FRANCOIS COUNTIES. — 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years. Notwithstanding any other provision of law, if there is no candidate for an open position on the board, then no election shall be held for that position and it shall be considered vacant, to be filled pursuant to the provisions of section 190.339, and, if there is only one candidate for each open position, no election shall be held and the candidate or candidates shall assume office at the same time and in the same manner as if elected.

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the

date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339. **Such boards which existed prior to August 25, 2010 shall not be considered a body corporate and a political subdivision of the state for any purpose, unless and until an order is entered upon an unanimous vote of the commissioners of the county in which such board is established reclassifying such board as a corporate body and political subdivision of the state. The order shall approve the transfer of the assets and liabilities related to the operation of the emergency service 911 system to the new entity created by the reclassification of the board.**

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants or any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

6. The board may accept any gift of property or money for the use and benefit of the central dispatching of emergency services, and the board is authorized to sell or exchange any such property which it believes would be to the benefit of the service so long as the proceeds are used exclusively for central dispatching of emergency services. Modifies insurance policy cancellation and reinstatement requirements and allows homeowner insurance companies to offer sinkhole coverage

AN ACT to repeal sections 375.003 and 379.118, RSMo, and to enact in lieu thereof three new sections relating to certain personal lines policy provisions.

SECTION

- A. Enacting clause.
- 375.003. Notice of cancellation, how given — reinstatement, when.
- 379.118. Notice of cancellation and renewals, due when — reinstatement, when.
- 379.827. Sinkhole loss policies authorized.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 375.003 and 379.118, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 375.003, 379.118, and 379.827, to read as follows:

375.003. NOTICE OF CANCELLATION, HOW GIVEN — REINSTATEMENT, WHEN. — 1. **Except as provided in subsection 2 of this section,** no notice of cancellation of a policy to which section 375.002 applies shall be effective unless mailed or delivered by the insurer to the named insured at least thirty days prior to the effective date of cancellation. [However,]

2. Where cancellation is for nonpayment of premium at least ten days' notice of cancellation shall be given **and such notice shall contain the following notice or notice substantially similar in bold conspicuous type: "THIS POLICY IS CANCELLED EFFECTIVE AT THE DATE AND TIME INDICATED IN THIS NOTICE. THIS IS THE FINAL NOTICE OF CANCELLATION WE WILL SEND PRIOR TO THE EFFECTIVE DATE AND TIME OF CANCELLATION INDICATED IN THIS NOTICE."**

3. The notice shall state the insurer's actual reason for proposing the action, the statement of reason to be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Generalized terms such as "personal habits", "living conditions", or "poor morals" shall not suffice to meet the requirements of this subsection. The notice shall also state that the insured may be eligible for insurance through the Missouri basic property insurance inspection and placement program.

4. **Issuance of a notice of cancellation under subsection 1 or 2 of this section constitutes a present and unequivocal act of cancellation of the policy.**

5. **An insurer may reinstate a policy cancelled under subsection 1 or 2 of this section at any time after the notice of cancellation is issued if the reason for the cancellation is remedied. An insurer may send communications to the insured, including but not limited to billing notices for past due premium, offers to reinstate the policy if past due premium is paid, notices confirming cancellation of the policy, or billing notices for payment of earned but unpaid premium. The fact that a policy may be so reinstated or any such communication may be made does not invalidate or void any cancellation effectuated under subsection 1 or 2 of this section or defeat the present and unequivocal nature of acts of cancellation as described under subsection 4 of this section.**

[2.] 6. This section shall not apply to nonrenewal.

379.118. NOTICE OF CANCELLATION AND RENEWALS, DUE WHEN — REINSTATEMENT, WHEN. — 1. If any insurer proposes to cancel or to refuse to renew a policy of automobile insurance delivered or issued for delivery in this state except at the request of the named insured or for nonpayment of premium, it shall, on or before thirty days prior to the proposed effective date of the action, send written notice by certificate of mailing of its intended action to the named insured at his last known address. **Where cancellation is for nonpayment of premium at least ten days' notice of cancellation shall be given and such notice shall contain the following notice or substantially similar in bold conspicuous type: "THIS POLICY IS CANCELLED EFFECTIVE AT THE DATE AND TIME INDICATED IN THIS NOTICE. THIS IS THE FINAL NOTICE OF CANCELLATION WE WILL SEND PRIOR TO THE EFFECTIVE DATE AND TIME OF CANCELLATION INDICATED IN THIS NOTICE."** The notice shall state:

- (1) The [proposed] action [to be] taken;
- (2) The [proposed] effective date of the action;
- (3) The insurer's actual reason for [proposing to take] **taking** such action, the statement of reason to be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Generalized terms such as "personal habits", "living conditions", "poor morals", or "violation or accident record" shall not suffice to meet the requirements of this subdivision;
- (4) That the insured may be eligible for insurance through the assigned risk plan if his insurance is to be cancelled.

2. Issuance of a notice of cancellation under subsection 1 of this section constitutes a present and unequivocal act of cancellation of the policy.

3. An insurer may reinstate a policy cancelled under subsection 1 of this section at any time after the notice of cancellation is issued if the reason for the cancellation is remedied. An insurer may send communications to the insured, including but not limited to billing notices for past due premium, offers to reinstate the policy if past due premium is paid, notices confirming cancellation of the policy, or billing notices for payment of earned but unpaid premium. The fact that a policy may be so reinstated or any such communication may be made does not invalidate or void any cancellation effectuated under subsection 1 of this section or defeat the present and unequivocal nature of acts of cancellation as described under subsection 2 of this section.

4. An insurer shall send an insured written notice of an automobile policy renewal at least fifteen days prior to the effective date of the new policy. The notice shall be sent by first class mail or may be sent electronically if requested by the policyholder, and shall contain the insured's name, the vehicle covered, the total premium amount, and the effective date of the new policy. Any request for electronic delivery of renewal notices shall be designated on the application form signed by the applicant, made in writing by the policyholder, or made in accordance with sections 432.200 to 432.295. The insurer shall comply with any subsequent request by a policyholder to rescind authorization for electronic delivery and to elect to receive renewal notices by first class mail. Any delivery of a renewal notice by electronic means shall not constitute notice of cancellation of a policy even if such notice is included with the renewal notice.

379.827. SINKHOLE LOSS POLICIES AUTHORIZED. — 1. As used in this section, the term "sinkhole loss" means actual physical damage to a building or property arising out of sudden settlement or collapse of the earth supporting the building, and only when the sudden settlement or collapse results directly from subterranean voids created by the action of water on limestone or similar rock formation and is evidenced by:

- (1) The abrupt collapse of the ground cover;
- (2) A depression in the ground cover clearly visible to the naked eye;
- (3) Structural damage to the covered building, including the foundation; and
- (4) The insured structure is uninhabitable, which is evidenced by an order of condemnation by a governmental agency authorized to issue such an order for that structure, where applicable.

2. Upon application, beginning January 1, 2015, the plan may issue a policy exclusively for sinkhole loss on habitational property owned by the applicant in accordance with this section to supplement the applicant's primary coverage for loss on such property issued by an insurer authorized to do business in this state. Coverage shall be only for habitational structures and shall not cover driveways or nonhabitational detached structures. Contents coverage shall apply only if there is covered sinkhole loss on the habitational structure in which the contents were located. Sinkhole coverage under this section shall not include loss for the value of the land or for the costs associated with filling a sinkhole.

3. The provisions of section 379.810 to 379.880 shall apply to policies issued under this section; however the plan may establish specific procedures designed to expedite approval for policies covering sinkhole loss and premiums charged therefor shall be based only on the risk for sinkhole loss applicable to such property. The plan may establish specific claims investigation procedures for sinkhole losses necessary to determine whether any claimed loss was the result of sinkhole activity rather than due to some other form of earth subsidence not covered under the policy.

160.522. SCHOOL ACCOUNTABILITY REPORT CARD FOR EACH SCHOOL DISTRICT, PURPOSE — STANDARD FORM, CONTENTS — DISTRIBUTION OF REPORT CARD INFORMATION. — 1. The department of elementary and secondary education shall produce or cause to be produced, at least annually, a school accountability report card for each public school district, each public school building in a school district, and each charter school in the state. The report card shall be designed to satisfy state and federal requirements for the disclosure of statistics about students, staff, finances, academic achievement, and other indicators. The purpose of the report card shall be to provide educational statistics and accountability information for parents, taxpayers, school personnel, legislators, and the print and broadcast news media in a standardized, easily accessible form.

2. The department of elementary and secondary education shall develop a standard form for the school accountability report card. The information reported shall include, but not be limited to, the district's most recent accreditation rating, enrollment, rates of pupil attendance, high school dropout rate and graduation rate, the number and rate of suspensions of ten days or

The school district shall provide a printed copy of the district-level or school-level report card to any patron upon request and shall make reasonable efforts to supply businesses such as, but not limited to, real estate and employment firms with copies or other information about the reports so that parents and businesses from outside the district who may be contemplating relocation have access.

6. For purposes of completing and distributing the annual report card as prescribed in this section 160.522, a school district may include the data from a charter school located within such school district, provided the local board of education or special administrative board for such district and the charter school reach mutual agreement for the inclusion of the data from the charter schools and the terms of such agreement are approved by the state board of education. The charter school shall not be required to be a part of the local educational agency of such school district and may maintain a separate local educational agency status.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not

authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. 12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536

and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

Upon receipt of a report the department or the department of health and senior services, if such facility or program is licensed pursuant to chapter 197, shall initiate an investigation within twenty-four hours. **The department of mental health shall complete all investigations within sixty days, unless good cause for the failure to complete the investigation is documented.**

2. If the investigation indicates possible abuse or neglect of a patient, resident or client, the investigator shall refer the complaint together with the investigator's report to the department director for appropriate action. If, during the investigation or at its completion, the department

has reasonable cause to believe that immediate removal from a facility not operated or funded by the department is necessary to protect the residents from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the residents in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the resident for a period not to exceed thirty days.

3. (1) Except as otherwise provided in this section, reports referred to in section 630.165 and the investigative reports referred to in this section shall be confidential, shall not be deemed a public record, and shall not be subject to the provisions of section 109.180 or chapter 610. Investigative reports pertaining to abuse and neglect shall remain confidential until a final report is complete, subject to the conditions contained in this section. Final reports of substantiated abuse or neglect issued on or after August 28, 2007, are open and shall be available for release in accordance with chapter 610. The names and all other identifying information in such final substantiated reports, including diagnosis and treatment information about the patient, resident, or client who is the subject of such report, shall be confidential and may only be released to the patient, resident, or client who has not been adjudged incapacitated under chapter 475, the custodial parent or guardian parent, or other guardian of the patient, resident or client. The names and other descriptive information of the complainant, witnesses, or other persons for whom findings are not made against in the final substantiated report shall be confidential and not deemed a public record. Final reports of unsubstantiated allegations of abuse and neglect shall remain closed records and shall only be released to the parents or other guardian of the patient, resident, or client who is the subject of such report, patient, resident, or client and the department vendor, provider, agent, or facility where the patient, resident, or client was receiving department services at the time of the unsubstantiated allegations of abuse and neglect, but the names and any other descriptive information of the complainant or any other person mentioned in the reports shall not be disclosed unless such complainant or person specifically consents to such disclosure. Requests for final reports of substantiated or unsubstantiated abuse or neglect from a patient, resident or client who has not been adjudged incapacitated under chapter 475 may be denied or withheld if the director of the department or his or her designee determines that such release would jeopardize the person's therapeutic care, treatment, habilitation, or rehabilitation, or the safety of others and provided that the reasons for such denial or withholding are submitted in writing to the patient, resident or client who has not been adjudged incapacitated under chapter 475. All reports referred to in this section shall be admissible in any judicial proceedings or hearing in accordance with section 621.075 or any administrative hearing before the director of the department of mental health, or the director's designee. All such reports may be disclosed by the department of mental health to law enforcement officers and public health officers, but only to the extent necessary to carry out the responsibilities of their offices, and to the department of social services, and the department of health and senior services, and to boards appointed pursuant to sections 205.968 to 205.990 that are providing services to the patient, resident or client as necessary to report or have investigated abuse, neglect, or rights violations of patients, residents or clients provided that all such law enforcement officers, public health officers, department of social services' officers, department of health and senior services' officers, and boards shall be obligated to keep such information confidential.

(2) Except as otherwise provided in this section, the proceedings, findings, deliberations, reports and minutes of committees of health care professionals as defined in section 537.035 or mental health professionals as defined in section 632.005 who have the responsibility to evaluate, maintain, or monitor the quality and utilization of mental health services are privileged and shall not be subject to the discovery, subpoena or other means of legal compulsion for their release to any person or entity or be admissible into evidence into any judicial or administrative action for failure to provide adequate or appropriate care. Such committees may exist, either within department facilities or its agents, contractors, or vendors, as applicable. Except as

otherwise provided in this section, no person who was in attendance at any investigation or committee proceeding shall be permitted or required to disclose any information acquired in connection with or in the course of such proceeding or to disclose any opinion, recommendation or evaluation of the committee or board or any member thereof; provided, however, that information otherwise discoverable or admissible from original sources is not to be construed as immune from discovery or use in any proceeding merely because it was presented during proceedings before any committee or in the course of any investigation, nor is any member, employee or agent of such committee or other person appearing before it to be prevented from testifying as to matters within their personal knowledge and in accordance with the other provisions of this section, but such witness cannot be questioned about the testimony or other proceedings before any investigation or before any committee.

(3) Nothing in this section shall limit authority otherwise provided by law of a health care licensing board of the state of Missouri to obtain information by subpoena or other authorized process from investigation committees or to require disclosure of otherwise confidential information relating to matters and investigations within the jurisdiction of such health care licensing boards; provided, however, that such information, once obtained by such board and associated persons, shall be governed in accordance with the provisions of this subsection.

(4) Nothing in this section shall limit authority otherwise provided by law in subdivisions (5) and (6) of subsection 2 of section 630.140 concerning access to records by the entity or agency authorized to implement a system to protect and advocate the rights of persons with developmental disabilities under the provisions of 42 U.S.C. Sections 15042 to 15044 and the entity or agency authorized to implement a system to protect and advocate the rights of persons with mental illness under the provisions of 42 U.S.C. 10801. In addition, nothing in this section shall serve to negate assurances that have been given by the governor of Missouri to the U.S. Administration on Developmental Disabilities, Office of Human Development Services, Department of Health and Human Services concerning access to records by the agency designated as the protection and advocacy system for the state of Missouri. However, such information, once obtained by such entity or agency, shall be governed in accordance with the provisions of this subsection.

4. [Anyone] **Any person** who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil liability for making such a report or for testifying unless such person acted in bad faith or with malicious purpose.

5. (1) Within five working days after a report required to be made pursuant to this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

(2) For investigations alleging neglect of a patient, resident, or client, the guardian of such patient, resident, or client shall be notified of:

(a) The investigation and given an opportunity to provide information to the investigators;

(b) The results of the investigation within five working days of the completion of the investigation and decision of the department of mental health of the results of the investigation.

6. The department of mental health shall obtain two independent reviews of all patient, resident, or client deaths that it investigates.

7. No person who directs or exercises any authority in a residential facility, day program or specialized service shall evict, harass, dismiss or retaliate against a patient, resident or client or employee because he or she or any member of his or her family has made a report of any violation or suspected violation of laws, ordinances or regulations applying to the facility which he or she has reasonable cause to believe has been committed or has occurred.

[7.] **8.** Any person who is discharged as a result of an administrative substantiation of allegations contained in a report of abuse or neglect may, after exhausting administrative

remedies as provided in chapter 36, appeal such decision to the circuit court of the county in which such person resides within ninety days of such final administrative decision. The court may accept an appeal up to twenty-four months after the party filing the appeal received notice of the department's determination, upon a showing that:

- (1) Good cause exists for the untimely commencement of the request for the review;
- (2) If the opportunity to appeal is not granted it will adversely affect the party's opportunity for employment; and
- (3) There is no other adequate remedy at law.

At such time as the title or deed for property acquired, constructed, improved, extended, repaired, remodeled or renovated under this section is conveyed to the educational institution, the consideration shall be returned [to the corporation].

5. The board may make rental payments [to the corporation] under such leases out of its general funds or out of any other available funds, provided that in no event shall the educational institution become indebted in an amount exceeding in any year the income and revenue of the educational institution for such year plus any unencumbered balances from previous years.

6. Any bonds, notes and other obligations issued [by a corporation] to pay for the acquisition, construction, improvements, extensions, repairs, remodeling or renovations of sites,

buildings and facilities, pursuant to this section, may be secured by a mortgage, pledge or deed of trust of the sites, buildings and facilities and a pledge of the revenues received from the rental thereof to the educational institution. Sites, buildings, facilities, furnishings and equipment owned [by a corporation] in connection with any project pursuant to this section shall be exempt from taxation.

10. [Provisions of other law to the contrary notwithstanding, the board may refinance any lease purchase agreement that satisfies at least one of the conditions specified in subsection 6 of section 165.011 for the purpose of payment on any lease with the corporation under this section for sites, buildings, facilities, furnishings or equipment which the corporation has acquired or constructed, but such refinance shall not extend the date of maturity of any obligation, and the refinancing obligation shall not exceed the amount necessary to pay or provide for the payment of the principal of the outstanding obligations to be refinanced, together with the interest accrued thereon to the date of maturity or redemption of such obligations and any premium which may be due under the terms of such obligations and any amounts necessary for the payments of costs and expenses related to issuing such refunding obligations and to fund a capital projects reserve fund for the obligations.

11.] Provisions of other law to the contrary notwithstanding, payments made from any source by a school district, after the latter of July 1, 1994, or July 12, 1994, that result in the transfer of the title of real property to the school district, other than those payments made from the capital projects fund, shall be deducted as an adjustment to the funds payable to the district pursuant to section 163.031 beginning in the year following the transfer of title to the district, as determined by the department of elementary and secondary education. No district with modular buildings leased in fiscal year 2004, with the lease payments made from the incidental fund and that initiates the transfer of title to the district after fiscal year 2007, shall have any adjustment to the funds payable to the district under section 163.031 as a result of the transfer of title.

[12.] 11. Notwithstanding provisions of this section to the contrary, the board of education of any school district may enter into agreements with the county in which the school district is located, or with a city, town, or village wholly or partially located within the boundaries of the school district, in order to provide for the acquisition, construction, improvement, extension, repair, remodeling, renovation, and financing of sites, buildings, facilities, furnishings, and equipment for the use of the school district for educational purposes. Such an agreement may provide for the present or future acquisition of an ownership interest in such facilities by the school district, by lease, lease-purchase agreement, option to purchase agreement, or similar provisions, and may provide for a joint venture between the school district and other entity or entities that are parties to such an agreement providing for the sharing of the costs of acquisition, construction, repair, maintenance, and operation of such facilities. The school district may

wholly own such facilities, or may acquire a partial ownership interest along with the county, city, town, or village with which the agreement was executed.

The commission shall require the applicant or licensee to pay the cost of placing a notice in a newspaper of general circulation in the applicant's or licensee's home dock city or county. The burden of proof that the gambling game is a game of skill is at all times on the petitioner. The petitioner shall have the affirmative responsibility of establishing his or her case by a preponderance of evidence including:

The commission shall decide the number, location and type of excursion gambling boat in a city or county under subsection 10 of this section. The license shall set forth the name of the licensee, the type of license granted, the place where the excursion gambling boat will operate and dock, including the docking of an excursion gambling boat which is continuously docked, and other information the commission deems appropriate. The commission shall have the ultimate responsibility of deciding the number, location, and type of excursion gambling boats licensed in a city or county; however, any city or county which has complied with the provisions of subsection 10 of this section shall submit to the commission a plan outlining the following:

- (1) The recommended number of licensed excursion gambling boats operating in such city or county;
- (2) The recommended licensee or licensees operating in such city or county;
- (3) The community's economic development or impact and affirmative action plan concerning minorities' and women's ownership, contracting and employment for the waterfront development;
- (4) The city or county proposed sharing of revenue with any other municipality;
- (5) Any other information such city or county deems necessary; and
- (6) Any other information the commission may determine is necessary.

The commission shall provide for due dates for receiving such plan from the city or county.

2. A license to operate an excursion gambling boat shall only be granted to an applicant upon the express conditions that:

(1) The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 313.817. This section does not prohibit a management contract with a person licensed by the commission; and

(2) The applicant shall not in any manner permit a person other than the licensee and the management licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

3. The commission shall require, as a condition of granting a license, that an applicant operate an excursion gambling boat which, as nearly as practicable, resembles or is a part of Missouri's or the home dock city's or county's riverboat history.

4. The commission shall encourage through its rules and regulations the use of Missouri resources, goods and services in the operation of any excursion gambling boat.

5. The excursion gambling boat shall provide for nongaming areas, food service and a Missouri theme gift shop. The amount of space used for gaming shall be determined in accordance with all rules and regulations of the commission and the United States Coast Guard safety regulations.

6. A license to operate gambling games or to operate an excursion gambling boat shall not be granted unless the applicant has, through clear and convincing evidence, demonstrated financial responsibility sufficient to meet adequately the requirements of the proposed enterprise.

7. Each applicant shall establish by clear and convincing evidence its fitness to be licensed. Without limitation, the commission may deny a license based solely on the fact that there is evidence that any of the following apply:

(1) The applicant has been suspended from operating an excursion gambling boat or a game of chance or gambling operation in another jurisdiction by a board or commission of that jurisdiction;

(2) The applicant is not the true owner of the enterprise proposed;

(3) The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed;

(4) The applicant is a corporation that is not publicly traded and ten percent or more of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license;

(5) The applicant has knowingly made a false statement of a material fact to the commission; or

(6) The applicant has failed to meet a valid, bona fide monetary obligation in connection with an excursion gambling boat.

8. A license shall not be granted if the applicant has not established [his] **the applicant's** good repute and moral character or if the applicant has pled guilty to, or has been convicted of, a felony. No licensee shall employ or contract with any person who has pled guilty to, or has been convicted of, a felony to perform any duties directly connected with the licensee's privileges under a license granted pursuant to this section, except that employees performing nongaming related occupations as determined by the commission shall be exempt from the requirements of this subsection.

9. **Except as provided in section 313.817**, a licensee shall not lend to any person money or any other thing of value for the purpose of permitting that person to wager on any gambling game authorized by law. This does not prohibit credit card or debit card transactions or cashing of checks. Any check cashed, **other than a credit instrument**, must be deposited within twenty-four hours. **Except for any credit instrument**, the commission may require licensees to verify a sufficient account balance exists before cashing any check. Any licensee who violates the provisions of this subsection shall be subject to an administrative penalty of five thousand dollars for each violation. Such administrative penalties shall be assessed and collected by the commission.

10. Gambling excursions including the operation of gambling games on an excursion gambling boat which is not continuously docked shall be allowed only on the Mississippi River and the Missouri River. No license to conduct gambling games on an excursion gambling boat in a city or county shall be issued unless and until the qualified voters of the city or county approve such activities pursuant to this subsection. The question shall be submitted to the qualified voters of the city or county at a general, primary or special election upon the motion of the governing body of the city or county or upon the petition of fifteen percent of the qualified voters of the city or county determined on the basis of the number of votes cast for governor in the city or county at the last election held prior to the filing of the petition. The question shall be submitted in substantially the following form:

Shall the City (County) of allow the licensing of excursion gambling boats or floating facilities as now or hereafter provided by Missouri gaming law in the city (county)?

YES

NO

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the commission may license excursion gambling boats in that city or county and such boats may operate on the Mississippi River and the Missouri River. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question,

then the commission shall not license such excursion gambling boats in such city or county unless and until the question is again submitted to and approved by a majority of the qualified voters of the city or county at a later election.

Excursion gambling boats may only dock in a city or unincorporated area of a county which approves licensing of such excursion gambling boats pursuant to this subsection, but gambling operations may be conducted at any point on the Mississippi River or the Missouri River during an excursion. Those cities and counties which have approved by election pursuant to this subsection, except those cities or counties which have subsequently rejected by election, the licensing of any type of excursion gambling boats in the city or county prior to April 6, 1994, are exempt from any local election requirement of this section as such previous election shall have the same effect as if held after May 20, 1994.

11. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee prior to the start of the excursion season.

12. Any licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to the state or a political subdivision of the state.

13. An excursion gambling boat licensed by the state shall meet all of the requirements of chapter 306 and is subject to an inspection of its sanitary facilities to protect the environment and water quality by the commission or its designee before a license to operate an excursion gambling boat is issued by the commission. Licensed excursion gambling boats shall also be subject to such inspections during the period of the license as may be deemed necessary by the commission. The cost of such inspections shall be paid by the licensee.

14. A holder of any license shall be subject to imposition of penalties, suspension or revocation of such license, or if the person is an applicant for licensure, the denial of the application, for any act or failure to act by himself or his agents or employees, that is injurious to the public health, safety, morals, good order and general welfare of the people of the state of Missouri, or that would discredit or tend to discredit the Missouri gaming industry or the state of Missouri unless the licensee proves by clear and convincing evidence that it is not guilty of such action. The commission shall take appropriate action against any licensee who violates the law or the rules and regulations of the commission. Without limiting other provisions of this subsection, the following acts or omissions may be grounds for such discipline:

(1) Failing to comply with or make provision for compliance with sections 313.800 to 313.850, the rules and regulations of the commission or any federal, state or local law or regulation;

(2) Failing to comply with any rule, order or ruling of the commission or its agents pertaining to gaming;

(3) Receiving goods or services from a person or business entity who does not hold a supplier's license but who is required to hold such license by the provisions of sections 313.800 to 313.850 or the rules and regulations of the commission;

(4) Being suspended or ruled ineligible or having a license revoked or suspended in any state of gaming jurisdiction;

(5) Associating with, either socially or in business affairs, or employing persons of notorious or unsavory reputation or who have extensive police records, or who have failed to cooperate with any officially constituted investigatory or administrative body and would adversely affect public confidence and trust in gaming;

(6) Employing in any gambling games' operation or any excursion gambling boat operation, any person known to have been found guilty of cheating or using any improper device in connection with any gambling game;

(7) Use of fraud, deception, misrepresentation or bribery in securing any permit or license issued pursuant to sections 313.800 to 313.850;

(8) Obtaining or attempting to obtain any fee, charge, or other compensation by fraud, deception, or misrepresentation;

(9) Incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties regulated by sections 313.800 to 313.850.

Except as permitted in this section, the licensee licensed to operate gambling games shall permit no form of wagering on gambling games.

2. The licensee may receive wagers only from a person present on a licensed excursion gambling boat.

3. Wagering shall not be conducted with money or other negotiable currency. The licensee shall exchange the money or **credit instrument** of each wagerer for electronic or physical tokens, chips, or other forms of credit to be wagered on the gambling games. The licensee shall exchange the tokens, chips, or other forms of wagering credit for money at the request of the wagerer.

4. A person under twenty-one years of age shall not make a wager on an excursion gambling boat and shall not be allowed in the area of the excursion boat where gambling is being conducted; provided that employees of the licensed operator of the excursion gambling boat who have attained eighteen years of age shall be permitted in the area in which gambling is being conducted when performing employment-related duties, except that no one under twenty-one years of age may be employed as a dealer or accept a wager on an excursion gambling boat. The governing body of a home dock city or county may restrict the age of entrance onto an excursion gambling boat by passage of a local ordinance.

5. In order to help protect patrons from invasion of privacy and the possibility of identity theft, patrons shall not be required to provide fingerprints, retinal scans, biometric forms of identification, any type of patron-tracking cards, or other types of identification prior to being permitted to enter the area where gambling is being conducted on an excursion gambling boat or to make a wager, except that, for purposes of establishing that a patron is at least twenty-one years of age as provided in subsection 4 above, a licensee operating an excursion gambling boat shall be authorized to request such patron to provide a valid state or federal photo identification or a valid passport. This section shall not prohibit enforcement of identification requirements that are required by federal law. This section shall not prohibit enforcement of any Missouri statute requiring identification of patrons for reasons other than being permitted to enter the area of an excursion gambling boat where gambling is being conducted or to make a wager.

6. A licensee shall only allow wagering and conduct gambling games at the times allowed by the commission.

7. It shall be unlawful for a person to present false identification to a licensee or a gaming agent in order to gain entrance to an excursion gambling boat, cash a check or verify that such person is legally entitled to be present on the excursion gambling boat. Any person who violates the provisions of this subsection shall be guilty of a class B misdemeanor for the first offense and a class A misdemeanor for second and subsequent offenses.

8. **Credit instruments executed on or after August 28, 2014, are valid contracts creating debt that is enforceable by legal process. A licensee may accept credit instruments from a qualified person in exchange for currency, chips, tokens, or electronic tokens that can be wagered on gambling games at the licensee's excursion gambling boat. For the purposes of this subsection, "qualified person" means a person who has completed a credit application provided by the licensee and who is determined by the licensee, after performing a credit check and applying usual standards to establish creditworthiness, to qualify for a line of credit of at least ten thousand dollars. Once the licensee makes the determination that a person is a qualified person, additional credit checks are not required. Approval to accept a credit instrument from a qualified person**

shall be made by the holder of an occupational license. A licensee may accept multiple credit instruments from the same person to consolidate or redeem a previous credit instrument. A lost or destroyed credit instrument shall remain valid and enforceable if the party seeking enforcement can prove its existence and terms. Any person who violates this subsection is subject only to the penalties provided in section 313.812. The commission shall have no authority to determine the validity or enforceability of a credit instrument or the enforceability of the debt that the credit instrument represents. Failure to comply with any regulation promulgated by the commission shall not impact the validity or enforceability of the credit instrument or the debt that the credit instrument represents.

9. In addition to the other creditor protections contained in this section, a licensee may not lend anything of value or extend credit to any person for the purpose of permitting that person to wager on any gambling game except through the use of a credit instrument. All credit instruments shall provide that any credit extended shall be due no later than thirty days from the date credit is extended. Credit instruments shall be considered an unsecured loan and shall not bear interest.

department of revenue shall be mailed to the last known address shown on the individual's driving record. The notice is deemed received three days after mailing.

2. A concealed carry permit issued pursuant to sections 571.101 to 571.121 after August 28, 2013, shall be suspended or revoked if the concealed carry permit holder becomes ineligible for such permit or endorsement under the criteria established in subdivisions (3), (4), (5), (8), and (11) of subsection 2 of section 571.101 or upon the issuance of a valid full order of protection. The new concealed carry permit shall contain the same personal information, including expiration date, as the original concealed carry permit.

[6.] **7.** If a person issued a concealed carry permit, or endorsement issued prior to August 28, 2013, changes his or her name, the person to whom the permit or endorsement was issued shall obtain a corrected or new concealed carry permit with a change of name from the sheriff

who issued the original concealed carry permit or the original certificate of qualification for an endorsement upon the sheriff's verification of the name change. The sheriff may charge a processing fee of not more than ten dollars for any costs associated with obtaining a corrected or new concealed carry permit. The permit or endorsement holder shall furnish proof of the name change to the sheriff within thirty days of changing his or her name and display his or her concealed carry permit or current driver's license or nondriver's license containing a concealed carry endorsement. The governor shall appoint five members from the list of twenty names, having no more than three from any one political party, to serve a term of two years on MoSMART. The members shall elect a chair from among their membership. Members shall receive no compensation for the performance of their duties pursuant to this section, but each member shall be reimbursed from the MoSMART fund for actual and necessary expenses incurred in carrying out duties pursuant to this section.

2. MoSMART shall meet no less than twice each calendar year with additional meetings called by the chair upon the request of at least two members. A majority of the appointed members shall constitute a quorum.

3. A special fund is hereby created in the state treasury to be known as the "MoSMART Fund". The state treasurer shall invest the moneys in such fund in the manner authorized by law. All moneys received for MoSMART from interest, state, and federal moneys shall be deposited to the credit of the fund. The director of the department of public safety shall distribute at least fifty percent but not more than one hundred percent of the fund annually in the form of grants approved by MoSMART.

4. Except for money deposited into the deputy sheriff salary supplementation fund created under section 57.278 or money deposited into the concealed carry permit fund created under subsection 5 of this section, all moneys [appropriate] **appropriated** to or received by MoSMART shall be deposited and credited to the MoSMART fund. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void.

7. Any county law enforcement entity or established task force with a memorandum of understanding and protocol may apply for grants from the MoSMART fund on an application to be developed by the department of public safety with the approval of MoSMART. All applications shall be evaluated by MoSMART and approved or denied based upon the level of funding designated for methamphetamine enforcement before 1997 and upon current need and circumstances. No applicant shall receive a MoSMART grant in excess of one hundred thousand dollars per year. The department of public safety shall monitor all MoSMART grants.

8. MoSMART's anti-methamphetamine funding priorities are as follows:

(1) Sheriffs who are participating in coordinated multijurisdictional task forces and have their task forces apply for funding;

(2) Sheriffs whose county has been designated HIDTA counties, yet have received no HIDTA or narcotics assistance program funding; and

(3) Sheriffs without HIDTA designations or task forces, whose application justifies the need for MoSMART funds to eliminate methamphetamine labs.

9. MoSMART shall administer the deputy sheriff salary supplementation fund as provided under section 57.278.

[10. Beginning August 28, 2013, the department of revenue shall begin transferring any records related to the issuance of a concealed carry permit to MoSMART for dissemination to the sheriff of the county or city not within a county in which the applicant or permit holder resides.]

In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.**

3. **Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the**

unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after the effective date of this section, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision,

speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, pre-term births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. 9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. 6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536 establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335 shall not be required to be licensed as physician assistants. 7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services. Such description shall include provisions that the supervising physician, or a designated supervising physician listed in the supervision agreement review a minimum of ten percent of the charts of the physician assistant's delivery of health care services every fourteen days.

to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

5. Sections 190.001 to 190.245 shall not preclude the adoption of any law, ordinance or regulation not in conflict with such sections by any city not within a county, or at least as strict as such sections by any county, municipality or political subdivision except that no such regulations or ordinances shall be adopted by a political subdivision in a county with a population of over nine hundred thousand inhabitants except by the county's governing body.

If an answer is filed, the board member shall also serve a copy of it, personally or by certified mail, on one of the proponents named in the notice of intention. The statement and answer are intended solely to be used for the information of the voters. No insufficiency in form or substance of such statements shall affect the validity of the election proceedings.

The election authority shall give the proponents a copy of the certificate upon their request.

10. If the election authority certifies the petition to be insufficient, it may be supplemented within ten days of the date of certification by filing additional petition sections containing all of the information required by this section. Within ten days after the supplemental copies are filed, the election authority shall file with them a certificate stating whether or not the petition as supplemented is sufficient.

11. If the certificate shows that the petition as supplemented is insufficient, no action shall be taken on it; however, the petition shall remain on file.

Such certificate shall be limited to the major area of postgraduate study of the holder, shall be issued only after successful completion of the examination required for graduation pursuant to rules adopted by the state board of education, and shall be restricted to those certificates established pursuant to subdivision (1) of subsection 3 of this section;
- (3) By the state board, which shall issue the professional certificate classification in both the general and specialized areas most closely aligned with the current areas of certification approved by the state board, commensurate with the years of teaching experience of the applicant, and based upon the following criteria:
 - (a) Recommendation of a state-approved baccalaureate-level teacher preparation program;

Such certificate shall be limited to the major area of study of the holder and shall be restricted to those certificates established under subdivision (1) of subsection 3 of this section. Holders of certificates granted under this subdivision shall be exempt from the teacher tenure act under sections 168.102 to 168.130 and each school district shall have the decision-making authority on whether to hire the holders of such certificates; or
- (5) By the state board, under rules and regulations prescribed by it, on the basis of certification by the American Board for Certification of Teacher Excellence (ABCTE) and verification of ability to work with children as demonstrated by sixty contact hours in any one of the following areas as validated by the school principal: sixty contact hours in the classroom, of which at least forty-five must be teaching; sixty contact hours as a substitute teacher, with at least thirty consecutive hours in the same classroom; sixty contact hours of teaching in a private school; or sixty contact hours of teaching as a paraprofessional, for an initial four-year ABCTE certificate of license to teach, except that such certificate shall not be granted for the areas of early childhood education, [elementary education,] or special education. **For certification in the area of elementary education, ninety contact hours in the classroom shall be required, of which**

at least thirty shall be in an elementary classroom. Upon the completion of the requirements listed in paragraphs (a), (b), (c), and (d) of this subdivision, an applicant shall be eligible to apply for a career continuous professional certificate under subdivision (2) of subsection 3 of this section:

(a) Completion of thirty contact hours of professional development within four years, which may include hours spent in class in an appropriate college curriculum;

(b) Validated completion of two years of the mentoring program of the American Board for Certification of Teacher Excellence or a district mentoring program approved by the state board of education;

(c) Attainment of a successful performance-based teacher evaluation; and

(d) Participate in a beginning teacher assistance program.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program;

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the

possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
- b. Possesses a master's degree; or
- c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the Armed Forces stationed in Missouri;
- (2) Relocated from another state within one year of the date of application;
- (3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
- (4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

Nothing in sections 382.010 to 382.300 shall be deemed to limit the powers of a domestic insurance company existing prior to September 28, 1971.

3. In addition to investments in common stock, preferred stock, debt obligations and other securities permitted domestic insurers, a domestic insurer may also do one or more of the following:

(3) Invest any amount in common stock, preferred stock, debt obligations and other securities of one or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer, provided that each such subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in subdivision (1) of this subsection or in other insurance laws applicable to the insurer. For the purpose of this subdivision, the total investment of the insurer shall include:

(a) Any direct investment by the insurer in an asset; and

(b) The insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the ownership of such subsidiary.

3. Each application for a license shall contain the Social Security number of the applicant, provided that the applicant in fact has a Social Security number, or the applicant shall sign a statement provided by the recorder that the applicant does not have a Social Security number. No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant; **however, this shall not be construed to prohibit a physician assistant from enrolling with the department of social services as a Medicaid provider while acting under a supervision agreement between the physician and physician assistant.**

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335 shall not be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services. (4) The manner of supervision between the supervising physician and the physician assistant, including how the supervising physician and the physician assistant shall:

(a) Attest on a form provided by the board that the physician shall provide supervision appropriate to the physician assistant's training and experience and that the physician assistant shall not practice beyond the scope of the physician assistant's training and experience nor the supervising physician's capabilities and training; and

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Such licensee shall either prepare or personally supervise the preparation of all documents sealed by the licensee, and such licensee shall be held personally responsible for the contents of all such documents sealed by such licensee, whether prepared or drafted by another licensee or not.

2. The personal seal of an architect or professional engineer or professional land surveyor or **professional** landscape architect shall be the legal equivalent of the licensee's signature whenever and wherever used, and the owner of the seal shall be responsible for the architectural, engineering, **land** surveying, or landscape architectural documents, as the case may be, when the licensee places his or her personal seal on such [plans, specifications, estimates, plats, reports, surveys or other documents or instruments for, or] **technical submissions** to be used in connection with, any architectural or engineering project, survey, or landscape architectural project. Licensees shall undertake to perform architectural, professional engineering, professional land surveying and **professional** landscape architectural services only when they are qualified by education, training, and experience in the specific technical areas involved.

3. Notwithstanding any provision of this section, any architect, professional engineer, professional land surveyor, or **professional** landscape architect may, but is not required to, attach a statement over his or her signature, authenticated by his or her personal seal, specifying the particular [plans, specifications, plats, reports, surveys or other documents or instruments] **technical submissions**, or portions thereof, intended to be authenticated by the seal, and disclaiming any responsibility for all other [plans, specifications, estimates, reports, or other documents or instruments] **technical submissions** relating to or intended to be used for any part or parts of the architectural or engineering project or survey or landscape architectural project.

4. Nothing in this section, or any rule or regulation of the board shall require any professional to seal preliminary or incomplete documents.

327.442. DISCIPLINARY HEARING FOR CENSURE OF LICENSE TO BE HELD, WHEN. — 1. At such time as the final trial proceedings are concluded whereby a licensee, or any person who has failed to renew or has surrendered his or her certificate of licensure or authority, has been adjudicated and found guilty, or has entered a plea of guilty or nolo contendere, in a felony prosecution pursuant to the laws of this state, the laws of any other state, territory, or the laws of the United States of America for any offense reasonably related to the qualifications, functions, or duties of a licensee pursuant to this chapter or any felony offense, an essential element of which is fraud, dishonesty, or an act of violence, or for any felony offense involving moral turpitude, whether or not sentence is imposed, the board for architects, professional engineers, professional land surveyors and **professional** landscape architects may hold a disciplinary hearing to singly or in combination censure or place the licensee named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license or certificate.

2. Anyone who has been revoked or denied a license or certificate to practice in another state may automatically be denied a license or certificate to practice in this state. However, the board for architects, professional engineers, professional land surveyors and **professional** landscape architects may establish other qualifications by which a person may ultimately be qualified and licensed to practice in Missouri.

327.451. CHARGES OF IMPROPER CONDUCT, HOW FILED, CONTENTS — ADMINISTRATIVE HEARING COMMISSION TO HEAR. — 1. Any person who believes that an architect or a professional engineer or a professional land surveyor **or a professional landscape architect** has acted or failed to act so that his or her license or certificate of authority should, pursuant to the provisions of this chapter, be suspended or revoked, or who believes that any applicant for a license or certificate of authority pursuant to the provisions of this chapter is not entitled to a license or a certificate of authority, may file a written affidavit with the executive director of the board which the affiant shall sign and swear to and in which the affiant shall clearly set forth the reasons for the affiant's charge or charges that the license or certificate of an architect or professional engineer or professional land surveyor should be suspended or revoked or not renewed or that a license or certificate should not be issued to an applicant.

2. If the affidavit so filed does not contain statements of fact which if true would authorize, pursuant to the provisions of this chapter, suspension or revocation of the accused's license or certificate, or does not contain statements of fact which if true would authorize, pursuant to the provisions of this chapter, the refusal of the renewal of an existing license or certificate or the refusal of a license or certificate to an applicant, the board shall either dismiss the charge or charges or, within its discretion, cause an investigation to be made of the charges contained in the affidavit, after which investigation the board shall either dismiss the charge or charges or proceed against the accused by written complaint as provided in subsection 3 of this section.

3. If the affidavit contains statements of fact which if true would authorize pursuant to the provisions of this chapter the revocation or suspension of an accused's license or certificate, the board shall cause an investigation to be made of the charge or charges contained in the affidavit and unless the investigation discloses the falsity of the facts upon which the charge or charges in the affidavit are based, the board shall file with and in the administrative hearing commission a written complaint against the accused setting forth the cause or causes for which the accused's license or certificate of authority should be suspended or revoked. Thereafter, the board shall be governed by and shall proceed in accordance with the provisions of chapter 621.

4. If the charges contained in the affidavit filed with the board would constitute a cause or causes for which pursuant to the provisions of this chapter an accused's license or certificate of authority should not be renewed or a cause or causes for which pursuant to the provisions of this chapter a certificate should not be issued, the board shall cause an investigation to be made of the charge or charges and unless the investigation discloses the falsity of the facts upon which the charge or charges contained in the affidavit are based, the board shall refuse to permit an applicant to be examined upon the applicant's qualifications for licensure or shall refuse to issue or renew a license or certificate of authority, as the case may require.

5. The provisions of this section shall not be so construed as to prevent the board on its own initiative from instituting and conducting investigations and based thereon to make written complaints in and to the administrative hearing commission.

6. If for any reason the provisions of chapter 621 become inapplicable to the board, then, and in that event, the board shall proceed to charge, adjudicate and otherwise act in accordance with the provisions of chapter 536.

327.461. CONTRACT WITH UNLICENSED ARCHITECT, PROFESSIONAL ENGINEER, PROFESSIONAL LAND SURVEYOR, OR PROFESSIONAL LANDSCAPE ARCHITECT UNENFORCEABLE BY THEM. — Every contract for architectural or engineering or land surveying **or landscape architectural** services entered into by any person who is not an architect or professional engineer or professional land surveyor **or professional landscape architect**, as the case may be, and who is not exempt from the provisions of this chapter, shall be unenforceable by the unlicensed or unauthorized person, whether in contract, quantum meruit or other legal theory, regardless of whether a benefit has been conferred.

(1) ["Landscape architecture", the performance of professional services, including but not limited to consultations, research, planning, design or responsible supervision in connection with the development of land, in which the dominant purpose of such professional services is the preservation, enhancement or determination of land uses, natural land features, ground cover and planting, naturalistic and esthetic value, settings and approaches to structures or other improvements, natural drainage and the consideration and determination of inherent problems of the land relating to erosion, wear and tear, blight or other hazard;

(2)] "Practice of **professional** landscape architecture", the location and arrangement of such tangible objects and features as are [incidental and] necessary to the purposes specified in the definition of landscape architecture, but shall not include the design of structures or facilities with separate and self-contained purposes such as are ordinarily included in the practice of engineering or architecture, and shall not include the making of final land plats for official approval or recording;

Sections 327.600 to 327.635 shall not be construed to prohibit those persons engaged in nursery occupations, gardeners, landscape contractors, home builders or residential developers from preparing planting plans and items incidental thereto, provided the project scope does not jeopardize the public health, safety and welfare; nor shall sections 327.600 to 327.635 be construed to prevent the practice of any other legally recognized profession as governed by applicable law. Nothing contained in this section shall under any circumstances be construed as in anyway affecting the laws relating to the practice, licensing, certification or registration of architects, **professional** engineers and **professional** land surveyors. An architect, **professional** engineer or **professional** land surveyor licensed, certified or registered to practice his or her profession or occupation pursuant to the provisions of any law to regulate the practice of such profession or occupation is exempt from licensing as a **professional** landscape architect, and nothing contained in this section shall under any circumstances be construed as in anyway precluding an architect or **professional** engineer from performing any of the services included within the definition of the term landscape architecture in section 327.600.

In making grants, the commission shall consider whether the local community has given financial support to the airport in the past. Priority shall be given to airports with local funding for the past five years with no reduction in such funding. The aviation trust fund is a revolving trust fund exempt from the provisions of section 33.080 relating to the transfer of funds to the general revenue funds of the state by the state treasurer. All interest earned upon the balance in the aviation trust fund shall be deposited to the credit of the same fund.

4. The moneys in the aviation trust fund shall be administered by the commission and, when appropriated, shall be used for the following purposes:

- (4) As total funds with a local match, up to five hundred thousand dollars per year may be used for air traffic control towers partially funded by the federal government under a cost-share program. Any expenditures under this program require a nonfederal match, comprised of a ratio of fifty percent state and fifty percent local funds. No more than one hundred thousand dollars per year may be expended for any individual control tower.
5. In the event of a natural or manmade disaster which closes any runway or renders inoperative any electronic or visual landing aid at an airport, any funds appropriated for the purpose of capital improvements or maintenance of airports may be made immediately available for necessary repairs once they are approved by the commission. For projects designated as emergencies by the commission, all requirements relating to normal procurement of engineering and construction services are waived.

288.500. SHARED WORK PROGRAM CREATED — DEFINITIONS — PLAN, REQUIREMENTS — PLAN DENIED, SUBMISSION OF NEW PLAN, WHEN — CONTRIBUTION BY EMPLOYER, HOW COMPUTED — BENEFITS — SEVERABILITY CLAUSE. — 1. There is created under this section a voluntary "Shared Work Unemployment Compensation Program". In connection therewith, the division may adopt rules and establish procedures, not inconsistent with this section, which are necessary to administer this program.

2. As used in this section, the following terms mean:

(4) "Normal weekly hours of work", as to any individual, the lesser of forty hours or the average obtained by dividing the total number of hours worked per week in the preceding twelve-week period by the number twelve;

(5) "Participating employee", an employee who works a reduced number of hours under a shared work plan;

(6) "Participating employer", an employer who has a shared work plan in effect;

(7) "Shared work benefit", an unemployment compensation benefit that is payable to an individual in an affected unit because the individual works reduced hours under an approved shared work plan;

(8) "Shared work plan", a program for reducing unemployment under which employees who are members of an affected unit share the work remaining after a reduction in their normal weekly hours of work;

(9) "Shared work unemployment compensation program", a program designed to reduce unemployment and stabilize the work force by allowing certain employees to collect unemployment compensation benefits if the employees share the work remaining after a reduction in the total number of hours of work and a corresponding reduction in wages.

3. An employer who wishes to participate in the shared work unemployment compensation program established under this section shall submit a written shared work plan in a form acceptable to the division for approval. As a condition for approval by the division, a participating employer shall agree to furnish the division with reports relating to the operation of the shared work plan as requested by the division. The employer shall monitor and evaluate the operation of the established shared work plan as requested by the division and shall report the findings to the division.

4. The division may approve a shared work plan if:

(1) The employer has filed all reports required to be filed under this chapter for all past and current periods and has paid all contributions due for all past and current periods;

(2) The shared work plan applies to and identifies a specified affected unit;

- (3) The employees in the affected unit are identified by name and Social Security number;

- (6) The [shared work plan describes the manner in which] **employer certifies that, if the participating employer [treats the] provides fringe benefits [of each], as defined in this section, to any employee in the affected unit, such benefits shall continue to be provided to employees participating in the shared work unemployment compensation program under the same terms and conditions as though the normal weekly hours of work had not been reduced or to the same extent as other employees not participating in the shared work unemployment compensation program; [and]**
- (7) The employer certifies that the implementation of a shared work plan and the resulting reduction in work hours is in lieu of [temporary] layoffs that would affect at least ten percent of the employees in the affected unit and that would result in an equivalent reduction in work hours;
- (8) **The shared work plan includes an estimate of the number of employees who would be laid off if the employer does not participate in the shared work unemployment compensation program;**
- (9) **The shared work plan describes the manner in which employees in the affected unit will be notified of the employer's participation in the shared work unemployment compensation program. If the employer will not provide advance notice to the employees in the affected unit, the shared work plan must contain a statement explaining why it is not feasible to provide advance notice;**
- (10) **The employer certifies that participation in the shared work plan and its implementation is consistent with the employer's obligation under applicable federal and state laws; and**
- (11) **The shared work plan includes any other provision that the United States Secretary of Labor determines to be appropriate for the purpose of a shared work unemployment compensation program.**

5. If any of the employees who participate in a shared work plan under this section are covered by a collective bargaining agreement, the shared work plan shall be approved in writing by the collective bargaining agent.

6. No shared work plan which will subsidize seasonal employers during the off-season [or subsidize employers, at least fifty percent of the employees of which have normal weekly hours of work equaling thirty-two hours or less,] shall be approved by the division. No shared work plan benefits will be initiated when the reduced hours coincide with holiday earnings already committed to be paid by the employer. Shared work plan benefits may not be denied in any week containing a holiday for which holiday earnings are committed to be paid by the employer unless the shared work benefits to be paid are for the same hours in the same day as the holiday earnings.

7. The division shall approve or deny a shared work plan not later than the thirtieth day after the day on which the shared work plan is received by the division. The division shall approve or deny a plan in writing. If the division denies a plan, the division shall notify the employer of the reasons for the denial. Approval or denial of a plan by the division shall be final and such determination shall be subject to review in the manner otherwise provided by law. If approval of a plan is denied by the division, the employer may submit a new plan to the division for consideration no sooner than forty-five calendar days following the date on which the division disapproved the employer's previously submitted plan.

8. The division may revoke approval of a shared work plan and terminate the plan if it determines that the shared work plan is not being executed according to the terms and intent of the shared work unemployment compensation program, or if it is determined by the division that the approval of the shared work plan was based, in whole or in part, upon information contained in the plan which was either false or substantially misleading.

9. Each shared work plan approved by the division shall become effective on the first day of the week in which it is approved by the division or on a later date as specified in the shared work plan. Each shared work plan approved by the division shall expire on the last day of the twelfth full calendar month after the effective date of such shared work plan.

10. An employer may modify a shared work plan created under this section to meet changed conditions if the modification conforms to the basic provisions of the shared work plan as originally approved by the division. The employer shall report the changes made to the plan in writing to the division at least seven days before implementing such changes. The division shall reevaluate the shared work plan and may approve the modified shared work plan if it meets the requirements for approval under subsection 4 of this section. The approval of a modified shared work plan shall not, under any circumstances, affect the expiration date originally set for the shared work plan. If modifications cause the shared work plan to fail to meet the requirements for approval, the division shall deny approval of the modifications as provided in subsection 7 of this section.

11. Notwithstanding any other provisions of this chapter, an individual is unemployed for the purposes of this section in any week in which the individual, as an employee in an affected unit, works less than his normal weekly hours of work in accordance with an approved shared work plan in effect for that week.

12. An individual who is otherwise entitled to receive regular unemployment insurance benefits under this chapter shall be eligible to receive shared work benefits with respect to any week in which the division finds that:

(1) The individual is employed as a member of an affected unit subject to a shared work plan that was approved before the week in question and is in effect for that week;

(2) Notwithstanding the provisions of subdivision (2) of subsection 1 of section 288.040, the individual is able to work[,] **and** available for [work and works all available] **his or her normal hours of work** with the participating employer;

(3) The individual's normal weekly hours of work have been reduced by at least twenty percent but not more than forty percent, with a corresponding reduction in wages; and

(4) The individual has served a waiting week as defined in section 288.030.

13. A waiting week served under the provisions of subdivision (3) of subsection 1 of section 288.040 shall serve to meet the requirements of subdivision (4) of subsection 12 of this section and a waiting week served under the provisions of subdivision (4) of subsection 12 of this section shall serve to meet the requirements of section 288.040. Notwithstanding any other provisions of this chapter, an individual who files a new initial claim during the pendency of the twelve-month period in which a shared work plan is in effect shall serve a waiting week whether or not the individual has served a waiting week under this subsection.

14. The division shall not deny shared work benefits for any week to an otherwise eligible individual by reason of the application of any provision of this chapter that relates to availability for work, active search for work, [or] refusal to apply for or accept work with an employer other than the participating employer under the plan, **or training that is approved by the director, as provided in section 288.055, such as employer-sponsored training or training funded under the Workforce Investment Act of 1998.**

15. The division shall pay an individual who is eligible for shared work benefits under this section a weekly shared work benefit amount equal to the individual's regular weekly benefit amount for a period of total unemployment less any deductible amounts under this chapter except wages received from any employer, multiplied by the full percentage of reduction in the individual's hours as set forth in the employer's shared work plan. If the shared work benefit amount calculated under this subsection is not a multiple of one dollar, the division shall round the amount so calculated to the next lowest multiple of one dollar. [An individual shall be ineligible for shared work benefits for any week in which the individual performs paid work for the participating employer in excess of the reduced hours established under the shared work plan.]

16. An individual shall not be entitled to receive shared work benefits and regular unemployment compensation benefits in an aggregate amount which exceeds the maximum total amount of benefits payable to that individual in a benefit year as provided under section [288.038] **288.060**. Notwithstanding any other provisions of this chapter, an individual shall not be eligible to receive shared work benefits for more than fifty-two calendar weeks during the twelve-month period of the shared work plan. No week shall be counted as a week of unemployment for the purposes of this subsection unless it occurs within the twelve-month period of the shared work plan.

17. [Notwithstanding any other provision of this chapter, all benefits paid under a shared work plan which are chargeable to the participating employer or any other base period employer of a participating employee shall be charged to the account of the participating employer under the plan.] **Notwithstanding any other provision of this chapter, all benefits paid under a shared work plan which are chargeable to the participating employer or any other base period employer shall be charged to employers in the same manner as regular unemployment benefits are chargeable under chapter 288.**

18. An individual who has received all of the shared work benefits and regular unemployment compensation benefits available in a benefit year is an exhaustee under section 288.062 and is entitled to receive extended benefits under section 288.062 if the individual is otherwise eligible under that section.

19. If the United States Secretary of Labor determines any provision of this section to be nonconforming with federal law, the nonconforming provision shall not affect the validity of the remaining provisions of this section.

SECTION B. EMERGENCY CLAUSE. — Because of the need to conform with federal requirements for shared work compensation programs, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the child are not the alleged [abusers] **perpetrators**, a parent of the child must be notified prior to the child being interviewed by the division. No person responding to or investigating a child abuse and neglect report shall call prior to a home visit or leave any documentation of any attempted visit, such as business cards, pamphlets, or other similar identifying information if he or she has a reasonable basis to believe the following factors are present:

- (1) (a) No person is present in the home at the time of the home visit; and
 - (b) The alleged perpetrator resides in the home or the physical safety of the child may be compromised if the alleged perpetrator becomes aware of the attempted visit;
-

- (2) The alleged perpetrator will be alerted regarding the attempted visit; or
- (3) The family has a history of domestic violence or fleeing the community.

If the alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall provide written material to the alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, child care facility shall have the same meaning as such term is defined in section 210.201.

7. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.

8. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

9. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

10. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

11. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

12. For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, foster parents, the legal guardian or custodian of the child, the guardian ad litem for the child, and the volunteer advocate for the child shall be

provided notice and be permitted to attend all such meetings. Family members, other than alleged perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

13. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

14. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

(1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

(2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

15. **(1)** Within [thirty] **forty-five** days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within [thirty] **forty-five** days, unless good cause for the failure to complete the investigation is **specifically** documented in the information system. **Good cause for failure to complete an investigation shall include, but not be limited to:**

(a) The necessity to obtain relevant reports of medical providers, medical examiners, psychological testing, law enforcement agencies, forensic testing, and analysis of relevant evidence by third parties which has not been completed and provided to the division;

(b) The attorney general or the prosecuting or circuit attorney of the city or county in which a criminal investigation is pending certifies in writing to the division that there is a pending criminal investigation of the incident under investigation by the division and the issuing of a decision by the division will adversely impact the progress of the investigation; or

(c) The child victim, the subject of the investigation or another witness with information relevant to the investigation is unable or temporarily unwilling to provide

complete information within the specified time frames due to illness, injury, unavailability, mental capacity, age, developmental disability, or other cause.

The division shall document any such reasons for failure to complete the investigation.

(2) If [a child involved in a pending investigation dies] **a child fatality or near-fatality is involved in a report of abuse or neglect**, the investigation shall remain open until the division's investigation surrounding [the death] **such death or near-fatal injury** is completed.

(3) If the investigation is not completed within [thirty] **forty-five** days, the information system shall be updated at regular intervals and upon the completion of the investigation, **which shall be completed no later than ninety days after receipt of a report of abuse or neglect, or one hundred and twenty days after receipt of a report of abuse or neglect involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality.** The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

16. A person required to report under section 210.115 to the division and any person making a report of child abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. Such person may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the reporter within five days of the outcome of the investigation. If the report is determined to be unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for children's protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for children's protection and services.

17. The division shall provide to any individual who is not satisfied with the results of an investigation information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.

18. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However:

(1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made; and

(2) The court may on its own motion, or shall if requested by a party to the proceeding, make an inquiry not on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its investigation.

19. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

20. The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109 to 210.183.

21. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and

is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

210.152. REPORTS OF ABUSE OR NEGLECT — DIVISION TO RETAIN CERTAIN INFORMATION — CONFIDENTIAL, RELEASED ONLY TO AUTHORIZED PERSONS — REPORT REMOVAL, WHEN — NOTICE OF AGENCY'S DETERMINATION TO RETAIN OR REMOVE, SENT WHEN — CASE REOPENED, WHEN — ADMINISTRATIVE REVIEW OF DETERMINATION — DE NOVO JUDICIAL REVIEW. — 1. All identifying information, including telephone reports reported pursuant to section 210.145, relating to reports of abuse or neglect received by the division shall be retained by the division and removed from the records of the division as follows:

(1) For investigation reports contained in the central registry, identifying information shall be retained by the division;

(2) (a) For investigation reports initiated against a person required to report pursuant to section 210.115, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment or in retaliation for the filing of a report by a person required to report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(b) For investigation reports, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment or in retaliation for the filing of a report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(c) For investigation reports initiated by a person required to report under section 210.115, where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for five years from the conclusion of the investigation. For all other investigation reports where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for two years from the conclusion of the investigation. Such reports shall include any exculpatory evidence known by the division, including exculpatory evidence obtained after the closing of the case. At the end of such time period, the identifying information shall be removed from the records of the division and destroyed;

(3) For reports where the division uses the family assessment and services approach, identifying information shall be retained by the division;

(4) For reports in which the division is unable to locate the child alleged to have been abused or neglected, identifying information shall be retained for ten years from the date of the report and then shall be removed from the records of the division.

2. Within ninety days, or **within one hundred twenty days in cases involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality**, after receipt of a report of abuse or neglect that is investigated, the alleged perpetrator named in the report and the parents of the child named in the report, if the alleged perpetrator is not a parent, shall be notified in writing of any determination made by the division based on the investigation. The notice shall advise either:

(1) That the division has determined by a probable cause finding prior to August 28, 2004, or by a preponderance of the evidence after August 28, 2004, that abuse or neglect exists and that the division shall retain all identifying information regarding the abuse or neglect; that such information shall remain confidential and will not be released except to law enforcement agencies, prosecuting or circuit attorneys, or as provided in section 210.150; that the alleged perpetrator has sixty days from the date of receipt of the notice to seek reversal of the division's determination through a review by the child abuse and neglect review board as provided in subsection 4 of this section; or

(2) That the division has not made a probable cause finding or determined by a preponderance of the evidence that abuse or neglect exists.

3. The children's division may reopen a case for review at the request of the alleged perpetrator, the alleged victim, or the office of the child advocate if new, specific, and credible evidence is obtained that the division's decision was based on fraud or misrepresentation of material facts relevant to the division's decision and there is credible evidence that absent such fraud or misrepresentation the division's decision would have been different. If the alleged victim is under the age of eighteen, the request for review may be made by the alleged victim's parent, legal custodian, or legal guardian. All requests to reopen an investigation for review shall be made within a reasonable time and not more than one year after the children's division made its decision. The division shall not reopen a case for review based on any information which the person requesting the review knew, should have known, or could by the exercise of reasonable care have known before the date of the division's final decision in the case, unless the person requesting the review shows by a preponderance of the evidence that he or she could not have provided such information to the division before the date of the division's final decision in the case. Any person, other than the office of the child advocate, who makes a request to reopen a case for review based on facts which the person knows to be false or misleading or who acts in bad faith or with the intent to harass the alleged victim or perpetrator shall not have immunity from any liability, civil or criminal, for providing the information and requesting that the division reopen the investigation. Any person who makes a request to reopen an investigation based on facts which the person knows to be false shall be guilty of a class A misdemeanor. The children's division shall not reopen an investigation under any circumstances while the case is pending before a court of this state nor when a court has entered a final judgment after de novo judicial review pursuant to this section.

4. Any person named in an investigation as a perpetrator who is aggrieved by a determination of abuse or neglect by the division as provided in this section may seek an administrative review by the child abuse and neglect review board pursuant to the provisions of section 210.153. Such request for review shall be made within sixty days of notification of the division's decision under this section. In those cases where criminal charges arising out of facts of the investigation are pending, the request for review shall be made within sixty days from the court's final disposition or dismissal of the charges.

5. In any such action for administrative review, the child abuse and neglect review board shall sustain the division's determination if such determination was supported by evidence of probable cause prior to August 28, 2004, or is supported by a preponderance of the evidence after August 28, 2004, and is not against the weight of such evidence. The child abuse and neglect review board hearing shall be closed to all persons except the parties, their attorneys and those persons providing testimony on behalf of the parties.

6. If the alleged perpetrator is aggrieved by the decision of the child abuse and neglect review board, the alleged perpetrator may seek de novo judicial review in the circuit court in the county in which the alleged perpetrator resides and in circuits with split venue, in the venue in which the alleged perpetrator resides, or in Cole County. If the alleged perpetrator is not a resident of the state, proper venue shall be in Cole County. The case may be assigned to the family court division where such a division has been established. The request for a judicial review shall be made within sixty days of notification of the decision of the child abuse and neglect review board decision. In reviewing such decisions, the circuit court shall provide the alleged perpetrator the opportunity to appear and present testimony. The alleged perpetrator may subpoena any witnesses except the alleged victim or the reporter. However, the circuit court shall have the discretion to allow the parties to submit the case upon a stipulated record.

7. In any such action for administrative review, the child abuse and neglect review board shall notify the child or the parent, guardian or legal representative of the child that a review has been requested.

210.160. GUARDIAN AD LITEM, HOW APPOINTED — WHEN — FEE — VOLUNTEER ADVOCATES MAY BE APPOINTED TO ASSIST GUARDIAN — TRAINING PROGRAM. — 1. In every case involving an abused or neglected child which results in a judicial proceeding, the judge shall appoint a guardian ad litem to appear for and represent:

(1) A child who is the subject of proceedings pursuant to sections 210.110 to 210.165 **except proceedings under subsection 6 of section 210.152**, sections 210.700 to 210.760, sections 211.442 to 211.487, or sections 453.005 to 453.170, or proceedings to determine custody or visitation rights under sections 452.375 to 452.410; or

(2) A parent who is a minor, or who is a mentally ill person or otherwise incompetent, and whose child is the subject of proceedings under sections 210.110 to 210.165, sections 210.700 to 210.760, sections 211.442 to 211.487, or sections 453.005 to 453.170.

2. The judge, either sua sponte or upon motion of a party, may appoint a guardian ad litem to appear for and represent an abused or neglected child involved in proceedings arising under subsection 6 of section 210.152.

[2.] **3.** The guardian ad litem shall be provided with all reports relevant to the case made to or by any agency or person, shall have access to all records of such agencies or persons relating to the child or such child's family members or placements of the child, and upon appointment by the court to a case, shall be informed of and have the right to attend any and all family support team meetings involving the child. Employees of the division, officers of the court, and employees of any agency involved shall fully inform the guardian ad litem of all aspects of the case of which they have knowledge or belief.

[3.] **4.** The appointing judge shall require the guardian ad litem to faithfully discharge such guardian ad litem's duties, and upon failure to do so shall discharge such guardian ad litem and appoint another. The appointing judge shall have the authority to examine the general and criminal background of persons appointed as guardians ad litem, including utilization of the family care safety registry and access line pursuant to sections 210.900 to 210.937, to ensure the safety and welfare of the children such persons are appointed to represent. The judge in making appointments pursuant to this section shall give preference to persons who served as guardian ad litem for the child in the earlier proceeding, unless there is a reason on the record for not giving such preference.

[4.] **5.** The guardian ad litem may be awarded a reasonable fee for such services to be set by the court. The court, in its discretion, may award such fees as a judgment to be paid by any party to the proceedings or from public funds. However, no fees as a judgment shall be taxed against a party or parties who have not been found to have abused or neglected a child or children. Such an award of guardian fees shall constitute a final judgment in favor of the guardian ad litem. Such final judgment shall be enforceable against the parties in accordance with chapter 513.

[5.] **6.** The court may designate volunteer advocates, who may or may not be attorneys licensed to practice law, to assist in the performance of the guardian ad litem duties for the court. Nonattorney volunteer advocates shall not provide legal representation. The court shall have the authority to examine the general and criminal background of persons designated as volunteer advocates, including utilization of the family care safety registry and access line pursuant to sections 210.900 to 210.937, to ensure the safety and welfare of the children such persons are designated to represent. The volunteer advocate shall be provided with all reports relevant to the case made to or by any agency or person, shall have access to all records of such agencies or persons relating to the child or such child's family members or placements of the child, and upon designation by the court to a case, shall be informed of and have the right to attend any and all family support team meetings involving the child. Any such designated person shall receive no compensation from public funds. This shall not preclude reimbursement for reasonable expenses.

[6.] **7.** Any person appointed to perform guardian ad litem duties shall have completed a training program in permanency planning and shall advocate for timely court hearings whenever

possible to attain permanency for a child as expeditiously as possible to reduce the effects that prolonged foster care may have on a child. A nonattorney volunteer advocate shall have access to a court appointed attorney guardian ad litem should the circumstances of the particular case so require.

210.183. ALLEGED PERPETRATOR TO BE PROVIDED WRITTEN DESCRIPTION OF INVESTIGATION PROCESS. — 1. At the time of the initial investigation of a report of child abuse or neglect, the division employee conducting the investigation shall provide the alleged perpetrator with a written description of the investigation process. Such written notice shall be given substantially in the following form:

"The investigation is being undertaken by the Children's Division pursuant to the requirements of chapter 210 of the Revised Missouri Statutes in response to a report of child abuse or neglect.

The identity of the person who reported the incident of abuse or neglect is confidential and may not even be known to the Division since the report could have been made anonymously.

This investigation is required by law to be conducted in order to enable the Children's Division to identify incidents of abuse or neglect in order to provide protective or preventive social services to families who are in need of such services.

The division shall make every reasonable attempt to complete the investigation within [thirty days, except if a child involved in the pending investigation dies the investigation shall remain open until the division's investigation surrounding the death is completed.] **forty-five days, except for good cause which shall be documented, otherwise, within ninety days, or one hundred and twenty days after receipt of a report of abuse or neglect involving sexual abuse, or when the division's investigation is complete in cases involving a child fatality or near-fatality,** you will receive a letter from the Division which will inform you of one of the following:

- (1) That the Division has found insufficient evidence of abuse or neglect; or
- (2) That there appears to be by a preponderance of the evidence reason to suspect the existence of child abuse or neglect in the judgment of the Division and that the Division will contact the family to offer social services.

If the Division finds by a preponderance of the evidence reason to believe child abuse or neglect has occurred or the case is substantiated by court adjudication, a record of the report and information gathered during the investigation will remain on file with the Division.

If you disagree with the determination of the Division and feel that there is insufficient reason to believe by a preponderance of the evidence that abuse or neglect has occurred, you have a right to request an administrative review at which time you may hire an attorney to represent you. If you request an administrative review on the issue, you will be notified of the date and time of your administrative review hearing by the child abuse and neglect review board. If the Division's decision is reversed by the child abuse and neglect review board, the Division records concerning the report and investigation will be updated to reflect such finding. If the child abuse and neglect review board upholds the Division's decision, an appeal may be filed in circuit court within sixty days of the child abuse and neglect review board's decision."

2. If the division uses the family assessment approach, the division shall at the time of the initial contact provide the parent of the child with the following information:

- (1) The purpose of the contact with the family;
- (2) The name of the person responding and his or her office telephone number;
- (3) The assessment process to be followed during the division's intervention with the family including the possible services available and expectations of the family.

210.211. LICENSE REQUIRED — EXCEPTIONS — DISCLOSURE OF LICENSURE STATUS, WHEN. — 1. It shall be unlawful for any person to establish, maintain or operate a child-care facility for children, or to advertise or hold himself or herself out as being able to perform any

of the services as defined in section 210.201, without having in effect a written license granted by the department of health and senior services; except that nothing in sections 210.203 to 210.245 shall apply to:

(1) Any person who is caring for four or fewer children. For purposes of this subdivision, children who are related by blood, marriage or adoption to such person within the third degree shall not be considered in the total number of children being cared for;

(2) Any person who has been duly appointed by a court of competent jurisdiction the guardian of the person of the child or children, or the person who has legal custody of the child or children;

(3) Any person who receives free of charge, and not as a business, for periods not exceeding ninety consecutive days, as bona fide, occasional and personal guests the child or children of personal friends of such person, and who receives custody of no other unrelated child or children;

(4) Any graded boarding school, summer camp, hospital, sanitarium or home which is conducted in good faith primarily to provide education, recreation, medical treatment, or nursing or convalescent care for children;

(5) Any child-care facility maintained or operated under the exclusive control of a religious organization. When a nonreligious organization, having as its principal purpose the provision of child-care services, enters into an arrangement with a religious organization for the maintenance or operation of a child-care facility, the facility is not under the exclusive control of the religious organization;

(6) Any residential facility or day program licensed by the department of mental health pursuant to sections 630.705 to 630.760 which provides care, treatment and habilitation exclusively to children who have a primary diagnosis of mental disorder, mental illness, mental retardation or developmental disability, as defined in section 630.005; and

(7) Any nursery school.

2. Notwithstanding the provisions of subsection 1 of this section, no child-care facility shall be exempt from licensure if such facility receives any state or federal funds for providing care for children, except for federal funds for those programs which meet the requirements for participation in the Child and Adult Care Food Program pursuant to 42 U.S.C. 1766. Grants to parents for child care pursuant to sections 210.201 to 210.257 shall not be construed to be funds received by a person or facility listed in subdivisions (1) and (5) of subsection 1 of this section.

3. Any child care facility not exempt from licensure shall disclose the licensure status of the facility to the parents or guardians of children for which the facility provides care. No child care facility exempt from licensure shall represent to any parent or guardian of children for which the facility provides care that the facility is licensed when such facility is in fact not licensed.

4. Any in-home licensed child care facility that is organized as a corporation, association, firm, partnership, proprietorship, limited liability company, or any other type of business entity in this state shall qualify for the exemption for related children for children who are related to the member of the corporation, association, firm, partnership, proprietorship, limited liability company, or other type of business entity who is responsible for the daily operation of the child care facility and who meets the requirements of the child care provider. If more than one member of the corporation, association, firm, partnership, proprietorship, limited liability company, or other type of business entity is responsible for the daily operation of the child care facility, the exemption for related children shall only be granted for children who are related to one of the members. All child care facilities under this subsection shall disclose the licensure status of the facility to the parents or guardians of children for which the facility provides care. A parent or guardian shall sign a written notice indicating he or she is aware of the licensure status of the facility. The facility shall keep a copy of this signed written notice on file. All child care facilities shall provide the parent or guardian enrolling a child in the facility with a written explanation of the disciplinary philosophy and policies of the child care facility.

1. The procedure to be followed at the hearing shall be determined by the juvenile court judge and may be as formal or informal as he or she considers desirable, consistent with constitutional and statutory requirements. The judge may take testimony and inquire into the habits, surroundings, conditions and tendencies of the child and the family to enable the court to render such order or judgment as will best promote the welfare of the child and carry out the objectives of this chapter.

2. The hearing may, in the discretion of the court, proceed in the absence of the child and may be adjourned from time to time.

3. The current foster parents of a child, or any preadoptive parent or relative currently providing care for the child, shall be provided with notice of, and an opportunity to be heard in, any hearing to be held with respect to the child, **and a foster parent shall have standing to participate in all court hearings pertaining to a child in their care.** [This subsection shall not be construed to require that any such foster parent, preadoptive parent or relative providing care for a child be made a party to the case solely on the basis of such notice and opportunity to be heard.]

4. All cases of children shall be heard separately from the trial of cases against adults.

5. Stenographic notes or an authorized recording of the hearing shall be required if the court so orders or, if requested by any party interested in the proceeding.

6. The general public shall be excluded and only such persons admitted as have a direct interest in the case or in the work of the court except in cases where the child is accused of conduct which, if committed by an adult, would be considered a class A or B felony; or for conduct which would be considered a class C felony, if the child has previously been formally adjudicated for the commission of two or more unrelated acts which would have been class A, B or C felonies, if committed by an adult.

7. The practice and procedure customary in proceedings in equity shall govern all proceedings in the juvenile court; except that, the court shall not grant a continuance in such proceedings absent compelling extenuating circumstances, and in such cases, the court shall make written findings on the record detailing the specific reasons for granting a continuance.

8. The court shall allow the victim of any offense to submit a written statement to the court. AN ACT to repeal section 508.010, RSMo, and to enact in lieu thereof one new section relating to venue for injury outside the state of Missouri in connection with railroad operations.

SECTION

A. Enacting clause.

508.010. Venue for nontort and tort suits — principal place of residence, defined.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 508.010, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 508.010, to read as follows:

As used in this section, "principal place of residence" shall mean the county which is the main place where an individual resides in the state of Missouri. There shall be a rebuttable presumption that the county of voter registration at the time of injury is the principal place of residence. There shall be only one principal place of residence.

2. In all actions in which there is no count alleging a tort, venue shall be determined as follows:

(1) When the defendant is a resident of the state, either in the county within which the defendant resides, or in the county within which the plaintiff resides, and the defendant may be found;

(2) When there are several defendants, and they reside in different counties, the suit may be brought in any such county;

(3) When there are several defendants, some residents and others nonresidents of the state, suit may be brought in any county in this state in which any defendant resides;

5. Notwithstanding any other provision of law, in all actions in which there is any count alleging a tort and in which the plaintiff was first injured outside the state of Missouri, venue shall be determined as follows:

(1) If the defendant is a corporation, then venue shall be in any county where a defendant corporation's registered agent is located or, if the plaintiff's principal place of residence was in the state of Missouri on the date the plaintiff was first injured, then venue may be in the county of the plaintiff's principal place of residence on the date the plaintiff was first injured;

(2) If the defendant is an individual, then venue shall be in any county of the individual defendant's principal place of residence in the state of Missouri or, if the plaintiff's principal place of residence was in the state of Missouri on the date the plaintiff was first injured, then venue may be in the county containing the plaintiff's principal place of residence on the date the plaintiff was first injured;

7. In all actions, process shall be issued by the court in which the action is filed and process may be served in any county within the state.

8. In any action for defamation or for invasion of privacy, the plaintiff shall be considered first injured in the county in which the defamation or invasion was first published.

9. In all actions, venue shall be determined as of the date the plaintiff was first injured.

10. All motions to dismiss or to transfer based upon a claim of improper venue shall be deemed granted if not denied within ninety days of filing of the motion unless such time period is waived in writing by all parties.

11. In a wrongful death action, the plaintiff shall be considered first injured where the decedent was first injured by the wrongful acts or negligent conduct alleged in the action. In any

spouse's claim for loss of consortium, the plaintiff claiming consortium shall be considered first injured where the other spouse was first injured by the wrongful acts or negligent conduct alleged in the action.

12. The provisions of this section shall apply irrespective of whether the defendant is a for-profit or a not-for-profit entity.

13. In any civil action, if all parties agree in writing to a change of venue, the court shall transfer venue to the county within the state unanimously chosen by the parties. If any parties are added to the cause of action after the date of said transfer who do not consent to said transfer then the cause of action shall be transferred to such county in which venue is appropriate under this section, based upon the amended pleadings.

The order or ordinance shall not become effective unless the governing body of the county submits to the voters residing within the county at a state general, primary, or special election a proposal to authorize the governing body of the county to impose a tax under this section.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the political subdivision) impose a sales tax at a rate of (insert rate of percent) percent, solely for the purpose of funding improvements to transportation infrastructure?

YES NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a

majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any county, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525, governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525.

6. The governing body of any county that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the county and shall submit such question at least every four years. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the political subdivision) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of funding improvements to transportation infrastructure?

YES

NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director shall remit the balance in the account to the county and close the account of that county. The director shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

The tax authorized by this section shall be in addition to the charge for the sleeping room and shall be in addition to any and all taxes imposed by law and the proceeds of such tax shall be used by the county solely for the promotion of tourism. TUITION — ACCOUNTING OF SCHOOL MONEYS, FUNDS — USES — TRANSFERS TO AND FROM INCIDENTAL FUND, WHEN — EFFECT OF UNLAWFUL TRANSFERS — TRANSFERS TO DEBT SERVICE FUND, WHEN — ONE-TIME TRANSFER FOR CARTHAGE SCHOOL DISTRICT. — 1. The following funds are created for the accounting of all school moneys: teachers' fund, incidental fund, capital projects fund and debt service fund. The treasurer of the school district shall open an account for each fund specified in this section, and all moneys received from the county school fund and all moneys derived from taxation for teachers' wages shall be placed to the credit of the teachers' fund. All tuition fees, state moneys received under section 163.031, and all other moneys received from the state except as herein provided shall be placed to the credit of the teachers' and incidental funds at the discretion of the district board of education, except as provided in subsection 6 of section 163.031. Money received from other districts for transportation and money derived from taxation for incidental expenses shall be credited to the incidental fund. All money derived from taxation or received from any other source for the erection of buildings or additions thereto and the remodeling or reconstruction of buildings and the furnishing thereof, for the payment of lease-purchase obligations, for the purchase of real estate, or from sale of real estate, schoolhouses or other buildings of any kind, or school furniture, from insurance, from sale of bonds other than

refunding bonds shall be placed to the credit of the capital projects fund. All moneys derived from the sale or lease of sites, buildings, facilities, furnishings, and equipment by a school district as authorized under section 177.088 shall be credited to the capital projects fund. Money derived from taxation for the retirement of bonds and the payment of interest thereon shall be credited to the debt service fund, which shall be maintained as a separate bank account. Receipts from delinquent taxes shall be allocated to the several funds on the same basis as receipts from current taxes, except that where the previous years' obligations of the district would be affected by such distribution, the delinquent taxes shall be distributed according to the tax levies made for the years in which the obligations were incurred. All refunds received shall be placed to the credit of the fund from which the original expenditures were made. Money donated to the school districts shall be placed to the credit of the fund where it can be expended to meet the purpose for which it was donated and accepted. Money received from any other source whatsoever shall be placed to the credit of the fund or funds designated by the board.

2. The school board may transfer any portion of the unrestricted balance remaining in the incidental fund to the teachers' fund. Any district that uses an incidental fund transfer to pay for more than twenty-five percent of the annual certificated compensation obligation of the district and has an incidental fund balance on June thirtieth in any year in excess of fifty percent of the combined incidental teachers' fund expenditures for the fiscal year just ended shall be required to transfer the excess from the incidental fund to the teachers' fund. If a balance remains in the debt service fund, after the total outstanding indebtedness for which the fund was levied is paid, the board may transfer the unexpended balance to the capital projects fund. If a balance remains in the bond proceeds after completion of the project for which the bonds were issued, the balance shall be transferred from the incidental or capital projects fund to the debt service fund. After making all placements of interest otherwise provided by law, a school district may transfer from the capital projects fund to the incidental fund the interest earned from undesignated balances in the capital projects fund. A school district may borrow from one of the following funds: teachers' fund, incidental fund, or capital projects fund, as necessary to meet obligations in another of those funds; provided that the full amount is repaid to the lending fund within the same fiscal year.

3. Tuition shall be paid from either the teachers' or incidental funds. Employee benefits for certificated staff shall be paid from the teachers' fund.

4. Other provisions of law to the contrary notwithstanding, the school board of a school district that meets the provisions of subsection 6 of section 163.031 may transfer from the incidental fund to the capital projects fund the sum of:

(1) The amount to be expended for transportation equipment that is considered an allowable cost under state board of education rules for transportation reimbursements during the current year; plus

(2) Any amount necessary to satisfy obligations of the capital projects fund for state-approved area vocational-technical schools; plus

(3) Current year obligations for lease-purchase obligations entered into prior to January 1, 1997; plus

(4) The amount necessary to repay costs of one or more guaranteed energy savings performance contracts to renovate buildings in the school district, provided that the contract is only for energy conservation measures as defined in section 640.651 and provided that the contract specifies that no payment or total of payments shall be required from the school district until at least an equal total amount of energy and energy-related operating savings and payments from the vendor pursuant to the contract have been realized by the school district; plus

(5) An amount not to exceed the greater of:

(a) One hundred sixty-two thousand three hundred twenty-six dollars; or

(b) Seven percent of the state adequacy target multiplied by the district's weighted average daily attendance, provided that transfer amounts in excess of current year obligations of the capital projects fund authorized under this subdivision may be transferred only by a resolution

of the school board approved by a majority of the board members in office when the resolution is voted on and identifying the specific capital projects to be funded directly by the district by the transferred funds and an estimated expenditure date.

5. Beginning in the 2006-07 school year, a district meeting the provisions of subsection 6 of section 163.031 and not making the transfer under subdivision (5) of subsection 4 of this section, nor making payments or expenditures related to obligations made under section 177.088 may transfer from the incidental fund to the debt service fund or the capital projects fund the greater of:

(1) The state aid received in the 2005-06 school year as a result of no more than eighteen cents of the sum of the debt service and capital projects levy used in the foundation formula and placed in the respective debt service or capital projects fund, whichever fund had the designated tax levy; or

(2) Five percent of the state adequacy target multiplied by the district's weighted average daily attendance.

6. A district with territory in a county of the first classification with more than one hundred fifteen thousand but fewer than one hundred fifty thousand inhabitants that maintains the district office in a home rule city with more than thirteen thousand five hundred but fewer than fifteen thousand inhabitants shall be permitted a one-time transfer during school year 2014-15 of unrestricted funds from the incidental fund to the capital projects fund in an amount that leaves the incidental fund at a balance no lower than twenty percent for the purpose of constructing capital projects to improve student safety.

7. Beginning in the 2006-07 school year, the department of elementary and secondary education shall deduct from a school district's state aid calculated pursuant to section 163.031 an amount equal to the amount of any transfer of funds from the incidental fund to the capital projects fund or debt service fund performed during the previous year in violation of this section; except that the state aid shall be deducted over no more than five school years following the school year of an unlawful transfer based on a plan from the district approved by the commissioner of elementary and secondary education.

[7.] **8.** A school district may transfer unrestricted funds from the capital projects fund to the incidental fund in any year to avoid becoming financially stressed as defined in subsection 1 of section 161.520. If on June thirtieth of any fiscal year the sum of unrestricted balances in a school district's incidental fund and teacher's fund is less than twenty percent of the sum of the school district's expenditures from those funds for the fiscal year ending on that June thirtieth, the school district may, during the next succeeding fiscal year, transfer to its incidental fund an amount up to and including the amount of the unrestricted balance in its capital projects fund on that June thirtieth. For purposes of this subsection, in addition to any other restrictions that may apply to funds in the school district's capital projects fund, any funds that are derived from the proceeds of one or more general obligation bond issues shall be considered restricted funds and shall not be transferred to the school district's incidental fund.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a maternity home.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a maternity home or homes in such taxpayer's taxable year has a value of at least one hundred dollars.

Maternity homes shall be permitted to decline a contribution from a taxpayer. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to maternity homes in any one fiscal year shall not exceed two million dollars **for all fiscal years ending on or before June 30, 2014, and two million five hundred thousand dollars for all fiscal years beginning on or after July 1, 2014.**

If a maternity home fails to use all, or some percentage to be determined by the director of the department of social services, of its apportioned tax credits during this predetermined period of time, the director of the department of social services may reapportion these unused tax credits to those maternity homes that have used all, or some percentage to be determined by the director of the department of social services, of their apportioned tax credits during this predetermined period of time. The director of the department of social services may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of the department of social services shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

4. Except for any excess credit which is carried over pursuant to subsection 3 of this section, a taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a pregnancy resource center or centers in such taxpayer's taxable year has a value of at least one hundred dollars.

5. The director shall determine, at least annually, which facilities in this state may be classified as pregnancy resource centers. The director may require of a facility seeking to be classified as a pregnancy resource center whatever information which is reasonably necessary to make such a determination. 6. The director shall establish a procedure by which a taxpayer can determine if a facility has been classified as a pregnancy resource center. 7. The director shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director, the cumulative amount of tax credits are equally apportioned among all facilities classified as pregnancy resource centers. If a pregnancy resource center fails to use all, or some percentage to be determined by the director, of its apportioned tax credits during this predetermined period of time, the director may reapportion these unused tax credits to those pregnancy resource centers that have used all, or some percentage to be determined by the director, of their apportioned tax credits during this predetermined period of time. The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. Each pregnancy resource center shall provide information to the director concerning the identity of each taxpayer making a contribution to the pregnancy resource center who is claiming a tax credit pursuant to this section and the amount of the contribution. The director shall provide the information to the director of revenue. (3) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits.

(2) For all tax years beginning on or after January 1, 2007, any taxpayer who donates cash or food, unless such food is donated after the food's expiration date, to any local food pantry shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to fifty percent of the value of the donations made to the extent such amounts that have been subtracted from federal adjusted gross income or federal taxable income are added back in the determination of Missouri adjusted gross income or Missouri taxable income before the credit can be claimed. Each taxpayer claiming a tax credit under this section shall file an affidavit with the income tax return verifying the amount of their contributions. The amount of the tax credit claimed shall not exceed the amount

of the taxpayer's state tax liability for the tax year that the credit is claimed, and shall not exceed two thousand five hundred dollars per taxpayer claiming the credit. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's three subsequent taxable years. No tax credit granted under this section shall be transferred, sold, or assigned. No taxpayer shall be eligible to receive a credit pursuant to this section if such taxpayer employs persons who are not authorized to work in the United States under federal law.

3. The cumulative amount of tax credits under this section which may be allocated to all taxpayers contributing to a local food pantry in any one fiscal year shall not exceed one million [two] **seven** hundred fifty thousand dollars. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

4. Any local food pantry may accept or reject any donation of food made under this section for any reason. For purposes of this section, any donations of food accepted by a local food pantry shall be valued at fair market value, or at wholesale value if the taxpayer making the donation of food is a retail grocery store, food broker, wholesaler, or restaurant.

5. The department of revenue shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

6. Under section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall be reauthorized as of March 29, 2013, and shall expire on December 31, 2019, unless reauthorized by the general assembly; and

gestational increments from conception to full term, including color photographs or images of the developing unborn child at two-week gestational increments. Such descriptions shall include information about brain and heart functions, the presence of external members and internal organs during the applicable stages of development and information on when the unborn child is viable. The printed materials shall prominently display the following statement: "The life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being.";

(3) The physician who is to perform or induce the abortion or a qualified professional has presented the woman, in person, printed materials provided by the department, which describe the various surgical and drug-induced methods of abortion relevant to the stage of pregnancy, as well as the immediate and long-term medical risks commonly associated with each abortion method including, but not limited to, infection, hemorrhage, cervical tear or uterine perforation, harm to subsequent pregnancies or the ability to carry a subsequent child to term, and the possible adverse psychological effects associated with an abortion;

The person conducting the ultrasound shall ensure that the active ultrasound image is of a quality consistent with standard medical practice in the community, contains the dimensions of the unborn child, and accurately portrays the presence of external members and internal organs, if present or viewable, of the unborn child. The auscultation of fetal heart tone must also be of a quality consistent with standard medical practice in the community. Such materials shall provide a comprehensive list by geographical area of the agencies, a description of the services they offer, and the telephone numbers and addresses of the agencies; provided that such materials shall not include any programs, services, organizations, or affiliates of organizations that perform or induce, or assist in the performing or inducing[,] of, abortions or that refer for abortions;

(b) Explain the Missouri alternatives to abortion services program under section 188.325, and any other programs and services available to pregnant women and mothers of newborn children offered by public or private agencies which assist a woman in carrying her unborn child to term and assist her in caring for her dependent child or placing her child for adoption, including but not limited to prenatal care; maternal health care; newborn or infant care; mental health services; professional counseling services; housing programs; utility assistance; transportation services; food, clothing, and supplies related to pregnancy; parenting skills; educational programs; job training and placement services; drug and alcohol testing and treatment; and adoption assistance;

The state of Missouri encourages you to contact those agencies before making a final decision about abortion. State law requires that your physician or a qualified professional give you the opportunity to call agencies like these before you undergo an abortion.";

(7) The physician who is to perform or induce the abortion or a qualified professional has presented the woman, in person, printed materials provided by the department explaining that the father of the unborn child is liable to assist in the support of the child, even in instances where he has offered to pay for the abortion. (8) The physician who is to perform or induce the abortion or a qualified professional shall inform the woman that she is free to withhold or withdraw her consent to the abortion at any time without affecting her right to future care or treatment and without the loss of any state or federally funded benefits to which she might otherwise be entitled.

All information required to be provided to a woman considering abortion by subsection 1 of this section shall be presented to the woman individually, in the physical presence of the woman and in a private room, to protect her privacy, to maintain the confidentiality of her decision, to ensure that the information focuses on her individual circumstances, to ensure she has an adequate opportunity to ask questions, and to ensure that she is not a victim of coerced abortion. Should a woman be unable to read materials provided to her, they shall be read to her. Should a woman need an interpreter to understand the information presented in the written

materials, an interpreter shall be provided to her. Should a woman ask questions concerning any of the information or materials, answers shall be provided in a language she can understand.

3. No abortion shall be performed or induced unless and until the woman upon whom the abortion is to be performed or induced certifies in writing on a checklist form provided by the department that she has been presented all the information required in subsection 1 of this section, that she has been provided the opportunity to view an active ultrasound image of the unborn child and hear the heartbeat of the unborn child if it is audible, and that she further certifies that she gives her voluntary and informed consent, freely and without coercion, to the abortion procedure.

4. No abortion shall be performed or induced on an unborn child of twenty-two weeks gestational age or older unless and until the woman upon whom the abortion is to be performed or induced has been provided the opportunity to choose to have an anesthetic or analgesic administered to eliminate or alleviate pain to the unborn child caused by the particular method of abortion to be performed or induced. The administration of anesthesia or analgesics shall be performed in a manner consistent with standard medical practice in the community.

5. No physician shall perform or induce an abortion unless and until the physician has obtained from the woman her voluntary and informed consent given freely and without coercion. If the physician has reason to believe that the woman is being coerced into having an abortion, the physician or qualified professional shall inform the woman that services are available for her and shall provide her with private access to a telephone and information about such services, including but not limited to the following:

This certification shall be signed by the physician who performed or induced the abortion, and shall be maintained under section 188.060.

8. No person or entity shall require, obtain, or accept payment for an abortion from or on behalf of a patient until at least [twenty-four] **seventy-two** hours have passed since the time that the information required by subsection 1 **of this section** has been provided to the patient. Nothing in this subsection shall prohibit a person or entity from notifying the patient that payment for the abortion will be required after the [twenty-four-hour] **seventy-two-hour** period has expired if she voluntarily chooses to have the abortion.

9. The term "qualified professional" as used in this section shall refer to a physician, physician assistant, registered nurse, licensed practical nurse, psychologist, licensed professional counselor, or licensed social worker, licensed or registered under chapter 334, 335, or 337, acting under the supervision of the physician performing or inducing the abortion, and acting within the course and scope of his or her authority provided by law. For an abortion performed or an abortion induced by a drug or drugs, such conference shall take place at least [twenty-four] **seventy-two** hours prior to the writing or communication of the first prescription for such drug or drugs in connection with inducing an abortion. Only one such conference shall be required for each abortion.

4. At the end of the conference, and if the woman chooses to proceed with the abortion, the physician who is to perform or induce the abortion or a qualified professional shall sign and shall cause the patient to sign a written statement that the woman gave her informed consent freely and without coercion after the physician or qualified professional had discussed with her the indicators and contraindicators, and risk factors, including any physical, psychological, or situational factors. All such executed statements shall be maintained as part of the patient's medical file, subject to the confidentiality laws and rules of this state.

5. The director of the department of health and senior services shall disseminate a model form that physicians or qualified professionals may use as the written statement required by this section, but any lack or unavailability of such a model form shall not affect the duties of the physician or qualified professional set forth in subsections 2 to 4 of this section.

6. As used in this section, the term "qualified professional" shall refer to a physician, physician assistant, registered nurse, licensed practical nurse, psychologist, licensed professional counselor, or licensed social worker, licensed or registered under chapter 334, 335, or 337, acting under the supervision of the physician performing or inducing the abortion, and acting within the course and scope of his or her authority provided by law. AN ACT to repeal section 115.124, RSMo, and to enact in lieu thereof two new sections relating to nonpartisan elections.

SECTION

- A. Enacting clause.
- 115.124. Nonpartisan election in political subdivision or special district, no election required if number of candidates filing is same as number of positions to be filled — exceptions — random drawing filing procedure followed when election is required — municipal elections, certain municipalities may submit requirements of subsection 1 to voters.
- 190.336. Recall, board members subject to — procedure.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 115.124, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 115.124 and 190.336, to read as follows:

115.124. NONPARTISAN ELECTION IN POLITICAL SUBDIVISION OR SPECIAL DISTRICT, NO ELECTION REQUIRED IF NUMBER OF CANDIDATES FILING IS SAME AS NUMBER OF POSITIONS TO BE FILLED — EXCEPTIONS — RANDOM DRAWING FILING PROCEDURE FOLLOWED WHEN ELECTION IS REQUIRED — MUNICIPAL ELECTIONS, CERTAIN MUNICIPALITIES MAY SUBMIT REQUIREMENTS OF SUBSECTION 1 TO VOTERS. — 1. Notwithstanding any other law to the contrary, in a nonpartisan election in any political subdivision or special district [except for] **including municipal elections in any city, town, or village with one thousand or fewer inhabitants that have adopted a proposal pursuant to subsection 3 of this section but excluding municipal elections in any city, town, or village with more than one thousand inhabitants**, if the notice provided for in subsection 5 of section 115.127 has been published in at least one newspaper of general circulation **as defined in section 493.050** in the district, and if the number of candidates who have filed for a particular office is equal to the number of positions in that office to be filled by the election, no election shall be held for such office, and the candidates shall assume the responsibilities of their offices at the same time and in the same manner as if they had been elected. **If no election is held for such office as provided in this section, the election authority shall publish a notice containing the names of the candidates that shall assume the responsibilities of office under this section. Such notice shall be published in at least one newspaper of general circulation as defined in section 493.050 in such political subdivision or district by the first of the month in which the election would have occurred, had it been contested.** Notwithstanding any other provision of law to the contrary, if at any election the number of candidates filing for a particular office exceeds the number of positions to be filled at such election, the election authority shall hold the election as scheduled, even if a sufficient number of candidates withdraw from such contest for that office so that the number of candidates remaining after the filing deadline is equal to the number of positions to be filled.

2. The election authority or political subdivision responsible for the oversight of the filing of candidates in any nonpartisan election in any political subdivision or special district shall clearly designate where candidates shall form a line to effectuate such filings and determine the order of such filings; except that, in the case of candidates who file a declaration of candidacy with the election authority or political subdivision prior to 5:00 p.m. on the first day for filing, the election authority or political subdivision may determine by random drawing the order in which such candidates' names shall appear on the ballot. If such drawing is conducted, the election authority or political subdivision shall record the number drawn with the candidate's declaration of candidacy. If such drawing is conducted, the names of candidates filing on the first day of filing for each office on each ballot shall be listed in ascending order of the numbers so drawn.

3. The governing body of any city, town, or village with one thousand or fewer inhabitants may submit to the voters at any available election, a question to adopt the provisions of subsection 1 of this section for municipal elections. If a majority of the votes cast by the qualified voters voting thereon are in favor of the question, then the city, town, or village shall conduct nonpartisan municipal elections as provided in subsection 1 of this section for all nonpartisan elections remaining in the year in which the proposal was adopted and for the six calendar years immediately following such approval. At the end of such six-year period, each such city, town, or village shall be prohibited from conducting such elections in such a manner unless such a question is again adopted by the majority of qualified voters as provided in this subsection.

The election authority shall give the proponents a copy of the certificate upon their request.
10. Proposes a constitutional amendment affirming the right of farmers and ranchers to engage in modern farming and ranching practices

CONSTITUTIONAL AMENDMENT NO. 1.— (Proposed by the 97th General Assembly, First Regular Session, HJRs 11 & 7)

Official Ballot Title:

Shall the Missouri Constitution be amended to ensure that the right of Missouri citizens to engage in agricultural production and ranching practices shall not be infringed?

The potential costs or savings to governmental entities are unknown, but likely limited unless the resolution leads to increased litigation costs and/or the loss of federal funding.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to guarantee the rights of Missourians to engage in farming and ranching practices, subject to any power given to local government under Article VI of the Missouri Constitution.

A "no" vote will not amend the Missouri Constitution regarding farming and ranching.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment to article I of the Constitution of Missouri, and adopting one new section relating to the right to farm.

SECTION

- A. Enacting clause.
- 35. Right to farm.
- B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE.— Article I, Constitution of Missouri, is amended by adding thereto one new section, to be known as section 35, to read as follows:

SECTION 35. RIGHT TO FARM. — That agriculture which provides food, energy, health benefits, and security is the foundation and stabilizing force of Missouri's economy. Official Ballot Title:

Shall the Missouri Constitution be amended to create a "Veterans Lottery Ticket" and to use the revenue from the sale of these tickets for projects and services related to veterans?

A "no" vote will not amend the Missouri Constitution to create a "Veterans Lottery Ticket."

If passed, this measure will have no impact on taxes

5. The commission shall have the authority to purchase and hold title to any securities of the United States government or its agencies and instrumentalities thereof for prizes, as provided by law.

6. Until July 1, 1993, any person possessing a department of revenue retail sales license as provided by law or any chartered civic, fraternal, charitable or political organization or labor organization shall be eligible to obtain a license to act as a lottery ticket sales agent except a license to act as an agent to sell lottery tickets shall not be issued to any person primarily engaged in business as a lottery ticket sales agent. Until July 1, 1993, the general assembly may impose additional qualifications on such persons to obtain a lottery ticket sales agent license as it deems appropriate. Until July 1, 1993, the commission is also authorized to sell lottery tickets at its office and at special events as provided by law. (3) Ninety percent of the proceeds shall be deposited into a special trust fund known as the “Transportation Safety and Job Creation Fund”, which is created within the state treasury. Moneys in the transportation safety and job creation fund shall stand appropriated without legislative action to be used and expended at the sole discretion of the highways and transportation commission for the following purposes and uses, and no other:

(a) For deposit into the state road fund for state highway system purposes and uses authorized under section 30(b) of this article; or

(b) For state transportation system purposes and uses as set forth in subdivision (4) of this subsection;

4. (1) The general assembly, counties, and municipalities are prohibited from increasing or decreasing the tax upon, or measured by, motor fuel used to propel highway motor vehicles from the rate of the tax authorized by law on January 1, 2014, while this section is in effect.

A county or municipality shall not authorize, own or operate a toll highway or toll bridge on any highway or bridge under its jurisdiction while the sales and use tax authorized by this section is in effect.

(3) Prior to the effective date of this section and prior to any subsequent election in which this section shall be submitted to voters for approval, the commission shall approve its list of projects, programs, and facilities, with a priority given to safety, on the state highway system and state transportation system that shall be funded from the proceeds from the additional sales and use taxes deposited into the transportation safety and job creation fund under this section. Starting in the second calendar year following the effective date of this section, the commission shall annually submit a report to the governor, general assembly, and joint committee on transportation oversight that shall include the status of the approved list of projects, programs, and facilities on the state highway system and state transportation system. During the ten-year period the temporary tax is in effect, the commission shall include the approved projects, programs, and facilities in one or more of the five-year statewide transportation improvement programs approved by the commission. A taxpayer of the state shall have standing to bring suit to compel the commission's inclusion of approved projects in a five-year statewide transportation improvement program. All such suits shall be brought in the circuit court of Cole County.

(4) Upon voter approval of the temporary three-quarters of one percent state sales and use tax in this section at the general election held in 2014, or at a special election to be called by the governor for that purpose, this section shall be effective January 1, 2015, and shall continue for ten years. This section shall be resubmitted to the voters for approval at the general election held in 2024. The secretary of state shall submit the ballot measure for such ten-year resubmission. If approved by a simple majority of votes cast, this section shall continue to be effective for an additional temporary ten-year period. Every ten years thereafter, the secretary of state shall submit to the voters for approval the issue of whether the sales and use tax authorized by this section shall be imposed for another ten-year period. If at any subsequent general election a simple majority of votes cast do not approve such issue, then this section shall terminate on December thirty-first of the calendar year when the last election was held.

SECTION B. BALLOT TITLE. — Pursuant to section 116.155, RSMo, and other applicable constitutional provisions and laws of this state authorizing the general assembly to adopt ballot language for the submission of a joint resolution to the voters of this state, the official ballot title of the amendment proposed in section A shall be as follows:

If passed, this measure will have no impact on taxes.

SJR 36 [SCS SJR 36]

Modifies constitutional provisions regarding the right to keep and bear arms

CONSTITUTIONAL AMENDMENT NO. 5. — (Proposed by the 97th General Assembly, Second Regular Session, SJR 36)

Official Ballot Title:

Shall the Missouri Constitution be amended to include a declaration that the right to keep and bear arms is a unalienable right and that the state government is obligated to uphold that right?

State and local governmental entities should have no direct costs or savings from this proposal. However, the proposal’s passage will likely lead to increased litigation and criminal justice related costs. The total potential costs are unknown, but could be significant.

Fair Ballot Language:

A “yes” vote will amend the Missouri Constitution to expand the right to keep and bear arms to include ammunition and related accessories for such arms. This amendment also removes the language that states the right to keep and bear arms does not justify the wearing of concealed weapons. This amendment does not prevent the legislature

from limiting the rights of certain felons and certain individuals adjudicated as having a mental disorder.

A “no” vote will not amend the Missouri Constitution regarding arms, ammunition, and accessories for such arms.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment repealing section 23 of article I of the Constitution of Missouri, and adopting one new section in lieu thereof relating to the right of Missouri citizens to keep and bear arms.

SECTION

A. Enacting clause.

23. Right to keep and bear arms, ammunition, and certain accessories — exception — rights to be unalienable.

B. Ballot title.

Be it resolved by the Senate, the House of Representatives concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE. — Section 23, article I, Constitution of Missouri, is repealed and one new section adopted in lieu thereof, to be known as section 23, to read as follows:

SECTION 23. RIGHT TO KEEP AND BEAR ARMS, AMMUNITION, AND CERTAIN ACCESSORIES—EXCEPTION—RIGHTS TO BE UNALIENABLE.— That the right of every citizen to keep and bear arms, **ammunition, and accessories typical to the normal function of such arms**, in defense of his home, person, **family** and property, or when lawfully summoned in aid of the civil power, shall not be questioned[; but this shall not justify the wearing of concealed weapons]. **The rights guaranteed by this section shall be unalienable. Any restriction on these rights shall be subject to strict scrutiny and the state of Missouri shall be obligated to uphold these rights and shall under no circumstances decline to protect against their infringement. Nothing in this section shall be construed to prevent the general assembly from enacting general laws which limit the rights of convicted violent felons or those adjudicated by a court to be a danger to self or others as result of a mental disorder or mental infirmity.**

SECTION B. BALLOT TITLE. — Pursuant to chapter 116, and other applicable constitutional provisions and laws of the this state allowing the general assembly to adopt ballot language for the submission of this act to the voters of this state, the official ballot title of this act shall be as follows:

HJR 16 [SCS HJR 16]

Proposes a constitutional amendment allowing relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age

CONSTITUTIONAL AMENDMENT NO.2.—(Proposed by the 97th General Assembly, First Regular Session, HJR 16)

Official Ballot Title:

Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?

If more resources are needed to defend increased prosecutions additional costs to governmental entities could be at least \$1.4 million annually, otherwise the fiscal impact is expected to be limited.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to allow evidence of prior criminal acts, whether charged or uncharged, to be considered by courts in prosecutions of sexual crimes that involve a victim under eighteen years of age. The amendment limits the use of such prior acts to support the victim's testimony or show that the person charged is more likely to commit the crime. Further, the judge may exclude such prior acts if the value of considering them is substantially outweighed by the possibility of unfair prejudice to the person charged with committing the crime.

A "no" vote will not amend the Missouri Constitution regarding the use of evidence of prior criminal acts to prosecute sexual crimes.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment to article I of the Constitution of Missouri, and adopting one new section relating to admissibility of evidence.

SECTION

- A. Enacting clause.
- 18(c). Admissibility of evidence.
- B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

Section A. Enacting clause. — Article I, Constitution of Missouri, is amended by adding one new section, to be known as section 18(c), to read as follows:

SECTION 18(c). ADMISSIBILITY OF EVIDENCE. — Notwithstanding the provisions of sections 17 and 18(a) of this article to the contrary, in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age, relevant evidence of prior criminal acts, whether charged or uncharged, is admissible for the purpose of corroborating the victim's testimony or demonstrating the defendant's propensity to commit the crime with which he or she is presently charged. The court may exclude relevant evidence of prior criminal acts if the probative value of the evidence is substantially outweighed by the danger of unfair prejudice.

SECTION B. BALLOT TITLE. — The official ballot title for section A of this act shall read as follows:

“Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?”

HJR 72 [HJR 72]

Proposes a constitutional amendment prohibiting the Governor from reducing any payment of public debt and requiring notification to the General Assembly when he or she makes specified payment changes of appropriations

CONSTITUTIONAL AMENDMENT No. 10. — (Proposed by the 97th General Assembly, Second Regular Session, HJR 72)

Official Ballot Title:

Shall the Missouri Constitution be amended to require the governor to pay the public debt, to prohibit the governor from relying on revenue from legislation not yet passed when proposing a budget, and to provide a legislative check on the governor's decisions to restrict funding for education and other state services?

State governmental entities expect no direct costs or savings. Local governmental entities expect an unknown fiscal impact.

Fair Ballot Language:

A “yes” vote will amend the Missouri Constitution regarding the requirements placed on the governor for proposing a state budget and for withholding money appropriated in the budget passed by the legislature. This amendment prohibits the governor from reducing funding passed by the general assembly without receiving legislative consent, and provides certain other restrictions on the governor's ability to increase or decrease line items in the budget. This amendment further prohibits the governor from

proposing a budget that relies on revenue from legislation that has not yet passed in the general assembly.

A “no” vote will not amend the Missouri Constitution regarding the requirements placed on the governor for proposing a state budget and for withholding money appropriated in the budget passed by the legislature.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment repealing sections 24 and 27 of article IV of the Constitution of Missouri, and adopting two new sections in lieu thereof relating to the governor’s budgetary authority.

SECTION

- A. Enacting clause.
- 24. Governor’s budget and recommendations as to revenue.
- 27. Power of governor to control rate of and reduce expenditures.
- B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article IV of the Constitution of the state of Missouri:

Section A. Enacting clause. — Sections 24 and 27, article IV, Constitution of Missouri, are repealed and two new sections adopted in lieu thereof, to be known as sections 24 and 27, to read as follows:

SECTION 24. GOVERNOR’S BUDGET AND RECOMMENDATIONS AS TO REVENUE. — The governor shall, within thirty days after it convenes in each regular session, submit to the general assembly a budget for the ensuing appropriation period, containing the estimated available revenues of the state and a complete and itemized plan of proposed expenditures of the state and all its agencies[, together with his recommendations of any laws necessary to provide revenues sufficient to meet the expenditures]. **The governor shall not determine estimated available revenues of the state using any projection of new revenues to be created from proposed legislation that has not been passed into law by the general assembly. Estimates of any unspent fund balances, without regard to actual or estimated revenues but accounting for all existing appropriations, that will constitute a surplus during the fiscal year immediately preceding the fiscal year or years for which the governor is recommending a budget, may be included in the estimated revenue available for expenditure during the fiscal year or years for which the governor is recommending a budget. As used in this section, new revenues shall not include existing provisions of law subject to expiration during the ensuing appropriation period.**

SECTION 27. POWER OF GOVERNOR TO CONTROL RATE OF AND REDUCE EXPENDITURES. — **1.** The governor may control the rate at which any appropriation is expended during the period of the appropriation by allotment [or other means,] and may reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based. **The governor shall not reduce any appropriation for the payment of principal and interest on the public debt.**

2. The governor shall notify the general assembly by proclamation whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation. Any rate of expenditure for any appropriation which is not equal quarterly allotments shall stand reconsidered in the chamber in which the bill that contained the appropriation originated. Such reconsideration shall be in the manner that a bill is reconsidered under article III, section 32. Either the general assembly that receives the proclamation or the next general assembly may reconsider the rate of expenditure. If the general assembly successfully reconsiders the rate of expenditure for the appropriation in question, the rate shall be assumed to be equal quarterly allotments. Such reconsideration may be at any time the general assembly is in session including sessions pursuant to article III, sections 20, 20(b), and 32 and article IV, section 9. Either the general assembly that receives the proclamation or the next general assembly may reconsider such allotment allocation change. Such reconsideration may be at any time the general assembly is in session including sessions pursuant to article III, sections 20, 20(b), and 32 and article IV, section 9.

3. The governor shall notify the general assembly by proclamation when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based. Each item or portions of items of appropriation of money shall stand reconsidered in the chamber in which the bill that contained the appropriation originated. Such reconsideration shall be in the manner that a bill is reconsidered under article III, section 32. Either the general assembly that receives the proclamation or the next general assembly may reconsider such reduction. Such reconsideration may be at any time the general assembly is in session including sessions pursuant to article III, sections 20, 20(b), and 32 and article IV, section 9.

SECTION B. BALLOT TITLE. — Pursuant to Chapter 116, RSMo, and other applicable constitutional provisions and laws of this state allowing the General Assembly to adopt ballot language for the submission of a joint resolution to the voters of this state, the official ballot title of the amendment proposed in Section A shall be as follows:

"Shall the Missouri Constitution be amended to require the governor to pay the public debt, to prohibit the governor from relying on revenue from legislation not yet passed when proposing a budget, and to provide a legislative check on the governor's decisions to restrict funding for education and other state services?"

HJR 90 [SS SCS HCS HJR 90]

Proposes a constitutional amendment requiring the establishment of a six-day early voting period before a general election

Constitutional Amendment No. 6. — (Proposed by the 97th General Assembly, Second Regular Session, HJR 90)

Official Ballot Title:

Shall the Missouri Constitution be amended to permit voting in person or by mail for a period of six business days prior to and including the Wednesday before the election day in all general elections?

State governmental entities estimated startup costs of about \$2 million and costs to reimburse local election authorities of at least \$100,000 per election. Local election authorities estimated higher reimbursable costs per election. Those costs will depend on the compensation, staffing, and, planning decisions of election authorities with the total costs being unknown.

Fair Ballot Language:

A “yes” vote will amend the Missouri Constitution to permit voters, in years when the legislature provides funding, an early voting period of six business days prior to and including the Wednesday before election day to cast a ballot in all general elections. This amendment does not allow early voting on Saturday or Sunday.

A “no” vote will not amend the Missouri Constitution to provide all voters with a six-business day early voting period.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment to article VIII of the Constitution of Missouri, by adding thereto one new section relating to early voting.

SECTION

- A. Enacting clause.

(2) **No qualified voter shall be required to state any reason, excuse, or explanation for casting a ballot under this section;**

(3) **Ballots shall be cast in person or by mail only during the six business days, not to include Saturday or Sunday, immediately prior to and including the last Wednesday prior to the election day. 2. No local election authority or other public official shall, in advance of the day of the election, disclose the identity of any qualified voter who, in advance of the day of the election, has cast or has not cast a ballot, unless the qualified voter has authorized the disclosure. A qualified voter's authorization must be in writing, signed by the qualified voter, dated, and delivered to the secretary of state no later than the sixth Wednesday prior to the day of the election. An authorization is effective only for one general election.

3. If any local election authority is required by any provision of law or of this constitution to produce, in advance of the day of the election, a list of qualified voters who have already cast ballots, such list shall designate those qualified voters who have not filed a valid written authorization under subsection 2 of this section by using a random designation that does not identify those qualified voters or provide residential or other personal information from which their identities might be determined. If any such list is required to be delivered promptly after a request, the list shall be deemed to have been promptly delivered if it is delivered no later than 5:00 p.m. on the Monday before the election day. In addition to the restrictions in this section on the provision of identifying information, any such list shall include only qualified voter information authorized to be disclosed pursuant to general election laws.

4. The secretary of state and local election authorities shall provide qualified voters mail-in ballots under this section only by mail, and only upon the written, signed, and dated request of a qualified voter. Such request shall be valid for only one general election. No qualified voter shall receive more than one mail-in ballot.

5. No local election authority or other public office shall conduct any activity or incur any expense for the purpose of allowing voting in person or by mail in advance of the general election day unless a state appropriation is made and disbursed to pay the local election authority or other public office for the increased cost or expense of the activity.

6. The provisions of this section shall be self-executing. Any law that conflicts with this section shall not be valid or enforceable. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of this section shall be and remain valid. Nothing in this section shall be deemed to repeal or invalidate section 7 of article VIII of this constitution or to repeal or invalidate general laws permitting certain qualified voters to cast absentee ballots. Modifies constitutional provisions regarding the right to keep and bear arms

CONSTITUTIONAL AMENDMENT NO. 5. — (Proposed by the 97th General Assembly, Second Regular Session, SJR 36)

Official Ballot Title:

Shall the Missouri Constitution be amended to include a declaration that the right to keep and bear arms is a unalienable right and that the state government is obligated to uphold that right?

State and local governmental entities should have no direct costs or savings from this proposal. However, the proposal's passage will likely lead to increased litigation and criminal justice related costs. The total potential costs are unknown, but could be significant.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to expand the right to keep and bear arms to include ammunition and related accessories for such arms. This amendment also removes the language that states the right to keep and bear arms does not justify the wearing of concealed weapons. This amendment does not prevent the legislature

from limiting the rights of certain felons and certain individuals adjudicated as having a mental disorder.

A “no” vote will not amend the Missouri Constitution regarding arms, ammunition, and accessories for such arms.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment repealing section 23 of article I of the Constitution of Missouri, and adopting one new section in lieu thereof relating to the right of Missouri citizens to keep and bear arms.

SECTION

A. Enacting clause.

23. Right to keep and bear arms, ammunition, and certain accessories — exception — rights to be unalienable.

SECTION A. ENACTING CLAUSE. — Section 23, article I, Constitution of Missouri, is repealed and one new section adopted in lieu thereof, to be known as section 23, to read as follows:

SECTION 23. Any restriction on these rights shall be subject to strict scrutiny and the state of Missouri shall be obligated to uphold these rights and shall under no circumstances decline to protect against their infringement. Nothing in this section shall be construed to prevent the general assembly from enacting general laws which limit the rights of convicted violent felons or those adjudicated by a court to be a danger to self or others as result of a mental disorder or mental infirmity.**

Proposes a constitutional amendment requiring the State Lottery Commission to develop and sell a Veterans Lottery Ticket with proceeds to go to the Veterans Commission Capital Improvement Trust Fund

CONSTITUTIONAL AMENDMENT NO. 8. — (Proposed by the 97th General Assembly, Second Regular Session, HJR 48)

Official Ballot Title:

Shall the Missouri Constitution be amended to create a "Veterans Lottery Ticket" and to use the revenue from the sale of these tickets for projects and services related to veterans?

The annual cost or savings to state and local governmental entities is unknown, but likely minimal. If sales of a veterans lottery ticket game decrease existing lottery ticket sales, the profits of which fund education, there could be a small annual shift in funding from education to veterans' programs.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to create a "Veterans Lottery Ticket." This amendment further provides that the revenue from the sale of these tickets will be used for projects and services related to veterans.

A "no" vote will not amend the Missouri Constitution to create a "Veterans Lottery Ticket."

If passed, this measure will have no impact on taxes

5. The commission shall have the authority to purchase and hold title to any securities of the United States government or its agencies and instrumentalities thereof for prizes, as provided by law.

6. Until July 1, 1993, any person possessing a department of revenue retail sales license as provided by law or any chartered civic, fraternal, charitable or political organization or labor organization shall be eligible to obtain a license to act as a lottery ticket sales agent except a license to act as an agent to sell lottery tickets shall not be issued to any person primarily engaged in business as a lottery ticket sales agent. Until July 1, 1993, the general assembly may impose additional qualifications on such persons to obtain a lottery ticket sales agent license as it deems appropriate. Until July 1, 1993, the commission is also authorized to sell lottery tickets at its office and at special events as provided by law. Proposes a constitutional amendment imposing a .75% increase in the state sales and use tax for 10 years to be used for transportation purposes

CONSTITUTIONAL AMENDMENT 7.—(Proposed by the 97th General Assembly, Second Regular Session, HJR 68)

Official Ballot Title:

Should the Missouri Constitution be changed to enact a temporary sales tax of three-quarters of one percent to be used solely to fund state and local highways, roads, bridges and transportation projects for ten years, with priority given to repairing unsafe roads and bridges?

A "yes" vote will amend the Missouri Constitution to increase funding for state, county, and municipal street, road, bridge, highway, and public transportation initiatives by increasing the state sales/use tax by three-quarters of one percent for 10 years. This amendment further prohibits a change in gasoline taxes and prohibits toll roads or bridges. This amendment also requires these measures to be re-approved by voters every 10 years.

HJR 16 [SCS HJR 16]

Proposes a constitutional amendment allowing relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age

CONSTITUTIONAL AMENDMENT NO. 2.—(Proposed by the 97th General Assembly, First Regular Session, HJR 16)

Official Ballot Title:

Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?

If more resources are needed to defend increased prosecutions additional costs to governmental entities could be at least \$1.4 million annually, otherwise the fiscal impact is expected to be limited.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to allow evidence of prior criminal acts, whether charged or uncharged, to be considered by courts in prosecutions of sexual crimes that involve a victim under eighteen years of age. The amendment limits the use of such prior acts to support the victim's testimony or show that the person charged is more likely to commit the crime. Further, the judge may exclude such prior acts if the value of considering them is substantially outweighed by the possibility of unfair prejudice to the person charged with committing the crime.

A "no" vote will not amend the Missouri Constitution regarding the use of evidence of prior criminal acts to prosecute sexual crimes.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment to article I of the Constitution of Missouri, and adopting one new section relating to admissibility of evidence.

SECTION

- A. Enacting clause.
- 18(c). Admissibility of evidence.
- B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE. — Article I, Constitution of Missouri, is amended by adding one new section, to be known as section 18(c), to read as follows:

SECTION 18(c). ADMISSIBILITY OF EVIDENCE. — Notwithstanding the provisions of sections 17 and 18(a) of this article to the contrary, in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age, relevant evidence of prior criminal acts, whether charged or uncharged, is admissible for the purpose of corroborating the victim's testimony or demonstrating the defendant's propensity to commit the crime with which he or she is presently charged. The court may exclude relevant evidence of prior criminal acts if the probative value of the evidence is substantially outweighed by the danger of unfair prejudice.

SECTION B. BALLOT TITLE. — The official ballot title for section A of this act shall read as follows:

“Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?”

Proposes a constitutional amendment prohibiting the Governor from reducing any payment of public debt and requiring notification to the General Assembly when he or she makes specified payment changes of appropriations

CONSTITUTIONAL AMENDMENT No. 10. — (Proposed by the 97th General Assembly, Second Regular Session, HJR 72)

Official Ballot Title:

Shall the Missouri Constitution be amended to require the governor to pay the public debt, to prohibit the governor from relying on revenue from legislation not yet passed when proposing a budget, and to provide a legislative check on the governor's decisions to restrict funding for education and other state services?

State governmental entities expect no direct costs or savings. Local governmental entities expect an unknown fiscal impact.

Fair Ballot Language:

A “yes” vote will amend the Missouri Constitution regarding the requirements placed on the governor for proposing a state budget and for withholding money appropriated

in the budget passed by the legislature. This amendment prohibits the governor from reducing funding passed by the general assembly without receiving legislative consent, and provides certain other restrictions on the governor's ability to increase or decrease line items in the budget. This amendment further prohibits the governor from proposing a budget that relies on revenue from legislation that has not yet passed in the general assembly.

A "no" vote will not amend the Missouri Constitution regarding the requirements placed on the governor for proposing a state budget and for withholding money appropriated in the budget passed by the legislature.

If passed, this measure will have no impact on taxes.

- 27. Power of governor to control rate of and reduce expenditures.
- B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article IV of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE. — Sections 24 and 27, article IV, Constitution of Missouri, are repealed and two new sections adopted in lieu thereof, to be known as sections 24 and 27, to read as follows:

SECTION 24. GOVERNOR'S BUDGET AND RECOMMENDATIONS AS TO REVENUE. — The governor shall, within thirty days after it convenes in each regular session, submit to the general assembly a budget for the ensuing appropriation period, containing the estimated available revenues of the state and a complete and itemized plan of proposed expenditures of the state and all its agencies[, together with his recommendations of any laws necessary to provide revenues sufficient to meet the expenditures]. **The governor shall not determine estimated available revenues of the state using any projection of new revenues to be created from proposed legislation that has not been passed into law by the general assembly. Estimates of any unspent fund balances, without regard to actual or estimated revenues but accounting for all existing appropriations, that will constitute a surplus during the fiscal year immediately preceding the fiscal year or years for which the governor is recommending a budget, may be included in the estimated revenue available for expenditure during the fiscal year or years for which the governor is recommending a budget. As used in this section, new revenues shall not include existing provisions of law subject to expiration during the ensuing appropriation period.**

SECTION 27. POWER OF GOVERNOR TO CONTROL RATE OF AND REDUCE EXPENDITURES. — **1.** The governor may control the rate at which any appropriation is expended during the period of the appropriation by allotment [or other means,] and may reduce the expenditures

of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based. **The governor shall not reduce any appropriation for the payment of principal and interest on the public debt.**

2. The governor shall notify the general assembly by proclamation whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation. Any rate of expenditure for any appropriation which is not equal quarterly allotments shall stand reconsidered in the chamber in which the bill that contained the appropriation originated. Such reconsideration shall be in the manner that a bill is reconsidered under article III, section 32. Either the general assembly that receives the proclamation or the next general assembly may reconsider the rate of expenditure. If the general assembly successfully reconsiders the rate of expenditure for the appropriation in question, the rate shall be assumed to be equal quarterly allotments. Such reconsideration may be at any time the general assembly is in session including sessions pursuant to article III, sections 20, 20(b), and 32 and article IV, section 9. Either the general assembly that receives the proclamation or the next general assembly may reconsider such allotment allocation change. Such reconsideration may be at any time the general assembly is in session including sessions pursuant to article III, sections 20, 20(b), and 32 and article IV, section 9.

3. The governor shall notify the general assembly by proclamation when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based. Each item or portions of items of appropriation of money shall stand reconsidered in the chamber in which the bill that contained the appropriation originated. Such reconsideration shall be in the manner that a bill is reconsidered under article III, section 32. Either the general assembly that receives the proclamation or the next general assembly may reconsider such reduction. Such reconsideration may be at any time the general assembly is in session including sessions pursuant to article III, sections 20, 20(b), and 32 and article IV, section 9.

SECTION B. BALLOT TITLE. — Pursuant to Chapter 116, RSMo, and other applicable constitutional provisions and laws of this state allowing the General Assembly to adopt ballot language for the submission of a joint resolution to the voters of this state, the official ballot title of the amendment proposed in Section A shall be as follows:

"Shall the Missouri Constitution be amended to require the governor to pay the public debt, to prohibit the governor from relying on revenue from legislation not yet passed when proposing a budget, and to provide a legislative check on the governor's decisions to restrict funding for education and other state services?"

**DEFEATED AMENDMENTS TO THE
CONSTITUTION OF MISSOURI
NOVEMBER 4, 2014**

HJR 90 [SS SCS HCS HJR 90]

Proposes a constitutional amendment requiring the establishment of a six-day early voting period before a general election

Constitutional Amendment No. 6.— (Proposed by the 97th General Assembly, Second Regular Session, HJR 90)

Official Ballot Title:

Shall the Missouri Constitution be amended to permit voting in person or by mail for a period of six business days prior to and including the Wednesday before the election day in all general elections?

State governmental entities estimated startup costs of about \$2 million and costs to reimburse local election authorities of at least \$100,000 per election. Local election authorities estimated higher reimbursable costs per election. Those costs will depend on the compensation, staffing, and, planning decisions of election authorities with the total costs being unknown.

Fair Ballot Language:

A “yes” vote will amend the Missouri Constitution to permit voters, in years when the legislature provides funding, an early voting period of six business days prior to and including the Wednesday before election day to cast a ballot in all general elections. This amendment does not allow early voting on Saturday or Sunday.

A “no” vote will not amend the Missouri Constitution to provide all voters with a six-business day early voting period.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment to article VIII of the Constitution of Missouri, by adding thereto one new section relating to early voting.

SECTION

- A. Enacting clause.
- 11. Early voting, requirements..

Be it resolved by the House of Representatives, the Senate concurring therein:

adoption or rejection, the following amendment to article VIII of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE.— Article VIII, Constitution of Missouri, is amended by adding thereto one new section, to be known as section 11, to read as follows:

SECTION 11. EARLY VOTING, REQUIREMENTS. — **1. Qualified voters of the state shall be entitled to vote in person or by mail in advance of the day of the general election, but only under the following subdivisions:**

(1) Qualified voters casting ballots under this section shall have been registered to vote, unless otherwise provided by law, on or before the fourth Wednesday prior to the day of the election;

(2) No qualified voter shall be required to state any reason, excuse, or explanation for casting a ballot under this section;

(3) Ballots shall be cast in person or by mail only during the six business days, not to include Saturday or Sunday, immediately prior to and including the last Wednesday prior to the election day. In-person ballots shall be cast at the local election authority during its regular business hours;

(4) Each local election authority shall appoint at least one election judge from each major political party to serve at the site of the local election authority. Procedures for appointing judges, casting ballots, and tabulating ballots shall be the same as provided by general election laws.

2. No local election authority or other public official shall, in advance of the day of the election, disclose the identity of any qualified voter who, in advance of the day of the election, has cast or has not cast a ballot, unless the qualified voter has authorized the disclosure. A qualified voter's authorization must be in writing, signed by the qualified voter, dated, and delivered to the secretary of state no later than the sixth Wednesday prior to the day of the election. An authorization is effective only for one general election.

3. If any local election authority is required by any provision of law or of this constitution to produce, in advance of the day of the election, a list of qualified voters who have already cast ballots, such list shall designate those qualified voters who have not filed a valid written authorization under subsection 2 of this section by using a random designation that does not identify those qualified voters or provide residential or other personal information from which their identities might be determined. If any such list is required to be delivered promptly after a request, the list shall be deemed to have been promptly delivered if it is delivered no later than 5:00 p.m. on the Monday before the election day. In addition to the restrictions in this section on the provision of identifying information, any such list shall include only qualified voter information authorized to be disclosed pursuant to general election laws.

4. The secretary of state and local election authorities shall provide qualified voters mail-in ballots under this section only by mail, and only upon the written, signed, and dated request of a qualified voter. Such request shall be valid for only one general election. No qualified voter shall receive more than one mail-in ballot.

5. No local election authority or other public office shall conduct any activity or incur any expense for the purpose of allowing voting in person or by mail in advance of the general election day unless a state appropriation is made and disbursed to pay the local election authority or other public office for the increased cost or expense of the activity.

6. The provisions of this section shall be self-executing. Any law that conflicts with this section shall not be valid or enforceable. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of this section shall be and remain valid. Nothing in this section shall be deemed to repeal or invalidate section 7 of article VIII of this constitution or to repeal

Defeated Amendments to Constitution of Missouri 1913

DEFEATED INITIATIVE PETITION
NOVEMBER 4, 2014

Constitutional Amendment No. 3. — (Proposed by Initiative Petition)

Official Ballot Title:

Shall the Missouri Constitution be amended to:

- require teachers to be evaluated by a standards based performance evaluation system for which each local school district must receive state approval to continue receiving state and local funding;
- require teachers to be dismissed, retained, demoted, promoted and paid primarily using quantifiable student performance data as part of the evaluation system;
- require teachers to enter into contracts of three years or fewer with public school districts; and
- prohibit teachers from organizing or collectively bargaining regarding the design and implementation of the teacher evaluation system?

Decisions by school districts regarding provisions allowed or required by this proposal and their implementation will influence the potential costs or savings impacting each district. Significant potential costs may be incurred by the state and/or the districts if new/additional evaluation instruments must be developed to satisfy the proposal's performance evaluation requirements.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to require teachers to be evaluated by a standards based performance evaluation system. Each system must receive state approval in order for the local school district to continue receiving state and local funding. Teachers will be dismissed, retained, demoted, promoted and paid primarily using quantifiable student performance data as part of the evaluation system. The amendment further requires teachers to enter into contracts of three years or fewer with public school districts, with exceptions. The amendment also prohibits teachers from organizing or collectively bargaining regarding the design and implementation of the teacher evaluation system.

A "no" vote will not amend the Missouri Constitution regarding teacher contracts and performance evaluation systems.

If passed, this measure will have no impact on taxes.

Be it resolved by the people of the state of Missouri that the Constitution be amended:

Article IX is amended by adopting six new sections to be known as Article IX, Sections 3(d), 3(e), 3(f), 3(g), 3(h), and 3(i), to read as follows:

Section 3(d). All certificated staff shall be at will employees unless a contract is entered into between a school district and certificated staff (1) prior to the effective date of this section; or (2) pursuant to the provisions of section 3(e), 3(f), and 3(h) of this article. "Certificated staff," as used in this article, shall mean employees of a school district who hold a valid certificate to teach in the State of Missouri.

Section 3(e). No school district receiving any state funding or local tax revenue funding shall enter into new contracts having a term or duration in excess of three years with certificated staff.

Section 3(f). Effective beginning July 1, 2015, and notwithstanding any provisions of this constitution, any school district receiving any state funding or local tax revenue shall develop and implement a standards based performance evaluation system approved by the Missouri Department of Elementary and Secondary Education. The majority of such evaluation system shall be based upon quantifiable student performance data as measured by objective criteria and such evaluation system shall be used in (1) retaining, promoting, demoting, dismissing, removing, discharging and setting compensation for certificated staff; (2) modifying or terminating any contracts with certificated staff; and (3) placing on leave of absence any certificated staff because of a decrease in pupil enrollment, school district reorganization or the financial condition of the school district.

Section 3(g). Nothing in section 3(f) shall prevent a school district from demoting, removing, discharging, or terminating a contract with certificated staff for one or more of the following causes: (1) physical or mental condition unfitting him to instruct or associate with children; (2) immoral conduct; (3) incompetency, inefficiency or insubordination in line of duty; (4) willful or persistent violation of, or failure to obey, state laws or regulations; (5) excessive or unreasonable absence from performance of duties; or (6) conviction of a felony or a crime involving moral turpitude.

Section 3(h). In any suit to challenge a school district's decision regarding retention, promotion, demotion, dismissal, removal, discharge, modification or termination of contracts, or setting compensation of certificated staff, except for decisions made for any of the causes listed in Section 3(g) of this Article, the person bringing such suit must establish that the school district failed to properly utilize the standards based performance evaluation system as referenced in Section 3(f) of this Article.

Section 3(i). Certificated staff shall retain the right to organize and to bargain collectively as provided in article I, section 29 of this Constitution, except with respect to the design and implementation of the performance based evaluation system established in this article, and as otherwise referenced in this article.

BE IT RESOLVED, by the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session of the State of Missouri, the Senate concurring therein, that the House of Representatives and the Senate convene in Joint Session in the Hall of the House of Representatives at 10:30 a.m., Wednesday, January 22, 2014, to receive a message from the Honorable Mary R. HOUSE CONCURRENT RESOLUTION NO. 4 [HCR 4]

WHEREAS, high oil prices are having a major detrimental impact on families, farms, and businesses in Missouri and are likely to undercut the prospects for an economic recovery; and

WHEREAS, the United States currently imports almost half of its oil and petroleum products, making it dependent on foreign sources and subject to interruptions and price fluctuations stemming from geopolitical forces; and

WHEREAS, such instability has damaging consequences both for our economy and our national security; and

WHEREAS, the United States Geological Survey estimates a resource of up to 27 billion barrels of oil in the Chukchi and Beaufort seas of Alaska, providing a vast domestic oil reserve, but opposition and regulatory hurdles are keeping energy producers from accessing these resources; and

WHEREAS, the TransCanada Keystone XL pipeline project seeks to link expanded oil production from the Canadian oil sands to refineries in the United States and to facilitate the flow of oil from the Dakotas to the Gulf Coast, thereby decreasing our dependence on oil from outside of North America; and

WHEREAS, Canada is a close friend and ally, with whom we share links of infrastructure and energy networks and other ties, so that dollars spent on Canadian oil will likely contribute to the success of the American economy; and

WHEREAS, the TransCanada pipeline project is projected to create construction and manufacturing jobs in the United States, adding billions of dollars to the United States economy:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby call upon President Barack Obama and administration officials to:

(1) Support the increased importation of oil from Canadian oil sands and to approve the newly routed TransCanada Keystone XL pipeline to reduce our oil dependency on unstable governments, strengthen ties with an important ally, and create jobs for American workers;

(2) Support and facilitate permitting for oil production off the northern coast of Alaska to decrease our dependence on foreign oil and spur investment in the American economy; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Barack Obama, Vice President Joe Biden, Secretary of State John Kerry, United States House of Representatives Speaker John Boehner, and each member of the Missouri Congressional delegation.

HOUSE CONCURRENT RESOLUTION NO. 5 [HCR 5]

WHEREAS, the United States is still many years away from ending its dependency on nonrenewable resources despite recent focus on renewable energy. In order to fuel our economy, the United States will need more oil and natural gas, while also requiring additional alternative energy sources like ethanol and other renewables; and

WHEREAS, the United States currently depends on foreign imports for more than half of our petroleum usage. As the largest consumer of petroleum in the world, our dependence on foreign oil has created difficult geopolitical relationships with damaging consequences for our national security; and

WHEREAS, Canadian oil reserves are vast and are second only to Saudi Arabia, using current measurements. Oil sands now account for more than half of western Canada's total oil output; and

WHEREAS, a recent study by the United States Department of Energy found that growing Canadian oil sands importation by the United States has the potential to substantially reduce the United States' dependency on sources outside of North America; and

WHEREAS, Canada is a friendly neighbor with whom the United States has an excellent trading and political relationship. Canada sends more than 99% of its oil exports to the United States, the bulk of which goes to Midwestern refineries. Canadian oil sands provide greater fuel supply reliability and reduce the risk of supply disruptions to consumers; and

WHEREAS, oil companies are investing large sums to expand and upgrade refineries in the Midwest and elsewhere to make gasoline and other refined products from the Canadian oil derived from oil sands; and

WHEREAS, some of the money used to buy Canadian oil will likely later be spent on imported U.S. goods and services, contrasting with the money sent to hostile oil-producing governments which may then be used to further anti-Western agendas; and

WHEREAS, supporting the continued shift towards reliable and secure sources of Canadian oil is of vital interest to the United States and the State of Missouri:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby:

- (1) Support continued and increased importation of Canadian oil sands;
- (2) Urge Congress to support continued and increased importation of Canadian oil sands;
- (3) Urge Congress to ask the United States Secretary of State to approve the TransCanada Keystone Coast Expansion pipeline project that has been awaiting a presidential permit since 2008 to reduce dependence on unstable governments, improve our national security, and strengthen ties with an important ally; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

HOUSE CONCURRENT RESOLUTION NO. 30 [HCR 30]

WHEREAS, domestically produced coal has been and continues to be used as a fuel to produce over 80% of the electricity generated by the state's investor-owned electric utilities, municipally owned utilities, and rural electric cooperatives; and

WHEREAS, the state's heavy reliance on coal as a fuel source for Missouri's base-load electric generation is due primarily to coal being abundant, available, reliable, and comparatively much less expensive than virtually all other available fuels; and

WHEREAS, on June 25, 2013, the President of the United States issued a memorandum to the Administrator of the United States Environmental Protection Agency directing the EPA to:

- (1) Move forward with a new proposal to implement national standards for carbon dioxide (CO₂) emissions from the new fossil fuel-fired electric power plants by issuing a proposed rule no later than September 20, 2013;
- (2) Use the EPA's authority under Sections 111(b) and 111(d) of the federal Clean Air Act to issue no later than June 1, 2014, standards, regulations, or guidelines that address carbon pollution from modified, reconstructed, and existing power plants; and

WHEREAS, the EPA already has issued its proposed rules and regulations for new fossil fuel-fired electric power plants and is expected to issue its proposed rules and regulations for existing fossil fuel-fired power plants by June 1, 2014, with implementation by June 2015; and

WHEREAS, the EPA's proposed regulations for new power plants would require all new coal-fired electric power plants to utilize carbon capture and storage (CCS) technology, otherwise known as "sequestration", to capture and store CO₂ underground in order to meet the EPA's new stringent emission limits, even though such sequestration technology is not yet economical or even widely commercially available; and

WHEREAS, according to the Congressional Budget Office, engineers have estimated this sequestration technology would increase the cost of producing electricity from new coal-fired electric power plants by 75%; and

WHEREAS, a significant amount of additional electricity, estimated to be approximately 30% or more and known in the industry as "parasite load", would have to be generated by the power plant solely for the purpose of operating such new sequestration technology, making such additional power unavailable for use but still paid for by Missouri's electric consumers; and

WHEREAS, even the EPA admits that "today's CCS technologies would add around 80% to the cost of electricity for a new pulverized coal (PC) plant"; and

WHEREAS, these regulations in practical effect will make it economically impossible to build new coal-fired electric power plants in the future in order to meet the future electric generation needs of Missourians; and

WHEREAS, these regulations will in effect completely remove coal as a domestic, abundant, reliable, and affordable fuel source for electric generation in the future; and

WHEREAS, a reliable, affordable energy supply is vital to the nation's future economic growth, security, and quality of life; and

WHEREAS, it should be clear public policy of the United States to pursue an "all of the above" approach by promoting, and not discouraging or eliminating, any one or more domestic potential fuel source for electric generation by new or existing power plants; and

WHEREAS, the EPA's proposed regulations for existing power plants, while not yet made public, can reasonably be expected to follow the approach taken by the EPA in its proposed rules for new plants, and in any event, certainly will be designed to drastically reduce CO2 emissions from existing coal-fired electric power plants; and

WHEREAS, stricter emission standards imposed by the EPA on Missouri's existing coal-fired electric power plants necessarily will translate into higher electric costs that necessarily must be paid for by all Missouri consumers, either directly in higher electric rates, or indirectly through higher costs for other goods and services; and

WHEREAS, higher electric rates translate into an economic competitive disadvantage for Missouri and added economic stress in an already struggling state economy; and

WHEREAS, electric rate increases in recent years continue to be a heavy burden for customers served by the state's investor-owned and municipally-owned electric utilities, especially low-income residential customers, small businesses, and large manufacturers who are struggling to survive in an increasingly competitive world market; and

WHEREAS, increasing costs for electricity will hit especially hard residential electric users living in rural Missouri who are served by Missouri's electric cooperatives where 50% of electric cooperative members are over 55 years old, 37% are retired or on a fixed income, 40% have gross household incomes of less than \$50,000 per year, and 16% make less than \$25,000 per year; and

WHEREAS, approximately 40 million American families nationally earn less than \$30,000 per year and spend almost 20% of their budgets on energy costs; and

WHEREAS, Missouri currently enjoys some of the lowest electric rates in the nation due to its reliance on coal-fired electric generation while other states that do not rely on coal have some of the highest electric rates; and

WHEREAS, many states have implemented mandatory or voluntary renewable portfolio/energy standards, implemented energy efficient or peak load reduction programs, experienced significant retirements of coal-based generating plants, or mandated emission reduction programs - all of which have already contributed to a reduction in greenhouse gas emissions; and

WHEREAS, each state has different needs and should be permitted to primarily rely on its own state utility and environmental regulators to craft and implement emission performance systems that reflect the policies, energy needs, fuel resource mix, and unique economic considerations of each state and region:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly urge the Environmental Protection Agency to use some basic common sense and reject any federal fossil fuel emission rules or regulations that would have the practical effect of removing coal as a viable fuel option for both new and existing electric generation in the State of Missouri and elsewhere, and to adopt only such rules and regulations that allow state utility and environmental regulators maximum flexibility and discretion in implementing the same; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Gina McCarthy, Administrator of the Environmental Protection Agency, and each member of the Missouri Congressional delegation.

**HOUSE COMMITTEE SUBSTITUTE
HOUSE CONCURRENT RESOLUTION NO. 38 [HCS HCR 38]**

WHEREAS, the United States Environmental Protection Agency (EPA) is overstepping its jurisdictional boundaries regarding the regulation of water quality and the use of coal and wood as energy sources in Missouri; and

WHEREAS, the EPA refuses to allow the practice of blending as related to municipal waste water treatment plants in 55 of Missouri's municipalities, which is estimated to cost our state \$650 to \$700 million dollars; and

WHEREAS, on August 22, 2013, the EPA finalized water quality criteria for ammonia as a result of toxicity studies of mussels; and

WHEREAS, only 2 of the 69 species of mussels in Missouri would be affected by the new criteria, yet the EPA forces the extreme ammonia standards on the state anyway; and

WHEREAS, nearly all discharging domestic waste water treatment facilities as well as certain industrial and storm water dischargers with ammonia in their effluent cannot meet the new ammonia standards with current, reasonably priced technology; and

WHEREAS, the estimated cost to Missourians to comply with the new ammonia standards is \$1 billion dollars; and

WHEREAS, a reliable, affordable energy supply is vital to the nation's future economic growth, security, and quality of life; and

WHEREAS, domestically produced coal has been and continues to be used as a fuel to produce over 80 percent of the electricity generated by the state's investor-owned electric utilities, municipally owned utilities, and rural electric cooperatives; and

WHEREAS, the state's heavy reliance on coal as a fuel source for Missouri's base-load electric generation is due primarily to coal being abundant, available, reliable, and comparatively much less expensive than virtually all other available fuels; and

WHEREAS, the EPA has issued proposed rules and regulations for new fossil fuel-fired power plants and is expected to issue its proposed rules and regulations for existing fossil fuel-fired power plants by June 1, 2014, with implementation by June 2015; and

WHEREAS, stricter emission standards imposed by the EPA on Missouri's coal-fired electric power plants will translate into higher electric costs that necessarily must be paid for by all Missouri consumers, either directly in higher electric rates or indirectly through higher costs for other goods and services; and

WHEREAS, the recent spike in propane gas prices should remind us that we need to safeguard our readily available and cost-effective resources; and

WHEREAS, the use of other forms of renewable energy should be encouraged, but not demanded and not by eliminating proven, time-tested resources; and

WHEREAS, the EPA is also proposing new source performance standards for residential wood heaters by reducing maximum fine particulate emissions from 15 micrograms per cubic meter of air to 12 micrograms per cubic meter of air; and

WHEREAS, the proposed new source performance standards would apply to new wood stoves and other wood heaters, requiring manufacturers, many of which are small businesses, to implement costly changes to their manufacturing process and products; and

WHEREAS, most wood stoves and other wood heaters are sold for use in rural, cold climate areas where wood is readily available and the consumption of wood for residential purposes is highest in the Midwest; and

WHEREAS, over 97,000 homes in Missouri used wood as their home heating fuel in 2012; and

WHEREAS, wood is the most accessible and affordable renewable energy resource for home heating; and

WHEREAS, the net carbon dioxide emissions from wood are far below those of all other fuels; and

WHEREAS, wood heating strengthens local economies, including providing jobs and incomes, since wood can be purchased locally and the money stays in the community versus purchasing natural gas or petroleum fuels from outside the community; and

WHEREAS, the cost of a new wood stove or other wood heater, which would meet the EPA's proposed new source performance standards, would be cost-prohibitive for many rural Missourians who rely on wood stoves as their residential heating source; and

WHEREAS, each state has different resources and needs and should be permitted the maximum flexibility and discretion in implementing policies and regulations regarding its natural resources:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress to decrease the EPA's authority to regulate water quality and the use of coal and wood as energy sources; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Majority and Minority Leaders of the United States Senate and House of Representatives, the Administrator of the Environmental Protection Agency, and each member of the Missouri Congressional delegation.

SENATE CONCURRENT RESOLUTION NO. 31 [SCR 31]

WHEREAS, insurance protects the United States economy from the adverse effects of the risks inherent in economic growth and development while also providing the resources necessary to rebuild physical and economic infrastructure, offer indemnification for business disruption, and provide coverage for medical and liability costs from injuries and loss of life in the event of catastrophic losses to persons or property; and

WHEREAS, the terrorist attack of September 11, 2001, produced injured losses larger than any natural or man-made event in history, with claims paid by insurers to their policyholders eventually totaling some \$32.5 billion, making this the second most costly insurance event in United States history; and

WHEREAS, the sheer enormity of the terrorist induced loss, combined with the possibility of future attacks, produced financial shockwaves that shook insurance markets causing insurers and reinsurers to exclude coverage arising from acts of terrorism from virtually all commercial property and liability policies; and

WHEREAS, the lack of terrorism risk insurance contributed to a paralysis in the economy, especially in construction, tourism, business travel, and real estate finance; and

WHEREAS, the United States Congress originally passed the Terrorism Risk Insurance Act of 2002, Pub. L. 107-297 (TRIA), in which the federal government agreed to provide terrorism reinsurance to insurers and reauthorized this arrangement via the Terrorism Risk Insurance Extension Act of 2005, Pub. L. 109-144, and the Terrorism Risk Insurance Program Reauthorization Act of 2007, Pub. L. 110-160 (TRIPRA); and

WHEREAS, under TRIPRA the federal government provides such reinsurance after industry-wide losses attributable to annual certified terrorism events exceed one hundred million dollars; and

WHEREAS, coverage under TRIPRA is provided to an individual insurer after the insurer has incurred losses related to terrorism equal to twenty percent of the insurer's previous year earned premium for property-casualty lines; and

WHEREAS, after an individual insurer has reached such a threshold, the insurer pays fifteen percent of residual losses and the federal government pays the remaining eighty-five percent; and

WHEREAS, the Terrorism Risk Insurance Program has an annual cap of one hundred billion dollars of aggregate insured losses, beyond which the federal program does not provide coverage; and

WHEREAS, TRIPRA requires the federal government to recoup one hundred percent of the benefits provided under the program via policy holder surcharges to the extent the aggregate insured losses are less than twenty-seven billion five hundred million dollars and enables the government to recoup expenditures beyond that mandatory recoupment amount; and

WHEREAS, without question, TRIA and its successors are the principal reason for the continued stability in the insurance and reinsurance market for terrorism insurance to the benefit of our overall economy; and

WHEREAS, the presence of a robust private/public partnership has provided stability and predictability and has allowed insurers to actively participate in the market in a meaningful way; and

WHEREAS, without a program such as TRIPRA, many of our citizens who want and need terrorism coverage to operate their businesses all across the nation would be either unable to get insurance or unable to afford the limited coverage that would be available; and

WHEREAS, without federally provided reinsurance, property and casualty insurers will face less availability of terrorism reinsurance and will therefore be severely restricted in their ability to provide sufficient coverage for acts of terrorism to support our economy; and

WHEREAS, unfortunately, despite the hard work and dedication of this nation's counter terrorism agencies and the bravery of the men and women in uniform who fought and continue to fight battles abroad to keep us safe here at home, the threat from terrorist attacks in the United States is both real and substantial and will remain as such for the foreseeable future:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-seventh General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress and the President of the United States to reauthorize the Terrorism Risk Insurance Program; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President Pro tempore of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.
