RE: Missouri Department of Natural Resources' 2023 Departmental Organizational Plan

Dear Commissioner Zellers:

We appreciate the opportunity to update the Missouri Department of Natural Resources' Departmental Organizational Plan, according to Section 1.56(2) of the State Omnibus Reorganization Act of 1974. The department has not undergone significant, structural changes such that an update would be required under the Act. However, upon our review, we noted an erroneous listing on the MoDNR Assigned Boards and Commissions page. The Interstate Mining Compact Commission (IMCC) is not a commission established by the state of Missouri and is not a MoDNR "assigned" board or commission; therefore, we recommended removing it from the list in the department plan since it is not appropriate or applicable to list as such. In addition, upon our review, we made minimal other updates to clarify and update some of the details within the plan to better describe the department's work.

Thank you for the opportunity to correct the erroneous reference, and to make these updates. If you have any questions, please contact Darcy Bybee, Acting Director of the department's Division of Administrative Support at P.O. Box 176, Jefferson City, MO 65102 or by telephone at 573-751-1117.

Sincerely,

The Office of the Director is the central management unit within the Department of Natural Resources. It is responsible for implementing statewide environmental and natural resource policies resulting in environmentally-sound and energy-efficient decisions that protect our air, land, water, and mineral resources while fostering economic development; managing the organizational units within the Department; and promoting efficient administration and operations.

ADMINISTRATIVE SUPPORT

The Division of Administrative Support includes the functions of budget development, financial resource allocations, audit, accounting, human resources, procurement, grants, general services, and employee payroll.

ENVIRONMENTAL QUALITY

The Division of Environmental Quality oversees the state's environmental management for water pollution and drinking water, air pollution control, hazardous waste management, and solid waste management. The division also includes environmental services and regional office functions and activities. The Division of Environmental Quality helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by promoting environmental responsibility and resource stewardship and enhancing services to the regulated public.

Financial Assistance Center is dedicated to helping Missouri communities plan, finance and build water infrastructure projects that improve the lives of Missourians. The Department operates several grant and low-interest loan programs that provide state and federal funds for the construction of adequate wastewater, stormwater, and drinking water treatment facilities. These funds are primarily provided to public entities, but some funds are available to qualifying private entities. The construction of the public drinking water and wastewater treatment facilities is expensive, and many Missouri communities need financial assistance to meet these costs.

APPENDIX C — DEPARTMENTAL PLANS

Water Protection Program promotes clean and safe water for all Missourians including drinking water, surface water, and groundwater for recreational, agricultural, residential, commercial, and industrial uses. To accomplish this goal, the program provides financial and technical assistance, issues permits, conducts compliance assistance, and classifies water bodies to protect their uses. Encompassed in the program is the Nonpoint Source (NPS) Management Program which provides federal Clean Water Act Section 319 implementation grants to accomplish significant results in the control and mitigation of NPS pollution.

Water quality studies provide funding to help protect the integrity of public water systems and the quality of groundwater, streams, and lakes. The Department administers projects, subgrants, and contracts to protect water quality. Routine testing of public water systems is conducted for possible contamination, thereby ensuring that the drinking water supplied by public water systems is safe and protecting the health of Missouri's citizens. The Department gathers information through studies to assist communities in assessing the technical, managerial, and financial capability of public water systems and determine the most appropriate course of action for a small public water system to protect and maintain the quality of the source of its water and to ensure citizens are consistently provided with clean water that is safe to drink.

The Concentrated Animal Feeding Operation Indemnity Fund provides monies to close certain lagoon structures placed under state control due to bankruptcy, failure to pay property taxes, or abandonment.

Air Pollution Control Program strives to maintain and improve the quality of Missouri's air to protect public health, general welfare, and the environment. The program operates according to the Missouri Air Conservation Law and the Clean Air Act.

The program issues construction and operating permits to help ensure facilities are built in compliance with the laws and rules designed to protect public health. The program, working with the Department's regional offices, identifies facilities that are not in compliance and works with them to reach compliance.

By collecting air monitoring and emission inventory information, the program provides benchmark data for the state's air-quality planning efforts. Air monitoring data can be measured against that benchmark to provide an indicator of whether air pollution control in Missouri is successful. In the St. Louis area, the Department and the Missouri State Highway Patrol oversee the joint vehicle emissions and safety inspection programs.

The program also provides financial assistance to entities through grants or contracts to carry out activities aimed at reducing air pollution.

Waste Management Program operates two federally-authorized Resource Conservation and Recovery Act (RCRA) regulatory programs, one pursuant to 40 CFR Part 258, Subtitle D that permits, enforces, and oversees sanitary landfills, and one pursuant to 40 CFR §272.1300 authorizing Missouri to administer and enforce a hazardous waste management program in lieu of the Federal RCRA Subtitle C program.

Under RCRA Subtitle D and state laws and regulations, the program issues permits, enforces, and oversees sanitary, demolition, special waste, and utility waste landfills; solid waste

APPENDIX C — DEPARTMENTAL PLANS

processing facilities, such as transfer stations; infectious waste processing and transfer facilities; and material recovery facilities; as set forth in the Solid Waste Management Law. Program staff conduct civil investigations of illegal dumping and investigate possible migration of methane gas from solid waste disposal areas and seepage of leachate and methane gas into groundwater. The program plans and oversees scrap tire dump cleanup activities; awards scrap tire material resurfacing and market development grants; reviews scrap tire hauler, processor, and site permits; and provides technical assistance for beneficial use determinations. The program, working with a statewide network of partners, strives to protect the environment and public health by minimizing solid waste generated by Missouri citizens, businesses, and institutions through effective and efficient materials management through Department oversight of the 20 Solid Waste Management Districts and the district grant program.

Under RCRA Subtitle C and state laws and regulations, the program issues permits, enforces, and oversees the management of hazardous waste production and oversight of hazardous waste generation, transportation, storage, disposal, and corrective action. The program also conducts Polychlorinated biphenyls (PCB) compliance monitoring, complaint investigations, and inspections in accordance with the federal Toxic Substance Control Act.

The Solid Waste Management Program Specific Distribution provides approximately \$10 million annually to the solid waste management districts for administration and funding of community-based reduce, reuse, and recycle grants. This grant program builds solid waste management infrastructure to better use materials that otherwise would have been disposed of in landfills or illegally dumped. Through projects funded by the district grant program, opportunities are provided to communities throughout Missouri to create and/or retain “green jobs” in the recycling sector of the Missouri economy. These grants encourage waste reduction, reuse, recycling, energy recovery, and efficient processing of Missouri’s solid wastes. Local governments, small and large businesses, schools, sheltered workshops, and individuals seek and receive grants to support activities to remove materials from the waste stream and return the materials for beneficial reuse or energy recovery. The program also supports the removal of illegally dumped scrap tires from the environment by providing funds for tire dump cleanup activities, as well as funding scrap tire material surfacing grants.

Financial Assurance Instruments (FAIs) are collateral provided to the state by hazardous and solid waste facilities, such as Treatment, Storage, and Disposal Facilities, corrective action sites, landfills, certain solid waste processing facilities, and scrap tire site owners/operators. The FAIs guarantee implementation of corrective action, closure, and/or post-closure activities should the owner/operator fail to do so or is no longer capable of doing so.

Sufficient financial assurance is needed to ensure corrective action, closure, and/or post closure activities for solid waste and hazardous waste facilities are conducted when needed to protect public health and the environment. In part, this involves activities required to ensure closed solid waste landfills have adequate funding and controls in place to ensure environmental protection for at least 30 years after the landfill closes. Such activities include: maintenance or replacement of the landfill cover, which costs several thousands of dollars per acre; an adequate soil/vegetative cap to prevent water infiltration; methane gas monitoring to protect public safety; monitoring for potential groundwater and surface water impacts; erosion control; and grounds keeping (i.e., mowing and removal of trees).

Pollution Prevention, the program promotes safe operations and handling of waste by registering

APPENDIX C — DEPARTMENTAL PLANS

hazardous wastes, maintaining waste generation reporting and by providing compliance assistance to registered facilities.

Environmental Remediation Program protects human health and the environment by remediating hazardous substances and petroleum waste leaked, dumped, or deposited onto Missouri lands.

Statewide site remediation is provided by the Petroleum Storage Tank, Superfund, Brownfields Voluntary Cleanup, Federal Facilities and Natural Resource Damage Assessment and Restoration sections. Cleaning up contamination at sites; regulating the management, closure, and risk-based cleanup of petroleum storage tank releases; and ensuring long-term stewardship of sites where contamination remains protects human health and the environment and promotes property re-use. The Environmental Remediation Program's major functions are:

Pollution Prevention – Prevents environmental damages and impact to public health; promotes safe operations of more than 3,000 underground storage tank sites; and provides training and equipment to first responders along radioactive material transportation routes.

Remediation – The program addresses environmental contamination through investigation, remediation of contaminated sites, and restoration of land to productive use; implements laws that require responsible parties to be accountable for contamination; facilitates environmental remediation when parties seek to voluntarily clean up contaminated sites; and provides oversight of parties conducting remediation.

Stewardship – The program implements long-term stewardship measures, performs operation and maintenance activities, conducts inspections, and maintains a registry and on-line mapper, providing information to the public on appropriate and productive reuse of properties.

Environmental Restoration – The program assesses, restores, or rehabilitates injured natural resources.

The program also provides financial assistance to entities through grants or contracts to carry out activities that promote a healthy environment and economy.

Environmental Services (ESP) provides field support and monitoring functions throughout Missouri. The Environmental Emergency Response Section maintains a 24-hour per day support and response capability for hazardous substance releases, radiological incidents, homeland security events, and natural disasters. Local fire departments, haz-mat teams, law enforcement, and first responders rely upon these services. Many of these incidents require an on-scene response to assess the situation, provide technical assistance to on-site responders, and ensure that the hazardous substance release was properly cleaned up. ESP includes the state's environmental laboratory, which is certified by the U. S. Environmental Protection Agency (EPA). The program performs chemical analysis of public drinking water supplies, and also collects and analyzes air, water, and soil samples. In cases where a responsible party cannot be located or fails to take timely action, ESP may hire a contractor to address threats to public health or the environment.

APPENDIX C — DEPARTMENTAL PLANS

The **Regional Offices** and **Central Field Operations** are located throughout the state of Missouri and work in partnership with the DEQ environmental programs to protect the state's air, land, and water resources, which are important for Missouri citizen's quality of life and the economy. The program provides consistent, efficient delivery of services closer to where Missourians live and work. This is accomplished through timely compliance assistance, inspection, on-site visits to permitted facilities, wastewater and air burn permit issuance, and investigating reported environmental concerns. Regional offices are located throughout the state to provide more local access to those the Department serves.

ENERGY

The Division of Energy advances the efficient use of diverse energy resources through financial and technical assistance and education. It supports business and community development and the use of diverse in-state resources and energy efficiency through interaction with utility companies, Public Service Commission staff, the Department of Natural Resources' environmental programs, and the Department of Economic Development's business expansion and attraction operations. The Division operates as the designated State Energy Office, directing the use of federal State Energy Program funds to support state-led energy initiatives.

STATE PARKS

Missouri state parks and historic sites are administered by the Division of State Parks pursuant to Chapter 253, RSMo. The Division's primary responsibilities are the administration of the Missouri state park system, and coordination of statewide programs in the areas of outdoor recreation and trails. The Missouri state park system contains 93 state parks and historic sites plus the trails of Roger Pryor Pioneer Backcountry. The mission of the Division is to preserve and interpret the state's most outstanding natural landscapes and cultural landmarks, and to provide outstanding recreational opportunities compatible with those resources.

The Division of State Parks also administers programs in the areas of outdoor recreation and trail grants. Federal Land and Water Conservation Fund grants are available to cities, counties and school districts to be used for outdoor recreation facilities, and land acquisition designed for the general public. Grants also are available to trail organizations and local governments for trail construction and maintenance through the National Recreation Trail Fund.

Director's Office: Staff within the Director's Office coordinate information to the public and provide guidance on issues of policy, risk management, information technology, human resources, and real estate transactions.

Business Services Program: The Business Services Program is responsible for procurement, budget, attendance, concession management and revenue collection, and provides financial and administrative services for the division.

Cultural Resource Management Program: The Cultural Resource Management Program researches, protects and interprets the cultural resources of the state park system and develops content for exhibits and other educational material to help the public to understand and appreciate the history of Missouri.

Grants, Recreation and Interpretation Program: The Grants, Recreation and Interpretation

APPENDIX C — DEPARTMENTAL PLANS

Program provides resources, training and coordination for facility staff concerning interpretation, recreational programming and working with underserved stakeholders. The program also coordinates special events and trail management. The program also is responsible for grant management.

Natural Resource Management Program: The Natural Resource Management Program researches, protects and interprets the natural resources of the state park system and develops content for exhibits and other educational material to help the public understand and appreciate the natural resources of Missouri.

Safety and Wellness Program: The Safety and Wellness Program is responsible for coordinating the Division's environmental, safety, risk and wellness management efforts.

State Park Ranger Program: The State Park Ranger Program provides law enforcement and safety services for facilities and visitors.

Planning and Development Program: The Planning and Development Program prepares and coordinates all facility planning, design and development, as well as capital improvements and major repair projects.

Visitor Services Program: The Visitor Services Program is responsible for marketing activities and support for field operations through operational planning, customer service, policies and signage.

Regional Offices: Three regional offices assist in the operation and coordination of the state parks and historic sites and provide more local access to those the Department serves.

SHPO: The Department Director is the State Historic Preservation Officer, and the State Historic Preservation Office (SHPO) is also managed within the Division. SHPO works with citizens and groups throughout the state to identify, evaluate, and protect Missouri's diverse range of historic, architectural, and archaeological resources through its Section 106 review, federal and state tax credit review, National Register nomination evaluation, federal and state grant administration supporting historic preservation, and consultation and other responsibilities associated with the Missouri's Unmarked Human Burials Sites Act.

MISSOURI GEOLOGICAL SURVEY

The Missouri Geological Survey (MGS) includes the Geological Survey Program, Land Reclamation Program, Dam and Reservoir Safety Program, Water Resources Center, and Soil and Water Conservation Program.

The **Geological Survey Program** investigates the state's geology and provides geologic and hydrologic information to assist with decisions relating to economic development, site remediation, contaminant migration, subsurface investigations, and geologic hazards. The program also determines the character and availability of the state's energy and mineral resources. Staff implement the Water Well Drillers Act by establishing standards for domestic water wells, monitoring wells, and geothermal ground source heat pump wells. The Oil and Gas Remedial Fund is also administered to plug abandoned oil and gas wells with the potential to impact surface and groundwater resources which may pose a threat to human health. The fund also handles emergency situations, such as a leaking gas well.

6

APPENDIX C — DEPARTMENTAL PLANS

The **Land Reclamation Program** regulates surface mining of coal and industrial minerals, regulates and administers reclamation of coal mine and industrial mine lands on which bonds were forfeited, regulates and administers reclamation of coal mine lands abandoned prior to 1977, and regulates the metallic-mineral waste disposal areas of mining operations.

The Abandoned Mine Land unit oversees the reclamation of abandoned mine sites in Missouri including sites abandoned prior to the Surface Mining Control and Reclamation Act of 1977. For coal sites abandoned prior to 1977, the program uses federal funds to directly contract for the reclamation activities at these sites.

The Mined Land Reclamation Fund provides pass-through appropriation authority for reclamation of sites where bonds have been forfeited on permit-revoked mine sites. Reclamation involves work to restore mined lands to productive uses such as agricultural, wildlife habitat, water impoundment, or development. The program may collect reclamation bonds and directly contract for the reclamation activities, or the program may allow the surety bond-holder to perform the reclamation in place of the original permit holder.

The **Dam and Reservoir Safety Program** administers the provisions of the Missouri Dam and Reservoir Safety Law. The Missouri Department of Natural Resources regulates nonfederal, nonagricultural dams 35 feet and higher through inspections, registration, and issuance of construction permits. Dams are a critical part of the state's infrastructure, providing many benefits including water supply, flood protection, hydropower, irrigation, and recreation. There are approximately 730 regulated dams. The program works with citizens, dam owners, engineers, and emergency managers to ensure dams in Missouri are constructed, maintained, and operated in a safe manner.

The **Water Resources Center** provides information for Missouri's comprehensive water needs by examining both surface and groundwater use and availability. Staff investigate water supply issues; maintain and update Missouri's Public Water Supply database for groundwater wells; collect, analyze, and distribute groundwater-level data from a statewide network of observation wells; evaluate public water supply wells; and provide casing and total depth specifications. Water Resources Center staff provide guidance and technical expertise for planning and development of regional water supply projects throughout Missouri. Staff defend the State's vital water resources interests, including those related to navigation, flood control, and other uses of the Missouri and Mississippi rivers before numerous interstate and interagency river basin associations. The Water Resources Center administers the Multipurpose Water Resources Program Fund through the provision of grants or other financial assistance and allows for the state to participate with a sponsor in the development, construction, or renovation of a water resource project providing a long-term solution to water supply needs. The Missouri Hydrology Information Center engages in flood-related projects, drought mitigation, aquifer characterization, modeling, and prediction to help Missourians understand their flood risk, drought susceptibility and water supply.

The **Soil and Water Conservation Program** (SWCP) provides guidance and support to the Soil and Water Districts Commission and the 114 local Soil and Water Conservation Districts throughout the state. SWCP administers the Cost-Share, Conservation Monitoring and District Grant programs, as well as various research and planning projects. Staff administers the conservation programs through the districts for the control and reduction of soil erosion on agricultural land, and protection of water resources. Through these activities, nearly \$66 million is available for the installation of soil and water conservation practices on agricultural land, and

to support the operation of each district.

Organizations Administratively Attached to the Department

The following organizations are administratively attached to the Department:

ENVIRONMENTAL IMPROVEMENT AND ENERGY RESOURCES AUTHORITY

The Environmental Improvement and Energy Resources Authority (EIERA), under Chapter 260, RSMo, is an independent, self-supporting, quasi-governmental agency assigned to the Missouri Department of Natural Resources.

EIERA provides financing, research, and technical assistance for environmental and energy related projects. The authority:

- Issues municipal bonds to capitalize the State Revolving Fund (SRF) programs which provide low-interest financing for water and wastewater infrastructure.
- Provides financial assistance through the Market Development Program to small businesses that divert waste from landfills to create products with recycled materials.
- Issues municipal bonds on behalf of private and investor-owned utilities to finance pollution-prevention infrastructure projects.
- Provides low-cost financing and technical assistance to communities and businesses to assist with the cleanup of contaminated properties.
- Provides paying agent services to investor-owned utilities that fund low-income weatherization services.
- Provides paying agent services and technical and administrative assistance for environmental restoration efforts.

PETROLEUM STORAGE TANK INSURANCE FUND

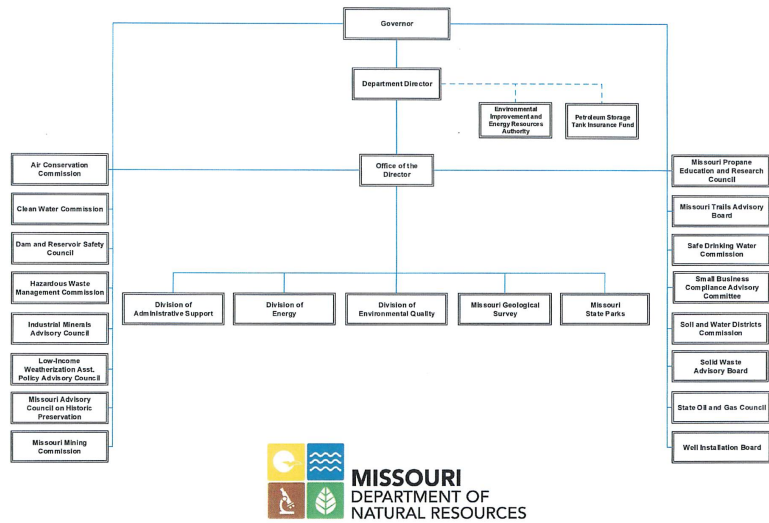

Missourians who store/sell petroleum are required to have a financial responsibility mechanism to pay for costs of cleanup and third party damages if the tank or piping leaks. Private insurance is unavailable or prohibitively expensive for many small businesses that own tanks. The Petroleum Storage Tank Insurance Fund (PSTIF) provides an economical way for tank owners/operators to comply with this requirement. In addition, thousands of tanks sites in the state were contaminated with petroleum before environmental laws were enacted and are not economically viable due to environmental liability. The PSTIF also pays for cleanup of these sites, subject to statutory criteria, which stimulates redevelopment of these properties. The PSTIF is funded by a fee on all petroleum coming into the state and nominal fees paid by insured tank owners, and is managed by an 11-member board of Trustees.

APPENDIX C — DEPARTMENTAL PLANS

MISSOURI DEPARTMENT OF AGRICULTURE

DEPARTMENTAL PLAN
OCTOBER 2023

MISSION

The mission of the Missouri Department of Agriculture is to serve, promote, and protect the agricultural producers, processors, and consumers of Missouri's food, fuel, and fiber products.

INTERNAL ORGANIZATION

The Missouri Department of Agriculture represents the diverse interests of the state's vast agricultural industry. The department has the dual responsibility of protecting the state's producers, processors, distributors, and consumers of food, fuel, and fiber while marketing Missouri's food and agricultural products at home and abroad. The Department was originally established by Senate Bill 42, passed in 1933. Its current constitutional authority is Article IV, Section 35, and its statutory authority is RSMo. Chapter 261.

OFFICE OF THE DIRECTOR

The Missouri Department of Agriculture is managed by a Director who is appointed by the Governor and confirmed by the Senate. The Director determines department policy, oversees the department's five divisions and serves as a liaison to the Governor, state legislators, the agricultural community and the public.

The Director is a standing member of the State Milk Board, the Missouri State Fair Commission, the Missouri Wine and Grape Board, the Missouri Soil and Water Districts Commission, the Missouri Development Finance Board, the Missouri Petroleum Storage Tank Insurance Fund, and the Missouri Agricultural and Small Business Development Authority.

The Deputy Director is responsible for the coordination of activities of the division directors and manages the day-to-day operations of the Department. The Deputy Director acts on behalf of the Director in his/her absence.

Housed within the Office of the Director are the department's administrative and support functions: fiscal, grants management, human resources, operation excellence, strategic initiatives and communications, budget, general counsel, legislative and policy, and planning.

The Director's Office is also responsible for surveillance of foreign ownership of Missouri's agricultural farmland (RSMo. Chapter 442) and for administering the provisions of RSMo. Chapter 350, relating to corporate farm registration.

APPENDIX C — DEPARTMENTAL PLANS

AGRICULTURE BUSINESS DEVELOPMENT DIVISION

The Agriculture Business Development Division creates opportunities for success for Missouri's farmers and agribusinesses. Division staff help facilitate growth in Missouri's agriculture-based businesses by providing resources, information, and training on a sector-by-sector basis.

Areas of specialization include capitalization, business planning, marketing, industry development, product and brand development, and organizational structures. The division also helps facilitate growth in Missouri's agriculture-based industries by working with key players such as universities, associations, private sector partners, and federal and state agencies.

The division's staff also works with Missouri youth, encouraging them to pursue agricultural degrees and careers through the Missouri AgriBusiness Academy, Building Our American Communities grants, and working with state FFA Chapters and 4-H Clubs.

Missouri Grown

Missouri Grown is a branded program designed to support the production of and demand for agricultural products grown, raised, and processed in Missouri. The program works with farmers, agribusinesses, and retail outlets statewide to increase consumer recognition of Missouri's agricultural products through the following program areas:

- 1) Consumer Outreach and Education Efforts
- 2) Missouri Grown Brand Promotion/ Marketing
- 3) Farm to Table Coordination Efforts
- 4) Missouri Grown Membership Assistance
- 5) Agritourism Promotion

International and Business Development Programs

The International and Business Development Programs focus on both domestic and international marketing for Missouri agribusinesses. Department specialists work with local and national partner agencies and organizations to coordinate trade activities, identify new markets, expand existing markets, and facilitate educational opportunities to achieve meaningful changes for our producers and processors. By providing one-on-one assistance to producers and agribusinesses interested in producing, processing, and/or marketing their products in new ways, the marketing personnel offer services to enhance farm and agribusiness profitability through outreach, education, and promotion of agricultural products that are grown, raised, or processed in Missouri. With an international office in Taiwan and access to in-market representatives from industry partners, including USDA's Foreign Agricultural Service, marketing specialists are able to work worldwide to promote Missouri agricultural products.

Market News

Market News provides unbiased, reliable, accurate, and timely livestock and grain market news that farmers and ranchers use in production planning and marketing decisions. Market News staff report prices from 25 livestock auctions and 28 grain markets, and from local Farmers' Markets statewide. Reports are disseminated and available to the public daily through the internet,

APPENDIX C — DEPARTMENTAL PLANS

media (including radio, newspaper and television), market news hotline, and the Weekly Market Summary in Missouri.

ANIMAL HEALTH DIVISION

The Animal Health Division, under the direction of the state veterinarian, promotes and protects Missouri's diverse and dynamic livestock industry. The assistance and oversight provided by the division's programs ensure greater market access for Missouri's livestock and companion animal industries.

Animal agriculture accounts for about half of Missouri's annual agriculture cash receipts. The division administers laws and programs designed to control and eradicate livestock disease and to maintain and enhance the integrity of the state's animal industries.

The state's progress in national disease control and eradication is due to the cooperative efforts of livestock producers, markets, practicing veterinarians, other agencies, and animal health staff. Through these cooperative efforts, Missouri has achieved bovine Tuberculosis and Brucellosis Free status, swine Pseudorabies stage V free status, and avian Pullorum-Typhoid Clean status. In addition, the division operates two state-of-the-art diagnostic laboratories in Jefferson City and the other in Springfield.

AgriSecurity

The Animal Health Division works to safeguard animal agriculture and the public against all hazards to include natural and manmade disasters and the threat of foreign animal diseases, including those that may result from bioterrorism, through outreach and educational opportunities and through participation in animal disease preparedness and response trainings. The division provides proactive outreach programs in an effort to educate the livestock industry and the public on the importance of biosecurity and disease prevention protocols.

Animal Care Facilities

Missouri regulates a number of businesses involving companion animals in commerce or transaction. The Animal Care Facilities Act ensures dogs and cats, specifically those under the care of breeders, dealers, animal shelters, municipal pounds, and pet shops receive adequate housing and veterinary care. The Canine Cruelty Prevention Act requires large-scale dog breeders to meet stricter standards under the law. The Acts, designed to benefit both the animals and the pet industry, requires any animal shelter, pound or dog pound, boarding kennel, commercial kennel, contract kennel, pet shop, exhibition facility, dealer, or commercial breeder to be licensed and inspected annually.

Branding Cattle

Branding is one of the oldest and best ways to permanently identify livestock. It serves as a safeguard against livestock theft, loss, or dispute. Legislation passed in 1971 made the Missouri Department of Agriculture responsible for registering livestock brands. Brands must be recorded as required by Missouri's Marks and Brands of Animals Law to prove ownership and be considered legal evidence in a court of law.

APPENDIX C — DEPARTMENTAL PLANS

Disease Control

The Animal Health Division, under the direction of the state veterinarian, is responsible for controlling, eradicating, and testing for livestock disease in Missouri. This is accomplished through regulatory programs and disease testing of cattle, swine, horses, poultry, exotic animals, sheep, goats, and small animals as provided under the Diseased Animal Law. The state veterinarian is also responsible for the approval of vaccinations used in livestock and companion animals in the state.

Dr. Merrill Townley and Dr. Dan Brown Large Animal Veterinary Student Loan Program

The Dr. Merrill Townley and Dr. Dan Brown Large Animal Veterinary Student Loan Program was established to assist students with their financial burden who are currently enrolled or students who have been accepted into the University of Missouri's College of Veterinary Medicine. Applicants are selected by an appointed advisory committee on an annual basis.

Large Carnivore Program

The Large Carnivore Program oversees the responsible ownership and care of large carnivores in Missouri. Through this program, the department regulates private ownership of species including bears that are not native to Missouri, tigers, lions, jaguars, leopards, snow leopards, clouded leopards and cheetahs, and any hybrids of those, and ensures that owners meet state standards regarding housing, veterinary care, safety, identification, and recordkeeping for those animals.

Livestock Markets and Dealers

Missouri has a livestock inventory of millions of cattle, swine, sheep, and horses. To help livestock producers obtain the maximum return on their investment, Missouri is fortunate to have a number of livestock markets/sales throughout the state. To operate a livestock market/sale in the state, the operator must have a license issued by the Division of Animal Health. Missouri Livestock Dealer Registration is required for those who buy, sell, or exchange livestock.

Missouri Meat and Poultry Inspection Program

The Missouri Meat and Poultry Inspection Program (MMPIP) enforces State and Federal meat and poultry inspection laws to ensure the commercial supply of meat and poultry products within the state are safe, wholesome, and properly labeled. In cooperation with USDA-FSIS, MMPIP offers equal inspection authority and service within the state of Missouri. As a result, meat processors who obtain inspection services from MMPIP have the same opportunities to add value to their products as USDA inspected processors in regard to meat sold in the state. In addition, selected Missouri inspected establishments meeting "same as" standards with USDA-FSIS may participate in interstate commerce under the Cooperative Interstate Shipment Agreement.

Poultry Health Program

The Poultry Health Program protects the poultry industry within the state of Missouri through disease testing and administration of the National Poultry Improvement Plan (NPIP) disease certification programs. Under the NPIP, producers who want to sell wholesale hatching eggs or day-old poultry stock, exhibit poultry, or import poultry into the state must have their eggs and/or birds certified pullorum-typhoid free or test negative for pullorum within 90 days of

APPENDIX C — DEPARTMENTAL PLANS

the regulated activity. The Poultry Health Program also has a proactive outreach program educating the poultry industry and the public on the importance of biosecurity and disease prevention protocols.

GRAIN INSPECTION AND WAREHOUSING DIVISION

The Grain Inspection and Warehousing Division is comprised of programs that administer the Missouri Grain Warehouse Law, the Missouri Grain Dealer Law, and the United States Grain Standards Act. These laws promote and protect commerce in the interest of grain producers, merchandisers, warehousemen, processors, and consumers. They also promote a uniform official inspection system for the orderly marketing of grain. This division also administers the Commodity Services Program.

Commodity Services Program

The Commodity Services Program provides commodity councils with an organized procedure for the collection and distribution of commodity checkoff funds for eight Missouri commodities (Beef, Corn, Soybeans, Rice, Sheep and Wool, Wine, Aquaculture, and Apples).

Grain Inspection Services Program

The Grain Inspection Services Program is federally designated to officially inspect, grade, and weigh all commodities that have standards established under the United States Grain Standards Act and the Agricultural Marketing Act of 1946. The program also administers the requirements of the USDA Specialty Crop Cooperative Agreement, as established by the Agriculture Marketing Act of 1946.

The program provides four primary services:

- 1) Official sampling to take a representative sample of grain from a particular lot;
- 2) Official inspection to determine and certify the type, class, quality, and condition of grain;
- 3) Weighing certification to supervise the loading, unloading, and weighing of containers of grain; and
- 4) Chemical analysis to determine the protein, oil, or mycotoxin content of grain.

These services are provided through field inspection offices in Marshall, New Madrid, and St. Joseph.

Primary services provided under the Specialty Crop Cooperative Agreement:

- 1) Official sampling to take a representative sample of the specialty crop from a particular lot;
- 2) Official inspection of the specialty crop to determine quality and condition; and
- 3) Auditing of specialty crop producers to ensure the Good Agricultural Practices (GAP) are being utilized to minimize the risk of microbial contamination.

APPENDIX C — DEPARTMENTAL PLANS

Grain Regulatory Services Program

The Grain Regulatory Services Program protects the public interest by auditing grain warehouses and grain dealers to determine grain obligations and financial solvency. The program enforces Missouri's Grain Warehouse and Grain Dealer laws so producers are aware that they are storing or merchandising their grain with licensed, bonded, reputable, and financially stable grain businesses. The program annually licenses approximately 138 warehouses and 330 grain dealers and conducts more than 600 audits and investigations. The Missouri agricultural mediation service assists agricultural producers, their creditors, and other persons directly affected by the action of the U.S. Department of Agriculture (USDA), with resolving disputes, thereby reducing participants' costs associated with administrative appeals and expensive, lengthy litigations. Mediation services are available to all participants of USDA programs including non-USDA situations that would have an adverse financial effect on the participant.

PLANT INDUSTRIES DIVISION

The Plant Industries Division is comprised of four programs, which together administer twelve state and five federal laws. This is accomplished by regulating animal feeds and seeds, regulating the production of safe produce, providing necessary export certifications for interstate and international shipment of agriculture and forest products, ensuring plant pest protection for crops and forests, and regulating the sale and use of pesticides.

Feed and Seed Program

The Feed and Seed Program administers the Missouri Commercial Feed Law and Missouri Seed Law. The feed law regulates the manufacturing, distribution, and labeling of commercial feed products to ensure that livestock producers and pet owners receive a guaranteed feed product. The program, in partnership with the U.S. Food and Drug Administration, plays an important role in animal feed safety through inspection, surveillance, and regulation. The program conducts Preventative Controls inspections, Bovine Spongiform Encephalopathy (BSE) inspections and, Good Manufacturing Practices (GMP) inspections, performing annual surveys of corn and wheat for toxins and diseases, and providing labeling assistance and investigation of complaints related to animal feed.

The program regulates seed products through inspecting, sampling, testing, and labeling. Products are reviewed to ensure the product meets the labeled guarantees. The program cooperates with the U.S. Department of Agriculture's (USDA) seed regulatory and testing branch in regulating the interstate movement of seed.

Pesticide Control Program

The Pesticide Control Program administers laws for registration, distribution, and use of pesticides. All pesticides sold are regulated by the Missouri Pesticide Registration Act. Team members inspect pesticides for proper labeling and registration. The use of all pesticides is regulated by the Missouri Pesticide Use Act. The Missouri Pesticide Use Act allows the program to inspect pesticide use, investigate pesticide misuse, and certify commercial, noncommercial, and private applicators and public operators. The act also provides for licensing pesticide dealers and pesticide technicians.

APPENDIX C — DEPARTMENTAL PLANS

Plant Pest Control Program

The Plant Pest Control Program administers the Missouri Plant Law, which mandates controlling harmful insect pests and diseases of plants through nursery and greenhouse inspections and certifications, quarantines, and surveys. The law also facilitates interstate and international shipments of Missouri plants and plant products.

As a service to Missouri beekeepers, the Bureau works under the Missouri Apiculture Law to inspect and certify honeybee colonies. These procedures are required by some receiving states for interstate shipment of honeybees.

The program also administers the statutes involving the declaration and establishment of counties as “Noxious Weed Control Areas” and Johnson Grass in the counties. The program has oversight of the appointment of County Weed Control board members and the Johnson Grass Control board members in their respective counties.

The program also administers the Boll Weevil statute and works closely with the Missouri Cotton Growers Association in the eradication of the cotton boll weevil and in the post-eradication phases to maintain a cotton-producing area free of boll weevil.

Produce Safety Program

The Produce Safety Program conducts educational outreach and compliance inspections on produce farms as required by the FDA Produce Safety Rule. To assist growers, the Program developed an inventory of farms that are subject to the Produce Safety Rule, they provide grower training and educational materials, and they conduct voluntary on-farm assessments. Compliance Inspections involve a review of produce production practices throughout the farm. These inspections are conducted under FDA authority.

Laboratory Support

Laboratories are maintained for analytical support to the plant pest program, seed program, and commercial feed program. The analytical work performed in the plant pathology laboratory allows for timely export certifications to be issued, quick invasive pest response, and the interstate shipment of Missouri grown plant productions. The feed laboratory performs annually 33,000 tests for adherence to feed label guarantees. The feed laboratory is ISO/IEC 17025 certified and accredited and the laboratory will expand its testing capability to test for microbiological pathogens and toxic agents that pose threats to the animal food supply. The seed laboratory performs annually approximately 4,500 individual seed tests for label guarantees.

WEIGHTS, MEASURES & CONSUMER PROTECTION DIVISION

The Weights, Measures and Consumer Protection Division’s mission is to create an equitable marketplace by providing protection for consumers of Missouri’s goods and services throughout the state. This mission is accomplished through rigorous inspection of commercial weighing and measuring devices and testing of motor fuels in accordance with state and national standards, testing, calibrating, and certifying standards in accordance with NIST, and providing the accurate and economical location of property boundaries throughout the state of Missouri.

APPENDIX C — DEPARTMENTAL PLANS

The division's programs are operated in accordance with the National Institute of Standards and Technology (NIST), the American Society for Testing and Materials (ASTM), the National Fire Protection Association (NFPA), and the Public Land Survey System (PLSS).

Device and Commodity Inspection Program

The program performs mandatory annual inspections of all commercial weighing devices throughout the state to ensure scales are weighing accurately. Inspectors also perform package inspections and price verifications, to verify that items ring up accurately at the register and weigh the amount stated on the packaging. This program is also responsible for testing the accuracy of grain moisture meters and enforcing the Missouri Egg Law and Missouri Unfair Milk Sales Practices Act.

Fuel Device Safety and Accuracy Program

The Fuel Device Safety and Accuracy Program performs mandatory biannual inspection of fuel dispensers at all locations where fuel is stored or sold to ensure consumers are getting their money's worth at the pump. The program also performs comprehensive safety inspections of fuel dispensing systems and above-ground storage tanks (AST) to help protect the public from potential fire and explosion hazards, as well, as unnecessary above-ground fuel spills.

Metrology/Grain Moisture Meter Program

The Metrology Laboratory is the custodian of official mass and volume standards for the State of Missouri. These physical standards are traceable to international calibration standards and serve as the basis for accuracy within the Weights and Measures community. The program provides mass and volume calibration services to both the public and private sectors and is also responsible for overseeing grain moisture meter registration as well as the registration of "Service Technicians" who are authorized to perform work on weighing and fuel dispensing devices in Missouri.

Fuel Quality Program

The Fuel Quality Program oversees the collection and analysis of petroleum products to ensure fuel quality standards are met. Inspectors sample approximately 55 different grades of petroleum products from locations around the state and submit them to the Fuel Quality Laboratory for testing. Some of the petroleum products tested include but are not limited to, gasoline, diesel fuel, kerosene, aviation fuel, ethanol blends, and biodiesel blends.

Land Survey Program

The mission of the Land Survey Program is to develop and provide information required for the accurate and economical location of property boundaries in Missouri. The program is responsible for Cadastral and Geodetic Surveys as well as making over two million digitized survey documents available to surveyors and the public through their online records repository and retrieval system.

BOARDS AND COMMISSIONS

Missouri State Fair Commission

Established in 1899, the Missouri State Fair is one of the oldest fairs in the nation. The

APPENDIX C — DEPARTMENTAL PLANS

fairgrounds, which cover 396 acres in Sedalia (Pettis County), are open year-round, providing facilities for horse and livestock shows, art and craft festivals, camping rallies, and other events. During the annual fair held each August, visitors enjoy educational and recreational activities, a carnival midway, and musical entertainment.

The Missouri State Fair continues to be the state's largest agricultural and tourism event with exhibits showcasing livestock, row crops, horticulture, and floriculture. The State Fair plays an important role in shaping Missouri agriculture, contributing to the state's economy, and educating the public about the importance and necessity of agriculture. It features agribusiness exhibits and displays of Missouri-produced commodities.

The State Fair Commission, whose members are appointed by the Governor, oversees the State Fair's operations.

Missouri Wine & Grape Board

The Missouri Wine and Grape Board is responsible for researching, developing, and promoting Missouri grapes, juices, and wines. The Board is funded by a tax on all wine sold in Missouri. Missouri wineries continue to refine their grape growing and winemaking skills to offer distinctive, quality wines. The Wine and Grape Board sponsors research and advisory programs at the Grape and Wine Institute. Missouri wineries produce wine with over three billion dollars in economic impact. Many of the state's wineries consistently take top honors in prestigious domestic and international competitions.

The Board is administered by an eleven-member commission, which is appointed by the Governor and confirmed by the Senate.

State Milk Board

The State Milk Board (SMB) administers milk regulatory sanitation programs to ensure that all milk and milk products (excluding ice cream and novelties) are safe and wholesome for consumption. Regulatory programs are carried out under cooperative agreements and memorandums of understanding with the FDA, USDA, and the National Conference on Interstate Milk Shipments.

Twelve members make up the Board; ten are nominated by the Director of Agriculture, appointed by the Governor, and confirmed by the Senate and two represent the Departments of Health and Agriculture (196.941 RSMo 2000). The Board employs the Executive Secretary and a staff of seven employees to carry out regulatory services.

Missouri Agricultural and Small Business Development Authority

The Missouri Agricultural and Small Business Development Authority (MASBDA) makes capital available to Missouri farmers, particularly independent producers, agribusinesses, and small businesses at competitive interest rates on a scale to make a major impact. MASBDA has several different grant, loan, loan guarantee, and tax credit programs available.

The authority is administered by a seven-member commission, which is appointed by the Governor and confirmed by the Senate. The Director of Agriculture serves as an ex-officio member.

APPENDIX G — SCHEDULE OF COMPENSATION

Report of the Missouri Citizens' Commission on Compensation for Elected Officials

November 30, 2020

A. INTRODUCTION

In order to ensure that the power to control the rate of compensation of Missouri's elected officials is retained and exercised by the tax paying citizens of Missouri, the Missouri Constitution calls for the creation of a commission known as the "Missouri Citizens' Commission on Compensation for Elected Officials" (the "Commission"). The Commission is comprised of Missouri residents selected both at random by the Secretary of State and by the Governor (by and with the advice and consent of the Senate) and meets biannually to hold public hearings throughout the state and to review and make recommendations regarding annual compensation of all elected state officials, members of the General Assembly, and non-municipal judges. Commission members are not compensated for their service (other than reimbursement for actual and reasonable travel expenses to attend Commission meetings).

The Commission members have been honored to serve the citizens of Missouri by fulfilling our responsibilities under the Missouri Constitution, and have performed due diligence to this end, reviewing and analyzing past commission reports, available comparative salary data and other economic data, and holding public hearings to provide citizens of Missouri an opportunity to provide testimony for review and incorporation into this final report. The Commission believes that the elected officials of our state in the executive, judicial, and legislative branches should now be given due compensation for their commitment to public service, and worked diligently to strike a balance between adequate compensation and budgetary restraints. By a vote of 16 to two with two absences, the report was approved. The Commission respectfully submits these recommendations regarding the fair and equitable compensation of our state's public servants with deference to budget constraints, economic conditions, and the ability of the state to sufficiently fund vital services.

B. OFFICIAL SCHEDULE OF COMPENSATION

1) FOR MEMBERS OF THE GENERAL ASSEMBLY

This schedule specifically authorizes a compensation approach for each member of the General Assembly.

The compensation payable to all members of the State of Missouri General Assembly for the fiscal years beginning July 1, 2021 and July 1, 2022 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period for senator and representative positions. The percentage increase is slightly lower for leadership as the Commission recommends increasing compensation by the same dollar amount for all members in order to maintain the leadership differentials outlined in Sec. 21.140, RSMo. The following chart shows the specific dollar amounts each General Assembly member position shall be paid in each year.

APPENDIX G — SCHEDULE OF COMPENSATION

General Assembly Members	FY 2022	FY 2023
Senators	\$36,813	\$37,711
Senate President Pro Tem	\$39,375	\$40,336
Senate Majority Floor Leader	\$38,350	\$39,286
Senate Minority Floor Leader	\$38,350	\$39,286
Representatives	\$36,813	\$37,711
Speaker of the House	\$39,375	\$40,336
Speaker Pro Tem of the House	\$38,350	\$39,286
House Majority Floor Leader	\$38,350	\$39,286
House Minority Floor Leader	\$38,350	\$39,286

Beginning in FY 2024, if no subsequent Commission Report has become effective by July 1, 2024, members of the General Assembly shall receive the same percentage increase as was received by Circuit Judges in their most recent yearly increase.

The total additional cost to the state of Missouri for the recommended salary adjustments to all General Assembly members is \$177,215 in FY 2022 and an additional \$177,215 in FY 2023.

To the extent members of the General Assembly are entitled to receive a per diem, they shall receive the per diem provided for in §21.145 RSMo.

To the extent members of the General Assembly are entitled to receive any mileage reimbursement, they shall receive the same reimbursement as State of Missouri employees.

2) FOR STATEWIDE ELECTED OFFICIALS

This schedule specifically authorizes a two year compensation approach for all statewide elected officials.

The compensation payable to the Governor of the State of Missouri for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$137,166 for FY 2022 and \$140,596 for FY 2023.

The compensation payable to the Lieutenant Governor of the State of Missouri for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$88,646 for FY 2022 and \$90,862 for FY 2023.

The compensation payable to the Attorney General of the State of Missouri for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$119,348 for FY 2022 and \$122,332 for FY 2023.

The compensation payable to the State of Missouri Treasurer, the Missouri Secretary of State, and the State of Missouri Auditor for the fiscal years beginning July 1, 2022 and July 1, 2023 shall be increased by two and one half percent each year for the next two years. This equates to a five percent total increase over the two-year period. This brings the salary equivalent to \$110,439 for FY 2022 and \$113,200 for FY 2023.

The total additional cost to the state of Missouri for the recommended salary adjustments to all statewide elected officials is \$36,813 in FY 2022 and an additional \$37,733 in FY 2023.

To the extent statewide elected officials are entitled to receive any mileage reimbursement, they shall receive the same reimbursement as State of Missouri employees.

APPENDIX G — SCHEDULE OF COMPENSATION

3) FOR JUDGES

The salary for judges shall continue to be calculated under the formula in effect on December 1, 2020. Any change in the salary under the formula shall be effective on July 1 and calculated on the basis of the federal judicial salaries in effect on the previous January 1.

To the extent judges are entitled to receive any mileage reimbursement, they shall receive the same reimbursement as State of Missouri employees.

C. ADDITIONAL RECOMMENDATIONS

The members of the Commission noted that there was very little time for analysis of salary information from the public and private sectors, and correspondingly, limited time for public notice of the Commission's meetings. The Commission makes the following recommendations:

- Several more months for the Commission to hold meetings before the report's due date;
- More advance notice and more overall publication of the public meetings. Specifically, the Office of Administration should utilize the State's social media accounts, including Facebook, Twitter, and Snapchat to publicize the meetings several weeks in advance.
- Additional on-the-record public meetings should be held in locations sufficient to provide all citizens of the state an opportunity to fully participate.

D. CONCLUSION

The members of the Commission had the opportunity to review the 2016 report of the previous commission and quickly understood the daunting task at hand. Without regard to the political affiliations of any current legislative or executive office holder, the Commission respectfully examined the extensive management responsibilities for state operations relative to these full time positions compared to other major private and public leadership positions. The commission determined that these positions are substantially underpaid for such major responsibilities.

Additionally, the Commission determined that although the legislator position may appear to be a part-time role in a citizens' legislature, the time required for the person elected to one of these positions is most often a full-time responsibility. The position entails more than just a January to mid-May, Monday through Thursday schedule. Constituents expect and need their legislators available for comments, concerns, and assistance year-round.

The Commission accepted the comparative salary information, the constitutional duties for the elected positions, and other relevant data requested and provided in its consideration of appropriate compensation. We noted that the statewide elected officials and legislators have foregone raises for the past thirteen years. This information provided the basis for the analysis of the salary gaps existing between Missouri public servants and other states' public servants and private entities. The Commission believes compensation provides opportunities for a broad demographic of individuals in early, mid, senior or retired career situations for service in these elected positions. Therefore, we feel it is important to begin a process of compensating these individuals as appropriate for their services. This is the first step toward resolving such inequities.

Future commissions would also benefit from formal testimony or communication from each of the state's constitutional officers, from a representative of the state's judiciary, and from the leadership from both houses of the General Assembly. Information from these officers will provide the Commission with a deeper understanding of their view of these issues. Although their testimony would in no way bind the deliberations of the Commission, their perspectives would serve to better inform the Commission.

This Commission met six times, including four public hearings, one discussion meeting and a working session and final report approval meeting. The meeting information is referenced in Section E of this report, which also includes a list of the Commission members.

APPENDIX G — SCHEDULE OF COMPENSATION

We hope that this report is given appropriate consideration to achieve a fair and equitable compensation for our Missouri leaders, with the expectation that it will encourage and allow even more Missouri citizens to consider a public servant role.

E. MEETING INFORMATION AND COMMISSION MEMBERSHIP

2018 — SCR 36. Relating to Shingles Awareness and Prevention Month in Missouri.

Whereas, herpes zoster (shingles) is a disease caused by the same virus (zoster) that causes chickenpox; therefore, any individual who has contracted chickenpox is at risk for shingles, corresponding to approximately ninety-eight percent of U.S. adults; and

Whereas, nearly one in three people in the United States will contract shingles in their lifetime, corresponding to an estimated one million people annually; and

Whereas, the risk of shingles increases with age, with nearly half of those affected being over sixty years old and half of people living until eighty-five years old developing shingles; and

Whereas, shingles is a viral infection that causes a painful rash that can be severe, along with other symptoms, including long-term nerve pain, fever, headache, chills, upset stomach, muscle weakness, skin infection, scarring, and a decrease or loss of vision or hearing; and

Whereas, as many as twenty percent of adults who have contracted shingles will develop postherpetic neuralgia, a debilitating complication of shingles that causes severe pain and that may interfere with sleep and recreational activities and be associated with clinical depression; and

Whereas, vaccines have reduced the burden of widespread and often fatal diseases, enabling individuals to lead longer and healthier lives while reducing health care costs; and

Whereas, much attention has been paid to the importance of childhood vaccinations, but there is a general lack of awareness of adult-recommended vaccines and a misperception that immunizations are unnecessary for healthy adults; and

Whereas, the United States Centers for Disease Control and Prevention (CDC) and the Advisory Committee on Immunization Practices (ACIP) recommend that healthy adults fifty years and older be vaccinated against shingles to prevent shingles and shingles-related complications; and

APPENDIX H

Concurrent Resolutions Having Force and Effect of Law

Whereas, despite the recommendations of CDC officials and other experts that all healthy adults be vaccinated against shingles, as of 2015 only thirty percent of eligible adults had received the shingles vaccine; and

Whereas, the annual economic burden of shingles in American adults is estimated to be between \$782 million and \$5 billion; and

Whereas, the Institute of Medicine has stated that one of the six causes of excess costs in the U.S. health care system is missed prevention opportunities; and

Whereas, millions of American adults go without routine and recommended vaccinations because medical systems are not designed to ensure that adults receive regular preventive health care; and

Whereas, as the month of August is observed as National Immunization Awareness Month, residents of Missouri should be encouraged to speak with their health care provider to ensure that they have been properly vaccinated against shingles according to current CDC and ACIP recommendations:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate August as “Shingles Awareness and Prevention Month” in Missouri to increase public awareness of the importance of adults receiving vaccines against shingles and to promote outreach and education efforts concerning adult vaccinations; and

Be It Further Resolved that the Department of Health and Senior Services shall take appropriate action to promote Shingles Awareness and Prevention Month, including urging health care practitioners to discuss vaccines for shingles with adult patients and adopting appropriate programs and initiatives to raise public awareness of the importance of adult vaccinations; and

Be It Further Resolved that the Department of Health and Senior Services shall create and disseminate educational resources on shingles and shingles vaccinations to educate the residents of Missouri on vaccine-preventable diseases, including shingles; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

2018 — SCR 40. Relating to an application to Congress for the calling of an Article V convention of states to propose an amendment to the United States Constitution regarding term limits for members of Congress.

Whereas, Article V of the Constitution of the United States requires a Convention to be called by the Congress of the United States for the purpose of proposing an amendment to the Constitution upon application of two-thirds of the Legislatures of the several states; and

APPENDIX H

Concurrent Resolutions Having Force and Effect of Law

Whereas, the Legislature of the State of Missouri favors a proposal and ratification of an amendment to said Constitution, which shall set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and as a member of the United States Senate:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby make an application to Congress, as provided by Article V of the Constitution of the United States of America, to call a convention limited to proposing an amendment to the Constitution of the United States of America to set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and to set a limit on the number of terms that a person may be elected as a member of the United States Senate; and

Be It Further Resolved that this application shall be considered as covering the same subject matter as the applications from other states to Congress to call a convention to set a limit on the number of terms that a person may be elected to the House of Representatives of the Congress of the United States and the Senate of the United States; and this application shall be aggregated with same for the purpose of attaining the two-thirds of states necessary to require Congress to call a limited convention on this subject, but shall not be aggregated with any other applications on any other subject; and

Be It Further Resolved that this application shall expire five (5) years after the passage of this resolution; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the Senate of the United States and to the Speaker, Clerk, and Judiciary Committee Chairman of the House of Representatives of the Congress of the United States, and copies to each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

2018 — SCR 49. Relating to the election date for the referendum on Senate Substitute #2 for Senate Bill 19 as enacted by the Ninety-ninth General Assembly, First Regular Session.

Whereas, the voters of Missouri through the referendum process have ordered an election on the enactment of Senate Substitute #2 for Senate Bill 19; and

Whereas, Senate Substitute #2 for Senate Bill 19 provides that no person shall be required to pay dues to a union without his or her affirmative consent; and

Whereas, there is substantial need for the protection of a person's right to support or refrain from supporting a union; and

Whereas, the Constitution of Missouri provides in Article III, Section 52(b) in part "...all elections on measures referred to the people shall be had at the general state elections, except when the General Assembly shall order a special election...":

APPENDIX H

Concurrent Resolutions Having Force and Effect of Law

Now Therefore Be It Resolved by the members of the Missouri Senate, Ninety-ninth General Assembly, Second Regular Session, the House of Representatives concurring therein, that the referendum on Senate Substitute #2 for Senate Bill 19 of the Ninety-ninth General Assembly, First Regular Session, officially entitled on the ballot as an act "which prohibits as a condition of employment the forced membership in a labor organization (union) or forced payments of dues in full or pro-rata (fair-share); makes any activity which violates employees' rights illegal and ineffective; allows legal remedies for anyone injured as a result of another person violating or threatening to violate employees' rights; and which shall not apply to union agreements entered into before the effective date of Senate Bill 19" be submitted to the voters of Missouri at a statewide election to be held on August 7, 2018; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

2019 — SCR 2. Relating to the replacement of a Statue in the Statuary Hall of the Capitol of the United States.

Whereas, 40 U.S.C. Section 187a; and

Whereas, that request must be made by a resolution adopted by the legislature of the state and approved by the Governor; and

Whereas, in 1895, the Missouri General Assembly authorized placement of statues of Thomas Hart Benton and Francis Preston Blair in Statuary Hall, which statues were placed there in 1899; and

Whereas, Thomas Hart Benton was a five-term United States Senator from Missouri and was an architect and champion of westward expansion by the United States; and

Whereas, Harry S Truman was the most important statesman Missouri ever gave the nation, an outstanding county official, United States Senator, Vice President and President of the United States who brought the Second World War to completion, led the free world at the beginning of the Cold War, and stood for fairness and opportunity for all Americans:

2021 — SCR 4. Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United State Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power; and

Whereas, the Ninety-ninth General Assembly of Missouri, First Regular Session, adopted Senate Concurrent Resolution 4, which contained an application for an Article V Convention to propose constitutional amendments identical to those proposed in this resolution, but provided that the application would expire five years after the passage of Senate Concurrent Resolution 4:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One Hundred First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that the General Assembly adopts this application with the following understandings (as the term "understandings" is used within the context of "reservations, understandings, and declarations"):

(5) Congress possesses no power to set the number of delegates to be sent by any states;

(6) Congress possesses no power whatsoever to determine any rules for such convention;

(7) By definition, a Convention of States means that states vote on the basis of one state, one vote;

The General Assembly of Missouri recommends that Congress specify its choice on ratification methodology contemporaneously with the call for the convention;

(11) Congress possesses no power whatsoever with regard to the Article V convention beyond the two powers acknowledged herein;

(12) Missouri places express reliance on prior legal and judicial determinations that Congress possesses no power under Article I relative to the Article V process, and that Congress must act only as expressly specified in Article V; and

Be It Further Resolved that this application hereby repeals, rescinds, cancels, renders null and void, and supercedes the application to the Congress of the United States for a convention under Article V of the Constitution of the United States by this state in Senate Concurrent Resolution No. 4 as adopted by the Ninety-ninth General Assembly, First Regular Session; and

Therefore, once a Record of Decision is issued, the North Central Missouri Regional Water Commission intends to secure a loan and grant package from the United States Department of Agriculture - Rural Development. The funding package will consolidate the North Central Missouri Regional Water Commission's debt and provide funding for construction of the reservoir. The North Central Missouri Regional Water Commission's funding package could total 48.5 million dollars with a thirty five year repayment schedule; and

- (a) The shareholders of a small corporation described in section 143.471;
- (b) The partners in a partnership;

(6) In the case of financial institutions described pursuant to the provisions of chapter 148, the credits allowed in subdivisions (1), (2), (3) and (4) of this subsection and the credit allowed in section 135.235 may be used to offset the tax imposed by chapter 148 and, in the case of an insurance company exempt from the thirty-percent employee requirement of section 135.230, any obligations imposed pursuant to section 375.916 subject to the same method of apportionment as prescribed for taxes imposed by chapter 143 and as provided in subdivision (7)* of section 135.100 and subsections 2 and 3 of section 135.110;

(a) The new business facility investment in the expansion or improvement during the tax period in which such credits and the exemption are claimed exceeds one hundred thousand dollars or, if less than one hundred thousand dollars, is twenty-five percent of the investment in the original facility prior to expansion or improvement; and

(10) The deferment of tax credit authorized in section 135.120 shall not be available to taxpayers establishing a new business facility in an enterprise zone;

(11) The allowance for additional ten-year periods to certain new business facilities as prescribed in subsection 1 of section 135.110 shall not be available to taxpayers expanding a new business facility in an enterprise zone, except that any taxpayer who has been eligible to earn enterprise zone tax benefits for ten tax periods, or until the expiration of the fifteen-year period as prescribed in subsection 1 of section 135.230, or for the maximum period otherwise allowed by law, may qualify for the tax credits allowed in section 135.110 if otherwise eligible, pursuant to the same terms and conditions prescribed in sections 135.100 to 135.150;

(12) Taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 shall not be required to create and maintain new business facility employees.

3. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in an enterprise zone, may elect to forfeit the tax credits otherwise allowed in section 135.235 and this section and the exemptions otherwise allowed in sections 135.215 and 135.220 and the refund otherwise allowed in section 135.245, and in lieu thereof, claim the tax credits allowed in section 135.110, pursuant to the same terms and conditions prescribed in sections 135.100 to 135.150. To perfect the election, the taxpayer shall attach written notification of such election to the taxpayer's initial application for claiming tax credits. 135.230. Tax credits and exemptions, maximum period granted — calculation formula — employee requirements, waived or reduced, when — motor carrier, tax credits, conditions — expansion of boundaries of enterprise zone — petition for additional period, qualifications. — 1. The exemption or credit established and allowed by section 135.220 and the credits allowed and established by subdivisions (1), (2), (3) and (4) of subsection 1 of section 135.225 shall be granted with respect to any new business facility located within an enterprise zone for a vested period not to exceed ten years following the date upon which the new business facility commences operation within the enterprise zone and such exemption shall be calculated, for each succeeding year of eligibility, in accordance with the formulas applied in the initial year in which the new business facility is certified as such, subject, however, to the limitation that all such credits allowed in sections 135.225 and 135.235 and the exemption allowed in section 135.220 shall be removed not later than fifteen years after the enterprise zone is designated as such. No credits shall be allowed pursuant to subdivision (1), (2), (3) or (4) of subsection 1 of section 135.225 or section 135.235 and no exemption shall be allowed pursuant to section 135.220 unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two or the new business facility is a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200. In order to qualify for either the exemption pursuant to section 135.220 or the credit pursuant to subdivision (4) of subsection 1 of section 135.225, or both, it shall be required that at least thirty percent of new business facility employees, as determined by subsection 4 of section 135.110, meet the criteria established in section 135.240 or are residents of an enterprise zone or some combination thereof, except taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 or any taxpayer that is an insurance company that established a new business facility satisfying the requirements of subdivision (8) of section 135.100 located within an enterprise zone after June 30, 1993, and before December 31, 1994, and that employs in

excess of three hundred fifty new business facility employees at such facility each tax period for which the credits allowable pursuant to subdivisions (1) to (4) of subsection 1 of section 135.225 are claimed shall not be required to meet such requirement. A new business facility described as SIC 3751 shall be required to employ fifteen percent of such employees instead of the required thirty percent. For the purpose of satisfying the thirty-percent requirement, residents must have lived in the enterprise zone for a period of at least one full calendar month and must have been employed at the new business facility for at least one full calendar month, and persons qualifying because they meet the requirements of section 135.240 must have satisfied such requirement at the time they were employed by the new business facility and must have been employed at the new business facility for at least one full calendar month. The director may temporarily reduce or waive this requirement for any business in an enterprise zone with ten or less full-time employees, and for businesses with eleven to twenty full-time employees this requirement may be temporarily reduced. No reduction or waiver may be granted for more than one tax period and shall not be renewable. The exemptions allowed in sections 135.215 and 135.220 and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245 shall not be allowed to any "public utility", as such term is defined in section 386.020. For the purposes of achieving the fifteen-percent employment requirement set forth in this subsection, a new business facility described as NAICS 336991 may count employees who were residents of the enterprise zone at the time they were employed by the new business facility and for at least ninety days thereafter, regardless of whether such employees continue to reside in the enterprise zone, so long as the employees remain employed by the new business facility and residents of the state of Missouri.

2. Notwithstanding the provisions of subsection 1 of this section, motor carriers, barge lines or railroads engaged in transporting property for hire or any interexchange telecommunications company that establish a new business facility shall be eligible to qualify for the exemptions allowed in sections 135.215 and 135.220, and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245, except that trucks, truck-trailers, truck semitrailers, rail or barge vehicles or other rolling stock for hire, track, switches, bridges, barges, tunnels, rail yards and spurs shall not constitute new business facility investment nor shall truck drivers or rail or barge vehicle operators constitute new business facility employees.

3. Notwithstanding any other provision of sections 135.200 to 135.256 to the contrary, motor carriers establishing a new business facility on or after January 1, 1993, but before January 1, 1995, may qualify for the tax credits available pursuant to sections 135.225 and 135.235 and the exemption provided in section 135.220, even if such new business facility has not satisfied the employee criteria, provided that such taxpayer employs an average of at least two hundred persons at such facility, exclusive of truck drivers and provided that such taxpayer maintains an average investment of at least ten million dollars at such facility, exclusive of rolling stock, during the tax period for which such credits and exemption are being claimed.

4. Any governing authority having jurisdiction of an area that has been designated an enterprise zone may petition the department to expand the

boundaries of such existing enterprise zone. The director may approve such expansion if the director finds that:

- (1) The area to be expanded meets the requirements prescribed in section 135.207 or 135.210, whichever is applicable;
 - (2) The area to be expanded is contiguous to the existing enterprise zone; and
 - (3) The number of expansions do not exceed three after August 28, 1994.
5. Notwithstanding the fifteen-year limitation as prescribed in subsection 1 of this section, any governing authority having jurisdiction of an area that has been designated as an enterprise zone by the director, except one designated pursuant to this subsection, may file a petition, as prescribed by the director, for redesignation of such area for an additional period not to exceed seven years following the fifteenth anniversary of the enterprise zone's initial designation date; provided:
- (1) The petition is filed with the director within three years prior to the date the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 are required to be removed pursuant to subsection 1 of this section;
 - (2) The governing authority identifies and conforms the boundaries of the area to be designated a new enterprise zone to the political boundaries established by the latest decennial census, unless otherwise approved by the director;
 - (3) The area satisfies the requirements prescribed in subdivisions (3) and (4) of section 135.205 according to the United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five or other appropriate source as approved by the director;
 - (4) The governing authority satisfies the requirements prescribed in sections 135.210, 135.215 and 135.255;
 - (5) The director finds that the area is unlikely to support reasonable tax assessment or to experience reasonable economic growth without such designation; and
 - (6) The director's recommendation that the area be designated as an enterprise zone is approved by the joint committee on economic development policy and planning, as otherwise required in subsection 3* of section 135.210.
6. Any taxpayer having established a new business facility in an enterprise zone except one designated pursuant to subsection 5 of this section, who did not earn the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 for the full ten-year period because of the fifteen-year limitation as prescribed in subsection 1 of this section, shall be granted such benefits for ten tax years, less the number of tax years the benefits were claimed or could have been claimed prior to the expiration of the original fifteen-year period, except that such tax benefits shall not be earned for more than seven tax periods during the ensuing seven-year period, provided the taxpayer continues to operate the new business facility in an area that is designated an enterprise zone pursuant to subsection 5 of this section. Any taxpayer who establishes a new business facility subsequent to the commencement of the ensuing seven-year period, as authorized in subsection 5 of this section, may qualify for the tax credits authorized in sections 135.225 and 135.235, and the exemptions authorized in sections 135.215 and 135.220, pursuant to the same terms and conditions as

(1) "**General reassessment**", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "**Tax rate**", "**rate**", or "**rate of levy**", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "**Tax rate ceiling**", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "**Tax revenue**", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax

or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax

rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

APPENDIX K

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 14** of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on

February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term **"property"** means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the

sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-

APPENDIX K

tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are

3. The funds shall be invested only in those investments which a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims, as provided in section 105.688, as a means to hold funds until they are placed in a Missouri depository institution as a deposit. The board may delegate to duly appointed representatives of financial institutions authority to act in place of the board in the investment and reinvestment of all or part of the moneys and may also delegate to such representatives the authority to act in place of the board in the holding, purchasing, selling, assigning, transferring, or disposing of any or all of the investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys, however, such investments shall be limited to certificates of deposit and other deposits in federally insured depository institutions. Such representatives shall be registered as qualified student deposit advisors on Section 529 plans with the board and such board shall, by rule, develop and administer qualification tests from time to time to provide representatives the opportunity to qualify for this program. (1) Requesting the governing boards of all state-supported institutions of higher education, and of major private institutions to submit to the coordinating board any proposed policy changes which would create additional institutions of higher education, additional residence centers, or major additions in degree and certificate programs, and make pertinent recommendations relating thereto;

(2) Recommending to the governing board of any institution of higher education in the state the development, consolidation, or elimination of programs, degree offerings, physical facilities or policy changes where that action is deemed by the coordinating board as in the best interests of the institutions themselves and/or the general requirements of the state. Such recommendations will be submitted to the governing boards by April first of each year preceding a regular session of the general assembly of the state of Missouri;

(4) Promulgating rules to include selected off-campus instruction in public college and university appropriation recommendations where prior need has been established in areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution;

(b) The coordinating board shall establish policies for the review and resolution of student complaints arising from distance education programs offered under the agreement;

Such fees shall not exceed the coordinating board for higher education's cost of reviewing and evaluating the applications; and

(d) The coordinating board shall promulgate rules to implement the provisions of this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void;

(7) Administering the nurse training incentive fund;

(8) Conducting, in consultation with each public four-year institution's governing board and the governing board of technical colleges and community colleges, a review every five years of the mission statements of the institutions comprising Missouri's system of public higher education. The purpose of this review shall be to ensure that Missouri's system of higher education is responsive to the state's needs and is focused, balanced, cost-effective, and characterized by programs of high quality as demonstrated by student performance and program outcomes. As a component of this review, each institution shall prepare, in a manner prescribed by the coordinating board, a mission implementation plan for the coordinating board's consideration and approval. If the coordinating board determines that an institution has qualified for a mission change or additional targeted resources pursuant to review conducted under this subdivision and subdivision (9) of this subsection, the coordinating board shall submit a report to the general assembly that outlines the proposed mission change or targeted state

resources. No change of mission for an institution under this subdivision establishing a statewide mission shall become effective until the general assembly approves the proposed mission change by concurrent resolution, except for the institution defined pursuant to subdivision (1) of section 174.010, and has been approved by the coordinating board and the institutions for which the coordinating board has recommended a statewide mission prior to August 28, 1995. The effective date of any mission change under this subdivision shall be the first day of July immediately following the approval of the concurrent resolution by the general assembly as required under this subdivision, and shall be August 28, 1995, for any institution for which the coordinating board has recommended a statewide mission which has not yet been implemented on such date. Nothing in this subdivision shall preclude an institution from initiating a request to the coordinating board for a revision of its mission; and

(9) Reviewing applications from institutions seeking a statewide mission. Such institutions shall provide evidence to the coordinating board that they have the capacity to discharge successfully such a mission. Such evidence shall consist of the following:

(a) That the institution enrolls a representative cross-section of Missouri students. Examples of evidence for meeting this requirement which the institution may present include, but are not limited to, the following: enrolling at least forty percent of its Missouri resident, first-time degree-seeking freshmen from outside its historic statutory service region; enrolling its Missouri undergraduate students from at least eighty percent of all Missouri counties; or enrolling one or more groups of special population students such as minorities, economically disadvantaged, or physically disadvantaged from outside its historic statutory service region at rates exceeding state averages of such populations enrolled in the higher educational institutions of this state;

(b) That the institution offers one or more programs of unusual strength which respond to a specific statewide need. Examples of evidence of meeting this requirement which the institution may present include, but are not limited to, the following: receipt of national, discipline-specific accreditation when available; receipt of independent certification for meeting national or state standards or requirements when discipline-specific accreditation is not available; for occupationally specific programs, placement rates significantly higher than average; for programs for which state or national licensure is required or for which state or national licensure or registration is available on a voluntary basis, licensure or registration rates for graduates seeking such recognition significantly higher than average; or quality of program faculty as measured by the percentage holding terminal degrees, the percentage writing publications in professional journals or other appropriate media, and the percentage securing competitively awarded research grants which are higher than average;

(c) That the institution has a clearly articulated admission standard consistent with the provisions of subdivision (6)* of subsection 2 of section 173.005 or section 174.130;

(d) That the institution is characterized by a focused academic environment which identifies specific but limited areas of academic emphasis at the undergraduate, and if appropriate, at the graduate and professional school levels,

The institution shall, consistent with its focused academic environment, also have the demonstrable capacity to provide significant public service or research support that address statewide needs for constituencies beyond its historic statutory service region; and

(e) That the institution has adopted and maintains a program of continuous quality improvement, or the equivalent of such a program, and reports annually appropriate and verifiable measures of institutional accountability related to such program. Such measures shall include, but not be limited to, indicators of student achievement and institutional mission attainment such as percentage of students meeting institutional admission standards; success of remediation programs, if offered; student retention rate; student graduation rate; objective measures of student, alumni, and employer satisfaction; objective measures of student learning in general education and the major, including written and oral communication skills and critical thinking skills; percentage of students attending graduate or professional schools; student placement, licensure and professional registration rates when appropriate to a program's objectives; objective measures of successful attainment of statewide goals as may be expressed from time to time by the coordinating board or by the general assembly; and objective measures of faculty teaching effectiveness. In the development and evaluation of these institutional accountability reports, the coordinating board and institutions are expected to use multiple measures of success, including nationally developed and verified as well as locally developed and independently verified assessment instruments; however, preference shall be given to nationally developed instruments when they are available and if they are appropriate. Institutions which serve or seek to serve a statewide mission shall be judged to have met the prerequisites for such a mission when they demonstrate to the coordinating board that they have met the criteria described in this subdivision. As a component of this process, each institution shall prepare, in a manner prescribed by the coordinating board, a mission implementation plan for the coordinating board's consideration and approval.

For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "**taxpayer**" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "**New job**" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "**Full-time basis**" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. (8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "**Retained job**" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "**Full-time basis**" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax

credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "**new qualified investment**" means new business facility investment as defined and as determined in subdivision (8)* of section 135.100 which is used at and in connection with the eligible project. New qualified investment shall not include small tools, supplies and inventory. "**Small tools**" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation

activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition

APPENDIX K
SECTIONS CONTAINING EDITORIAL CHANGES

violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 and 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or
(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section may apply, shall be determined in the same manner as prescribed in subdivision (5)* of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (5)* of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be

carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. evidence at the hearing or trial or that were obtained from or belong to defendant; provided that, personal identifying information of any person named in such materials, other than those obtained from the defendant, may be redacted at the discretion of the prosecutor;

(8) Any record of prior criminal convictions of persons the state intends to call as witnesses at a hearing or the trial; and

(9) Any photographic or electronic surveillance (including wiretapping) of defendant or of conversations to which defendant was a party or of defendant's premises, relating to the offense charged. This disclosure shall be in the form of a written statement by counsel for the state briefly setting out the facts pertaining to the time, place, and persons making the photographic or electronic surveillance.

(c) The request provided for by this Rule shall be made by filing the request in the court where the case is pending and serving a copy of the request upon counsel for the state.

(d) The state may redact from any document it provides to defendant's counsel any personal identifying information of witnesses or other persons named in any document but must do so in a manner that makes it clear that the information has been redacted.

(e) The state may elect to provide a separate copy of a redacted document to defendant's counsel to be delivered to defendant and designated as "Defendant's Copy." If the state provides a redacted document designated as "Defendant's Copy," in addition to the information permitted to be redacted pursuant to Rule 25.03(d), the state may also redact from "Defendant's Copy" of the document the following information: date of birth, home address, work address, and personal phone number and work phone number of a victim or witness. However, the redaction must be done in a manner that makes it clear the information has been redacted from the document. Defendant's counsel shall be provided a separate document designated as "Lawyer Copy Only – Not for Defendant" that includes the information that has been redacted from the document pursuant to Rule 25.03(e). If defendant's counsel is provided with a redacted document by the state designated as "Defendant's Copy," only that copy shall be provided to defendant. Defendant's counsel shall not provide to defendant the unredacted document or any information redacted from the document pursuant to this Rule without court approval. For any document designated "Defendant's Copy" or "Lawyer Copy Only – Not for Defendant," every page of the respective document shall be so designated.

(f) Defendant is not entitled to the information redacted from a document as provided in Rule 25.03(d) or (e) unless the court determines after a showing of good cause that the disclosure of the information is necessary for the defense of the case.

(g) The state shall, without written request, disclose to defendant any material or information that tends to negate the guilt of defendant for the charged offense, mitigate the degree of the offense charged, reduce the punishment of the offense charged, and any additional material or information that would be required to be disclosed to comply with *Brady v. Maryland*, 373 U.S. 83 (1963), *Giglio v. United States*, 405 U.S. 150 (1972) and their progeny.

(h) If material or information would be discoverable under subsections (b) and (g) of this Rule if in the possession or control of the state, but is in possession

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

or control of other governmental personnel, the state shall use diligence and make good faith efforts to make the material or information available to defendant. If the state's efforts are unsuccessful and the material or information or other governmental personnel are subject to the jurisdiction of the court, the court, upon request, shall issue subpoenas or orders to cause the material or information to be made available to the state for disclosure to the defense.

RULE 56.01. GENERAL PROVISIONS GOVERNING DISCOVERY

(a) Discovery Methods. Parties may obtain discovery by one or more of the following methods: depositions upon oral examination or written questions; written interrogatories; production of documents, electronically stored information, or things or permission to enter upon land or other property, for inspection and other purposes; physical and mental examinations; and requests for admission.

(b) Scope of Discovery. Unless otherwise limited by order of the court in accordance with these rules, the scope of discovery is as follows:

(1) In General. Parties may obtain discovery regarding any matter, not privileged, that is relevant to the subject matter involved in the pending action, whether it relates to the claim or defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition and location of any books, documents or other tangible things and the identity and location of persons having knowledge of any discoverable matter, provided the discovery is proportional to the needs of the case considering the totality of the circumstances, including but not limited to, the importance of the issues at stake in the action, the amount in controversy, the parties' relative access to relevant information, the parties' resources, the importance of the discovery in resolving the issues, and whether the burden or expenses of the proposed discovery outweighs its likely benefit.

Information within the scope of discovery need not be admissible in evidence to be discoverable if the information sought appears reasonably calculated to lead to the discovery of admissible evidence.

The party seeking discovery shall bear the burden of establishing relevance.

(2) Limitations. Upon the motion of any party or on its own, the court must limit the frequency or extent of discovery if it determines that:

(A) The discovery sought is cumulative or duplicative, or can be obtained from some other source that is more convenient, less burdensome, or less expensive;

(B) The party seeking discovery has had ample opportunity to obtain the information by discovery in the action; or

(C) The proposed discovery is outside the scope permitted by this Rule 56.01(b)(1).

(3) Specific Limitations on Electronically Stored Information. A party need not provide discovery of electronically stored information from sources that the party

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the party from whom discovery is sought must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 56.01(b)(2). The court may specify conditions for the discovery.

(4) Insurance Agreements. A party may obtain discovery of the existence and contents, including production of the policy and declaration page, of any insurance agreement under which any person carrying on an insurance business may be liable to satisfy part or all of a judgment that may be entered in the action or to indemnify or reimburse for payments made to satisfy the judgment. Information concerning the insurance agreement is not by reason of disclosure admissible in evidence at trial. For purposes of this Rule 56.01(b)(4), an application for insurance shall not be treated as part of an insurance agreement.

(5) Trial Preparation: Materials. Subject to the provisions of Rule 56.01(b)(6), a party may obtain discovery of documents and tangible things otherwise discoverable under Rule 56.01(b)(1) and prepared in anticipation of litigation or for trial by or for another party or by or for that other party's representative, including an attorney, consultant, surety, indemnitor, insurer, or agent, only upon a showing that the party seeking discovery has substantial need of the materials in the preparation of the case and that the adverse party is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the court shall protect against disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney or other representative of a party concerning the litigation.

A party may obtain without the required showing a statement concerning the action or its subject matter previously made by that party. For purposes of this paragraph, a statement previously made is: (a) a written statement signed or otherwise adopted or approved by the person making it, or (b) a stenographic, mechanical, electrical, audio, video, motion picture or other recording, or a transcription thereof, of the party or of a statement made by the party and contemporaneously recorded.

(6) Trial Preparation: Experts. Discovery of facts known and opinions held by experts, otherwise discoverable under the provisions of Rule 56.01(b)(1) and acquired or developed in anticipation of litigation or for trial, may be obtained only as follows:

(A) A party may through interrogatories require any other party to identify each person whom the other party expects to call as an expert witness at trial by providing such expert's name, address, occupation, place of employment and qualifications to give an opinion, or if such information is available on the expert's curriculum vitae, such curriculum vitae may be attached to the interrogatory answers as a full response to such interrogatory, and to state the general nature of the subject matter on which the expert is expected to testify, and the expert's hourly deposition fee.

(B) A party may discover by deposition the facts and opinions to which the expert is expected to testify. Unless manifest injustice would result, the court shall

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

require that the party seeking discovery from an expert pay the expert a reasonable hourly fee for the time such expert is deposed.

(7) Trial Preparations: Non-retained Experts. A party, through interrogatories, may require any other party to identify each non-retained expert witness, including a party, whom the other party expects to call at trial who may provide expert witness opinion testimony by providing the expert's name, address, and field of expertise. For the purpose of this Rule 56.01(b)(7), an expert witness is a witness qualified as an expert by knowledge, experience, training, or education giving testimony relative to scientific, technical or other specialized knowledge that will assist the trier of fact to understand the evidence. Discovery of the facts known and opinions held by such an expert shall be discoverable in the same manner as for lay witnesses.

(8) Approved Interrogatories and Request for Production. A circuit court by local court rule may promulgate "approved" interrogatories and requests for production for use in specified types of litigation. Each such approved interrogatory and request for production submitted to a party shall be denominated as having been approved by reference to the local court rule and paragraph number containing the interrogatory or request for production.

(9) Claiming Privilege or Protecting Trial Preparation Materials.

(A) Information produced.

(i) If information produced in discovery is subject to a claim of privilege or of protection as trial preparation material, the party making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information to the court under seal for a determination of the claim. The producing party must preserve the information until the claim is resolved.

(ii) An attorney who receives information that contains privileged communications involving an adverse or third party and who has reasonable cause to believe that the information was wrongfully obtained shall not read the information or, if he or she has begun to do so, shall stop reading it. The attorney shall promptly notify the attorney whose communications are contained in the information to return the information to the other lawyer and, if in electronic form, delete it and take reasonable measures to assure that the information is inaccessible. An attorney who has been notified about information containing privileged communications has the obligation to preserve the information.

(B) The production of privileged or work-product protected documents, electronically stored information or other information, whether inadvertent or otherwise, is not a waiver of the privilege or protection from discovery in the proceeding.

(c) Protective Orders. Upon motion by a party or by the person from whom discovery is sought, and for good cause shown, the court may make any order which justice requires to protect a party or person from annoyance,

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

embarrassment, oppression, or undue burden or expense, including one or more of the following:

- (1) that the discovery not be had;
- (2) that the discovery may be had only on specified terms and conditions, including a designation of the time or place or the allocation of expenses;
- (3) that the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;
- (4) that certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;
- (5) that discovery be conducted with no one present except persons designated by the court;
- (6) that a deposition after being sealed be opened only by order of the court;
- (7) that a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way;
- (8) that the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court.

If a motion for a protective order is denied in whole or in part, the court may, on such terms and conditions as are just, order that any party or person provide or permit discovery. The provisions of Rule 61.01 apply to the award of expenses incurred in relation to the motion.

(d) **Sequence and Timing of Discovery.** Unless the parties stipulate or the court upon motion, for the convenience of parties and witnesses and in the interests of justice, orders otherwise, methods of discovery may be used in any sequence and the fact that a party is conducting discovery, whether by deposition or otherwise, shall not operate to delay any other party's discovery.

(e) **Supplementation of Responses.** A party is under a duty seasonably to amend a prior response to an interrogatory, request for production, or request for admission if the party learns that the response is in some material respect incomplete or incorrect and if the additional or corrective information has not otherwise been made known to the other parties during the discovery process or in writing.

(f) **Stipulations Regarding Discovery Procedure.** Unless the court orders otherwise, the parties may by written stipulation (1) provide that depositions may be taken before any person at any time or place, upon any notice, and in any manner and when so taken may be used like other depositions, and (2) modify the procedures provided by these Rules for other methods of discovery. Any stipulation under subdivision (2) shall be filed.

RULE 57.01. INTERROGATORIES TO PARTIES

(a) **Scope.** Unless otherwise stipulated or ordered by the court, any party may serve upon any other party no more than 25 written interrogatories, including all discrete subparts. Interrogatories may relate to any matter that can be inquired into under Rule 56.01. An interrogatory otherwise proper is not necessarily

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

objectionable merely because an answer to the interrogatory involves an opinion or contention that relates to fact or the application of law to fact, but the court may order that such an interrogatory need not be answered until after designated discovery has been completed or until a pretrial conference or other later time.

(b) Issuance.

(1) Form. Interrogatories shall be in consecutively numbered paragraphs. The title shall identify the party to whom they are directed and state the number of the set of interrogatories directed to that party.

(2) When Interrogatories May be Served. Without leave of court, interrogatories may be served on:

(A) A plaintiff after commencement of the action, and

(B) Any other party with or after the party was served with process, entered an appearance, or filed a pleading.

(3) Service. Copies of the interrogatories shall be served on all parties not in default. The party issuing the interrogatories shall also provide each answering party an electronic copy, in a commonly used medium such as a diskette, CD-ROM or as an e-mail attachment, in a format that can be read by most commonly used word processing programs, such as Word for Windows or WordPerfect 5.x or higher. In addition to the information normally in a certificate of service, the certificate of service shall also state:

(A) The name of each party who is to respond to the interrogatories;

(B) The number of the set of interrogatories,

(C) The format of the electronic copy and the medium used to transmit the electronic copy to the responding party.

At the time of service, a certificate of service, but not the interrogatories, shall be filed with the court as provided in Rule 57.01(d).

(c) Response. The interrogatories shall be answered by each party to whom they are directed. If they are directed to a public or private corporation, limited liability company, partnership, association or governmental agency, they shall be answered by an officer or agent. The party answering the interrogatories shall furnish such information as is available to the party.

(1) When the Response is Due. Responses shall be served within 30 days after the service of the interrogatories. A defendant, however, shall not be required to respond to interrogatories before the expiration of 45 days after the earlier of:

(A) The date the defendant enters an appearance, or

(B) The date the defendant is served with process.

The court may allow a shorter or longer time.

(2) Form. The title of the response shall identify the responding party and the number of the set of interrogatories. The response to the interrogatories shall quote each interrogatory, including its original paragraph number, and immediately thereunder state the answer or all reasons for not completely answering the interrogatory, including privileges, the work product doctrine and objections.

(3) Objections and Privileges. If information is withheld because of an objection, then each reason for the objection shall be stated. If a privilege or the work product doctrine is asserted as a reason for withholding information, then

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

without revealing the protected information, the objecting party shall state information that will permit others to assess the applicability of the privilege or work product doctrine.

(4) Option to Produce Business Records. If the answer to an interrogatory may be derived or ascertained from:

(A) The business records of the party upon whom the interrogatory has been served, or

(B) An examination, audit or inspection of such business records, or

(C) A compilation, abstract or summary based thereon, and the burden of deriving or ascertaining the answer is substantially the same for the party serving the interrogatory as for the party served, it is a sufficient answer to such interrogatory to specify the records from which the answer may be derived or ascertained and to afford to the party serving the interrogatory reasonable opportunity to examine, audit or inspect such records and to make copies, compilations, abstracts or summaries.

(5) Signing. Answers shall be signed under oath by the person making them. Objections shall be signed by the attorney making them or by the self-represented party.

(6) Service. The party to whom the interrogatories were directed shall serve a signed original of the answers and objections, if any, on the party that issued the interrogatories and a copy on all parties not in default. The certificate of service shall state the name of the party who issued the interrogatories and the number of the set of interrogatories.

At the time of service, a certificate of service, but not the response, shall be filed with the court as provided in Rule 57.01(d).

(d) Filing. Interrogatories and answers under this Rule 57.01 shall not be filed with the court except upon court order or contemporaneously with a motion placing the interrogatories in issue. However, both when the interrogatories and answers are served, the party serving them shall file with the court a certificate of service.

The certificate shall show the caption of the case, the name of the party served, the date and manner of service, the designation of the document, e.g., first interrogatories or answers to second interrogatories, and the signature of the serving party or attorney. The answers bearing the original signature of the party answering the interrogatories shall be served on the party submitting the interrogatories, who shall be the custodian thereof until the entire case is finally disposed.

Copies of interrogatory answers may be used in all court proceedings to the same extent the original answers may be used.

(e) Enforcement. The party submitting the interrogatory may move for an order under Rule 61.01(b) with respect to any objection to or other failure to answer an interrogatory.

(f) Use at Trial. Interrogatory answers may be used to the extent permitted by the rules of evidence.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

RULE 57.03. DEPOSITIONS UPON ORAL EXAMINATION

(a) When Depositions May Be Taken.

(1) After commencement of the action, any party may take the testimony of any person, including a party, by deposition upon oral examination without leave of court, except as specified in paragraph (2) of this subdivision. The attendance of witnesses may be compelled by subpoena as provided in Rule 57.09.

(2) Leave of court, granted with or without notice, must be obtained only if:

(A) the parties have not stipulated to the deposition and:

(i) the deposition would result in more than 10 depositions being taken under this rule or Rule 57.04 by the plaintiffs, or by the defendants, or by the third-party defendants;

(ii) the deponent has already been deposed in the case; or

(iii) the plaintiff seeks to take a deposition prior to the expiration of 30 days after service of the summons and petition upon any defendant, except that leave is not required if a defendant has served a notice of taking deposition or otherwise sought discovery; or

(B) the deponent is confined in prison.

(b) Notice of Examination: General Requirements; Special Notice; Production of Documents and Things; Deposition of Organization.

(1) A party desiring to take the deposition of any person upon oral examination shall give not less than seven days notice in writing to every other party to the action and to a non-party deponent.

The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known. If the name is not known, a general description sufficient to identify the person or the particular class or group to which the person belongs shall be stated.

If a subpoena duces tecum is to be served on the person to be examined, the designation of the materials to be produced as set forth in the subpoena shall be attached to or included in the notice.

A party may attend a deposition by telephone.

(2) The court may for cause shown enlarge or shorten the time for taking the deposition.

(3) The notice to a party deponent may be accompanied by a request made in compliance with Rule 58.01 for the production of documents and tangible things at the taking of the deposition. The procedure of Rule 58.01 shall apply to the request.

(4) A party may in the notice and in a subpoena name as the deponent a public or private corporation or a partnership or association or governmental agency and describe with reasonable particularity the matters on which examination is requested. In that event, the organization so named shall designate one or more officers, directors, or managing agents, or other persons who consent to testify on its behalf and may set forth, for each person designated, the matters on which the person will testify. A subpoena shall advise a nonparty organization of its duty to make such a designation. The persons so designated shall testify as to matters

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

known or reasonably available to the organization. This Rule 57.03(b)(4) does not preclude taking a deposition by any other procedure authorized in these rules.

(5) (A) Duration. Unless otherwise stipulated or ordered by the court, a deposition shall be limited to 1 day of 7 hours. The court may allow additional time consistent with Rule 56.01 if needed to fairly examine the deponent or if the deponent, another person, or any other circumstance impedes or delays the examination.

(B) Sanction. The court may impose an appropriate sanction, including the reasonable expenses and attorney's fees incurred by any party, on a person who impedes, delays, or frustrates the fair examination of the deponent.

(c) Non-stenographic Recording - Video Tape. Depositions may be recorded by the use of video tape or similar methods. The recording of the deposition by video tape shall be in addition to a usual recording and transcription method unless the parties otherwise agree.

(1) If the deposition is to be recorded by video tape, every notice or subpoena for the taking of the deposition shall state that it is to be video taped and shall state the name, address and employer of the recording technician. If a party upon whom notice for the taking of a deposition has been served desires to have the testimony additionally recorded by other than stenographic means, that party shall serve notice on the opposing party and the witness that the proceedings are to be video taped. Such notice must be served not less than three days prior to the date designated in the original notice for the taking of the depositions and shall state the name, address and employer of the recording technician.

(2) Where the deposition has been recorded only by video tape and if the witness and parties do not waive signature, a written transcription of the audio shall be prepared to be submitted to the witness for signature as provided in Rule 57.03(f).

(3) The witness being deposed shall be sworn as a witness on camera by an authorized person.

(4) More than one camera may be used, either in sequence or simultaneously.

(5) The attorney for the party requesting the video taping of the deposition shall take custody of and be responsible for the safeguarding of the video tape and shall, upon request, permit the viewing thereof by the opposing party and if requested, shall provide a copy of the video tape at the cost of the requesting party.

(6) Unless otherwise stipulated to by the parties, the expense of video taping is to be borne by the party utilizing it and shall not be taxed as costs.

(d) Record of Examination; Oath; Objections. The officer before whom the deposition is to be taken shall put the witness on oath or affirmation and shall personally, or by someone acting under the officer's direction and in the officer's presence, record the testimony of the witness. The testimony shall be taken stenographically or recorded by any other means ordered in accordance with Rule 57.03(c). If requested by one of the parties, the testimony shall be transcribed.

All objections made at the time of the examination to the qualifications of the officer taking the deposition, to the manner of taking it, to the evidence presented,

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

to the conduct of any party, or any other objection to the proceedings shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties may serve written questions in a sealed envelope on the party taking the deposition, and that party shall transmit them to the officer before whom the deposition is to be taken, who shall propound them to the witness, and the questions and answers thereto shall be recorded.

(e) Motion to Terminate or Limit Examination. At any time during the taking of the deposition, on motion of a party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the court in which the action is pending or a court having general jurisdiction in the place where the deposition is being taken may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in Rule 56.01(c). If the order made terminates the examination, it shall be resumed thereafter only upon the order of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order. The provisions of Rule 61.01(g) apply to the award of expenses incurred in relation to the motion.

(f) Submission to Witness; Changes; Signing. When the testimony is fully transcribed, the officer shall make the deposition available to the witness for examination, reading and signing, unless such examination, reading, and signing are waived by the witness or by the parties. Any changes in form or substance that the witness desires to make shall be entered upon an errata sheet provided to the witness with a statement of the reasons given for making such changes. The answers or responses as originally given, together with the changes made and reasons given therefor, shall be considered as a part of the deposition. The deposition shall then be signed by the witness before a notary public unless the witness is ill, cannot be found, is dead, or refuses to sign. If the deposition is not signed by the time of trial, it may be used as if signed, unless, on a motion to suppress, the court holds that the reasons given for the refusal to sign requires rejection of the deposition in whole or in part.

(g) Certification, Delivery, and Filing; Exhibits; Copies.

(1) Certification and Delivery. The officer shall certify on the deposition that the witness was duly sworn by the officer and that the deposition is a true record of the testimony given by the witness. Upon payment of reasonable charges therefor, the officer shall deliver the deposition to the party who requested that the testimony be transcribed.

(2) Filing.

(a) By the Officer. Upon delivery of a deposition, the officer shall file with the court a certificate showing the caption of the case, the name of the deponent, the date the deposition was taken, the name and address of the person having custody of the original deposition, and whether the charges have been paid. The officer shall not file a copy of the deposition with the court except upon court order.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(b) By a Party. A party shall not file a deposition with the court except upon specific court order or contemporaneously with a motion placing the deposition or a part thereof in issue. The court may enact local court rules requiring a party who intends to use a deposition at a hearing or trial to file that deposition with the court on or prior to the date of the hearing or trial.

(c) Return of Deposition. At the conclusion of the hearing or trial the deposition that has been filed or delivered to the court shall be returned to the party that filed or delivered the deposition.

(d) Retention of Deposition. The original deposition shall be maintained until the case is finally disposed.

(3) Exhibits. Documents and things produced for inspection during the examination of the witness shall, upon the request of a party, be marked for identification and annexed to and returned with the deposition and may be inspected and copied by any party, except that (A) the person producing the materials may substitute copies to be marked for identification if the person affords to all parties fair opportunity to verify the copies by comparison with the originals and (B) if the person producing the materials requests their return, the officer shall mark them, give each party an opportunity to inspect and copy them, and return them to the person producing them, and the materials may then be used in the same manner as if annexed to and returned with the deposition. Any party may move for an order that the original be annexed to and returned with the deposition to the court pending final disposition of the civil action.

(4) Copies. Upon request and payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

(h) Failure to Attend or to Serve Subpoena; Expenses.

(1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the court may order the party giving notice to pay to such other party the reasonable expenses incurred by that other party and that other party's attorney in attending, including reasonable attorney's fees.

(2) If a witness fails to appear for a deposition and the party giving the notice of the taking of the deposition has not complied with these rules to compel the attendance of the witness, the court may order the party giving the notice to pay to any party attending in person or by attorney the reasonable expenses incurred by that other party and that other party's attorney in attending, including reasonable attorney's fees.

RULE 57.04. DEPOSITIONS UPON WRITTEN QUESTIONS

(a) Serving Questions; Notice.

(1) After commencement of the action, any party may take the testimony of any person, including a party, by deposition upon written questions, without leave of court, except as specified in paragraph (2) of this subdivision. The attendance of witnesses may be compelled by the use of subpoena as provided in Rule 57.09.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

- (ii) the deponent has already been deposed in the case; or
- (iii) the plaintiff seeks to take a deposition prior to the expiration of 30 days after service of the summons and petition upon any defendant, except that leave is not required if a defendant has served a notice of taking deposition or otherwise sought discovery; or
- (B) the deponent is confined in prison.
- (3) A party desiring to take a deposition upon written questions shall serve them upon every other party with a notice stating: (A) the name and address of the person who is to answer them, if known, and if the name is not known, a general description sufficient to identify the person or the particular class or group to which the person belongs and (B) the name or descriptive title and address of the officer before whom the deposition is to be taken. A deposition upon written questions may be taken of a public or private corporation or a partnership or association or governmental agency in accordance with the provisions of Rule 57.03(b)(4).
- (4) Within thirty days after the notice and written questions are served, a party may serve cross questions upon all other parties. Within ten days after being served with cross questions, a party may serve redirect questions upon all other parties. Within ten days after being served with redirect questions, a party may serve recross questions upon all other parties. The court may for cause shown enlarge or shorten the time.
- (b) Officer to Take Responses and Prepare Record. A copy of the notice and copies of all questions served shall be delivered by the party taking the deposition to the officer designated in the notice, who shall proceed promptly, in the manner provided by Rule 57.03(d), (f), and (g), to take the testimony of the witness in response to the questions and to prepare, certify, and deliver the deposition, attaching thereto the copy of the notice and the questions.
- (c) Notice of Delivery. When the deposition is delivered, the party taking it promptly shall give notice thereof to all other parties.

RULE 58.01. PRODUCTION OF DOCUMENTS AND THINGS AND ENTRY UPON LAND FOR INSPECTION AND OTHER PURPOSES

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(A) Any designated documents or electronically stored information including writings, drawings, graphs, charts, photographs, sound recordings, images, electronic records, and other data or compilations from which information can be obtained either directly or indirectly or, if necessary, after translation by the responding party into a reasonably usable form; or

(B) Any designated tangible things; or

(2) Permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, and photographing, testing, or sampling the property or any designated object or operation thereon, within the scope of Rule 56.01(b).

This Rule 58.01 does not preclude an independent action against a person not a party for production of documents and things and permission to enter upon land.

(b) Issuance.

(1) Form. In consecutively numbered paragraphs the request shall:

(A) Set forth with reasonable particularity each item or category of items to be inspected;

(B) Specify a reasonable time, place and manner of making the inspection and performing the related acts; and

(C) May specify that electronically stored information be produced in native format.

The title shall identify the party to whom the requests are directed and state the number of the set of requests directed to that party.

(2) When Requests May be Served. Without leave of court, requests may be served on:

(A) A plaintiff after commencement of the action; and

(B) Any other party with or after the party was served with process, entered an appearance, or filed a pleading.

(3) Service. Copies of the requests shall be served on all parties not in default. The party issuing the requests shall also provide each responding party an electronic copy in a commonly used medium, such as a diskette, CD-ROM or as an e-mail attachment, in a format that can be read by most commonly used word processing programs, such as Word for Windows or WordPerfect 5.x or higher. In addition to the information normally in a certificate of service, the certificate of service shall also state the:

(A) Name of each party who is to respond to the requests;

(B) Number of the set of requests;

(C) Format of the electronic copy and the medium used to transmit the electronic copy to the responding party.

At the time of service, a certificate of service, but not the requests, shall be filed with the court as provided in Rule 58.01(d).

(c) Response. The requests shall be answered by each party to whom they are directed.

(1) When Response is Due. Responses shall be served within 30 days after the service of the request. A defendant, however, shall not be required to respond to the request before the expiration of 45 days after the earlier of:

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(A) The date the defendant enters an appearance; or

(B) The date the defendant is served with process.

The court may allow a shorter or longer time.

(2) Form. The title of the response shall identify the responding party and the number of the set of the requests. The response shall quote each request, including its original paragraph number, and immediately thereunder state that the requested items will be produced or the inspection and related activities will be permitted as requested, unless the request is objected to, in which event each reason for objection shall be stated in detail.

(3) Objections and Privileges. If information is withheld because of an objection, then each reason for the objection shall be stated. An objection to part of a request must specify the part and permit inspection of the rest. If a privilege or the work product doctrine is asserted as a reason for the objection, then without revealing the protected information, the objecting party shall state information that will permit others to assess the applicability of the privilege or work product doctrine.

(4) Method of Production. A party who produces documents for inspection shall produce them as they are kept in the usual course of business or shall organize and label them to correspond with the categories in the request.

(5) Signing. The response shall be signed by the attorney or by the party if the party is not represented by an attorney.

(6) Service. The party to whom the requests were directed shall serve a signed original of the response and objections, if any, on the party that issued the requests and a copy upon all parties not in default. The certificate of service shall state the name of the party who issued the requests and the number of the set of requests. At the time of service, a certificate of service, but not the response, shall be filed with the court as provided in Rule 58.01(d).

(d) Filing. The request and responses thereto shall not be filed with the court except upon court order or contemporaneously with a motion placing the request in issue. However, both when the request and responses are served, the party serving them shall file with the court a certificate of service. The certificate shall show the caption of the case, the name of the party served, the date and manner of service, and the signature of the serving party or attorney. Each party filing a certificate shall maintain a copy of the document that is the subject of the certificate until the case is finally disposed.

(e) Enforcement. The party submitting the request may move for an order under Rule 61.01(d) with respect to any objection or other failure to respond to the request or any part thereof or any failure to permit inspection as requested.

RULE 59.01. REQUEST FOR AND EFFECT OF ADMISSIONS

(a) Scope. After commencement of an action, a party may serve upon any other party no more than 25 written requests for the admission without leave of court or stipulation of the parties, for purposes of the pending action only, of the

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

truth of any matters within the scope of Rule 56.01(b) set forth in the request that relate to statements or opinions of fact or of the application of law to fact, including the genuineness of any documents described in the request. However, the limitation on the number of requests for admission specified by this Rule 59.01 shall not apply to requests for admission regarding the genuineness of documents.

A failure to timely respond to requests for admissions in compliance with this Rule 59.01 shall result in each matter being admitted.

The request for admissions shall have included at the beginning of said request the following language in all capital letters, boldface type, and a character size that is as large as the largest character size of any other material in the request:

"A FAILURE TO TIMELY RESPOND TO REQUESTS FOR ADMISSIONS IN COMPLIANCE WITH RULE 59.01 SHALL RESULT IN EACH MATTER BEING ADMITTED BY YOU AND NOT SUBJECT TO FURTHER DISPUTE."

(b) Effect of Admission. Any matter admitted under this Rule 59.01 is conclusively established unless the court on motion permits withdrawal or amendment of the admission.

Subject to the provisions of Rule 62.01 governing amendment of a pre-trial order, the court may permit withdrawal or amendment when the presentation of the merits of the action will be subserved thereby and the party who obtained the admission fails to satisfy the court that withdrawal or amendment will prejudice the party in maintaining the action or defense on the merits.

Any admission made by a party under this Rule 59.01 is for the purpose of the pending action only and is not an admission by the party for any other purpose nor may it be used against the party in any other proceeding.

(c) Issuance.

(1) Form. In consecutively numbered paragraphs, the request shall set forth each matter for which an admission is requested. Copies of documents about which admissions are requested shall be served with the request unless copies have already been furnished. The title shall identify the party to whom the request for admissions are directed and state the number of the set of requests directed to that party.

(2) When Requests May be Served. Without leave of court, requests may be served on:

(A) A plaintiff after commencement of the action,

(B) A defendant or respondent upon the expiration of 30 days after the first event of the defendant entering an appearance or being served with process, and

(C) Any other party with or after the party was served with process, entered an appearance, or filed a pleading.

(3) Service. Copies of the requests shall be served on all parties not in default. The party issuing the requests shall also provide each responding party an electronic copy in a commonly used medium, such as a diskette, CD-ROM or as an e-mail attachment, in a format that can be read by most commonly used word processing programs, such as Word for Windows or WordPerfect 5.x or higher. In

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

addition to the information normally in a certificate of service, the certificate of service shall also state the:

- (A) Name of each party who is to respond to the requests;
- (B) Number of the set of requests,
- (C) Format of the electronic copy and the medium used to transmit the electronic copy to the responding party.

At the time of service, a certificate of service, but not the requests, shall be filed with the court as provided in Rule 59.01(d).

(d) Response. The requests shall be answered by each party to whom they are directed.

(1) When Response is Due. Responses shall be served within 30 days after the service of the requests for admissions. A defendant or respondent, however, shall not be required to respond to requests for admissions before the expiration of 60 days after the earlier of the defendant:

- (A) Entering an appearance, or
- (B) Being served with process.

The court may allow a shorter or longer time.

(2) Form. The title of the response shall identify the responding party and the number of the set of the requests for admissions. The response shall quote each request, including its original paragraph number, and immediately thereunder specifically:

- (A) Admit the matter; or
- (B) Deny the matter; or
- (C) Object to the matter and state each reason for the objection; or
- (D) Set forth in detail the reasons why the responding party cannot truthfully admit or deny the matter.

A denial shall fairly meet the substance of the requested admission.

When good faith requires that a party qualify an answer or deny only a part of the matter of which an admission is requested, the party shall specify so much of it as true and qualify or deny the remainder.

A responding party may give lack of information or knowledge as a reason for failure to admit or deny if such party states that the party has made reasonable inquiry and the information known or readily obtainable by the party is insufficient to enable the party to admit or deny.

A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; such party may deny the matter, subject to the provisions of Rule 61.01(c), or set forth reasons why the party cannot admit or deny it.

(3) Objections and Privileges. If an objection is asserted, then each reason for the objection shall be stated. If a failure to admit or deny a request is based on a privilege or the work product doctrine, then without revealing the protected information, the objecting party shall state information that will permit others to assess the applicability of the privilege or work product doctrine.

(4) Signing. The response shall be signed by the party or the party's attorney.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(5) Service. The party to whom the requests were directed shall serve a signed original of the response and objections, if any, on the party that issued the requests and a copy upon all parties not in default. The certificate of service shall state the name of the party who issued the requests and the number of the set of requests.

At the time of service, a certificate of service, but not the response, shall be filed with the court as provided in Rule 59.01(d).

(e) Filing Request and Responses. The request and response thereto shall not be filed with the court except upon court order or contemporaneously with a motion placing the request in issue. However, both when the request and the response are served the party serving them shall file with the court a certificate of service. Each party filing a certificate shall maintain a copy of the document that is the subject of the certificate until the case is finally disposed.

(f) Enforcement. The party who has requested the admissions may move to have determined the sufficiency of the answers or objections. Unless the court determines that an objection is proper, it shall order that an answer be served. If the court determines that an answer does not comply with the requirements of this Rule 59.01, it may order either that:

- (1) The matter is admitted, or
- (2) An amended answer be served.

The provisions of Rule 61.01(c) apply to the award of expenses incurred in relation to the motion.

RULE 61.01. FAILURE TO MAKE DISCOVERY: SANCTIONS

(a) Failure to Act - Evasive or Incomplete Answers. Any failure to act described in this Rule 61 may not be excused on the ground that the discovery sought is objectionable unless the party failing to act has served timely objections to the discovery request or has applied for a protective order as provided by Rule 56.01(c).

For the purpose of this Rule 61, an evasive or incomplete answer is to be treated as a failure to answer.

(b) Failure to Answer Interrogatories. If a party fails to answer interrogatories or serve objections thereto within the time provided by law, or if objections are served thereto that are thereafter overruled and the interrogatories are not timely answered, the court may, upon motion and reasonable notice to other parties, take such action in regard to the failure as are just and among others the following:

(1) Enter an order striking pleadings or parts thereof or dismissing the action or proceeding or any part thereof or render a judgment by default against the disobedient party;

(2) Upon the showing of reasonable excuse, grant the party failing to answer the interrogatories additional time to serve answers, but such order shall provide that if the party fails to answer the interrogatories within the additional time

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

allowed, the pleadings of such party shall be stricken or the action shall be dismissed or a default judgment shall be rendered against the disobedient party.

(c) Failure to Answer Request for Admissions. If a party, after being served with a request to admit the genuineness of any relevant documents or the truth of any relevant and material matters of fact, fails to serve answers or objections thereto, as required by Rule 59.01, the genuineness of any relevant documents or the truth of any relevant and material matters of fact contained in the request for admissions shall be taken as admitted. If a party fails to admit the genuineness of any document or the truth of any matter as requested under Rule 59.01, and if the party requesting the admissions thereafter proves the genuineness of the document or the truth of the matter, the party requesting the admissions may apply to the court for an order requiring the other party to pay the reasonable expenses incurred in making that proof, including reasonable attorney fees. The court shall make the order unless it finds that:

- (1) The request was held objectionable pursuant to Rule 59.01;
- (2) The admission sought was of no substantial importance;
- (3) The party failing to admit had reasonable grounds to believe that such party might prevail on the matter; or
- (4) There was other good reason for the failure to admit.

(d) Failure to Produce Documents and Things or to Permit Inspection. If a party fails to respond that inspection will be permitted as requested, fails to permit inspection, or fails to produce documents and tangible things as requested under Rule 58.01, or timely serves objections thereto that are thereafter overruled and the documents and things are not timely produced or inspection thereafter is not timely permitted, the court may, upon motion and reasonable notice to other parties, take such action in regard to the failure as are just and among others the following:

- (1) Enter an order refusing to allow the disobedient party to support or oppose designated claims or defenses or prohibiting the disobedient party from introducing designated matters in evidence;
- (2) Enter an order striking pleadings or parts thereof or staying further proceedings until the order is obeyed or dismissing the action or proceeding or any part thereof or render a judgment by default against the disobedient party;
- (3) Enter an order treating as a contempt of court the failure to obey; or
- (4) Enter an order requiring the party failing to obey the order or the attorney advising the party or both to pay the reasonable expenses, including attorney fees, caused by the failure unless the court finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(e) Failure to Appear for Physical Examination. If a party fails to obey an order directing a physical or mental or blood examination under Rule 60.01, the court may, upon motion and reasonable notice to the other parties and all persons affected thereby, make such orders in regard to the failure as are just, and among others, it may take any action authorized under Rules 61.01(d)(1), (2), and (4). Where a party has failed to comply with an order requiring the production of another for examination, the court may enter such orders as are authorized by this Rule 61.01, unless the party failing to comply shows an inability to produce such person for examination.

LEGISLATIVE AMENDMENTS TO SUPREME COURT RULES

(f) Failure to Attend Own Deposition. If a party or an officer, director or managing agent of a party or a person designated under Rules 57.03(b)(4) and 57.04(a), to testify on behalf of a party, fails to appear before the officer who is to take his deposition, after being served with notice, the court may, upon motion and reasonable notice to the other parties and all persons affected thereby, make such orders in regard to the failure as are just and among others, it may take any action authorized under paragraphs (1), (2), (3) and (4) of subdivision (d) of this Rule.

(g) Failure to Answer Questions on Deposition. If a witness fails or refuses to testify in response to questions propounded on deposition, the proponent of the question may move for an order compelling an answer. The proponent of the question may complete or adjourn the deposition examination before applying for an order. In ruling upon the motion, the court may make such protective order as it would have been empowered to make on a motion pursuant to Rule 56.01(c).

If the motion is granted, the court, after opportunity for hearing, shall require the party or deponent whose conduct necessitated the motion or the party or attorney advising such conduct or both of them to pay to the moving party the reasonable expenses incurred in obtaining the order, including attorney's fees, unless the court finds that the opposition to the motion was substantially justified or that other circumstances make an award of expenses unjust.

If the motion is denied, the court, after opportunity for hearing, shall require the moving party or the attorney advising the motion or both of them to pay to the party or deponent who opposed the motion the reasonable expenses incurred in opposing the motion, including attorney's fees, unless the court finds that the making of the motion was substantially justified or that other circumstances make an award of expenses unjust.

If the motion is granted in part and denied in part, the court may apportion the reasonable expenses incurred in relation to the motion among the parties and persons in a just manner.

If the motion is granted and if the persons ordered to respond fail to comply with the court's order, the court, upon motion and reasonable notice to the other parties and all persons affected thereby, may make such orders in regard to the failure as are just, and among others, it may take any action authorized under Rule 61.01(d).

(h) Objections to Approved Discovery. If objections to Rule 56.01(b)(8) approved interrogatories or requests for production are overruled, the court may assess against such objecting party, attorney, or attorney's law firm, or all of them, the attorney's fees reasonably incurred in having such objection overruled. If such fees are not paid within sixty days, the court may enter such other appropriate orders against the disobedient party, including an order striking pleadings, dismissing the action, or entering a judgment by default.

EXPLANATORY NOTES

- (1) This section was contained in SB 718 and SB 951 in 2018. SB 718 contained an emergency clause for sections 9.192, 195.070, 195.265, 334.036, 374.426, and 630.875, and was signed by the Governor and became effective on 7-06-18. SB 951 did not contain an emergency clause; it became effective on 8-28-18. The printed version of this section contains the language of SB 718 merged with SB 951.
- (2) Merged (two bills).
- (3) Merged (three bills).
- (4) Merged (four bills).
- (5) Merged (five bills).
- (6) Section 67.3000 was amended by both HB 1388 and SB 773 in 2018. The language in subsection 8 dealing with support contracts differed with the year "2024" appearing in original rolls of SB 773, and "2025" appearing in original rolls of HB 1388.
- (7) Section 67.3005 was amended by both HB 1388 and SB 773 in 2018. The language in subdivision (1) of subsection 5 dealing with the sunset date provision contained the year "2018" in the original rolls of SB 773, and "2019" appearing in the original rolls of HB 1388.
- (8) This section previously contained 2 versions. In 2010, SB 844 amended this section. In 2012, SB 844 was declared unconstitutional (see *Legends Bank v. State*, 361 S.W.3d 383 (Mo. banc)), creating the multiple versions. In 2018, SB 975 & 1024 Revision repealed the SB 844 version of each of the following sections appearing in this table: 105.456, 105.473, 105.485, 105.957, 105.959, 105.961, 105.963, 105.966, 130.011, 130.021, 130.026, 130.041, 130.044, 130.046, 130.057, and 130.071.
- (9) This section was amended by SB 708 in 2018, with a delayed effective date of 7-01-19 for these sections: 105.1073, 303.020, 303.030, 303.120, 303.190, and 303.240.
- (10) This section was repealed by both SB 592 and SB 975 & 1024 Revision in 2018. SB 592 contained a delayed effective date of 11-07-18 for the repeal of the following sections: 115.001, 115.002, and 115.009. SB 975 & 1024 Revision contained no effective date provision. The repeal of these sections became effective 11-07-18 because the Revision bill falls pursuant to section 3.065.
- (11) This section was contained in both SB 592 and SB 975 & 1024 Revision in 2018. SB 592 contained a delayed effective date of 11-07-18 for the following sections: 115.003, 115.005, 115.007, 115.023, 115.049, 115.155, 115.177, 115.227, 115.243, 115.247, 115.287, 115.421, 115.429, 115.453, 115.507, 115.515, 115.629, 115.631, and 115.641. SB 975 & 1024 Revision contained no effective date provision. These sections became effective 11-07-18 because the Revision bill falls pursuant to section 3.065.
- (12) Section 115.013 appeared in three bills in 2018, HB 1469, HB 1503, and SB 592. HB 1469 and HB 1503 were identical and became effective 8-28-18. SB 592 contained different changes, was merged with HB 1469 and HB 1503, and became effective 11-07-18.

EXPLANATORY NOTES (CONT.)

- (13) Section 143.011 was contained in both SB 884 and HB 2540 in 2018. HB 2540 contained a delayed effective date of 1-01-19 for this section. SB 884 contained no effective date provision. The SB 884 version became effective 8-28-18 until 1-01-19, and the HB 2540 version merged with the SB 884 version became effective 1-01-19.
- (14) Section 143.811 was contained in both HB 1858 and SB 975 & 1024 Revision in 2018. The HB 1858 version contained a delayed effective date of 7-01-19 for this section. SB 975 & 1024 Revision contained no effective date provision. The SB 975 & 1024 Revision version became effective 8-28-18 until 7-01-19, and the HB 1858 version merged with the SB 975 & 1024 Revision version becomes effective 7-01-19.
- (15) Section 144.030 was contained in both SB 768 and SB 975 & 1024 Revision in 2018. Subsection .2(45) of this section was omitted in SB 975 & 1024 Revision. The HB 1858 version that included subsection .2(45), merged with all other additional changes in the SB 975 & 1024 Revision version, became the effective version of this section because the omission of .2(45) in S.B. 975 & 1024 Revision is not given effect pursuant to section 3.065.
- (16) Section 160.545 was contained in HB 1744 and SB 807 & 577 in 2018. HB 1744 contained an emergency clause for this section, and was signed by the Governor and became effective on 6-01-18. SB 807 & 577 did not contain an emergency clause; it became effective on 8-28-18. The printed version of this section contains the language of HB 1744 merged with SB 807 & 577.
- (17) Section 161.026 has two versions because of a possible conflict. This section was contained in both SB 743 and HB 1606 in 2018. Subsection 8 of this section contains an expiration date of 8-28-25 in SB 743, and an expiration date of 8-28-26 in HB 1606.
- (18) Section 166.435 was a section with multiple versions. In 2015, SB 366 amended the 2008 SB 863 version of this section to include a contingent effective date, creating the multiple versions. In 2018, both HB 1744 and SB 882 amended the SB 366 version to repeal the contingent effective date, and both HB 1744 and SB 882 repealed the SB 863 version of this section.
- (19) Section 167.121 was contained in both HB 1606 and SB 603, et al., in 2018. The HB 1606 version contained a delayed effective date of 7-01-19 for this section. SB 603, et al., contained no effective date provision. The SB 603, et al., version became effective 8-28-18 until 7-01-19, and the HB 1606 version merged with the SB 603, et al., version becomes effective 7-01-19.
- (20) Section 167.910 has two versions because of a possible conflict. This section was contained in both HB 1606 and HB 1415 in 2018. The changes to this section in each bill were myriad, creating differences throughout that could not be merged intelligibly under section 3.065.
- (21) Section 171.029 was repealed by both HB 1606 and SB 743 in 2018. Both HB 1606 and SB 743 contained a delayed effective date of 7-01-19 for the repeal of the section.
- (22) Section 178.930 was contained in three bills in 2018, HB 1415, SB 743, and SB 975 & 1024 Revision. Both HB 1415 and SB 743 repealed the section. SB 975 & 1024 Revision amended the section, but in accordance with subsection 2 of section 3.065, the amendments in S.B. 975 & 1024 Revision are not given effect and this section is repealed by H.B. 1415 and S.B. 743. HB 1415 contained an emergency clause, and the repeal of the section became effective 7-01-18. SB 743 became effective 8-28-18.
- (23) Section 178.931 was contained in both HB 1415 and SB 743 in 2018. HB 1415 contained an emergency clause, and the enactment of the section became effective 7-01-18. SB 743 became effective 8-28-18.
- (24) Section 190.147 was contained in both HB 1355 and SB 870 in 2018. Subsection 1 of this section contains the language from both bills; however, the order of the language in SB 870 differs from HB 1355.
- (25) SB 843 transferred section 196.1129 to section 191.756 in 2018.
- (26) Sections 195.070 and 195.265 were contained in three bills in 2018, SB 718, SB 826, and SB 951. Both SB 718 and SB 826 contained an emergency clause for sections 195.070 and 195.265, and were signed by the Governor and became effective on 7-06-18. SB 951 did not contain an emergency clause; it became effective on 8-28-18. The printed version of this section contains the merged language from all three bills.

(Numbers in parentheses in the “Status” column refer to Explanatory Notes at the end of this listing.)

EXPLANATORY NOTES (CONT.)

- (27) This section was contained in both SB 793 and SB 800. Both bills contained a contingency in section 211.438, as well as an effective date of 1-01-21 in section 211.439. Both the contingency and the delayed effective date applied to the following sections: 211.021, 211.031, 211.032, 211.033, 211.041, 211.061, 211.071, 211.073, 211.081, 211.091, 211.101, 211.161, 211.181, 211.321, 211.421, 211.425, 211.431, and 221.044.
- (28) Section 260.242 was contained in three bills in 2018, SB 659, SB 782, and SB 917; however, the order of the language in subsections 3 to 10 of this section in SB 659 and SB 782 differs from SB 917.
- (29) Section 313.040 was amended by HB 1484 in 2018, but contained a contingent effective date. Therefore, 2 versions of this section are printed. The language in the 2014 SB 491 version of this section is the effective language until the contingency in the 2018 HB 1484 version occurs.
- (30) Section 329.032 was contained in both HB 1500 and HB 1719 in 2018. The words appearing between the asterisks in the section do not appear in HB 1500.
- (31) This section was contained in both HB 1719 and SB 660 in 2018. Both bills contained a contingent effective date in section 337.170 for the following sections: 337.100, 337.105, 337.110, 337.115, 337.120, 337.125, 337.130, 337.135, 337.140, 337.145, 337.150, 337.155, 337.160, and 337.165.
- (32) Section 337.712 was amended in 2018 by SB 975 & 1024 Revision. The section number "337.712" appears in HB 1719, 2018. However, the text that appears in HB 1719 is not the text in the official Revised Statutes of Missouri, but is the text for section 337.662 as it appears in RSMo. The official text of section 337.712 was only amended by SB 975 & 1024 Revision and not by HB 1719; therefore, section 3.060 is applicable instead of section 3.065.
- (33) Section 589.400 was contained in SB 655 and SB 793 in 2018. The changes to this section were vastly different in each bill. Since the different changes could be reconciled, section 3.065 gave the Revisor the authority to merge these bills.
- (34) SB 975 & 1024 Revision transferred section 640.150 to 620.035 in 2018.
- (35) Sections designated in bills as generic sections ("Section 1", "Section B", etc.) may be classified as RSMo sections by the Revisor of Statutes. Consult the Disposition of Sections table for a definitive listing.

B	New (3)	SB 3

HB 3 and SB 3 & 5 from the 101st General Assembly, First Extraordinary Session, 2022, did not contain an emergency clause. The Governor signed both bills on October 5, 2022. The bills became effective on January 2, 2023.

EXPLANATORY NOTES

- (1) Section 135.755 in HB 3 was codified as Section 135.772.
- (2) Section 143.011 has multiple versions. In 2021, SB 153 & 97 amended this section, which contained a delayed effective date of 1-01-23. Both the 2018 and 2023 (2021 SB 153 & 97) versions were printed in 2021 due to the delayed effective date. In the 2022 First Extraordinary Session, SB 3 & 5 amended the 2023 (2021 SB 153 & 97) version only. SB 3 & 5 did not contain an emergency clause. The SB 3 & 5 version has an effective date of 1-02-23. As a result, three versions are printed: the 2018 version (2018 HB 2540 merged with SB 884, effective until 1-01-23), 2023 version (2021 SB 153 & 97, effective 1-01-23), and 2023 version (2022 SB 3 & 5, 1st Ex. Sess., effective 1-02-23). Beginning January 2, 2023, the only version in effect will be the 2023 version enacted by SB 3 & 5, 2022 1st Ex. Sess.
- (3) Sections designated in bills as generic sections ("Section 1", "Section B", etc.) may be classified as RSMo sections by the Revisor of Statutes. Consult the Disposition of Sections table for a definitive listing.
