willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

[(42)] (13) In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. 324.047. GUIDELINES FOR REGULATION OF CERTAIN OCCUPATIONS AND PROFESSIONS — DEFINITIONS — LIMITATION ON STATE REGULATION, REQUIREMENTS — REPORTS. — 1. The purpose of this section is to promote general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2019, and guidelines for combining any additional occupations or professions under a single license regulated by the state prior to January 1, 2019.

2. For purposes of this section, the following terms mean:

   (1) "Applicant group", any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;

   (2) "Certification", a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. Upon approval, the individual may use "certified" as a designated title. This term shall not be synonymous with an occupational license;

   (3) "Department", the department of insurance, financial institutions and professional registration;

   (4) "Director", the director of the division of professional registration;

   (5) "Division", the division of professional registration;

   (6) "General welfare", the concern of the government for the health, peace, morality, and safety of its residents;

   (7) "Lawful occupation", a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;

   (8) "Least restrictive type of occupational regulation", the regulation that is least restrictive, in which the following list of regulations in order from least to most restrictive is used to make such determination:

      (a) Bonding or insurance;

      (b) Registration;

      (c) Certification;

      (d) Occupational license;

   (9) "Occupational license", a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a regulatory entity and that, if not possessed, prohibits the individual from performing the occupation for compensation;

   (10) "Occupational regulation", a statute, ordinance, rule, practice, policy, or other law requiring an individual to possess certain personal qualifications to work in a lawful occupation;

   (11) "Personal qualifications", criteria related to an individual's personal background, including completion of an approved educational program, satisfactory performance on an examination, work experience, criminal history, and completion of continuing education;
(12) "Practitioner", an individual who has achieved knowledge and skill by practice and
is actively engaged in a specified occupation or profession;
(13) "Registration", a requirement established by the general assembly in which an
individual:
(a) Submits notification to a state agency; and
(b) May use "registered" as a designated title.

Notification may include the individual's name and address, the individual's agent for
service of process, the location of the activity to be performed, and a description of the service
the individual provides. Registration may include a requirement to post a bond but does not
include education or experience requirements. If the requirement of registration is not met,
the individual is prohibited from performing the occupation for compensation or using
"registered" as a designated title. The term "registration" shall not be synonymous with an
occupational license;
(14) "Regulatory entity", any board, commission, agency, division, or other unit or
subunit of state government that regulates one or more professions, occupations, industries,
businesses, or other endeavors in this state;
(15) "State agency", every state office, department, board, commission, regulatory
entity, and agency of the state. The term "state agency" includes, if provided by law,
programs and activities involving less than the full responsibility of a state agency;
(16) "Substantial burden", a requirement in an occupational regulation that imposes
significant difficulty or cost on an individual seeking to enter into or continue in a lawful
occupation and is more than an incidental burden.

3. All individuals may engage in the occupation of their choice, free from unreasonable
government regulation. The state shall not impose a substantial burden on an individual's
pursuit of his or her occupation or profession unless there is a reasonable interest for the
state to protect the general welfare. If such an interest exists, the regulation adopted by the
state shall be the least restrictive type of occupational regulation consistent with the public
interest to be protected.

4. All bills introduced in the general assembly to regulate, pursuant to subsection 6 of
this section, an occupation or profession shall be reviewed according to the following criteria.
An occupation or profession shall be regulated by the state if:
(1) Unregulated practice could cause harm and endanger the general welfare, and the
potential for further harm and endangerment is recognizable;
(2) The public can reasonably be expected to benefit from an assurance of personal
qualifications; and
(3) The general welfare cannot be sufficiently protected by other means.

5. After evaluating the criteria in subdivision (3) of this subsection and considering
governmental, economic, and societal costs and benefits, if the general assembly finds that
the state has a reasonable interest in regulating, pursuant to subsection 6 of this section, an
occupation or profession not previously regulated by law, the most efficient form of
regulation shall be implemented, consistent with this section and with the need to protect the
general welfare, as follows:
(1) If the threat to the general welfare resulting from the practitioner's services is easily
predictable, the regulation shall implement a system of insurance, bonding, or registration;
(2) If the consumer has challenges accessing credentialing information or possesses
significantly less information on how to report abuses such that the practitioner puts the
consumer in a disadvantageous position relative to the practitioner to judge the quality of
the practitioner's services, the regulation shall implement a system of certification; and

(3) If other regulatory structures, such as bonding, insurance, registration, and
certification, insufficiently protect the general welfare from recognizable harm, the
regulation shall implement a system of licensing.

6. After January 1, 2019, any relevant regulatory entity shall report, and the department
shall make available to the general assembly, upon the filing of a bill that proposes additional
regulation of a profession or occupation currently regulated by the regulatory entity, the
following factors to the department:

(1) A description of the professional or occupational group proposed for expansion of
regulation, including the number of individuals or business entities that would be subject to
regulation to the extent that such information is available; the names and addresses of
associations, organizations, and other groups representing the practitioners; and an estimate
of the number of practitioners in each group;

(2) Whether practice of the profession or occupation proposed for expansion of
regulation requires such a specialized skill that the public is not qualified to select a
competent practitioner without assurances that minimum qualifications have been met;

(3) The nature and extent of potential harm to the public if the profession or occupation
is not regulated as described in the bill, the extent to which there is a threat to the general
welfare, and production of evidence of potential harm, including a description of any
complaints filed with state law enforcement authorities, courts, departmental agencies,
professional or occupational boards, and professional and occupational associations that
have been lodged against practitioners of the profession or occupation in this state within the
past five years. Notwithstanding the provisions of this section or any other section, the
relevant regulatory entity shall provide, and the department shall make available to the
general assembly, the information relating to such complaints even if the information is
considered a closed record or otherwise confidential; except that, the regulatory entity and
the department shall redact names and other personally identifiable information from the
information released;

(4) A description of the voluntary efforts made by practitioners of the profession or
occupation to protect the public through self-regulation, private certifications, membership
in professional or occupational associations, or academic credentials and a statement of why
these efforts are inadequate to protect the public;

(5) The extent to which expansion of regulation of the profession or occupation will
increase the cost of goods or services provided by practitioners and the overall cost-
effectiveness and economic impact of the proposed regulation, including the direct cost to
the government and the indirect costs to consumers;

(6) The extent to which expansion of regulation of the profession or occupation would
increase or decrease the availability of services to the public;

(7) The extent to which existing legal remedies are inadequate to prevent or redress the
kinds of harm potentially resulting from the lack of the requirements outlined in the bill;

(8) Why bonding and insurance, registration, certification, occupational license to
practice, or another type of regulation is being proposed, why that regulatory alternative
was chosen, and whether the proposed method of regulation is appropriate;

(9) A list of other states that regulate the profession or occupation, the type of regulation,
copies of other states' laws, and available evidence from those states of the effect of regulation
on the profession or occupation in terms of a before-and-after analysis;
(10) The details of any previous efforts in this state to implement regulation of the profession or occupation;
(11) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist; and
(12) The method proposed to finance the proposed regulation and financial data pertaining to whether the proposed regulation can be reasonably financed by current or proposed licensees through dedicated revenue mechanisms.

7. If no existing regulatory entity regulates the occupation or profession to be regulated in the bill, the department shall report and make available to the general assembly, upon the filing of a bill after January 1, 2019, that proposes new regulation of a profession or occupation, the following factors:

(1) A description of the professional or occupational group proposed for regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) The nature and extent of potential harm to the public if the profession or occupation is not regulated, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the department shall release the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the department shall redact names and other personally identifiable information from the information released;

(3) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(4) The details of any previous efforts in this state to implement regulation of the profession or occupation; and

(5) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist.

8. After January 1, 2019, applicant groups may report to the department, and the department shall make available to the general assembly, any of the information required in subsection 6 or 7 of this section and whether the profession or occupation plans to apply for mandated benefits.

A. Enacting clause.

208.152 Medical services for which payment shall be made — co-payments may be required — reimbursement for services — notification upon change in interpretation or application of reimbursement — reimbursement for behavioral, social, and psychological services for physical health issues.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 208.152, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 208.152, to read as follows:

208.152. MEDICAL SERVICES FOR WHICH PAYMENT SHALL BE MADE — CO-PAYMENTS MAY BE REQUIRED — REIMBURSEMENT FOR SERVICES — NOTIFICATION UPON CHANGE IN INTERPRETATION OR APPLICATION OF REIMBURSEMENT — REIMBURSEMENT FOR BEHAVIORAL, SOCIAL, AND PSYCHOLOGICAL SERVICES FOR PHYSICAL HEALTH ISSUES. — 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as described in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Subject to appropriation, up to twenty visits per year for services limited to examinations, diagnoses, adjustments, and manipulations and treatments of malpositioned articulations and structures of the body provided by licensed chiropractic physicians practicing within their scope of practice. Nothing in this subdivision shall be interpreted to otherwise expand MO HealthNet services;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(9) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(10) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(11) Home health care services;

(12) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(13) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(14) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who

are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

[(44)] (15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

[(45)] (16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;
(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

[(16)] Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

[(17)] The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

[(18)] Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

[(19)] Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(20)] Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
inpatient care which treats the terminally ill patient and family as a unit, employing a medically
directed interdisciplinary team. The program provides relief of severe pain or other physical
symptoms and supportive care to meet the special needs arising out of physical, psychological,
spiritual, social, and economic stresses which are experienced during the final stages of illness, and
during dying and bereavement and meets the Medicare requirements for participation as a hospice
as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division
to the hospice provider for room and board furnished by a nursing home to an eligible hospice
patient shall not be less than ninety-five percent of the rate of reimbursement which would have
been paid for facility services in that nursing home facility for that patient, in accordance with
subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

[(22)] (22) Prescribed medically necessary dental services. Such services shall be subject to
appropriations. An electronic web-based prior authorization system using best medical evidence and
care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(23)] (23) Prescribed medically necessary optometric services. Such services shall be subject to
appropriations. An electronic web-based prior authorization system using best medical evidence and
care and treatment guidelines consistent with national standards shall be used to verify medical need;

[(24)] (24) Blood clotting products-related services. For persons diagnosed with a bleeding
disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section
338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies,
including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the
blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health
care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

[(25)] (25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter,
report the status of MO HealthNet provider reimbursement rates as compared to one hundred
percent of the Medicare reimbursement rates and compared to the average dental reimbursement
rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1,
2008, provide to the general assembly a four-year plan to achieve parity with Medicare
reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall
be subject to appropriation and the division shall include in its annual budget request to the governor
the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible
needy children, pregnant women and blind persons with any payments to be made on the basis of
the reasonable cost of the care or reasonable charge for the services as defined and determined by
the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and
wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated
program of active professional medical attention within a home, outpatient and inpatient care
which treats the terminally ill patient and family as a unit, employing a medically directed
interdisciplinary team. The program provides relief of severe pain or other physical symptoms and
supportive care to meet the special needs arising out of physical, psychological, spiritual, social,
and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions [(14)] [(15)] and [(15)] [(16)] of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments,

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement
codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

The state shall not enter into a contingency fee contract with a private attorney unless the attorney general makes a written determination prior to entering into such a contract that contingency fee representation is both cost effective and in the public interest. Any written determination shall include specific findings for each of the following factors:

(1) Whether there exists sufficient and appropriate legal and financial resources within the attorney general's office to handle the matter;

(2) The time and labor required; the novelty, complexity, and difficulty of the questions involved; and the skill requisite to perform the attorney services properly;

(3) The geographic area where the attorney services are to be provided; and

(4) The amount of experience desired for the particular kind of attorney services to be provided and the nature of the private attorney's experience with similar issues or cases.

2. If a request for proposals is issued, the attorney general shall choose the lowest and best bid or request that the office of administration establish an independent panel to evaluate the proposals and choose the lowest and best bid.

3. The state shall not enter into a contract for contingency fee attorney services unless the following requirements are met throughout the contract period and any extensions to the contract:

(3) The government attorneys shall retain veto power over any decisions made by outside counsel;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(4) A government attorney with supervisory authority for the case shall attend all settlement conferences; and
(5) Decisions regarding settlement of the case shall be reserved exclusively to the discretion of the attorney general.

4. The attorney general shall develop a standard addendum to every contract for contingent fee attorney services that shall be used in all cases, describing in detail what is expected of both the contracted private attorney and the state, including, without limitation, the requirements listed in subsection 3 of this section.

5. Copies of any executed contingency fee contract and the attorney general’s written determination to enter into a contingency fee contract with the private attorney shall be posted on the attorney general’s website for public inspection within five business days after the date the contract is executed and shall remain posted on the website for the duration of the contingency fee contract, including any extensions or amendments to the contract. Any payment of contingency fees shall be posted on the attorney general’s website within fifteen days after the payment of such contingency fees to the private attorney and shall remain posted on the website for at least three hundred sixty-five days.

6. Any private attorney under contract to provide services to the state on a contingency fee basis shall, from the inception of the contract until at least four years after the contract expires or is terminated, maintain detailed current records, including documentation of all expenses, disbursements, charges, credits, underlying receipts and invoices, and other financial transactions that concern the provision of such attorney services. The private attorney shall maintain detailed contemporaneous time records for the attorneys and paralegals working on the matter in increments of no greater than one-tenth of an hour and shall promptly provide these records to the attorney general, upon request. Any request under chapter 610 for inspection and copying of such records shall be served upon and responded to by the attorney general’s office.

7. Except as otherwise provided in subsection 8 of this section, a retained private attorney shall not be entitled to a fee, exclusive of any costs and expenses described in subsection 8 of this section, of more than:

   (2) Ten percent of that portion of any amount recovered that is more than ten million dollars but less than or equal to fifteen million dollars;
   (3) Five percent of that portion of any amount recovered that is more than fifteen million dollars but less than or equal to twenty million dollars; and
   (4) Two percent of that portion of any amount recovered that is more than twenty million dollars.

8. The total fee payable to all retained private attorneys in any matter that is the subject of a contingency fee contract shall not exceed ten million dollars, exclusive of any costs and expenses provided by the contract and actually incurred by the retained private attorneys, regardless of the number of actions or proceedings or the number of retained private attorneys involved in the matter.

9. A contingency fee:
   (1) Shall be payable only from moneys that are actually received under a judgment or settlement agreement; and
   (2) Shall not be based on any amount attributable to a fine or civil penalty.

10. As used in this section, "amount recovered" does not include any moneys paid as costs.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
11. By February first of each year, the attorney general shall submit a report to the president pro tem of the senate and the speaker of the house of representatives describing the use of contingency fee contracts with private attorneys in the preceding calendar year. At a minimum, the report shall:

   (1) Identify all new contingency fee contracts entered into during the year and all previously executed contingency fee contracts that remain current during any part of the year, and for each contract describe:

507.060. PERSONS HAVING CLAIMS AGAINST PLAINTIFF OR PLAINTIFF’S INSURED MAY BE JOINED AS DEFENDANTS AND REQUIRED TO INTERPLEAD, WHEN — LIMITATION ON LIABILITY, WHEN — DISMISSAL NOT REQUIRED, WHEN. — 1. Persons having claims against the plaintiff or plaintiff's insured may be joined as defendants and required to interplead when their claims are such that the plaintiff is or may be exposed to double or multiple liability, including multiple claims against the same insurance coverage. It is not ground for objection to the joinder that the claims of the several claimants or the titles on which their claims depend do not have a common origin or are not identical but are adverse to and independent of one another, or that the plaintiff avers that he is not liable in whole or in part to any or all of the claimants. A defendant exposed to similar liability may obtain such interpleader by way of cross-claim or counterclaim. The provisions of this section supplement and do not in any way limit the joinder of parties permitted in section 507.040.

2. For purposes of this subsections 2 to 5 of this section, the term "plaintiff" means the insurer, or any entity which is subject to sections 537.700 to 537.756 or which provides risk management services to any public or private entity, of an insured person or entity subject to more than one claim arising out of any one incident or occurrence, but only when such claims total an amount in excess of the plaintiff's total limits of coverage available for that one incident or occurrence.

3. For purposes of this subsections 2 to 5 of this section, the term "claim" means all actual or potential claims against a plaintiff or plaintiff's insured arising from the one incident or occurrence referred to in subsection 2 of this section.

4. If, within ninety days after receiving the first offer of settlement or demand for payment by a claimant, a plaintiff files an action for interpleader under this section and the plaintiff timely deposits all of its applicable limits of coverage into court within thirty days of the court's order granting interpleader, the plaintiff shall not be liable to any insured or defendant for any amount in excess of the plaintiff's contractual limits of coverage in the interpleader or any other action, so long as the plaintiff defends all of its insureds in good faith from any claims or lawsuits for damages allegedly caused by the incident or occurrence for which the limits of coverage were paid into court, even after depositing its limits of coverage into court notwithstanding any policy provision releasing the plaintiff of its duty to

defend any of the insureds. Any insured's refusal of the plaintiff's good faith defense shall not affect the plaintiff's rights under this section.

5. Nothing in this section shall require a release or dismissal of any claim for damages against any insured person or entity upon interpleader by an insurer of that person or entity.

6. Nothing in this section shall be construed, expressly or by implication, to amend, modify, or abrogate any insured's right to consent or control the defense or settlement of any claim as may be provided in any insurance contract.

outcomes shall be available by free electronic media within forty-eight hours following the
conclusion of every meeting. Any materials prepared for the members of the board by the staff
shall be delivered to the members at least five days before the meeting, and to the extent such
materials are public records as defined in section 610.010 and are not permitted to be closed under
section 610.021, shall be made available by free electronic media at least five business days in
advance of the meeting.

The certificate of equivalence may also be issued on the basis of test scores certified to the state board of education by the United States Armed Forces Institute, or a similar agency approved by the state board of education.

2. At each place of examination established by the department of elementary and secondary education in accordance with subsection 1 of this section, each applicant shall be given the option of voluntarily submitting his or her contact information for the purposes of evaluating the college and career placement rates of high school equivalency certificate applicants. The department of elementary and secondary education shall not maintain the contact information of any applicant for longer than a period of two years, beginning on the date of examination.

161.095. FEE FOR EXAMINATION — SUBSIDIZED WHEN. — The state board of education may charge an examination fee of each applicant to cover the cost of administering the program. Subject to appropriation, the department of elementary and secondary education shall subsidize the examination fee for first-time examination takers.

161.106. CAREER AND STUDENT ORGANIZATIONS’ ACTIVITIES, DEPARTMENT TO PROVIDE STAFFING SUPPORT — HANDLING OF ORGANIZATION FUNDS. — 1. The department of elementary and secondary education shall provide staffing support including but not limited to statewide coordination for career and technical student organizations' activities that are an integral part of the instructional educational curriculum for career and technical education programs approved by the department. Such career and technical organizations shall include, but not be limited to, the nationally recognized organizations of DECA, FBLA, FFA, FCCLA, HOSA, SkillsUSA, and TSA.

2. The department of elementary and secondary education shall [continue to] handle the funds from the career and technical student organizations [in the same manner as it did during school year 2011-12], with department personnel maintaining responsibility for the receipt and disbursement of funds. 161.670. COURSE ACCESS AND VIRTUAL SCHOOL PROGRAM ESTABLISHED, ELIGIBILITY FOR ENROLLMENT — STATE AID CALCULATION — ENROLLMENT PROCESS, PAYMENT BY DISTRICT — DEPARTMENT DUTIES, ANNUAL REPORT — RULEMAKING AUTHORITY. — 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish a virtual public school the "Missouri Course Access and Virtual School Program" to serve school-age students residing in the state. The virtual public school Missouri course access and virtual school program shall offer instruction in a virtual setting using technology, intranet.
and/or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the virtual public school program pursuant to subsection 3 of this section.

2. For purposes of calculation and distribution of state school aid, students enrolled in the Missouri course access and virtual school program shall be included, at the choice of the student’s parent or guardian, in the student enrollment of the school district in which the student physically resides is enrolled under subsection 3 of this section. The Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A “full-time equivalent student” is a student who successfully has completed the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate. In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

3. When a school district has one or more resident students enrolled in a virtual public school program authorized by this section, whose parent or guardian has chosen to include such student in the district’s enrollment, the department of elementary and secondary education shall disburse an amount corresponding to fifteen percent of the state aid under sections 163.031 and 163.043 attributable to such student to the resident district. Subject to an annual appropriation by the general assembly, the department shall disburse an amount corresponding to eighty-five percent of the state adequacy target attributable to such student to the virtual public school.

4. (1) A school district or charter school shall allow any eligible student who resides in such district to enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student’s annual course load each school year or a full-time virtual school option, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in and has attended, for at least one semester immediately prior to enrolling in the Missouri course access and virtual school program, a public school, including any charter school; except that, no student seeking to enroll in Missouri course access and virtual school program courses under this subdivision shall be required to have attended a public school during the previous semester if the student has a documented medical or psychological diagnosis or condition that prevented the student from attending a school in the community during the previous semester; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A “full-time equivalent student” is a student who successfully has completed the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate. In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.
school program that is substantially similar to the typical process by which a district student
would enroll in courses offered by the school district and a charter school student would
enroll in courses offered by the charter school. The policy may include consultation with the
school's counselor and may include parental notification or authorization. School
counselors shall not be required to approve or disapprove a student's enrollment in the
Missouri course access and virtual school program. If the school district or charter school
disapproves a student's request to enroll in a course or courses provided by the Missouri
course access and virtual school program, including full-time enrollment in courses provided
by the Missouri course access and virtual school program, the reason shall be provided in
writing and it shall be for "good cause". "Good cause" justification to disapprove a
student's request for enrollment in a course shall be a determination that doing so is not in
the best educational interest of the student. In cases of denial by the school district or charter
school, local education agencies shall inform the student and the student's family of their
right to appeal any enrollment denial in the Missouri course access and virtual school
program to the local school district board or charter school governing body where the family
shall be given an opportunity to present their reasons for their child or children to enroll in
the Missouri course access and virtual school program in an official school board meeting.
In addition, the school district or charter school administration shall provide its "good
cause" justification for denial at a school board meeting or governing body meeting. Both
the family and school administration shall also provide their reasons in writing to the
members of the school board or governing body and the documents shall be entered into the
official board minutes. The members of the board or governing body shall issue their
decision in writing within thirty calendar days, and then an appeal may be made to the
department of elementary and secondary education, which shall provide a final enrollment
decision within seven calendar days.

(3) For students enrolled in any Missouri course access and virtual school program
course in which costs associated with such course are to be paid by the school district or
charter school as described under subdivision (1) of this subsection, the school district or
charter school shall pay the content provider directly on a pro rata monthly basis based on
a student's completion of assignments and assessments. If a student discontinues enrollment,
the district or charter school may stop making monthly payments to the content provider.
No school district or charter school shall pay, for any one course for a student, more than
the market necessary costs but in no case shall pay more than fourteen percent of the state
adequacy target, as defined under section 163.011, as calculated at the end of the most recent
school year for any single, year-long course and no more than seven percent of the state
adequacy target as described above for any single semester equivalent course. Payment for
a full-time virtual school student shall not exceed the state adequacy target, unless the
student receives additional federal or state aid. Nothing in this subdivision shall prohibit a
school district or charter school from negotiating lower costs directly with course or full-
time virtual school providers, particularly in cases where several students enroll in a single
course or full-time virtual school.

(4) In the case of a student who is a candidate for A+ tuition reimbursement and taking
a virtual course under this section, the school shall attribute no less than ninety-five percent
attendance to any such student who has completed such virtual course.

(5) The Missouri course access and virtual school program shall ensure that individual
learning plans designed by certified teachers and professional staff are developed for all
students enrolled in more than two full-time course access program courses or a full-time virtual school.

(6) The department shall monitor student success and engagement of students enrolled in their program and report the information to the school district or charter school. Providers and the department may make recommendations to the school district or charter school regarding the student’s continued enrollment in the program. The school district or charter school shall consider the recommendations and evaluate the progress and success of enrolled students that are enrolled in any course or full-time virtual school offered under this section and may terminate or alter the course offering if it is found the course or full-time virtual school is not meeting the educational needs of the students enrolled in the course.

(7) School districts and charter schools shall monitor student progress and success, and course or full-time virtual school quality, and annually provide feedback to the department of elementary and secondary education regarding course quality.

(8) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(10) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(11) Nothing in this subsection shall require any school district, charter school, or the state to provide computers, equipment, or internet access to any student unless required by an eligible student with a disability to comply with federal law.

(12) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(13) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(14) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

4. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent

5. The department shall:
   (1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;
   (2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:
      (a) Submit all necessary information pursuant to the requirements of the process; and
      (b) Meet the criteria described in subdivision (3) of this subsection;
   (3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;
   (4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization.

6. If a course or full-time virtual school provider is denied authorization, the course provider may reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), adequate yearly progress (AYP), annual performance report (APR), teacher certification, and curriculum standards.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representative elementary and secondary education committee. The report shall at a minimum include the following information:
   (1) The annual number of unique students participating in courses authorized under this section and the total number of courses students are enrolled in;
   (2) The number of authorized providers;
   (3) The number of authorized courses and the number of students enrolled in each course;
   (4) The number of courses available by subject and grade level;
   (5) The number of students enrolled in courses broken down by subject and grade level;
   (6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(7) The costs per course;
(8) Evaluation of in-school course availability compared to course access availability to
ensure gaps in course access are being addressed statewide.

11. The department shall be responsible for creating the Missouri course access and
virtual school program catalog providing a listing of all courses authorized and available to
students in the state, detailed information, including costs per course, about the courses to
inform student enrollment decisions, and the ability for students to submit their course
enrollments.

12. The state board of education through the rulemaking process and the department of
elementary and secondary education in its policies and procedures shall ensure that multiple
content providers and learning management systems are allowed, ensure digital content
conforms to accessibility requirements, provide an easily accessible link for providers to
submit courses or full-time virtual schools on the Missouri course access and virtual school
program website, and allow any person, organization, or entity to submit courses or full-
time virtual schools for approval. No content provider shall be allowed that is unwilling to
accept payments in the amount and manner as described under subdivision (3) of subsection
3 of this section or does not meet performance or quality standards adopted by the state
board of education.

[6-] 13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created
under the authority delegated in this section shall become effective only if it complies with and is
subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and
chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant
to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are
subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed
or adopted after August 28, 2006, shall be invalid and void.

to, doctors of medicine, doctors of osteopathy, physician assistants, advanced practice nurses, and
doctors of chiropractic. For new drivers, such statement shall be on file prior to the driver's initial

The bond shall be filed with the secretary of the board. The treasurer shall be the custodian of all
school moneys derived from taxation for school purposes in the district until paid out on the order
of the board, and on breach of the conditions of the bond, the secretary of the board, or any resident

2. The state board of education shall determine standards for such programs. Approval of such programs shall be made by the state department of elementary and secondary education based upon project applications submitted by July fifteenth of each year.

3. No district shall make a determination as to whether a child is gifted based on the child's participation in an advanced placement course or international baccalaureate course. Districts shall determine a child is gifted only if the child meets the definition of gifted children as provided in section 162.675.

4. Any district with a gifted education program approved under subsection 2 of this section shall have a policy, approved by the board of education of the district, that establishes a process that outlines the procedures and conditions under which parents or guardians may request a review of the decision that determined that their child did not qualify to receive services through the district's gifted education program.

(1) Notwithstanding the definition of "average daily attendance" in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced price lunch and attend an early childhood education program that is operated by and in a district or by a charter school that has declared itself as a local educational agency providing full-day kindergarten and that meets standards established by the state board of education shall be included in the district's or charter school's calculation of average daily attendance. The total number of such pupils included in the district's or charter school's calculation of average daily attendance shall not exceed four percent of the total number
of pupils who are eligible for free and reduced price lunch between the ages of five and eighteen who are included in the district's or charter school's calculation of average daily attendance.

(2) If a pupil described under subdivision (1) of this subsection leaves an early childhood education program during the school year, a district or charter school shall be allowed to fill the vacant enrollment spot with another pupil between the ages of three and five who is eligible for free and reduced price lunch without affecting the district's or charter school's calculation of average daily attendance.

2. [(1) For any district that has been declared unaccredited by the state board of education and remains unaccredited as of July 1, 2015, and for any charter school located in said district, the provisions of subsection 1 of this section shall become applicable during the 2015-16 school year.

(5) For all other districts and charter schools, the provisions of subsection 1 of this section shall become effective in any school year subsequent to a school year in which the amount appropriated for subsections 1 and 2 of section 163.031 is equal to or exceeds the amount necessary to fund the entire entitlement calculation determined by subsections 1 and 2 of section 163.031, and shall remain effective in all school years thereafter, irrespective of the amount appropriated for subsections 1 and 2 of section 163.031 in any succeeding year.

(6) This section shall not require school attendance beyond that mandated under section 167.031 and shall not change or amend the provisions of sections 160.051, 160.053, 160.054, and 160.055 relating to kindergarten attendance.

163.021. Eligibility for state aid, requirements — evaluation of correlation of rates and assessed valuation, report, calculation — further requirements — exception — operating levy less than performance levy, requirements. — 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall...
be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days;

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

The department shall maintain the employee disqualification list and place on the employee disqualification list the names of any persons who are or have been employed in any facility and who have been finally determined by the department pursuant to section 192.2490 to have knowingly or recklessly abused or neglected a resident. For purposes of this section only, "knowingly" and "recklessly" shall have the meanings that are ascribed to them in this section. A person acts "knowingly" with respect to the person's conduct when a reasonable person should be aware of the result caused by his or her conduct. 14. The timely self-reporting of incidents to the central registry by a facility shall continue to be investigated in accordance with department policy, and shall not be counted or reported by the department as a hot-line call but rather a self-reported incident. If the self-reported incident results in a regulatory violation, such incident shall be reported as a substantiated report.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 263.245, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 263.245, to read as follows:

263.245. BRUSH ADJACENT TO COUNTY ROADS, TO BE REMOVED SUBJECT TO VOTER APPROVAL, CERTAIN COUNTIES — COUNTY COMMISSION MAY REMOVE BRUSH, WHEN, PROCEDURES, CERTAIN COUNTIES — COUNTY RIGHT-OF-WAY OR MAINTENANCE EASEMENT, DISTANCE. — 1. Subject to voter approval under section 263.247, all owners of land in:

(1) Any county with a township form of government, located north of the Missouri River and having no portion of the county located east of U.S. Highway 63; or

(2) Any county of the third classification without a township form of government and with more than four thousand one hundred but fewer than four thousand two hundred inhabitants; or

(3) Any county of the third classification without a township form of government and with more than two thousand three hundred but fewer than two thousand four hundred inhabitants

shall control all brush growing on such owner's property that is designated as the county right-of-way or county maintenance easement part of such owner's property and which is adjacent to any county road. Such brush shall be cut, burned, or otherwise destroyed as often as necessary in order to keep such lands accessible for purposes of maintenance and safety of the county road and to prevent brush from interfering with any vehicle that may travel the road.

2. The county commission, either upon its own motion or upon receipt of a written notice requesting the action from any residents of the county in which the county road bordering the lands in question is located or upon written request of any person regularly using the county road, may control such brush so as to allow easy access to the land described in subsection 1 of this section, and for that purpose the county commission, or its agents, servants, or employees shall have authority to enter on such lands without being liable to an action of trespass therefor, and shall keep an accurate account of the expenses incurred in eradicating the brush, and shall verify such statement under seal of the county commission, and transmit the same to the officer whose duty it is or may be to extend state and county taxes on tax books or bills against real estate. Such officer shall extend the aggregate expenses so charged against each tract of land as a special tax, which shall then become a lien on such lands, due on such landowner's real and personal property tax assessment and be collected as state and county taxes are collected by law and paid to the county commission and credited to the county control fund.

3. Before proceeding to control brush as provided in this section, the county commission of the county in which the land is located shall notify the owner of the land of the requirements of

this law [by certified mail, return receipt requested, from a list] in writing using any mail service with delivery tracking and an address supplied by the officer who prepares the tax list[,] and shall allow the owner of the land thirty days from [acknowledgment date of return receipt, or] the date of [refusal of acceptance of] delivery [as the case may be,] to eradicate all such brush growing on land designated as the county right-of-way or county maintenance easement part of such owner's land and which is adjacent to the county road. In the event that the property owner cannot be located by [certified] mail, notice shall be placed in a newspaper of general circulation in the county in which the land is located at least thirty days before the county commission removes the brush pursuant to subsection 2 of this section. Such property owner shall be granted an automatic thirty-day extension due to hardship by notifying the county commission that such owner cannot comply with the requirements of this section, due to hardship, within the first thirty-day period. The property owner may be granted a second extension by a majority vote of the county commission. There shall be no further extensions. For the purposes of this subsection, "hardship" may be financial, physical or any other condition that the county commission deems to be a valid reason to allow an extension of time to comply with the requirements of this section.

4. County commissions shall not withhold rock, which is provided from funds from the county aid road trust fund, for maintaining county roads due to the abutting property owner's refusal to remove brush located on land designated as the county right-of-way or county maintenance easement part of such owner's land. County commissions shall use such rock on the county roads, even though the brush is not removed, or county commissions may resort to the procedures in this section to remove the brush.

5. The county right-of-way or county maintenance easement shall extend fifteen feet from the center of the county road or the distance set forth in the original conveyance, whichever is greater. For purposes of this subsection, the "center of the county road" shall be the point equidistant from both edges of the drivable ground of the road in its current condition.

6. In the event a county is required to obtain a land survey to enforce this section, the costs of such survey shall be divided equally between the county and the landowner.

(c) Completion of the application for a one-year visiting scholars certificate; and

(d) Completion of a background check as prescribed under section 168.133.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

a. Has ten years of teaching experience as defined by the state board of education;

b. Possesses a master's degree; or

c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

(1) Is the spouse of a member of the Armed Forces stationed in Missouri;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

(2) Relocated from another state within one year of the date of application;
(3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
(4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

375.1218. CLASSES OF CLAIMS — PRIORITY OF DISTRIBUTION. — The priority of distribution of claims from the insurer's estate shall be in accordance with the order in which each class of claims is herein set forth. Every claim in each class shall be paid in full or adequate funds retained for such payment before the members of the next class receive any payment. No subclasses shall be established within any class. No claim by a shareholder, policyholder or other creditor shall be permitted to circumvent the priority class through the use of equitable remedies. The order of distribution of claims shall be:

(1) Class 1. The costs and expenses of administration during rehabilitation and liquidation, including but not limited to the following:

(a) The actual and necessary costs of preserving or recovering the assets of the insurer, and costs necessary to store records required to be preserved pursuant to section 375.1228;
(b) Compensation for all authorized services rendered in the rehabilitation and liquidation;
(c) Any necessary filing fees;
(d) The fees and mileage payable to witnesses;
(e) Authorized reasonable attorney's fees and other professional services rendered in the rehabilitation and liquidation; and

(f) The reasonable expenses of the Missouri property and casualty insurance guaranty association, the Missouri life and health insurance guaranty association, and any similar organization in any other state, including overhead, salaries, and other general administrative expenses allocable to the receivership. These expenses shall be subordinate to all other costs and expenses of administration under paragraphs (a) to (e) of this subdivision. The provisions of this paragraph shall apply to the distribution of claims from an insurer's estate if such insurer was first placed under an order of rehabilitation or an order of liquidation if no order of rehabilitation was entered on or after August 28, 2018.

(2) Class 2. All claims under policies including such claims of the federal or any state or local government for losses incurred ("loss claims") including third party claims and all claims of a guaranty association or foreign guaranty association including reasonable allocated loss adjustment expenses and all claims of a life and health insurance guaranty association or foreign guaranty association.
association which covers claims of life and health insurance policies, relating to the handling of such claims. All claims under life insurance and annuity policies and funding agreements, whether for death proceeds, annuity proceeds or investment values shall be treated as loss claims. That portion of any loss, indemnification for which is provided by other benefits or advantages recovered by the claimant, shall not be included in this class, other than benefits or advantages recovered or recoverable in discharge of familial obligation of support or by way of succession at death or as proceeds of life insurance, or as gratuities. No payment by an employer to his employee shall be treated as a gratuity. Early distributions to guaranty associations and foreign guaranty associations may be made in the manner provided in section 375.1205, provided that such guaranty associations and foreign guaranty associations agree to indemnify the liquidator if a shortage occurs in the insurer's estate of property necessary to settle claims as provided by this section. Any early distributions shall not increase the proportionate share of such guaranty associations and foreign guaranty associations, of distributions of the insurer's estate. The liquidator shall have authority to inquire into the reasonableness of any allocated loss adjustment expenses claimed by a guaranty association or foreign guaranty association and such claim shall not be allowed if it is found to be unreasonable.

(3) Class 3. Claims of the United States government other than those claims included in class 2.

(4) Class 4. Reasonable compensation to employees for services performed to the extent that they do not exceed two months of monetary compensation and represent payment for services performed within one year before the filing of the petition for liquidation or, if rehabilitation preceded liquidation, within one year before the filing of the petition for rehabilitation. Principal officers and directors shall not be entitled to the benefit of this priority except as otherwise approved by the liquidator and the court. Such priority shall be in lieu of any other similar priority which may be authorized by law as to wages or compensation of employees.

(5) Class 5. Claims under nonassessable policies for unearned premiums or other premium refunds and claims of general creditors including claims of ceding and assuming companies in their capacity as such.

(6) Class 6. Claims of any state or local government except those under class 2 of this section. Claims, including those of any governmental body for a penalty or forfeiture, shall be allowed in this class only to the extent of the pecuniary loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby. The remainder of such claims shall be postponed as class 9 claims.

(7) Class 7. Claims filed late or any other claims other than class 8 or 9 claims.

In addition to subsections 1 and 2 of this section, the association shall have all common law rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or owner, beneficiary, enrollee, or payee of a policy or contract with respect to such policy or contracts, including, without limitation in the case of a structured settlement annuity, any rights of the owner, beneficiary, or payee of the annuity, to the extent of benefits received under sections 376.715 to 376.758, against a person, originally or by succession, responsible for the losses arising from the personal injury relating to the annuity or payment thereof, excepting any such person responsible solely by reason of serving as an assignee in respect of a qualified assignment under Section 130 of the Internal Revenue Code of 1986, as amended.

376.734. ADDITIONAL POWERS OF ASSOCIATION. — 1. In addition to any other rights and powers under sections 376.715 to 376.758, the association may:

occuring after the date of the order of liquidation or rehabilitation. As a condition to making this
election, the association shall pay all unpaid premiums due under the contract for coverage relating
to periods before and after the date of the order of liquidation or rehabilitation.

2. The board of directors of the association may exercise reasonable business judgment to
determine the means by which the association is to provide the benefits of sections 376.715 to
376.758 in an economical and efficient manner.

3. Where the association has arranged for or offered to provide the benefits of sections 376.715
to 376.758 to a covered person under a plan or arrangement that fulfills the association's obligations
under sections 376.715 to 376.758, the person shall not be entitled to benefits from the association
in addition to or other than those provided under the plan or arrangement.

4. The association may join an organization of one or more other state associations of similar
purposes, to further the purposes and administer the powers and duties of the association.

376.735. ASSESSMENTS AGAINST MEMBERS, WHEN DUE, CLASSES — AMOUNTS, HOW
DETERMINED. — 1. For the purpose of providing the funds necessary to carry out the powers and
duties of the association, the board of directors shall assess the member insurers, separately for
each account, at such time and for such amounts as the board finds necessary. Assessments shall
be due not less than thirty days after prior written notice to the member insurers and shall accrue
interest at ten percent per annum on and after the due date.

2. There shall be two assessments, as follows:

   (1) Class A assessments may be made for the purpose of meeting administrative and legal
costs and other expenses. Class A assessments may be made whether or not related to a particular
impaired or insolvent insurer;

   (2) Class B assessments may be made to the extent necessary to carry out the powers and
duties of the association under sections 376.715 to 376.758 with regard to an impaired or an
insolvent insurer.

3. The amount of any class A assessment shall be determined by the board and may be made
on a pro rata or nonpro rata basis. If pro rata, the board may provide that it be credited against
future class B assessments. [A nonpro rata assessment shall not exceed one hundred fifty dollars
per member insurer in any one calendar year.]

4. (1) The amount of any class B assessment, except for assessments related to long-term
care insurance, shall be allocated for assessment purposes [among] between the accounts
pursuant to an allocation formula which may be based on the premiums or reserves of the impaired
or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair
and reasonable under the circumstances.

   (2) The amount of the class B assessment for long-term care insurance written by the
impaired or insolvent insurer shall be allocated according to methodology included in the
plan of operation and approved by the director. The methodology shall provide for fifty
percent of the assessment to be allocated to accident and health member insurers and fifty
percent to be allocated to life and annuity member insurers.

5. Class B assessments against member insurers for each account shall be in the proportion
that the premiums received on business in this state by each assessed member insurer on policies
or contracts covered by each account for the three most recent calendar years for which information
is available preceding the year in which the member insurer became impaired or insolvent, as the
case may be, bears to such premiums received on business in this state for such calendar years by
all assessed member insurers.

Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of sections 376.715 to 376.758. Classification of assessments under subdivisions (1) and (2) of subsection 2 of this section and computation of assessments under this section shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. In no case shall a member insurer be liable under class A or class B for assessments in any account enumerated in section 376.720, for which such insurer is not licensed by the department of insurance, financial institutions and professional registration to transact business.

**376.737. DEFERMENT OF ASSESSMENT, HOW, WHEN — MAXIMUM ASSESSMENT — REFUND OF, WHEN — MEMBERS MAY INCREASE PREMIUMS TO COVER ASSESSMENTS. —**

1. The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. Once the conditions that caused a deferral have been removed or rectified, the member insurer shall pay all assessments that were deferred under a repayment plan approved by the association.

2. (1) Subject to the provisions of subdivision (2) of this subsection, the total of all assessments upon a member insurer for each account shall not in any one calendar year exceed two percent of such insurer's average annual premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the member insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in the account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by sections 376.715 to 376.758.

(2) If two or more assessments are made in one calendar year with respect to member insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subdivision (1) of this subsection shall be equal and limited to the higher of the three-year average annual premiums for the applicable account as calculated under this section.

3. The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

4. The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each member insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

5. It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance or health maintenance organization business within the scope of sections 376.715 to 376.758, to consider the amount reasonably necessary to meet its assessment obligations under the provisions of sections 376.715 to 376.758.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

376.738. Certificate of Contribution, When Issued. — The association shall issue to each member insurer paying an assessment under the provisions of sections 376.715 to 376.758, other than class A assessment, a certificate of contribution, in a form prescribed by the director, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the member insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the director may approve.

376.742. Director, Powers and Duties. — 1. In addition to the duties and powers enumerated elsewhere in sections 376.715 to 376.758, the director shall:

(1) Upon request of the board of directors, provide the association with a statement of the premiums in this and any other appropriate states for each member insurer;

(2) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the impaired insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under the provisions of sections 376.715 to 376.758;

(3) In any liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator.

2. The director may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance business in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the director may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars per month.

3. Any action of the board of directors or the association may be appealed to the director by any member insurer if such appeal is taken within sixty days of the action being appealed. If a member company is appealing an assessment, the amount assessed shall be paid to the association and available to meet association obligations during the pendency of an appeal. If the appeal on the assessment is upheld, the amount paid in error or excess shall be returned to the member company. Any final action or order of the director shall be subject to judicial review in a court of competent jurisdiction.

4. The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of sections 376.715 to 376.758.

5. To aid in the detection and prevention of member insurer insolvencies or impairments, the director shall:

(1) Notify the commissioners of all the other states, territories of the United States and the District of Columbia when he takes any of the following actions against a member insurer:

(a) Revocation of license;

(b) Suspension of license; or

(c) Makes any formal order that such company member insurer restricts its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of policy owners, contract owners, certificate holders, or creditors.

Such notice shall be mailed to all commissions within thirty days following the action taken or the date on which such action occurs;

Matter in bold-face type is proposed language.
(2) Report to the board of directors when he has taken any of the actions set forth in subdivision (1) of this subsection or has received a report from any other commissioner indicating that any such action has been taken in another state. Such report to the board of directors shall contain all significant details of the action taken or the report received from another commissioner;

(3) Report to the board of directors when he has reasonable cause to believe from any examination, whether completed or in process, of any member company that such company may be an impaired or insolvent insurer;

(4) Furnish to the board of directors the NAIC Insurer Regulatory Information Service (IRIS) ratios and listings of companies not included in the ratios developed by the National Association of Insurance Commissioners, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. Such report and the information contained therein shall be kept confidential by the board of directors until such time as made public by the director or other lawful authority.

6. The director may seek the advice and recommendations of the board of directors concerning any matter affecting his duties and responsibilities regarding the financial condition of member insurers and [companies] health maintenance organizations seeking admission to transact insurance business in this state.

376.743. BOARD OF DIRECTORS, POWERS. — 1. The board of directors may, upon majority vote, make reports and recommendations to the director upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer or germane to the solvency of any [company] insurer or health maintenance organization seeking to do [an--insurance] business in this state. Such reports and recommendations shall not be considered public documents.

2. The board of directors shall, upon majority vote, notify the director of any information indicating any member insurer may be an impaired or insolvent insurer. The board of directors may, upon majority vote, make recommendations to the director for the detection and prevention of member insurer insolvencies.

376.746. RECORDS OF ASSOCIATION MEETINGS TO BE KEPT — ASSOCIATION DEEMED CREDITOR OF INSOLVENT OR IMPAIRED INSURED. — 1. Nothing in sections 376.715 to 376.758 shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

2. Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under the provisions of sections 376.715 to 376.758. Records of such negotiations or meetings shall be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the insurer, or upon the order of a court of competent jurisdiction.

Nothing in this subsection shall limit the duty of the association to render a report of its activities under subsection 1 of section 376.750.

3. For the purpose of carrying out its obligations under the provisions of sections 376.715 to 376.758, the association is deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee under the provisions of sections 376.715 to 376.758. Assets of the impaired or insolvent insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired or insolvent insurer as required by sections

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
376.715 to 376.758. Assets attributable to covered policies or contracts, as used in this subsection, are that proportion of the assets which the reserves that should have been established for such policies or contracts bear to the reserves that should have been established for all policies of insurance or health benefit plans written by the impaired or insolvent insurer.

376.747. DISTRIBUTION OF MEMBER INSURER ASSETS UPON LIQUIDATION, PRIORITY OF ASSOCIATION. — 1. Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, contract owners, certificate holders, enrollees, and policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In such a determination consideration shall be given to the welfare of the policy owners, contract owners, certificate holders, enrollees, and policyholders of the continuing or successor member insurer.

2. No distribution to stockholders, if any, of an impaired or insolvent insurer shall be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under the provisions of sections 376.715 to 376.758 with respect to such member insurer have been fully recovered by the association.

376.748. LIQUIDATION, RECOVERY OF DISTRIBUTIONS, WHEN, EXCEPTIONS, LIMITATIONS. — 1. If an order for liquidation or rehabilitation of a member insurer domiciled in this state has been entered, the receiver appointed under such order shall have a right to recover on behalf of the member insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the member insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of subsections 2 through 4 of this section.

2. No such distribution shall be recoverable if the member insurer shows that when paid the distribution was lawful and reasonable, and that the member insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the member insurer to fulfill its contractual obligations.

3. Any person who was an affiliate that controlled the member insurer at the time the distributions were paid shall be liable up to the amount of distributions he received. Any person who was an affiliate that controlled the member insurer at the time the distributions were declared shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they shall be jointly and severally liable.

4. The maximum amount recoverable under this section shall be the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.

5. If any person liable under subsection 3 of this section is insolvent, all its affiliates that controlled it at the time the distribution was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

376.755. ADVERTISING, USE OF GUARANTY ASSOCIATION PROHIBITED. — No person, including a member insurer, agent or affiliate of an insurer shall make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated or placed before the public, in any newspaper, magazine or other publication, or in the form of a notice, circular, pamphlet, letter or poster, or over any radio station

or television station, or in any other way, any advertisement, announcement or statement, written or oral, which uses the existence of the insurance guaranty association of this state for the purpose of sales, solicitation, or inducement to purchase any form of insurance or other coverage covered by sections 376.715 to 376.758. If a policy exceeds the limitations of coverage under sections 376.715 to 376.758, the insurer shall prominently inscribe on an endorsement to the insurance contract the limitations of coverage provided by the guaranty association. This section shall not apply to the Missouri Life and Health Insurance Guaranty Association or any other entity which does not sell or solicit insurance or coverage by a health maintenance organization.

376.756. SUMMARY DOCUMENT, ASSOCIATION TO PREPARE, CONTENTS — POLICY NOT COVERED BY GUARANTY ASSOCIATION TO CONTAIN NOTICE, FORM DETERMINED BY DIRECTOR. — 1. [Within one hundred eighty days of August 13, 1988.] The association shall prepare a summary document describing the general purposes and current limitations of the act and complying with subsection 2 of this section. This document should be submitted to the director for approval. Sixty days after receiving such approval, no insurer may deliver a policy or contract described in subsection 2 of section 376.717 to a policy owner, contract holder, certificate holder, or enrollee unless the document is delivered to the policy or contract holder prior to or at the time of delivery of the policy or contract except if subsection 3 of this section applies. The document should also be available upon request by a policyholder, contract owner, certificate holder, or enrollee. The distribution, delivery, or contents or interpretation of this document shall not mean that either the policy or the contract or the policy owner, contract owner, certificate holder, or enrollee thereof would be covered in the event of the impairment or insolvency of a member insurer. The description document shall be revised by the association as amendments to the act may require. Failure to receive this document does not give the policyholder, contract owner, certificate holder, or enrollee, or insured any greater rights than those stated in sections 376.715 to 376.758.

2. The document prepared under subsection 1 of this section shall contain a clear and conspicuous disclaimer on its face. The director shall promulgate a rule establishing the form and content of the disclaimer. The disclaimer shall:
   (1) State the name and address of the life and health insurance guaranty association and department of insurance, financial institutions and professional registration;
   (2) Prominently warn the policy owner, contract owner, certificate holder, or enrollee that the Missouri life and health insurance guaranty association may not cover the policy or contract or, if coverage is available, it will be subject to substantial limitations, exclusions and conditioned on continued residence in the state;
   (3) State that the member insurer and its agents are prohibited by law from using the existence of the life and health insurance guaranty association for the purpose of sales, solicitation or inducement to purchase any form of insurance or health maintenance organization coverage;
   (4) Emphasize that the policy owner, contract owner, certificate holder, or enrollee should not rely on coverage under the Missouri life and health insurance guaranty association when selecting an insurer or health maintenance organization;
   (5) Provide other information as directed by the director.

3. No insurer or agent may deliver a policy or contract described in subsection 2 of section 376.717 and excluded under subsection 3 of section 376.717 from coverage under the provisions of sections 376.715 to 376.758 unless the insurer or agent, prior to or at the time of delivery, gives the policy or contract holder a separate written notice which clearly and conspicuously discloses...
that the policy or contract is not covered by the Missouri life and health insurance guaranty association. The director shall by rule specify the form and content of the notice.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
285.700. Citation of law — secretary of state to enforce. — 1. Sections 285.700 to 285.750 shall be known and may be cited as the "Professional Employer Organization Act".

2. The secretary of state or any person designated by the secretary of state may enforce the provisions of sections 285.700 to 285.750.

285.705. Definitions. — As used in sections 285.700 to 285.750, the following terms mean:

1. "Client", any person who enters into a professional employer agreement with a PEO;

2. "Coemployer", either a PEO or a client;

3. "Coemployment relationship", a relationship that is intended to be an ongoing relationship rather than a temporary or project-specific relationship, wherein the rights, duties, and obligations of an employer that arise out of an employment relationship have been allocated between coemployers pursuant to a professional employer agreement and sections 285.700 to 285.750. In such a coemployment relationship:
   a. The PEO is entitled to enforce only such employer rights and is subject to only those obligations specifically allocated to the PEO by the professional employer agreement or sections 285.700 to 285.750;
   b. The client is entitled to enforce those rights and obligated to provide and perform those employer obligations allocated to such client by the professional employer agreement and sections 285.700 to 285.750; and
   c. The client is entitled to enforce any right and obligated to perform any obligation of an employer not specifically allocated to the PEO by the professional employer agreement or sections 285.700 to 285.750;

4. "Covered employee", an individual having a coemployment relationship with a PEO and a client who meets the following criteria:
   a. The individual has received written notice of coemployment with the PEO; and
   b. The individual's coemployment relationship is pursuant to a professional employer agreement subject to sections 285.700 to 285.750.

Individuals who are officers, directors, shareholders, partners, and managers of the client will be covered employees, except to the extent the PEO and the client have expressly agreed in the professional employer agreement that such individuals would not be covered employees, provided such individuals meet the criteria of this subdivision and act as operational managers or perform day-to-day operational services for the client;
(5) "PEO group", any two or more PEOs that are majority owned or commonly controlled by the same entity, parent, or controlling person;

(6) "Person", any individual, partnership, corporation, limited liability company, association, or any other form of legally recognized entity;

(7) "Professional employer agreement", a written contract by and between a client and a PEO that provides:
   (a) For the coemployment of covered employees;
   (b) For the allocation of employer rights and obligations between the client and the PEO with respect to the covered employees; and
   (c) That the PEO and the client assume the responsibilities required under sections 285.700 to 285.750;

(8) "Professional employer organization" or "PEO", any person engaged in the business of providing professional employer services. A person engaged in the business of providing professional employer services shall be subject to registration and regulation under sections 285.700 to 285.750 regardless of its use of the term or conducting business as a professional employer organization, staff leasing company, registered staff leasing company, employee leasing company, administrative employer, or any other name. The following shall not be deemed to be professional employer organizations or the providing of professional employment services for the purposes of sections 285.700 to 285.750:
   (a) Arrangements wherein a person, whose principal business activity is not entering into professional employer arrangements and does not hold itself out as a PEO, shares employees with a commonly owned company within the meaning of Section 414(b) and (c) of the Internal Revenue Code of 1986, as amended;
   (b) Independent contractor arrangements by which a person assumes responsibility for the product produced or service performed by such person or his or her agents and retains and exercises primary direction and control over the work performed by the individuals whose services are supplied under such arrangements; and
   (c) Providing temporary help services;

(9) "Professional employer services", the service of entering into coemployment relationships under sections 285.700 to 285.750 in which all or a majority of the employees providing services to a client or to a division or work unit of a client are covered employees;

(10) "Registrant", a PEO registered under sections 285.700 to 285.750;

(11) "Temporary help services", services consisting of a person:
   (a) Recruiting and hiring its own employees;
   (b) Finding other organizations that need the services of those employees;
   (c) Assigning those employees to perform work at or services for the other organizations to support or supplement the other organizations' workforces, or to provide assistance in special work situations including, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects; and
   (d) Customarily attempting to reassign the employees to other organizations when they finish each assignment.

285.710. COLLECTIVE BARGAINING AGREEMENTS, EXISTING CONTRACTS, LICENSING REQUIREMENTS NOT IMPACTED BY ACT — GOVERNMENT BENEFITS, EMPLOYEES ARE EMPLOYEES OF CLIENT ONLY. — 1. Nothing contained in sections 285.700 to 285.750 or in any professional employer agreement shall affect, modify, or amend any collective bargaining agreement or the rights or obligations of any client, PEO, or covered employee.
under the federal National Labor Relations Act, the federal Railway Labor Act, or sections 105.500 to 105.530.

2. Nothing in sections 285.700 to 285.750 or in any professional employer agreement shall:
   (1) Diminish, abolish, or remove rights of covered employees to a client or obligations of such client to a covered employee existing prior to the effective date of a professional employer agreement;
   (2) Affect, modify, or amend any contractual relationship or restrictive covenant between a covered employee and any client in effect at the time a professional employer agreement becomes effective. A professional employer agreement shall also not prohibit or amend any contractual relationship or restrictive covenant that is entered into subsequently between a client or a covered employee. A PEO shall have no responsibility or liability in connection with, or arising out of, any such existing or new contractual relationship or restrictive covenant unless the PEO has specifically agreed otherwise in writing; or
   (3) Create any new or additional enforceable right of a covered employee against a PEO that is not specifically provided by the professional employer agreement or sections 285.700 to 285.750.

3. Nothing contained in sections 285.700 to 285.750 or any professional employer agreement shall affect, modify, or amend any state, local, or federal licensing, registration, or certification requirement applicable to any client or covered employee.

4. A covered employee who shall be licensed, registered, or certified according to law or regulation is deemed solely an employee of the client for purposes of any such license, registration, or certification requirement.

5. A PEO shall not be deemed to engage in any occupation, trade, profession, or other activity that is subject to licensing, registration, or certification requirements, or is otherwise regulated by a governmental entity solely by entering into and maintaining a coemployment relationship with a covered employee who is subject to such requirements or regulation.

6. A client shall have the sole right of direction and control of the professional or licensed activities of covered employees and of the client's business. Such covered employees and clients shall remain subject to regulation by the regulatory or governmental entity responsible for licensing, registration, or certification of such covered employees or clients.

7. For purposes of the determination of tax credits, economic incentives, or other benefits provided by this state or any other government entity and based on employment, covered employees shall be deemed employees solely of the client. A client shall be entitled to the benefit of any tax credit, economic incentive, or other benefit arising as the result of the employment of covered employees of such client. Notwithstanding that the PEO is the W-2 reporting employer, the client shall continue to qualify for such benefit, incentive, or credit. If the grant or amount of any such benefit, incentive, or credit is based on the number of employees, then each client shall be treated as employing only those covered employees coemployed by the client. Covered employees working for other clients of the PEO shall not be counted. Each PEO shall provide, upon request by a client or an agency or department of this state, employment information reasonably required by any agency or department of this state responsible for administration of any such tax credit, economic incentive, or other benefit that is necessary to support any request, claim, application, or other action by a client seeking any such tax credit, economic incentive, or other benefit.

8. With respect to a bid, contract, purchase order, or agreement entered into with the state or a political subdivision of the state, a client company's status or certification as a minority business enterprise or a women's business enterprise, as those terms are defined in
section 37.020, shall not be affected because the client company has entered into an agreement with a PEO or uses the services of a PEO.

285.715. REGISTRATION REQUIRED — APPLICATION, CONTENTS — INITIAL REGISTRATION, RENEWAL — REPORTING REQUIREMENTS, SATISFIED HOW — LIMITED REGISTRATION, WHEN — LIST OF ORGANIZATIONS — ELECTRONIC FILING — CONFIDENTIALITY OF RECORDS. — 1. Except as otherwise provided in sections 285.700 to 285.750, no person shall provide, advertise, or otherwise hold itself out as providing professional employer services in this state, unless such person is registered under sections 285.700 to 285.750.

2. Each applicant for registration under sections 285.700 to 285.750 shall provide the secretary of state with the following information:
   (1) The name or names under which the PEO conducts business;
   (2) The address of the principal place of business of the PEO and the address of each office it maintains in this state;
   (3) The PEO's taxpayer or employer identification number;
   (4) A list by jurisdiction of each name under which the PEO has operated in the preceding five years, including any alternative names, names of predecessors, and, if known, successor business entities;
   (5) A statement of ownership, which shall include the name and evidence of the business experience of any person that, individually or acting in concert with one or more other persons, owns or controls, directly or indirectly, twenty-five percent or more of the equity interests of the PEO;
   (6) A statement of management, which shall include the name and evidence of the business experience of any person who serves as president, chief executive officer, or otherwise has the authority to act as senior executive officer of the PEO; and
   (7) A financial statement setting forth the financial condition of the PEO or PEO group.

   At the time of application for a new license, the applicant shall submit the most recent audit of the applicant, which shall not be older than thirteen months. Thereafter, a PEO or PEO group shall file on an annual basis, within one hundred eighty days after the end of the PEO's or PEO group's fiscal year, a succeeding audit. An applicant may apply for an extension with the secretary of state, but any such request shall be accompanied by a letter from the auditors stating the reasons for the delay and the anticipated audit completion date. The financial statement shall be prepared in accordance with generally accepted accounting principles and audited by an independent certified public accountant licensed to practice in the jurisdiction in which such accountant is located and shall be without qualification as to the going concern status of the PEO. A PEO or PEO group may submit combined or consolidated audited financial statements to meet the requirements of this section. A PEO that has not had sufficient operating history to have audited financials based upon at least twelve months of operating history shall meet the financial capacity requirements of sections 285.700 to 285.750 and present financial statements reviewed by a certified public accountant.

3. (1) Each PEO operating within this state as of the effective date of sections 285.700 to 285.750 shall complete its initial registration not later than one hundred eighty days after the effective date of sections 285.700 to 285.750. Such initial registration shall be valid until one hundred eighty days from the end of the PEO's first fiscal year that is more than one year after the effective date of sections 285.700 to 285.750.
(2) Each PEO not operating within this state as of the effective date of sections 285.700 to 285.750 shall complete its initial registration prior to initiating operations within this state. In the event a PEO not registered in this state becomes aware that an existing client not based in this state has employees and operations in this state, the PEO shall either decline to provide PEO services for those employees or notify the secretary of state within five business days of its knowledge of this fact and file a limited registration application under subsection 6 of this section or a full business registration if there are more than fifty covered employees. The secretary of state may issue an interim operating permit for the period the registration applications are pending if the PEO is currently registered or licensed by another state and the secretary of state determines it to be in the best interest of the potential covered employees.

4. Within one hundred eighty days after the end of a registrant's fiscal year, such registrant shall renew its registration by notifying the secretary of state of any changes in the information provided in such registrant's most recent registration or renewal. A registrant's existing registration shall remain in effect during the pendency of a renewal application.

5. PEOs in a PEO group may satisfy the reporting and financial requirements of sections 285.700 to 285.750 on a combined or consolidated basis, provided that each member of the PEO group guarantees the financial capacity obligations under sections 285.700 to 285.750 of each other member of the PEO group. In the case of a PEO or PEO group that submits a combined or consolidated audited financial statement including entities that are not PEOs or that are not in the PEO group, the controlling entity of the PEO group under the consolidated or combined statement shall guarantee the obligations of the PEOs in the PEO group.

6. (1) A PEO is eligible for a limited registration under sections 285.700 to 285.750 if such PEO:
   (a) Submits a properly executed request for limited registration on a form provided by the secretary of state;
   (b) Is domiciled outside this state and is licensed or registered as a professional employer organization in another state;
   (c) Does not maintain an office in this state or directly solicit clients located or domiciled within this state; and
   (d) Does not have more than fifty covered employees employed or domiciled in this state on any given day.
   (2) A limited registration is valid for one year, and may be renewed.
   (3) A PEO seeking limited registration under this section shall provide the secretary of state with information and documentation necessary to show that the PEO qualifies for a limited registration.
   (4) The provisions of section 285.725 shall not apply to applicants for limited registration.

7. The secretary of state shall maintain a list of professional employer organizations registered under sections 285.700 to 285.750 that is readily available to the public by electronic or other means.

8. The secretary of state may produce forms necessary to promote the efficient administration of this section.

9. The secretary of state shall, to the extent practical, permit the acceptance of electronic filings in conformance with sections 432.200 to 432.295, including applications, documents, reports, and other filings required by sections 285.700 to 285.750. The secretary of state may provide for the acceptance of electronic filings and other assurance by an independent and qualified assurance organization approved by the secretary of state that provides satisfactory assurance of compliance acceptable to the secretary of state consistent with or in lieu of the requirements of sections 285.715 and 285.725 and other requirements of sections 285.700 to
285.750. The secretary of state shall permit a PEO to authorize such an approved assurance organization to act on the PEO's behalf in complying with the registration requirements of sections 285.700 to 285.750, including electronic filings of information and payment of registration fees. Use of such an approved assurance organization shall be optional and not mandatory for a registrant. Nothing in this subsection shall limit or change the secretary of state's authority to register or terminate registration of a professional employer organization or to investigate or enforce any provision of sections 285.700 to 285.750.

10. All records, reports, and other information obtained from a PEO under sections 285.700 to 285.750, except to the extent necessary for the proper administration of sections 285.700 to 285.750 by the secretary of state, shall be confidential and shall not be considered a "public record" as that term is defined in section 610.010.

285.720. FEES.—1. Upon filing an initial registration statement under sections 285.700 to 285.750, a PEO shall pay an initial registration fee not to exceed five hundred dollars.
2. Upon each annual renewal of a registration statement filed under sections 285.700 to 285.750, a PEO shall pay a renewal fee not to exceed two hundred fifty dollars.
3. The secretary of state shall determine any fee to be charged for a group registration.
4. Each PEO seeking limited registration shall pay a fee in the amount not to exceed two hundred fifty dollars upon initial application for limited registration and upon each renewal of such limited registration.
5. No fee charged under sections 285.700 to 285.750 shall exceed the amount reasonably necessary for the administration of sections 285.700 to 285.750.

285.725. WORKING CAPITAL OR BOND REQUIREMENTS.—Except as provided by 285.715, each PEO or collectively each PEO group shall maintain either:
1. Positive working capital as defined by generally accepted accounting principles at registration as reflected in the financial statements submitted to the secretary of state with the initial registration and each annual renewal; or
2. A PEO or PEO group that does not have positive working capital may provide a bond, irrevocable letter of credit, or securities with a minimum market value equaling the deficiency plus one hundred thousand dollars to the secretary of state. Such bond is to be held by a depository designated by the secretary of state securing payment by the PEO of all taxes, wages, benefits, or other entitlement due to or with respect to covered employees if the PEO does not make such payments when due.

285.730. RIGHTS OF CLIENT AND PEO — EMPLOYER AGREEMENTS, CONTENTS — NOTICE REQUIREMENTS — LIABILITY — PEO NOT ENGAGED IN SALE OF INSURANCE — POLITICAL SUBDIVISIONS, TAXES.—1. Except as specifically provided in sections 285.700 to 285.750 or in the professional employer agreement, in each coemployment relationship:
1. The client shall be entitled to exercise all rights, and shall be obligated to perform all duties and responsibilities otherwise applicable to an employer in an employment relationship;
2. The PEO shall be entitled to exercise only those rights and obligated to perform only those duties and responsibilities specifically required under sections 285.700 to 285.750 or set forth in the professional employer agreement. The rights, duties, and obligations of the PEO as coemployer with respect to any covered employee shall be limited to those arising pursuant to the professional employer agreement and sections 285.700 to 285.750 during the term of coemployment by the PEO of such covered employee; and

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(3) Unless otherwise expressly agreed by the PEO and the client in a professional employer agreement, the client retains the exclusive right to direct and control the covered employees as is necessary to conduct the client's business, to discharge any of the client's fiduciary responsibilities, or to comply with any licensure requirements applicable to the client or to the covered employees.

2. Except as specifically provided under sections 285.700 to 285.750, the coemployment relationship between the client and the PEO and between each coemployer and each covered employee shall be governed by the professional employer agreement. Each professional employer agreement shall include the following:

   (1) The allocation of rights, duties, and obligations as described in subsection 1 of this section;
   (2) A requirement that the PEO shall have responsibility to:
       (a) Pay wages to covered employees;
       (b) Withhold, collect, report, and remit payroll-related and unemployment taxes; and
       (c) To the extent the PEO has assumed responsibility in the professional employer agreement, to make payments for employee benefits for covered employees.

As used in this section, the term "wages" does not include any obligation between a client and a covered employee for payments beyond or in addition to the covered employee's salary, draw, or regular rate of pay, such as bonuses, commissions, severance pay, deferred compensation, profit sharing, vacation, sick, or other paid-time off pay, unless the PEO has expressly agreed to assume liability for such payments in the professional employer agreement; and

   (3) A requirement that the PEO shall have a right to hire, discipline, and terminate a covered employee as may be necessary to fulfill the PEO's responsibilities under sections 285.700 to 285.750 and the professional employer agreement. The client shall have a right to hire, discipline, and terminate a covered employee.

3. With respect to each professional employer agreement entered into by a PEO, such PEO shall provide written notice to each covered employee affected by such agreement of the general nature of the coemployment relationship between and among the PEO, the client, and such covered employee.

4. Except to the extent otherwise expressly provided by the applicable professional employer agreement:

   (1) A client shall be solely responsible for the quality, adequacy, or safety of the goods or services produced or sold in the client's business;
   (2) A client shall be solely responsible for directing, supervising, training, and controlling the work of the covered employees with respect to the business activities of the client and solely responsible for the acts, errors, or omissions of the covered employees with regard to such activities;
   (3) A client shall not be liable for the acts, errors, or omissions of a PEO or of any covered employee of the client and a PEO if such covered employee is acting under the express direction and control of the PEO;
   (4) A PEO shall not be liable for the acts, errors, or omissions of a client or of any covered employee of the client if such covered employee is acting under the express direction and control of the client;
   (5) Nothing in this subsection shall serve to limit any contractual liability or obligation specifically provided in the written professional employer agreement; and

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
(6) A covered employee is not, solely as the result of being a covered employee of a PEO, an employee of the PEO for purposes of general liability insurance, fidelity bonds, surety bonds, employer's liability that is not covered by workers' compensation, or liquor liability insurance carried by the PEO unless the covered employees are included by specific reference in the professional employer agreement and applicable prearranged employment contract, insurance contract, or bond.

5. A PEO under sections 285.700 to 285.750 is not engaged in the sale of insurance or in acting as a third party administrator by offering, marketing, selling, administering, or providing professional employer services that include services and employee benefit plans for covered employees. The provisions of this section shall not supersede or preempt any requirements under section 375.014.

6. For purposes of this state or any county, municipality, or other political subdivision thereof:

   (1) Any tax or assessment imposed upon professional employer services or any business license or other fee that is based upon "gross receipts" shall allow a deduction from the gross income or receipts of the business derived from performing professional employer services that is equal to that portion of the fee charged to a client that represents the actual cost of wages and salaries, benefits, payroll taxes, withholding, or other assessments paid to or on behalf of a covered employee by the professional employer organization under a professional employer agreement;

   (2) Any tax assessed or assessment or mandated expenditure on a per capita or per employee basis shall be assessed against the client for covered employees and against the professional employer organization for its employees who are not covered employees coemployed with a client. Benefits or monetary consideration that meet the requirements of mandates imposed on a client and that are received by covered employees through the PEO either through payroll or through benefit plans sponsored by the PEO shall be credited against the client's obligation to fulfill such mandates; and

   (3) In the case of a tax or an assessment imposed or calculated upon the basis of total payroll, the professional employer organization shall be eligible to apply any small business allowance or exemption available to the client for the covered employees for purposes of computing the tax.

285.740. WORKERS' COMPENSATION REQUIREMENTS. — 1. The responsibility to obtain workers' compensation coverage for covered employees in compliance with all applicable laws shall be specifically allocated in the professional employer agreement to either the client or the PEO.

2. (1) Coverage for both the directly employed workers of a client and the covered employees of that client shall be all in the residual or all in the voluntary market with the same carrier.

   (2) Workers' compensation coverage for covered employees in the voluntary market may be obtained by either:

   (a) The client through a standard workers' compensation policy or through duly authorized self-insurance under section 287.280; or

   (b) The PEO through duly authorized self insurance under section 287.280, through the type of policy referenced under the provisions of 20 CSR 500-6.800(5)(c)2 issued to the PEO by a carrier authorized to do business in this state, or through a multiple coordinated

workers' compensation policy issued by a carrier authorized to do business in this state in the name of the PEO or the client.

A PEO authorized to self-insure under section 287.280 shall report to the insurer or the appropriate state and rating authorities such client-based information as is necessary to maintain the client's experience rating.

(3) Workers' compensation for covered employees in the residual market may be obtained by the client through a residual market policy or by the PEO through a multiple coordinated policy in either the name of the PEO or the client that provides to the appropriate state and rating authorities the client-based information satisfactory to maintain the client's experience rating.

3. A PEO that applies for coverage or is covered through the voluntary market shall also maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor for each client upon termination of the coemployment relationship. Information reported during the term of the coemployment relationship which is used to calculate an experience modification factor for a client prior to and upon termination of the professional employer agreement shall continue to be used in the future experience ratings of the PEO. Such information shall include:

(1) The client's corporate name;
(2) The client's taxpayer or employer identification number;
(3) Payroll summaries and class codes applicable to each client, and, if requested by the insurer, a listing of all covered employees associated with a given client; and
(4) Claims information grouped by client, and any other information maintained by or readily available to the PEO that is necessary for the calculation of an experience modification factor for each client.

4. In addition to any other provision of chapter 287, any material violations of this section by a PEO is grounds for cancellation or nonrenewal of the PEO's insurance policy by the insurer. If a PEO has received notice that its workers' compensation insurance policy will be canceled or nonrenewed, the PEO shall notify by certified mail, within ten days after the receipt of the notice, all of the clients for which there is a coemployment relationship covered under the policy to be canceled, provided that notice shall not be required if the PEO has obtained another insurance policy from a carrier authorized to do business in this state, with an effective date that is the same as the date of cancellation or nonrenewal.

5. If the coemployment relationship with a client is terminated, the client shall utilize an experience modification factor which reflects its individual experience, including, if applicable, experience incurred for covered employees under the professional employer agreement. The PEO shall provide to the client the client's information that is maintained under subsection 3 of this section within five business days of receiving notice from the client or within five business days of providing notice to the client that the coemployment relationship will terminate. The PEO shall also provide such information to any future client insurer, if requested by such client. The PEO shall notify the insurer of its intent to terminate any client relationship prior to termination when feasible. When prior notice is not feasible, the PEO shall notify its insurer within five business days following actual termination.

6. Both the client and the PEO shall be considered the employer for purposes of coverage under chapter 287. The protection of the exclusive remedy provision under section 287.120 shall apply to the PEO, the client, and to all covered employees and other employees of the client irrespective of which coemployer obtains such workers' compensation coverage.
Nothing in this section shall be construed to exempt either the client or the PEO from compliance with the provisions of chapter 287.

7. A client may request the information maintained under subsection 3 of this section at any time and every PEO shall provide that information to such client within five business days of receiving such a request.

8. In the case of a request for information by a third party requesting verification of a client’s experience modification factor for a client in the type of policy referenced under the provisions of 20 CSR 500-6.800(5)(c)2, the PEO shall, within five business days of receipt of receiving the client’s consent, provide such third party with only the information maintained by the PEO under subsection 3 of this section. If a client refuses to grant consent to a request for information under this subsection, the PEO shall notify the requesting third party that the client has refused to consent to the disclosure of the information maintained by the PEO under subsection 3 of this section.

9. A client shall provide any prospective insurer with the information maintained by the PEO under subsection 3 of this section upon receiving such information from the PEO. Failure to provide a future insurer with such information shall be considered a violation of subsection 6 of section 287.128.

10. (1) A client shall notify any prospective insurer of the client’s previous or current relationship with a PEO. Failure to provide a future insurer with such information shall be considered a violation of subsection 6 of section 287.128.

   (2) This subsection shall not apply if the PEO did not provide workers’ compensation coverage to a client during the coemployment relationship.

11. For purposes of chapter 288, a PEO registered under sections 285.700 to 285.750 shall be treated as a "lesser employing unit" under section 288.032.

324.001. DIVISION OF PROFESSIONAL REGISTRATION ESTABLISHED, DUTIES — BOARDS AND COMMISSIONS ASSIGNED TO — REFERENCE TO DIVISION IN STATUTES — WORKFORCE DATA ANALYSIS, REQUIREMENTS. — 1. For the purposes of this section, the following terms mean:
(1) "Department", the department of insurance, financial institutions and professional registration;
(2) "Director", the director of the division of professional registration; and
(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board’s records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof to include verifying if the applicant has submitted all required documentation and that the documentation is legible. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder.
The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any
agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the division of professional registration of the department of economic development, such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of sections 324.010 and 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency-equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

2. For purposes of this section, the following terms mean:
   (1) "Applicant group", any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;
   (2) "Certification", a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. (a) Bonding or insurance;

If such an interest exists, the regulation adopted by the state shall be the least restrictive type of occupational regulation consistent with the public interest to be protected.

4. All bills introduced in the general assembly to regulate, pursuant to subsection 6 of this section, an occupation or profession shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state if:

(2) The public can reasonably be expected to benefit from an assurance of personal qualifications; and

(3) The general welfare cannot be sufficiently protected by other means.

5. After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the general assembly finds that the state has a reasonable interest in regulating, pursuant to subsection 6 of this section, an occupation or profession not previously regulated by law, the most efficient form of regulation shall be implemented, consistent with this section and with the need to protect the general welfare, as follows:

(1) If the threat to the general welfare resulting from the practitioner's services is easily predictable, the regulation shall implement a system of insurance, bonding, or registration;

(2) If the consumer has challenges accessing credentialing information or possesses significantly less information on how to report abuses such that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a system of certification; and

(3) If other regulatory structures, such as bonding, insurance, registration, and certification, insufficiently protect the general welfare from recognizable harm, the regulation shall implement a system of licensing.

6. After January 1, 2019, any relevant regulatory entity shall report, and the department shall make available to the general assembly, upon the filing of a bill that proposes additional regulation of a profession or occupation currently regulated by the regulatory entity, the following factors to the department:

(1) A description of the professional or occupational group proposed for expansion of regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) Whether practice of the profession or occupation proposed for expansion of regulation requires such a specialized skill that the public is not qualified to select a competent practitioner without assurances that minimum qualifications have been met;

(3) The nature and extent of potential harm to the public if the profession or occupation is not regulated as described in the bill, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the relevant regulatory entity shall provide, and the department shall make available to the general assembly, the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the regulatory entity and the department shall redact names and other personally identifiable information from the information released;

(4) A description of the voluntary efforts made by practitioners of the profession or occupation to protect the public through self-regulation, private certifications, membership
in professional or occupational associations, or academic credentials and a statement of why these efforts are inadequate to protect the public;

(5) The extent to which expansion of regulation of the profession or occupation will increase the cost of goods or services provided by practitioners and the overall cost-effectiveness and economic impact of the proposed regulation, including the direct cost to the government and the indirect costs to consumers;

(6) The extent to which expansion of regulation of the profession or occupation would increase or decrease the availability of services to the public;

(7) The extent to which existing legal remedies are inadequate to prevent or redress the kinds of harm potentially resulting from the lack of the requirements outlined in the bill;

(8) Why bonding and insurance, registration, certification, occupational license to practice, or another type of regulation is being proposed, why that regulatory alternative was chosen, and whether the proposed method of regulation is appropriate;

(9) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(10) The details of any previous efforts in this state to implement regulation of the profession or occupation;

(11) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist; and

(12) The method proposed to finance the proposed regulation and financial data pertaining to whether the proposed regulation can be reasonably financed by current or proposed licensees through dedicated revenue mechanisms.

7. If no existing regulatory entity regulates the occupation or profession to be regulated in the bill, the department shall report and make available to the general assembly, upon the filing of a bill after January 1, 2019, that proposes new regulation of a profession or occupation, the following factors:

(1) A description of the professional or occupational group proposed for regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) The nature and extent of potential harm to the public if the profession or occupation is not regulated, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the department shall release the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the department shall redact names and other personally identifiable information from the information released;

(3) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(4) The details of any previous efforts in this state to implement regulation of the profession or occupation; and
(5) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist.

8. After January 1, 2019, applicant groups may report to the department, and the department shall make available to the general assembly, any of the information required in subsection 6 or 7 of this section and whether the profession or occupation plans to apply for mandated benefits.

Any senior student in a chiropractic college having status with the Commission on Accreditation on the Council on Chiropractic Education or its successor may take a practical examination administered or approved by the board under such requirements and conditions as are adopted by the board by rule, but no license shall be issued until all of the requirements for licensure have been met.

4. Each applicant shall pay upon application an application or examination fee. All moneys collected pursuant to the provisions of this chapter shall be nonrefundable and shall be collected by the director of the division of professional registration who shall transmit it to the department of revenue for deposit in the state treasury to the credit of the chiropractic board fund. Any person failing to pass a practical examination administered or approved by the board may be reexamined upon fulfilling such requirements, including the payment of a reexamination fee, as the board may by rule prescribe.

5. Every applicant for licensure by examination shall have taken and successfully passed all required and optional parts of the written examination given by the National Board of Chiropractic Examiners, including the written clinical competency examination, under such conditions as established by rule of the board, and all applicants for licensure by examination shall successfully pass a practical examination administered or approved by the board and a written examination testing the applicant's knowledge and understanding of the laws and regulations regarding the practice of chiropractic in this state. The board shall issue to each applicant who meets the standards and successful completion of the examinations, as established by rule of the board, a license to practice chiropractic. The board shall not recognize any correspondence work in any chiropractic school or college as credit for meeting the requirements of this chapter.

6. The board shall issue a license without examination to persons who have been regularly licensed to practice chiropractic in any other state, territory, or the District of Columbia, or in any foreign country, provided that the regulations for securing a license in the other jurisdiction are equivalent to those required for licensure in the state of Missouri, when the applicant furnishes satisfactory evidence that the applicant has continuously practiced chiropractic for at least one year immediately preceding the applicant's application to the board and that the applicant is of good moral character, and upon the payment of the reciprocity license fee as established by rule of the board.

8. A chiropractic physician currently licensed in Missouri shall apply to the board for certification prior to engaging in the practice of meridian therapy/acupressure/acupuncture. practicing in a partnership or as a corporation organized pursuant to the provisions of chapter 356
to distribute profits in accordance with his or her stated agreement;

(19) Administering, or causing or permitting to be administered, nitrous oxide gas in any

(20) Being unable to practice as a dentist, specialist or hygienist with reasonable skill and
safety to patients by reasons of professional incompetency, or because of illness, drunkenness,
excessive use of drugs, narcotics, chemicals, or as a result of any mental or physical condition. In
enforcing this subdivision the board shall, after a hearing before the board, upon a finding of
probable cause, require the dentist or specialist or hygienist to submit to a reexamination for the
purpose of establishing his or her competency to practice as a dentist, specialist or hygienist, which
reexamination shall be conducted in accordance with rules adopted for this purpose by the board,
including rules to allow the examination of the dentist's, specialist's or hygienist's professional
competence by at least three dentists or fellow specialists, or to submit to a mental or physical
examination or combination thereof by at least three physicians. One examiner shall be selected
by the dentist, specialist or hygienist compelled to take examination, one selected by the board,
and one shall be selected by the two examiners so selected. Notice of the physical or mental
examination shall be given by personal service or registered mail. Failure of the dentist, specialist
or hygienist to submit to the examination when directed shall constitute an admission of the
allegations against him or her, unless the failure was due to circumstances beyond his or her
control. A dentist, specialist or hygienist whose right to practice has been affected pursuant to this
subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she
can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding pursuant to this subdivision, neither the record of proceedings nor the
orders entered by the board shall be used against a dentist, specialist or hygienist in any other
proceeding. Proceedings pursuant to this subdivision shall be conducted by the board without the
filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this
subdivision, it may enter an order imposing one or more of the following: denying his or her
application for a license; permanently withholding issuance of a license; administering a public or
private reprimand; placing on probation, suspending or limiting or restricting his or her license to
practice as a dentist, specialist or hygienist for a period of not more than five years; revoking his or
her license to practice as a dentist, specialist or hygienist; requiring him or her to submit to the care,
counseling or treatment of physicians designated by the dentist, specialist or hygienist compelled to
be treated; or requiring such person to submit to identification, intervention, treatment or
rehabilitation by the well-being committee as provided in section 332.327. For the purpose of this
subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with
the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds,
provided in subsection 2, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person or firm named in the complaint on probation on such terms
and conditions as the board deems appropriate for a period not to exceed five years; or

(2) Suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate, or permit. In any order of revocation, the board may
provide that the person shall not apply for licensure for a period of not less than one year following
the date of the order of revocation; or

(4) Cause the person or firm named in the complaint to make restitution to any patient, or any
insurer or third-party payer who shall have paid in whole or in part a claim or payment for which
they should be reimbursed, where restitution would be an appropriate remedy, including the reasonable cost of follow-up care to correct or complete a procedure performed or one that was to be performed by the person or firm named in the complaint; or

(5) Request the attorney general to bring an action in the circuit court of competent jurisdiction to recover a civil penalty on behalf of the state in an amount to be assessed by the court.

4. If the board concludes that a dentist or dental hygienist has committed an act or is engaging in a course of conduct that would be grounds for disciplinary action and constitutes a clear and present danger to the public health and safety, the board may file a complaint before the administrative hearing commission requesting an expedited hearing and specifying the conduct that gives rise to the danger and the nature of the proposed restriction or suspension of the dentist's or dental hygienist's license. Within fifteen days after service of the complaint on the dentist or dental hygienist, the administrative hearing commission shall conduct a preliminary hearing to determine whether the alleged conduct of the dentist or dental hygienist appears to constitute a clear and present danger to the public health and safety that justifies that the dentist's or dental hygienist's license be immediately restricted or suspended. The burden of proving that a dentist or dental hygienist is a clear and present danger to the public health and safety shall be upon the Missouri dental board. The administrative hearing commission shall issue its decision immediately after the hearing and shall either grant to the board the authority to suspend or restrict the license or dismiss the action.

5. If the administrative hearing commission grants temporary authority to the board to restrict or suspend a dentist's or dental hygienist's license, the dentist or dental hygienist named in the complaint may request a full hearing before the administrative hearing commission. A request for a full hearing shall be made within thirty days after the administrative hearing commission issues a decision. The administrative hearing commission shall, if requested by a dentist or dental hygienist named in the complaint, set a date to hold a full hearing under chapter 621 regarding the activities alleged in the initial complaint filed by the board. The administrative hearing commission shall set the date for full hearing within ninety days from the date its decision was issued. Either party may request continuances, which shall be granted by the administrative hearing commission upon a showing of good cause by either party or consent of both parties. If a request for a full hearing is not made within thirty days, the authority to impose discipline becomes final and the board shall set the matter for hearing in accordance with section 621.110.

6. If the administrative hearing commission dismisses without prejudice the complaint filed by the board under subsection 4 of this section or dismisses the action based on a finding that the board did not meet its burden of proof establishing a clear and present danger, such dismissal shall not bar the board from initiating a subsequent action on the same grounds in accordance with this chapter and chapters 536 and 621.

7. Notwithstanding any other provisions of section 332.071 or of this section, a currently licensed dentist in Missouri may enter into an agreement with individuals and organizations to provide dental health care, provided such agreement does not permit or compel practices that violate any provision of this chapter.

8. At all proceedings for the enforcement of these or any other provisions of this chapter the board shall, as it deems necessary, select, in its discretion, either the attorney general or one of the attorney general's assistants designated by the attorney general or other legal counsel to appear and represent the board at each stage of such proceeding or trial until its conclusion.

9. If at any time when any discipline has been imposed pursuant to this section or pursuant to any provision of this chapter, the licensee removes himself or herself from the state of Missouri, ceases to be currently licensed pursuant to the provisions of this chapter, or fails to keep the
Missouri dental board advised of his or her current place of business and residence, the time of his or her absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed.

2. [The board may enter into a contractual agreement with a nonprofit corporation or a nursing association for the purpose of creating, supporting, and maintaining a program to be designated as the impaired nurse program.] The intervention program is available, upon board discretion, to
licensees and applicants for licensure who self-refer, test positive in a pre-employment or for-

drug offense, whether felony or misdemeanor, or individuals who have pled guilty to or been
found guilty of three or more criminal offenses resulting from or related to the use of drugs
or alcohol, whether a felony or misdemeanor. The program shall be a minimum of one year
in duration and require random drug and alcohol testing at the participant's expense.

3. The alternative program is available, upon board discretion, to licensees and
applicants for licensure who admit to having a substance use disorder. The program shall
be from three to five years in duration and at a minimum require random drug and alcohol

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission which shall promulgate a rule binding upon all compact states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. 337.150. RULEMAKING. — 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and
(2) On the website of each compact states' psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

(2) The text of the proposed rule or amendment and the reason for the proposed rule;
(3) A request for comments on the proposed rule from any interested person;
(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(2) A governmental subdivision or agency; or
(3) A duly appointed person in an association that has at least twenty-five members.

8. (1) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.
(2) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.
(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or compact state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. (1) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

(2) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

337.155. OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT. — 1. (1) The executive, legislative, and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

2. (1) If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states, and all rights, privileges, and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

(5) The commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. (1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.
337.160. **DATE OF IMPLEMENTATION OF THE PSYCHOLOGY INTERJURISDICTIONAL COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT.** — 1. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. (1) Any compact state may withdraw from this compact by enacting a statute repealing the same.

   (2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

   (3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.

5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

337.165. **CONSTRUCTION AND SEVERABILITY.** — This compact shall be liberally construed so as to effectuate the purposes thereof. The applicant shall furnish satisfactory evidence that such applicant is of good moral character and has acted in the capacity of a nursing home administrator in such state, territory, or the District of Columbia at least one year after the securing of the license. The board, in its discretion, may enter into written reciprocal agreements pursuant to this section with other states which have equivalent laws and regulations.

No temporary emergency license may be issued to a person who has had a nursing home administrator's license denied, suspended or revoked. A temporary emergency license may be renewed for one additional ninety-day period upon a showing that the person seeking the renewal of a temporary emergency license meets the qualifications for licensure and has filed an application for a regular license, accompanied by the application fee, and the applicant has taken the examination or examinations but the results have not been received by the board. The public body shall then specify in the resolution or ordinance and in the call for bids for the contract [what is] the [prevailing hourly rate of wages,] wage rates in the locality [for each type of workman needed to execute the contract] and also the general prevailing rate for legal holiday and overtime work. [It shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him to the contractor shall pay not less than the specified wage rates to all [workmen] workers employed by them in the execution of the contract. The public body awarding the contract shall cause to be inserted in the contract a stipulation to the effect that not less than the [prevailing hourly rate of wages,] specified wage rates shall be paid to all [workmen] workers performing work under the contract. The [employer] contractor shall forfeit as a penalty to the [state, county, city and county, city, town, district or other political subdivision]

[It shall be the duty of such] The public body awarding the contract, and its agents and officers, [to] shall take cognizance of all complaints of all violations of the provisions of sections 290.210 to 290.340 committed in the course of the execution of the contract, and, when making payments to the contractor becoming due under [said] the contract, [to] shall withhold and retain therefrom all sums and amounts due and owing as a result of any violation of sections 290.210 to 290.340. [It shall be lawful for] Any contractor [to] may withhold from any subcontractor [under him] sufficient sums to cover any penalties withheld [from him] by the awarding public body on account of [said] the subcontractor's failure to comply with the terms of sections 290.210 to 290.340, and if payment has already been made [to him], the contractor may recover from [him] the subcontractor the amount of the penalty in a suit at law.

2. In determining whether a violation of sections 290.210 to 290.340 has occurred, and whether [the] a penalty [under subsection 1 of this section] shall be imposed pursuant to subsection 1 of this section, [it shall be the duty of] the department [to] shall investigate any [claim of violation] complaint made by an interested party listed under section 290.240. Upon completing such investigation, the department shall notify the employer of its findings. If the department concludes that a violation of sections 290.210 to 290.340 has occurred and a penalty may be due, the department shall notify the employer of such finding by providing a notice of penalty to the employer. Such penalty shall not be due until forty-five days after the date of the notice of the penalty.

3. The employer shall have the right to dispute such notice of penalty in writing to the department within forty-five days of the date of the notice. Upon receipt of this written notice of dispute, the department shall notify the employer of the right to resolve such dispute through arbitration. The state and the employer shall submit to an arbitration process to be established by the department by rule, and in conformance with the guidelines and rules of the American Arbitration Association or other arbitration process mutually agreed upon by the employer and the state. If at any time prior to the department pursuing an enforcement action to enforce the monetary penalty provisions of subsection 1 of this section against the employer, the employer pays the back wages as determined by either the department or the arbitrator, the department shall be precluded from initiating any enforcement action to impose the monetary penalty provisions of subsection 1 of this section.

4. If the employer fails to pay all wages due as determined by the arbitrator within forty-five days following the conclusion of the arbitration process, or if the employer fails to exercise the right to seek arbitration, the department may then pursue an enforcement action to enforce the monetary penalty provisions of subsection 1 of this section against the employer. If the court orders payment of the penalties as prescribed in subsection 1 of this section, the department shall be entitled to recover its actual cost of enforcement from such penalty amount.

[Except as otherwise provided in section 290.260, the department shall annually determine the prevailing hourly rate of wages in each locality for each separate occupational title. In doing so, the department shall accept and consider information regarding local wage rates that is submitted in either paper or electronic formats. A final determination applicable to every locality to be contained in an annual wage order shall be made annually on or before July first of each year and shall remain in effect until superseded by a new annual wage order or as otherwise provided in this section. The department shall, by March tenth of each year, make an initial determination for each occupational title within the locality.

2. The prevailing wage rate for an occupational title in a locality shall, with the exception of localities that are counties of the third and fourth classification and any county of the second classification with more than fifty-eight thousand but fewer than sixty-five thousand inhabitants, be the wage rate most commonly paid, as measured by the number of hours worked at each wage rate, for that occupational title within that locality. In determining such prevailing wage rates, the department shall ascertain and consider the applicable wage rates established by collective bargaining agreements, if any, when no wages were reported.

3. With respect only to localities that are counties of the third and fourth classification and any county of the second classification with more than fifty-eight thousand but fewer than sixty-five thousand inhabitants, the prevailing wage rate for an occupational title within such locality shall be determined in the following manner:

(1) The total number of hours worked that are not paid pursuant to a collective bargaining agreement for the time period in that occupational title in the locality and the total number of hours worked that are paid pursuant to a collective bargaining agreement for the time period in that occupational title in the locality shall be considered;
(2) If the total number of hours that are not paid pursuant to a collective bargaining agreement, in the aggregate, exceeds the total number of hours that are paid pursuant to such an agreement, in the aggregate, then the prevailing wage rate shall be the rate most commonly paid that is not paid pursuant to a collective bargaining agreement as measured by the number of hours worked at such rate for that occupational title within the locality;

(3) If the total number of hours that are paid pursuant to a collective bargaining agreement, in the aggregate, exceeds the total number of hours that are not paid pursuant to such an agreement, in the aggregate, then the prevailing wage rate shall be the rate most commonly paid that is paid pursuant to a collective bargaining agreement as measured by the number of hours worked at such rate for that occupational title within the locality;

(4) If no work within a particular occupational title has been performed in a locality at any wage rate, the prevailing wage rate for that occupational title in that locality shall be determined in the following manner:

(a) If wages were reported for an occupational title within a locality within the previous six annual wage order reporting periods and the prevailing wage rate was determined by a collective bargaining agreement by hours worked pursuant to such agreement in the most recent annual wage order reporting period where such wages were reported, then the wage rate paid pursuant to the current collective bargaining agreement shall be the prevailing rate for that occupational title within the locality;

(b) If wages were reported for an occupational title within a locality within the previous six annual wage order reporting periods and the prevailing wage rate was not determined by hours worked pursuant to a collective bargaining agreement in the most recent annual wage order reporting period where such wages were reported, then the wage rate paid in the most recent annual wage order reporting period when such wages were reported shall be the prevailing wage rate for that occupational title within the locality;

(c) If no wages were reported for an occupational title within a locality within the previous six annual wage order reporting periods, the department shall examine hours and wages reported in all adjacent Missouri counties during the same periods. The most recent reported wage rate in a given wage order period in the adjacent Missouri county with the most reported hours actually worked for that occupational title in the wage period during the previous six annual wage order reporting periods shall be used to determine the prevailing wage rate;

(d) If no wages were reported for an occupational title within any adjacent Missouri county within the previous six annual wage order reporting periods, then the rate paid pursuant to the current collective bargaining agreement shall be the prevailing wage rate for that occupational title within the locality.

4. A certified copy of the any initial wage determinations made pursuant to section 290.257 shall be filed immediately with the secretary of state and with the department in Jefferson City. Copies shall be supplied by the department to all persons requesting them within ten days after the filing.

If no objection is filed, the determination is final after thirty days.

6. After the receipt of the objection, the department shall set a date for a hearing on the objection. The date for the hearing shall be within sixty days of the receipt of the objection. Written
notice of the time and place of the hearing shall be given to the objectors at least ten days prior to the date set for the hearing.

[7-] 4. The department at its discretion may hear each written objection separately or consolidate for hearing any two or more written objections. At the hearing the department shall first introduce in evidence the investigation it instituted and the other facts which were considered at the time of the original determination which formed the basis for its determination. The department, or the objector, or any interested party, thereafter may introduce any evidence that is material to the issues.

[8-] 5. Within twenty days of the conclusion of the hearing, the department shall rule on the written objection and make the final determination that it believes the evidence warrants. [9-] 6. This final decision of the department of the prevailing wages in the locality for each occupational title is subject to review in accordance with the provisions of chapter 536. Any person affected, whether or not the person participated in the proceedings resulting in the final determination, may have the decision of the department reviewed. The filing of the final determination with the secretary of state shall be considered a service of the final determination on persons not participating in the administrative proceedings resulting in the final determination.

[10-] 7. At any time before trial any person affected by the final determination of the department may intervene in the proceedings to review under chapter 536 and be made a party to the proceedings.

[11-] 8. Any annual wage order made for a particular occupational title in a locality, that is based on the number of hours worked under a collective bargaining agreement, may be altered once each year, as provided in this subsection. The prevailing wage for each such occupational title may be adjusted on the anniversary date of any collective bargaining agreement which covers all persons in that particular occupational title in the locality in accordance with any annual incremental wage increases set in the collective bargaining agreement. If the prevailing wage for an occupational title is adjusted pursuant to this subsection, the employee's representative or employer in regard to such collective bargaining agreement shall notify the department of this adjustment, including the effective date of the adjustment. The adjusted prevailing wage shall be in effect until the next annual wage order is issued pursuant to this section. The wage rates for any particular job, contracted and commenced within sixty days of the contract date, which were set as a result of the annual or revised wage order, shall remain in effect for the duration of that particular job.

[12-] 9. In addition to all other reporting requirements of sections 290.210 to 290.340, each public body which is awarding a contract for a public works project shall, prior to beginning of any work on such public works project, notify the department, on a form prescribed by the department, of the scope of the work to be done, the various types of craftsmen who will be needed on the project, and the date work will commence on the project.

There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

1. All students be graduated from school;
2. All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
3. All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

1. Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
2. Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and
3. Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and
4. Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and
5. Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 10 of this section for any two-year private vocational or technical school for any student:

   (1) Who has attended a high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section and who has graduated from such a school; except that, students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

   (2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. 4. maintain full funding of the program based on the baseline established for the program upon the
effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not
become effective unless an increase in the amount of money appropriated to the program necessary
to cover the increase in award amount is passed by the general assembly.

173.1107. Transfer of Recipient, Effect of. — A recipient of financial assistance may
transfer from one approved public [or private, or virtual] institution to another without losing
eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make
any necessary adjustments in the amount of the award. If a recipient of financial assistance at any
time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of
the institution in which he or she is enrolled, the institution shall pay the portion of the refund which
may be attributed to the state grant to the coordinating board. The coordinating board will use these
refunds to make additional awards under the provisions of sections 173.1101 to 173.1107.

173.1592. Food Allergies and Medical Dietary Issues, Students Not Required to
Purchase Meal Plan or Dine at On-Campus Facilities. — After July 1, 2019, no public
institution of higher education in this state shall require any student to purchase meal plans
or to dine at on-campus facilities when a student has presented medical documentation of a
food allergy or sensitivity, or a medical dietary issue, to the institution.

Section B. Emergency Clause. — Because of the importance of providing financial aid
for Missouri high school graduates, the repeal and reenactment of section 160.545 is deemed
necessary for the immediate preservation of the public health, welfare, peace, and safety, and is
hereby declared to be an emergency act within the meaning of the constitution, and the repeal and
reenactment of section 160.545 shall be in full force and effect upon its passage and approval.

143.1150. FIRST-TIME HOME BUYER TAX DEDUCTION — DEFINITIONS — DEDUCTION AMOUNT — RULEMAKING AUTHORITY — SUNSET PROVISION. — 1. This section shall be known and may be cited as the "First-Time Home Buyer Tax Deduction".

2. As used in this section, the following terms mean:

(1) "Deduction", an amount subtracted from the taxpayer's Missouri adjusted gross income to determine Missouri taxable income for the tax year in which such deduction is claimed;

(2) "Eligible expenses", the same meaning as that term is defined under subdivision (3) of section 443.1003;

(3) "First-time home buyer savings account", the same meaning as that term is defined under subdivision (6) of section 443.1003;

(4) "First-time home buyer savings account act", sections 443.1001 to 443.1007;

(5) "Taxpayer", any individual who is a resident of this state and subject to the income tax imposed under this chapter, excluding withholding tax imposed under sections 143.191 to 143.265.

3. For all tax years beginning on or after January 1, 2019, a taxpayer shall be allowed a deduction of fifty percent of a participating taxpayer's contributions to a first-time home buyer savings account in the tax year of the contribution. Each taxpayer claiming the deduction under this section shall file an affidavit with the income tax return verifying the amount of their contributions. The amount of the deduction claimed shall not exceed the amount of the taxpayer's Missouri adjusted gross income for the tax year that the deduction is claimed, and shall not exceed eight hundred dollars per taxpayer claiming the deduction, or one thousand six hundred dollars if married filing combined.

4. Income earned or received as a result of assets in a first-time home buyer savings account shall not be subject to state income tax imposed under Chapter 143. The exemption under this section shall apply only to income maintained, accrued, or expended pursuant to the requirements of sections 443.1001 to 443.1007, and no exemption shall apply to assets and income expended for any other purpose. The amount of the deduction claimed shall not exceed the amount of the taxpayer's Missouri adjusted gross income for the tax year the deduction is claimed.

5. If any deductible contributions to or earnings from any such programs referred to in this section are distributed and not used to pay for eligible expenses or are not held for the minimum length of time under subsection 2 of section 443.1005, the amount so distributed shall be added to the Missouri adjusted gross income of the participant or, if the participant is not living, the beneficiary, in the year of distribution.

6. The department of revenue shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

7. Under section 23.253 of the Missouri sunset act:

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
(1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section, unless reauthorized by an act of the general assembly;

In the event that an owner, seller, landlord, or other transferor does not make the disclosure as required under this subsection, and the person had knowledge of such radioactive or other hazardous contamination, the person shall be guilty of a class A misdemeanor. As used in this section, the term "knowledge" shall require the receipt by the owner, seller, landlord, or other transferor of a report stating affirmatively that the premises is or was previously contaminated with radioactive material or other hazardous material.

443.1001. Citation of law. — Sections 443.1001 to 443.1007 shall be known and may be cited as the "First-Time Home Buyer Savings Account Act".

An individual may be the account holder of multiple accounts, and an individual may jointly own the account with another person if such persons file a married filing combined income tax return. To be eligible for the tax deduction under section 143.1150, an account holder shall comply with the requirements of this section.

2. An account holder shall designate, no later than April fifteenth of the year following the tax year during which the account was established, a first-time home buyer as the qualified beneficiary of the first-time home buyer savings account. The account holder may designate himself or herself as the qualified beneficiary. The account holder may change the designated qualified beneficiary at any time, but no first-time home buyer savings account shall have more than one qualified beneficiary at any time. No account holder shall have multiple accounts with the same qualified beneficiary, but an individual may be designated as the qualified beneficiary of multiple accounts.

3. (1) The following limits apply to a first-time home buyer savings account:

(a) The maximum contribution to a first-time home buyer savings account is one thousand six hundred dollars per year for an individual and three thousand two hundred dollars per year for account holders who file a married filing combined income tax return;

(c) The maximum total amount in an account is thirty thousand dollars;

(3) Moneys may remain in a first-time home buyer savings account for an unlimited duration without the interest or income being subject to recapture or penalty.

4. The account holder shall not use moneys in an account to pay expenses of administering the account, except that a service fee may be deducted from the account by a financial institution. The account holder shall be responsible for maintaining documentation for the first-time home buyer savings account and for eligible expenses related to the qualified beneficiary's purchase of a primary residence.

(d) Transferred to another newly created first-time home buyer savings account; and

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(e) Used to pay a service fee that is deducted by the financial institution.

(2) Subdivision (1) of this section shall apply whether the qualified beneficiary is the sole owner of the primary residence or joint owner with another person who does not qualify as a qualified beneficiary. Moneys in a first-time home buyer savings account shall not be used for the purposes under paragraphs (a), (b), and (c) of subdivision (1) of this subsection related to the purchase of a manufactured or mobile home that is not taxed as real property.

(3) The title of any home purchased with moneys from a first-time home buyer savings account shall not transfer for at least two years unless reasonable circumstances exist that were unforeseen at the time the home was purchased. The first-time home buyer shall request an exception from the department.

2. Moneys withdrawn from a first-time home buyer savings account shall be subject to recapture in the tax year in which they are withdrawn if:

(1) At the time of the withdrawal, it has been less than a year since the first deposit in the first-time home buyer savings account; or

(2) The moneys are used for any purpose other than those specified under subsection 1 of this section.

The recapture shall be an amount equal to the moneys withdrawn and shall be added to the Missouri adjusted gross income of the account holder or, if the account holder is not living, the qualified beneficiary.

3. If any moneys are subject to recapture under subsection 2 of this section, the account holder shall pay to the department a penalty in the same tax year as the recapture. If the withdrawal was made ten or fewer years after the first deposit in the first-time home buyer savings account, the penalty shall be equal to five percent of the amount subject to recapture, and, if the withdrawal was made more than ten years after the first deposit in the account, the penalty shall be equal to ten percent of the amount subject to recapture. These penalties shall not apply if:

(1) The withdrawn moneys are used for eligible expenses related to a qualified beneficiary’s purchase of his or her primary residence outside of the state; or

(2) The withdrawn moneys are from a first-time home buyer savings account for which the qualified beneficiary died, and the account holder does not designate a new qualified beneficiary during the same tax year.

4. If the account holder dies or, if the first-time home buyer savings account is jointly owned, the account holders die and the account does not have a surviving transfer on death beneficiary, then all of the moneys in the account that were used for a tax deduction under section 143.1150 shall be subject to recapture in the tax year of the death or deaths, but no penalty shall be due to the department.

443.1006. ANNUAL REPORTING, FORMS — RULEMAKING AUTHORITY. — 1. The department shall establish forms for an account holder to annually report information about a first-time home buyer savings account including, but not limited to, how the moneys withdrawn from the fund are used and shall identify any supporting documentation that is required to be maintained. To be eligible for the tax deduction under section 143.1150, an account holder shall annually file with the account holder’s state income tax return all forms required by the department under this section, the 1099 form for the account issued by the financial institution, and any other supporting documentation the department requires.

2. The department of revenue may promulgate rules and regulations necessary to administer the provisions of the first-time home buyer savings account act. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall
become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

443.1007. FINANCIAL INSTITUTIONS, ACTIONS NOT RESPONSIBLE OR LIABLE FOR. — 1. No financial institution shall be required to:
   (1) Designate an account as a first-time home buyer savings account or designate the beneficiaries of an account in the financial institution's account contracts or systems or in any other way;
   (2) Track the use of moneys withdrawn from a first-time home buyer savings account; or
   (3) Report any information to the department or any other governmental agency that is not otherwise required by law.

2. No financial institution shall be responsible or liable for:
   (1) Determining or ensuring that an account holder is eligible for a tax deduction under section 143.1150;
   (2) Determining or ensuring that moneys in the account are used for eligible expenses; or
   (3) Reporting or remitting taxes or penalties related to use of moneys in a first-time home buyer savings account.

3. In implementing section 143.1150 and sections 443.1001 to 443.1007, the department shall not establish any administrative, reporting, or other requirements on financial institutions that are outside the scope of normal account procedures.

563.011 Chapter definitions.
563.041 Use of physical force in defense of property.
569.010 Chapter definitions.
569.140 Trespass in the first degree — penalty.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. Enacting clause. — Sections 563.011, 563.041, 569.010, and 569.140, RSMo, are repealed and four new sections enacted in lieu thereof, to be known as sections 563.011, 563.041, 569.010, and 569.140, to read as follows:

563.011. Chapter definitions. — As used in this chapter the following terms shall mean:  

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(1) "Armed nuclear security guard", a security guard who works at a nuclear power plant, who is employed as part of the security plan approved by the United States Nuclear Regulatory Commission, and who meets the requirements mandated by the United States Nuclear Regulatory Commission for carrying a firearm;

(2) "Deadly force", physical force which the actor uses with the purpose of causing or which he or she knows to create a substantial risk of causing death or serious physical injury;

(3) "Dwelling", any building, inhabitable structure, or conveyance of any kind, whether the building, inhabitable structure, or conveyance is temporary or permanent, mobile or immobile, which has a roof over it, including a tent, and is designed to be occupied by people lodging therein at night;

(4) "Forcible felony", any felony involving the use or threat of physical force or violence against any individual, including but not limited to murder, robbery, burglary, arson, kidnapping, assault, and any forcible sexual offense;

A person who, regardless of his or her purpose, enters in or upon private property or premises that are at the time open to the public does so with license unless he or she defies a lawful order not to enter, personally communicated to him or her by the owner of such premises or by another authorized person. A license to enter in a building that is only partly open to the public is not a license to enter in that part of the building that is not open to the public.

563.041. USE OF PHYSICAL FORCE IN DEFENSE OF PROPERTY. — 1. A person may, subject to the limitations of subsection 2, use physical force upon another person when and to the extent that he or she reasonably believes it necessary to prevent what he or she reasonably believes to be the commission or attempted commission by such person of stealing, property damage or tampering in any degree.

2. A person may use deadly force under circumstances described in subsection 1 only when such use of deadly force is authorized under other sections of this chapter.

3. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

4. An armed nuclear security guard may use the following levels of physical force against another person at a nuclear power plant or within a structure or fenced yard of a nuclear power plant if the armed nuclear security guard reasonably believes that such force is necessary:

(a) Prevent an action that would constitute murder in the first or second degree under section 565.020 or 565.021;
(b) Prevent an action that would constitute voluntary manslaughter under section 565.023;
(c) Prevent an action that would constitute assault in the first or second degree under section 565.050 or 565.052; or
(d) Defend himself, herself, or a third person from the use or imminent use of deadly physical force;

(2) An armed nuclear security guard may use physical force, as he or she reasonably believes is immediately necessary, up to but not including deadly physical force to prevent an action that would constitute:

(a) Assault in the third or fourth degree under section 565.054 or 565.056;
(b) Kidnapping in the first, second, or third degree under section 565.110, 565.120, or 565.130;
(c) Burglary in the first or second degree under section 569.160 or 569.170;
(d) Arson in the first, second, or third degree under section 569.040, 569.050, or 569.053;

(f) Robbery in the first or second degree under section 570.023 or 570.025;
(g) Armed criminal action under section 571.015; or
(h) Trespass in the first degree under section 569.140;

(3) An armed nuclear security guard is justified in threatening to use physical force or deadly physical force if and to the extent a reasonable armed nuclear security guard believes it necessary to protect himself, herself, or others against another person's potential use of physical force or deadly physical force.

5. Notwithstanding any provisions of section 563.016 to the contrary, an armed nuclear security guard, employer of an armed nuclear security guard, or owner of a nuclear power plant shall not be subject to civil liability for conduct of an armed nuclear security guard that is permitted by this section.

6. The defendant shall have the burden of injecting the issue of justification under this section.

569.010. CHAPTER DEFINITIONS. — As used in this chapter the following terms mean:

1. "Cave or cavern", any naturally occurring subterranean cavity enterable by a person including, without limitation, a pit, pothole, natural well, grotto, and tunnel, whether or not the opening has a natural entrance;
2. "Enter unlawfully or remain unlawfully", a person enters or remains in or upon premises when he or she is not licensed or privileged to do so. A person who, regardless of his or her purpose, enters or remains in or upon premises which are at the time open to the public does so with license and privilege unless he or she defies a lawful order not to enter or remain, personally communicated to him or her by the owner of such premises or by other authorized person. A license or privilege to enter or remain in a building which is only partly open to the public is not a license or privilege to enter or remain in that part of the building which is not open to the public;
3. "Nuclear power plant", a power generating facility that produces electricity by means of a nuclear reactor owned by a utility or a consortium utility. "Nuclear power plant" shall be limited to property within the structure or fenced yard, as defined in section 563.011;

5. "Utility", an enterprise which provides gas, electric, steam, water, sewage disposal, or communication, video, internet, or voice over internet protocol services, and any common carrier. It may be either publicly or privately owned or operated.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
569.140. **TRESPASS IN THE FIRST DEGREE — PENALTY.** — 1. A person commits the offense of trespass in the first degree if he or she knowingly enters unlawfully or knowingly remains unlawfully in a building or inhabitable structure or upon real property.

2. A person does not commit the offense of trespass in the first degree by entering or remaining upon real property unless the real property is fenced or otherwise enclosed in a manner designed to exclude intruders or as to which notice against trespass is given by:
   (1) Actual communication to the actor; or
   (2) Posting in a manner reasonably likely to come to the attention of intruders.

3. The offense of trespass in the first degree is a class B misdemeanor, unless the victim is intentionally targeted as a law enforcement officer, as defined in section 556.061, or the victim is targeted because he or she is a relative within the second degree of consanguinity or affinity to a law enforcement officer, in which case it is a class A misdemeanor. **If the building or real property is part of a nuclear power plant, the offense of trespass in the first degree is a class E felony.**

**70.370. **COMPACT BETWEEN MISSOURI AND ILLINOIS — CREATION AND POWERS OF DISTRICT. (ST. LOUIS AREA)** — Within sixty days after this section becomes effective, the governor by and with the advice and consent of the senate shall appoint three commissioners to enter into a compact on behalf of the state of Missouri with the state of Illinois. If the senate is not in session at the time for making any appointment, the governor shall make a temporary appointment as in case of a vacancy. Any two of the commissioners so appointed together with the attorney general of the state of Missouri may act to enter into the following compact:

COMPACT BETWEEN MISSOURI AND ILLINOIS
CREATING THE BI-STATE DEVELOPMENT AGENCY
AND THE BI-STATE METROPOLITAN DISTRICT

The states of Missouri and Illinois enter into the following agreement:

**ARTICLE I**

They agree to and pledge each to the other faithful cooperation in the future planning and development of the bi-state metropolitan district, holding in high trust for the benefit of its people and of the nation the special blessings and natural advantages thereof.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
ARTICLE II

To that end the two states create a district to be known as the "Bi-State Metropolitan Development District" (herein referred to as "The District") which shall embrace the following territory: The City of St. Louis and the counties of St. Louis, St. Charles, Jefferson, and Franklin in Missouri and the counties of Madison, St. Clair, and Monroe in Illinois.

ARTICLE III

There is created "The Bi-State Development Agency of the Missouri-Illinois Metropolitan District" (herein referred to as "The Bi-State Agency") which shall be a body corporate and politic. The bi-state agency shall have the following powers:

1. To plan, construct, maintain, own and operate bridges, tunnels, airports and terminal facilities and to plan and establish policies for sewage and drainage facilities;
2. To make plans for submission to the communities involved for coordination of streets, highways, parkways, parking areas, terminals, water supply and sewage and disposal works, recreational and conservation facilities and projects, land use pattern and other matters in which joint or coordinated action of the communities within the areas will be generally beneficial;
3. To charge and collect fees for use of the facilities owned and operated by it;
4. To issue bonds upon the security of the revenues to be derived from such facilities; and, or upon any property held or to be held by it;
5. To receive for its lawful activities any contributions or moneys appropriated by municipalities, counties, state or other political subdivisions or agencies; or by the federal government or any agency or officer thereof;
6. To disburse funds for its lawful activities, and fix salaries and wages of its officers and employees;
7. To perform all other necessary and incidental functions; and
8. To exercise such additional powers as shall be conferred on it by the legislature of either state concurred in by the legislature of the other or by act of Congress.

No property now or hereafter vested in or held by either state, or by any county, city, borough, village, township or other political subdivision, shall be taken by the bi-state agency without the authority or consent of such state, county, city, borough, village, township or other political subdivision, nor shall anything herein impair or invalidate in any way any bonded indebtedness of such state, county, city, borough, village, township or other political subdivision, nor impair the provisions of law regulating the payment into sinking funds of revenues derived from municipal property, or dedicating the revenues derived from any municipal property to a specific purpose.

Unless and until otherwise provided, it shall make an annual report to the governor of each state, setting forth in detail the operations and transactions conducted by it pursuant to this agreement and any legislation thereunder.

Nothing contained in this compact shall impair the powers of any municipality to develop or improve terminal or other facilities.

The bi-state agency shall from time to time make plans for the development of the district; and when such plans are duly approved by the legislatures of the two states, they shall be binding upon both states with the same force and effect as if incorporated in this compact.

The bi-state agency may from time to time make recommendations to the legislatures of the two states or to the Congress of the United States, based upon study and analysis, for the improvement of transportation, terminal, and other facilities in the district.

The bi-state agency may petition any interstate commerce commission (or like body), public service commission, public utilities commission (or like body), or any other federal, municipal, state or local authority, administrative, judicial or legislative, having jurisdiction in the premises, for the adoption and execution of any physical improvements, change in method, rate of EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

It may intervene in any proceeding affecting the commerce of the district.

ARTICLE IV

The bi-state agency shall consist of ten commissioners, five of whom shall be resident voters of the state of Missouri and five of whom shall be resident voters of the state of Illinois. All commissioners shall reside within the bi-state district, the Missouri members to be chosen by the state of Missouri and the Illinois members by the state of Illinois in the manner and for the terms fixed by the legislature of each state except as herein provided.

ARTICLE V

The bi-state agency shall elect from its number a chairman, a vice chairman, and may appoint such officers and employees as it may require for the performance of its duties, and shall fix and determine their qualifications and duties.

Until otherwise determined by the legislatures of the two states no action of the bi-state agency shall be binding unless taken at a meeting at which at least three members from each state are present, and unless a majority of the members from each state present at such meeting shall vote in favor thereof. proposals for supplies when the commission has determined in writing and entered into the
commission minutes that there is only a single feasible source for the supplies. Immediately upon
discovering that other feasible sources exist, the commission shall rescind the waiver and proceed
to procure the supplies through the competitive processes as described in this chapter. A single
feasible source exists when:

1. Supplies are proprietary and only available from the manufacturer or a single distributor; or
2. Based on past procurement experience, it is determined that only one distributor services the region in which the supplies are needed; or

(3) Supplies are available at a discount from a single distributor for a limited period of time.

2. On any single feasible source purchase where the estimated expenditure is over six thousand dollars, the commission shall post notice of the proposed purchase, and advertise the commission's intent to make such purchase in at least one daily and one weekly newspaper of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least ten days before the contract is to be let.

(4) The selected financial institution acts as custodian for the public entity with respect to such deposit accounts;

(5) On the same date that the public funds are deposited under subdivision (2) of this section, the selected financial institution receives an amount of deposits from customers of other financial institutions equal to the amount of the public funds initially invested by the public entity through the selected financial institution.

95.530. FUNDS COMMITTEE — MEMBERSHIP — CHAIRMAN — SELECTION OF DEPOSITORY — DUTIES OF CHAIRMAN — FINANCIAL INSTITUTIONS, AGENCIES AND OFFICIALS TO REPORT — BONDS AND SECURITIES — MAY INVEST FUNDS, WHEN, HOW (CERTAIN CITIES). — In all cities not within a county, the mayor, the comptroller and the treasurer shall constitute the funds committee, and the treasurer, by virtue of his office, shall serve as
chairman of such committee. The committee shall annually select a bank or banks, or trust company or trust companies, or credit union or credit unions, savings and loan or savings and loans, which has its principal place of business in Missouri referred to hereafter as "listed institutions", for the current deposit of the city's funds, which in their opinion will be most commensurate with the safety thereof. The treasurer, as chairman, shall supervise the business of the committee and maintain records of committee proceedings, and shall call annual meetings or any other meeting as often as the business of the city may require. The treasurer shall be a member of any financial planning or decision-making body or committee furthering the needs of the city's financial business, except the legislative and appropriating bodies. The treasurer, by virtue of his office, shall sit on any committee or group which deals with the issuance of bonds of the city or any agency or instrumentality thereof. The treasurer shall serve as the chief investment and cash management officer of the city and, as such, act as the sole investment authority on any investments of public funds held by the city or any instrumentality thereof, including funds derived from proceeds from the issuance of bonds and funds from proceeds from lease/purchase agreements. Such investments shall be made in a manner consistent with investment policies approved by the funds commission, and with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of capital and income to be derived. The treasurer shall ensure the safety of all funds held by the city or any instrumentality thereof and, upon the approval of the funds commission and reasonable notice, may assume control of any accounts not managed in compliance with state law, serve as the custodian of any funds held in such accounts and take any other measures reasonably required to ensure the preservation of public funds and compliance with applicable law. The funds commission, also known as the "funds committee", shall approve all financial institutions for any banking services required by the city pursuant to investment policies and evaluation criteria set by the treasurer and approved by the funds commission. At least once per year, the treasurer and the city's external auditors shall report to the comptroller on the city's compliance with this section. Any state or municipally created agency, citywide elected officials or any instrumentality thereof working in cooperation with the city in the collection, management, investment or disbursement of governmental funds, shall annually report a listing of all listed institution's accounts, including a list of all pledged collateral, to the fund committee. Any financial institution acting as a depositary or custodian of public funds for any state or municipally created agency, citywide elected official or any instrumentality thereof working in the collection, management, investment or disbursement of governmental funds for a city located not within a county shall annually report to the funds committee. Such agencies, elected officials and instrumentalities shall, during the interim period, report any change or transfer or establishment of new accounts or changes in collateral to the fund committee within ten days of doing so. Financial institutions, when requested by the funds committee, shall verify such information. Before any deposit shall be made by the treasurer in any listed institution, the institution shall give a bond in an amount equal to the deposit, with good and sufficient sureties, to be approved by the unanimous vote of the members of the funds committee, for the safekeeping and prompt payment of such funds, or any part thereof, when demanded by the treasurer, and shall at all times keep the sureties on such bond satisfactory to the funds committee. In lieu of such bond, listed institutions may, with the unanimous consent of the members of the funds committee, deposit with the treasurer of such city or with some other mutually satisfactory depositary in such city, in escrow, bonds or treasury certificates of the United States or other interest-bearing obligations guaranteed as to both principal and interest by the United States or agency or instrumentality thereof in accordance with the approved...
collateral securities maintained and approved by the state treasurer, or bonds of the state of Missouri or of any city not within a county, authorized under section 30.270 and approved by the state treasurer with respect to deposit and management of state funds of a [par] value equal to the amount of such deposit, or any part of such deposit not protected by [such bond] federal deposit insurance. The securities so deposited shall, in case of default by any such listed institution, be taken possession of by the funds committee, and to the extent required to make good such default, be sold for the benefit of such city. Any securities so deposited may, with the unanimous consent of the members of the funds committee, be withdrawn, and others of equal value and amount substituted therefor. As the amount of such funds on deposit is reduced, listed institutions, when not in default, shall be permitted to withdraw the excess of collateral, except that there shall at no time be a less amount in par value of collateral than the amount at such time of deposits. The securities so deposited or any substitute therefor, shall, upon default, be exhausted before recourse shall be had against the securities upon any bond executed by listed institutions for the protection of such deposits. In lieu of or in addition to such deposit of city funds in listed institutions, the treasurer may invest funds belonging to such city and not immediately needed for the purpose to which such funds or any of them may be applicable, in accordance with Section 15, Article IV of the Missouri Constitution. In addition, the treasurer may enter into repurchase agreements maturing and becoming payable within ninety days secured by United States Treasury obligations or obligations of the United States government agencies or instrumentalities of any maturity as provided by law.

110.010. DEPOSITS OF PUBLIC FUNDS TO BE SECURED. — 1. 2. The securities shall, at the option of the depository banking institution, be delivered either to the fiscal officer or the governing body of the municipal corporation or other depository of the funds, or by depositing the securities with another banking institution or safe depositary as trustee satisfactory to both parties to the depository agreement. The trustee may be a bank owned or controlled by the same bank holding company as the depository banking institution.

3. The rights and duties of the several parties to the depository contract shall be the same as those of the state and the depository banking institution respectively under section 30.270. If a depository banking institution deposits the bonds or securities with a trustee as above provided, and the municipal corporation or other deposer of funds gives notice in writing to the trustee that there has been a breach of the depository contract and makes demand in writing on the trustee for the securities, or any part thereof, then the trustee shall forthwith surrender to the municipal corporation or other depositor of funds a sufficient amount of the securities to fully protect the depositor from loss and the trustee shall thereby be discharged of all further responsibility in respect to the securities so surrendered.

4. Pursuant to an agreement with the banking institution serving as a depository for a public entity under this section, public funds held in the custody of the depository may be
invested in the obligations described in article IV, section 15 of the Missouri Constitution permitted for the state treasurer, including repurchase agreements, provided the investments are authorized in an investment policy adopted by the public entity, treasurer, or other finance officer authorized to act for the public entity.

Any banking corporation, association or trust company in the city desiring to bid shall deliver to the secretary of the board on or before twelve o'clock noon on the day of the meeting at which the depositary is to be selected a sealed bid stating the rate of interest that it offers to pay on the funds and moneys of the institution for the term of up to four years next ensuing the date of the bid.

2. Each bid shall be accompanied by a check in favor of the institution on some solvent banking corporation, association, or trust company in the city, duly certified, for not less than one thousand dollars, as a guaranty of good faith on the part of the bidder that if its bid is accepted by the board it will give the security required by section 110.010.

3. It is a misdemeanor for the secretary of the board to directly or indirectly disclose the amount of any bid before the selection of the depositary or depositaries.

110.140. PROCEDURE FOR BIDDERS — DISCLOSURE OF BIDS A MISDEMEANOR. — 1. Any banking corporation or association in the county desiring to bid shall deliver to the clerk of the commission, on or before the first Monday of July at which the selection of depositaries is to be made, a sealed proposal, stating the rate of interest that the banking corporation, or association offers to pay on the funds of the county for the term of two or four years next ensuing the date of the bid, or, if the selection is made for a less term than two or four years, as provided in sections 110.180 and 110.190, then for the time between the date of the bid and the next regular time for the selection of depositaries as fixed by section 110.130.

2. Each bid shall be accompanied by a certified check for not less than two thousand five hundred dollars, as a guaranty of good faith on the part of the bidder, that if his or her bid should be the highest he or she will provide the security required by section 110.010. Upon his or her failure to give the security required by law, the amount of the certified check shall go to the county as liquidated damages, and the commission may order the county clerk to readvertise for bids.

3. It shall be a misdemeanor, and punishable as such, for the clerk of the commission, or any deputy of the clerk, to directly or indirectly disclose the amount of any bid before the selection of depositaries.

137.225. ASSESSOR TO BE PROVIDED WITH REAL ESTATE BOOK AND PERSONAL ASSESSMENT BOOK. — 1. In all counties, except the city of St. Louis, the assessor shall be provided with two books, one to be called the "real estate book", and the other to be called the "personal assessment book".

2. The real estate book shall contain all lands subject to assessment. It shall be in tabular form, with suitable captions and separate columns. The first column shall contain the name of the owner, if known; if not, the name of the party who paid the last tax; if no tax has ever been paid, then the name of the original patentee, grantee or purchaser from the federal government, the state or county, as the case may be, opposite thereto; the second column shall contain the residence of the owner or, upon written consent of the owner filed with the assessor, an alternate address for the purpose of mailing ad valorem property tax statements to someone other than an owner, family trust, or mortgage holder receiving escrow payments; the third column shall contain an accurate description of the land by the smallest legal subdivisions, or by smaller parts, lots or parcels, when sections and the subdivisions thereof are subdivided into parts, lots or parcels; the
fourth column shall contain the actual cash valuation. When any person shall be the owner or
original purchaser of a section, quarter section or half quarter section, block, half block or quarter
block, the same shall be assessed as one tract. The assessor shall arrange, collect and list all lands
owned by one person in the county, under his name and on the same page, if there be room to
contain it, and if not on the next and following leaf, with proper indications of such continuance,
whether they be lots and blocks in a city, or sections or parts of sections in the country, the lowest
numbered range, township and section, block, lot or survey always being placed first in such list,
and so on in numerical order until said list for each property owner is completed. The assessor
shall consolidate all lands owned by one person in a square or block into one tract, lot or call, and
for any violation of this section, in unnecessarily dividing the same into more tracts than one or
more lots than one, the county commission shall deduct from his account for making the county
assessment, ten cents for each lot or tract not so consolidated. At the close of each owner's list, the
assessor shall place all the lands that appear to belong to the owner, which cannot be properly
described by numerical order, as contemplated in this section, which shall be otherwise properly
described, indicating the quantity and location thereof.

3. The personal assessment book shall contain a list of the names of all persons liable to
assessment, alphabetically arranged with proper priority of vowels. The assessor shall set opposite
their names the tangible personal property respectively owned by them. It shall be in tabular form,
with suitable captions and proper columns; the first column shall contain the names of the persons
assessed; the second column shall contain the residence, if in the city, the ward, addition and block,
or, if outside an incorporated city or town, the township in the county; the third column shall
contain the occupation of the party assessed; the fourth column shall contain each kind of property
assessed; the fifth column shall contain the assessed value thereof; the sixth column shall contain
the amount chargeable to each person, and there may be such other columns as are useful and
convenient in practice.

4. Nothing in this section shall be construed to prohibit separate real estate and personal
assessment books in all incorporated cities where they are necessary.

165.221. BIDS, HOW MADE — TO BE ACCOMPANIED BY CHECK — PENALTY FOR
SECRETARY DISCLOSING AMOUNT OF BID. — For the purpose of letting the funds the board shall
divide the funds into not less than two nor more than ten equal parts. Each bidder may bid for any
number of the parts, but the bid for each part shall be separate. Any banking institution in the
county or in an adjoining county desiring to bid shall deliver to the secretary of the board, on or
before the date selected for the acceptance of bids, a sealed bid, stating the rate of interest, or
method by which the interest will be determined, that the banking institution offers to pay on one
part of the funds and moneys of the school district for the term of one to five years, as the case may
be, next ensuing the date of the bid; or if the selection is made for a less term as provided in sections
165.201 to 165.291, then for the time between the date of the bid and the next regular time for the
selection of depositaries, as fixed by section 165.211. [Each bid shall be accompanied by a check
in favor of the school district, on some solvent banking institution in the county or an adjoining
county, duly certified, for not less than two thousand five hundred dollars, as a guaranty of good
faith on the part of the bidder that if any of its bids are accepted by the board it will deposit the
security required by law.] It is a misdemeanor for the secretary of the board to directly or indirectly
disclose the amount of any bid before all bids are opened at a public depositary bid opening.

165.231. OPENING OF BIDS — INTEREST ON DEPOSITS. — The school board or their designee
in seven-director districts, on the date selected for the acceptance of bids, shall publicly open the
bids and cause each bid to be verbally read and documented. Following discussion and clarification of bids with the financial institutions, the board of education shall cause each bid to be entered upon the records of the board and shall select from among the bidders, as depositaries of the funds and moneys of the school district, those whose bids are accepted, and shall notify each of the bidders so selected. The board may reject any and all bids. The interest upon the funds and moneys shall be computed upon the daily balances to the credit of the school district with each depositary and shall be payable by each depositary on the first day of each month to the treasurer of the school district, who shall place the same to the credit of the district. Each depositary, by at least the fifth day of the current month, shall render to the secretary of the board a statement, in writing, showing the amount of interest paid by the depositary.

165.241. Deposits, how secured — renewal of deposit agreement. — On or before ten days after notice to any depositary of its selection, the depositary shall deliver or deposit securities in accordance with sections 110.010 and 110.020 and the securities if delivered to the fiscal officer of the seven-director school district may be deposited for safekeeping with any federal reserve bank located in this state or with any banking institution located in the county and approved by order of the school board entered of record on its minutes. If at the time for selecting depositaries it is unlawful for banking institutions to pay interest upon demand deposits the school board at its option either may select depositaries as provided by law or may enter into written agreement with any or all depositaries acting as such during the preceding period for renewal and continuation of the depositary relationship for the ensuing period with power and authority to renew and continue the same for successive periods thereafter, subject however to termination as provided by law. The rights and obligations of the parties and of any trustee joining in a renewal agreement shall be deemed continuous throughout the periods of the renewals. Each depositary at all times shall maintain the security in kind and amount required by sections 110.010 and 110.020 with right in the depositary when not in default to make substitutions thereof and to withdraw interest coupons therefrom as they mature.

165.271. Transfer of funds to depositaries — payment of bonds — effect of failure of depositary to deposit security. — 1. As soon as the securities satisfactory to the district are deposited and approved by the board of a seven-director district, an order shall be made designating the banking institution depositing the securities as a depositary of the part of the funds and moneys of the school district of which it has been selected as the depositary, until the time fixed by sections 165.201 to 165.291 for another selection. The treasurer of the school district immediately upon the making of the order shall transfer to the depositary the parts of all funds and moneys belonging to the school district that the depositary is entitled to receive by virtue of its designation.

2. In case any bonds, coupons or other indebtedness of the district are payable, by the terms of the bonds, coupons or other evidences of indebtedness, at any particular place outside the district, nothing contained in sections 165.201 to 165.291 shall prevent the board from causing the treasurer to place a sufficient sum of money to meet the same at the place where the debts are payable at the time of their maturity.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
3. The treasurer of a seven-director district, as the funds and moneys of the school district come into his hands from time to time, shall deposit them with the depositaries to the credit of the school district, and at all times shall keep on deposit with each depositary approximately that proportion of all the funds and moneys of the district for which the board accepted the bid of the depositary. If at any time the amount of funds and moneys on deposit with any depositary to the credit of the school district is either more or less than the proportion thereof for which the board accepted the bid of the depositary, that fact shall not impair or in any manner affect the liability of the depositary to faithfully perform all the duties and obligations devolving by law upon the depositary.

4. If any banking institution, after being selected as depositary and notified thereof, fails to deposit the security within the time provided by section 165.241, the certified check accompanying the accepted bid of the banking institution shall be forfeited to the school district as liquidated damages, and the board, after twenty days' notice in the manner herein provided, shall take such action as it deems appropriate to safeguard district funds, including deposit to another bank on an expedited basis, and shall proceed to receive new bids and select another depositary in lieu of the one failing to deposit the security.

447.200. INACTIVE CONSUMER DEPOSIT ACCOUNTS, NOTICE, FEES — REMITTANCE TO ABANDONED FUND ACCOUNT, WHEN. — 1. If any consumer deposit account with a banking organization or financial organization, as such terms are defined in section 447.503, is determined to have been inactive for a period of twelve or more months and inactivity fees apply to the account, such banking organization or financial organization shall notify the person or depositor named on the account of such inactivity through first class mail, postage prepaid, marked "Address Correction Requested". Alternatively, the notice may be sent electronically if the consumer has consented to receiving electronic disclosures in accordance with the federal Truth in Savings Act, 12 U.S.C. Sections 4301 to 4313, and the regulations promulgated pursuant thereto.

2. Notwithstanding any provision of law to the contrary, for any consumer deposit account with a banking organization or financial organization that has been inactive for twelve months or more, such bank shall issue annual statements to the person or depositor named on the account. The organization may charge a service fee of up to five dollars for any statement issued under this subsection, provided that such fee shall be withdrawn from the inactive account.

3. If any consumer deposit account with a banking organization or financial organization is determined to have been inactive for a period of five years, the funds from such account shall be remitted to the abandoned fund account established under section 447.543.

4. For purposes of this section, the word "inactive" means a prescribed period during which there is no activity or contact initiated by the person or depositor named on the account, which results in inactivity fees charged to the account.

SECTION

A. Enacting clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 394.080, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 394.080 and 394.085, to read as follows:

394.080. POWERS, GENERALLY — MAY SUPPLY ENERGY TO CERTAIN CITIES, TOWNS AND VILLAGES, WHEN. — 1. A cooperative shall have power:

(1) To sue and be sued, in its corporate name;

(2) To have succession by its corporate name for the period stated in its articles of incorporation or, if no period is stated in its articles of incorporation, to have such succession perpetually;

(3) To adopt a corporate seal and alter the same at pleasure;

(4) Except as provided in section 386.800, to generate, manufacture, purchase, acquire, accumulate and transmit electric energy, and to distribute, sell, supply, and dispose of electric energy in rural areas to its members, to governmental agencies and political subdivisions, and to other persons not in excess of ten percent of the number of its members; provided, however, that where a cooperative has been transmitting, distributing, selling, supplying or disposing of electric energy in a rural area which, by reason of increase in its population, its inclusion in a city, town or village, or by reason of any other circumstance ceases to be a rural area, such cooperative shall have the power to continue to transmit, distribute, sell, supply or dispose of electric energy therein until such time as the municipality, or the holder of a franchise to furnish electric energy in such municipality, may purchase the physical property of such cooperative located within the boundaries of the municipality, pursuant to law, or until such time as the municipality may grant a franchise in the manner provided by law to a privately owned public utility to distribute electric power within the municipality and such privately owned public utility shall purchase the physical property of such cooperative located within the boundaries of the municipality. In case any of the parties to such purchase, as herein provided, cannot agree upon the fair and reasonable price to be paid for the physical property of such cooperative within the municipality, or if either party refuses to negotiate for the sale of such property upon the request of the other, the fair and reasonable value of such property for such purchase shall be fixed by the public service commission upon application of any one or more of the interested parties;

(5) To make loans to persons to whom electric energy is or will be supplied by the cooperative for the purpose of, and otherwise to assist such persons in, wiring their premises and installing therein electric and plumbing fixtures, appliances, apparatus and equipment of any and all kinds and character, and in connection therewith, to purchase, acquire, lease, sell, distribute, install and repair such electric and plumbing fixtures, appliances, apparatus and equipment, and to accept or
otherwise acquire, and to sell, assign, transfer, endorse, pledge, hypothecate and otherwise dispose of notes, bonds and other evidences of indebtedness and any and all types of security therefor;

(6) To make loans to persons to whom electric energy is or will be supplied by the cooperative for the purpose of, and otherwise to assist such persons in, constructing, maintaining and operating electric refrigeration plants;

(7) To construct, purchase, take, receive, lease as lessee, or otherwise acquire, and to own, hold, use, equip, maintain, and operate, and to sell, assign, transfer, convey, exchange, lease as lessor, mortgage, pledge, or otherwise dispose of or encumber, electric transmission and distribution lines or systems, electric generating plants, electric refrigeration plants, lands, buildings, structures, dams, plants and equipment, and any and all kinds and classes of real or personal property whatsoever, which shall be deemed necessary, convenient or appropriate to accomplish the purpose for which the cooperative is organized. For the purposes of this section, "electric transmission and distribution lines or systems" includes, but is not limited to, cooperative-owned or cooperative subsidiary-owned copper and fiber optic cable, facilities and technology, or any combination thereof, that carries, or has the capacity to carry, light signals and data beyond or in addition to the light signals and data necessary for the transmission and distribution of electricity;

(8) To purchase or otherwise acquire, and to own, hold, use and exercise and to sell, assign, transfer, convey, mortgage, pledge, hypothecate, or otherwise dispose of or encumber, franchises, rights, privileges, licenses, rights-of-way and easements;

(9) To borrow money and otherwise contract indebtedness, and to issue notes, bonds, and other evidences of indebtedness therefor, and to secure the payment thereof by mortgage, pledge, deed of trust, or any other encumbrance upon any or all of its then-owned or after-acquired real or personal property, assets, franchises, revenues or income;

(10) To construct, maintain and operate electric transmission and distribution lines along, upon, under and across all public thoroughfares, including without limitation, all roads, highways, streets, alleys, bridges and causeways, and upon, under and across all publicly owned lands, subject, however, to the requirements in respect of the use of such thoroughfares and lands that are imposed by the respective authorities having jurisdiction thereof upon corporations constructing or operating electric transmission and distribution lines or systems;

(11) To exercise the power of eminent domain in the manner provided by the laws of this state for the exercise of that power by corporations constructing or operating electric transmission and distribution lines or systems. If a property owner prevails against a rural electric cooperative or a cooperative subsidiary in a suit in trespass or in inverse condemnation filed after August 28, 2018, the trespass shall be deemed permanent and the actual damages awarded shall be the "fair market value", which, notwithstanding any other provision of law, shall always be greater than zero, as defined and calculated in subdivision (1) of section 523.001 and determined in accordance with section 523.039. In no case filed after August 28, 2018, may evidence of revenues or profits derived, nor the rental value of an assembled communications corridor, be admissible in determining "fair market value". Such actual damages shall be fixed at the time of the initial trespass, shall not be deemed to continue, accumulate, or accrue, and upon payment of damages the defendant shall be granted a permanent easement for the trespass litigated. If a property owner prevails in such suits, punitive damages may be assessed and the property owner may be awarded additional compensation for any physical damages to the property directly resulting from the trespass, if any, and reasonable attorney's fees, costs, and expenses consistent with subsection 4 of section 523.283;

(12) To conduct its business and exercise any or all of its powers within or without this state;
(13) To adopt, amend and repeal bylaws; and
(14) To do and perform any and all other acts and things, and to have and exercise any and all other powers which may be necessary, convenient or appropriate to accomplish the purpose for which the cooperative is organized.

2. In addition to all other powers granted in this section, rural electric cooperatives shall have the power to supply electric energy at retail after August 28, 1989, in cities, towns and villages having a population in excess of fifteen hundred inhabitants under the following conditions:
   (1) The cooperative was the predominant supplier of retail electric energy within the city, town or village at the time any official United States Census Bureau "decennial census report" declares the population of such city, town or village to be in excess of fifteen hundred inhabitants;
   (2) The city, town or village has granted to the cooperative a franchise to supply electric energy within the city, town or village.

3. In addition, the cooperative shall provide, concurrent with its application to the city, town or village for its initial franchise, written notice of its franchise application to all other providers of electric energy at retail operating within such city, town or village.

4. The provisions of subsections 2 and 3 of this section shall in no way affect or diminish the rights and duties of any city, town or village to grant franchises to electric suppliers in the manner provided by law or of any electrical corporation authorized by law to provide electric service at retail within such city, town or village.

5. Notwithstanding the provisions of subsection 2 of this section, after a public hearing upon a complaint, the public service commission may order that service be provided by another supplier if it finds that service from another supplier of electricity is in the public interest for a reason other than rate differential. Nothing in this section shall be construed as conferring upon the public service commission jurisdiction over the rates, financing, accounting or management of any electric cooperative.

6. The powers conferred upon rural electric cooperatives under this section and section 394.085 shall be subject to the provisions of section 416.031.

394.085. HIGH-SPEED BROADBAND COMMUNICATIONS, GENERAL ASSEMBLY DECLARATION ON, INTENT — RURAL ELECTRIC COOPERATIVE DEFINED — CONSTRUCTION OF LAW — OFFERING OF SERVICES, REQUIREMENT. — 1. The general assembly declares that expanding and accelerating access to high speed broadband communications services throughout the entire state of Missouri is necessary, desirable, in the best interests of the citizens of this state, and that it is a public purpose of great importance.

2. In recognition that the high capital cost of deploying fiber optics technologies to provide broadband communications services impedes access to such services, and the rural electric cooperatives deploy fiber optics technologies for use in the operation of their electric system infrastructure, it is the intent of the general assembly to facilitate and to encourage rural electric cooperatives and their affiliates, either collectively, or individually, to continue to enter into and establish voluntary contracts or other forms of joint or cooperative agreements for the use of rural electric cooperative infrastructure in providing access to broadband services.

3. For purposes of this section, the term "rural electric cooperative" shall include an electrical corporation as defined in subsection 2 of section 393.110.

4. Nothing in this section shall be construed as conferring to the public service commission any regulatory jurisdiction not granted over any contract, or other form of joint or cooperative agreement, entered into under this section, or over the parties to such contract or agreement.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
5. Nothing in this section shall be construed as diminishing the rights of property owners under the laws of this state.

6. If a distribution cooperative provides broadband services to its members, such cooperative shall offer the services to any property, which is traversed by the cooperative's fiber which is utilized for the provision of broadband services to its members, within a reasonable amount of time from the initiation of the provision of such services.

67.1830. DEFINITIONS. — As used in sections 67.1830 to 67.1846, the following terms shall mean:
(1) "Abandoned equipment or facilities", any equipment materials, apparatuses, devices or facilities that are:
(a) Declared abandoned by the owner of such equipment or facilities;
(b) No longer in active use, physically disconnected from a portion of the operating facility or any other facility that is in use or in service, and no longer capable of being used for the same or similar purpose for which the equipment, apparatuses or facilities were installed; or
(c) No longer in active use and the owner of such equipment or facilities fails to respond within thirty days to a written notice sent by a political subdivision;
(2) "Degradation", the actual or deemed reduction in the useful life of the public right-of-way resulting from the cutting, excavation or restoration of the public right-of-way;
(3) "Emergency", includes but is not limited to the following:
(a) An unexpected or unplanned outage, cut, rupture, leak or any other failure of a public utility facility that prevents or significantly jeopardizes the ability of a public utility to provide service to customers;
(b) An unexpected or unplanned outage, cut, rupture, leak or any other failure of a public utility facility that results or could result in danger to the public or a material delay or hindrance to the provision of service to the public if the outage, cut, rupture, leak or any other such failure of public utility facilities is not immediately repaired, controlled, stabilized or rectified; or

(c) Any occurrence involving a public utility facility that a reasonable person could conclude under the circumstances that immediate and undelayed action by the public utility is necessary and warranted;

(4) "Excavation", any act by which earth, asphalt, concrete, sand, gravel, rock or any other material is or on the ground is cut into, dug, uncovered, removed, or otherwise displaced, by means of any tools, equipment or explosives, except that the following shall not be deemed excavation:

(a) Any de minimis displacement or movement of ground caused by pedestrian or vehicular traffic;

(b) The replacement of utility poles and related equipment at the existing general location that does not involve either a street or sidewalk cut; or

(c) Any other activity which does not disturb or displace surface conditions of the earth, asphalt, concrete, sand, gravel, rock or any other material in or on the ground;

(5) "Management costs" or "rights-of-way management costs", the actual costs a political subdivision reasonably incurs in managing its public rights-of-way, including such costs, if incurred, as those associated with the following:

(6) "Managing the public right-of-way", the actions a political subdivision takes, through reasonable exercise of its police powers, to impose rights, duties and obligations on all users of the right-of-way, including the political subdivision, in a reasonable, competitively neutral and nondiscriminatory and uniform manner, reflecting the distinct engineering, construction, operation, maintenance and public work and safety requirements applicable to the various users of the public right-of-way, provided that such rights, duties and obligations shall not conflict with any federal law or regulation. In managing the public right-of-way, a political subdivision may:

(a) Require construction performance bonds or insurance coverage or demonstration of self-insurance at the option of the political subdivision or if the public utility right-of-way user has twenty-five million dollars in net assets and does not have a history of permitting noncompliance.

67.1846. Exceptions to applicability of right-of-way laws. — 1. Nothing in sections 67.1830 to 67.1846 relieves the political subdivision of any obligations under an existing
franchise agreement in effect on May 1, 2001. Nothing in sections 67.1830 to 67.1846 will apply to that portion of any ordinance passed prior to May 1, 2001, which establishes a street degradation fee. Nothing in sections 67.1830 to 67.1846 shall be construed as limiting the authority of county highway engineers or relieving public utility right-of-way users from any obligations set forth in chapters 229 to 231. Nothing in sections 67.1830 to 67.1846 shall be deemed to relieve a public utility right-of-way user of the provisions of an existing franchise, franchise fees, license or other agreement or permit in effect on May 1, 2001. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision or public utility right-of-way user from renewing or entering into a new or existing franchise, as long as all other public utility right-of-way users have use of the public right-of-way on a nondiscriminatory basis. Nothing in sections 67.1830 to 67.1846 shall prevent a grandfathered political subdivision from enacting new ordinances, including amendments of existing ordinances, charging a public utility right-of-way user a fair and reasonable linear foot fee or antenna fee or from enforcing or renewing existing linear foot ordinances for use of the right-of-way, provided that the public utility right-of-way user either:

(1) Is entitled under the ordinance to a credit for any amounts paid as business license taxes or gross receipts taxes; or

(2) Is not required by the political subdivision to pay the linear foot fee or antenna fee if the public utility right-of-way user is paying gross receipts taxes, business license fees, or business license taxes that are not nominal and that are imposed specifically on communications-related revenue, services, or equipment.

For purposes of this section, a "grandfathered political subdivision" is any political subdivision which has, prior to May 1, 2001, enacted one or more ordinances reflecting a policy of imposing any linear foot fees on any public utility right-of-way user, including ordinances which were specific to particular public right-of-way users. Any existing ordinance or new ordinance passed by a grandfathered political subdivision providing for payment of the greater of a linear foot fee or a gross receipts tax shall be enforceable only with respect to the linear foot fee.

2. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision from enacting, renewing or enforcing provisions of an ordinance to require a business license tax, sales tax, occupation tax, franchise tax or franchise fee, property tax or other similar tax, to the extent consistent with federal law. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision from enacting, enforcing or renewing provisions of an ordinance to require a gross receipts tax pursuant to chapter 66, chapter 92, or chapter 94. For purposes of this subsection, the term "franchise fee" shall mean "franchise tax".

67.5112. WIRELESS PROVIDERS USE OF RIGHT-OF-WAYS TO COLLOCATE SMALL WIRELESS FACILITIES, REQUIREMENTS. — 1. The provisions of this section shall only apply to activities of a wireless provider within the right-of-way to deploy small wireless facilities and associated utility poles.

2. An authority shall not enter into an exclusive arrangement with any person for use or management of the right-of-way for the collocation of small wireless facilities or the installation, operation, marketing, modification, maintenance, management, or replacement of utility poles.

3. Subject to the provisions of sections 67.5110 to 67.5121, an authority shall permit a wireless provider, as a permitted use not subject to zoning review or approval, to collocate small wireless facilities and install, maintain, modify, operate, and replace utility poles along, across, upon, and under the right-of-way, except that the placement in the right-of-way of new or modified utility poles in single-family residential or areas zoned as historic as of August 28, 2018, remains subject to any applicable zoning requirements that are consistent with sections 67.5090 to 67.5103. Small wireless facilities collocated outside the right-of-way in property not zoned primarily for single-family residential use shall be classified as permitted uses and not subject to zoning review or approval. Such small wireless facilities and utility poles shall be installed and maintained as not to obstruct or hinder the usual travel or public safety on such right-of-way or obstruct the legal use of such right-of-way by authorities or other authorized right-of-way users. Nothing in this section shall grant any wireless provider the power of eminent domain.

4. Nothing in sections 67.5110 to 67.5121 shall prevent an authority, on a nondiscriminatory basis, from requiring a permit, with reasonable conditions, for work in a right-of-way that will involve excavation, affect traffic patterns, obstruct traffic in the right-of-way, or materially impede the use of a sidewalk.

5. Each new, replacement, or modified utility pole installed in the right-of-way shall not exceed the greater of ten feet in height above the tallest existing utility pole in place as of the effective date of sections 67.5110 to 67.5121 located within five hundred feet of the new pole in the same right-of-way, or fifty feet above ground level. New small wireless facilities in the right-of-way shall not extend more than ten feet above an existing utility pole in place as of August 28, 2018, or for small wireless facilities on a new utility pole, above the height permitted for a new utility pole under this section. A new, modified, or replacement utility pole that exceeds these height limits shall be subject to any applicable zoning requirements that apply to other utility poles and are consistent with sections 67.5090 to 67.5103.

6. A wireless provider shall be permitted to replace decorative poles when necessary to collocate a small wireless facility, but any replacement pole shall reasonably conform to the design aesthetics of the decorative pole or poles being replaced.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
7. Subject to subsection 4 of section 67.5113, and except for facilities excluded from evaluation for effects on historic properties under 47 C.F.R. Section 1.1307(a)(4) of the Federal Communications Commission rules, an authority may require reasonable, technically feasible, nondiscriminatory, and technologically neutral design or concealment measures in a historic district. Any such design or concealment measures shall not have the effect of prohibiting any provider’s technology, nor shall any such measures be considered a part of the small wireless facility for purposes of the size restrictions in the definition of small wireless facility.

8. The authority, in the exercise of its administration and regulation related to the management of the right-of-way, shall be competitively neutral with regard to other users of the right-of-way, including that terms shall not be unreasonable or discriminatory and shall not violate any applicable law. Nothing in sections 67.5110 to 67.5121 shall in any way be construed to modify or otherwise affect the rights, privileges, obligations, or duties, existing prior to August 28, 2018, of an electrical corporation, as defined in section 386.020, or of a rural electric cooperative established under chapter 394, except to the extent that the corporation or cooperative deploys small wireless facilities that are used to provide services unrelated to the provision of their electric and gas utility service.

9. Small wireless facility collocations completed on or after August 28, 2018, shall not interfere with or impair the operation of existing utility facilities, or authority or third-party attachments. The authority may require a wireless provider to repair all damage to the right-of-way directly caused by the activities of the wireless provider in the right-of-way and to return the right-of-way to its functional equivalence before the damage under the competitively neutral, reasonable requirements and specifications of the authority. If the wireless provider fails to make the repairs required by the authority within a reasonable time after written notice, the authority may make those repairs and charge the applicable party the reasonable, documented cost of such repairs.

67.5113. NO CHARGE FOR COLLOCATION — PERMITS, REQUIREMENTS — APPLICATION NOT REQUIRED, WHEN. 1. The provisions of this section shall apply to the permitting of small wireless facilities by a wireless provider in or outside the right-of-way and to the permitting of the installation, modification, and replacement of utility poles by a wireless provider inside the right-of-way.

2. An authority shall not prohibit, regulate, or charge for the collocation of small wireless facilities, except as provided under sections 67.5110 to 67.5121.

3. An authority may require an applicant to obtain one or more permits to collocate a small wireless facility or install a new, modified, or replacement utility pole associated with a small wireless facility as provided in subsection 3 of section 67.5112, provided such permits are of general applicability and do not apply exclusively to wireless facilities. An authority shall receive applications for, process, and issue such permits subject to the following requirements:

(1) An authority shall not directly or indirectly require an applicant to perform services or provide goods unrelated to the permit, such as in-kind contributions to the authority, including reserving fiber, conduit, or pole space for the authority;

(2) An applicant shall not be required to provide more information to obtain a permit than communications service providers that are not wireless providers, provided that an applicant may be required to include construction and engineering drawings and information demonstrating compliance with the criteria in subdivision (9) of this subsection.
and an attestation that the small wireless facility complies with the volumetric limitations in subdivision (19) of section 67.5111;

(3) An authority shall not require the placement of small wireless facilities on any specific utility pole or category of poles or require multiple antenna systems on a single utility pole;

(4) An authority shall not limit the placement of small wireless facilities by minimum horizontal separation distances;

(5) An authority may require a small wireless facility to comply with reasonable, objective, and cost-effective concealment or safety requirements adopted by the authority;

(6) The authority may require an applicant that is not a wireless services provider to provide evidence of agreements or plans demonstrating that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the authority and the applicant agree to extend this period or if delay is caused by lack of commercial power or communications transport facilities to the site and the applicant notifies the authority thereof. An authority may require an applicant that is a wireless services provider to provide the information required by this subdivision by attestation;

(7) Within fifteen days of receiving an application, an authority shall determine and notify the applicant in writing whether the application is complete. If an application is incomplete, an authority shall specifically identify the missing information in writing. The processing deadline in subdivision (8) of this subsection is tolled from the time the authority sends the notice of incompleteness to the time the applicant provides the missing information. That processing deadline may also be tolled by agreement of the applicant and the authority;

(8) An application for collocation shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within forty-five days of receipt of the application, except that the state highways and transportation commission shall have sixty days to approve or deny an application from the date the application was received. An application for installation of a new, modified, or replacement utility pole associated with a small wireless facility shall be processed on a nondiscriminatory basis and deemed approved if the authority fails to approve or deny the application within sixty days of receipt of the application;

(9) An authority may deny a proposed collocation of a small wireless facility or installation, modification, or replacement of a utility pole that meets the requirements in subsection 3 of section 67.5112 only if the action proposed in the application could reasonably be expected to:

(a) Materially interfere with the safe operation of traffic control equipment or authority-owned communications equipment;

(b) Materially interfere with sight lines or clear zones for transportation, pedestrians, or nonmotorized vehicles;

(c) Materially interfere with compliance with the Americans with Disabilities Act, 42 U.S.C. Sections 12101 to 12213, or similar federal or state standards regarding pedestrian access or movement;

(d) Materially obstruct or hinder the usual travel or public safety on the right-of-way;

(e) Materially obstruct the legal use of the right-of-way by an authority, utility, or other third party;

(f) Fail to comply with reasonable and nondiscriminatory spacing requirements of general application adopted by ordinance or regulations promulgated by the state highways and transportation commission that concern the location of ground mounted equipment and new utility poles. Such spacing requirements shall not prevent a wireless provider from
serving any location and shall include a waiver, zoning, or other process that addresses wireless provider requests for exception or variance and does not prohibit granting of such exceptions or variances;

(g) Fail to comply with applicable codes, including nationally recognized engineering standards for utility poles or wireless support structures;

(h) Fail to comply with the reasonably objective and documented aesthetics of a decorative pole and the applicant does not agree to pay to match the applicable decorative elements; or

(i) Fail to comply with reasonable and nondiscriminatory undergrounding requirements contained in local ordinances as of January 1, 2018, or subsequently enacted for new developments, that require all utility facilities in the area to be placed underground and prohibit the installation of new or the modification of existing utility poles in a right-of-way without prior approval, provided that such requirements include a waiver or other process of addressing requests to install such utility poles and do not prohibit the replacement or modification of existing utility poles consistent with this section or the provision of wireless services;

(10) The authority shall document the complete basis for a denial in writing, and send the documentation to the applicant on or before the day the authority denies an application. The applicant may cure the deficiencies identified by the authority and resubmit the application within thirty days of the denial without paying an additional application fee. The authority shall approve or deny the revised application within thirty days. Any subsequent review shall be limited to the deficiencies cited in the denial;

(11) (a) An applicant seeking to collocate small wireless facilities within the jurisdiction of a single authority shall be allowed, at the applicant’s discretion, to file a consolidated application and receive a single permit for the collocation of multiple small wireless facilities; provided, however, the denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same batch; and

(b) An application may include up to twenty separate small wireless facilities, provided that they are for the same or materially same design of small wireless facility being collocated on the same or materially the same type of utility pole or wireless support structure, and geographically proximate. If an authority receives individual applications for approval of more than fifty small wireless facilities or consolidated applications for approval of more than seventy-five small wireless facilities within a fourteen day period, whether from a single applicant or multiple applicants, the authority may, upon its own request, obtain an automatic thirty day extension for any additional collocation or replacement or installation application submitted during that fourteen day period or in the fourteen day period immediately following the prior fourteen day period. An authority shall promptly communicate its request to each and any affected applicant. In rendering a decision on an application for multiple small wireless facilities, the authority may approve the application as to certain individual small wireless facilities while denying it as to others based on applicable requirements and standards, including those identified in this section. The authority’s denial of any individual small wireless facility or subset of small wireless facilities within an application shall not be a basis to deny the application as a whole;

(12) Installation or collocation for which a permit is granted under this section shall be completed within one year after the permit issuance date unless the authority and the applicant agree to extend this period, or the applicant notifies the authority that the delay is caused by a lack of commercial power or communications transport facilities to the site.

Approval of an application authorizes the applicant to:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(a) Undertake the installation or collocation; and

(b) Operate and maintain the small wireless facilities and any associated utility pole covered by the permit for a period of not less than ten years, which shall be renewed for equivalent durations so long as they are in compliance with the criteria set forth in subdivision (9) of this subsection, unless the applicant and the authority agree to an extension term of less than ten years. The provisions of this paragraph shall be subject to the right of the authority to require, upon adequate notice and at the facility owner's own expense, relocation of facilities as may be needed in the interest of public safety and convenience, and the applicant's right to terminate at any time;

(13) An authority shall not institute, either expressly or de facto, a moratorium on filing, receiving, or processing applications or issuing permits or other approvals, if any, for the collocation of small wireless facilities or the installation, modification, or replacement of utility poles to support small wireless facilities. Notwithstanding the foregoing, an authority may impose a temporary moratorium on applications for small wireless facilities and the collocation thereof for the duration of a federal or state-declared natural disaster plus a reasonable recovery period, or for no more than thirty days in the event of a major and protracted staffing shortage that reduces the number of personnel necessary to receive, review, process, and approve or deny applications for the collocation of small wireless facilities by more than fifty percent;

(14) Nothing in this section precludes an authority from adopting reasonable rules with respect to the removal of abandoned small wireless facilities;

(15) In determining whether sufficient capacity exists to accommodate the attachment of a new small wireless facility, an authority shall grant access subject to a reservation to reclaim such space, when and if needed, to meet the pole owner's core utility purpose or documented authority plan projected at the time of the application pursuant to a bona fide development plan, or if the state highways and transportation commission is the relevant authority and determines, in its sole discretion, that attachment of the small wireless facility will affect the safety of the public using the right-of-way; and

(16) In emergency circumstances that result from a natural disaster or accident, an authority may require the owner or operator of a wireless facility to immediately remove such facility if the wireless facility is obstructing traffic or causing a hazard on the authority's roadway. In the event that the owner or operator of the wireless facility is unable to immediately remove the wireless facility, the authority is authorized to remove the wireless facility from the roadway or other position that renders the wireless facility hazardous. Under these emergency circumstances, the authority shall not be liable for any damage caused by removing the wireless facility and may charge the owner or operator of the wireless facility the authority's reasonable expenses incurred in removing the wireless facility.

4. An authority shall not require an application for:

   (1) Routine maintenance on previously permitted small wireless facilities;

   (2) The replacement of small wireless facilities with small wireless facilities that are the same or smaller in size, weight, and height; or

   (3) The installation, placement, maintenance, operation, or replacement of micro wireless facilities that are strung on cables between utility poles, in compliance with applicable codes.

For work described in subdivisions (1) and (2) of this subsection that involves different equipment than that being replaced, an authority may require a description of such new
equipment so that the authority may maintain an accurate inventory of the small wireless facilities at that location.

5. No approval for the installation, placement, maintenance, or operation of a small wireless facility under this section shall be construed to confer authorization for the provision of cable television service, or installation, placement, maintenance, or operation of a wireline backhaul facility or communications facility, other than a small wireless facility, in the right-of-way.

6. Except as provided in sections 67.5110 to 67.5121, no authority may adopt or enforce any ordinances or requirements that require the holder of a franchise or video service authorization as defined under section 67.2677 and that could be required to pay a video service provider fee to a franchise entity under section 67.2689, to obtain additional authorization or to pay additional fees for the provision of communications service over such holder's communications facilities in the right-of-way.

7. A municipal electric utility shall not require an application for the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are strung on cables between utility poles, in compliance with applicable codes.

67.5114. Authority wireless support structures, use for collocation — rates, fees, and terms. — 1. This section only applies to collocations on authority poles and authority wireless support structures that are located on authority property outside the right-of-way.

2. Subject to subsection 3 of this section, an authority shall authorize the collocation of small wireless facilities on authority wireless support structures and authority poles to the same extent, if any, that the authority permits access to such structures for other commercial projects or uses. Such collocations shall be subject to reasonable and nondiscriminatory rates, fees, and terms as provided in an agreement between the authority, or its agent, and the wireless provider.

3. An authority shall not enter into an exclusive agreement with a wireless provider concerning authority poles or authority wireless support structures, including stadiums and enclosed arenas, unless the agreement meets the following requirements:

   (1) The wireless provider provides service using a shared network of wireless facilities that it makes available for access by other wireless providers, on reasonable and nondiscriminatory rates and terms that shall include use of the entire shared network, as to itself, an affiliate, or any other entity; or

   (2) The wireless provider allows other wireless providers to collocate small wireless facilities, on reasonable and nondiscriminatory rates and terms, as to itself, an affiliate, or any other entity.

4. When determining whether a rate, fee, or term is reasonable and nondiscriminatory for the purposes of this section, consideration may be given to any relevant facts, including alternative financial or service remuneration, characteristics of the proposed equipment or installation, structural limitations, or other commercial or unique features or components.

67.5115. Authority poles, use of — make-ready work. — 1. The provisions of this section shall apply to activities of a wireless provider within the right-of-way.

2. A person owning, managing, or controlling authority poles in the right-of-way shall not enter into an exclusive arrangement with any person for the right to attach to such poles.
A person who purchases or otherwise acquires an authority pole is subject to the requirements of this section.

3. An authority shall allow the collocation of small wireless facilities on authority poles using the process set forth in section 67.5113.

4. The authority may require, as part of an application, engineering and construction drawings, as well as plans and detailed cost estimates for any make-ready work as needed, for which the applicant shall be solely responsible.

5. Make-ready work shall be addressed as follows, unless the parties agree to different terms in a pole attachment agreement:

   (1) The rates, fees, and terms and conditions for the make-ready work to collocate on an authority pole shall be nondiscriminatory, competitively neutral, and commercially reasonable, and shall comply with sections 67.5110 to 67.5121;

   (2) The authority shall provide a good faith estimate for any make-ready work necessary to enable the pole to support the requested collocation by a wireless provider, including pole replacement if necessary, within sixty days after receipt of a complete application. Make-ready work, including any pole replacement, shall be completed within sixty days of written acceptance of the good faith estimate and advance payment, if required, by the applicant. An authority may require replacement of the authority pole on a nondiscriminatory basis for reasons of safety and reliability, including a demonstration that the collocation would make the authority pole structurally unsound, including, but not limited to, if the collocation would cause a utility pole owned by the state highways and transportation commission to fail a crash test; and

   (3) The person owning, managing, or controlling the authority pole shall not require more make-ready work than required to meet applicable codes or industry standards. Fees for make-ready work shall not include costs related to preexisting or prior damage or noncompliance unless the authority had determined, prior to the filing of the application, to permanently abandon and not repair or replace the structure. Fees for make-ready work, including any pole replacement, shall not exceed actual costs or the amount charged to other communications service providers for similar work, and shall not include third party fees, charges, or expenses, except for amounts charged by licensed contractors actually performing the make-ready work.

6. When a small wireless facility is located in the right-of-way of the state highway system, equipment and facilities directly associated with a particular small wireless facility, including coaxial and fiber optic cable, conduit, and ground mounted equipment, shall remain in the utility corridor except as needed to reach an authority or utility pole in the right-of-way but outside the utility corridor in which the small wireless facility is collocated.

67.5116. RATES AND FEES. — 1. This section shall govern the rate to collocate small wireless facilities and an authority’s rates and fees for the placement of utility poles, but shall not limit an authority's ability to recover specific removal costs from the attaching wireless provider for abandoned structures. The rates to collocate on authority poles shall be nondiscriminatory regardless of the services provided by the collocating applicant.

2. An authority shall not require a wireless provider to pay any rates, fees, or compensation to the authority or other person other than what is expressly authorized by sections 67.5110 to 67.5121 for the use and occupancy of a right-of-way, for collocation of small wireless facilities on utility poles in the right-of-way, or for the installation, maintenance, modification, operation, and replacement of utility poles in the right-of-way.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
3. Application fees shall be subject to the following requirements:
   (1) Application fees shall be based on actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of an application for the placement of a small wireless facility or the installation or replacement of a utility pole. Any such costs already recovered by existing fees, rates, licenses, or taxes paid by a wireless services provider shall not be included in the application fee;
   (2) An application fee shall not include travel expenses incurred by a third party in its review of an application, or direct payment or reimbursement of third party rates or fees charged on a contingency basis or a result-based arrangement;
   (3) The total fee for any application under subsection 3 of section 67.5113 for collocation of small wireless facilities on existing authority poles shall not exceed one hundred dollars per small wireless facility. An applicant filing a consolidated application under subdivision (11) of subsection 3 of section 67.5113 shall pay one hundred dollars per small wireless facility included in the consolidated application; and
   (4) The total application fees for the installation, modification, or replacement of a utility pole and the collocation of an associated small wireless facility shall not exceed five hundred dollars per pole.

4. (1) The rate for collocation of a small wireless facility to an authority pole shall not exceed one hundred fifty dollars per authority pole per year.
   (2) An authority shall not charge a wireless provider any fee, tax other than a tax authorized by subdivision (3) of this subsection, or other charge, or require any other form of payment or compensation, to locate a wireless facility or wireless support structure on privately owned property, or on a wireless support structure not owned by the authority.
   (3) No authority shall demand any fees, rentals, licenses, charges, payments, or assessments from any applicant or wireless provider for, or in any way relating to or arising from, the construction, deployment, installation, mounting, modification, operation, use, replacement, maintenance, or repair of small wireless facilities or utility poles, except for the following:
      (a) As otherwise expressly provided in sections 67.5110 to 67.5121;
      (b) Applicable personal property and sales taxes or generally applicable fees for encroachment or electrical permits;
      (c) Applicable fair and reasonable linear foot fees as provided in subsection 1 of section 67.1846 associated with coaxial or fiber-optic cable in the right-of-way that is:
         a. Between wireless support structures or utility poles;
         b. Not directly associated with a particular small wireless facility; or
         c. A wireline backhaul facility.

No authority shall require a wireless provider to pay a linear foot fee for coaxial or fiber-optic cable in the right-of-way associated with a small wireless facility if the owner of such coaxial or fiber-optic cable in the right-of-way already is assessed and charged such a linear foot fee; and
   (d) Right-of-way permit fees established under section 67.1840 for the recovery of actual, substantiated right-of-way management costs or as otherwise authorized under section 229.340.

Right-of-way permit fees imposed on applicants and wireless providers shall be competitively neutral with regard to all other users of the right-of-way; shall not be in the form of a franchise fee or tax or other fee based on noncost related factors such as revenue, sales, profits, lines, subscriptions, or customer counts; and shall not result in double recovery.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

where existing charges already recover the direct and actual costs of managing the right-of-
way. This paragraph prohibits the imposition of business license taxes, business license fees,
or gross receipts taxes on wireless providers, whether based on gross receipts or other
factors, except that this subdivision allows the imposition of such taxes and fees consistent
with subsection 2 of section 67.1846 that are also imposed on wireline telecommunications
businesses operating within the jurisdiction of the authority, or as mutually agreed to by the
authority and the wireless provider.

67.5117. LIMITATION ON SERVICES PERMITTED. — Nothing in sections 67.5110 to 67.5121
shall be interpreted to allow any entity to provide services regulated under 47 U.S.C. Sections
521 to 573 without compliance with all laws applicable to such providers, nor shall sections
67.5110 to 67.5121 be interpreted to impose any new requirements on cable providers for
the provision of such service in this state.

67.5118. AUTHORITY MAY EXERCISE CERTAIN AUTHORITY, LIMITATIONS. — Subject to
the provisions of sections 67.5110 to 67.5121 and applicable federal law, an authority shall
continue to exercise zoning, land use, planning, and permitting authority within its
territorial boundaries, including with respect to wireless support structures and utility poles,
except that no authority shall have or exercise any jurisdiction or authority over the design,
engineering, construction, installation, or operation of any small wireless facility located in
an interior structure or upon the site of any campus, stadium, or athletic facility not owned
or controlled by the authority, other than to comply with applicable codes. Nothing in
sections 67.5110 to 67.5121 authorizes the state or any political subdivision, including an
authority, to require wireless facility deployment or to regulate wireless services.

67.5119. ORDINANCE OR AGREEMENT REQUIRED, WHEN. — 1. Within the later of two
months after August 28, 2018, or two months after receiving a request from a wireless
provider, an authority shall adopt an ordinance or develop an agreement that makes
available to wireless providers rates, fees, and other terms that comply with sections 67.5110
to 67.5121, subject to subsections 2 of this section. An authority and a wireless provider may
enter into an agreement implementing sections 67.5110 to 67.5121, but an authority shall not
require a wireless provider to enter into such an agreement.

  2. Sections 67.5110 to 67.5121 shall not nullify, modify, amend, or prohibit a mutual
agreement between an authority and a wireless provider made prior to August 28, 2018, but
an agreement that does not fully comply with sections 67.5110 to 67.5121 shall apply only to
small wireless facilities and utility poles that were installed or approved for installation
before August 28, 2018, subject to any termination provisions in the agreement. Such an
agreement shall not be renewed, extended, or made to apply to any small wireless facility or
utility pole installed or approved for installation after August 28, 2018, unless it is modified
to fully comply with sections 67.5110 to 67.5121. In the absence of an agreement, and until
such a compliant agreement or ordinance is entered or adopted, small wireless facilities and
utility poles that become operational or were constructed before August 28, 2018, may
remain installed and be operated under the requirements of sections 67.5110 to 67.5121.

67.5120. COURT JURISDICTION. — A court of competent jurisdiction shall have
jurisdiction to determine all disputes arising under sections 67.5110 to 67.5121.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
67.5121. INDEMNIFICATION, INSURANCE, AND BONDING REQUIREMENTS PERMITTED — EXCEPTIONS. —
1. An authority may adopt indemnification, insurance, and bonding requirements related to small wireless facility permits, subject to the requirements of this section.

2. An authority may only require a wireless provider to indemnify and hold the authority and its officers and employees harmless against any damage or personal injury caused by the negligence of the wireless provider or its employees, agents, or contractors.

3. An authority may require a wireless provider to have in effect insurance coverage consistent with subsection 2 of this section, or a demonstration of a comparable self insurance program, so long as the authority imposes similar requirements on other similarly situated utility right-of-way users, and such requirements are reasonable and nondiscriminatory. An authority shall not require a self-insured wireless provider to obtain insurance naming the authority or its officers and employees as additional insured. An authority may require a wireless provider to furnish proof of insurance, if required, prior to the effective date of any permit issued for a small wireless facility.

4. An authority may adopt bonding requirements for small wireless facilities if the authority imposes similar requirements in connection with permits issued for other similarly situated utility right-of-way users. The purpose of such bonds shall be to:
   (1) Provide for the removal of abandoned or improperly maintained small wireless facilities, including those that an authority determines need to be removed to protect public health, safety, or welfare;
   (2) Restore the right-of-way in connection with removals under section 67.5113;
   (3) Recoup rates or fees that have not been paid by a wireless provider in over twelve months, so long as the wireless provider has received reasonable notice from the authority of any noncompliance listed above and been given an opportunity to cure;
   (4) Bonding requirements shall not exceed one thousand five hundred dollars per small wireless facility. For wireless providers with multiple small wireless facilities within the jurisdiction of a single authority, the total bond amount across all facilities shall not exceed seventy-five thousand dollars, which amount may be combined into one bond instrument.

5. Applicants that have at least twenty-five million dollars in assets in the state and do not have a history of permitting noncompliance as defined by an authority within its jurisdiction shall, under section 67.1830, be exempt from the insurance and bonding requirements otherwise authorized by this section.

6. Any contractor, subcontractor, or wireless infrastructure provider shall be under contract with a wireless services provider to perform work in the right-of-way related to small wireless facilities or utility poles, and such entities shall be properly licensed under the laws of the state and all applicable local ordinances, if required. Each contracted entity shall have the same obligations with respect to his or her work as a wireless services provider would have under sections 67.5110 to 67.5121 and other applicable laws if the work were performed by a wireless services provider. The wireless services provider shall be responsible for ensuring that the work of such contracted entities is performed consistently with the wireless services provider's permits and applicable laws relating to the deployment of small wireless facilities and utility poles, and responsible for promptly correcting acts or omissions by such contracted entity.

7. The state highways and transportation commission may establish the same indemnification, insurance, and bond requirements related to small wireless facility permits as it imposes on other users of the state highways and transportation commission right-of-way.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
67.5122. Expiration date, Exception. — Sections 67.5110 to 67.5122 shall expire on January 1, 2021, except that for small wireless facilities already permitted or collocated on authority poles prior to such date, the rate set forth in section 67.5116 for collocation of small wireless facilities on authority poles shall remain effective for the duration of the permit authorizing the collocation.

67.5125. Report to General Assembly, When, Contents. — By December 31, 2018, the department of revenue shall prepare and deliver a report to the general assembly on the amount of revenue collected by local governments for the previous three fiscal years from communications service providers, as such term is defined in section 67.5111; a direct-to-home satellite service, as defined in Public Law 104-104, Title VI, Section 602; and any video service provided through electronic commerce, as defined in Public Law 105-277, Title XI, as amended, Section 1105(3), from video fees, linear foot fees, antenna fees, sales and use taxes, gross receipts taxes, business license fees, business license taxes, or any other taxes or fees assessed to such providers.

SECTION B. Severability Clause. — If any provision of section A of this act or the application thereof to anyone or to any circumstance is held invalid, the remainder of those sections and the application of such provisions to others or other circumstances shall not be affected thereby.

hemp seed permit to any applicant if approving such registration or permit would authorize
the growth or cultivation of industrial hemp or agricultural hemp seed on a plot of land that
is less than ten acres or more than forty acres by any single registrant or permittee, or over

If a crop contains an average delta-9 tetrahydrocannabinol concentration exceeding three-tenths of one percent or the maximum concentration allowed under federal law, whichever is greater, on a dry weight basis, the department may order any grower or handler to destroy the crop.
   3. If such crop is not destroyed within fifteen days of the grower or handler being notified by the department by certified mail that the crop contains concentrations exceeding those set forth in subsection 2 of this section, and directing the grower or handler to destroy the crop, such grower or handler shall be subject to a fine of five thousand dollars per day until such crop is destroyed. Notwithstanding subsection 4 of section 195.749 to the contrary, the department may issue a registration or permit to an institution of higher education for the growth or cultivation of industrial hemp or agricultural hemp seed on a plot of land that is less than ten acres.

This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

AN ACT to repeal section 514.040, RSMo, and to enact in lieu thereof one new section relating to
guardian ad litem fees.

SECTION

costs — waiver of costs and expenses, when.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 514.040, RSMo, is repealed and one new section
enacted in lieu thereof, to be known as section 514.040, to read as follows:

514.040. Plaintiff may sue as pauper, when — counsel assigned him by court —
correctional center offenders, costs — waiver of costs and expenses, when.

1. Except as provided in subsection 3 of this section, if any court shall, before or after the
commencement of any suit pending before it, be satisfied that the plaintiff is a poor person,
and unable to prosecute his or her suit, and pay all or any portion of the costs and expenses thereof,
such court may, in its discretion, permit him or her to commence and prosecute his or her suit
as a poor person, and thereupon such poor person shall have all necessary process and proceedings
as in other cases, without fees, tax or charge as the court determines the person cannot pay; and the
court may assign to such person counsel, who, as well as all other officers of the court, shall
perform their duties in such suit without fee or reward as the court may excuse; but if judgment is
entered for the plaintiff, costs shall be recovered, which shall be collected for the use of the officers
of the court.

2. In any civil action brought in a court of this state by any offender convicted of a crime who
is confined in any state prison or correctional center, the court shall not reduce the amount required

In the event an action involving the appointment of a guardian ad litem goes to trial, an updated certification shall be filed prior to the trial commencing. The waiver of guardian ad litem fees for a party who has filed a certification may be reviewed by the court at the conclusion of the action upon the motion of any party requesting the court to apportion guardian ad litem fees.

4. Any party may present additional evidence on the financial condition of the parties. Based upon that evidence, if the court finds the certifying party has the present ability to pay, the court may enter judgment ordering the certifying party to pay a portion of the guardian ad litem fees.

5. Any failure to pay guardian ad litem fees shall not preclude a certifying party from filing future suits, including motions to modify, and shall not be used as a basis to limit the certifying party's prosecution or defense of the action.

If a federal income tax liability for a tax year prior to the applicability of sections 143.011 to 143.996 for which he was not previously entitled to a Missouri deduction is later paid or accrued, he may deduct the federal tax in the later year to the extent it would have been deductible if paid or accrued in the prior year.

SECTION A. ENACTING CLAUSE. — Sections 386.266, 386.390, and 393.170, RSMo, are repealed and twelve new sections enacted in lieu thereof, to be known as sections 386.266, 386.390, 393.137, 393.170, 393.1400, 393.1610, 393.1640, 393.1650, 393.1655, 393.1665, 393.1670, and 1, to read as follows:

386.266. RATE SCHEDULES FOR INTERIM ENERGY CHARGES OR PERIODIC RATE ADJUSTMENT — APPLICATION FOR APPROVAL, PROCEDURE — ADJUSTMENT MECHANISMS — RULEMAKING AUTHORITY — TASK FORCE TO BE APPOINTED — SURVEILLANCE MONITORING, REQUIREMENTS. — 1. Subject to the requirements of this section, any electrical corporation may make an application to the commission to approve rate schedules authorizing an interim energy charge, or periodic rate adjustments outside of general rate proceedings to reflect increases and decreases in its prudently incurred fuel and purchased-power costs, including transportation. The commission may, in accordance with existing law, include in such rate schedules features designed to provide the electrical corporation with incentives to improve the efficiency and cost-effectiveness of its fuel and purchased-power procurement activities.

2. Subject to the requirements of this section, any electrical, gas, or water corporation may make an application to the commission to approve rate schedules authorizing periodic rate adjustments outside of general rate proceedings to reflect increases and decreases in its prudently incurred fuel and purchased-power costs, including transportation. The commission may, in accordance with existing law, include in such rate schedules features designed to provide the electrical corporation with incentives to improve the efficiency and cost-effectiveness of its fuel and purchased-power procurement activities.
incurred costs, whether capital or expense, to comply with any federal, state, or local environmental law, regulation, or rule. Any rate adjustment made under such rate schedules shall not exceed an annual amount equal to two and one-half percent of the electrical, gas, or water corporation's Missouri gross jurisdictional revenues, excluding gross receipts tax, sales tax and other similar pass-through taxes not included in tariffed rates, for regulated services as established in the utility's most recent general rate case or complaint proceeding. In addition to the rate adjustment, the electrical, gas, or water corporation shall be permitted to collect any applicable gross receipts tax, sales tax, or other similar pass-through taxes, and such taxes shall not be counted against the two and one-half percent rate adjustment cap. Any costs not recovered as a result of the annual two and one-half percent limitation on rate adjustments may be deferred, at a carrying cost each month equal to the utilities net of tax cost of capital, for recovery in a subsequent year or in the corporation's next general rate case or complaint proceeding.

3. Subject to the requirements of this section, any gas or electrical corporation may make an application to the commission to approve rate schedules authorizing periodic rate adjustments outside of general rate proceedings to adjust rates of customers in eligible customer classes to account for the impact on utility revenues of increases or decreases in residential and commercial customer usage due to variations in either weather, conservation, or both. No electrical corporation shall make an application to the commission under this subsection if such corporation has provided notice to the commission under subsection 5 of section 393.1400. For purposes of this section: for electrical corporations, eligible customer classes means the residential class and classes that are not demand metered; and for gas corporations, eligible customer classes means the residential class and the smallest general service class. As used in this subsection, "revenues" means the revenues recovered through base rates, and does not include revenues collected through a rate adjustment mechanism authorized by this section or any other provisions of law. This subsection shall apply to electrical corporations beginning January 1, 2019, and shall expire for electrical corporations on January 1, 2029.

4. The commission shall have the power to approve, modify, or reject adjustment mechanisms submitted under subsections 1 to 3 of this section only after providing the opportunity for a full hearing in a general rate proceeding, including a general rate proceeding initiated by complaint. The commission may approve such rate schedules after considering all relevant factors which may affect the costs or overall rates and charges of the corporation, provided that it finds that the adjustment mechanism set forth in the schedules:

(1) Is reasonably designed to provide the utility with a sufficient opportunity to earn a fair return on equity;

(2) Includes provisions for an annual true-up which shall accurately and appropriately remedy any over- or under-collections, including interest at the utility's short-term borrowing rate, through subsequent rate adjustments or refunds;

(3) In the case of an adjustment mechanism submitted under subsections 1 and 2 of this section, includes provisions requiring that the utility file a general rate case with the effective date of new rates to be no later than four years after the effective date of the commission order implementing the adjustment mechanism. However, with respect to each mechanism, the four-year period shall not include any periods in which the utility is prohibited from collecting any charges under the adjustment mechanism, or any period for which charges collected under the adjustment mechanism must be fully refunded. In the event a court determines that the adjustment mechanism is unlawful and all moneys collected thereunder are fully refunded, the utility shall be relieved of any obligation under that adjustment mechanism to file a rate case;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(4) In the case of an adjustment mechanism submitted under subsection 1 or 2 of this section, includes provisions for prudence reviews of the costs subject to the adjustment mechanism no less frequently than at eighteen-month intervals, and shall require refund of any imprudently incurred costs plus interest at the utility's short-term borrowing rate.

5. Once such an adjustment mechanism is approved by the commission under this section, it shall remain in effect until such time as the commission authorizes the modification, extension, or discontinuance of the mechanism in a general rate case or complaint proceeding.

6. Any amounts charged under any adjustment mechanism approved by the commission under this section shall be separately disclosed on each customer bill.

7. The commission may take into account any change in business risk to the corporation resulting from implementation of the adjustment mechanism in setting the corporation's allowed return in any rate proceeding, in addition to any other changes in business risk experienced by the corporation.

8. In the event the commission lawfully approves an incentive- or performance-based plan, such plan shall be binding on the commission for the entire term of the plan. This subsection shall not be construed to authorize or prohibit any incentive- or performance-based plan.

9. [Prior to August 28, 2005.] The commission shall have the authority to promulgate rules under the provisions of chapter 536 as it deems necessary, to govern the structure, content and operation of such rate adjustments, and the procedure for the submission, frequency, examination, hearing and approval of such rate adjustments. Such rules shall be promulgated no later than one hundred fifty days after the initiation of such rulemaking proceeding. Any electrical, gas, or water corporation may apply for any adjustment mechanism under this section whether or not the commission has promulgated any such rules.

10. Nothing contained in this section shall be construed as affecting any existing adjustment mechanism, rate schedule, tariff, incentive plan, or other ratemaking mechanism currently approved and in effect.

11. Each of the provisions of this section is severable. In the event any provision or subsection of this section is deemed unlawful, all remaining provisions shall remain in effect.

12. The [provisions of this section shall take effect on January 1, 2006, and the] commission shall have previously promulgated rules to implement the application process for any rate adjustment mechanism under this section prior to the commission issuing an order for any such rate adjustment.

13. The public service commission shall appoint a task force, consisting of all interested parties, to study and make recommendations on the cost recovery and implementation of conservation and weatherization programs for electrical and gas corporations.

14. Each public utility operating under a mechanism proposed and approved under subsection 3 of this section shall quarterly file a surveillance monitoring, consisting of five parts. Each part, except the rate base quantifications report, shall contain information for the last twelve month period and the last quarter data for total company electric operations and Missouri jurisdictional operations. Rate base quantifications shall contain only information for the ending date of the period being reported.

(1) Part one of the surveillance monitoring report shall be the rate base quantifications report. The quantification of rate base items in part one shall be consistent with the methods or procedures used in the most recent rate proceeding unless otherwise specified. The report shall consist of specific rate base quantifications of:

(a) Plant in service;

(b) Reserve for depreciation;

386.390. COMPLAINT, WHO MAY MAKE — PROCEDURE TO HEAR — SERVICE OF PROCESS, HOW HAD — TIME AND PLACE OF HEARING, HOW FIXED. — 1. Complaint may be made by the commission of its own motion, or by the public counsel or any corporation or person, chamber of commerce, board of trade, or any civic, commercial, mercantile, traffic, agricultural or manufacturing association or organization, or any body politic or municipal corporation, by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any corporation, person or public utility[, including any rule, regulation or charge heretofore established or fixed by or for any corporation, person or public utility,] in violation, or claimed to be in violation, of any provision of law subject to the commission's authority, [or] of any rule promulgated by the commission, of any utility tariff, or of any order or decision of the commission; provided, that no complaint shall be entertained by the commission, except upon its own motion, as to the reasonableness of any rates or charges of any gas, electrical, water, sewer, or telephone corporation, unless the same be signed by the public counsel or the mayor or the president or chairman of the board of aldermen or a majority of the council, commission or other legislative body of any city, town, village or county, within which the alleged violation occurred, or not less than twenty-five consumers or purchasers, or prospective consumers or purchasers, of such gas, electricity, water, sewer or telephone service.

2. All matters upon which complaint may be founded may be joined in one hearing, and no motion shall be entertained against a complaint for misjoinder of causes of action or grievances or misjoinder or nonjoinder of parties; and in any review by the courts of orders or decisions of the commission the same rule shall apply with regard to the joinder of causes and parties as herein provided.

3. The commission shall not be required to dismiss any complaint because of the absence of direct damage to the complainant. Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the public utility, corporation or person complained of.

4. Service in all hearings, investigations and proceedings pending before the commission may be made upon any person upon whom summons may be served in accordance with the provisions of the code of civil procedure of this state, and may be made personally or by mailing in a sealed envelope with postage prepaid.

5. The commission shall fix the time when and the place where a hearing will be had upon the complaint and shall serve notice thereof, not less than ten days before the time set for such hearing, unless the commission shall find that the public necessity requires that such hearing be held at an earlier date.

393.137. ELECTRICAL CORPORATION RATE ADJUSTMENT, ONE TIME — DEFINITIONS — WHEN, HOW CALCULATED — ALTERNATIVE DEFERRAL, WHEN, HOW CALCULATED. — 1. This section applies to electrical corporations that do not have a general rate proceeding pending before the commission as of the later of February 1, 2018, or the effective date of this section.

2. For purposes of this section, the following terms shall mean:
(1) "Commission", the public service commission;
(2) "Electrical corporation", the same as defined in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
3. If the rates of any electrical corporation to which this section applies have not already been adjusted to reflect the effects of the federal 2017 Tax Cut and Jobs Act, Pub. L. No. 115-97, 94 Stat. 2390, the commission shall have one time authority that shall be exercised within ninety days of the effective date of this section to adjust such electrical corporation's rates prospectively so that the income tax component of the revenue requirement used to set such an electrical corporation's rates is based upon the provisions of such federal act without considering any other factor as otherwise required by section 393.270. The commission shall also require electrical corporations to which this section applies, as provided for under subsection 1 of this section, to defer to a regulatory asset the financial impact of such federal act on the electrical corporation for the period of January 1, 2018, through the date the electrical corporation's rates are adjusted on a one-time basis as provided for in the immediately preceding sentence. The amounts deferred under this subsection shall be included in the revenue requirement used to set the electrical corporation's rates in its subsequent general rate proceeding through an amortization over a period determined by the commission.

4. Upon good cause shown by the electrical corporation, the commission may, as an alternative to requiring a one-time rate change and deferral under subsection 2 of this section, allow a deferral, in whole or in part, of such federal act's financial impacts to a regulatory asset starting January 1, 2018, through the effective date of new rates in such electrical corporation's next general rate proceeding. The deferred amounts shall be included in the revenue requirement used to set the electrical corporation's rates in its subsequent general rate proceeding through an amortization over a period determined by the commission.

393.170. APPROVAL OF INCORPORATION AND FRANCHISES — CERTIFICATE. — 1. No gas corporation, electrical corporation, water corporation or sewer corporation shall begin construction of a gas plant, electric plant, water system or sewer system, other than an energy generation unit that has a capacity of one megawatt or less, without first having obtained the permission and approval of the commission.

2. No such corporation shall exercise any right or privilege under any franchise hereafter granted, or under any franchise heretofore granted but not heretofore actually exercised, or the exercise of which shall have been suspended for more than one year, without first having obtained the permission and approval of the commission. Before such certificate shall be issued a certified copy of the charter of such corporation shall be filed in the office of the commission, together with a verified statement of the president and secretary of the corporation, showing that it has received the required consent of the proper municipal authorities.

3. The commission shall have the power to grant the permission and approval herein specified whenever it shall after due hearing determine that such construction or such exercise of the right, privilege or franchise is necessary or convenient for the public service. The commission may by its order impose such condition or conditions as it may deem reasonable and necessary. Unless exercised within a period of two years from the grant thereof, authority conferred by such certificate of convenience and necessity issued by the commission shall be null and void.

393.1400. DEFERRAL OF DEPRECIATION TO REGULATORY ASSET — RETURN FOR QUALIFYING ELECTRIC PLANT RECORDED TO PLANT-IN-SERVICE ON UTILITY'S BOOKS — DEFINITIONS — REGULATORY ASSET BALANCES — REQUIREMENTS — GRID

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
MODERNIZATION PROJECTS — EXPIRATION DATE. — 1. For purposes of this section, the following terms shall mean:

(1) "Commission", the public service commission;

(2) "Electrical corporation", the same as defined in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;

(3) "Qualifying electric plant", all rate base additions, except rate base additions for new coal-fired generating units, new nuclear generating units, new natural gas units, or rate base additions that increase revenues by allowing service to new customer premises;

(4) "Rate base cutoff date", the date rate base additions are accounted for in a general rate proceeding. In the absence of a commission order that specifies the rate base cutoff date, such date as reflected in any jointly proposed procedural schedule submitted by the parties in the applicable general rate proceeding, or as otherwise agreed to by such parties, shall be used;

(5) "Weighted average cost of capital", the return on rate base used to determine the revenue requirement in the electrical corporation's most recently completed general rate proceeding; provided, that in the absence of a commission determination of the return on rate base within the three-year period prior to the effective date of this section, the weighted average cost of capital shall be determined using the electrical corporation's actual capital structure as of December 31, 2017, excluding short-term debt, the electrical corporation's actual cost of long-term debt and preferred stock as of December 31, 2017, and a cost of common equity of nine and one-half percent.

2. (1) Notwithstanding any other provision of chapter 393 to the contrary, electrical corporations shall defer to a regulatory asset eighty-five percent of all depreciation expense and return associated with all qualifying electric plant recorded to plant-in-service on the utility's books commencing on or after the effective date of this section, if the electrical corporation has made the election provided for by subsection 5 of this section by that date, or on the date such election is made if the election is made after the effective date of this section. In each general rate proceeding concluded after the effective date of this section, the balance of the regulatory asset as of the rate base cutoff date shall be included in the electrical corporation's rate base without any offset, reduction, or adjustment based upon consideration of any other factor, other than as provided for in subdivision (2) of this subsection, with the regulatory asset balance arising from deferrals associated with qualifying electric plant placed in service after the rate base cutoff date to be included in rate base in the next general rate proceeding. The expiration of this section shall not affect the continued inclusion in rate base and amortization of regulatory asset balances that arose under this section prior to such expiration.

(2) The regulatory asset balances arising under this section shall be adjusted to reflect any prudence disallowances ordered by the commission. The provisions of this section shall not be construed to affect existing law respecting the burdens of production and persuasion in general rate proceedings for rate base additions.

(3) Parts of regulatory asset balances created under this section that are not yet being recovered through rates shall include carrying costs at the electrical corporation's weighted average cost of capital, plus applicable federal, state, and local income or excise taxes. Regulatory asset balances arising under this section and included in rate base shall be recovered in rates through a twenty-year amortization beginning on the date new rates reflecting such amortization take effect.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
3. (1) Depreciation expense deferred under this section shall account for all qualifying electric plant placed into service less retirements of plant replaced by such qualifying electric plant.

(2) Return deferred under this section shall be determined using the weighted average cost of capital applied to the change in plant-related rate base caused by the qualifying electric plant, plus applicable federal, state, and local income or excise taxes. In determining the return deferred, the electrical corporation shall account for changes in all plant-related accumulated deferred income taxes and changes in accumulated depreciation, excluding retirements.

4. Beginning February 28, 2019, and by each February twenty-eighth thereafter while the electrical corporation is allowed to make the deferrals provided for by subsection 2 of this section, electrical corporations that defer depreciation expense and return authorized under this section shall submit to the commission a five-year capital investment plan setting forth the general categories of capital expenditures the electrical corporation will pursue in furtherance of replacing, modernizing, and securing its infrastructure. The plan shall also include a specific capital investment plan for the first year of the five-year plan consistent with the level of specificity used for annual capital budgeting purposes. For each of the first five years that an electrical corporation is allowed to make the deferrals provided for by subsection 2 of this section, the purchase and installation of smart meters shall constitute no more than six percent of the electrical corporation's total capital expenditures during any given year under the corporation's specific capital investment plan. At least twenty-five percent of the cost of each year's capital investment plan shall be comprised of grid modernization projects, including but not limited to:

(1) Increased use of digital information and controls technology to improve reliability, security, and efficiency of the electric grid;

(2) Dynamic optimization of grid operations and resources, with full cyber-security;

(3) Deployment and integration of distributed resources and generation, including renewable resources;

(4) Development and incorporation of demand response, demand-side resources, and energy-efficiency resources;

(5) Deployment of "smart" technologies (real-time, automated, interactive technologies that optimize the physical operation of appliances and consumer devices) for metering, communications, concerning grid operations and status, and distribution automation;

(6) Integration of "smart" appliances and devices;

(7) Deployment and integration of advanced electricity storage and peak-shaving technologies, including plug-in electric and hybrid electric vehicles, and thermal storage air conditioning;

(8) Provision of timely information and control options to consumer;

(9) Development of standards for communication and interoperability of appliances and equipment connected to the electric grid, including the infrastructure serving the grid; and

(10) Identification and lowering of unreasonable or unnecessary barriers to adoption of smart grid technologies, practices, and services.

Project specific information need not be included for the five-year period covered by the plan. Within thirty days of the filing of any capital investment plan or annual update to an existing plan, the electrical corporation shall host a public stakeholder meeting to answer questions and receive feedback about the plan. After feedback is received, the electrical
corporation shall file a notice with the commission of any modifications to the capital investment plan it has accepted. Changes to the plan, its implementation, or the level of investments made shall not constitute evidence of imprudence of the investments made under such plan. The submission of a capital investment plan under this section shall not affect in any way the commission's authority with respect to the grant or denial of a certificate of convenience and necessity under section 393.170. By February twenty-eighth following each year in which the electrical corporation submits a capital investment plan, the electrical corporation shall submit a report to the commission detailing actual capital investments made the previous year.

5. This section shall only apply to any electrical corporation that has filed a notice with the commission of the electrical corporation's election to make the deferrals for which this section provides. No electrical corporation shall file a notice with the commission under this subsection if such corporation has made an application under subsection 3 of section 386.266, and such application has been approved. An electrical corporation's election shall allow it to make the deferrals provided for by subsection 2 of this section until December 31, 2023, unless the electrical corporation requests and the commission approves the continuation of such deferrals beyond that date and approves continuation of the discounts authorized by section 393.1640 beyond that date as hereinafter provided. An electrical corporation that wishes to continue to make the deferrals provided for by subsection 2 of this section from January 1, 2024, through December 31, 2028, shall obtain the commission's approval to do so, shall be subject to the compound annual growth rate limitations set forth under section 393.1655, and shall also obtain the commission's approval to continue to provide the discounts authorized by section 393.1640 in a commission order issued on or before December 31, 2023. The commission shall have the authority to grant or deny such approval based upon the commission's evaluation of the costs and benefits of such continuation to electrical corporations and consumers, but shall not be authorized to condition such approval or otherwise modify the deferrals authorized by subsection 2 of this section, or the discounts authorized by section 393.1640. In deciding whether to extend the program for an additional five years, the commission shall develop an objective analytical framework to determine whether there is a continuing need. The commission shall make a finding about whether there is a continuing need after hearing. Failure to obtain such commission approval shall not affect deferrals made through December 31, 2023, or the regulatory and ratemaking treatment of the regulatory assets arising from such deferrals as provided for by this section.

6. This section shall expire on December 31, 2028, except that the amortization of the regulatory asset balances arising under this section shall continue to be reflected in the electrical corporation's rates and remaining regulatory asset balances shall be included in the electrical corporation's rate base consistent with the ratemaking treatment and amortization previously approved by the commission pursuant to this section.

393.1610. SMALL SCALE AND PRIVATE INNOVATIVE TECHNOLOGY INVESTMENTS — DEFINITIONS. — 1. The commission may approve investments by an electrical corporation in small scale or pilot innovative technology projects, including but not limited to renewable generation, micro grids, or energy storage, if the small scale or pilot project is designed to advance the electrical corporation's operational knowledge of deploying such technologies, including to gain operating efficiencies that result in customer savings and benefits as the technology is scaled across the grid or network.
2. For purposes of this section, "electrical corporation" and "commission" shall mean the same as defined in section 386.020, but an "electrical corporation" shall not include an electrical corporation as described in subsection 2 of section 393.110.

393.1640. GROWTH PROJECT, DISCOUNT RATE, WHEN — REQUIREMENTS — EXPIRATION DATE. — 1. Subject to the limitations provided for in subsection 2 of this section, and upon proper application by an eligible customer prior to public announcement of a growth project, a new or existing account meeting the following criteria shall be considered for qualification for the discount set forth in this subsection if:

(1) The customer adds incremental load, net of any offsetting load reductions due to the termination of other accounts of the customer or an affiliate of the customer within twelve months prior to the commencement of service to the new load, with average monthly demand that is reasonably projected to be at least three hundred kilowatts with a load factor of at least fifty-five percent within two years after the date the application is submitted;

(2) The customer receives local, regional, or state economic development incentives in conjunction with the incremental load; and

(3) The customer meets the criteria set forth in the electrical corporation's economic development rider tariff sheet, as approved by the commission, that are not inconsistent with the provisions of this subsection.

The discount shall be a percentage applied to all base rate components of the bill. The percentage shall be fixed for each year of service under the discount for a period of up to five years. Subject to the remaining provisions of this subsection, the average of the annual discount percentages shall equal forty percent and shall not be less than thirty percent nor more than fifty percent in any year. The discount shall be applied to such incremental load from the date when the meter has been permanently set until the date that such incremental load no longer meets the criteria required to qualify for the discount, as determined under the provisions of subsection 2 of this section. An eligible customer shall also receive a ten percent discount of all base rate components of the bill applied to such incremental load for one year after the initial discount period ends if the electrical corporation determines that the customer is taking service from an under-utilized circuit. In no event shall a customer receive a discount under this subsection after the date this section expires. The electrical corporation may include in its tariff additional or alternative terms and conditions to a customer's utilization of the discount, subject to approval of such terms and conditions by the commission. The customer, on forms supplied by the electrical corporation, shall apply for the discount provided for by this subsection at least ninety days prior to the date the customer requests that the incremental demand receive the discounts provided for by this subsection. If the incremental demand is not separately metered, the electrical corporation's determination of the incremental demand shall control. Notwithstanding the foregoing provisions of this subsection, the cents per kilowatt-hour realization resulting from application of any such discounted rate as calculated shall be higher than the electrical corporation's variable cost to serve such accounts in aggregate and the discounted rate also shall make a positive contribution to fixed costs associated with such service. If in a subsequent general rate proceeding the commission determines that application of such discounted rate is not adequate to cover the electrical corporation's variable cost to serve such accounts and provide a positive contribution to fixed costs then the commission shall increase the rate prospectively to the extent necessary to do so.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
2. In each general rate proceeding concluded after the effective date of this section, the reduced level of revenues arising from the application of discounted rates provided for by subsection 1 of this section shall be allocated to all the electrical corporation's customer classes, including the classes with customers that qualify for discounts under this section. This increase shall be implemented through the application of a uniform percentage adjustment to the revenue requirement responsibility of all customer classes. To qualify for the discounted rates provided for in this section, if incremental load is separately metered, customers shall meet the applicable criteria within twenty-four months after the date the meter is permanently set based on metering data for calendar months thirteen through twenty-four and annually thereafter. If such data indicates that the customer did not meet the criteria for any applicable twelve-month period, it shall thereafter no longer qualify for the discounted rate. The provisions of this section do not supersede or limit the ability of an electrical corporation to continue to utilize economic development or retention tariffs previously approved by the commission that are in effect on the effective date of this section. If, however, a customer is receiving any economic development or retention-related discounts as of the date it would otherwise qualify for a discount provided for by this section, the customer shall agree to relinquish the prior discount concurrently with the date it begins to receive a discount under this section; otherwise, the customer shall not be eligible to receive any discount under this section. Customer demand existing at the time the customer begins to receive discounted rates under this section shall not constitute incremental demand. The discounted rates provided for by this section apply only to base rate components, with the charges or credits arising from any rate adjustment mechanism authorized by law to be applied to customers qualifying for discounted rates under this section in the same manner as such rate adjustments would apply in the absence of this section.

3. For purposes of this section, "electrical corporation" shall mean the same as defined in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110.

4. This section shall expire on December 31, 2028, provided, that unless the electrical corporation has timely obtained the order provided for by subsection 5 of section 393.1400, the electrical corporation's customers shall, after December 31, 2023, no longer receive the discounts provided under this section.

393.1650. CONSTRUCTION-RELATED SERVICES, CONTRACTOR QUALIFICATION PROCESS — DEFINITIONS — REQUIREMENTS — REPORT. — 1. For purposes of this section, the following terms shall mean:

(1) "Commission", the Missouri public service commission established under section 386.040;

(2) "Electrical corporation", a corporation with more than one million Missouri retail electric customers in the year in which this section becomes effective and that otherwise meets the definition of "electrical corporation" in section 386.020.

2. Electrical corporations shall develop a qualification process and make such process open to all contractors seeking to provide construction and construction-related services for projects on the electrical corporation's distribution system. Contractors shall have the opportunity to register on the electrical corporation's vendor registration site and be evaluated for bid opportunities. Under the qualification process, electrical corporations may specify eligibility requirements typically accepted by the industry, including but not limited to...
to, experience, performance criteria, safety policies, and insurance requirements to be met by any contractor seeking to participate in competitive bidding to provide construction and construction-related services for distribution system projects, and the electrical corporation shall not weight any contractor favorably or unfavorably due to affiliation with a labor organization or union, except if the work is being performed pursuant to a union-only project labor agreement which requires that participating contractors use union represented labor. Contractors that meet the eligibility requirements set by electrical corporations shall be eligible to participate in the competitive bidding process for providing construction and construction-related services for distribution system projects, and the contractor making the lowest and best bid shall be awarded such contract.

3. Within thirty days after the effective date of this section, electrical corporations shall file a verified statement with the commission confirming that they have established a qualification process for the competitive bidding of construction and construction-related services for distribution system projects, and that such process conforms with the requirements of this section. The commission shall have the authority to verify the statement to ensure compliance with this section. Whenever the electrical corporation files a general rate proceeding, it shall submit concurrently with its submission of the rate schedules that initiate such general rate proceeding a verified statement confirming that it is using the qualification process for the competitive bidding of construction and construction-related services for distribution system projects required by this section for no less than ten percent of the combined external installation expenditures made by the electrical corporation's operating units in Missouri for construction and construction-related services for distribution system projects, and that such process conforms with the requirements set forth in this section to ensure compliance with this subsection.

4. Nothing in this section shall be construed as requiring any electrical corporation to use a qualified contractor or competitive bidding process in the case of an emergency project, or to terminate any existing contract with a contractor prior to its expiration, provided that the use of any pre-existing contract for construction or construction-related services for distribution system projects shall not qualify as fulfilling the ten percent requirement set forth in subsection 3 of this section. For contractors not qualifying through the competitive bid process, the electrical corporation, upon request from the contractor, shall provide information from the process in which the contractor can be informed as to how to be better positioned to qualify for such bid opportunities in the future.

5. By December 31, 2020, and annually thereafter, the commission shall submit a report to the general assembly on the effects of this section, including electrical corporation compliance, potential legislative action regarding this section, the costs of constructing distribution system projects prior to the implementation of this section compared to after the implementation of this section, and any other information regarding the processes established under this section that the commission deems necessary.

393.1655. RATE MODIFICATIONS, LIMITATIONS ON — DEFINITIONS. — 1. This section applies to an electrical corporation that has elected to exercise any option under section 393.1400 and that has more than two hundred thousand Missouri retail customers in the year in which this section becomes effective, and shall continue to apply to such electrical corporation until December 31, 2023, if the commission has not issued an order approving continuation of the deferrals authorized by subsection 2 of section 393.1400, and continuation of the discounts authorized by section 393.1640 as authorized by subsection 5

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
of section 393.1400 with respect to the electrical corporation, or until December 31, 2028, if the commission has issued such an order with respect to the electrical corporation.

2. Notwithstanding any other provision of law and except as otherwise provided for by this section, an electrical corporation's base rates shall be held constant for a period starting on the date new base rates were established in the electrical corporation's last general rate proceeding concluded prior to the date the electrical corporation gave notice under subsection 5 of section 393.1400 and ending on the third anniversary of that date, unless a force majeure event as determined by the commission occurs. Whether a force majeure event has occurred shall be subject to commission review and approval in a general rate proceeding, and shall not preclude the commission from reviewing the prudence of any revenue reductions or costs incurred during any proceeding to set rates. This subsection shall not affect the electrical corporation's ability to adjust its nonbase rates during the three-year period provided for in this subsection as authorized by its commission-approved rate adjustment mechanisms arising under sections 386.266, 393.1030, or 393.1075, or as authorized by any other rate adjustment mechanism authorized by law.

3. This subsection shall apply to electrical corporations that have a general rate proceeding pending before the commission as of the later of February 1, 2018, or the effective date of this section. If the difference between (a) the electrical corporation's average overall rate at any point in time while this section applies to the electrical corporation, and (b) the electrical corporation's average overall rate as of the date new base rates are set in the electrical corporation's most recent general rate proceeding concluded prior to the date the electrical corporation gave notice under section 393.1400, reflects a compound annual growth rate of more than three percent, the electrical corporation shall not recover any amount in excess of such three percent as a performance penalty.

4. This section shall apply to electrical corporations that do not have a general rate proceeding pending before the commission as of the later of February 1, 2018, or the effective date of this section. If the difference between (a) the electrical corporation's average overall rate at any point in time while this section applies to the electrical corporation, and (b) the average of (i) the electrical corporation's average overall rate as of the date new base rates are set in the electrical corporation's most recent general rate proceeding concluded prior to the date the electrical corporation gave notice under section 393.1400, and (ii) the electrical corporation's average overall rate set under section 393.137, reflects a compound annual growth rate of more than two and eighty-five hundredths percent, the electrical corporation shall not recover any amount in excess of such two and eighty-five hundredths percent as a performance penalty.

5. If a change in any rates charged under a rate adjustment mechanism approved by the commission under sections 386.266 and 393.1030 would cause an electrical corporation's average overall rate to exceed the compound annual growth rate limitation set forth in subsection 3 or 4 of this section, the electrical corporation shall reduce the rates charged under that rate adjustment mechanism in an amount sufficient to ensure that the compound annual growth rate limitation set forth in subsection 3 or 4 of this section is not exceeded due to the application of the rate charged under such mechanism and the performance penalties under such subsections are not triggered. Sums not recovered under any such mechanism because of any reduction in rates under such a mechanism pursuant to this subsection shall be deferred to and included in the regulatory asset arising under section 393.1400 or, if applicable, under the regulatory and ratemaking treatment ordered by the commission.
under section 393.1400, and recovered through an amortization in base rates in the same manner as deferrals under that section or order are recovered in base rates.

6. If the difference between (a) the electrical corporation's class average overall rate at any point in time while this section applies to the electrical corporation, and (b) the electrical corporation's class average overall rate as of the date rates are set in the electrical corporation's most recent general rate proceeding concluded prior to the date the electrical corporation gave notice under subsection 5 of section 393.1400, reflects a compound annual growth rate of more than two percent for the large power service rate class, the class average overall rate shall increase by an amount so that the increase shall equal a compound annual growth rate of two percent over such period for such large power service rate class, with the reduced revenues arising from limiting the large power service class average overall rate increase to two percent to be allocated to all the electrical corporation's other customer classes through the application of a uniform percentage adjustment to the revenue requirement responsibility of all the other customer classes.

7. For purposes of this section, the following terms shall mean:

(1) "Average base rate", a rate calculated by dividing the total retail revenue requirement for all the electrical corporation's rate classes by the total sales volumes stated in kilowatt-hours for all such rate classes used to set rates in the applicable general rate proceeding, exclusive of gross receipts tax, sales tax, and other similar pass-through taxes;

(2) "Average overall rate", a rate equal to the sum of the average base rate and the average rider rate;

(3) "Average rider rate", a rate calculated by dividing the total of the sums to be recovered from all customer classes under the electrical corporation's rate adjustment mechanisms in place other than a rate adjustment mechanism under section 393.1075 by the total sales volumes stated in kilowatt-hours for all of the electrical corporation's rate classes used to set rates under such rate adjustment mechanisms, exclusive of gross receipts tax, sales tax, and other similar pass-through taxes;

(4) "Class average base rate", a rate calculated by dividing the retail revenue requirement from the applicable general rate proceeding that is allocated to the electrical corporation's large power service rate class in that general rate proceeding, by the total sales volumes stated in kilowatt-hours for that class used to set rates in that general rate proceeding, exclusive of gross receipts tax, sales tax, and other similar pass-through taxes;

(5) "Class average overall rate", a rate equal to the sum of the class average base rate and the class average rider rate;

(6) "Class average rider rate", a rate calculated by dividing the total of the sums allocated for recovery from the large power service rate class under the electrical corporation's rate adjustment mechanisms in place other than a rate adjustment mechanism under section 393.1075 by the total sales volumes stated in kilowatt-hours for that class used to set rates under such rate adjustment mechanisms, exclusive of gross receipts tax, sales tax, and other similar pass-through taxes;

(7) "Force majeure event", an event or circumstance that occurs as a result of a weather event, an act of God, war, terrorism, or other event which threatens the financial integrity of the electrical corporation that causes a reduction in revenues, an increase in the cost of providing electrical service, or some combination thereof, and the event has an associated fiscal impact on the electrical corporation's operations equal to three percent or greater of the total revenue requirement established in the electrical corporation's last general rate proceeding after taking into account the financial impact specified in section 393.137. Any
force majeure event shall be subject to commission review and approval, and shall not preclude the commission from reviewing the prudence of any revenue reductions or costs incurred during any proceeding to set rates;

(8) "Large power service rate class", the rate class of each corporation that requires the highest minimum monthly billing demand of all of the electrical corporation's rate classes in order to qualify as a member of such rate class, and that applies to qualifying customers only if they utilize the electrical corporation's distribution system.

393.1665. Utility-owned solar facilities in Missouri, investment in, when — expiration date. — 1. For purposes of this section, "electrical corporation" shall mean the same as defined in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110.

2. An electrical corporation with one million or more Missouri electric customers shall invest in the aggregate no less than fourteen million dollars in utility-owned solar facilities located in Missouri or in an adjacent state during the period between the effective date of this section and December 31, 2023. An electrical corporation with less than one million but more than two-hundred thousand Missouri electric customers shall invest in the aggregate no less than four million dollars in utility-owned solar facilities located in Missouri or in an adjacent state during the period between the effective date of this section and December 31, 2023. An electrical corporation with two hundred thousand or fewer Missouri electric customers shall invest in the aggregate no less than three million five hundred thousand dollars in utility-owned solar facilities located in Missouri or in an adjacent state during the period between the effective date of this section and December 31, 2023. If the rate impact of the electrical corporation's investment in such facilities would cause the electrical corporation to exceed the one percent maximum average retail rate increase limitation required by subdivision (1) of subsection 2 of section 393.1030, that part of such costs that would cause such one percent limitation to be exceeded shall be deferred by the electrical corporation to a regulatory asset. Carrying costs at the electrical corporation's weighted average cost of capital shall be added to the regulatory asset balance and the regulatory asset shall be recovered through rates set under section 393.150 or through a rate adjustment mechanism under section 393.1030, as soon as is practical.

3. An electrical corporation's decision to invest in utility-owned solar facilities consistent with subsection 2 of this section shall be deemed to be prudent. An electrical corporation shall not be required to obtain the permission of the commission to construct the facilities required by this section, notwithstanding the provisions of section 393.170. The commission shall retain the authority to review the specific costs incurred to construct and own the facilities to ensure that rates are based only on prudently incurred costs.

4. Nothing in this section shall preclude an electrical corporation from recovering costs of investing in or purchasing electricity from additional solar facilities beyond those provided for under subsection 2 of this section.

5. This section shall expire on December 31, 2023, provided that after such expiration the electrical corporation shall be entitled to recover any remaining regulatory asset balance as provided in subsection 2 of this section.

393.1670. Solar rebates, amount — limitations — recovery of costs — rulemaking authority — definitions — expiration date. — 1. Notwithstanding the provisions of subdivision (1) of subsection 2 of section 393.1030 and section 393.1045 to the
contrary, and subject to the limitations provided for in this section, an electrical corporation
shall, commencing January 1, 2019, make solar rebates available in the amounts specified
in this section. For systems becoming operational between January 1, 2019, and June 30,
2019, the solar rebate shall be fifty cents per watt, and for systems that become operational
after June 30, 2019, through December 31, 2023, the solar rebate shall be twenty-five cents
per watt. The rebates provided for by this section shall apply to new or expanded solar
electric systems up to a maximum of twenty-five kilowatts per system for residential
customers and up to one hundred fifty kilowatts per system for nonresidential customers.
Customers shall be eligible for rebates on new or expanded systems for the increment of new
or extended capacity and not for capacity on which rebates offered under any other
provision of law have previously been paid, up to the system kilowatt limits set forth in this
section. However, an electrical corporation's obligation to make solar rebate payments
under this section shall not exceed the following limitations:

(1) Electrical corporations with one million or more Missouri retail customers as of the
effective date of this section shall not be obligated to pay solar rebates in any calendar year
from 2019 through 2023 in an amount exceeding five million six hundred thousand dollars
or in an aggregate amount during those calendar years exceeding twenty-eight million
dollars;

(2) Electrical corporations with less than one million but more than two hundred
thousand Missouri retail customers as of the effective date of this section shall not be
obligated to pay solar rebates in any calendar year from 2019 through 2023 in an amount
exceeding one million six hundred thousand dollars or in an aggregate amount during those
calendar years exceeding eight million dollars; and

(3) Electrical corporations with two hundred thousand or less Missouri retail customers
as of the effective date of this section shall not be obligated to pay solar rebates in any
calendar year from 2019 through 2023 in an amount exceeding one million four hundred
thousand dollars or in an aggregate amount during those calendar years exceeding seven
million dollars.

2. At its election, the electrical corporation shall be permitted to recover the cost of all
solar rebate payments it has made through either base rates or through a rate adjustment
mechanism under section 393.1030, and shall, also at its election, be permitted to defer and
amortize the recovery of such costs, including interest at the electric corporation's short-
term borrowing rate, through either base rates or a surcharge over a period of the electrical
corporation's choice not to exceed five years; provided that, if recovery of such costs in such
manner and over such a time period would cause the electrical corporation to exceed the one
percent maximum average retail rate increase limitation required by subdivision (1) of
subsection 2 of section 393.1030, that part of recovery of such costs that would exceed such
one percent limitation shall be deferred by the electrical corporation to a regulatory asset, to
which carrying costs at the electrical corporation's weighted average cost of capital shall be
added and recovered through base rates or through a rate adjustment mechanism under
section 393.1030, as soon as practicable.

3. Solar rebates in the amounts specified for each calendar year and in the aggregate for
calendar years 2019 through 2023 referred to in this section shall become available effective
January 1, 2019. The solar rebate provision of subsection 3 of section 393.1030, including
any commission orders relating to such provisions applicable to an electrical corporation,
are unaffected by this section.
4. Reductions in electrical corporation loads as a result of the installation of solar systems not owned by the electrical corporation that provide electricity to the electrical corporation's customers constitute conservation.

5. The commission shall have the authority to promulgate rules for the implementation of this section, but only to the extent that such rules are consistent with, and do not delay the implementation of, the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

6. For purposes of this section, "electrical corporation" and "commission" shall mean the same as defined in section 386.020, but an "electrical corporation" shall not include an electrical corporation as described in subsection 2 of section 393.110.

7. This section shall expire on December 31, 2023; provided however, that after such expiration, the electrical corporation shall be entitled to recover any remaining regulatory asset balance as provided in subsection 2 of this section.

SECTION 1. NONSEVERABILITY CLAUSE. — Notwithstanding the provisions of section 1.140 to the contrary, the provisions of this act shall be nonseverable, and if any provision is for any reason held to be invalid, such decision shall invalidate all of the remaining provisions of this act.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to reduce the electric bills of consumers due to the implementation of federal tax cuts, the enactment of section 393.137 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 393.137 of this act shall be in full force and effect upon its passage and approval.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 50.327 and 50.333, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 50.327 and 50.333, to read as follows:

50.327. BASE SALARY SCHEDULES FOR COUNTY OFFICIALS — SALARY COMMISSION RESPONSIBLE FOR COMPUTATION OF COUNTY OFFICIAL SALARIES, EXCEPT FOR CHARTER COUNTIES — SALARY INCREASES, WHEN. — 1. Notwithstanding any other provisions of law to the contrary, the salary schedules contained in section 49.082, sections 50.334 and 50.343, 51.281, 51.282, 52.269, 53.082, 53.083, 54.261, 54.320, 55.091, 56.265, 57.317, 58.095, and 473.742 shall be set as a base schedule for those county officials. Except when it is necessary to increase newly elected or reelected county officials' salaries, in accordance with Section 13, Article VII, Constitution of Missouri, to comply with the requirements of this section, the salary commission in all counties except charter counties in this state shall be responsible for the computation of salaries of all county officials; provided, however, that any percentage salary adjustments in a county shall be equal for all such officials in that county.

2. Upon majority approval of the salary commission, the annual compensation of part-time prosecutors contained in section 56.265 and the county offices contained in sections 49.082, 50.334, 51.281, 51.282, 52.269, 53.082, 53.083, 54.261, 54.320, 55.091, 58.095, and 473.742 may be increased by up to two thousand dollars greater than the compensation provided by the salary schedules; provided, however, that any vote to increase compensation be effective for all county offices in that county.

3. Upon majority approval of the salary commission, the annual compensation of a county sheriff as provided in section 57.317 may be increased by up to six thousand dollars greater than the compensation provided by the salary schedule of such section.

4. The salary commission of any county of the third classification may amend the base schedules for the computation of salaries for county officials referenced in subsection 1 of this section to include assessed valuation factors in excess of three hundred million dollars; provided that the percentage of any adjustments in assessed valuation factors shall be equal for all such officials in that county.

50.333. SALARY COMMISSION, DUTIES OF CLERK OR COURT ADMINISTRATOR, MEETINGS, NOTICE OF, MEMBERS, DUTIES, REPORT, FORM, FAILURE TO MEET, EFFECT OF — MILEAGE ALLOWANCE — MAXIMUM COMPENSATION ALLOWABLE, DEFINED (NONCHARTER COUNTIES). — 1. There shall be a salary commission in every nonchartered county.

2. The clerk or court administrator of the circuit court of the judicial circuit in which such county is located shall set a date, time and place for the salary commission meeting and serve as temporary chairman of the salary commission until the members of the commission elect a chairman from their number. Upon written request of a majority of the salary commission members the clerk or court administrator of the circuit court shall forthwith set the earliest date possible for a meeting of the salary commission. The circuit clerk or court administrator shall give notice of the time and place of any meeting of the salary commission. Such notice shall be published in a newspaper of general circulation in such county at least five days prior to such meeting. Such notice shall contain a general description of the business to be discussed at such meeting.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
3. The members of the salary commission shall be:
   (1) The recorder of deeds if the recorder's office is separate from that of the circuit clerk;
   (2) The county clerk;
   (3) The prosecuting attorney;
   (4) The sheriff;
   (5) The county commissioners;
   (6) The collector or treasurer ex officio collector;
   (7) The treasurer or treasurer ex officio collector;
   (8) The assessor;
   (9) The auditor;
   (10) The public administrator; and
   (11) The coroner.

Members of the salary commission shall receive no additional compensation for their services as members of the salary commission. A majority of members shall constitute a quorum.

4. Notwithstanding the provisions of sections 610.021 and 610.022, all meetings of a county salary commission shall be open meetings and all votes taken at such meetings shall be open records. Any vote taken at any meeting of the salary commission shall be taken by recorded yeas and nays.

5. In every county, the salary commission shall meet at least once before November thirtieth of each odd-numbered year and may meet in any even-numbered year. The salary commission may meet as many times as it deems necessary and may meet after November thirtieth and prior to December fifteenth of any odd-numbered year if the commission has met at least once prior to November thirtieth of that year. At any meeting of the salary commission, the members shall elect a chairman from their number. The county clerk shall present a report on the financial condition of the county to the commission once the chairman is elected, and shall keep the minutes of the meeting.

6. For purposes of this section, the 1988 base compensation is the compensation paid on September 1, 1987, plus the same percentage increase paid or allowed, whichever is greater, to the presiding commissioner or the sheriff, whichever is greater, of that county for the year beginning January 1, 1988. Such increase shall be expressed as a percentage of the difference between the maximum allowable compensation and the compensation paid on September 1, 1987. At its meeting in 1987 and at any meeting held in 1988, the salary commission shall determine the compensation to be paid to every county officer holding office on January 1, 1988. The salary commission shall establish the compensation for each office at an amount not greater than that set by law as the maximum compensation. If the salary commission votes to increase compensation, but not to pay the maximum amount authorized by law for any officer or office, then the increase in compensation shall be the same percentage increase for all officers and offices and shall be expressed as a percentage of the difference between the maximum allowable compensation and the compensation being received at the time of the vote. If two-thirds of the members of the salary commission vote to decrease the compensation being received at the time of the vote below that compensation, all officers shall receive the same percentage decrease. The commission may vote not to increase or decrease the compensation and that compensation shall continue to be the salary of such offices and officers during the subsequent term of office.

7. For the year 1989 and every second year thereafter, the salary commission shall meet in every county as many times as it deems necessary on or prior to November thirtieth of any such year for the purpose of determining the amount of compensation to be paid to county officials. For
each year in which the commission meets, the members shall elect a chairman from their number. The county clerk shall present a report on the financial condition of the county to the commission once the chairman is elected, and shall keep minutes of the meeting. The salary commission shall then consider the compensation to be paid for the next term of office for each county officer to be elected at their next general election. If the commission votes not to increase or decrease the compensation, the salary being paid during the term in which the vote was taken shall continue as the salary of such offices and officers during the subsequent term of office. If the salary commission votes to increase the compensation, all officers or offices whose compensation is being considered by the commission at that time shall receive the same percentage of the maximum allowable compensation. However, for any county in which all offices' and officers' salaries have been set at one hundred percent of the maximum allowable compensation, the commission may vote to increase the compensation of all offices except that of full-time prosecuting attorneys at that or any subsequent meeting of the salary commission without regard to any law or maximum limitation established by law. Such increase shall be expressed as a percentage of the compensation being paid during the term of office when the vote is taken, and each officer or office whose compensation is being established by the salary commission at that time shall receive the same percentage increase over the compensation being paid for that office during the term when the vote is taken. This increase shall be in addition to any increase mandated by an official's salary schedule because of changes in assessed valuation during the current term. If the salary commission votes to decrease the compensation, a vote of two-thirds or more of all the members of the salary commission shall be required before the salary or other compensation of any county office shall be decreased below the compensation being paid for the particular office on the date the salary commission votes, and all officers and offices shall receive the same percentage decrease.

8. The salary commission shall issue, not later than December fifteenth of any year in which it meets, a report of compensation to be paid to each officer and the compensation so set shall be paid beginning with the start of the subsequent term of office of each officer. The report of compensation shall be certified to the clerk of the county commission for the county and shall be in substantially the following form:

The salary commission for ______ County hereby certifies that it has met pursuant to law to establish compensation for county officers to be paid to such officers during the next term of office for the officers affected. The salary commission reports that there shall be (no increase in compensation) (an increase of ______ percent) (a decrease of ______ percent) (county officer's salaries set at ______ percent of the maximum allowable compensation).

Salaries shall be adjusted each year on the official's year of incumbency for any change in the last completed assessment that would affect the maximum allowable compensation for that office.

9. For the meeting in 1989 and every meeting thereafter, in the event a salary commission in any county fails, neglects or refuses to meet as provided in this section, or in the event a majority of the salary commission is unable to reach an agreement and so reports or fails to certify a salary report to the clerk of the county commission by December fifteenth of any year in which a report is required to be certified by this section, then the compensation being paid to each affected office or officer on such date shall continue to be the compensation paid to the affected office or officer during the succeeding term of office.

10. Other provisions of law notwithstanding, in every instance where an officer or employee of any county is paid a mileage allowance or reimbursement, the county commission shall allow or reimburse such officers or employees out of the county treasury at the highest rate paid to any
county officer for each mile actually and necessarily traveled in the performance of their official duties. The county commission of any county may elect to pay a mileage allowance for any county commissioner for travel going to and returning from the place of holding commission meetings and for all other necessary travel on official county business in the personal motor vehicle of the commissioner presenting the claim. The governing body of any county of the first classification not having a charter form of government may provide by order for the payment of mileage expenses of elected and appointed county officials by payment of a certain amount monthly which would reflect the average monthly mileage expenses of such officer based on the amount allowed pursuant to state law for the payment of mileage for state employees. Any order entered for such purpose shall not be construed as salary, wages or other compensation for services rendered.

11. The term "maximum allowable compensation" as used in this section means the highest compensation which may be paid to the specified officer or office in the particular county based on the salary schedule established by law for the specified officer or office. If the salary commission at its meeting in 1987 voted for one hundred percent of the maximum allowable compensation and does not change such vote at its meeting held within thirty days after May 13, 1988, as provided in subsection 6 of this section, the one hundred percent shall be calculated on the basis of the total allowable compensation permitted after May 13, 1988.

12. At the salary commission meeting which establishes the percentage rate to be applied to county officers during the next term of office, the salary commission may authorize the further adjustment of such officers' compensation as a cost-of-living component and effective January first of each year, the compensation for county officers may be adjusted by the county commission, and if the adjustment of compensation is authorized, the percentage increase shall be the same for all county officers, not to exceed the percentage increase given to the other county employees. The compensation for all county officers may be set as a group, although the change in compensation will not become effective until the next term of office for each officer.

13. At the salary commission meeting in 1997 which establishes the salaries for those officers to be elected at the general election in 1998, the salary commission of each noncharter county may provide salary increases for associate county commissioners elected in 1996. This one-time increase is necessitated by the change from two- to four-year terms for associate commissioners pursuant to house bill 256, passed by the first regular session of the eighty-eighth general assembly in 1995.

2. All security deposits shall be held by the landlord for the tenant, who is a party to the rental agreement, in a bank, credit union, or depository institution which is insured by an agency of the federal government. Security deposits shall not be commingled with other funds of the landlord. All security deposits shall be held in a trust established by the landlord and deposited in a bank, credit union, or depository institution account in the name of the trustee. Any interest earned on a security deposit shall be the property of the landlord. A landlord licensed under and subject to the requirements of chapter 339, in lieu of complying with this subsection, shall maintain all tenant security deposits in a bank, credit union, financial or depository institution account, and shall not commingle such security deposits with other funds of the landlord except as provided in section 339.105. A housing authority created under section 99.040 or any other government entity acting as a landlord shall not be subject to this subsection.

3. Within thirty days after the date of termination of the tenancy, the landlord shall:
   (1) Return the full amount of the security deposit; or
   (2) Furnish to the tenant a written itemized list of the damages for which the security deposit or any portion thereof is withheld, along with the balance of the security deposit.

The landlord shall have complied with this subsection by mailing such statement and any payment to the last known address of the tenant.

4. The landlord may withhold from the security deposit only such amounts as are reasonably necessary for the following reasons:
   (1) To remedy a tenant's default in the payment of rent due to the landlord, pursuant to the rental agreement;
   (2) To restore the dwelling unit to its condition at the commencement of the tenancy, ordinary wear and tear excepted; provided, however, that this subdivision does not preclude a landlord and tenant from agreeing, in the rental agreement between them, upon amounts or fees to be charged for cleaning of the carpet, and such amounts actually expended for carpet cleaning can be withheld from the security deposit, so long as the rental agreement also includes a provision notifying the tenant that he or she may be liable for actual costs for carpet cleaning that exceed ordinary wear and tear, which may also be withheld from the security deposit. Within thirty days of the end of the tenancy, the landlord shall provide the tenant a receipt for the actual carpet cleaning costs; or
   (3) To compensate the landlord for actual damages sustained as a result of the tenant's failure to give adequate notice to terminate the tenancy pursuant to law or the rental agreement; provided that the landlord makes reasonable efforts to mitigate damages.

5. The landlord shall give the tenant or his representative reasonable notice in writing at his last known address or in person of the date and time when the landlord will inspect the dwelling unit following the termination of the rental agreement to determine the amount of the security deposit to be withheld, and the inspection shall be held at a reasonable time. The tenant shall have the right to be present at the inspection of the dwelling unit at the time and date scheduled by the landlord.

6. If the landlord wrongfully withholds all or any portion of the security deposit in violation of this section, the tenant shall recover as damages twice the amount wrongfully withheld.
7. Nothing in this section shall be construed to limit the right of the landlord to recover actual damages in excess of the security deposit, or to permit a tenant to apply or deduct any portion of the security deposit at any time in lieu of payment of rent.

8. As used in this section, the term "security deposit" means any deposit of money or property, however denominated, which is furnished by a tenant to a landlord to secure the performance of any part of the rental agreement, including damages to the dwelling unit. This term does not include any money or property denominated as a deposit for a pet on the premises.

approve applications for tax credits under the provisions of subsections [3] 4 and [8] 10 of section

development shall not approve applications for tax credits under the provisions of
subsections 4 and 10 of section 253.559 which, in the aggregate, exceed ninety million dollars,
increased by any amount of tax credits for which approval shall be rescinded under the
provisions of section 253.559. The limitations provided under this subsection shall not apply to
applications approved under the provisions of subsection [3] 4 of section 253.559 for projects to

an amount up to, but not to exceed, an additional thirty million dollars in tax credits issued
under subsections 4 and 10 of section 253.559, provided that such tax credits are authorized
solely for projects located in a qualified census tract.

subsection is authorized, the maximum amount of tax credits allowed under subdivision (1) of this subsection shall be adjusted by the percentage increase in the Consumer Price Index for All Urban Consumers, or its successor index, as such index is defined and officially reported by the United States Department of Labor, or its successor agency. Only one such adjustment shall be made for each instance in which the provisions of this subdivision apply. The director of the department of economic development shall publish such adjusted amount.

3. For all applications for tax credits approved on or after January 1, 2010, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of this section shall not apply to:
   (1) Any application submitted by a taxpayer, which has received approval from the department prior to [January 1, 2010] October 1, 2018; or
   (2) Any taxpayer applying for tax credits, provided under this section, which, on or before [January 1, 2010] October 1, 2018, has filed an application with the department evidencing that such taxpayer:
      (a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or
      (b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

253.559. PROCEDURE FOR APPROVAL OF TAX CREDIT — ELIGIBILITY, HOW DETERMINED — CERTIFICATE REQUIRED — REHABILITATION OF PROPERTY, EVIDENCE OF CAPACITY TO FINANCE REQUIRED — COMMENCEMENT OF REHABILITATION, WHEN — ISSUANCE OF CREDITS. — 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:
   (1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;
(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) A copy of all land use and building approvals reasonably necessary for the commencement of the project; and

(6) Any other information which the department of economic development may reasonably require to review the project for approval.

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. (1) In evaluating an application for tax credits submitted under this section, the department of economic development shall also consider:

(a) The amount of projected net fiscal benefit of the project to the state and local municipality, and the period in which the state and municipality would realize such net fiscal benefit;

(b) The overall size and quality of the proposed project, including the estimated number of new jobs to be created by the project, the potential multiplier effect of the project, and similar factors;

(c) The level of economic distress in the area; and

(d) Input from the local elected officials in the local municipality in which the proposed project is located as to the importance of the proposed project to the municipality. For any proposed project in any city not within a county, input from local elected officials shall include, but shall not be limited to, the president of the board of aldermen;

(2) The provisions of this subsection shall not apply to applications for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

4. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits. If the department of economic development disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted.

[4.] 5. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the

commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

5. In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer’s application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year’s allocation of credits becomes available for approval.

7. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within sixty days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender’s termination for a material adverse change impacting the extension of credit. If the department of economic development determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty day period from the date of such notice to submit additional evidence to remedy the failure.

8. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

9. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development which, in consultation with the department of natural resources, shall determine the final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be

performed by the department of economic development. The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

[8.] 10. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection [3] 4 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

[9.] 11. The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

620.1900. Fee imposed on tax credit recipients, amount, deposited where — Economic development advancement fund created, use of moneys. — 1. The department of economic development may charge a fee to the recipient of any tax credits issued by the department, in an amount up to two and one-half percent of the amount of tax credits issued, or for tax credits issued under sections 253.545 to 253.559 in an amount equal to four percent of the amount of tax credits issued. The fee shall be paid by the recipient upon the issuance of the tax credits. However, no fee shall be charged for the tax credits issued under section 135.460, or section 208.770, or under sections 32.100 to 32.125, if issued for community services, crime prevention, education, job training, or physical revitalization.

2. (1) All fees received by the department of economic development under this section shall be deposited solely to the credit of the economic development advancement fund, created under subsection 3 of this section.

(2) Thirty-seven and one-half percent of the revenue derived from the four percent fee charged on tax credits issued under sections 253.545 to 253.559 shall be appropriated from the economic development advancement fund for business recruitment and marketing.

3. There is hereby created in the state treasury the "Economic Development Advancement Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. Such fund shall consist of any fees charged under subsection 1 of this section, any gifts, contributions, grants, or bequests received from federal, private, or other sources, fees or administrative charges from private activity bond allocations, moneys transferred or paid to the department in return for goods or services provided by the department, and any appropriations to the fund.
5. At least fifty percent of the fees and other moneys deposited in the fund shall be appropriated for marketing, technical assistance, and training, contracts for specialized economic development services, and new initiatives and pilot programming to address economic trends. The remainder may be appropriated toward the costs of staffing and operating expenses for the program activities of the department of economic development, and for accountability functions.

**65.610. ABOLITION OF TOWNSHIP ORGANIZATION — PROCEDURE. —** 1. Upon the petition of at least ten percent of voters at the last general election of any county having heretofore adopted township organization, praying therefor, the county commission shall submit the question of the abolition of township organization to the voters of the county at a general or special election. The question shall include a countywide tax levy for road and bridge purposes. The total vote for governor at the last general election before the filing of the petition where a governor was elected shall be used to determine the number of voters necessary to sign the petition. If the petition is filed six months or more prior to a general election, the proposition shall be submitted at a special election to be ordered by the county commission within sixty days after the petition is filed; if the petition is filed less than six months before a general election, then the proposition shall be submitted at the general election next succeeding the filing of the petition. The election shall be conducted, the vote canvassed and the result declared in the same manner as provided by law in respect to elections of county officers. The clerk of the county commission shall give notice that a proposition for the abolition of township organization form of county government in the county is to be voted upon by causing a copy of the order of the county commission authorizing such election to be published at least once each week for three successive weeks, the last insertion to be not more than one week prior to the election, in some newspaper published in the county where the election is to be held, if there is a newspaper published in the county and, if not, by posting printed or written handbills in at least two public places in each election precinct in the county at least twenty-one days prior to the date of election. The clerk of the county commission shall provide the ballot which shall be printed and in substantially the following form:

**OFFICIAL BALLOT**

(Choose the one for which you wish to vote)

Shall township organization form of county government be abolished in _______ County and a countywide ...... tax at a rate of ...... collected for road and bridge purposes?

☐ YES  ☐ NO

If a majority of the electors voting upon the proposition shall vote for the abolition thereof the township organization form of county government shall be declared to have been abolished; and township organization shall cease in said county; and except as provided in section 65.620 all laws in force in relation to counties not having township organization shall immediately take effect and be in force in such county.

2. No election or any proposal for either the adoption of township organization or for the abolition of township organization in any county shall be held within two years after an election is held under this section.

**65.620. ABOLITION OF TOWNSHIP GOVERNMENT — EFFECT. —** 1. Whenever any county abolishes township organization the county treasurer and ex officio collector shall immediately settle his accounts as treasurer with the county commission and shall thereafter perform all duties,
exercise all powers, have all rights and be subject to all liabilities imposed and conferred upon the county collector of revenue under chapter 52 until the first Monday in March after the general election next following the abolishment of township organization and until a collector of revenue for the county is elected and qualified. The person elected collector at the general election as aforesaid, if that election is not one for collector of revenue under chapter 52, shall serve until the first Monday in March following the election and qualification of a collector of revenue under chapter 52. Upon abolition of township organization a county treasurer shall be appointed to serve until the expiration of the term of such officer pursuant to chapter 54.

2. Upon abolition of township organization, title to all property of all kinds theretofore owned by the several townships of the county shall vest in the county and the county shall be liable for all outstanding obligations and liabilities of the several townships.

3. The terms of office of all township officers shall expire on the abolishment of township organization and the township trustee of each township shall immediately settle his accounts with the county clerk and all township officers shall promptly deliver to the appropriate county officers, as directed by the county commission, all books, papers, records and property pertaining to their offices.

4. For a period of one calendar year following the abolition of the townships or until the voters of the county have approved a tax levy for road and bridge purposes, whichever occurs first, the county collector shall continue to collect a property tax on a countywide basis in an amount equal to the tax levied by the township that had the lowest total tax rate in the county immediately prior to the abolishment of the townships. The continued collection of the tax shall be considered a continuation of an existing tax and shall not be considered a new tax levy.

88.770. STREET LIGHTING SYSTEM — ELECTRIC OR GAS WORKS. — 1. The board of aldermen may provide for and regulate the lighting of streets and the erection of lamp posts, poles and lights therefor, and may make contracts with any person, association or corporation, either private or municipal, for the lighting of the streets and other public places of the city with gas, electricity or otherwise, except that each initial contract shall be ratified by a majority of the voters of the city voting on the question and any renewal contract or extension shall be subject to voter approval of the majority of the voters voting on the question, pursuant to the provisions of section 88.251. The board of aldermen may erect, maintain and operate gas works, electric light works, or light works of any other kind or name, and to erect lamp posts, electric light poles, or any other apparatus or appliances necessary to light the streets, avenues, alleys or other public places, and to supply private lights for the use of the inhabitants of the city and its suburbs, and may regulate the same, and may prescribe and regulate the rates to be paid by the consumers thereof, and may acquire by purchase, donation or condemnation suitable grounds within or without the city upon which to erect such works and the right-of-way to and from such works, and also the right-of-way for laying gas pipes, electric wires under or above the grounds, and erecting posts and poles and such other apparatus and appliances as may be necessary for the efficient operation of such works. The board of aldermen may, in its discretion, grant the right to any person, persons or corporation, to erect such works and lay the pipe, wires, and erect the posts, poles and other necessary apparatus and appliances therefor, upon such terms as may be prescribed by ordinance. Such rights shall not extend for a longer time than twenty years, but may be renewed for another period or periods not to exceed twenty years per period. Every initial grant shall be approved by a majority of the voters of the municipality voting on the question, and each renewal or extension of such rights shall be subject to voter approval of the majority of the voters voting on the question, pursuant to the provisions of section 88.251. Nothing herein contained shall be so construed as to prevent the
board of aldermen from contracting with any person, persons or corporation for furnishing the city with gas or electric lights in cities where franchises have already been granted, and where gas or electric light plants already exist, without a vote of the people, except that the board of aldermen may sell, convey, encumber, lease, abolish or otherwise dispose of any public utilities owned by the city including electric light systems, electric distribution systems or transmission lines, or any part of the electric light systems, electric or other heat systems, electric or other power systems, electric or other railways, gas plants, telephone systems, telegraph systems, transportation systems of any kind, waterworks, equipments and all public utilities not herein enumerated and everything acquired therefor, after first having passed an ordinance setting forth the terms of the sale, conveyance or encumbrance and when ratified by two-thirds of the voters voting on the question, except for the sale of a water or wastewater system, or the sale of a gas plant, which shall be authorized by a simple majority vote of the voters voting on the question. In the event of the proposed sale of a water or wastewater system, or a gas plant, the board of alderman shall hold a public meeting on such proposed sale at least thirty days prior to the vote. The municipality in question shall notify its customers of the informational meeting through radio, television, newspaper, regular mail, electronic mail, or any combination of notification methods to most effectively notify customers at least fifteen days prior to the informational meeting.

2. The ballots shall be substantially in the following form and shall indicate the property, or portion thereof, and whether the same is to be sold, leased or encumbered:

Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters.

6. The director of the department of revenue may make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. After one year has elapsed after the effective date of abolition of the tax in such city, the director of the department of revenue shall remit the balance in the account to the city and close the account of that city. The director of the department of revenue shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

4. All payments of election costs received by an election authority under the provisions of this
subsection section shall be placed by the election authority in a special account and used by the

tenth Tuesday following an election, if the amount paid to an election authority by the state or
any political subdivision or special district exceeds the cost of conducting the election for the state,
political subdivision or special district, the election authority shall [promptly] refund to the state,
political subdivision or special district the difference between the amount deposited with it and the
cost of conducting the election. Not later than the tenth Tuesday following an election, if the

conducting the election.

(2) For the purposes of this section, the term "required documentation" shall mean a
detailed list of expenses that the secretary of state intends to reimburse the election authority
for and a detailed description of the documentation that the election authority shall produce
following the election. For any election in which the state is required to pay all or a
proportion of the cost, the secretary of state shall, not later than the eleventh Tuesday prior
to the election or, in case of a special election, no later than five business days following the

No moneys obtained through the provisions of this section shall be made a part of the general operating budget of an election authority, or used to supplant other federal, state, or local funds expended for elections. The secretary of state may transfer moneys from the fund to the election improvements revolving loan fund as the secretary deems necessary to facilitate compliance with the Help America Vote Act of 2002. Notwithstanding section 33.080 to the contrary, any moneys remaining in the fund at the end of any biennium shall not revert to the credit of the general revenue fund. All yield, interest, income, increment, or gain received from time deposit of moneys in the state treasury to the credit of the fund shall be credited to the fund. services for the state of Missouri. The secretary of state is authorized to administer the fund in

requirements of subsection 1 to voters. — 1. Notwithstanding any other law to the
contrary, in a nonpartisan election in any political subdivision or special district including
municipal elections in any city, town, or village with [one] two thousand or fewer inhabitants that
have adopted a proposal pursuant to subsection 3 of this section but excluding municipal elections
in any city, town, or village with more than [one] two thousand inhabitants, if the notice provided

circulation as defined in section 493.050 in the district, and [if the number of candidates who have
filed for a particular office is equal to the number of positions in that office to be filled by the
election, no election shall be held for such office] if the number of candidates for each office in
a particular political subdivision, special district, or municipality is equal to the number of
positions for each office within the political subdivision, special district, or municipality to
be filled by the election and no ballot measure is placed on the ballot such that a particular
political subdivision will owe no proportional elections costs if an election is not held, no
election shall be held, and the candidates shall assume the responsibilities of their offices at the
same time and in the same manner as if they had been elected. If no election is held for [such

shall assume the responsibilities of office under this section. Such notice shall be published in at
least one newspaper of general circulation as defined in section 493.050 in such political
subdivision or district by the first of the month in which the election would have occurred, had it
been contested. Notwithstanding any other provision of law to the contrary, if at any election the
number of candidates filing for a particular office exceeds the number of positions to be filled at
such election, the election authority shall hold the election as scheduled, even if a sufficient number
of candidates withdraw from such contest for that office so that the number of candidates
remaining after the filing deadline is equal to the number of positions to be filled.

2. The election authority or political subdivision responsible for the oversight of the filing of
candidates in any nonpartisan election in any political subdivision or special district shall clearly
designate where candidates shall form a line to effectuate such filings and determine the order of
such filings; except that, in the case of candidates who file a declaration of candidacy with the
election authority or political subdivision prior to 5:00 p.m. on the first day for filing, the election
authority or political subdivision may determine by random drawing the order in which such
candidates' names shall appear on the ballot. If a drawing is conducted pursuant to this subsection,
it shall be conducted so that each candidate, or candidate's representative if the candidate filed
under subsection 2 of section 115.355, may draw a number at random at the time of filing. If such

3. The governing body of any city, town, or village with [one] two thousand or fewer inhabitants may submit to the voters at any available election, a question to adopt the provisions of subsection 1 of this section for municipal elections. If a majority of the votes cast by the qualified voters voting thereon are in favor of the question, then the city, town, or village shall conduct nonpartisan municipal elections as provided in subsection 1 of this section for all nonpartisan elections remaining in the year in which the proposal was adopted and for the six calendar years immediately following such approval. At the end of such six-year period, each such city, town, or village shall be prohibited from conducting such elections in such a manner unless such a question is again adopted by the majority of qualified voters as provided in this subsection.

115.125. Notice of election, when given — facsimile transmission used when, exceptions — late notification, procedure. — 1. The notice shall be in writing, shall specify the name of the officer or agency calling the election and shall include a certified copy of the legal notice to be published pursuant to subsection 2 of section 115.127. The notice and any other information required by this section may, with the prior notification to the election authority receiving the notice, be accepted by facsimile transmission prior to 5:00 p.m. on the tenth Tuesday prior to the election, provided that the original copy of the notice and a certified copy of the legal notice to be published shall be received in the office of the election authority within three business days from the date of the facsimile transmission.

2. In lieu of a certified copy of the legal notice to be published pursuant to subsection 2 of section 115.127, each notice of a special election to fill a vacancy shall include the name of the office to be filled, the date of the election and the date by which candidates must be selected or filed for the office. Petitions requiring fewer than five hundred signatures shall have each signature checked and random sampling shall not be
used. The random sample of signatures to be verified shall be drawn in such a manner that every signature contained on the filed petition shall be given an equal opportunity to be included in the sample. Such a random sampling shall include an examination of not less than five percent of the signatures so filed.

4. If the random sample verification establishes that the number of valid signatures is less than ninety-five percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to have failed to qualify.

5. If the random sample verification establishes that the number of valid signatures total more than one hundred five percent of the number of qualified voters needed to find the petition sufficient, the petition shall be deemed to qualify in that district.

An exemption may be granted at any time and from time to time for a specified period or periods. Within ten days from a denial of an insurer's written request for an exemption from sections 375.1025 to 375.1062, such insurer may request in writing a hearing on its application for an exemption. [5.] 6. If a member of the audit committee ceases to be independent for reasons outside the member’s reasonable control, that person, with notice by the responsible entity to the state, may remain an audit committee member of the responsible entity until the earlier of the next annual meeting of the responsible entity or one year from the occurrence of the event that caused the member to be no longer independent.

The election can be changed through notice to the director by the insurer, which shall include a description of the basis for the change. The election shall remain in effect for perpetuity, until rescinded.

375.1056. REPORT REQUIRED BY INSURER, WHEN, CONTENTS.—1. Every insurer required to file an audited financial report under sections 375.1025 to 375.1062 that has annual direct written and assumed premiums, excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of five hundred million dollars or more shall prepare a report of the insurer's or group of insurers' internal control over financial reporting, as such terms are defined in section 375.1025. The report shall be filed with the director along with the communication of internal control-related matters noted in an audit described under section 375.1047. Management's report of internal control over financial reporting shall be as of December thirty-first immediately preceding.

2. The addendum shall be a positive statement by management that there are no material processes with respect to the preparation of the insurer's or group of insurers' audited statutory financial statements excluded from the Section 404 report. If there are internal controls of the insurer or group of insurers that have a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements and those internal controls were not included in the scope of the Section 404 report, the insurer or group of insurers may either file a report under this section, or the Section 404 report and a report under this section for those internal controls that have a material impact on the preparation of the insurer's or group of insurers' audited statutory financial statements not covered by the Section 404 report.

4. Management's report of internal control over financial reporting shall include:
(1) A statement that management is responsible for establishing and maintaining adequate internal control over financial reporting;

(2) A statement that management has established internal control over financial reporting and an assertion, to the best of management's knowledge and belief, after diligent inquiry, as to whether its internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles;

(3) A statement that briefly describes the approach or processes by which management evaluated the effectiveness of its internal control over financial reporting;

(4) A statement that briefly describes the scope of work that is included and whether any internal controls were excluded;

(5) Disclosure of any unremediated material weaknesses in the internal control over financial reporting identified by management as of December thirty-first immediately preceding. Management is not permitted to conclude that the internal control over financial reporting is effective to provide reasonable assurance regarding the reliability of financial statements in accordance with statutory accounting principles if there is one or more unremediated material weaknesses in its internal control over financial reporting;

(6) A statement regarding the inherent limitations of internal control systems; and

(7) Signatures of the chief executive officer and the chief financial officer, or the equivalent position or title.

Management may base its assertions, in part, upon its review, monitoring and testing of internal controls undertaken in the normal course of its activities. Management shall have discretion as to the nature of the internal control framework used, and the nature and extent of documentation, in order to make its assertion in a cost-effective manner and, as such, may include assembly of or reference to existing documentation. Management's report on internal control over financial reporting, required by subsection 1 of this section, and any documentation provided in support thereof during the course of a financial condition examination, shall be kept confidential by the department.

6. No officer responsible for financial reporting may be a member of the audit committee.

375.1058. INTERNAL AUDIT FUNCTION — EXEMPTION, WHEN — REQUIREMENTS. — 1. An insurer is exempt from the requirements of this section if:

   (2) The insurer is a member of a group of insurers that has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, totaling less than one billion dollars.

2. An insurer or group of insurers shall establish an internal audit function providing independent, objective, and reasonable assurance to the audit committee and insurer management regarding the insurer's governance, risk management, and internal controls. This assurance shall be provided by performing general and specific audits, reviews, and tests and by employing other techniques deemed necessary to protect assets, evaluate control effectiveness and efficiency, and evaluate compliance with policies and regulations.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
3. In order to ensure that internal auditors remain objective, the internal audit function shall be organizationally independent. Specifically, the internal audit function shall not defer ultimate judgment on audit matters to others and shall appoint an individual to head the internal audit function who will have direct and unrestricted access to the board of directors. Organizational independence does not preclude dual-reporting relationships.

4. The head of the internal audit function shall report to the audit committee regularly, but no less than annually, on the periodic audit plan, factors that may adversely impact the internal audit function's independence or effectiveness, material findings from completed audits, and the appropriateness of corrective actions implemented by management as a result of audit findings.

2. Nothing in sections 382.600 to 382.640 shall be construed to prescribe or impose corporate governance standards and internal procedures beyond that which are required under applicable state corporate law. Notwithstanding the foregoing, nothing in sections 382.600 to 382.640 shall be construed to limit the director's authority or the rights or obligations of third parties under chapter 374 relating to the examination of insurers.

The director shall not otherwise make the documents, materials, or other information public without the prior written consent of the insurer. Nothing in this section shall be construed to require written consent of the insurer before the director may share or receive confidential documents, materials, or other CGAD-related information under subsection 3 of this section to assist in the performance of the director’s regular duties.

2. Neither the director nor any person who receives documents, materials, or other CGAD-related information through examination or otherwise while acting under the authority of the director or with whom such documents, materials, or other information are shared under sections 382.600 to 382.640 shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection 1 of this section.

The sharing of information and documents by the director under sections 382.600 to 382.640 shall not constitute a delegation of regulatory authority or rulemaking, and the director is solely responsible for the administration, execution, and enforcement of the provisions of sections 382.600 to 382.640.

5. No waiver of any applicable privilege or claim of confidentiality in the documents, proprietary and trade secret materials, or other CGAD-related information shall occur as a result of disclosure of such CGAD-related information or documents to the director under this section or as a result of sharing as authorized under sections 382.600 to 382.640.

382.625. THIRD-PARTY CONSULTANTS PERMITTED, WHEN — LIMITATION ON SCOPE OF AUTHORITY — CONFIDENTIALITY — CONFLICT OF INTEREST — WRITTEN AGREEMENT, CONTENTS.— 1. 5. A written agreement with the NAIC or a third-party consultant governing sharing and use of information provided under sections 382.600 to 382.640 shall contain the following provisions and expressly require the written consent of the insurer prior to making public information provided under sections 382.600 to 382.640:

(1) Specific procedures and protocols for maintaining the confidentiality and security of CGAD-related information shared with the NAIC or a third-party consultant under sections 382.600 to 382.640;

(2) Procedures and protocols for sharing by the NAIC only with other state regulators from states in which the insurance group has domiciled insurers. The agreement shall provide that the recipient agrees in writing to maintain the confidentiality and privileged status of the CGAD-related documents, materials, or other information and has verified in writing the legal authority to maintain confidentiality;

(3) A provision specifying that ownership of the CGAD-related information shared with the NAIC or a third-party consultant remains with the department of insurance, financial
institutions and professional registration, and the NAIC's or third-party consultant's use of

underlying analysis is completed;

(5) A provision requiring the NAIC or a third-party consultant to provide prompt notice
to the director and to the insurer or insurance group regarding any subpoena, request for
disclosure, or request for production of the insurer's CGAD-related information; and

(6) A provision requiring the NAIC or a third-party consultant to consent to
intervention by an insurer in any judicial or administrative action in which the NAIC or a
third-party consultant may be required to disclose confidential information about the
insurer shared with the NAIC or a third-party consultant under sections 382.600 to 382.640.

382.630. Failure to timely file, penalty — enforcement. — 1. Any insurer failing
without just cause to timely file a CGAD as required under sections 382.600 to 382.640
commits a level two violation under section 374.049 for each day's delay; provided that, the
total maximum fine under this section is five thousand dollars. The director may reduce the
penalty if the insurer demonstrates to the director that the imposition of the penalty would
constitute a financial hardship to the insurer.

2. The director may enforce the provisions of sections 382.600 to 382.640 under sections
374.046 to 374.049.

382.635. Rulemaking authority. — The director may, upon notice and opportunity

a rule, as that term is defined in section 536.010 that is created under the authority delegated
in this section shall become effective only if it complies with and is subject to all of the
provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536
are nonseverable and if any of the powers vested with the general assembly pursuant to
chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are
subsequently held unconstitutional, then the grant of rulemaking authority and any rule
proposed or adopted after August 28, 2018, shall be invalid and void.

382.640. Severability clause. — If any provision of sections 382.600 to 382.640 or the
application thereof to any person or circumstance is held invalid under the Constitution of
the United States or the Constitution of the state of Missouri, such determination shall not
affect the provisions or applications of sections 382.600 to 382.640, which may be given effect
without the invalid provision or application, and to that end the provisions of sections
382.600 to 382.640, with the exception of section 382.620, are severable.

[382.278. Inapplicability of certain provisions to certain holding companies. — The provisions of subdivisions (13) and (14) of subsection 1 of section 382.050, subdivision

**ENACTING CLAUSE.**

AN ACT to repeal section 379.321, RSMo, and to enact in lieu thereof one new section relating to insurance markets for commercial insurance.

**SECTION A. ENACTING CLAUSE.** — Section 379.321, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 379.321, to read as follows:

379.321. **RATING PLANS TO BE FILED WITH DIRECTOR, WHEN — INFORMATIONAL FILINGS.** — 1. Every insurer shall file with the director, except as to commercial property or commercial casualty insurance as provided in subsection 6 of this section, every manual of classifications, rules, underwriting rules and rates, every rating plan and every modification of the foregoing which it uses and the policies and forms to which such rates are applied. Any insurer may satisfy its obligation to make any such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings and by authorizing the director to accept such filings on its behalf, provided that nothing contained in section 379.017 and sections 379.316 to 379.361 shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization or as requiring any member or subscriber to authorize the director to accept such filings on its behalf. Filing with the director by such insurer or licensed rating organization within ten days after such manuals, rating plans or modifications thereof or policies or forms are effective shall be sufficient compliance with this section.

2. Except as to commercial property or commercial casualty insurance as provided in subsection 6 of this section, no insurer shall make or issue a policy or contract except pursuant to filings which are in effect for that insurer or pursuant to section 379.017 and sections 379.316 to 379.361. Any rates, rating plans, rules, classifications or systems, in effect on August 13, 1972, shall be continued in effect until withdrawn by the insurer or rating organization which filed them.

3. Upon the written application of the insured, stating his or her reasons therefor, filed with the insurer, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

4. Every insurer which is a member of or a subscriber to a rating organization shall be deemed to have authorized the director to accept on its behalf all filings made by the rating organization which are within the scope of its membership or subscribership, provided:

---

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
(1) That any subscriber may withdraw or terminate such authorization, either generally or for
individual filings, by written notice to the director and to the rating organization and may then
make its own independent filings for any kinds of insurance, or subdivisions, or classes of risks, or
parts or combinations of any of the foregoing, with respect to which it has withdrawn or terminated
such authorization, or may request the rating organization, within its discretion, to make any such
filing on an agency basis solely on behalf of the requesting subscriber; and

(2) That any member may proceed in the same manner as a subscriber unless the rating
organization shall have adopted a rule, with the approval of the director:

   (a) Requiring a member, before making an independent filing, first to request the rating
       organization to make such filing on its behalf and requiring the rating organization, within thirty
days after receipt of such request, either:

       a. To make such filing as a rating organization filing;
       b. To make such filing on an agency basis solely on behalf of the requesting member; or
       c. To decline the request of such member; and

   (b) Excluding from membership any insurer which elects to make any filing wholly
       independently of the rating organization.

5. Any change in a filing made pursuant to this section during the first six months of the date
such filing becomes effective shall be approved or disapproved by the director within ten days
following the director's receipt of notice of such proposed change.

6. Commercial property and commercial casualty requirements differ as follows:

(1) [All] Commercial property and commercial casualty insurance rates, rate plans,
modifications, and manuals of classifications, [where appropriate] except as specified in
subdivision (2) of this subsection, shall be filed with the director for informational purposes only
within ten days of use. Such rates are not to be reviewed or approved by the department of
insurance, financial institutions and professional registration as a condition of their use. Nothing
in this subsection shall require the filing of individual rates where the original manuals, rates and
rules for the insurance plan or program to which such individual policies conform have already
been filed with the director;

(2) Subject to the provisions of subdivision (4) of this subsection, commercial property
and casualty underwriting rules or guidelines, rates, rate plans, modifications, and manuals
of classification are exempt from filing requirements otherwise applicable under this
chapter, whether the insurance coverage is endorsed to or otherwise made part of another
type of insurance or sold as a stand-alone policy;

(3) Subject to the provisions of subdivision (4) of this subsection, commercial property
and casualty insurance policy forms are exempt from filing requirements otherwise
applicable under this chapter when the aggregate total annual commercial insurance
premiums for all property and casualty insurance purchased by a commercial policyholder,
excluding premiums for the types of insurance specified in subdivision (4) of this subsection,
are equal to or exceed one hundred thousand dollars and the commercial policyholder
employs a full time risk manager or has retained a licensed insurance producer to negotiate
on its behalf;

(4) The filing exemptions in subdivisions (2) and (3) of this subsection shall not apply to:

   (a) Workers' compensation;
   (b) Medical malpractice liability;
   (c) Farm property and liability;
   (d) Any coverage issued by an assigned risk or residual market plan pursuant to section

303.200; and

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(e) Any specific policy or bond required by the division of workers' compensation of a self-insured employer or group trust, their trustees, or entities providing services to self-insured employers or group trusts.

(5) All policies exempt from filing pursuant to subdivisions (2) or (3) of this subsection shall include, at the time of policy issuance, a notice advising the policy holder that the policy may include rates or forms exempt from filing with the department. Such notice shall state that this policy may include rates and forms which may not be filed with the Missouri department of insurance, financial institutions and professional registration;

(6) If an insurer will only renew a commercial casualty or commercial property insurance policy with an increase in premium of twenty-five percent or more, a "premium alteration requiring notification" notice must be mailed or delivered by the insurer at least sixty days prior to the expiration date of the policy, except in the case of an umbrella or excess policy the coverage of which is contingent on the coverage of an underlying policy of commercial property or casualty insurance, in which case notice of an increase in premium of twenty-five percent or more shall be mailed or delivered at least thirty days prior to the expiration date of the policy. Such notice shall be mailed or delivered to the agent of record and to the named insured at the address shown in the policy. If the insurer fails to meet this notice requirement, the insured shall have the option of continuing the policy for the remainder of the notice period plus an additional thirty days at the premium rate of the existing policy or contract. This provision does not apply if the insurer has offered to renew a policy without such an increase in premium or if the insured fails to pay a premium due or any advance premium required by the insurer for renewal. For purposes of this section, "premium alteration requiring notification" means an annual increase in premium of twenty-five percent or more, exclusive of premium increases due to a change in the operations of the insured which increases either the hazard insured against or the individual loss characteristics, or due to a change in the magnitude of the exposure basis, including, without limitation, increases in payroll or sales. For commercial multi peril policies, no "premium alteration requiring notification" shall be required unless the increase in premium for all of a policyholder's policies taken together amounts to a twenty-five percent or more annual increase in premium;

[(3)] (7) Commercial property and commercial casualty policy forms, except as specified in subdivision (3) of this subsection, shall be filed with the director within ten days of use as provided pursuant to subsection 1 of this section. However, if after review, it is determined that corrective action must be taken to modify the filed forms, the director shall impose such corrective action on a prospective basis for new policies. All policies previously issued which are of a type that is subject to such corrective action shall be deemed to have been modified to conform to such corrective action retroactive to their inception date;

(8) An insurer renewing a policy issued with policy forms not filed with the director pursuant to subdivision (3) of this subsection shall provide written notice to the first named insured and producer of record, if any, at least ten days prior to the current policy's expiration date if, after renewal, there will be a material restriction or reduction in coverage not specifically requested by the insured, required by law or based on the altered nature or extent of the risk insured. The notice may be in a printed or electronic form and shall explain what coverage will be reduced or eliminated or what condition will be restricted. It shall be a rebuttable presumption that all insureds received the notice if it was sent by email or first-class mail to the first named insured's last known email address or mailing address contained in the policy. If the insurer has not so notified the policyholder, the policyholder may elect to cancel the renewal policy within thirty days of delivery of the renewal policy and the earned premium for the time the renewal policy was in force shall be calculated pro
rata at the lower of the current or previous year's rate. If the insured accepts the renewal, any premium change or alteration of coverage, terms or conditions shall be effective immediately upon the expiration of the prior policy. Nothing in this subdivision shall restrict the right of the parties to an insurance contract to amend an insurance policy if requested by the insured without the requirement for any notice;

[(4)] (9) For purposes of this section, "commercial casualty" means "commercial casualty insurance" as defined in section 379.882. For purposes of this section, "commercial property" means property insurance, which is for business and professional interests, whether for profit, nonprofit or public in nature which is not for personal, family or household purposes, and shall include commercial inland marine insurance, but does not include title insurance;

[(5)] (10) Nothing in this subsection shall limit the director's authority over excessive, inadequate or unfairly discriminatory rates or affect the application of any laws governing unfair trade practices, unfair claims practices, or the content of policy forms;

(11) The commercial casualty and commercial property insurance filing requirement exemptions included in this section shall apply to all property and casualty insurance policies issued or renewed on or after January 1, 2019.

a system for receiving and resolving complaints with respect to cable television lines placed in, or

The notice shall also state the time when the work of hard surfacing said roads is proposed to commence, and shall further state that a hearing shall be had upon the proposed plan of location and matters incidental thereto, giving the place and date of such hearing. Immediately after such hearing the said owner shall be given a notice of the findings and orders of the commission and shall be given a reasonable time thereafter to comply therewith; provided, however, that the effect of any change ordered by the commission shall not be to remove all or any part of such lines, poles, wires, conduits, pipelines or tramways from the right-of-way of the highway. The removal of the same shall be made at the cost and expense of the owners thereof unless otherwise provided by said commission, and in the event of the failure of such owners to remove the same at the time so determined they may be removed by the state highways and transportation commission, or under its direction, and the cost thereof collected from such owners, and such owners shall not be liable in any way to any person for the placing and maintaining of such lines, poles, wires, conduits, pipelines and tramways at the places prescribed by the commission.

[4.] 5. The commission is authorized in the name of the state of Missouri to institute and maintain, through the attorney general, such suits and actions as may be necessary to enforce the provisions of this section. Any corporation, association or the officers or agents of such corporations or associations, or any other person who shall erect or maintain any such lines, poles, wires, conduits, pipelines or tramways, within the right-of-way of such roads which are hard-surfaced, which are not in accordance with such orders of the commission, shall be deemed guilty of a misdemeanor.

Enacts provisions relating to virtual education.

SECTION
A. Enacting clause.
161.670 Course access and virtual school program established, eligibility for enrollment — state aid calculation — enrollment process, payment by district — department duties, annual report — rulemaking authority.
167.121 Assignment of pupil to another district — tuition, how paid, amount.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
Be it enacted by the General Assembly of the State of Missouri, as follows:

161.670. COURSE ACCESS AND VIRTUAL SCHOOL PROGRAM ESTABLISHED, ELIGIBILITY FOR ENROLLMENT — STATE AID CALCULATION — ENROLLMENT PROCESS, PAYMENT BY DISTRICT — DEPARTMENT DUTIES, ANNUAL REPORT — RULEMAKING AUTHORITY. — 1. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the [virtual public school Missouri course access and virtual school program pursuant to subsection 3 of this section.

2. For purposes of calculation and distribution of state school aid, students enrolled in [a virtual public school] the Missouri course access and virtual school program shall be included, at the choice of the student's parent or guardian, in the student enrollment of the school district in which the student physically resides is enrolled under subsection 3 of this section. The [virtual public school] Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the [virtual public school] Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The [virtual public school] Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who successfully has completed the instructional equivalent of six credits per regular term. Each [virtual] Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate. In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

3. [When a school district has one or more resident students enrolled in a virtual public school program authorized by this section, whose parent or guardian has chosen to include such student in the district's enrollment, the department of elementary and secondary education shall disburse an amount corresponding to fifteen percent of the state aid under sections 163.031 and 163.043 attributable to such student to the resident district. Subject to an annual appropriation by the general assembly, the department shall disburse an amount corresponding to eighty-five percent of the state adequacy target attributable to such student to the virtual public school.

4.] (1) A school district or charter school shall allow any eligible student who resides in such district to enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student's annual course load each school year or a full-time virtual school option, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in and has attended, for at least one semester immediately prior to enrolling in the Missouri course access and virtual school program, a public school, including any charter school; except that, no student seeking to enroll in Missouri course access and virtual school program courses under this subdivision shall be required to have attended a public school during the previous semester if the student has a documented medical or psychological diagnosis or condition that prevented the student from attending a school in the community during the previous semester; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. School counselors shall not be required to approve or disapprove a student's enrollment in the Missouri course access and virtual school program. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, including full-time enrollment in courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for "good cause". "Good cause" justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student. In cases of denial by the school district or charter school, local education agencies shall inform the student and the student's family of their right to appeal any enrollment denial in the Missouri course access and virtual school program to the local school district board or charter school governing body where the family shall be given an opportunity to present their reasons for their child or children to enroll in the Missouri course access and virtual school program in an official school board meeting. In addition, the school district or charter school administration shall provide its "good cause" justification for denial at a school board meeting or governing body meeting. Both the family and school administration shall also provide their reasons in writing to the members of the school board or governing body and the documents shall be entered into the

official board minutes. The members of the board or governing body shall issue their
decision in writing within thirty calendar days, and then an appeal may be made to the
department of elementary and secondary education, which shall provide a final enrollment
decision within seven calendar days.

(3) For students enrolled in any Missouri course access and virtual school program
course in which costs associated with such course are to be paid by the school district or
charter school as described under subdivision (1) of this subsection, the school district or
charter school shall pay the content provider directly on a pro rata monthly basis based on
a student's completion of assignments and assessments. If a student discontinues enrollment,
the district or charter school may stop making monthly payments to the content provider.
No school district or charter school shall pay, for any one course for a student, more than
the market necessary costs but in no case shall pay more than fourteen percent of the state
adequacy target, as defined under section 163.011, as calculated at the end of the most recent
school year for any single, year-long course and no more than seven percent of the state
adequacy target as described above for any single semester equivalent course. Payment for
a full-time virtual school student shall not exceed the state adequacy target, unless the
student receives additional federal or state aid. Nothing in this subdivision shall prohibit a
school district or charter school from negotiating lower costs directly with course or full-
time virtual school providers, particularly in cases where several students enroll in a single
course or full-time virtual school.

(4) In the case of a student who is a candidate for A+ tuition reimbursement and taking
a virtual course under this section, the school shall attribute no less than ninety-five percent
attendance to any such student who has completed such virtual course.

(5) The Missouri course access and virtual school program shall ensure that individual
learning plans designed by certified teachers and professional staff are developed for all
students enrolled in more than two full-time course access program courses or a full-time
virtual school.

(6) The department shall monitor student success and engagement of students enrolled
in their program and report the information to the school district or charter school.
Providers and the department may make recommendations to the school district or charter
school regarding the student's continued enrollment in the program. The school district or
charter school shall consider the recommendations and evaluate the progress and success of
enrolled students that are enrolled in any course or full-time virtual school offered under
this section and may terminate or alter the course offering if it is found the course or full-
time virtual school is not meeting the educational needs of the students enrolled in the course.

(7) School districts and charter schools shall monitor student progress and success, and
course or full-time virtual school quality, and annually provide feedback to the department
of elementary and secondary education regarding course quality.

(8) Pursuant to rules to be promulgated by the department of elementary and secondary
education, when a student transfers into a school district or charter school, credits previously
gained through successful passage of approved courses under the Missouri course access
and virtual school program shall be accepted by the school district or charter school.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary
education, if a student transfers into a school district or charter school while enrolled in a
Missouri course access and virtual school program course or full-time virtual school, the
student shall continue to be enrolled in such course or school.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(10) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(11) Nothing in this subsection shall require any school district, charter school, or the state to provide computers, equipment, or internet access to any student unless required by an eligible student with a disability to comply with federal law.

(12) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(13) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(14) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

4. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

5. The department shall:
   (1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;
   (2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:
      (a) Submit all necessary information pursuant to the requirements of the process; and
      (b) Meet the criteria described in subdivision (3) of this subsection;
   (3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;
   (4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization.

6. If a course or full-time virtual school provider is denied authorization, the course provider may reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the [virtual public school] Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), [adequate yearly progress (AYP),] annual performance report (APR), teacher certification, and curriculum standards.

[5.] 10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. The report shall at a minimum include the following information:

1. The annual number of unique students participating in courses authorized under this section and the total number of courses in which students are enrolled;
2. The number of authorized providers;
3. The number of authorized courses and the number of students enrolled in each course;
4. The number of courses available by subject and grade level;
5. The number of students enrolled in courses broken down by subject and grade level;
6. Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy;
7. The costs per course;
8. Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

12. The state board of education through the rulemaking process and the department of elementary and secondary education in its policies and procedures shall ensure that multiple content providers and learning management systems are allowed, ensure digital content conforms to accessibility requirements, provide an easily accessible link for providers to submit courses or full-time virtual schools on the Missouri course access and virtual school program website, and allow any person, organization, or entity to submit courses or full-time virtual schools for approval. No content provider shall be allowed that is unwilling to accept payments in the amount and manner as described under subdivision (3) of subsection 3 of this section or does not meet performance or quality standards adopted by the state board of education.

[6.] 13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant
Senate Bill 603

167.121. ASSIGNMENT OF PUPIL TO ANOTHER DISTRICT — TUITION, HOW PAID, AMOUNT.
—[1.] If the residence of a pupil is so located that attendance in the district of residence constitutes an unusual or unreasonable transportation hardship because of natural barriers, travel time, or distance, the commissioner of education or his designee may assign the pupil to another district. Subject to the provisions of this section, all existing assignments shall be reviewed prior to July 1, 1984, and from time to time thereafter, and may be continued or rescinded. The board of education of the district in which the pupil lives shall pay the tuition of the pupil assigned. The tuition shall not exceed the pro rata cost of instruction.

[2. (1) For the school year beginning July 1, 2008, and each succeeding school year, a parent or guardian residing in a lapsed public school district or a district that has scored either unaccredited or provisionally accredited, or a combination thereof, on two consecutive annual performance reports may enroll the parent's or guardian's child in the Missouri virtual school created in section 161.670 provided the pupil first enrolls in the school district of residence. The school district of residence shall include the pupil's enrollment in the virtual school created in section 161.670 in determining the district's average daily attendance. Full-time enrollment in the virtual school shall constitute one average daily attendance equivalent in the school district of residence. Average daily attendance for part-time enrollment in the virtual school shall be calculated as a percentage of the total number of virtual courses enrolled in divided by the number of courses required for full-time attendance in the school district of residence.

(2) A pupil's residence, for purposes of this section, means residency established under section 167.020. Except for students residing in a K-8 district attending high school in a district under section 167.131, the board of the home district shall pay to the virtual school the amount required under section 161.670.

(3) Nothing in this section shall require any school district or the state to provide computers, equipment, internet or other access, supplies, materials or funding, except as provided in this section, as may be deemed necessary for a pupil to participate in the virtual school created in section 161.670.

(4) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. 3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance.
except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. This subsection shall be construed as the successor to section 173.215 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.215.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. 4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. 137.016. REAL PROPERTY, SUBCLASSES OF, DEFINED — POLITICAL SUBDIVISION MAY ADJUST OPERATING LEVY TO RECOUP REVENUE, WHEN — RECLASSIFICATION TO APPLY, WHEN — PLACEMENT OF CERTAIN PROPERTY WITHIN PROPER SUBCLASS, FACTORS CONSIDERED. — 1. As used in Section 4(b) of Article X of the Missouri Constitution, the following terms mean:

(1) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, bed and breakfast inns in which the owner resides and uses as a primary residence with six or fewer rooms for rent, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421. Agricultural and horticultural property shall also include urban and community gardens. For the purposes of this section, "urban and
community gardens" shall include real property cultivated by residents of a neighborhood or community for the purposes of providing agricultural products, as defined in section 262.900, for the use of residents of the neighborhood or community, and shall not include a garden intended for individual or personal use;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to Article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section, provided that the portion of property used or held for use as an urban and community garden shall not be residential property.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

(1) Immediate prior use, if any, of such property;
(2) Location of such property;
(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;
(4) Other legal restrictions on the use of such property;
(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;
(6) Size of such property;
(7) Access of such property to public thoroughfares; and
(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution.

137.021. Grading of land for valuation, agricultural and horticultural land, factors to be considered — split-off, effect of. — 1. The assessor, in grading land which is devoted primarily to the raising and harvesting of crops, to the feeding, breeding and management of livestock, to dairying, or to any combination thereof, as defined in section 137.016, pursuant to the provisions of sections 137.017 to 137.021, shall in addition to the assessor's personal knowledge, judgment and experience, consider soil surveys, decreases in land valuation due to natural disasters, level of flood protection, governmental regulations limiting the use of such land, the estate held in such land, and other relevant information. On or before December thirty-first of each odd-numbered year, the state tax commission shall promulgate by regulation and publish a value based on productive capability for each of the several grades of agricultural and horticultural land. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year. Such values shall be based upon soil surveys, soil productivity indexes, production costs, crop yields, appropriate capitalization rates and any other pertinent factors, all of which may be provided by the college of agriculture of the University of Missouri, and shall be used by all county assessors in conjunction with their land grades in determining assessed values. Any regulation promulgated pursuant to this subsection shall be deemed to be beyond the scope and authority provided in this subsection if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the values contained in such regulation. If the general assembly so disapproves any regulation promulgated pursuant to this subsection, the state tax commission shall continue to use values set forth in the most recent preceding regulation promulgated pursuant to this subsection.

2. Any land which is used as an urban or community garden, as defined in section 137.016, shall be graded as grade #4, or its equivalent, under the rule promulgated by the state tax commission under subsection 1 of this section.

3. When land that is agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021 becomes property other than agricultural and horticultural property, as defined in section 137.016, it shall be reassessed as of the following January first.

[3.] 4. Separation or split-off of a part of the land which is being valued and assessed for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021, either by conveyance or other action of the owner of the land, so that such land is no longer agricultural and horticultural property, as defined in section 137.016, shall subject the land so separated to reassessment as of the following January first. This shall not impair the right of the remaining land to continuance of valuation and assessment for general property tax purposes pursuant to the provisions of sections 137.017 to 137.021.

137.115. REAL AND PERSONAL PROPERTY, ASSESSMENT — CLASSES OF PROPERTY, ASSESSMENT — PHYSICAL INSPECTION REQUIRED, WHEN, PROCEDURE — OPT-OUT PROVISION — MINE PROPERTY ASSESSMENT. — 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a

presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

1. The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and
2. The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and
(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

1. Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
2. Livestock, twelve percent;
3. Farm machinery, twelve percent;
4. Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;
5. Poultry, twelve percent; and
6. Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (5) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;
(b) For real property in subclass (2), twelve percent; and
(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer’s real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.
6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

17. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as
a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444.

144.010. Definitions. — 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person engages in business activities within this state or maintains a place of business in this state under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Captive wildlife", includes but is not limited to exotic partridges, gray partridge, northern bobwhite quail, ring-necked pheasant, captive waterfowl, captive white-tailed deer, captive elk, and captive fur bearers held under permit issued by the Missouri department of conservation for hunting purposes. The provisions of this subdivision shall not apply to sales tax on a harvested animal;

(4) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term gross receipts shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. SECTION A. ENACTING CLAUSE. — Section 99.845, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 99.845, to read as follows:

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
99.845. TAX INCREMENT FINANCING ADOPTION — DIVISION OF AD VALOREM TAXES — PAYMENTS IN LIEU OF TAX, DEPOSIT, INCLUSION AND EXCLUSION OF CURRENT EQUALIZED ASSESSED VALUATION FOR CERTAIN PURPOSES, WHEN — OTHER TAXES INCLUDED, AMOUNT — NEW STATE REVENUES, DISBURSEMENTS — SUPPLEMENTAL TAX INCREMENT FINANCING FUND ESTABLISHED, DISBURSEMENT — PROPERTY TAXES FOR SHELTERED WORKSHOPS AND RELATED SERVICES NOT AFFECTED. — 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such tax increment allocation financing.
properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660,

Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of
administration may waive the requirement that the municipality’s application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2018, and before August 28, 2028, be increased by or exceed ten million dollars. Any individual redevelopment plan or project approved prior to August 28, 2018, which is expanded with buildings of new construction shall not be increased by more than three million dollars annually in excess of the original previously approved maximum annual projected amount. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans or projects approved on or after August 28, 2028, exceed twenty million dollars; provided, however, that such ceilings shall not apply to redevelopment plans or projects exempted from such ceilings under subdivision (3) of this subsection. 11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
SECTION A. ENACTING CLAUSE. — Sections 447.562 and 447.581, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 447.562 and 447.581, to read as follows:

447.562. CLAIM TO BE FILED FOR PROPERTY DELIVERED TO THE STATE, FORM, PROCEDURE, PENALTY — CLAIMS PAID BY HOLDER, REIMBURSED BY TREASURER, WHEN, EXCEPTION. — Any person claiming an interest in any moneys or property delivered to the state under sections 447.500 to 447.595 may file a claim to such property or to the proceeds from the sale thereof. The form of the claim shall be prescribed by the treasurer and shall be signed by the claimant and shall contain a statement that it is made under oath or affirmation and that its representations are true, correct and complete to the best knowledge and belief of the claimant, subject to the penalties of making a false affidavit or declaration. The form shall additionally contain the following statement: "Any person who assists in the recovery of property for a fee without being registered with the State Treasurer will be subject to penalties." Any holder who has paid moneys to the treasurer pursuant to sections 447.500 to 447.595 may make payment to any person appearing to the holder to be entitled thereto, and upon proof of the payment and proof that the payee was entitled thereto, the treasurer shall reimburse the holder for the payment at any time after the moneys or property is delivered to the state, unless the treasurer has already made payment to said person pursuant to a claim filed under the provisions of this section.

447.581. AGREEMENTS TO LOCATE OR REVEAL WHEREABOUTS OF PROPERTY, REQUIREMENTS FOR VALIDITY — AGREEMENTS TO PAY OR ASSIST IN RECOVERY OF PROPERTY, REQUIREMENTS FOR ENFORCEABILITY — REGISTRATION OF RECOVERY REPRESENTATIVE, REQUIREMENTS — SUSPENSION OF REGISTRATION, HEARING, DISCLOSURE OF INFORMATION — PENALTY FOR VIOLATIONS — TREASURER MAY WITHHOLD PAYMENT, WHEN. — 1. No agreement entered into after a report is filed is valid if any person undertakes thereby to locate or reveal the whereabouts of property included in that report for a fee or compensation, unless the agreement discloses the nature and value of the property, is in writing, duly signed and acknowledged by the property owner.

2. Any agreement to pay compensation to recover or assist in the recovery of property reported or delivered to the treasurer under the provisions of sections 447.500 to 447.595 which is made within twelve months after the date of payment or delivery to the treasurer is unenforceable. Any agreement to pay compensation to recover or assist in the recovery of property reported or delivered to the treasurer which is made more than twelve months, but less than twenty-four months, after the date of payment or delivery to the treasurer shall be invalid if the compensation for recovery is greater than ten percent of the property at issue. Any agreement to pay compensation to recover or assist in the recovery of property reported or delivered to the treasurer which is made more than twenty-four months, but less than thirty-six months, after the date of payment or delivery to the treasurer shall be invalid if the compensation for recovery is greater than fifteen percent of the property at issue. Any agreement to pay compensation to recover or assist in the recovery of property reported or delivered to the treasurer which is made more than thirty-six months after the date of payment or delivery to the treasurer shall be invalid if the compensation for recovery is greater than twenty percent of the property at issue.

3. Except as provided in subsection 7 of this section, any person who enters into an agreement to recover or perform in a representative capacity to assist in the recovery of property reported or delivered to the treasurer under sections 447.500 to 447.595, for compensation, shall register with the treasurer prior to submitting a claim to the treasurer for recovery of such property. Any claim
filed by a person acting in a representative capacity for the recovery of property reported or
delivered to the treasurer under sections 447.500 to 447.595, for compensation, shall be invalid
unless the person is registered with the treasurer in accordance with this section. Every person
who registers with the treasurer in accordance with this section shall certify compliance and good
standing with the tax, business registration and other regulatory requirements of the state of
Missouri. To remain registered a person must annually recertify compliance with such
requirements.

4. The treasurer may require such additional information from persons wishing to register in
accordance with the provisions of this section as the treasurer reasonably believes to be necessary
to protect the rightful owners of property presumed abandoned and the citizens of the state of
Missouri, generally.

5. If the treasurer receives information, directly or indirectly, which gives the treasurer reason
to believe that a person registered in accordance with the provisions of this section to recover or
perform in a representative capacity to assist in the recovery of property reported or delivered to
the treasurer, for compensation, has violated the provisions of sections 447.500 to 447.595, or any
other provision of law, the treasurer may suspend the registration of such person. In such a case,
the treasurer shall notify the person in writing of the grounds for the proposed suspension of
registration and provide the person an opportunity to respond to the allegations in writing or, upon
request, through a hearing conducted in accordance with the provisions of chapter 536. For good
cause shown, the treasurer may refrain from acting on any claim filed by such a person pending
determination of the appropriateness of suspending such a person's registration. Suspension of a
person's registration by the treasurer shall not be a prerequisite nor a substitute for any other civil
or criminal causes of action to which such person may otherwise be subject, but is in addition to
such possible remedies. Any information obtained or compiled by the treasurer in determining
whether to register or suspend such a person's registration may be disclosed to appropriate law
enforcement agencies, in any investigation, action or proceeding, civil, criminal or mixed, brought
by a governmental agency to enforce the laws of this state, and except for the treasurer's office
work product, upon court order in any action or proceeding where such information is material to
an issue in the action or proceeding.

6. Any person whose registration has been suspended or which has lapsed pursuant to this
section may thereafter seek to reregister in accordance with the provisions of this section.

7. Subsection 1 of this section shall not apply to any agreement made by any person, including
personal representatives, guardians, trustee, and others in a representative capacity, with another
to discover property in which such person has an interest for a fixed fee or hourly or daily rate, not
contingent upon the discovery of property or the value of property discovered; provided, however,
that any agreement entered into under this subsection for the purpose of evading the provisions of
subsection 1 of this section shall be invalid and unenforceable.

8. Nothing in this section shall be construed to prevent an owner from asserting, at any time,
that any agreement to locate or reveal the whereabouts of properties is based on an excessive or
unjust consideration.

9. Except as provided under subsection 7 of this section, any person who enters into an
agreement to recover or perform in a representative capacity to assist in the recovery of
property reported or delivered to the treasurer under sections 447.500 to 447.595, for
compensation, without first registering with the treasurer under subsection 3 of this section
shall be guilty of an infraction, unless the person has previously been found guilty of a
violation of this section, in which case he or she shall be guilty of a class A misdemeanor. The
treasurer may prohibit the registration of any person convicted for violation of this section.
10. The treasurer may review any claim and contact any person or other party making a claim to ensure compliance with sections 447.500 to 447.595. The treasurer may withhold payment of any claim until the treasurer is reasonably satisfied that the claim is legitimate, that the representative acting under an agreement under this section is in compliance with the provisions of this section, and that the person making the claim is aware of the nature and potential value of the person's claim.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
The department shall have the authority to promulgate rules for the management, closure, and post-closure of coal combustion residual (CCR) units in accordance with Sections 1008(a)(3) and 4004(a) of the Resource Conservation and Recovery Act (RCRA) and to approve site-specific groundwater criteria. At the discretion of the department, the Missouri risk-based corrective action (MRBCA) rules, 10 CSR 25-18.010, and accompanying guidance may be used to establish site-specific targets for soil and groundwater impacted by coal combustion residual (CCR) constituents. As used in this section, a "CCR unit" means a surface impoundment, utility waste landfill, or a CCR landfill. To the extent there is a conflict between this section and section 644.026 or 644.143, this section shall prevail.

2. Prior to federal approval of a state CCR program pursuant to 4004(a) of the RCRA, nothing in this section shall prohibit the department from issuing guidance or entering into enforceable agreements with CCR unit owners or operators to establish risk-based target levels, using all or part of the MRBCA rules and guidance, for closure and corrective action at CCR units. Nothing in this section shall prohibit the department, owners, or operators of CCR units not otherwise covered by 40 CFR 257 from utilizing the MRBCA rules and guidance.

3. No later than December 31, 2018, the department shall propose for promulgation a state CCR program, including procedures regarding payment, submission of fees, reimbursement of excess fee collection, inspection, and record keeping.

4. The department shall not apply standards to any existing landfill or new landfills constructed contiguous to existing power station facilities located on municipally owned land that was purchased by the municipality prior to December 31, 2018, that are in conflict with 40 CFR 257, unless sound and reasonably proven scientific data confirm an imminent threat to human health and the environment.

5. Effective January 1, 2019, and in order to implement the state CCR program, the department shall have the authority to assess one-time enrollment and annual fees on each owner, operator, or permittee of a CCR unit subject to 40 CFR 257, only as follows:

   (1) For units that have not closed, an enrollment fee in the amount of sixty-two thousand dollars per CCR unit, except no fee shall apply to CCR units permitted as a utility waste landfill;

   (2) For CCR units that have completed closure in place under 40 CFR 257 prior to December 31, 2018, an enrollment fee of forty-eight thousand dollars per CCR unit;

   (3) An annual fee of fifteen thousand dollars per CCR unit, except an annual fee shall not be assessed on CCR units that have closed prior to December 31, 2018. The obligation to pay an annual fee under this section shall terminate at the end of the CCR unit's post-closure period, so long as the CCR unit is not under a requirement to complete a corrective action, or sooner, if authorized by the department.

6. All fees received under this section shall be deposited into the "Coal Combustion Residuals Subaccount" of the solid waste management fund created under section 260.330. Fees collected under this section are dedicated, upon appropriation, to the department for conducting activities required by this section and rules adopted under this section. Fees established by this section shall not yield revenue greater than the cost of administering this section and the rules adopted under this section, but shall be adequate to ensure sustained operation of the state CCR program. The department shall prepare an annual report detailing costs incurred in connection with the management and closure of CCR units. The
provisions of section 33.080 to the contrary notwithstanding, moneys and interest earned on
moneys in the subaccount shall not revert to the general revenue fund at the end of each
biennium.

7. Interest shall be imposed on the moneys due to the department at the rate of ten
percent per annum from the prescribed due date until payment is actually made. These
interest amounts shall be deposited to the credit of the subaccount created under this section.

8. All fees under this section shall be paid by check or money order made payable to the
department and, unless otherwise required by this section, shall be due on January first of
each calendar year and be accompanied by a form provided by the department.

9. The department may pursue penalties under section 260.240 for failure to timely
submit the fees imposed in this section.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created
under the authority delegated in this section shall become effective only if it complies with
and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This
section and chapter 536 are nonseverable, and if any of the powers vested with the general
assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and
annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority
and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

260.262. RETAILERS OF LEAD-ACID BATTERIES, DUTIES — NOTICE TO PURCHASER,
CONTENTS. — A person selling lead-acid batteries at retail or offering lead-acid batteries for retail
sale in the state shall:

(1) Accept, at the point of transfer, in a quantity at least equal to the number of new lead-acid
batteries purchased, used lead-acid batteries from customers, if offered by customers;

(2) Post written notice which must be at least four inches by six inches in size and must contain
the universal recycling symbol and the following language:
(a) It is illegal to discard a motor vehicle battery or other lead-acid battery;
(b) Recycle your used batteries; and
(c) State law requires us to accept used motor vehicle batteries, or other lead-acid batteries for
recycling, in exchange for new batteries purchased; and

(3) Manage used lead-acid batteries in a manner consistent with the requirements of the state
hazardous waste law;

(4) Collect at the time of sale a fee of fifty cents for each lead-acid battery sold. Such fee shall
be added to the total cost to the purchaser at retail after all applicable sales taxes on the battery have
been computed. The fee imposed, less six percent of fees collected, which shall be retained by the
seller as collection costs, shall be paid to the department of revenue in the form and manner
required by the department and shall include the total number of batteries sold during the preceding
month. The department of revenue shall promulgate rules and regulations necessary to administer
the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the
sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state
is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries
sold for use in agricultural operations upon written certification by the purchaser; and

(5) The department of revenue shall administer, collect, and enforce the fee authorized
pursuant to this section pursuant to the same procedures used in the administration, collection, and
enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as
provided in this section. The proceeds of the battery fee, less four percent of the proceeds, which
shall be retained by the department of revenue as collection costs, shall be transferred by the

The hazardous waste fund, subject to appropriation by the general assembly, shall be used by the department as provided by appropriations and consistent with rules and regulations established by the hazardous waste management commission for the purpose of carrying out the provisions of sections 260.350 to 260.430 and sections 319.100 to 319.127, and 319.137, and 319.139 for the management of hazardous waste, responses to hazardous substance releases as provided in sections 260.500 to 260.550, corrective actions at regulated facilities and illegal hazardous waste sites, prevention of leaks from underground storage tanks and response to petroleum releases from underground and aboveground storage tanks and other related activities required to carry out provisions of sections 260.350 to 260.575 and sections 319.100 to 319.127, and for payments to other state agencies for such services consistent with sections 260.435 to 260.575 and sections 319.100 to 319.139 upon proper warrant issued by the commissioner of administration, and for any other expenditures which are not covered pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, including but not limited to the following purposes:

3. There is hereby created within the hazardous waste fund a subaccount known as the "Hazardous Waste Facility Inspection Subaccount". All funds received from hazardous waste facility inspection fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the hazardous waste facility inspection subaccount. Moneys from such subaccount shall be used by the department for conducting inspections at facilities that are permitted or are required to be permitted as hazardous waste facilities by the department.

4. The fund balance remaining in the hazardous waste remedial fund shall be transferred to the hazardous waste fund created in this section.

5. No moneys shall be available from the fund for abandoned site cleanup unless the director has made all reasonable efforts to secure voluntary agreement to pay the costs of necessary remedial actions from owners or operators of abandoned or uncontrolled hazardous waste sites or other responsible persons.

6. The director shall make all reasonable efforts to recover the full amount of any funds expended from the fund for cleanup through litigation or cooperative agreements with responsible persons. All moneys recovered or reimbursed pursuant to this section through voluntary agreements or court orders shall be deposited to the hazardous waste fund created herein.

7. In addition to revenue from all licenses, taxes, fees, penalties, and interest, specified in subsection 1 of this section, the department shall request an annual appropriation of general revenue equal to any state match obligation to the U.S. Environmental Protection Agency for cleanup performed pursuant to the authority of the Comprehensive Environmental Response, Compensation and Liability Act of 1980.

The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely by the department of natural resources to investigate concerns of exposure to radioactive waste. Upon written request by a local governing body expressing concerns of radioactive waste contamination in a specified area within its jurisdiction, the department of natural resources shall use moneys in the radioactive waste investigation fund to develop and conduct an investigation, using sound scientific methods, for the specified area of concern. The request by a local governing body shall include a specified area of concern and any supporting documentation related to the concern. The department shall prioritize requests in the order in which they are received, except that the department may give priority to requests that are in close proximity to federally designated sites where radioactive contaminants are known or reasonably expected to exist. The investigation shall be performed by applicable federal or state agencies or by a qualified contractor selected by the department through a competitive bidding process. In conducting an investigation under this section, the department shall work with the applicable government agency or approved contractor, as well as local officials, to develop a sampling and analysis plan to determine if radioactive contaminants in the area of concern exceed federal standards for remedial action due to contamination. Within a residential area, this plan may include dust samples collected inside residential homes only after obtaining permission from the homeowners. The samples shall be analyzed for the isotopes necessary to correlate the EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Within forty-five days of receiving the final sampling results, the department shall report
the results to the attorney general and the local governing body that requested the
investigation and make the finalized report and testing results publicly available on the
department's website.

2. The transfer to the fund shall not exceed one hundred fifty thousand dollars per fiscal
year. Investigation costs expended from this fund shall not exceed one hundred fifty
thousand dollars per fiscal year. Any moneys remaining in the fund at the end of the
biennium shall revert to the credit of the hazardous waste fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds
are invested. Any interest and moneys earned on such investments shall be credited to the
fund.
