the protectee. The conservator and **[**his**] the conservator's** sureties are liable on their bond for any omission to comply with the orders of the court. If the money has not been invested as authorized by law the conservator shall state that fact and the reasons, and shall state that the conservator has been unable to make an investment after diligent effort to do so.

[5.**] 3.** If any conservator refuses or neglects to make the report at the time aforesaid, or makes a false report thereof, **[**he and his**] the conservator and the conservator's** sureties are liable on their bond for all loss or damage to the protectee occasioned by reason of **[**his**] the conservator's** neglect or refusal so to report, or by making a false report, and the conservator may, on account thereof, be removed from **[**his**] the conservator's** trust in the discretion of the court.

2. Unless otherwise limited by the applicable instrument, the governing board of the institution or institutional trustee may appropriate for expenditure for the uses and purposes for which an institutional endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of an endowment fund over the historic dollar value of the fund as is prudent under the standard established by section 402.035.

3. This section does not limit the authority of the governing board to accumulate income or to add the same to principal of an institutional endowment fund or to expend funds as permitted under other law or the terms of the applicable gift instrument.

4. Subsection 3 of this section shall not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument which does not clearly evidence an intention that net appreciation not be expended.**]**

(2) Retain property contributed by a donor to an institutional endowment fund for as long as the governing board deems advisable;

(3) Include all or any part of an institutional endowment fund in any pooled or common fund maintained by the institution or institutional trustee; and

[402.030. DELEGATION OF INVESTMENT MANAGEMENT. — Except as otherwise provided by the applicable gift instrument, the governing board may:

(1) Delegate to its committees, officers or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional endowment funds;

In the course of administering the fund pursuant to this standard, individual investments shall be considered as part of an overall investment strategy. In exercising judgment pursuant to this section, the governing board shall consider long and short term needs of the institution or the institution which is the beneficiary in carrying out its educational, religious, charitable, or other eleemosynary purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.**]**

2. If written consent of the donor cannot be obtained by reason of his death, disability, incapacity, unavailability, or impossibility of identification, or if the gift instrument does not give the institutional trustee the right to exercise the power of cy-pres, the governing board may apply in the name of the institution or institutional trustee to the circuit court for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional endowment fund. The attorney general shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may, by order, release the restriction in whole or in part. A release under this subsection may not change an institutional endowment fund to a fund that is not an institutional endowment fund.

3. A release under this section may not allow an institutional endowment fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

4. This section does not limit the application of the doctrine of cy-pres.**]**

2. Notwithstanding any provision of section 456.012, RSMo, or section 456.013, RSMo, sections 402.010 to 402.060 shall supersede and control in any case of conflict between sections 402.010 to 402.060 and section 456.012, RSMo, or section 456.013, RSMo.**]**

[(13)**]** **(14)** "Overburden", all of the earth and other materials which lie above natural deposits of minerals; and also means such earth and other materials disturbed from their natural state in the process of surface mining other than what is defined in subdivision (10) of this section;

[(14)**]** **(15)** "Peak", a projecting point of overburden created in the surface mining process;

[(15)**]** **(16)** "Pit", the place where minerals are being or have been mined by surface mining;

[(16)**]** **(17)** "Public entity", the state or any officer, official, authority, board, or commission of the state and any county, city, or other political subdivision of the state, or any institution supported in whole or in part by public funds;

[(17)**]** **(18)** "Refuse", all waste material directly connected with the cleaning and preparation of substance mined by surface mining;

[(18)**]** **(19)** "Ridge", a lengthened elevation of overburden created in the surface mining process;

[(19)**]** **(20)** "Site" or "mining site", any location or group of associated locations **separated by a natural barrier** where minerals are being surface mined by the same operator;

[(20)**]** **(21)** "Surface mining", the mining of minerals for commercial purposes by removing the overburden lying above natural deposits thereof, and mining directly from the natural deposits thereby exposed, and shall include mining of exposed natural deposits of such minerals over which no overburden lies and, after August 28, 1990, the surface effects of underground mining operations for such minerals. For purposes of the provisions of sections 444.760 to 444.790, surface mining shall not include excavations to move minerals or fill dirt within the confines of the real property where excavation occurs or to remove minerals or fill dirt from the real property in preparation for construction at the site of excavation. No excavation of fill dirt shall be deemed surface mining regardless of the site of disposition or whether construction occurs at the site of excavation.

444.766. EXCEPTIONS TO LAND RECLAMATION ACT PROVISIONS. — 1. No provision of sections 444.760 to 444.790 shall apply to the excavation of minerals or fill dirt for the purposes of construction or land improvement as unrelated to the mining of minerals for a commercial purpose or reclamation of land subsequent to the surface mining of minerals.

2. No permit is required under sections 444.760 to 444.790 for the purpose of moving minerals or fill dirt within the confines of real property where excavation occurs, or for purposes of removing minerals or fill dirt from the real property as provided in this section.

(1) Excavations for construction pursuant to engineering plans and specifications prepared by an architect, professional engineer, or landscape architect licensed pursuant to chapter 327, RSMo, or any excavation for construction performed under a written contract that requires excavation of minerals or fill dirt and establishes dates for completion of work and specifies the terms of payment for work, shall be presumed to be for the purposes of construction and shall not require a permit for surface mining.

(2) Excavations for purposes of land improvement where minerals removed from the site are excess minerals that cannot be used on-site for any practical purpose and at no time are

subjected to crushing, screening, or other means of beneficiation with the exception of removal of **dead trees, decaying vegetation,** tree limbs**,** and stumps shall be presumed to be for the purposes of land improvement and shall not require a permit for surface mining, provided that:

(a) The site has not been designated as a surface mine by the federal Mine Safety and Health Administration;

(b) Minerals from the property are not used for commercial purposes on a frequent or ongoing basis; and

(c) A pit, peak, or ridge does not persist at the site as inconsistent with the purposes of land improvement.

(3) Permits shall not be required for the excavation of fill dirt, regardless of the site of disposition or whether construction occurs at the site of excavation.

3. (1) If the director or his or her designee determines that a surface mining permit is required for real property which is purported to be for purposes of construction or land improvement not requiring a surface mining permit under this section, such determination shall be sent in writing to the owner of the property by certified mail stating the reasons for such determination. Upon request of the person receiving the letter, an informal conference shall be scheduled with the director within fifteen calendar days to discuss the determination. Following the informal conference, the director shall issue a written determination regarding his or her findings of fact no later than thirty calendar days after the date of the conference. If the director agrees that a surface mining permit is required and the person disagrees with that decision, the person may make a written request for a hearing before the commission at its next regular meeting. Such written request shall be filed within thirty calendar days after receipt of the director's written determination, except when the thirtieth day would be later than the date of the next regularly scheduled commission meeting, the written request shall be filed at least seven days prior to the commission meeting unless the director and the person filing the request mutually agree to place the matter on the commission's agenda for a later meeting. The commission shall issue a written determination as to whether a surface mining permit is required under this state's law within thirty calendar days after the hearing. The written determination may be appealed as provided under this chapter.

(2) Until a final written determination has been issued under the process established under subdivision (1) of this subsection, the person receiving a letter stating the reasons a mining permit is required may continue activity at the site in dispute. The commission may stay the director's determination. If the final written determination is that a permit is required, all fees otherwise provided by statute or rules of the commission shall apply. If the determination is that no permit is required, no permit fees shall be required by the director or the commission.

(3) The process set out in this subsection for determining whether a mining permit is required shall not be subject to the hearing requirements of section 444.789.

444.770. PERMIT REQUIRED, WHEN — RELEASE OF CERTAIN BONDS — COMPLAINTS, REQUIREMENTS. — 1. It shall be unlawful for any operator to engage in surface mining without first obtaining from the commission a permit to do so, in such form as is hereinafter provided, including any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons**, except as provided in subsection 2 of this section**.

2. **(1) A property owner or operator conducting gravel removal at the request of a property owner for the primary purpose of managing seasonal gravel accretion on property not used primarily for gravel mining, or a political subdivision who contracts with an operator for excavation to obtain sand and gravel material solely for the use of such political subdivision shall be exempt from obtaining a permit as required in subsection 1 of this section. Such gravel removal shall be conducted solely on the property owner's or political subdivision's property and shall be in accordance with department guidelines, rules, and regulations. The property owner shall notify the**

department before any person or operator conducts gravel removal from the property owner's property if the gravel is sold. Notification shall include the nature of the activity, name of the county and stream in which the site is located and the property owner's name. The property owner shall not be required to notify the department regarding any gravel removal at each site location for up to one year from the original notification regarding that site. The property owner shall renotify the department before any person or operator conducts gravel removal at any site after the expiration of one year from the previous notification regarding that site. At the time of each notification to the department, the department shall provide the property owner with a copy of the department's guidelines, rules, and regulations relevant to the activity reported. Said guidelines, rules and regulations may be transmitted either by mail or via the Internet.

(2) The annual tonnage of gravel mined by such property owner or operator conducting gravel removal at the request of a property owner shall be less than two thousand tons, with a site limitation of one thousand tons annually. Any operator conducting gravel removal at the request of a property owner that has removed two thousand tons of sand and gravel material within one calendar year shall have a watershed management practice plan approved by the commission in order to remove any future sand or gravel material the remainder of the calendar year. The application for approval shall be accompanied by an application fee equivalent to the fee paid under section 444.772 and shall contain the name of the watershed from which the operator will be conducting sand and gravel removal, the location within the watershed district that the sand and gravel will be removed, and the description of the vehicles and equipment used for removal. Upon approval of the watershed management practice plan, the department shall provide a copy of the relevant commission regulations to the operator.

(3) No property owner or operator conducting gravel removal at the request of a property owner for the primary purpose of managing seasonal gravel accretion on property not used primarily for gravel mining shall conduct gravel removal from any site located within a distance, to be determined by the commission and included in the guidelines, rules, and regulations given to the property owner at the time of notification, of any building, structure, highway, road, bridge, viaduct, water or sewer line, and pipeline or utility line.

3. Sections 444.760 to 444.790 shall apply only to those areas which are opened on or after January 1, 1972, or to the extended portion of affected areas extended after that date. The effective date of this section for minerals not previously covered under the provisions of sections 444.760 to 444.790 shall be August 28, 1990.

[3.**]** **4.** All surface mining operations where land is affected after September 28, 1971, which are under the control of any government agency whose regulations are equal to or greater than those imposed by section 444.774, are not subject to the further provisions of sections 444.760 to 444.790, except that such operations shall be registered with the land reclamation commission.

[4.**]** **5.** Any portion of a surface mining operation which is subject to the provisions of sections 260.200 to 260.245, RSMo, and the regulations promulgated thereunder, shall not be subject to the provisions of sections 444.760 to 444.790, and any bonds or portions thereof applicable to such operations shall be promptly released by the commission, and the associated permits canceled by the commission upon presentation to it of satisfactory evidence that the operator has received a permit pursuant to section 260.205, RSMo, and the regulations promulgated thereunder. Any land reclamation bond associated with such released permits shall be retained by the commission until presentation to the commission of satisfactory evidence that:

(1) The operator has complied with sections 260.226 and 260.227, RSMo, and the regulations promulgated thereunder, pertaining to closure and postclosure plans and financial assurance instruments; and

(2) The operator has commenced operation of the solid waste disposal area or sanitary landfill as those terms are defined in chapter 260, RSMo.

[5.**]** **6.** Notwithstanding the provisions of subsection 1 of this section, any political subdivision which uses its own personnel and equipment or any private individual for personal use may conduct in-stream gravel operations without obtaining from the commission a permit to conduct such an activity.

7. Any person filing a complaint of an alleged violation of this section, with the department, shall identify themself by name and telephone number, provide the date and location of the violation, and provide adequate information, as determined by the department, that there has been a violation. Any records, statements, or communications submitted by any person to the department relevant to the complaint shall remain confidential and used solely by the department to investigate such alleged violation.

444.774. RECLAMATION REQUIREMENTS AND CONDITIONS. — 1. Every operator to whom a permit is issued pursuant to the provisions of sections 444.760 to 444.790 may engage in surface mining upon the lands described in the permit upon the performance of and subject to the following requirements with respect to such lands:

(1) All ridges and peaks of overburden created by surface mining, except areas meeting the qualifications of subdivision (4) of this subsection, or where washing, cleaning or retaining ponds and reservoirs may be formed under subdivision (2) of this subsection, shall be graded to a rolling topography traversable by farm machinery, but such slopes need not be reduced to less than the original grade of that area prior to mining, and the slope of the ridge of overburden resulting from a box cut need not be reduced to less than twenty-five degrees from horizontal whenever the same cannot be practically incorporated into the land reclaimed for wildlife purposes pursuant to subdivision (4) of this subsection. In surface mining the operator shall remove all debris and materials not allowed by the reclamation plan before the bond or any portion thereof may be released;

(2) As a means of controlling damaging erosion, the director may require the operator to construct terraces or use such other measures and techniques as are necessary to control soil erosion and siltation on reclaimed land. Such erosion control measures and techniques may also be required on overburden stockpiles if the erosion is causing environmental damage outside the permit area. In determining the grading requirements to restore barite pit areas, the sidewalls of the excavation shall be graded to a point where it blends with the surrounding countryside, but in no case should the contour be such that erosion and siltation be increased;

(3) In the surface mining of tar sands, the operator shall recover and collect all spent sands and other refuse yielded from the processing of tar sands, whether such spent sands and refuse are produced at the surface mine or elsewhere, in the manner prescribed by the commission as conditions of the permit, and shall finally dispose of such spent sands and refuse in the manner prescribed by the commission as conditions of the permit and in accordance with the provisions of sections 444.760 to 444.790;

(4) Up to and including twenty-five percent of the total acreage to be reclaimed each year need not be graded to a rolling topography if the land is reclaimed for wildlife purposes as required by the commission, except that all peaks and ridges shall be leveled off to a minimum width of thirty feet or one-half the diameter of the base of the pile at the original ground surface whichever is less;

(5) Surface mining operations that remove and do not replace the lateral support shall not, unless mutually agreed upon by the operator and the adjacent property owner, remove the lateral support in the vicinity of any established right-of-way line of any public road, street or highway closer than a distance equal to twenty-five feet plus one and one-half times the depth of the unconsolidated material from such right-of-way line to the beginning of the excavation; except that, unless granted a variance by the commission, the minimum distance is fifty feet. The

provisions of this subdivision shall apply to all existing surface mining operations beginning August 28, 1990, except as provided in subsection **[**2**]** **3** of section 444.770;

(6) If surface mining is or has been conducted up to the minimum distance as defined in subdivision (5) of this subsection along an established right-of-way line of any public road, street or highway, a barrier or berm of adequate height shall be placed or constructed along the perimeter of the excavation. Adequate height shall mean a height of no less than three feet. Such barriers or berms shall not be required if barriers, berms or guardrails already exist on the adjoining right-of-way. Barriers or berms of adequate height may also be required by the commission when surface mining is or has been conducted up to the minimum distance as defined in subdivision (5) of this subsection along other property lines, but only as necessary to mitigate serious and obvious threats to public safety;

(7) The operator may construct earth dams to form lakes in pits resulting from the final cut in a mining area; except that, the formation of the lakes shall not interfere with underground or other mining operations or damage adjoining property and shall comply with the requirements of subdivision (8) of this subsection;

(8) The operator shall cover the exposed face of a mineral seam where acid-forming materials are present, to a depth of not less than two feet with earth that will support plant life or with a permanent water impoundment, terraced or otherwise so constructed as to prevent a constant inflow of water from any stream and to prevent surface water from flowing into such impoundment in such amounts as will cause runoff or spillage from said impoundment in a volume which will cause kills of fish or animals downstream. The operator shall cover an exposed deposit of tar sands, including an exposed face thereof, to a depth of not less than two feet with earth that will support plant life, and in addition may cover such deposit or face with a permanent water impoundment as provided above; however, no water impoundment shall be so constructed as to allow a permanent layer of oil or other hydrocarbon to collect on the surface of such impoundment in an amount which will adversely affect fish, wildfowl and other wildlife in or upon such impoundment;

(9) The operator shall reclaim all affected lands except as otherwise provided in sections 444.760 to 444.790. The operator shall determine on company-owned land, and with the landowners on leased land for leases that are entered into after August 28, 1990, which parts of the affected land shall be reclaimed for forest, pasture, crop, horticultural, homesite, recreational, industrial or other use including food, shelter, and ground cover for wildlife;

(10) The operator, with the approval of the commission, shall sow, set out or plant upon the affected land, seeds, plants, cuttings of trees, shrubs, grasses or legumes. The plantings or seedings shall be appropriate to the type of reclamation designated by the operator on company-owned land and with the owner on leased land for leases entered into after August 28, 1990, and shall be based upon sound agronomic and forestry principles;

(11) Surface mining operations conducted in the flood plains of streams and rivers, and subject to periodic flooding, may be exempt from the grading requirements contained in this section if it can be demonstrated to the commission that such operations will be unsafe to pursue or ineffective in achieving reclamation required in this section because of the periodic flooding;

(12) Such other requirements as the commission may prescribe by rule or regulation to conform with the purposes and requirements of sections 444.760 to 444.790.

2. An operator shall commence the reclamation of the area of land affected by its operation as soon as possible after the completion of surface mining of viable mineral reserves in any portion of the permit area in accordance with the plan of reclamation required by subsection 9 of section 444.772, the rules and regulations of the commission, and the conditions of the permit. Grading shall be completed within twelve months after mining of viable mineral reserves is complete in that portion of the permit area based on the operator's prior mining practices at that site. Mining shall not be deemed complete if the operator can provide credible evidence to the director that viable mineral reserves are present. The seeding and planting of supporting vegetation, as provided in the reclamation plan, shall be completed within twenty-four months

after with mining has been completed survival of such supporting vegetation by the second growing season.

3. With the approval of the director, the operator may substitute for all or any part of the affected land to be reclaimed, an equal number of acres of land previously mined and not reclaimed. If any area is so substituted the operator shall submit a map and reclamation plan of the substituted area, and this map and reclamation plan shall conform to all requirements with respect to other maps and reclamation plan required by section 444.772. The operator shall be relieved of all obligations pursuant to sections 444.760 to 444.790 with respect to the land for which substitution has been permitted. On leased land, the landowner shall grant written approval to the operator for substitutions made pursuant to this subsection.

4. The operator shall file a report with the commission within sixty days after the date of expiration of a permit stating the exact number of acres of land affected by the operation, the extent of the reclamation already accomplished, and such other information as may be required by the commission.

5. The operator shall ensure that all affected land where vegetation is to be reestablished is covered with enough topsoil or other approved material in order to provide a proper rooting medium. No topsoil or other approved material is required to be placed on areas described in subdivision (4) of subsection 1 of this section or on any areas to be reclaimed for industrial uses as specified in the reclamation plan.

6. The commission may grant such additional time for meeting with the completion dates required by sections 444.760 to 444.790 as are necessary due to an act of God, war, strike, riot, catastrophe, or other good cause shown.

335.212. Definitions.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 334.104 and 335.212, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 334.104 and 335.212, to read as follows:

334.104. COLLABORATIVE PRACTICE ARRANGEMENTS, FORM, CONTENTS, DELEGATION OF AUTHORITY — RULES, APPROVAL, RESTRICTIONS — DISCIPLINARY ACTIONS — NOTICE OF COLLABORATIVE PRACTICE OR PHYSICIAN ASSISTANT AGREEMENTS TO BOARD, WHEN

— CERTAIN NURSES MAY PROVIDE ANESTHESIA SERVICES, WHEN — CONTRACT LIMITATIONS. — 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice nurse as defined in subdivision (2) of section 335.016, RSMo. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, RSMo, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, RSMo; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in schedules III, IV, and V of section 195.017, RSMo, for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse; **[**and**]**

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's **[**prescribing practices**]** **delivery of health care services**.

The description shall include provisions that the advanced practice registered nurse shall submit **[**documentation of**]** **a minimum of ten percent of the charts documenting** the advanced practice registered nurse's **[**prescribing practices**]** **delivery of health care services** to the collaborating physician **[**within**]** **for review every** fourteen days**[**. The documentation shall include, but not be limited to, a random sample review by the collaborating physician of at least twenty percent of the charts and medications prescribed.**] ; and**

(10) The collaborating physician shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036, RSMo, may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197, RSMo**, or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008**.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track

the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016, RSMo, shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016, RSMo, from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, RSMo.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo, or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020, RSMo, if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

278.070. Definitions.
B. Emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 278.070, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 8.890 and 278.070, to read as follows:

8.890. ACCESS TO PUBLIC LAND FOR HORSE AND MULE USE, NO DENIAL ON CERTAIN TRAILS AND ROADS, EXCEPTION. — Access to public land owned, managed, or funded by the state of Missouri for horse and mule use shall not be denied on trails and roads that are currently designated by the state as land upon which horses or mules can be ridden, except that access can be denied where conditions are not suitable because of public safety concerns, necessary maintenance, or for reasons related to the mission of the agency that owns or manages the land so long as a written statement is posted at the trailhead stating the cause and estimated duration of the closure. Nothing in this section shall cause horses or mules to be excluded from inclusion in the development of new trails on Missouri public lands.

278.070. DEFINITIONS. — As used in sections 278.060 to 278.300, the following words and terms mean:

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Chapter 307, RSMo, is amended by adding thereto one new section, to be known as section 307.128, to read as follows:

307.128. MOTORCYCLE HEADLAMP MODULATION PERMITTED, WHEN — LABELING REQUIREMENTS. — 1. A headlamp on a motorcycle may be wired to modulate either the upper beam or the lower beam from its maximum intensity to a lesser intensity provided that:

(1) The rate of modulation shall be two hundred forty plus or minus forty cycles per minute;

(2) The headlamp shall be operated at a maximum power for fifty to seventy percent of each cycle;

(3) The lowest intensity at any test point shall not be less than seventeen percent of the maximum intensity measured at the same point;

(4) The modulator switch shall be wired in the power lead of the beam filament being modulated and not in the ground side of the circuit;

(5) Means shall be provided so that both the lower beam and the upper beam remain operable in the event of a modulation failure;

(6) The system shall include a sensor mounted with the axis of its sensing element perpendicular to a horizontal plane. Headlamp modulation shall cease whenever the level of light emitted by a tungsten filament operating at three thousand degrees kelvin is either less than two hundred seventy lux of direct light for upward pointing sensors or less than sixty lux of reflected light for downward pointing sensors. The light is measured by a silicon cell type light meter that is located at the sensor and pointing in the same direction as the sensor. A photo gray card is placed at ground level to simulate the road surface in testing downward pointing sensors;

(7) Means shall be provided so that both the lower and upper beam function at design voltage when the headlamp control switch is in either the lower or upper beam position when the modulator is off.

2. Each motorcycle headlamp modulator not intended as original equipment, or its container, shall be labeled with the maximum wattage, and the minimum wattage appropriate for its use. Additionally, each such modulator shall comply with the provisions of subdivisions (1) to (7) of subsection 1 of this section when connected to a headlamp of the maximum rated power and headlamp of the minimum rated power, and shall provide means so that the modulated beam functions at design voltage when the modulator is off. 169.020. SYSTEM CREATED, WHAT DISTRICTS INCLUDED — TRUSTEES, APPOINTMENT, TERMS, QUALIFICATIONS, ELECTION, DUTIES — VENUE — STATE AUDITOR TO REVIEW AUDIT, WHEN — INTEREST. — 1. For the purpose of providing retirement allowances and other benefits for public school teachers, there is hereby created and established a retirement system which shall be a body corporate, shall be under the management of a board of trustees herein described, and shall be known as "The Public School Retirement System of Missouri". Such system shall, by and in such name, sue and be sued, transact all of its business, invest all of its funds, and hold all of its cash, securities, and other property. The system so created shall include all school districts in this state, except those in cities that had populations of four hundred

thousand or more according to the latest United States decennial census, and such others as are or hereafter may be included in a similar system or in similar systems established by law and made operative; provided, that teachers in school districts of more than four hundred thousand inhabitants who are or may become members of a local retirement system may become members of this system with the same legal benefits as accrue to present members of such state system on the terms and under the conditions provided for in section 169.021. The system hereby established shall begin operations on the first day of July next following the date upon which sections 169.010 to 169.130 shall take effect.

2. The general administration and the responsibility for the proper operation of the retirement system and for making effective the provisions of sections 169.010 to 169.141 are hereby vested in a board of trustees of seven persons as follows: four persons to be elected as trustees by the members and retired members of the public school retirement system created by sections 169.010 to 169.141 and the public education employee retirement system created by sections 169.600 to 169.715; and three members appointed by the governor with the advice and consent of the senate. The first member appointed by the governor shall replace the commissioner of education for a term beginning August 28, 1998. The other two members shall be appointed by the governor at the time each member's, who was appointed by the state board of education, term expires.

3. Trustees appointed and elected shall be chosen for terms of four years from the first day of July next following their appointment or election, except that one of the elected trustees shall be a member of the public education employee retirement system and shall be initially elected for a term of three years from July 1, 1991. The initial term of one other elected trustee shall commence on July 1, 1992.

4. Trustees appointed by the governor shall be residents of school districts included in the retirement system, but not employees of such districts or a state employee or a state elected official. At least one trustee so appointed shall be a retired member of the public school retirement system or the public education employee retirement system. Three elected trustees shall be members of the public school retirement system and one elected trustee shall be a member of the public education employee retirement system.

5. The elections of the trustees shall be arranged for, managed and conducted by the board of trustees of the retirement system.

6. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

7. Trustees of the retirement system shall serve without compensation but they shall be reimbursed for expenses necessarily incurred through service on the board of trustees.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of the trustee's office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri and to demean himself or herself faithfully in the trustee's office. Such oath as subscribed to shall be filed in the office of secretary of state of this state.

9. Each trustee shall be entitled to one vote in the board of trustees. Four votes shall be necessary for a decision by the trustees at any meeting of the board of trustees. Unless otherwise expressly provided herein, a meeting need not be called or held to make any decision on a matter before the board. Each member must be sent by the executive director a copy of the matter to be decided with full information from the files of the board of trustees. The unanimous decision of four trustees may decide the issue by signing a document declaring their decision and sending such written instrument to the executive director of the board, provided that no other member of the board of trustees shall send a dissenting decision to the executive director of the board within fifteen days after such document and information was mailed to the trustee. If any member is not in agreement with four members the matter is to be passed on at a regular board meeting or a special meeting called for the purpose.

The executive director shall notify by certified mail both employer and member, retired member, beneficiary or survivor interested in such determination. Any member, retired member, beneficiary or survivor, district or employer adversely affected by such determination, at any time within thirty days after being notified of such determination, may appeal to the circuit court of Cole County. Such appeal shall be tried and determined anew in the circuit court and such court shall hear and consider any and all competent testimony relative to the issues in the case, which may be offered by either party thereto. The circuit court shall determine the rights of the parties under sections 169.010 to 169.141 and 169.600 to 169.715 using the same standard provided in section 536.150, RSMo, and the judgment or order of such circuit court shall be binding upon the parties and the board shall carry out such judgment or order unless an appeal is taken from such decision of the circuit court. Appeals may be had from the circuit court by the employer, member, retired member, beneficiary, survivor or the board, in the manner provided by the civil code.

The report shall also include information on the actuarial status and the investments of the system. The reports shall be preserved by the executive director and made available for public inspection.

17. The board of trustees shall provide for the maintenance of an individual account with each member, setting forth such data as may be necessary for a ready determination of the member's earnings, contributions, and interest accumulations. It shall also collect and keep in convenient form such data as shall be necessary for the preparation of the required mortality and service tables and for the compilation of such other information as shall be required for the valuation of the system's assets and liabilities. All individually identifiable information pertaining to members, retirees, beneficiaries and survivors shall be confidential.

18. The board of trustees shall meet regularly at least twice each year, with the dates of such meetings to be designated in the rules and regulations adopted by the board. Such other

meetings as are deemed necessary may be called by the chairman of the board or by any four members acting jointly.

19. The headquarters of the retirement system shall be in Jefferson City, where suitable office space, utilities and other services and equipment necessary for the operation of the system shall be provided by the board of trustees and all costs shall be paid from funds of the system. All suits **[**in which**]** **or proceedings directly or indirectly against** the board of trustees, the board's members or employees or the retirement system established by sections 169.010 to 169.141 or 169.600 to 169.715 **[**are parties**]** shall be brought in Cole County.

20. The board may appoint an attorney or firm of attorneys to be the legal advisor to the board and to represent the board in legal proceedings, however, if the board does not make such an appointment, the attorney general shall be the legal advisor of the board of trustees, and shall represent the board in all legal proceedings.

21. The board of trustees shall arrange for adequate surety bonds covering the executive director. When approved by the board, such bonds shall be deposited in the office of the secretary of state of this state.

22. The board shall arrange for annual audits of the records and accounts of the system by a firm of certified public accountants, the state auditor shall review the audit of the records and accounts of the system at least once every three years and shall report the results to the board of trustees and the governor.

23. The board by its rules may establish an interest charge to be paid by the employer on any payments of contributions which are delinquent. The rate charged shall not exceed the actuarially assumed rate of return on invested funds of the pertinent system.

169.040. FUNDS OF RETIREMENT SYSTEM, HOW INVESTED — DELEGATION OF INVESTMENT AUTHORITY — INVESTMENTS, MANNER OF MAKING, FORM — DESIGNATED DEPOSITORY — ELECTRONIC FUNDS TRANSFER REQUIRED — CLOSED MEETINGS AUTHORIZED, WHEN. — 1. All funds arising from the operation of sections 169.010 to 169.141 shall belong to the retirement system herein created and shall be controlled by the board of trustees of that system which board shall provide for the collection of such funds, shall see that they are safely preserved, and shall permit their disbursement only for the purposes herein authorized. Such funds and all other funds received by the retirement system are declared and shall be deemed to be the moneys and funds of the retirement system and not revenue collected or moneys received by the state and shall not be commingled with state funds.

2. The board shall invest all funds under its control which are in excess of a safe operating balance. The funds shall be invested only in those investments which a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims, as provided in section 105.688, RSMo. The board of trustees may delegate to duly appointed investment counselors authority to act in place of the board in the investment and reinvestment of all or part of the moneys of the system, and may also delegate to such counselors the authority to act in place of the board in the holding, purchasing, selling, assigning, transferring or disposing of any or all of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys. Such investment counselors shall be registered as investment advisors with the United States Securities and Exchange Commission. In exercising or delegating its investment powers and authority, members of the board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. No member of the board shall be liable for any action taken or omitted with respect to the exercise of, or delegation of, these powers and authority if such member shall have discharged the duties of his or her position in good faith and with that degree of diligence, care and skill which a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

3. **Notwithstanding the provisions of section 105.662, RSMo, the board may set up and maintain a public school and education employee retirement systems of Missouri investment fund account in which investment and reinvestment of all or part of the moneys of the system may be placed and be available for investment purposes. For the purpose of investing the funds of the retirement system, the funds may be combined with the funds of the public education employee retirement system of Missouri, but the funds of each system shall be accounted for separately and for all other reporting purposes shall be separate. The board of trustees may promulgate such rules and regulations consistent with the provisions of sections 169.040 and 169.630 as deemed necessary for its proper administration, pursuant to the provisions of this section and this chapter. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**

4. No investment transaction authorized by the board shall be handled by any company or firm in which a member of the board has an interest, nor shall any member of the board profit directly or indirectly from any such investment. All investments shall be made for the account of the retirement system, and any securities or other properties obtained by the board of trustees may be held by a custodian in the name of the retirement system, or in the name of a nominee in order to facilitate the expeditious transfer of such securities or other property. Such securities or other properties which are not available in registered form may be held in bearer form or in book entry form. The retirement system is further authorized to deposit, or have deposited for its account, eligible securities in a central depository system or clearing corporation or in a federal reserve bank under a book entry system as defined in the Uniform Commercial Code, sections 400.8-102 and 400.8-109, RSMo. When such eligible securities of the retirement system are so deposited with a central depository system they may be merged and held in the name of the nominee of such securities depository and title to such securities may be transferred by bookkeeping entry on the books of such securities depository or federal reserve bank without physical delivery of the certificates or documents representing such securities.

[4.**]** **5.** With appropriate safeguards against loss by the system in any contingency, the board may designate a bank or trust company to serve as a depository of system funds and intermediary in the investment of those funds and payment of system obligations.

[5.**]** **6.** All retirement allowances or other periodic payments paid by the board shall be paid to recipients of such payments by electronic funds transfer, unless another method has been determined by the board to be appropriate. Each recipient of retirement allowances or other periodic payments shall designate a financial institution or other authorized payment agent and provide the board information necessary for the recipient to receive electronic funds transfer payments through the institution or agent designated. This subsection shall apply to retirement allowances and other periodic payments first paid on or after January 1, 1998, and shall apply to all retirement allowances and other periodic payments on and after January 1, 1999.

[6.**]** **7.** The board of trustees may deliberate about, or make tentative or final decisions on, investments or other financial matters in a closed meeting under chapter 610, RSMo, if disclosure of the deliberations or decisions would jeopardize the ability to implement a decision or to achieve investment objectives. A record of the retirement system that discloses deliberations about, or a tentative decision on, investments or other financial matters is not a public record under chapter 610, RSMo, to the extent and so long as its disclosure would jeopardize the ability to implement a decision or to achieve investment objectives.

169.056. PRIVATE SCHOOL, DEFINED — MEMBERSHIP CREDIT FOR SERVICE IN PRIVATE SCHOOL, PURCHASE, PAYMENT, REQUIREMENTS. — 1. Members who have accrued at least one year of membership service credit for employment in a position covered by this retirement system and who have covered employment with this retirement system following the service for which credit is being purchased may purchase membership service credit under the circumstances, terms and conditions provided in this section. With respect to each such purchase authorized by this section the following provisions apply:

(1) The purchase shall be effected by the member paying to the retirement system the amount the member would have contributed and the amount the employer would have contributed had such member been an employee for the number of years for which the member is electing to purchase credit, and had the member's compensation during such period been the highest annual salary rate on record with the retirement system on the date of election to purchase credit. For purposes of this section, "annual salary rate" means the annual salary rate for full-time service for the position of employment. The contribution rate used in determining the amount to be paid shall be the contribution rate in effect on the date of election to purchase credit. Notwithstanding the provisions of this subsection, for all elections to purchase credit received by the retirement system on or after January 1, 2006, the member shall receive credit based on the amount paid by the member for such credit and received by the retirement system by the close of business on June thirtieth of each year. In lieu of charging the member interest on such purchase of credit, the amount to be paid by the member for any remaining credit the member has elected to purchase but has not paid for by **[**June**]** **September** thirtieth of each year shall be recalculated on the following **[**July**]** **October** first using the contribution rate in effect on that July first and the highest salary of record for the member as of that July first. For all elections to purchase credit received by the retirement system prior to January 1, 2006, the retirement system shall determine the cost of such purchase using the calculation method in effect for elections to purchase credit received by the retirement system on or after January 1, 2006, provided that the member shall have a one-time, irrevocable option to continue to have the cost of such purchase be determined using the calculation method in effect at the time of such election to purchase such credit. To be effective, such option must be elected by the member on a form approved by the retirement system and such form must be received by the retirement system by the close of business on June 30, 2006. The retirement system **[**reserves the right to**]** **may prohibit a purchase, impose additional requirements for making a purchase, or** limit the amount of credit purchased **[**by the member in any year if the amounts paid by the member in that year would exceed any applicable contribution limits set forth in**]** **if necessary for the retirement system to comply with federal law, including but not limited to, the provisions of** Section 415 of Title 26 of the United States Code**. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void**;

(2) Membership service credit purchased pursuant to this section shall be deemed to be membership service in Missouri for purposes of subsection **[**7**]** **8** of section 169.070;

(3) An election to purchase membership service credit pursuant to this section and payment for the purchase shall be completed prior to termination of membership with the retirement system with interest on the unpaid balance;

7. Any member who had membership service credit with the public education employee retirement system of Missouri governed by sections 169.600 to 169.715 but which membership service credit was forfeited by withdrawal or refund may elect to purchase credit for such service. The public education employee retirement system of Missouri shall transfer to this system an amount equal to the employer contributions for the forfeited service being purchased, plus interest, which shall be applied to reduce the amount the member would otherwise pay for the purchase, provided that the amount transferred shall not exceed one-half of the purchase cost.

8. A member may elect to purchase membership service credit for service rendered while on leave from an employer, as defined in section 169.010, for a not-for-profit corporation or agency whose primary purpose is support of education or education research, if the member was employed by that organization to serve twenty or more hours per week on a regular basis.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the

member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the **surviving spouse, surviving children in equal shares, surviving parents in equal shares, or** estate of the last person**, in that order of precedence,** to receive a monthly allowance **in a lump sum payment**. OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either

survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. **If a member dies and their financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and their financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.**

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** to the estate of the member**,** in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** estate of the beneficiary, in that order of precedence.

[6.**]** **7.** If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

[7.**]** **8.** Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the

member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

[8.**]** **9.** The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

[9.**]** **10.** Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

[10.**]** **11.** The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

[11.**]** **12.** Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580

or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

[12.**]** **13.** If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

[13.**]** **14.** The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection **[**12**]** **13** of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

[14.**]** **15.** Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

[15.**]** **16.** Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

[16.**]** **17.** Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

[17.**]** **18.** Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that

the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

[18.**]** **19.** Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 12 of this section.

[19.**]** **20.** Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections **[**12 and**]** 13 **and 14** of this section for the purposes of the limit on the total amount of increases which may be received.

[20.**]** **21.** Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

[21.**]** **22.** Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added,

pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

[22.**]** **23.** Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections **[**12 and**]** 13 **and 14** of this section for the purposes of the limit on the total amount of increases which may be received.

[23.**]** **24.** Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections **[**12 and**]** 13 **and 14** of this section for the purposes of the limit on the total amount of increases which may be received.

If the other parent also is a dependent, as defined in this section, the same amount shall be paid to each until death.

7. All else in this section to the contrary notwithstanding, a survivor may not be eligible to benefit pursuant to this section because of more than one terminated membership, and be it further provided that the board of trustees shall determine and decide all questions of doubt as to what constitutes dependency within the meaning of this section.

8. The provisions added to subsection 3 of this section in 1991 are intended to clarify the scope and meaning of this section as originally enacted and shall be applied in all cases in which such an election has occurred or will occur.

2. Any member who rendered service prior to November 1, 1965, as an employee as defined in section 169.600 in a district or community college district included in the system may claim credit for that service by filing with the board of trustees a complete and detailed record of the service for which the credit is claimed, together with such supporting evidence as the board may require for verification of the record. To the extent that the board finds the record correct, it shall credit the claimant with prior service and shall notify the claimant of its decision.

3. Membership shall be terminated by failure of a member to earn any membership service credit as a public school employee under this system for five consecutive school years, by death, withdrawal of contributions, or retirement.

4. If a member withdraws or is refunded the member's contributions, the member shall thereby forfeit any creditable service the member may have; provided, however, if such person again becomes a member of the system, the member may elect prior to retirement to reinstate any creditable service forfeited at the times of previous withdrawals or refunds. The reinstatement shall be effected by the member paying to the retirement system, with interest, the amount of accumulated contributions withdrawn by the member or refunded to the member with respect to the service being reinstated. A member may reinstate less than the total service previously forfeited, in accordance with rules promulgated by the board of trustees. The payment shall be completed prior to termination of membership with the retirement system with interest on the unpaid balance; provided, however, that if a member is retired on disability before completing such payments, the balance due, with interest, shall be deducted from the member's disability retirement allowance.

With respect to each such purchase authorized by this section the following provisions apply:

(1) The purchase shall be effected by the member paying to the retirement system the amount the member would have contributed and the amount the employer would have contributed had such member been an employee for the number of years for which the member is electing to purchase credit, and had the member's compensation during such period been the

highest annual salary rate on record with the retirement system on the date of election to purchase credit. The contribution rate used in determining the amount to be paid shall be the contribution rate in effect on the date of election to purchase credit. Notwithstanding the provisions of this subsection, for all elections to purchase credit received by the retirement system on or after January 1, 2006, the member shall receive credit based on the amount paid by the member for such credit and received by the retirement system by the close of business on June thirtieth of each year. In lieu of charging the member interest on such purchase of credit, the amount to be paid by the member for any remaining credit the member has elected to purchase but has not paid for by **[**June**]** **September** thirtieth of each year shall be recalculated on the following **[**July**]** **October** first using the contribution rate in effect on that July first and the highest salary of record for the member as of that July first. For all elections to purchase credit received by the retirement system prior to January 1, 2006, the retirement system shall determine the cost of such purchase using the calculation method in effect for elections to purchase credit received by the retirement system on or after January 1, 2006, provided that the member shall have a one-time, irrevocable option to continue to have the cost of such purchase be determined using the calculation method in effect at the time of such election to purchase such credit. To be effective, such option must be elected by the member on a form approved by the retirement system and such form must be received by the retirement system by the close of business on June 30, 2006. The retirement system reserves the right to **prohibit a purchase, impose additional requirements for making a purchase, or** limit the amount of credit purchased **[**by the member in any year if the amounts paid by the member in that year would exceed any applicable contribution limits set forth in**]** **if necessary for the retirement system to comply with federal law, including but not limited to, the provisions of** Section 415 of Title 26 of the United States Code**. The board of trustees may promulgate such rules and regulations consistent with the provisions of this section deemed necessary for its proper administration, pursuant to the provisions of this section and this chapter. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void**;

(2) Membership service credit purchased pursuant to this section shall be deemed to be membership service as defined in subdivision (10) of section 169.600;

(3) An election to purchase membership service credit pursuant to this section and payment for the purchase shall be completed prior to termination of membership with the retirement system with interest on the unpaid balance;

(4) Members may purchase membership service credit in increments of one-tenth of a year, and multiple elections to purchase may be made;

(5) Additional terms and conditions applicable to purchases made pursuant to this section including, but not limited to, minimum payments, payment schedules and provisions applicable when a member fails to complete payment may be set by rules of the board.

2. Membership service credit shall not be allowed pursuant to this section or sections 169.570 and 169.577 which exceeds in length the member's membership service credit for employment in a position covered by this system, and in no event may the member receive membership service credit with both this system and another public retirement system for the same service.

7. Any member who had membership service credit with the public school retirement system of Missouri governed by sections 169.010 to 169.141 but which membership service credit was forfeited by withdrawal or refund may elect to purchase credit for such service. The public school retirement system of Missouri shall transfer to this system an amount equal to the employer contributions for the forfeited service being purchased, plus interest, which shall be applied to reduce the amount the member would otherwise pay for the purchase, provided that the amount transferred shall not exceed one-half of the purchase cost.

8. A member may elect to purchase membership service credit for service rendered while on leave from an employer, as defined in section 169.600, for a not-for-profit corporation or agency whose primary purpose is support of education or education research if the member was employed by that organization to serve twenty or more hours per week on a regular basis.

9. A member who was employed by a private school, private community college, private college, or private university, either inside or outside of this state, for at least twenty or more hours per week on a regular basis, may elect to purchase membership service credit for such service rendered.

(d) One and fifty-three hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years and the member has not attained the age of fifty-five;

(e) One and fifty-one hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years and the member has not attained the age of fifty-five; and

(5) In addition to the retirement allowance provided in subdivisions (1) to (3) of this subsection, a member retiring on or after July 1, 2001, whose creditable service is thirty years or more or whose sum of age and creditable service is eighty years or more, shall receive a temporary retirement allowance equivalent to eight-tenths of one percent of the member's final average salary multiplied by the member's years of service until such time as the member reaches the minimum age for Social Security retirement benefits.

2. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases five percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by five percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; provided that, the increase provided in this subsection shall not become effective until the fourth January first following a member's retirement or January 1, 1982, whichever occurs later, and the total of the increases granted to a retired member or the beneficiary after December 31, 1981, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other provisions of law. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

3. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 2 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; provided that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1981.

4. (1) In lieu of the retirement allowance provided in subsection 1 of this section, called "option 1", a member whose creditable service is twenty-five years or more or who has attained age fifty-five with five or more years of creditable service may elect, in the application for retirement, to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death, the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement

allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the **surviving spouse, surviving children in equal shares, surviving parents in equal shares, or** estate of the last person**, in that order of precedence,** to receive a monthly allowance **in a lump sum payment**. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve for the remainder of such sixty monthly payments shall be paid to the **surviving spouse, surviving children in equal shares, surviving parents in equal shares, or** estate of the last person**, in that order of precedence,** to receive a monthly allowance **in a lump sum payment**. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 7. A plan of variable monthly benefit payments which provides, in conjunction with the member's retirement benefits under the federal Social Security laws, level or near-level retirement benefit payments to the member for life during retirement, and if authorized, to an appropriate beneficiary designated by the member. Such a plan shall be actuarially equivalent to the retirement allowance under option 1 and shall be available for election only if established by the board of trustees under duly adopted rules.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after attaining age fifty-five and acquiring five or more years of creditable service or after acquiring twenty-five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship payments under option 2 or a payment of the member's accumulated contributions. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 of this section.

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the beneficiary has an insurable interest in the life of the deceased member or disability retiree, the designated beneficiary may elect to receive either a payment of the person's accumulated contributions or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the person's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 of this section.

5. If the total of the retirement or disability allowances paid to an individual before the person's death is less than the person's accumulated contributions at the time of the person's retirement, the difference shall be paid to the person's beneficiary or, if there is no beneficiary, to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** person's estate**,** in that order of precedence; provided, however, that if an optional benefit, as provided in option 2, 3 or 4 in subsection 4 **of this section**, had been elected and the beneficiary dies after receiving the optional benefit, then, if the total retirement allowances paid to the retired individual and the individual's beneficiary are less than the total of the contributions, the difference shall be paid to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

6. **If a member dies and their financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and their financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.**

7. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the member's death shall be paid to the member's beneficiary or, if there is no beneficiary, to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** to the member's estate; provided, however, that no such payment shall be made if the beneficiary elects option 2 in subsection 4 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the **[**(1)**]** surviving spouse, **[**(2)**]** surviving children in equal shares, **[**(3)**]** surviving parents in equal shares, or **[**(4)**]** estate of the beneficiary, in that order of precedence.

[7.**]** **8.** If a member ceases to be an employee as defined in section 169.600 and certifies to the board of trustees that such cessation is permanent or if the person's membership is otherwise terminated, the person shall be paid the person's accumulated contributions with interest.

[8.**]** **9.** Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, if a member ceases to be an employee as defined in section 169.600 after acquiring five or more years of creditable service, the member may, at the option of the member, leave the member's contributions with the retirement system and claim a retirement allowance any time after the member reaches the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.600 to 169.715 on the basis of the member's age and years of service.

[9.**]** **10.** The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty.

[10.**]** **11.** Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, any member who is a member prior to October 13, 1969, may elect to have the member's retirement allowance computed in accordance with sections 169.600 to 169.715 as they existed prior to October 13, 1969.

[11.**]** **12.** Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

[12.**]** **13.** Notwithstanding any other provision of law, any person retired prior to August 14, 1984, who is receiving a reduced retirement allowance under option 1 or 2 of subsection 4 of this section, as the option existed prior to August 14, 1984, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have the person's retirement allowance increased to the amount the person would have been receiving had the person not elected the option actuarially adjusted to recognize any excessive benefits which would have been paid to the person up to the time of the application.

[13.**]** **14.** Benefits paid pursuant to the provisions of the public education employee retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code, except as provided under this subsection. Notwithstanding any other law, the board of trustees may establish a benefit plan under Section 415(m) of Title 26 of the United States Code. Such plan shall be credited solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

[14.**]** **15.** Any member who has retired prior to July 1, 1999, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to seven and four-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

[15.**]** **16.** Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to three and four-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

[16.**] 17.** Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to seven and one-tenth percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

169.690. FUNDS NOT SUBJECT TO EXECUTION, GARNISHMENT, ATTACHMENT. — Neither the funds belonging to the retirement system nor any benefit accrued or accruing to any person under the provisions of sections 169.600 to 169.710 shall be subject to execution, garnishment, attachment or any other process whatsoever, nor shall they be assignable, except **in a proceeding instituted for spousal maintenance or child support and** as in sections 169.600 to 169.710 specifically provided.

169.750. INDEMNIFICATION PERMITTED, WHEN — INSURANCE OR INDEMNITY POLICIES AUTHORIZED. — 1. To the extent determined appropriate by the board of trustees, the retirement systems established under sections 169.020 and 169.610 may indemnify and protect any trustee or employee of the retirement system against any or all claims or liabilities, including defense thereof, arising out of his or her responsibilities with respect to the retirement system provided, however, that no trustee or employee shall be indemnified for his or her own gross negligence or willful misconduct. This section shall apply whether the claim is made against the employee or trustee in his or her individual or official capacity.

2. The board of trustees is authorized to obtain and maintain insurance or indemnity policies to insure the trustees and employees of the retirement system against any liability or losses incurred as a result of their responsibilities with respect to the retirement system.

3. No employee or trustee shall be entitled to indemnification under this section unless within fifteen days after receipt of service of process he or she shall give written notice of such proceeding to the board of trustees.

SECTION A. ENACTING CLAUSE. — Sections 301.190, 301.218, 306.410, 430.082, and 700.320, RSMo, are repealed and five new sections enacted in lieu thereof, to be known as sections 301.190, 301.218, 306.410, 430.082, and 700.320, to read as follows:

301.190. CERTIFICATE OF OWNERSHIP — APPLICATION, CONTENTS — SPECIAL REQUIREMENTS, CERTAIN VEHICLES — FEES — FAILURE TO OBTAIN WITHIN TIME LIMIT, DELINQUENCY PENALTY — DURATION OF CERTIFICATE — UNLAWFUL TO OPERATE WITHOUT CERTIFICATE — CERTAIN VEHICLES BROUGHT INTO STATE IN A WRECKED OR DAMAGED CONDITION OR AFTER BEING TOWED, INSPECTION — CERTAIN VEHICLES PREVIOUSLY REGISTERED IN OTHER STATES, DESIGNATION — RECONSTRUCTED MOTOR VEHICLES, PROCEDURE. — 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, RSMo, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. **When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.**

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, RSMo, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536, RSMo, indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, RSMo. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365, RSMo, for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and only the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle,

the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles. The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.218. LICENSES REQUIRED FOR CERTAIN BUSINESSES — BUYERS AT SALVAGE POOL OR SALVAGE DISPOSAL SALE, REQUIREMENTS — RECORDS TO BE KEPT OF SALES BY OPERATOR. — 1. No person shall, except as an incident to the sale, repair, rebuilding or servicing of vehicles by a licensed franchised motor vehicle dealer carry on or conduct the following business unless licensed to do so by the department of revenue under sections 301.217 to 301.229:

(1) Selling used parts of or used accessories for vehicles as a used parts dealer, as defined in section 301.010;

(2) Salvaging, wrecking or dismantling vehicles for resale of the parts thereof as a salvage dealer or dismantler, as defined in section 301.010;

(3) Rebuilding and repairing four or more wrecked or dismantled vehicles in a calendar year as a rebuilder or body shop, as defined in section 301.010;

(4) Processing scrapped vehicles or vehicle parts as a mobile scrap processor, as defined in section 301.010.

2. Sales at a salvage pool or a salvage disposal sale shall be open only to and made to persons actually engaged in and holding a current license under sections 301.217 to 301.221 and 301.550 to 301.573 or any person from another state or jurisdiction who is legally allowed in his or her state of domicile to purchase for resale, rebuild, dismantle, crush, or scrap either motor vehicles or salvage vehicles, and to persons who reside in a foreign country that are purchasing salvage vehicles for export outside of the United States. Operators of salvage pools or salvage disposal sales shall keep a record, for three years, of sales of salvage vehicles with the purchasers' name and address, and the year, make, and vehicle identification number for each vehicle. These records shall be open for inspection as provided in section 301.225. Such records shall be submitted to the department on a quarterly basis.

3. The **[**seller of**]** **operator of a salvage pool or salvage disposal sale, or subsequent purchaser, who sells** a nonrepairable motor vehicle or a salvage motor vehicle to a person who is not a resident of the United States at a salvage pool or a salvage disposal sale shall:

(1) Stamp on the face of the title so as not to obscure any name, date, or mileage statement on the title the words "FOR EXPORT ONLY" in capital letters that are black; and

3. For the purpose of this section a "design-builder" is defined as an individual, corporation, partnership, joint venture or other entity, including combinations of such entities making a proposal to perform or performing a design-build highway project contract.

[3.] **4.** For the purpose of this section, "design-build highway project contract" is defined as the procurement of all materials and services necessary for the design, construction, reconstruction or improvement of a state highway project in a single contract with a design-builder capable of providing the necessary materials and services.

[4.] **5.** For the purpose of this section, "highway project" is defined as the design, construction, reconstruction or improvement of highways or bridges under contract with the state highways and transportation commission, which is funded by state, federal or local funds or any combination of such funds.

[5.] **6.** In using a design-build highway project contract, the commission shall establish a written procedure by rule for prequalifying design-builders before such design-builders will be allowed to make a proposal on the project.

[6.] **7.** In any design-build highway project contract, whether involving state or federal funds, the commission shall require that each person submitting a request for qualifications provide a detailed disadvantaged business enterprise participation plan. The plan shall provide information describing the experience of the person in meeting disadvantaged business enterprise participation goals, how the person will meet the department of transportation's disadvantaged business enterprise participation goal and such other qualifications that the commission considers to be in the best interest of the state.

[7.] **8.** The commission is authorized to issue a request for proposals to a maximum of five design-builders prequalified in accordance with subsection 5 of this section.

[8.] **9.** The commission may require approval of any person performing subcontract work on the design-build highway project.

[9. The bid bond and performance bond requirements of section 227.100 and the payment bond requirements of section 107.170, RSMo, shall apply to the design-build highway project.

10. The requirements of subsection 9 of this section may be modified by the commission for any design-build highway project contract which is designated by the commission as a "design-build-finance-maintain" project, and for which the contract with the design-builder exceeds twenty-five years. For such projects,] **10. Notwithstanding the provisions of sections 107.170, RSMo, and 227.100, to the contrary,** the commission shall require the design-builder to provide[, or cause to be provided by the construction entity or entities providing construction services under contract] to the [design-builder] **commission** directly, such **bid, performance and payment** bonds, or such [other security] **letters of credit**, in such terms, durations, [and] amounts**, and on such forms** as the commission may determine to be adequate for its protection and provided by a surety[, sureties, or financial institution or institutions satisfactory to the commission] **or sureties authorized to conduct surety business in the state of Missouri or a federally insured financial institution or institutions, satisfactory to the commission**, including but not limited to:

(1) A bid or proposal bond, [or other security authorized under subsection 2 of section 227.100, in an amount of not less than five million dollars] **cash or a certified or cashier's check**;

(2) A performance bond or bonds for the construction period specified in the design-build highway project contract [in an aggregate amount of not less than two hundred million dollars or twenty-five percent of a reasonable estimate of the cost of construction work, whichever amount is lower, except the commission may allow other security in lieu of or in addition to any bond or bonds, including but not limited to letters of credit or other negotiable instruments, such other or additional security to be on such terms, for such durations, and in such amounts as the commission may determine to be adequate for the protection of the commission, and to be provided by sureties or financial institutions satisfactory to the commission] **equal to a reasonable estimate of the total cost of construction work under the terms of the design-build highway project contract. If the commission determines in writing supported by specific findings that the reasonable estimate of the total cost of construction work under the terms of the design-build highway project contract is expected to exceed two-hundred and fifty million dollars and a performance bond or bonds in such amount is impractical, the commission shall set the performance bond or bonds at the largest amount reasonably available, but not less than two-hundred and fifty million dollars, and may require additional security, including but not limited to letters of credit, for the balance of the estimate not covered by the performance bond or bonds**; [and]

(3) A payment bond or bonds that shall be enforceable under section 522.300, RSMo, for the protection of persons supplying labor and material in carrying out the construction work provided for in the design-build highway project contract. The aggregate amount of the payment bond or bonds shall equal a reasonable estimate of the total amount payable for the cost of construction work under the terms of the design-build highway project contract unless the commission determines in writing supported by specific findings that a payment bond or bonds in such amount is impractical, in which case the commission shall establish the amount of the payment bond or bonds; except that the amount of the payment bond or bonds shall not be less than the aggregate amount of the performance bond or bonds and [the] **any** additional security to such performance bond or bonds[, or in the amount of the other security used in lieu of the performance bond or bonds] **; and**

(4) Upon award of the design-build highway project contract, the sum of the performance bond and any required additional security established under subdivisions (2) and (3) of this subsection shall be stated, and shall be a matter of public record.

11. The commission is authorized to prescribe the form of the contracts for the work.

12. The commission is empowered to make all final decisions concerning the performance of the work under the design-build highway project contract, including claims for additional time and compensation.

13. The provisions of sections 8.285 to 8.291, RSMo, shall not apply to the procurement of architectural, engineering or land surveying services for the design-build highway project, except that any person providing architectural, engineering or land surveying services for the design-builder on the design-build highway project must be licensed in Missouri to provide such services.

14. The commission shall pay a reasonable stipend to prequalified responsive design-builders who submit a proposal, but are not awarded the design-build highway project.

15. The commission shall comply with the provisions of any act of congress or any regulations of any federal administrative agency which provides and authorizes the use of federal funds for highway projects using the design-build process.

16. The commission shall promulgate administrative rules to implement this section or to secure federal funds. Such rules shall be published for comment in the Missouri Register and shall include prequalification criteria, the make-up of the prequalification review team, specifications for the design criteria package, the method of advertising, receiving and evaluating proposals from design-builders, the criteria for awarding the design-build highway project based on the design criteria package and a separate proposal stating the cost of construction, and other methods, procedures and criteria necessary to administer this section.

17. The commission shall make a status report to the members of the general assembly and the governor following the award of the design-build project, as an individual component of the annual report submitted by the commission to the joint transportation oversight committee in accordance with the provisions of section 21.795, RSMo. The annual report prior to advertisement of the design-build highway project contracts shall state the goals of the project in reducing costs and/or the time of completion for the project in comparison to the design-bid-build method of construction and objective measurements to be utilized in determining achievement of such goals. Subsequent annual reports shall include: the time estimated for design and construction of different phases or segments of the project and the actual time required to complete such work during the period; the amount of each progress payment to the design-builder during the period and the percentage and a description of the portion of the project completed regarding such payment; the number and a description of design change orders issued during the period and the cost of each such change order; upon substantial and final completion, the total cost of the design-build highway project with a breakdown of costs for design and construction; and such other measurements as specified by rule. The annual report immediately after final completion of the project shall state an assessment of the advantages and disadvantages of the design-build method of contracting for highway and bridge projects in comparison to the design-bid-build method of contracting and an assessment of whether the goals of the project in reducing costs and/or the time of completion of the project were met.

18. The commission shall give public notice of a request for qualifications in at least two public newspapers that are distributed wholly or in part in this state and at least one construction industry trade publication that is distributed nationally.

19. The commission shall publish its cost estimates of the design-build highway project award and the project completion date along with its public notice of a request for qualifications of the design-build project.

20. If the commission fails to receive at least two responsive submissions from design-builders considered qualified, submissions shall not be opened and it shall readvertise the project.

21. For any highway design-build project constructed under this section, the commission shall negotiate and reach agreements with affected railroads. Such agreements shall include clearance, safety, insurance, and indemnification provisions, but are not required to include provisions on right of way acquisitions.

SECTION B. EMERGENCY CLAUSE. — Because Congress is considering enactment of an economic stimulus bill that appropriates additional federal-aid highway funds to all states, including Missouri, which must be committed for additional state highway system projects within the expedited time frame specified in the economic stimulus bill, immediate action is necessary to ensure that the state of Missouri, through the Missouri highways and transportation commission, has design-build authority to meet the highway project construction start date requirements, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

2. An applicant for a license may make a donation of one dollar to promote an organ donor program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the organ donor program fund established in sections 194.297 to 194.304, RSMo. The donation prescribed in this subsection is

voluntary and may be refused by the applicant for the license at the time of issuance or renewal of the license. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

4. Beginning July 1, 2005, the director shall deny the driving privilege of any person who commits fraud or deception during the examination process or who makes application for an instruction permit, driver's license, or nondriver's license which contains or is substantiated with false or fraudulent information or documentation, or who knowingly conceals a material fact or otherwise commits a fraud in any such application. The period of denial shall be one year from the effective date of the denial notice sent by the director. The denial shall become effective ten days after the date the denial notice is mailed to the person. The notice shall be mailed to the person at the last known address shown on the person's driving record. The notice shall be deemed received three days after mailing unless returned by the postal authorities. No such individual shall reapply for a driver's examination, instruction permit, driver's license, or nondriver's license until the period of denial is completed. No individual who is denied the driving privilege under this section shall be eligible for a limited driving privilege issued under section 302.309.

6. The period of limitation for criminal prosecution under this section shall be extended under subdivision (1) of subsection 3 of section 556.036, RSMo.

7. The director may promulgate rules and regulations necessary to administer and enforce this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

8. Notwithstanding any provisions of this chapter that requires an applicant to provide proof of **[**lawful presence**]** **Missouri residency** for renewal of a noncommercial driver's license, noncommercial instruction permit, or nondriver's license, an applicant who is sixty-five years and older and who was previously issued a Missouri noncommercial driver's license, noncommercial instruction permit, or Missouri nondriver's license is exempt from showing proof of **[**lawful presence**]** **Missouri residency**.

9. **Notwithstanding any provision of this chapter, for the renewal of a noncommercial driver's license, noncommercial instruction permit, or nondriver's license, a photocopy of an applicant's United States birth certificate along with another form of identification approved by the department of revenue, including, but not limited to, United States military identification or United States military discharge papers, shall constitute sufficient proof of Missouri citizenship.**

Notwithstanding any other provision of this chapter, if an applicant does not meet the requirements of subsection 8 of this section and does not have the required documents to prove **[**lawful presence**]** **Missouri residency**, **United States naturalization, or lawful immigration status,** the department may issue a one-year driver's license renewal. This one-time renewal shall only be issued to an applicant who previously has held a Missouri noncommercial driver's license, noncommercial instruction permit, or nondriver's license for a period of fifteen years or more and who does not have the required documents to prove **[**lawful presence**]** **Missouri residency, United States naturalization, or lawful immigration status**. After the expiration of the one-year period, no further renewal shall be provided without the applicant producing proof of **[**lawful presence**]** **Missouri residency, United States naturalization, or lawful immigration status**.

302.183. PROOF OF RESIDENCY, ISSUANCE OR RENEWAL OF LICENSE, PRIVACY RIGHTS NOT TO BE VIOLATED, CONFIDENTIALITY OF DATA. — 1. Notwithstanding any provision of this chapter that requires an applicant to provide reasonable proof of residence for issuance or renewal of a noncommercial driver's license, noncommercial instruction permit, or a nondriver's license, an applicant shall not have his or her privacy rights

violated in order to obtain or renew a Missouri noncommercial driver's license, noncommercial instruction permit, or a nondriver's license.

2. Any data derived from a person's application shall not be sold for commercial purposes to any other organization or any other state without the express permission of the applicant without a court order; except such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600 or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. 31309. The state of Missouri shall protect the privacy of its citizens when handling any written, digital, or electronic data, and shall not participate in any standardized identification system using driver's and nondriver's license records.

3. The department of revenue shall not amend procedures for applying for a driver's license or identification card in order to comply with the goals or standards of the federal REAL ID Act of 2005, any rules or regulations promulgated under the authority granted in such act, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance of the act.

4. Any biometric data previously collected, obtained, or retained in connection with motor vehicle registration or operation, the issuance or renewal of driver's licenses, or the issuance or renewal of any identification cards by any department or agency of the state charged with those activities shall be retrieved and deleted from all databases. 2. As a condition for the award of any contract or grant in excess of five thousand dollars by the state or by any political subdivision of the state to a business entity, or for any business entity receiving a state-administered or subsidized tax credit, tax abatement, or loan from the state, the business entity shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services. Every such business entity shall also sign an affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. **Any entity contracting with the state or any political subdivision of the state shall only be required to provide the affidavits required in this subsection to the state and any political subdivision of the state with which it contracts, on an annual basis. During or immediately after an emergency, the requirements of this subsection that a business entity enroll and participate in a federal work authorization program shall be suspended for fifteen working days. As used in this subsection, "emergency" includes the following natural and manmade disasters: major snow and ice storms, floods, tornadoes, severe weather, earthquakes, hazardous material incidents, nuclear power plant accidents, other radiological hazards, and major mechanical failures of a public utility facility.**

3. All public employers shall enroll and actively participate in a federal work authorization program.

4. An employer may enroll and participate in a federal work authorization program and shall verify the employment eligibility of every employee in the employer's hire whose employment commences after the employer enrolls in a federal work authorization program. The employer shall retain a copy of the dated verification report received from the federal

government. Any business entity that participates in such program shall have an affirmative defense that such business entity has not violated subsection 1 of this section.

5. A general contractor or subcontractor of any tier shall not be liable under sections 285.525 to 285.550 when such general contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of this section, if the contract binding the contractor and subcontractor affirmatively states that the direct subcontractor is not knowingly in violation of subsection 1 of this section and shall not henceforth be in such violation and the contractor or subcontractor receives a sworn affidavit under the penalty of perjury attesting to the fact that the direct subcontractor's employees are lawfully present in the United States.

285.555. DISCONTINUANCE OF FEDERAL WORK AUTHORIZATION PROGRAM, EFFECT OF. — Should the federal government discontinue or fail to authorize or implement any federal work authorization program, **then subsections 2 and 3 of section 285.530 and paragraph (b) of subdivision (1) of subsection 6 of section 285.535 and paragraph (b) of subdivision (2) of subsection 6 of section 285.535 shall not apply after the date of discontinuance or failure to authorize or implement, and** the general assembly shall review sections 285.525 to 285.555 for the purpose of determining whether the sections are no longer applicable and should be repealed.

292.675. DEFINITIONS — ON-SITE TRAINING REQUIRED — WORKERS TO MAINTAIN DOCUMENTATION OF COMPLETION OF TRAINING — RESOLUTION OR ORDINANCE REQUIRED — VIOLATIONS, PENALTY — RULEMAKING AUTHORITY. — 1. As used in this section, the following terms shall mean:

(1) "Construction", construction, reconstruction, demolition, painting and decorating, or major repair;

(3) "Department", the department of labor and industrial relations;

(4) "On-site employee", laborers, workmen, drivers, equipment operators, and craftsmen employed by contractors and subcontractors to be directly engaged in construction at the site of the public works. "Directly engaged in construction" shall mean work performed in the actual erection of the structure or completion of the improvement constituting the public works. In addition, employees working at a nearby or adjacent facility used by the contractor or subcontractor for construction of the public works shall be deemed "on-site employees". Persons engaged solely in the transportation of materials, fuel, or equipment to the site of the public works shall not be deemed to be "directly engaged in construction;

[(3)**] (5)** "Person", any natural person, joint venture, partnership, corporation, or other business or legal entity;

[(4)**] (6)** "Public body", the state of Missouri or any officer, official, authority, board or commission of the state, or other political subdivision thereof, or any institution supported in whole or in part by public funds;

[(5)**] (7)** "Public works", all fixed works constructed for public use or benefit or paid for wholly or in part out of public funds. "Public works" includes any work done directly by any public utility company when performed by it pursuant to the order of the public service commission or other public authority whether or not it be done under public supervision or direction or paid for wholly or in part out of public funds when let to contract by said utility**;**

(8) "Subcontractor", any person entering into a subcontract with a contractor for construction of public works which employs "on-site employees" for purposes of completion of the contract.

2. Any **[**person signing a contract to work on the construction of public works**]** **contractor** for any public body **for purposes of construction of public works and any subcontractor to such contractor** shall provide a ten-hour Occupational Safety and Health Administration (OSHA) construction safety program for their on-site employees which includes a course in construction safety and health approved by OSHA or a similar program approved by the department which is at least as stringent as an approved OSHA program**, unless such employees have previously completed the required program**. All employees **who have not previously completed the program** are required to complete the program within sixty days of beginning work on such construction project.

3. Any employee found on a work site subject to this section without documentation of the successful completion of the course required under subsection 2 of this section shall be afforded twenty days to produce such documentation before being subject to removal from the project.

4. The public body shall specify the requirements of this section in the resolution or ordinance and in the call for bids for the contract. The contractor to whom the contract is awarded and any subcontractor under such contractor shall require all on-site employees to complete the ten-hour training program required under subsection 2 of this section **or such employees must hold documentation of prior completion of the program**. The public body awarding the contract shall include this requirement in the contract. The contractor shall forfeit as a penalty to the public body on whose behalf the contract is made or awarded, two thousand five hundred dollars plus one hundred dollars for each employee employed by the contractor or subcontractor, for each calendar day, or portion thereof, such employee is employed without the required training. The penalty shall not begin to accrue until the time period in subsections 2 and 3 of this section have elapsed. The public body awarding the contract shall include notice of these penalties in the contract. The public body awarding the contract shall withhold and retain therefrom all sums and amounts due and owing as a result of any violation of this section when making payments to the contractor under the contract. The contractor may withhold from any subcontractor sufficient sums to cover any penalties the public body has withheld from the contractor resulting from the subcontractor's failure to comply with the terms of this section. If the payment has been made to the subcontractor without withholding, the contractor may recover the amount of the penalty resulting from the fault of the subcontractor in an action maintained in the circuit court in the county in which the public works project is located from the subcontractor.

5. In determining whether a violation of this section has occurred, and whether the penalty under subsection 4 of this section shall be imposed, the department shall investigate any claim of violation. Upon completing such investigation, the department shall notify the public body and any party found to be in violation of this section of its findings and whether a penalty shall be assessed. Determinations under this section may be appealed in the circuit court in the county in which the public works project is located.

6. If the contractor or subcontractor fails to pay the penalty within forty-five days following notification by the department, the department shall pursue an enforcement action to enforce the monetary penalty provisions of subsection 4 of this section against the contractor or subcontractor found to be in violation of this section. If the court orders payment of the penalties as prescribed under subsection 4 of this section, the department shall be entitled to recover its actual cost of enforcement in addition to such penalty amount.

7. The department may establish rules and regulations for the purpose of implementing the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently

held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

8. This section shall not apply to work performed by public utilities which are under the jurisdiction of the public service commission, or their contractors, or work performed at or on facilities owned or operated by said public utilities.

9. The provisions of this section shall not apply to rail grade crossing improvement projects where there exists a signed agreement between the railroad and the Missouri department of transportation or an order issued by the department of transportation ordering such construction.

10. This section shall take effect on August 28, 2009.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to prevent illegal student enrollment and to promote legal foreign student enrollment in the upcoming summer educational sessions, and to prevent the disqualification of legitimate public works contractors, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

198.074. SPRINKLER SYSTEM REQUIREMENTS — FIRE ALARM SYSTEM REQUIREMENTS. — 1. Effective August 28, 2007, all new facilities licensed **under this chapter** on or after August 28, 2007, or any **[**facilities completing a**] section of a facility licensed under this chapter in which a** major renovation **[**to the facility**] has been completed** on or after August 28, 2007, as defined and approved by the department, **[**and which are licensed under this chapter**]** shall install and maintain an approved sprinkler system in accordance with National Fire Protection Association (NFPA) 13.

5. All skilled nursing and intermediate care facilities not required prior to August 28, 2007, to install and maintain an approved sprinkler system shall install and maintain an approved sprinkler system in accordance with NFPA 13 by December 31, 2012, unless the facility receives an exemption from the department and presents evidence in writing from a certified sprinkler system representative or licensed engineer that the facility is unable to install an approved National Fire Protection Association 13 system due to the unavailability of water supply requirements associated with this system **[**or the facility meets the safety requirements of Chapter 33 of existing residential board and care occupancies of NFPA 101 life safety code**]**.

The state treasurer shall be custodian of the fund and may disburse moneys from the fund in accordance with sections 30.170 and 30.180, RSMo. Any moneys remaining in the fund at the end of the biennium shall revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. Qualifying facilities shall make an application to the **[**department of health and senior services**]** **state treasurer's office** upon forms provided by the **[**department**]** **state treasurer's office**. In the case of a new facility or of an operator not previously holding in trust the personal funds of residents, the department shall determine the amount of bond to be required, taking into consideration the size and type of facility, the number of residents, and the experience of comparable facilities.

2. The required bond shall be conditioned to secure to every resident or former resident, or the estate of a former resident, the return of any moneys held in trust of which the resident has been wrongfully deprived by acts of the operator or any affiliates or employees of the operator. The liability of the surety to any and all persons shall not exceed the stated amount of the bond regardless of the period of time the bond has been in effect.

3. Whenever the director determines that the amount of any bond which is filed pursuant to this subsection is insufficient to adequately protect the money of residents which is being handled, or whenever the amount of any such bond is impaired by any recovery against the bond, the director may require the operator to file an additional bond in such amount as necessary to adequately protect the money of residents being handled.

4. In the event that any such bond includes a provision allowing the surety to cancel after notice, the bond shall provide for a minimum of sixty days' notice to the department.

5. The operator may, in lieu of a bond, place a cash deposit equal to the amount of the bond required in this section with an insured lending institution pursuant to a noncancelable escrow agreement with the lending institution if the written agreement is submitted to and approved by the department. No escrow agreement shall be approved without verification of cash deposit.

198.187. CRIMINAL BACKGROUND CHECKS FOR RESIDENTS PERMITTED. — Any long-term care facility licensed under this chapter may request criminal background checks under chapter 43, RSMo, of a resident in such facility.

198.525. INSPECTION OF CERTAIN LONG-TERM CARE FACILITIES, WHEN — RESTRICTIONS ON SURVEYORS, REQUIRED DISCLOSURES — IMMEDIATE FAMILY MEMBER DEFINED — CONFLICT OF INTEREST, WHEN. — 1. Except as otherwise provided pursuant to section 198.526, in order to comply with sections 198.012 and 198.022, the department of health and senior services shall inspect residential care facilities, assisted living facilities, intermediate care facilities, and skilled nursing, including those facilities attached to acute care hospitals at least twice a year.

2. The department shall not assign an individual to inspect or survey a long-term care facility licensed under this chapter, for any purpose, in which the inspector or surveyor was an employee of such facility within the preceding two years.

3. For any inspection or survey of a facility licensed under this chapter, regardless of the purpose, the department shall require every newly hired inspector or surveyor at the time of hiring or, with respect to any currently employed inspector or surveyor as of August 28, 2009, to disclose:

(1) The name of every Missouri licensed long-term care facility in which he or she has been employed; and

(2) The name of any member of his or her immediate family who has been employed or is currently employed at a Missouri licensed long-term care facility.

The disclosures under this subsection shall be disclosed to the department whenever the event giving rise to disclosure first occurs.

5. The information called for in this section shall be a public record under the provisions of subdivision (6) of section 610.010, RSMo.

6. Any person may notify the department if facts exist that would lead a reasonable person to conclude that any inspector or surveyor has any personal or business affiliation that would result in a conflict of interest in conducting an inspection or survey for a facility. Upon receiving that notice, the department, when assigning an inspector or surveyor to inspect or survey a facility, for any purpose, shall take steps to verify the information and, if the department has probable cause to believe that it is correct, shall not assign the inspector or surveyor to the facility or any facility within its organization so as to avoid an appearance of prejudice or favor to the facility or bias on the part of the inspector or surveyor.

198.527. INSPECTORS AND SURVEYORS OF LONG-TERM CARE FACILITIES — UNIFORMITY OF APPLICATION OF REGULATION STANDARDS. — To ensure uniformity of application of regulation standards in long-term care facilities throughout the state, the department of **[**social**]** **health and senior** services shall:

(1) Evaluate the requirements for inspectors or surveyors of facilities, including the eligibility, training and testing requirements for the position.

Based on the evaluation, the department shall develop and implement additional training and knowledge standards for inspectors and surveyors;

(2) Periodically evaluate the performance of the inspectors or surveyors regionally and statewide to identify any deviations or inconsistencies in regulation application. At a minimum, the Missouri on-site surveyor evaluation process, and the number and type of actions overturned

by the informal dispute resolution process **under section 198.545** and formal appeal shall be used **[**in**]** **as part of** the evaluation. Based on such evaluation, the department shall develop standards and a retraining process for the region, state, or individual inspector or surveyor, as needed;

(3) In addition to the provisions of subdivisions (1) and (2) of this section, the department shall develop a single uniform comprehensive and mandatory course of instruction for inspectors/surveyors on the practical application of enforcement of statutes, rules and regulations. Such course shall also be open to attendance by administrators and staff of facilities licensed pursuant to this chapter.

198.545. DEFINITIONS — CONTRACTING WITH THIRD PARTIES — DEPARTMENT TO ESTABLISH IDR PROCESS, PROCEDURES — RULEMAKING AUTHORITY. — 1. This section shall be known and may be cited as the "Missouri Informal Dispute Resolution Act".

(2) "Department", the department of health and senior services;

(3) "Facility", a long-term care facility licensed under this chapter;

(4) "IDR", informal dispute resolution as provided for in this section;

(5) "Independent third party", the federally designated Medicare Quality Improvement Organization in this state;

(6) "Plan of correction", a facility's response to deficiencies which explains how corrective action will be accomplished, how the facility will identify other residents who may be affected by the deficiency practice, what measures will be used or systemic changes made to ensure that the deficient practice will not reoccur, and how the facility will monitor to ensure that solutions are sustained;

(7) "QIO", the federally designated Medicare Quality Improvement Organization in this state.

3. The department of health and senior services shall contract with an independent third party to conduct informal dispute resolution (IDR) for facilities licensed under this chapter. The IDR process, including conferences, shall constitute an informal administrative process and shall not be construed to be a formal evidentiary hearing. Use of IDR under this section shall not waive the facility's right to pursue further or additional legal actions.

4. The department shall establish an IDR process to determine whether a cited deficiency as evidenced by a statement of deficiencies against a facility shall be upheld. The department shall promulgate rules to incorporate by reference the provisions of 42 CFR 488.331 regarding the IDR process and to include the following minimum requirements for the IDR process:

(1) Within ten working days of the end of the survey, the department shall by certified mail transmit to the facility a statement of deficiencies committed by the facility. Notification of the availability of an IDR and IDR process shall be included in the transmittal;

(2) Within ten calendar days of receipt of the statement of deficiencies, the facility shall return a plan of correction to the department. Within such ten-day period, the facility may request in writing an IDR conference to refute the deficiencies cited in the statement of deficiencies;

(3) Within ten working days of receipt for an IDR conference made by a facility, the QIO shall hold an IDR conference unless otherwise requested by the facility. The IDR conference shall provide the facility with an opportunity to provide additional information or clarification in support of the facility's contention that the deficiencies were erroneously

cited. The facility may be accompanied by counsel during the IDR conference. The type of IDR held shall be at the discretion of the facility, but shall be limited to:

(a) A desk review of written information submitted by the facility; or

(b) A telephonic conference; or

(c) A face-to-face conference held at the headquarters of the QIO or at the facility at the request of the facility.

If the QIO determines the need for additional information, clarification, or discussion after conclusion of the IDR conference, the department and the facility shall be present.

5. Within ten days of the IDR conference described in subsection 4 of this section, the QIO shall make a determination, based upon the facts and findings presented, and shall transmit the decision and rationale for the outcome in writing to the facility and the department.

6. If the department disagrees with such determination, the department shall transmit the department's decision and rationale for the reversal of the QIO's decision to the facility within ten calendar days of receiving the QIO's decision.

7. If the QIO determines that the original statement of deficiencies should be changed as a result of the IDR conference, the department shall transmit a revised statement of deficiencies to the facility with the notification of the determination within ten calendar days of the decision to change the statement of deficiencies.

8. Within ten calendar days of receipt of the determination made by the QIO and the revised statement of deficiencies, the facility shall submit a plan of correction to the department.

9. The department shall not post on its web site or enter into the Centers for Medicare & Medicaid Services Online Survey, Certification and Reporting System, or report to any other agency, any information about the deficiencies which are in dispute unless the dispute determination is made and the facility has responded with a revised plan of correction, if needed.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. 633.401. DEFINITIONS — ASSESSMENT IMPOSED, FORMULA — RATES OF PAYMENT — FUND CREATED, USE OF MONEYS — RECORD-KEEPING REQUIREMENTS — REPORT — APPEAL PROCESS — RULEMAKING AUTHORITY. — 1. For purposes of this section, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

(2) "Intermediate care facility for the mentally retarded", a private or department of mental health facility which admits persons who are mentally retarded or developmentally disabled for

residential habilitation and other services pursuant to chapter 630, RSMo. Such term shall include habilitation centers and private or public intermediate care facilities for the mentally retarded that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart 1;

(3) "Net operating revenues from providing services of intermediate care facilities for the mentally retarded" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the mentally retarded" has the same meaning as the term used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax Amendment of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the mentally retarded or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the mentally retarded, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the mentally retarded on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Mentally Retarded Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the intermediate care facility mentally retarded reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the mentally retarded shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the mentally retarded shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

intermediate care facilities for the mentally retarded. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the mentally retarded upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the mentally retarded provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055, RSMo.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the mentally retarded granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

(1) Review the recommendations regarding services and process the referral within fifteen business days;

(3) Arrange for the provision of services by an in-home provider;

(4) Reimburse the in-home provider for one nurse visit to conduct an assessment and recommendation for a care plan, and where necessary based on case circumstances, a

(7) Inform the provider and contact the individual when information is insufficient or the proposed care plan requires additional evaluation by state staff that is not obtained from the referring entity to schedule an in-home assessment to be conducted by the state staff within thirty days.
