telepsychology services under the authority to practice interjurisdictional telepsychology or
provide temporary psychological services under the temporary authorization to practice in
any other compact state during the term of the alternative program.

REGULATORY AUTHORITY. — 1. In addition to any other powers granted under state law, a
compact state's psychology regulatory authority shall have the authority under this compact
to:

and testimony of witnesses and the production of evidence. Subpoenas issued by a compact
state's psychology regulatory authority for the attendance and testimony of witnesses, or the
production of evidence from another compact state shall be enforced in the latter state by
any court of competent jurisdiction, according to that court's practice and procedure in
considering subpoenas issued in its own proceedings. The issuing state psychology
regulatory authority shall pay any witness fees, travel expenses, mileage and other fees
required by the service statutes of the state where the witnesses or evidence are located; and

(2) Issue cease and desist or injunctive relief orders to revoke a psychologist's authority
to practice interjurisdictional telepsychology or temporary authorization to practice.

2. During the course of any investigation, a psychologist may not change his or her home
state licensure. A home state psychology regulatory authority is authorized to complete any
pending investigations of a psychologist and to take any actions appropriate under its law.
The home state psychology regulatory authority shall promptly report the conclusions of
such investigations to the commission. Once an investigation has been completed, and
pending the outcome of said investigation, the psychologist may change his or her home state
licensure. The commission shall promptly notify the new home state of any such decisions
as provided in the rules of the commission. All information provided to the commission or
distributed by compact states pursuant to the psychologist shall be confidential, filed under
seal and used for investigatory or disciplinary matters. The commission may create
additional rules for mandated or discretionary sharing of information by compact states.

337.140. COORDINATED LICENSURE INFORMATION SYSTEM. — 1. The commission shall
provide for the development and maintenance of a coordinated licensure information system
"coordinated database" and reporting system containing licensure and disciplinary action
information on all psychologist individuals to whom this compact is applicable in all compact
states as defined by the rules of the commission.

2. Notwithstanding any other provision of state law to the contrary, a compact state shall
submit a uniform data set to the coordinated database on all licensees as required by the
rules of the commission, including:

(6) Nonconfidential information related to alternative program participation information;
(7) Any denial of application for licensure, and the reasons for such denial; and
(8) Other information which may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all compact states of any adverse action taken against, or significant investigative information on, any licensee in a compact state.

4. Compact states reporting information to the coordinated database may designate information that may not be shared with the public without the express permission of the compact state reporting the information.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the law of the compact state reporting the information shall be removed from the coordinated database.

(6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of subsection 3 of this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes which fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, of any person participating in the meeting, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission which shall promulgate a rule binding upon all compact states.

(2) The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

337.150. RULEMAKING. — 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each compact states' psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
5. The notice of proposed rulemaking shall include:
   (1) The proposed time, date, and location of the meeting in which the rule will be
       considered and voted upon;
   (2) The text of the proposed rule or amendment and the reason for the proposed rule;
   (3) A request for comments on the proposed rule from any interested person;
   (4) The manner in which interested persons may submit notice to the commission of
       their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit
   written data, facts, opinions and arguments, which shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a
   rule or amendment if a hearing is requested by:
   (1) At least twenty-five persons who submit comments independently of each other;
   (2) A governmental subdivision or agency; or
   (3) A duly appointed person in an association that has at least twenty-five members.

8. (1) If a hearing is held on the proposed rule or amendment, the commission shall
       publish the place, time, and date of the scheduled public hearing.
       (2) All persons wishing to be heard at the hearing shall notify the executive director of
           the commission or other designated member in writing of their desire to appear and testify
           at the hearing not less than five business days before the scheduled date of the hearing.
           (3) Hearings shall be conducted in a manner providing each person who wishes to
               comment a fair and reasonable opportunity to comment orally or in writing.
           (4) No transcript of the hearing is required, unless a written request for a transcript is
               made, in which case the person requesting the transcript shall bear the cost of producing
               the transcript. A recording may be made in lieu of a transcript under the same terms
               and conditions as a transcript. This subdivision shall not preclude the commission from making
               a transcript or recording of the hearing if it so chooses.
           (5) Nothing in this section shall be construed as requiring a separate hearing on each
               rule. Rules may be grouped for the convenience of the commission at hearings required by
               this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled
   hearing date if the hearing was not held, the commission shall consider all written and oral
   comments received.

10. The commission shall, by majority vote of all members, take final action on the
    proposed rule and shall determine the effective date of the rule, if any, based on the
    rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is
    received, the commission may proceed with promulgation of the proposed rule without a
    public hearing.

12. Upon determination that an emergency exists, the commission may consider and
    adopt an emergency rule without prior notice, opportunity for comment, or hearing,
    provided that the usual rulemaking procedures provided in the compact and in this section
    shall be retroactively applied to the rule as soon as reasonably possible, in no event later than
    ninety days after the effective date of the rule. For the purposes of this provision, an
    emergency rule is one that shall be adopted immediately in order to:
    (1) Meet an imminent threat to public health, safety, or welfare;
    (2) Prevent a loss of commission or compact state funds;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. (1) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

(2) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

337.155. OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT.—1. (1) The executive, legislative and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

2. (1) If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states, and all rights, privileges and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.
(5) The commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. (1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

337.160. Date of implementation of the Psychology Interjurisdictional Compact Commission and associated rules, withdrawal, and amendment. — 1. The compact shall come into effect on the date on which the compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state which joins the compact subsequent to the commission’s initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. (1) Any compact state may withdraw from this compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.

5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
337.165. CONSTRUCTION AND SEVERABILITY. — This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states.

552.020. LACK OF MENTAL CAPACITY BAR TO TRIAL OR CONVICTION — PSYCHIATRIC EXAMINATION, WHEN, REPORT OF — PLEA OF NOT GUILTY BY REASON OF MENTAL DISEASE, SUPPORTING PRETRIAL EVALUATION, CONDITIONS OF RELEASE — COMMITMENT TO HOSPITAL, WHEN — STATEMENTS OF ACCUSED INADMISSIBLE, WHEN — JURY MAY BE IMPANELED TO DETERMINE MENTAL FITNESS.—1. No person who as a result of mental disease or defect lacks capacity to understand the proceedings against him or her or to assist in his or her own defense shall be tried, convicted or sentenced for the commission of an offense so long as the incapacity endures.

2. Whenever any judge has reasonable cause to believe that the accused lacks mental fitness to proceed, the judge shall, upon his or her own motion or upon motion filed by the state or by or on behalf of the accused, by order of record, appoint one or more private psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, who are neither employees nor contractors of the department of mental health for purposes of performing the examination in question, to examine the accused; or shall direct the director to have the accused so examined by one or more psychiatrists or psychologists, as defined in section 632.005, or physicians with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability, developmental disability, or mental illness. The order shall direct that a written report or reports of such examination be filed with the clerk of the court. No private physician, psychiatrist, or psychologist shall be appointed by the court unless he or she has consented to act. The examinations ordered shall be made at such time and place and under such conditions as the court deems proper; except that, if the order directs the director of the department to have the accused examined, the director, or his or her designee, shall determine the time, place and conditions under which the examination shall be conducted. The order may include provisions for the interview of witnesses and may require the provision of police reports to the department for use in evaluations. The department shall establish standards and provide training for those individuals performing examinations pursuant to this section and section 552.030. No individual who is employed by or contracts with the department shall be designated to perform an examination pursuant to this chapter unless the individual meets the qualifications so established by the department. Any examination performed pursuant to this subsection shall be completed and filed with the court within sixty days of the order unless the court for good cause orders otherwise. Nothing in this section or section 552.030 shall be construed to permit psychologists to engage in any activity not authorized by chapter 337. One pretrial evaluation shall be provided at no charge to the defendant by the department. All costs of subsequent evaluations shall be assessed to the party requesting the evaluation.

3. A report of the examination made under this section shall include:
   (1) Detailed findings;
   (2) An opinion as to whether the accused has a mental disease or defect;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(3) An opinion based upon a reasonable degree of medical or psychological certainty as to whether the accused, as a result of a mental disease or defect, lacks capacity to understand the proceedings against him or her or to assist in his or her own defense;

(4) A recommendation as to whether the accused should be held in custody in a suitable hospital facility for treatment pending determination, by the court, of mental fitness to proceed; and

(5) A recommendation as to whether the accused, if found by the court to be mentally fit to proceed, should be detained in such hospital facility pending further proceedings.

4. If the accused has pleaded lack of responsibility due to mental disease or defect or has given the written notice provided in subsection 2 of section 552.030, the court shall order the report of the examination conducted pursuant to this section to include, in addition to the information required in subsection 3 of this section, an opinion as to whether at the time of the alleged criminal conduct the accused, as a result of mental disease or defect, did not know or appreciate the nature, quality, or wrongfulness of his or her conduct or as a result of mental disease or defect was incapable of conforming his or her conduct to the requirements of law. A plea of not guilty by reason of mental disease or defect shall not be accepted by the court in the absence of any such pretrial evaluation which supports such a defense. In addition, if the accused has pleaded not guilty by reason of mental disease or defect, and the alleged crime is not a dangerous felony as defined in section 556.061, or those crimes set forth in subsection [11] 10 of section 552.040, or the attempts thereof, the court shall order the report of the examination to include an opinion as to whether or not the accused should be immediately conditionally released by the court pursuant to the provisions of section 552.040 or should be committed to a mental health or developmental disability facility. If such an evaluation is conducted at the direction of the director of the department of mental health, the court shall also order the report of the examination to include an opinion as to the conditions of release which are consistent with the needs of the accused and the interest of public safety, including, but not limited to, the following factors:

(1) Location and degree of necessary supervision of housing;

(2) Location of and responsibilities for appropriate psychiatric, rehabilitation and aftercare services, including the frequency of such services;

(3) Medication follow-up, including necessary testing to monitor medication compliance;

(5) Any other conditions or supervision as may be warranted by the circumstances of the case.

5. If the report contains the recommendation that the accused should be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed, and if the accused is not admitted to bail or released on other conditions, the court may order that the accused be committed to or held in a suitable hospital facility pending determination of the issue of mental fitness to proceed.

6. The clerk of the court shall deliver copies of the report to the prosecuting or circuit attorney and to the accused or his or her counsel. The report shall not be a public record or open to the public. Within ten days after the filing of the report, both the defendant and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one year training or experience in providing treatment or services to persons with an intellectual disability or developmental disability or mental illness, of their own choosing and at their own expense. An examination performed pursuant to this subsection shall be completed and a report filed with the court within sixty days of the date it is received by the department or private
psychiatrist, psychologist or physician unless the court, for good cause, orders otherwise. A copy shall be furnished the opposing party.

7. If neither the state nor the accused nor his or her counsel requests a second examination relative to fitness to proceed or contests the findings of the report referred to in subsections 2 and 3 of this section, the court may make a determination and finding on the basis of the report filed or may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a hearing on the issue. The court shall determine the issue of mental fitness to proceed and may impanel a jury of six persons to assist in making the determination. The report or reports may be received in evidence at any hearing on the issue but the party contesting any opinion therein shall have the right to summon and to cross-examine the examiner who rendered such opinion and to offer evidence upon the issue.

8. At a hearing on the issue pursuant to subsection 7 of this section, the accused is presumed to have the mental fitness to proceed. The burden of proving that the accused does not have the mental fitness to proceed is by a preponderance of the evidence and the burden of going forward with the evidence is on the party raising the issue. The burden of going forward shall be on the state if the court raises the issue.

9. If the court determines that the accused lacks mental fitness to proceed, the criminal proceedings shall be suspended and the court shall commit him or her to the director of the department of mental health. After the person has been committed, legal counsel for the department of mental health shall have standing to file motions and participate in hearings on the issue of involuntary medications.

10. Any person committed pursuant to subsection 9 of this section shall be entitled to the writ of habeas corpus upon proper petition to the court that committed him or her. The issue of the mental fitness to proceed after commitment under subsection 9 of this section may also be raised by a motion filed by the director of the department of mental health or by the state, alleging the mental fitness of the accused to proceed. A report relating to the issue of the accused's mental fitness to proceed may be attached thereto. When a motion to proceed is filed, legal counsel for the department of mental health shall have standing to participate in hearings on such motions. If the motion is not contested by the accused or his or her counsel or if after a hearing on a motion the court finds the accused mentally fit to proceed, or if he or she is ordered discharged from the director's custody upon a habeas corpus hearing, the criminal proceedings shall be resumed.

11. The following provisions shall apply after a commitment as provided in this section:

(1) Six months after such commitment, the court which ordered the accused committed shall order an examination by the head of the facility in which the accused is committed, or a qualified designee, to ascertain whether the accused is mentally fit to proceed and if not, whether there is a substantial probability that the accused will attain the mental fitness to proceed to trial in the foreseeable future. The order shall direct that written report or reports of the examination be filed with the clerk of the court within thirty days and the clerk shall deliver copies to the prosecuting attorney or circuit attorney and to the accused or his or her counsel. The report required by this subsection shall conform to the requirements under subsection 3 of this section with the additional requirement that it include an opinion, if the accused lacks mental fitness to proceed, as to whether there is a substantial probability that the accused will attain the mental fitness to proceed in the foreseeable future;

(2) Within ten days after the filing of the report, both the accused and the state shall, upon written request, be entitled to an order granting them an examination of the accused by a psychiatrist or psychologist, as defined in section 632.005, or a physician with a minimum of one
year training or experience in providing treatment or services to persons with an intellectual
disability or developmental disability or mental illness, of their own choosing and at their own
expense. An examination performed pursuant to this subdivision shall be completed and filed with
the court within thirty days unless the court, for good cause, orders otherwise. A copy shall be
furnished to the opposing party;

(3) If neither the state nor the accused nor his or her counsel requests a second examination
relative to fitness to proceed or contests the findings of the report referred to in subdivision (1) of
this subsection, the court may make a determination and finding on the basis of the report filed, or
may hold a hearing on its own motion. If any such opinion is contested, the court shall hold a
hearing on the issue. The report or reports may be received in evidence at any hearing on the issue
but the party contesting any opinion therein relative to fitness to proceed shall have the right to
summon and to cross-examine the examiner who rendered such opinion and to offer evidence
upon the issue;

(4) If the accused is found mentally fit to proceed, the criminal proceedings shall be resumed;
(5) If it is found that the accused lacks mental fitness to proceed but there is a substantial
probability the accused will be mentally fit to proceed in the reasonably foreseeable future, the
court shall continue such commitment for a period not longer than six months, after which the
court shall reinstitute the proceedings required under subdivision (1) of this subsection;

(6) If it is found that the accused lacks mental fitness to proceed and there is no substantial
probability that the accused will be mentally fit to proceed in the reasonably foreseeable future, the
court shall dismiss the charges without prejudice and the accused shall be discharged, but only if
proper proceedings have been filed under chapter 632 or chapter 475, in which case those sections
and no others will be applicable. The probate division of the circuit court shall have concurrent
jurisdiction over the accused upon the filing of a proper pleading to determine if the accused shall
be involuntarily detained under chapter 632, or to determine if the accused shall be declared
incapacitated under chapter 475, and approved for admission by the guardian under section
632.120 or 633.120, to a mental health or developmental disability facility. When such
proceedings are filed, the criminal charges shall be dismissed without prejudice if the court finds
that the accused is mentally ill and should be committed or that he or she is incapacitated and
should have a guardian appointed. The period of limitation on prosecuting any criminal offense
shall be tolled during the period that the accused lacks mental fitness to proceed.

12. If the question of the accused’s mental fitness to proceed was raised after a jury was
impaneled to try the issues raised by a plea of not guilty and the court determines that the accused
lacks the mental fitness to proceed or orders the accused committed for an examination pursuant
to this section, the court may declare a mistrial. Declaration of a mistrial under these
circumstances, or dismissal of the charges pursuant to subsection 11 of this section, does not
constitute jeopardy, nor does it prohibit the trial, sentencing or execution of the accused for the
same offense after he or she has been found restored to competency.

13. The result of any examinations made pursuant to this section shall not be a public record
or open to the public.

14. No statement made by the accused in the course of any examination or treatment pursuant
to this section and no information received by any examiner or other person in the course thereof,
whether such examination or treatment was made with or without the consent of the accused or
upon his or her motion or upon that of others, shall be admitted in evidence against the accused
on the issue of guilt in any criminal proceeding then or thereafter pending in any court, state or
federal. A finding by the court that the accused is mentally fit to proceed shall in no way prejudice
the accused in a defense to the crime charged on the ground that at the time thereof he or she was

afflicted with a mental disease or defect excluding responsibility, nor shall such finding by the court be introduced in evidence on that issue nor otherwise be brought to the notice of the jury.

630.745. NONCOMPLIANCE WITH LAW REVEALED BY INSPECTION — PROCEDURE — CORRECTIVE MEASURES, TIME LIMIT — REINSPECTION, WHEN — PROBATIONARY LICENSE — POSTING OF NONCOMPLIANCE NOTICES. — 1. If a duly authorized representative of the department finds upon inspection of a residential facility or day program that it is not in compliance with the provisions of sections 630.705 to 630.760, and the standards established thereunder, the head of the facility or program shall be informed of the deficiencies in an exit interview conducted with him. A written report shall be prepared of any deficiency for which there has not been prompt remedial action, and a copy of such report and a written correction order shall be sent to the [head of the facility or program [by certified mail, return receipt requested.]] at the facility or program address within twenty working days after the inspection, stating separately each deficiency and the specific statute or regulation violated.

2. The head of the facility or program shall have twenty working days following receipt of the report and correction order to request any conference and to submit a plan of correction for the department's approval which contains specific dates for achieving compliance. Within ten working days after receiving a plan of correction, the department shall give its written approval or rejection of the plan.

3. A reinspection shall be conducted within [fifty-five] sixty days after the original inspection to determine if deficiencies are being corrected as required in the approved correction plan or any subsequent authorized modification. If the facility or program is not in substantial compliance and the head of the facility or program is not correcting the noncompliance in accordance with the time schedules in his approved plan of correction, the department shall issue a notice of noncompliance, which shall be sent by certified mail, return receipt requested, to the head of the facility or program.

4. The notice of noncompliance shall inform the head of the facility or program that the department may seek the imposition of any of the sanctions and remedies provided for in section 630.755, or any other action authorized by law.

5. At any time after an inspection is conducted, the head of the facility or program may choose to enter into a consent agreement with the department to obtain a probationary license. The consent agreement shall include a provision that the head of the facility or program will voluntarily surrender the license if substantial compliance is not reached in accordance with the terms and deadlines established under the agreement. The agreement shall specify the stages, actions and time span to achieve substantial compliance.

6. If a notice of noncompliance has been issued, the head of the facility or program shall post a copy of the notice of noncompliance and a copy of the most recent inspection report in a conspicuous location in the facility or program, and the department shall send a copy of the notice of noncompliance to any concerned federal, state or local governmental agencies.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
Notwithstanding the above table, two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

4. Whenever the state highways and transportation commission finds that any state highway bridge in the state is in such a condition that use of such bridge by vehicles of the weights specified in subsection 3 of this section will endanger the bridge, or the users of the bridge, the commission may establish maximum weight limits and speed limits for vehicles using such bridge. The governing body of any city or county may grant authority by act or ordinance to the commission.
to enact the limitations established in this section on those roadways within the purview of such city or county. Notice of the weight limits and speed limits established by the commission shall be given by posting signs at a conspicuous place at each end of any such bridge.

6. Notwithstanding the weight limitations contained in this section, any vehicle or combination of vehicles operating on highways other than the interstate highway system may exceed single axle, tandem axle and gross weight limitations in an amount not to exceed two thousand pounds. However, total gross weight shall not exceed eighty thousand pounds, except as provided in subsections 9, 10, 12, and 13 of this section.

7. Notwithstanding any provision of this section to the contrary, the commission shall issue a single-use special permit, or, upon request of the owner of the truck or equipment[,] shall issue an annual permit, for the transporting of any crane, concrete pump truck, or well-drillers' equipment. The commission shall set fees for the issuance of permits and parameters for the transport of cranes pursuant to this subsection. Notwithstanding the provisions of section 301.133, concrete pump trucks or well-drillers' equipment may be operated on state-maintained roads and highways at any time on any day.

8. Notwithstanding the provision of this section to the contrary, the maximum gross vehicle limit and axle weight limit for any vehicle or combination of vehicles equipped with an idle reduction technology may be increased by a quantity necessary to compensate for the additional weight of the idle reduction system as provided for in 23 U.S.C. Section 127, as amended. In no case shall the additional weight increase allowed by this subsection be greater than five hundred fifty pounds. Upon request by an appropriate law enforcement officer, the vehicle operator shall provide proof that the idle reduction technology is fully functional at all times and that the gross weight increase is not used for any purpose other than for the use of idle reduction technology.

9. Notwithstanding any provision of this section or any other law to the contrary, the total gross weight of any vehicle or combination of vehicles hauling milk, from a farm to a processing facility or livestock may be as much as, but shall not exceed, eighty-five thousand five hundred pounds while operating on highways other than the interstate highway system. The provisions of this subsection shall not apply to vehicles operated and operating on the Dwight D. Eisenhower System of Interstate and Defense Highways.

10. No person shall operate any school bus owned by or under contract with a public school or the state board of education unless such driver has qualified for a school bus endorsement under this section and complied with the pertinent rules and regulations of the department of revenue and any final rule issued by the secretary of the United States Department of Transportation or has a valid school bus endorsement on a valid commercial driver's license issued by another state. A school bus endorsement shall be issued to any applicant who meets the following qualifications:

(1) The applicant has a valid state license issued under this chapter;
(2) The applicant is at least twenty-one years of age; and
(3) The applicant has successfully passed an examination for the operation of a school bus as prescribed by the director of revenue. The examination shall include any examinations prescribed by the secretary of the United States Department of Transportation, and a driving test in the type of vehicle to be operated. The test shall be completed in the appropriate class of vehicle to be
driven. For purposes of this section classes of school buses shall comply with the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570). For drivers who are at least seventy years of age, such examination, excluding the pre-trip inspection portion of the commercial driver's license skills test, shall be completed annually to retain the school bus endorsement.

2. The director of revenue, to the best of the director's knowledge, shall not issue or renew a school bus endorsement to any applicant whose driving record shows that such applicant's privilege to operate a motor vehicle has been suspended, revoked or disqualified or whose driving record shows a history of moving vehicle violations.

3. The director may adopt any rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

4. Notwithstanding the requirements of this section, an applicant who resides in another state and possesses a valid driver's license from his or her state of residence with a valid school bus endorsement for the type of vehicle being operated shall not be required to obtain a Missouri driver's license with a school bus endorsement.

304.060. School buses and other district vehicles, use to be regulated by board — field trips in common carriers, regulation authorized — violation by employee, effect — design of school buses, regulated by board — St. Louis county buses may use word "special." — 1. The state board of education may adopt rules and regulations governing the use of other vehicles owned by a district or operated under contract with any school district in this state and used for the purpose of transporting school children. The operator of such vehicle shall be licensed in accordance with section 302.272, and such vehicle shall transport no more children than the manufacturer suggests as appropriate for such vehicle. The state board of education may also adopt rules and regulations governing the use of authorized common carriers for the transportation of students on field trips or other special trips for educational purposes. Every school district, its officers and employees, and every person employed under contract by a school district shall be subject to such regulations. The state board of education shall cooperate with the state transportation department and the state highway patrol in placing suitable warning signs at intervals on the highways of the state.

2. Notwithstanding the provisions of subsection 1 of this section, any school board in the state of Missouri in an urban district containing the greater part of the population of a city which has more than three hundred thousand inhabitants may contract with any municipality, bi-state agency, or other governmental entity for the purpose of transporting school children attending a grade or grades not lower than the ninth nor higher than the twelfth grade, provided that such contract shall be for additional transportation services, and shall not replace or fulfill any of the school district's obligations pursuant to section

Matter in bold-face type is proposed language.
167.231. The school district may notify students of the option to use district contracted transportation services.

3. Any officer or employee of any school district who violates any of the regulations or fails to include obligation to comply with such regulations in any contract executed by him on behalf of a school district shall be guilty of misconduct and subject to removal from office or employment. Any person operating a school bus under contract with a school district who fails to comply with any such regulations shall be guilty of breach of contract and such contract shall be cancelled after notice and hearing by the responsible officers of such school district.

[3.] 4. Any other provision of the law to the contrary notwithstanding, in any county of the first class with a charter form of government adjoining a city not within a county, school buses may bear the word "special".

Enacts provisions relating to rate adjustments outside of general rate proceedings for certain public utilities.

AN ACT to repeal section 386.266, RSMo, and to enact in lieu thereof two new sections relating to rate adjustments outside of general rate proceedings for certain public utilities.

SECTION

A. Enacting clause.

386.266 Rate schedules for interim energy charges or periodic rate adjustment — application for approval, procedure — adjustment mechanisms — rulemaking authority — task force to be appointed — surveillance monitoring, requirements.

393.358 Planned infrastructure projects, qualification process for contractors — definitions — requirements — report to general assembly.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 386.266, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 386.266 and 393.358, to read as follows:

386.266. RATE SCHEDULES FOR INTERIM ENERGY CHARGES OR PERIODIC RATE ADJUSTMENT — APPLICATION FOR APPROVAL, PROCEDURE — ADJUSTMENT MECHANISMS — RULEMAKING AUTHORITY — TASK FORCE TO BE APPOINTED — SURVEILLANCE MONITORING, REQUIREMENTS. — 1. Subject to the requirements of this section, any electrical corporation may make an application to the commission to approve rate schedules authorizing an interim energy charge, or periodic rate adjustments outside of general rate proceedings to reflect increases and decreases in its prudently incurred fuel and purchased-power costs, including transportation. The commission may, in accordance with existing law, include in such rate schedules features designed to provide the electrical corporation with incentives to improve the efficiency and cost-effectiveness of its fuel and purchased-power procurement activities.

2. Subject to the requirements of this section, any electrical, gas, or water corporation may make an application to the commission to approve rate schedules authorizing periodic rate adjustments outside of general rate proceedings to reflect increases and decreases in its prudently

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
incurred costs, whether capital or expense, to comply with any federal, state, or local environmental law, regulation, or rule. Any rate adjustment made under such rate schedules shall not exceed an annual amount equal to two and one-half percent of the electrical, gas, or water corporation's Missouri gross jurisdictional revenues, excluding gross receipts tax, sales tax and other similar pass-through taxes not included in tariffed rates, for regulated services as established in the utility's most recent general rate case or complaint proceeding. In addition to the rate adjustment, the electrical, gas, or water corporation shall be permitted to collect any applicable gross receipts tax, sales tax, or other similar pass-through taxes, and such taxes shall not be counted against the two and one-half percent rate adjustment cap. Any costs not recovered as a result of the annual two and one-half percent limitation on rate adjustments may be deferred, at a carrying cost each month equal to the utilities net of tax cost of capital, for recovery in a subsequent year or in the corporation’s next general rate case or complaint proceeding.

3. Subject to the requirements of this section, any gas corporation may make an application to the commission to approve rate schedules authorizing periodic rate adjustments outside of general rate proceedings to reflect the nongas revenue effects of increases or decreases in residential and commercial customer usage due to variations in either weather, conservation, or both.

4. Subject to the requirements of this section, a water corporation with more than eight thousand Missouri retail customers may make an application to the commission to approve rate schedules authorizing periodic rate adjustments outside of general rate proceedings to ensure revenues billed by such water corporation for regulated services equal the revenue requirement for regulated services as established in the water corporation’s most recent general rate proceeding or complaint proceeding, excluding any other commission-approved surcharges and gross receipts tax, sales tax, and other similar pass-through taxes not included in tariffed rates, due to any revenue variation resulting from increases or decreases in residential, commercial, public authority, and sale for resale usage.

5. The commission shall have the power to approve, modify, or reject adjustment mechanisms submitted under subsections 1 to 3 of this section only after providing the opportunity for a full hearing in a general rate proceeding, including a general rate proceeding initiated by complaint. The commission may approve such rate schedules after considering all relevant factors which may affect the costs or overall rates and charges of the corporation, provided that it finds that the adjustment mechanism set forth in the schedules:

(1) Is reasonably designed to provide the utility with a sufficient opportunity to earn a fair return on equity;

(2) Includes provisions for an annual true-up which shall accurately and appropriately remedy any over- or under-collections, including interest at the utility’s short-term borrowing rate, through subsequent rate adjustments or refunds;

(3) In the case of an adjustment mechanism submitted under subsections 1 and 2 of this section, includes provisions requiring that the utility file a general rate case with the effective date of new rates to be no later than four years after the effective date of the commission order implementing the adjustment mechanism. However, with respect to each mechanism, the four-year period shall not include any periods in which the utility is prohibited from collecting any charges under the adjustment mechanism, or any period for which charges collected under the adjustment mechanism must be fully refunded. In the event a court determines that the adjustment mechanism is unlawful and all moneys collected thereunder are fully refunded, the utility shall be relieved of any obligation under that adjustment mechanism to file a rate case;

(4) In the case of an adjustment mechanism submitted under subsection 1 or 2 of this section, includes provisions for prudence reviews of the costs subject to the adjustment mechanism no less
frequently than at eighteen-month intervals, and shall require refund of any imprudently incurred costs plus interest at the utility's short-term borrowing rate.

[5.] 6. Once such an adjustment mechanism is approved by the commission under this section, it shall remain in effect until such time as the commission authorizes the modification, extension, or discontinuance of the mechanism in a general rate case or complaint proceeding.

[6.] 7. Any amounts charged under any adjustment mechanism approved by the commission under this section shall be separately disclosed on each customer bill.

[7.] 8. The commission may take into account any change in business risk to the corporation resulting from implementation of the adjustment mechanism in setting the corporation's allowed return in any rate proceeding, in addition to any other changes in business risk experienced by the corporation.

[8.] 9. In the event the commission lawfully approves an incentive- or performance-based plan, such plan shall be binding on the commission for the entire term of the plan. This subsection shall not be construed to authorize or prohibit any incentive- or performance-based plan.

[9.] 10. Prior to August 28, 2005, for subsections 1 to 3 of this section, and upon the effective date of this section for subsection 4 of this section, the commission shall have the authority to promulgate rules under the provisions of chapter 536 as it deems necessary, to govern the structure, content and operation of such rate adjustments, and the procedure for the submission, frequency, examination, hearing and approval of such rate adjustments. [Such rules shall be promulgated no later than one hundred fifty days after the initiation of such rulemaking proceeding.] Any electrical, gas, or water corporation may apply for any adjustment mechanism under this section whether or not the commission has promulgated any such rules.

[10.] 11. Nothing contained in this section shall be construed as affecting any existing adjustment mechanism, rate schedule, tariff, incentive plan, or other ratemaking mechanism currently approved and in effect.

[11.] 12. Each of the provisions of this section is severable. In the event any provision or subsection of this section is deemed unlawful, all remaining provisions shall remain in effect.

[12.] 13. The provisions of subsections 1 to 3 of this section shall take effect on January 1, 2006, and the commission shall have previously promulgated rules to implement the application process for any rate adjustment mechanism under subsections 1 to 3 of this section prior to the commission issuing an order for any rate adjustment.

[13.] 14. The public service commission shall appoint a task force, consisting of all interested parties, to study and make recommendations on the cost recovery and implementation of conservation and weatherization programs for electrical and gas corporations.

393.358. PLANNED INFRASTRUCTURE PROJECTS, QUALIFICATION PROCESS FOR CONTRACTORS — DEFINITIONS — REQUIREMENTS — REPORT TO GENERAL ASSEMBLY. — 1. For purposes of this section, the following terms shall mean:

(1) "Commission", the Missouri public service commission established under section 386.040;

(2) "Water corporation", a corporation with more than one thousand Missouri customers that otherwise meets the definition of "water corporation" in section 386.020.

2. Water corporations shall develop a qualification process open to all contractors seeking to provide construction and construction-related services for planned infrastructure projects on the water corporation's distribution system. The water corporation shall specify qualification requirements and goals for contractors seeking to perform such work, including but not limited to experience, performance criteria, safety record and policies,
technical expertise, scheduling needs and available resources, supplier diversity and insurance requirements. Contractors that meet the qualification requirements shall be eligible to participate in a competitive bidding process for providing construction and construction-related services for planned infrastructure projects on the water corporation’s distribution system, and the contractor making the lowest and best bid shall be awarded such contract. For contractors not qualifying through the competitive bid process, the water corporation, upon request from the contractor, shall provide information from the process in which the contractor can be informed as to how to be better positioned to qualify for such bid opportunities in the future. Nothing in this section shall be construed as requiring any water corporation to use third parties instead of its own employees to perform such work, to use the contractor qualification or competitive bidding process in the case of an emergency project, or to terminate any existing contract with a contractor prior to its expiration.

3. Within thirty days after the effective date of this section and with the filing of a general rate proceeding initiated by the water corporation, the water corporation shall file a statement with the commission confirming it has established a qualification process meeting the requirements of this section and that such process is used for no less than ten percent of the corporation’s external expenditures for planned infrastructure projects on the water corporation’s distribution system. The commission shall have the authority to verify the statements to ensure compliance with this section.

4. By December 31, 2020, the commission shall submit a report to the general assembly on the effects of this section, including water corporation compliance, the costs of performing planned infrastructure projects prior to the implementation of this section compared to after the implementation of this section, and any other information regarding the process established under this section that the commission deems necessary.

301.213. DEALERS MAY PURCHASE OR ACCEPT IN TRADE VEHICLES SUBJECT TO EXISTING LIENS, WHEN — SALE OF VEHICLES SUBJECT TO LIEN, WHEN — REPLACEMENT CERTIFICATE, WHEN — LIABILITY, WHEN — VIOLATION, PENALTY. — 1. Notwithstanding the provisions of sections 301.200 and 301.210, any person licensed as a motor vehicle dealer under sections 301.550 to 301.580 that has provided to the director of revenue a surety bond or irrevocable letter of credit in an amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the [[twenty-five] fifty] thousand dollar bond otherwise required for licensure as a motor vehicle dealer shall be authorized to purchase or accept in trade any motor vehicle for which there has been issued a certificate of ownership, and to receive such vehicle subject to any existing liens thereon created and perfected under sections 301.600 to 301.660 provided the licensed dealer receives the following:

(1) A signed written contract between the licensed dealer and the owner of the vehicle outlining the terms of the sale or acceptance in trade of such motor vehicle without transfer of the certificate of ownership; and

(2) Physical delivery of the vehicle to the licensed dealer; and

(3) A power of attorney from the owner to the licensed dealer, in accordance with subsection 4 of section 301.300, authorizing the licensed dealer to obtain a duplicate or replacement title in the owner's name and sign any title assignments on the owner's behalf.

2. If the dealer complies with the requirements of subsection 1 of this section, the sale or trade of the vehicle to the dealer shall be considered final, subject to any existing liens created and perfected under sections 301.600 to 301.660. Once the prior owner of the motor vehicle has physically delivered the motor vehicle to the licensed dealer, the prior owners' insurable interest in such vehicle shall cease to exist.
3. If a licensed dealer complies with the requirements of subsection 1 of this section, and such dealer has provided to the director of revenue a surety bond or irrevocable letter of credit in amount not less than one hundred thousand dollars in a form which complies with the requirements of section 301.560 and in lieu of the [twenty-five] **fifty** thousand dollar bond otherwise required for licensure as a motor vehicle dealer, such dealer may sell such vehicle prior to receiving and assigning to the purchaser the certificate of ownership, provided such dealer complies with the following:

(1) All outstanding liens created on the vehicle pursuant to sections 301.600 to 301.660 have been paid in full, and the dealer provides a copy of proof or other evidence to the purchaser; and

(2) The dealer has obtained proof or other evidence from the department of revenue confirming that no outstanding child support liens exist upon the vehicle at the time of sale and provides a copy of said proof or other evidence to the purchaser; and

(3) The dealer has obtained proof or other evidence from the department of revenue confirming that all applicable state sales tax has been satisfied on the sale of the vehicle to the previous owner and provides a copy of said proof or other evidence to the purchaser; and

(4) The dealer has signed an application for duplicate or replacement title for the vehicle under subsection 4 of section 301.300 and provides a copy of the application to the purchaser, along with a copy of the power of attorney required by subsection 1 of this section, and the dealer has prepared and delivered to the purchaser an application for title for the vehicle in the purchaser’s name; and

(5) The dealer and the purchaser have entered into a written agreement for the subsequent assignment and delivery of such certificate of ownership, on a form prescribed by the director of revenue, to take place at a time, not to exceed sixty calendar days, after the time of delivery of the motor vehicle to the purchaser. Such agreement shall require the purchaser to provide to the dealer proof of financial responsibility in accordance with chapter 303 and proof of comprehensive and collision coverage on the motor vehicle. Such dealer shall maintain the original or an electronic copy of the signed agreement and deliver a copy of the signed agreement to the purchaser. Such dealer shall also complete and deliver to the director of revenue such form as the director shall prescribe demonstrating that the purchaser has purchased the vehicle without contemporaneous delivery of the title.

Notwithstanding any provision of law to the contrary, completion of the requirements of this subsection shall constitute prima facie evidence of an ownership interest vested in the purchaser of the vehicle for all purposes other than for a subsequent transfer of ownership of the vehicle by the purchaser, subject to the rights of any secured lienholder of record; however, the purchaser may use the dealer-supplied copy of the agreement to transfer his or her ownership of the vehicle to an insurance company in situations where the vehicle has been declared salvage or a total loss by the insurance company as a result of a settlement of a claim. Such insurance company may apply for a salvage certificate of title or junking certificate pursuant to the provisions of subsection 3 of section 301.193 in order to transfer its interest in such vehicle. The purchaser may also use the dealer-supplied copy of the agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lender or insurance company may rely upon a copy of the signed written agreement on the form prescribed by the director of revenue as proof of ownership interest. Any lien placed upon a vehicle based upon such signed written agreement shall be valid and enforceable, notwithstanding the absence of a certificate of ownership.

4. Following a sale or other transaction in which a certificate of ownership has not been assigned from the owner to the licensed dealer, the dealer shall, within ten business days, apply for a duplicate or replacement certificate of ownership. Upon receipt of a duplicate or replacement
certificate of ownership applied for under subsection 4 of section 301.300, the dealer shall assign and deliver said certificate of ownership to the purchaser of the vehicle within five business days. The dealer shall maintain proof of the assignment and delivery of the certificate of ownership to the purchaser. For purposes of this subsection, a dealer shall be deemed to have delivered the certificate of ownership to the purchaser upon either:

(1) Physical delivery of the certificate of ownership to any of the purchasers identified in the contract with such dealer; or

(2) Mailing of the certificate, postage prepaid, return receipt requested, to any of the purchasers at any of their addresses identified in the contract with such dealer.

5. If a licensed dealer fails to comply with subsection 3 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees.

6. If a licensed dealer fails or is unable to comply with subsection 4 of this section, and the purchaser of the vehicle is thereby damaged, then the dealer shall be liable to the purchaser of the vehicle for actual damages, plus court costs and reasonable attorney fees. 5. Upon the sale of a currently licensed [new] motor vehicle [franchise] dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer. If the new approved dealer applicant elects not to retain the selling dealer's license number, the department shall issue the new dealer applicant a new dealer's license number and an equal number of plates or certificates as the department had issued to the selling dealer.

6. In the case of motor vehicle dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue one additional number plate to the applicant upon payment by the dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for the additional number plate. The department may issue a third plate to the motor vehicle dealer upon completion of the dealer's fifteenth qualified transaction and payment of a fee of ten dollars and fifty cents. In the case of new motor vehicle manufacturers, [motor vehicle dealers,] powersport dealers, recreational motor vehicle dealers, and trailer dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue two additional number plates to the applicant upon payment by the manufacturer or dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for each additional number plate. [Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.] Boat dealers and boat manufacturers shall be entitled to one certificate of number bearing such number upon the payment of a fifty dollar fee. Additional number plates and as many additional certificates of number may be obtained upon payment of a fee of ten dollars and fifty cents for each additional plate or certificate. New motor vehicle manufacturers shall not be issued or possess more than three hundred forty-seven additional number plates or certificates of number annually. New and used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, boat dealers, and trailer dealers are limited to one additional plate or certificate of number per ten-unit qualified transactions annually. New and used recreational motor vehicle dealers are limited to two additional plates or certificate of number per ten-unit qualified transactions annually for their first fifty transactions and one additional plate or certificate of number per ten-unit qualified transactions thereafter. An applicant seeking the issuance of an initial license shall indicate on his or her initial application the applicant's proposed annual number of sales in order for the director to issue the appropriate number of additional plates or certificates of number. A motor vehicle dealer, trailer dealer, boat dealer, powersport dealer, recreational motor vehicle dealer, motor vehicle manufacturer, boat manufacturer, or wholesale motor vehicle dealer obtaining a distinctive dealer license plate or certificate of number or additional license plate or additional certificate of number, throughout the calendar year, shall be required to pay a fee for such license plates or certificates of number computed on the basis of one-twelfth of the full fee prescribed for the original and duplicate number plates or certificates of number for such dealers' licenses, multiplied by the number of months remaining in the licensing period for which the dealer or manufacturers shall be required to be licensed. In the event of a renewing dealer, the fee due at the time of renewal shall not be prorated. Wholesale and public auctions shall be issued a certificate of dealer registration in lieu of a dealer number plate. In order for dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury,
the dealer's number of sales during the reporting period of July first of the immediately preceding year to June thirtieth of the present year.

7. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle owned by a new motor vehicle manufacturer. The plates issued pursuant to subsection 3 or 6 of this section may be displayed on any motor vehicle or trailer owned and held for resale by a motor vehicle dealer for use by a customer who is test driving the motor vehicle, for use and display purposes during, but not limited to, parades, private events, charitable events, or for use by an employee or officer, but shall not be displayed on any motor vehicle or trailer hired or loaned to others or upon any regularly used service or wrecker vehicle. Motor vehicle dealers may display their dealer plates on a tractor, truck or trailer to demonstrate a vehicle under a loaded condition. Trailer dealers may display their dealer license plates in like manner, except such plates may only be displayed on trailers owned and held for resale by the dealer.

8. The certificates of number issued pursuant to subsection 3 or 6 of this section may be displayed on any vessel or vessel trailer owned and held for resale by a boat manufacturer or a boat dealer, and used by a customer who is test driving the vessel or vessel trailer, or is used by an employee or officer on a vessel or vessel trailer only, but shall not be displayed on any motor vehicle owned by a boat manufacturer, boat dealer, or trailer dealer, or vessel or vessel trailer hired or loaned to others or upon any regularly used service vessel or vessel trailer. Boat dealers and boat manufacturers may display their certificate of number on a vessel or vessel trailer when transporting a vessel or vessels to an exhibit or show.

9. If any law enforcement officer has probable cause to believe that any license plate or certificate of number issued under subsection 3 or 6 of this section is being misused in violation of subsection 7 or 8 of this section, the license plate or certificate of number may be seized and surrendered to the department.

10. (1) Every application for the issuance of a used motor vehicle dealer's license shall be accompanied by proof that the applicant, within the last twelve months, has completed an educational seminar course approved by the department as prescribed by subdivision (2) of this subsection. Wholesale and public auto auctions and applicants currently holding a new or used license for a separate dealership shall be exempt from the requirements of this subsection. The provisions of this subsection shall not apply to current new motor vehicle franchise dealers or motor vehicle leasing agencies or applicants for a new motor vehicle franchise or a motor vehicle leasing agency. 4. Upon the suspension or revocation of any person's license issued under sections 301.550 to 301.580, the department shall recall any distinctive number plates that were issued to that licensee. 5. Notwithstanding the foregoing provisions of this section, the following events or acts by the holder of any license issued under sections 301.550 to 301.580 are deemed to present a clear and present danger to the public welfare and shall be considered cause for suspension or revocation of such license under the procedure set forth in subsection 6 of this section, at the discretion of the director:

(e) Shall inform the licensee that he or she has the right to attend the hearing and present any evidence in his or her defense, including evidence to show that the event or act which may result in suspension or revocation has been corrected to the director's satisfaction, and that he or she may be represented by counsel at the hearing.

(3) At any hearing before the director conducted under this subsection, the director or his or her designated hearing officer shall consider all evidence relevant to the issue of whether the license should be suspended or revoked due to the occurrence of any of the acts set forth in subsection 5 herein. Within twenty business days after such hearing, the director or his or her designated hearing officer shall issue a written order, with findings of fact and conclusions of law, which either grants or denies the issuance of an order of suspension or revocation. The suspension or revocation shall be effective ten days after the date of the order. The written order of the director or his or her hearing officer shall be the final decision of the director and shall be subject to judicial review under the provisions of chapter 536.

(4) Notwithstanding the provisions of this chapter or chapter 610 or 621 to the contrary, the proceedings under this section shall be closed and no order shall be made public until it is final, for purposes of appeal.

7. In lieu of acting under subsection 2 or 6 of this section, the department of revenue may enter into an agreement with the holder of the license to ensure future compliance with sections 301.210, 301.213, 307.380, sections 301.217 to 301.229, and sections 301.550 to 301.580. Such agreement may include an assessment fee not to exceed five hundred dollars per violation or five thousand dollars in the aggregate unless otherwise permitted by law, probation terms and conditions, and other requirements as may be deemed appropriate by the department of revenue and the holder of the license. Any fees collected by the department of revenue under this subsection shall be deposited into the motor vehicle commission fund created in section 301.560.

301.563. Subpoenas, issuance of process, department's authority — witnesses, costs — failure to obey process, penalty, continuing violations. — 1. The department or its designated representative may issue process, subpoena witnesses, administer oaths, examine books and papers, and require the production thereof, and cause the deposition of any witness to be taken and the costs thereof paid as other costs under sections 301.550 to [301.573] 301.580. Any party may process to compel the attendance of witnesses and the production of books and papers, and at his own cost to take and use depositions in like manner as in civil cases in the circuit court. The subpoena shall extend to all parts of the state, and may be served as in civil actions in the circuit court, but the costs of the service shall be as in other civil actions. Each witness shall receive the fees and mileage prescribed by law in civil cases, but the same shall not be allowed as costs to the party in whose behalf the witness was summoned unless the person who conducts the hearing certifies that the testimony of the witness was necessary. All costs under this section shall be approved by the department and paid out of the Missouri motor vehicle commission fund established in section 301.560, except that if the department determines that any proceedings are brought, prosecuted or defended without reasonable ground, it may assess the whole cost of the proceedings upon the party who brought, prosecuted or defended the proceedings.

2. If any person subpoenaed to appear at any hearing or proceeding fails to obey the command of such subpoena without reasonable cause or if any person attending a hearing or proceeding shall, without reasonable cause, refuse to be sworn or to be examined or to answer a question or to produce a book or paper or to subscribe or swear to his deposition, such person is guilty of a class B misdemeanor and on conviction thereof shall be punished by a fine of not more than five hundred
dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment, and in the case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

[A motor vehicle dealer may participate in no more than two motor vehicle shows or sales annually and conduct sales of motor vehicles away from the dealer's usual, licensed place of business if either the requirements of subsection 2 or 3 of this section are met or the event is conducted for not more than five consecutive days, the event does not require any motor vehicle dealer participant to pay an unreasonably prohibitive participation fee, and if a majority of the motor vehicle dealers within a class of dealers described pursuant to subsection 3 of section 301.550 in a city or town participate or are invited and have the opportunity to participate in the event, except that a recreational motor vehicle dealer classified in subdivision (5) of subsection 3 of section 301.550 may participate in such a show or sale even if a majority of recreational motor vehicle dealers in a city or town do not participate in the event. If any show or sale includes a class of dealer or franchised new vehicle line-make, that is also represented by a same class dealer or dealer representing the same line-make outside of the boundary lines of the city or town and is within ten miles of where the show or sale is to take place, the dealer outside of the boundary lines of the city or town shall be invited to participate in the show or sale. The department shall consider such events to be proper in all respects and as if each dealer participant was conducting business.
at the dealer's usual business location. Nothing contained in this section shall be construed as applying to the sale of motor vehicles or trailers through either a wholesale motor vehicle auction or public motor vehicle auction. Except as provided in this section, it shall be unlawful for a motor vehicle dealer to sell or offer to sell any motor vehicle away from the dealer's registered place of business.

2. Any person, partnership, corporation or association disposing of vehicles used and titled solely in its ordinary course of business as provided in section 301.570 may sell at retail such vehicles away from that person's bona fide established place of business, thus constituting an off-site sale, by adhering to each of the following conditions with regard to each and every off-site sale conducted:

   (1) Have in effect a valid license, pursuant to sections 301.550 to 301.575, from the department for the sale of used motor vehicles;
   (2) No off-site sale may exceed five days in duration, and only one sale may be held per year, per county;
   (3) Pay to the motor vehicle commission fund, pursuant to section 301.560, a permit fee of five hundred fifty dollars for each off-site sale event;
   (4) Advise the department, at least ten days prior to the sale, of the date, location and duration of each off-site sale;
   (5) The sale of vehicles at off-site sales shall be limited to sales by a seller of vehicles used and titled solely in its ordinary course of business, and such sales shall be held in conjunction with a credit union and limited to members of the credit union, thus constituting a private sale to be advertised to members only.

3. Off-site sales by a seller of vehicles used and titled solely in its ordinary course of business may also be held in conjunction with other financial institutions provided that any such sale event shall be held on the premises of the financial institution, and sales shall be limited to persons who were customers of the financial institution prior to the date of the sale event. Off-site sales held with such other financial institutions shall be limited to one sale per year per institution.

4. A motor vehicle dealer may participate in up to two off-premise motor vehicle shows or sales annually and conduct sales of motor vehicles away from the dealer's registered place of business, which for purposes of this section shall be considered "off-premise events" provided the following:

      (a) Participation fees may include those costs reasonably necessary for the off-premise event such as rental of real property and provision of insurance coverage;
      (b) If a participation fee is required, the fee shall be the same for all motor vehicle dealers participating in the event, but in no event shall any participation fee exceed five hundred dollars per participant;
   (3) A majority of motor vehicle dealers within a class of dealers described in subsection 3 of section 301.550 that are located within the city or town in which the off-premise event is situated participate in the event or are notified via mail or electronic means and have the opportunity to participate in the event;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
(4) A majority of motor vehicle dealers within a class of dealers described in subsection 3 of section 301.550 that are located within a ten-mile radius of the location of the off-premise event participate in the event or are notified via mail or electronic means and have the opportunity to participate in the event;

(5) Notices provided pursuant to subdivisions (3) and (4) of this subsection shall be provided not less than forty-five days before the off-premise event is to take place and invited dealers shall be given at least five business days to respond to the notice;

(6) The organizer of the off-premise event shall provide a copy of the notices issued pursuant to subdivisions (3) and (4) of this subsection to the director at the time they are mailed or electronically transmitted to the prospective participants; and

(7) No motor vehicle dealer shall participate in any off-premise event that is more than ten miles from its licensed location.

5. Provided the requirements of this section are met, the department shall consider such events to be proper in all respects and as if each dealer participant was conducting business at the dealer's usual business location. Nothing contained in this section shall be construed as applying to the sale of motor vehicles or trailers through either a wholesale motor vehicle auction or public motor vehicle auction. A recreational motor vehicle dealer, as classified by subdivision (5) of subsection 3 of section 301.550, may participate in an off-premise event even if a majority of recreational motor vehicle dealers in a city or town do not participate in the event.

[3.] 6. A recreational vehicle dealer, as that term is defined in section 700.010, who is licensed in another state may participate in recreational vehicle shows or exhibits with recreational vehicles within this state in which less than fifty dealers participate as exhibitors with permission of the dealer's licensed manufacturer if all of the following conditions exist:

(1) The show or exhibition has a minimum of ten recreational vehicle dealers licensed as motor vehicle dealers in this state;

(2) More than fifty percent of the participating recreational vehicle dealers are licensed motor vehicle dealers in this state; and

(3) The state in which the recreational vehicle is licensed is a state contiguous to Missouri and the state permits recreational vehicle dealers licensed in Missouri to participate in recreational vehicle shows in such state pursuant to conditions substantially equivalent to the conditions which are imposed on dealers from such state who participate in recreational vehicle shows in Missouri.

[4.] 7. A recreational vehicle dealer licensed in another state may participate in a vehicle show or exhibition in Missouri which has, when it opens to the public, at least fifty dealers displaying recreational vehicles if the show or exhibition is trade-oriented and is predominantly funded by recreational vehicle manufacturers. All of the participating dealers who are not licensed in Missouri shall be licensed as recreational vehicle dealers by the state of their residence.

[5.] 8. A recreational vehicle dealer licensed in another state who intends to participate in a vehicle show or exhibition in this state shall send written notification of such intended participation to the department of revenue at least thirty days prior to the vehicle show or exhibition. Upon receipt of such written notification, the department of revenue shall make a determination regarding compliance with the provisions of this section. If such recreational vehicle dealer would be unable to participate in the vehicle show or exhibition in this state pursuant to this section, the department of revenue shall notify the recreational vehicle dealer at least fifteen days prior to the vehicle show or exhibition of the inability to participate in the vehicle show or exhibition in this state.
9. The department [of revenue] may assess a fine of up to one thousand dollars for the off-premise sale or display of any motor vehicle in violation of this section.

301.568. Exchange of motor vehicles between dealers, registration not required, when. — New motor vehicles may be exchanged for resale from one new motor vehicle franchise dealer to another who is franchised to sell the same make of new motor vehicles by assignment of the manufacturer's statement of origin. Such exchange shall not be deemed to be a sale and shall not require the motor vehicle dealer to register and make application for a certificate of ownership as set out in this chapter. However, when an exchange by assignment of the manufacturer's statement of origin is between a new motor vehicle franchise dealer and another motor vehicle dealer who has a franchise for a different make of motor vehicle or a motor vehicle dealer who is not a new motor vehicle franchise dealer, the transaction shall be deemed a sale and shall void the resale of that motor vehicle as a new motor vehicle, and it shall be unlawful for any motor vehicle dealer to hold forth, offer for sale, advertise or sell such motor vehicle as a new motor vehicle. A motor vehicle dealer shall not assign ownership on any vehicle in a retail sale by the assignment of a manufacturer's statement of origin unless he is franchised by the manufacturer to sell that particular make of vehicle; however, this provision shall not take effect if the motor vehicle dealer and the manufacturer are in the process of negotiating a new franchise agreement, or the motor vehicle dealer has filed a timely protest to the manufacturer or appealed under section 407.825 of the motor vehicle franchise practices act. The provisions of this section shall not apply to mobile homes or trailers.

301.570. Sale of six or more motor vehicles in a year without license, prohibited — prosecuting attorney, duties — penalty, exceptions. — 1. It shall be unlawful for any person, partnership, corporation, company or association, unless the seller is a financial institution, or is selling repossessed motor vehicles or is disposing of vehicles used and titled solely in its ordinary course of business or is a collector of antique motor vehicles, to sell or display with an intent to sell six or more motor vehicles in a calendar year, except when such motor vehicles are registered in the name of the seller, unless such person, partnership, corporation, company or association is:

(1) Licensed as a motor vehicle dealer by the department under the provisions of sections 301.550 to 301.573;

(2) Exempt from licensure as a motor vehicle dealer pursuant to subsection 4 of section 301.559;

(4) An auctioneer, acting at the request of the owner at an auction, when such auction is not a public motor vehicle auction.

2. Any person, partnership, corporation, company or association that has reason to believe that the provisions of this section are being violated shall file a complaint with the prosecuting attorney in the county in which the violation occurred. The prosecuting attorney shall investigate the complaint and take appropriate action.

3. For the purposes of sections 301.550 to 301.573, the sale, barter, exchange, lease or rental with option to purchase of six or more motor vehicles in a calendar year by any person, partnership, corporation, company or association, whether or not the motor vehicles are owned by them, shall be prima facie evidence of intent to make a profit or gain of money and such person,
4. Any person, partnership, corporation, company or association who violates subsection 1 of this section is guilty of a class A misdemeanor. A second or subsequent conviction shall be deemed a class E felony.

5. The provisions of this section shall not apply to liquidation of an estate.

(3) Historic motor vehicles registered pursuant to section 301.131;

(4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months;

shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and approval and a sticker, seal, or other device from a duly authorized official inspection station. The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new owner shall be able to utilize an inspection performed within ninety days prior to the application for registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place...
where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.

303.030. OPERATOR'S LICENSE SUSPENDED ON FAILURE TO GIVE SECURITY FOR PAYMENT OF DAMAGES AFTER ACCIDENT, BURDEN OF PROOF FOR CHALLENGING DETERMINATION — EXCEPTIONS — INSURANCE ACCEPTED. — 1. If within twenty days after the receipt of a report of a motor vehicle accident within this state which has resulted in bodily injury or death, or damage to the property of any one person in excess of five hundred dollars, the director does not have on file evidence satisfactory to him that the person who would otherwise be required to file security under subsection 2 of this section has been released from liability, or has been finally adjudicated not to be liable, or has executed a duly acknowledged written agreement providing for the payment of an agreed amount in installments with respect to all claims for injuries or damages resulting from the accident, the director shall determine the amount of security which shall be sufficient in his judgment to satisfy any judgment for damages resulting from such accident as may be recovered against each operator or owner. Any person challenging the director's determination shall have the burden of proving he or she was not at fault.

2. The director shall, within ninety days after the receipt of such report of a motor vehicle accident, suspend the license of each operator, and all registrations of each owner of a motor vehicle, in any manner involved in such accident, and if such operator is a nonresident the privilege of operating a motor vehicle within this state, and if such owner is a nonresident the privilege of the use within this state of any motor vehicle owned by him, unless such operator or owner or both shall deposit security in the sum so determined by the director; provided notice of such suspension shall be sent by the director to such operator and owner not less than ten days prior to the effective date of such suspension and shall state the amount required as security; provided, however, that the period of suspension provided for in this section shall be in addition to any period of suspension imposed under sections 303.041 and 303.042.

3. Where erroneous information is given the director with respect to the matters set forth in subdivision (1), (2) or (3) of subsection 4 of this section, he shall take appropriate action as hereinbefore provided, within forty-five days after receipt by him of correct information with respect to said matters.

4. This section shall not apply under the conditions stated in section 303.070, nor:
   (1) To such operator or owner if such owner had in effect at the time of such accident an automobile liability policy with respect to the motor vehicle involved in such accident;
   (2) To such operator, if not the owner of such motor vehicle, if there was in effect at the time of such accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(3) To such operator or owner if the liability of such operator or owner for damages resulting from such accident is, in the judgment of the director, covered by any other form of liability insurance policy or bond; nor
(4) To any person qualifying as a self-insurer under section 303.220, nor to any person operating a motor vehicle for such self-insurer.

5. No such policy or bond shall be effective under this section unless issued by an insurance company or surety company authorized to do business in this state, except that if such motor vehicle was not registered in this state, or was a motor vehicle which was registered elsewhere than in this state at the effective date of the policy or bond, or the most recent renewal thereof, such policy or bond shall not be effective under this section unless the insurance company or surety company, if not authorized to do business in this state, shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident; provided, however, every such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not less than twenty-five thousand dollars because of injury to or destruction of property of others in any one accident.

303.120. Judgments deemed satisfied, when. — 1. Judgments herein referred to shall, for the purpose of this chapter only, be deemed satisfied:
   (1) When twenty-five thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or
   (2) When, subject to such limit of twenty-five thousand dollars because of bodily injury to or death of one person, the sum of fifty thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or
   (3) When twenty-five thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

2. Payments made in settlement of any claims because of bodily injury, death or property damage arising from a motor vehicle accident shall be credited in reduction of the amounts provided for in this section.

303.190. Motor vehicle liability policy, contents. — 1. A "motor vehicle liability policy" as said term is used in this chapter shall mean an owner's or an operator's policy of liability insurance, certified as provided in section 303.170 or section 303.180 as proof of financial responsibility, and issued, except as otherwise provided in section 303.180 by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

2. Such owner's policy of liability insurance:
   (1) Shall designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby to be granted;
   (2) Shall insure the person named therein and any other person, as insured, using any such motor vehicle or motor vehicles with the express or implied permission of such named insured,
against loss from the liability imposed by law for damages arising out of the ownership,
maintenance or use of such motor vehicle or motor vehicles within the United States of America
or the Dominion of Canada, subject to limits, exclusive of interest and costs, with respect to each
such motor vehicle, as follows: twenty-five thousand dollars because of bodily injury to or death
of one person in any one accident and, subject to said limit for one person, fifty thousand dollars
because of bodily injury to or death of two or more persons in any one accident, and [ten] twenty-
five thousand dollars because of injury to or destruction of property of others in any one accident;
and

(3) May exclude coverage against loss from liability imposed by law for damages arising out
of the use of such motor vehicles by a member of the named insured's household who is a
specifically excluded driver in the policy.

3. Such operator's policy of liability insurance shall insure the person named as insured therein
against loss from the liability imposed upon him or her by law for damages arising out of the use
by him or her of any motor vehicle not owned by him or her, within the said territorial limits and
subject to the same limits of liability as are set forth above with respect to any owner's policy of
liability insurance.

4. Such motor vehicle liability policy shall state the name and address of the named insured,
the coverage afforded by the policy, the premium charged therefor, the policy period and the limits
of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in
accordance with the coverage defined in this chapter as respects bodily injury and death or property
damage, or both, and is subject to all the provisions of this chapter.

5. Such motor vehicle liability policy need not insure any liability pursuant to any workers'
compensation law nor any liability on account of bodily injury to or death of an employee of the
insured while engaged in the employment, other than domestic, of the insured, or while engaged
in the operation, maintenance or repair of any such motor vehicle nor any liability for damage to
property owned by, rented to, in charge of or transported by the insured.

6. Every motor vehicle liability policy shall be subject to the following provisions which need
not be contained therein:

(1) The liability of the insurance carrier with respect to the insurance required by this chapter
shall become absolute whenever injury or damage covered by said motor vehicle liability policy
occurs; said policy may not be cancelled or annulled as to such liability by any agreement between
the insurance carrier and the insured after the occurrence of the injury or damage; no statement
made by the insured or on his or her behalf and no violation of said policy shall defeat or void said
policy;

(2) The satisfaction by the insured of a judgment for such injury or damage shall not be a
condition precedent to the right or duty of the insurance carrier to make payment on account of
such injury or damage;

(3) The insurance carrier shall have the right to settle any claim covered by the policy, and if
such settlement is made in good faith, the amount thereof shall be deductible from the limits of
liability specified in subdivision (2) of subsection 2 of this section;

(4) The policy, the written application thereof, if any, and any rider or endorsement which
does not conflict with the provisions of this chapter shall constitute the entire contract between the
parties.

7. Any policy which grants the coverage required for a motor vehicle liability policy may also
grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle
liability policy and such excess or additional coverage shall not be subject to the provisions of this
chapter. With respect to a policy which grants such excess or additional coverage the term "motor

Matter in bold-face type is proposed language.
vehicle liability policy" shall apply only to that part of the coverage which is required by this
section.

8. Any motor vehicle liability policy may provide that the insured shall reimburse the
insurance carrier for any payment the insurance carrier would not have been obligated to make
under the terms of the policy except for the provisions of this chapter.

9. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder
with other valid and collectible insurance.

10. The requirements of a motor vehicle liability policy may be fulfilled by the policies of one
or more insurance carriers which policies together meet such requirements.

11. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed
to fulfill the requirement for such a policy.

303.240. CASH DEPOSIT AS PROOF OF RESPONSIBILITY. — 1. Proof of financial
responsibility may be evidenced by the certificate of the state treasurer that the person named
therein has deposited with him [sixty] seventy-five thousand dollars in cash, or securities such as
may legally be purchased by savings banks or for trust funds of a market value of [sixty] seventy-
five thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate
therefor and the director shall not accept such certificate unless accompanied by evidence that there
are no unsatisfied judgments of any character against the depositor in the county where the
depositor resides.

2. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions
of this chapter, any execution on a judgment issued against such person making the deposit, for
damages, including damages for care and loss of services because of bodily injury to or death of
any person, or for damages because of injury to or destruction of property, including the loss of
use thereof, resulting from the ownership, maintenance, use or operation of a motor vehicle after
such deposit was made. Money or securities so deposited shall not be subject to attachment or
execution unless such attachment or execution shall arise out of a suit for damages as aforesaid.

379.110. DEFINITIONS. — As used in sections 379.110 to 379.120 the following words and
terms mean:

(1) "Insurer", any insurance company, association or exchange authorized to issue policies of
automobile insurance in the state of Missouri;

(2) "Nonpayment of premium", failure of the named insured to discharge when due any of his
or her obligations in connection with the payment of premiums on a policy, or any installment of
such premium, whether the premium is payable directly to the insurer or its agent or indirectly
under any premium finance plan or extension of credit;

(3) "Policy", an automobile policy providing automobile liability coverage, uninsured
motorists coverage, automobile medical payments coverage, or automobile physical damage
coverage insuring a private passenger automobile owned by an individual or partnership which
has been in effect for more than sixty days or has been renewed. "Policy" does not mean:

(a) Any policy issued under an automobile assigned risk plan or automobile insurance plan;

(b) Any policy insuring more than four motor vehicles;

(c) Any policy covering the operation of a garage, automobile sales agency, repair shop,
    service station or public parking place;

(d) Any policy providing insurance only on an excess basis, or to any contract principally
    providing insurance to such named insured with respect to other than automobile hazards or losses
    even though such contract may incidentally provide insurance with respect to such motor vehicles;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
"Reduction in coverage", a change made at renewal by the insurer to a policy form which is effective to all insureds with that policy form, which results in a removal of coverage, diminution in scope or less coverage, or the addition of an exclusion. Reduction in coverage does not include any change, reduction, or elimination of coverage made at the request of the insured. The correction of typographical or scrivener's errors or the application of mandated legislative changes is not a reduction in coverage. A reduction in coverage mandated by the insurer which does not apply to all insureds with the same policy form shall be treated as a nonrenewal.

"Renewal" or "to renew", the issuance and delivery by an insurer of a policy superseding at the end of the policy period a policy previously issued and delivered by the same insurer, such renewal policy to provide types and limits of coverage at least equal to those contained in the policy being superseded, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term [with types and limits of coverage at least equal to those contained in the policy being extended]; provided, however, that any policy with a policy period or term of less than six months or any period with no fixed expiration date shall for the purpose of this section be considered as if written for successive policy periods or terms of six months. Nothing in this subdivision shall be construed as superseding the provisions of subsection 9 of section 375.918, and the term "third anniversary date of the initial contract" as used in subsection 9 of section 375.918, means three years after the date of the initial contract.

379.118. NOTICE OF CANCELLATION AND RENEWALS, DUE WHEN — REINSTATEMENT, WHEN — EXEMPTION, WHEN. — 1. If any insurer proposes to cancel or to refuse to renew a policy of automobile insurance delivered or issued for delivery in this state except at the request of the named insured or for nonpayment of premium, it shall, on or before thirty days prior to the proposed effective date of the action, send written notice of its intended action to the named insured at his last known address. Notice shall be sent by United States Postal Service certificate of mailing, first class mail using Intelligent Mail barcode (IMb), or another mail tracking method used, approved, or accepted by the United States Postal Service. Where cancellation is for nonpayment of premium at least ten days' notice of cancellation shall be given and such notice shall contain the following notice or substantially similar in bold conspicuous type: "THIS POLICY IS CANCELLED EFFECTIVE AT THE DATE AND TIME INDICATED IN THIS NOTICE. THIS IS THE FINAL NOTICE OF CANCELLATION WE WILL SEND PRIOR TO THE EFFECTIVE DATE AND TIME OF CANCELLATION INDICATED IN THIS NOTICE." The notice shall state:

(1) The action taken;
(2) The effective date of the action;
(3) The insurer's actual reason for taking such action, the statement of reason to be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. Generalized terms such as "personal habits", "living conditions", "poor morals", or "violation or accident record" shall not suffice to meet the requirements of this subdivision;
(4) That the insured may be eligible for insurance through the assigned risk plan if his insurance is to be cancelled.

2. Issuance of a notice of cancellation under subsection 1 of this section constitutes a present and unequivocal act of cancellation of the policy.

3. An insurer may reinstate a policy cancelled under subsection 1 of this section at any time after the notice of cancellation is issued if the reason for the cancellation is remedied. An insurer
may send communications to the insured, including but not limited to billing notices for past-due premium, offers to reinstate the policy if past-due premium is paid, notices confirming cancellation of the policy, or billing notices for payment of earned but unpaid premium. The fact that a policy may be so reinstated or any such communication may be made does not invalidate or void any cancellation effectuated under subsection 1 of this section or defeat the present and unequivocal nature of acts of cancellation as described under subsection 2 of this section.

4. (1) An insurer shall send an insured written notice of an automobile policy renewal at least fifteen days prior to the effective date of the new policy. The notice shall be sent by first class mail or may be sent electronically if requested by the policyholder, and shall contain the insured's name, the vehicle covered, the total premium amount, and the effective date of the new policy. Any request for electronic delivery of renewal notices shall be designated on the application form signed by the applicant, made in writing by the policyholder, or made in accordance with sections 432.200 to 432.295. The insurer shall comply with any subsequent request by a policyholder to rescind authorization for electronic delivery and to elect to receive renewal notices by first class mail. Any delivery of a renewal notice by electronic means shall not constitute notice of cancellation of a policy even if such notice is included with the renewal notice.

(2) An insurer shall provide a written notice of a reduction in coverage to the named insured no less than fifteen days prior to the effective date of the proposed reduction in coverage or shall send such notice of reduction in coverage with the written notice of renewal described in subdivision (1) of this subsection. Written notice of a reduction in coverage may be satisfied by providing the named insured a copy of or access to the updated policy form or the policy form language that will be changed. The notice shall be sent by first class mail or may be sent electronically if agreed to or requested by the policyholder.

5. An insurer shall be exempt from the requirements of this section regarding notice of nonrenewal if:

(1) The insurer assigns or transfers the insured's policy to an affiliate or subsidiary within the same insurance holding company system;

(2) The assignment or transfer is effective upon the expiration of the existing policy; and

(3) Prior to providing coverage for a subsequent policy term, an insurer accepting an assignment or transfer of the policy shall provide notice of such assignment or transfer to the named insured.

However, if the assignment or transfer of a policy does not result in coverage substantially equivalent to the coverage that was contained in the policy being assigned or transferred, the insurer shall, in lieu of providing the notice in subdivision (3) of this subsection, at least fifteen days in advance of the effective date of the assignment or transfer, notify the policyholder that some coverage provisions will change due to the assignment or transfer, advise the policyholder to refer to the new policy for coverage details, and provide a copy of or access to the replacement policy form or the executed replacement policy.

SECTION B. EFFECTIVE DATE. — The repeal and reenactment of sections 105.1073, 303.020, 303.030, 303.120, 303.190, and 303.240 and the enactment of section 303.022 of this act shall become effective July 1, 2019.

All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

   (1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 5 of this section; or

   (b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

   a. Requests health records to be delivered electronically in a format of the health care provider's choice;

   b. The health care provider stores such records completely in an electronic health record; and

   c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

   (2) Postage, to include packaging and delivery cost;

the request exists.

4. Notwithstanding provisions of this section to the contrary, providers may charge for the
reasonable cost of all duplications of health care record material or information which cannot
routinely be copied or duplicated on a standard commercial photocopy machine.

[4.] 5. The transfer of the patient's record done in good faith shall not render the provider
liable to the patient or any other person for any consequences which resulted or may result from
disclosure of the patient's record as required by this section.

[5.] 6. Effective February first of each year, the fees listed in subsection 2 of this section shall
be increased or decreased annually based on the annual percentage change in the unadjusted, U.S.

may be released upon written request of a person who is deemed as the personal representative of
the deceased person under this subsection. Priority shall be given to the deceased patient's spouse

12. A hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall not be liable in any way for an act or omission of the caregiver.

13. No act or omission under this section by a hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall give rise to a citation, sanction, or any other adverse action by any licensing authority to whom such individual or entity is subject.

Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. 10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

163.021. ELIGIBILITY FOR STATE AID, REQUIREMENTS — EVALUATION OF CORRELATION OF RATES AND ASSESSED VALUATION, REPORT, CALCULATION — FURTHER REQUIREMENTS — EXCEPTION — OPERATING LEVY LESS THAN PERFORMANCE LEVY, REQUIREMENTS. — 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days;

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(3) Levies an operating levy for school purposes of not less than one dollar and twenty-five cents after all adjustments and reductions on each one hundred dollars assessed valuation of the district; and

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate.
rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. AID FOR PROGRAMS PROVIDED BY THE DIVISION OF YOUTH SERVICES — AMOUNT, HOW DETERMINED — PAYMENT BY DISTRICT OF DOMICILE OF THE CHILD, AMOUNT. — 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one hundred seventy-four days the number of student-days of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the
courts and who have been determined as inappropriate for attendance in a local public school. A student day shall mean one day of education services provided for one student. **In school year 2019-20 and subsequent years, the number of full-time equivalent students shall be the quotient of the number of student-hours of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts, and who have been determined as inappropriate for attendance in a local public school, divided by one thousand forty-four hours. A student hour shall mean one hour of education services provided for one student.** In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as "September membership" and as "average daily attendance" for the apportioning of funds under section 163.087.

2. The educational program approved under section 219.056 as provided for pupils by the division of youth services shall qualify for funding for those services provided to handicapped or severely handicapped children. The department of elementary and secondary education shall cooperate with the division of youth services in arriving at an equitable funding for the services provided to handicapped children in the facilities operated by the division of youth services.

3. Each local school district or special school district constituting the domicile of a child placed in programs or facilities operated by the division of youth services or residing in another district pursuant to assignment by the division of youth services shall pay toward the per pupil cost of educational services provided by the serving district or agency an amount equal to the average sum produced per child by the local tax effort of that district. A special school district shall pay the average sum produced per child by the local tax efforts of the component districts. This amount paid by the local school district or the special school district shall be on the basis of full-time equivalence as determined in section 163.011, not to exceed the actual per pupil local tax effort.

**164.011. ANNUAL ESTIMATE OF REQUIRED FUNDS, TAX RATES REQUIRED, CRITERIA FOR EXCEPTIONS — ESTIMATES, WHERE SENT — DEPARTMENT DUTIES.** — 1. The school board of each district annually shall prepare an estimate of the amount of money to be raised by taxation for the ensuing school year, the rate required to produce the amount, and the rate necessary to sustain the school or schools of the district for the ensuing school year, to meet principal and interest payments on the bonded debt of the district and to provide the funds to meet other legitimate district purposes. In preparing the estimate, the board shall have sole authority in determining what part of the total authorized rate shall be used to provide revenue for each of the funds as authorized by section 165.011. Prior to setting tax rates for the teachers' and incidental funds, the school board of each school district annually shall set the tax rate for the capital projects fund as necessary to meet the expenditures of the capital projects fund after all transfers allowed pursuant to subsection 4 of section 165.011. Furthermore the tax rate set in the capital projects fund shall not require the reduction of the equalized combined tax rates for the teachers' and incidental funds to be less than the greater of the minimum operating levy for the current year for school purposes established under subsection 2 of section 163.021.

2. The school board of each district shall forward the estimate to the county clerk on or before September first. In school districts divided by county lines, the estimate shall be forwarded to the proper officer of each county in which any part of the district lies.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
3. When revising its tax rate each year, the aggregate increase in the valuation of property assessed by the state tax commission for the current year over that of the previous year shall be considered new construction and improvement.

4. The department of elementary and secondary education and any other government agency involved in the tax rate process shall update the necessary forms, reports, and documents in order to implement the provisions of this section.

167.128. NEGLECTED AND DELINQUENT CHILDREN, DEPARTMENT NOT TO AGGREGATE DATA WITH REGULARLY ENROLLED PUPIL DATA. — 1. If a school district contains a facility that serves neglected or delinquent children residing in a court-ordered group home, an institution for neglected children, or an institution for delinquent children, the department of elementary and secondary education shall be prohibited from creating any report or publication related to the Missouri school improvement program, or any successor program, in which data from the district’s regularly enrolled pupils is aggregated with data from the children residing in such facilities.

2. Nothing in this section shall exempt the district in which a facility described in this section is located from providing educational services according to federal law. However, for accountability purposes under state and federal law, the department of elementary and secondary education shall not count the students residing in any such facility as part of the school district in which the facility is located, but shall instead aggregate all neglected and delinquent children residing in facilities described in this section and issue any reports as if the students and facilities were their own separate local educational agency.

No student shall be denied [the opportunity of] instruction in braille reading and writing solely because the student has some remaining vision.

144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Motor vehicles registered in excess of fifty-four thousand pounds, and the trailers pulled by such motor vehicles, that are actually used in the normal course of business to haul property on the public highways of the state, and that are capable of hauling loads commensurate with the motor vehicle's registered weight; and the materials, replacement parts, and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of such vehicles. For purposes of this subdivision, motor vehicle and public highway shall have the meaning as ascribed in section 390.020;

(5) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the
purposes of this subdivision, subdivision (6) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services.

The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (6) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (6) of this subdivision in Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in IBM Corporation v. Director of Revenue, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed.

Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(6) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in DST Systems, Inc. v. Director of Revenue, 43 S.W.3d 799 (Mo. banc 2001); Southwestern Bell Tel. Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002); and Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

more or trailers used by common carriers, as defined in section 390.020, in the transportation of persons or property;

(13) Electrical energy used in the actual primary manufacture, processing, compounding, mining or producing of a product, or electrical energy used in the actual secondary processing or fabricating of the product, or a material recovery processing plant as defined in subdivision (5) of this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of the cost of electrical energy so used or if the raw materials used in such processing contain at least twenty-five percent recovered materials as defined in section 260.200. There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(14) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

153.030. BRIDGE AND PUBLIC UTILITY COMPANIES, HOW TAXED — ANNUAL REPORT
— MICROWAVE RELAY STATIONS, APPORTIONMENT — TELEPHONE COMPANY, ONE-TIME
ELECTION ON ASSESSMENT, EFFECT OF. — 1. All bridges over streams dividing this state
from any other state owned, used, leased or otherwise controlled by any person, corporation,
railroad company or joint stock company, and all bridges across or over navigable streams
within this state, where the charge is made for crossing the same, which are now constructed,
which are in the course of construction, or which shall hereafter be constructed, and all
property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph,
telephone, electric power and light companies, electric transmission lines, pipeline companies
and express companies shall be subject to taxation for state, county, municipal and other local
purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may
hereafter be provided by law for the taxation of railroad property in this state, and county
commissions, county boards of equalization and the state tax commission are hereby required to
perform the same duties and are given the same powers, including punitive powers, in assessing,
equalizing and adjusting the taxes on the property set forth in this section as the county
commissions and boards of equalization and state tax commission have or may hereafter be
empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an
authorized officer of any such bridge, telegraph, telephone, electric power and light companies,
electric transmission lines, pipeline companies, or express company or the owner of any such toll
bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone,
electric power and light companies, electric transmission lines, pipeline companies, or express

companies in like manner as the authorized officer of the railroad company is now or may hereafter
be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an
authorized officer of each such company shall furnish the state tax commission and county
clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature
and purpose to the reports required of railroads under chapter 151 showing the full amount of
all real and tangible personal property owned, used, leased or otherwise controlled by each
such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay
station or stations in a county in which it has no wire mileage but has wire mileage in another
county, then, for purposes of apportioning the assessed value of the distributable property of
such companies, the straight line distance between such microwave relay stations shall
constitute miles of wire. In the event that any public utility company assessed pursuant to this
chapter has no distributable property which physically traverses the counties in which it
operates, then the assessed value of the distributable property of such company shall be
apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019,
a telephone company shall make a one-time election within the tax year to be assessed:
   (a) Using the methodology for property tax purposes as provided under this section; or
   (b) Using the methodology for property tax purposes as provided under this section
for property consisting of land and buildings and be assessed for all other property
exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone
companies, after the effective date of this section, it shall make its one-time election to be
assessed using the methodology for property tax purposes as described under paragraph
(b) of subdivision (1) of this subsection within the year in which the telephone company
begins its operations. A telephone company that fails to make a timely election shall be
deemed to have elected to be assessed using the methodology for property tax purposes
as provided under subsections 1 to 4 of this section.

   (2) The provisions of this subsection shall not be construed to change the original
assessment jurisdiction of the state tax commission.

   (3) Nothing in subdivision (1) of this subsection shall be construed as applying to any
other utility.

   (4) (a) The provisions of this subdivision shall ensure that school districts may avoid
any fiscal impact as a result of a telephone company being assessed under the provisions
of paragraph (b) of subdivision (1) of this subsection. If a school district's current
operating levy is below the greater of its most recent voter-approved tax rate or the most
recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section
137.073, it shall comply with section 137.073.

    (b) Beginning January 1, 2019, any school district currently operating at a tax rate
equal to the greater of the most recent voter-approved tax rate or the most recent voter-
approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073
that receives less tax revenue from a specific telephone company under this subsection,
on or before January thirty-first of the year following the tax year in which the school
district received less revenue from a specific telephone company, may by resolution of
the school board impose a fee, as determined under this subsection, in order to obtain

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:
   a. In determining the amount of state aid that a school district receives under section 163.031;
   b. In determining the amount that may be collected under a property tax levy by such district; or
   c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:
   a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
   b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

32.087. LOCAL SALES TAXES, PROCEDURES AND DUTIES OF DIRECTOR OF REVENUE, GENERALLY — EFFECTIVE DATE OF TAX — DUTY OF RETAILERS AND DIRECTOR OF REVENUE — EXEMPTIONS — DISCOUNTS ALLOWED — PENALTIES — MOTOR VEHICLE AND BOAT

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section, and shall be imposed on all transactions on which the Missouri state sales tax is imposed.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November [2018] 2022, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the _________ (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for _________ (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES ☐ NO

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November [2018] 2022, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November [2018] 2022, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, [2019] 2023.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November [2018] 2022, then the governing body of such taxing jurisdiction may, at any election subsequent
to the repeal or after the general election in November [2018] 2022, if the jurisdiction failed to
present the ballot to the voters, place before the voters the issue of imposing a sales tax on the
titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under
section 144.020 that were purchased from a source other than a licensed Missouri dealer. The
ballot question presented to the local voters shall contain substantially the following language:

Shall the _____ (local jurisdiction's name) apply and collect the local sales tax on
the titling of motor vehicles, trailers, boats, and outboard motors that are subject to
state sales tax under section 144.020 and purchased from a source other than a
licensed Missouri dealer?

Approval of this measure will result in an increase of local revenue to provide for
vital services for _____ (local jurisdiction's name), and it will remove a
competitive advantage that non-Missouri dealers of motor vehicles, outboard
motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard
motors, boats, and trailers.

☐ YES  ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you
are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors
purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect
and be imposed on the first day of the second calendar quarter after the election.

6. On and after the effective date of any local sales tax imposed under the provisions of the
local sales tax law, the director of revenue shall perform all functions incident to the administration,
collection, enforcement, and operation of the tax, and the director of revenue shall collect in
addition to the sales tax for the state of Missouri all additional local sales taxes authorized under
the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law
together with all taxes imposed under the sales tax law of the state of Missouri shall be collected
together and reported upon such forms and under such administrative rules and regulations as may
be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales
tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any
local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale
of certain articles and items of tangible personal property and taxable services under the provisions
of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended,
it being the intent of this general assembly to ensure that the same sales tax exemptions granted
from the state sales tax law also be granted under the local sales tax law, are hereby made applicable
to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections
144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the
requirements of the local sales tax law, and no additional permit or exemption certificate or retail
certificate shall be required; except that the director of revenue may prescribe a form of exemption
certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the
collection of and for payment of taxes under the provisions of the state sales tax law are hereby

allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. (4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, "gross income" is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualifying sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

(6) Notwithstanding the Multistate Tax Compact, sections 32.200 to 32.240, this section, and section 143.461 to the contrary, sales and business transactions shall not include any intercompany transactions, as that term is defined under 26 C.F.R. 1.1502-13, between corporations that file a consolidated income tax return in this state.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines.
of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

1. The income from all sources shall be determined as provided;

2. The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

1. The income from all sources shall be determined as provided;

2. The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.

10. The provisions of this section do not impact any other apportionment election available to a taxpayer under Missouri statutes unless explicitly stated in this section.

the United States Department of Labor, or its successor agency. Only one such adjustment

3. For all applications for tax credits approved on or after January 1, 2010, no more than two
hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred
in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-
occupied residential property and is either a certified historic structure or a structure in a certified

4. The limitations on tax credit authorization provided under the provisions of [subsections]
subsection 2 [and 3] of this section shall not apply to:

department prior to [January 1, 2010] October 1, 2018; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

253.559. Procedure for approval of tax credit — eligibility, how determined — certificate required — rehabilitation of property, evidence of capacity to finance required — commencement of rehabilitation, when — issuance of credits. — 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) A copy of all land use and building approvals reasonably necessary for the commencement of the project; and

(6) Any other information which the department of economic development may reasonably require to review the project for approval.

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. (1) In evaluating an application for tax credits submitted under this section, the department of economic development shall also consider:
(a) The amount of projected net fiscal benefit of the project to the state and local municipality, and the period in which the state and municipality would realize such net fiscal benefit;

(b) The overall size and quality of the proposed project, including the estimated number of new jobs to be created by the project, the potential multiplier effect of the project, and similar factors;

(c) The level of economic distress in the area; and

(d) Input from the local elected officials in the local municipality in which the proposed project is located as to the importance of the proposed project to the municipality. For any proposed project in any city not within a county, input from the local elected officials shall include, but shall not be limited to, the president of the board of aldermen.

(2) The provisions of this subsection shall not apply to applications for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

4. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits. If the department of economic development disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted.

5. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

6. In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

7. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within sixty days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department of economic development determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
applicant shall have a thirty day period from the date of such notice to submit additional
evidence to remedy the failure.

[6.] 8. All taxpayers with applications receiving approval on or after the effective date of this
act shall commence rehabilitation within [two years] **nine months** of the date of issuance of the
letter from the department of economic development granting the approval for tax credits.
"Commencement of rehabilitation" shall mean that as of the date in which actual physical work,
contemplated by the architectural plans submitted with the application, has begun, the taxpayer
has incurred no less than ten percent of the estimated costs of rehabilitation provided in the
application. Taxpayers with approval of a project shall submit evidence of compliance with the
provisions of this subsection. If the department of economic development determines that a
taxpayer has failed to comply with the requirements provided under this section, the approval for
the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall
then be included in the total amount of tax credits, provided under subsection 2 of section 253.550,
from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission
shall be notified of such from the department of economic development and, upon receipt of such
notice, may submit a new application for the project.

[7.] 9. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with
approval shall apply for final approval and issuance of tax credits from the department of economic
development which, in consultation with the department of natural resources, shall determine the
final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation
meets the standards of the Secretary of the United States Department of the Interior for
rehabilitation as determined by the state historic preservation officer of the Missouri department
of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to
253.561 shall be deemed to be economic development credits for purposes of section 148.064. The
approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be
performed by the department of economic development. The department of economic
development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax
credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on
which the credit is claimed.

[8.] 10. Except as expressly provided in this subsection, tax credit certificates shall be issued
in the final year that costs and expenses of rehabilitation of the project are incurred, or within the
twelve-month period immediately following the conclusion of such rehabilitation. In the event the
amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the
issuance of an amount of tax credits in excess of the amount provided under such taxpayer's
approval granted under subsection [3] 4 of this section, such taxpayer may apply to the department
for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax
credits in excess of the amount provided under a taxpayer's application shall be made on a form
prescribed by the department. Such applications shall be subject to all provisions regarding priority
provided under subsection 1 of this section.

[9.] 11. The department of economic development shall determine, on an annual basis, the
overall economic impact to the state from the rehabilitation of eligible property.

620.1900. **Fee imposed on tax credit recipients, amount, deposited where — Economic development advancement fund created, use of moneys.** — 1. The
department of economic development may charge a fee to the recipient of any tax credits issued
by the department, in an amount up to two and one-half percent of the amount of tax credits issued,
or for tax credits issued under sections 253.545 to 253.559 in an amount equal to four percent

of the amount of tax credits issued. The fee shall be paid by the recipient upon the issuance of
the tax credits. However, no fee shall be charged for the tax credits issued under section 135.460,
or section 208.770, or under sections 32.100 to 32.125, if issued for community services, crime
prevention, education, job training, or physical revitalization.

2. (1) All fees received by the department of economic development under this section shall
be deposited solely to the credit of the economic development advancement fund, created under
subsection 3 of this section.

(2) Thirty-seven and one-half percent of the revenue derived from the four percent fee
charged on tax credits issued under sections 253.545 to 253.559 shall be appropriated from
the economic development advancement fund for business recruitment and marketing.

3. There is hereby created in the state treasury the "Economic Development Advancement
Fund", which shall consist of money collected under this section. The state treasurer shall be
custodian of the fund and shall approve disbursements from the fund in accordance with sections
30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the
administration of this section. Notwithstanding the provisions of section 33.080 to the contrary,
any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the
general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as
other funds are invested. Any interest and moneys earned on such investments shall be credited
to the fund.

4. Such fund shall consist of any fees charged under subsection 1 of this section, any gifts,
contributions, grants, or bequests received from federal, private, or other sources, fees or
administrative charges from private activity bond allocations, moneys transferred or paid to the
department in return for goods or services provided by the department, and any appropriations to
the fund.

5. At least fifty percent of the fees and other moneys deposited in the fund shall be appropriated
for marketing, technical assistance, and training, contracts for specialized economic development
services, and new initiatives and pilot programming to address economic trends. The remainder
may be appropriated toward the costs of staffing and operating expenses for the program activities
of the department of economic development, and for accountability functions.

A Medicaid managed care organization reimbursement allowance period as provided in sections 208.431 to 208.437 shall be from the first day of July to the thirtieth day of June. The director of the department of insurance, financial institutions and professional registration may deny, suspend or revoke the license of a Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) which fails to pay a managed care organization's delinquent reimbursement allowance unless under appeal.

4. Nothing in sections 208.431 to 208.437 shall be deemed to effect or in any way limit the tax-exempt or nonprofit status of any Medicaid managed care organization with a contract under 42 U.S.C. Section 1396b(m) granted by state law.

208.471. Medicaid reimbursement payments to hospitals, amount, how calculated. — 1. in fiscal year 1991-1992 pursuant to rules in effect on August 30, 1991, under the federally
approved state plan amendments."

2. [Beginning July 1, 2002, sections 208.453 to 208.480 shall expire one hundred eighty days
after the end of any state fiscal year in which the aggregate federal reimbursement allowance
(FRA) assessment on hospitals is more than eighty-five percent of the sum of aggregate direct
Medicaid payments, uninsured add-on payments and enhanced graduate medical education
payments, unless during such one hundred eighty-day period, such payments or assessments are
adjusted prospectively by the director of the department of social services to comply with the
eighty-five percent test imposed by this subsection. Enhanced graduate medical education
payments shall not be included in the calculation required by this subsection if the general
assembly appropriates the state's share of such payments from a source other than the federal
reimbursement allowance. For purposes of this section, direct Medicaid payments, uninsured add-
on payments and enhanced graduate medical education payments shall:
   (1) Include direct Medicaid payments, uninsured add-on payments and enhanced graduate
   medical education payments as defined in state regulations as of July 1, 2000;
   (2) Include payments that substantially replace or supplant the payments described in
   subdivision (1) of this subsection;
   (3) Include new payments that supplement the payments described in subdivision (1) of this
   subsection; and
   (4) Exclude payments and assessments of acute care hospitals with an unsponsored care ratio
   of at least sixty-five percent that are licensed to operate less than fifty inpatient beds in which the
   state's share of such payments are made by certification.

3. The MO HealthNet division may provide an alternative reimbursement for outpatient
services. Other provisions of law to the contrary notwithstanding, the payment limits imposed by
subdivision (2) of subsection 1 of section 208.152 shall not apply to such alternative
reimbursement for outpatient services. Such alternative reimbursement may include enhanced
payments or grants to hospital-sponsored clinics serving low income uninsured patients. In each
state fiscal year, the amount of federal reimbursement allowance levied under sections
208.450 to 208.482 shall not exceed forty-five percent of the total payments to hospitals from
the federal reimbursement allowance fund and associated federal match, including
payments made to hospitals from state-contracted managed care organizations that are
attributed to the federal reimbursement allowance fund and associated federal match. By
October first of each subsequent state fiscal year, the department shall report this calculation
and the underlying data supporting the calculation to the budget committee of the house of
representatives and the appropriations committee of the senate. The underlying data shall
include the amount of federal reimbursement allowance assessment levied on the hospitals
and the total amount of Medicaid payments to hospitals funded by the federal
reimbursement allowance, including payments made to hospitals from all state-contracted managed care organizations in aggregate. Payments made by the department to hospitals
and payments made, in aggregate, by all state-contracted managed care organizations to
hospitals shall be reported separately. Expenditures reported by the department and all
state-contracted managed care organizations in aggregate shall be broken down by fund
source, inpatient or outpatient category of service, and individual hospital. In addition, the
department shall separately and concurrently disclose the amount of hospital payments
made by the department and the amount of hospital payments made by each of the managed
care plans, with the payment data broken down by plan, fund source, inpatient or outpatient
category of service, and individual hospital, to the hospitals receiving such payments specific

to that hospital or to an organization designated by such hospitals to receive such data and as otherwise authorized or required by law. Such payment data shall otherwise be regarded as proprietary and confidential under subdivision (15) of section 610.021.

338.550. Expiration Date of Tax, When. — 1. The pharmacy tax required by sections 338.500 to 338.550 shall expire ninety days after any one or more of the following conditions are met:

(1) The aggregate dispensing fee as appropriated by the general assembly paid to pharmacists per prescription is less than the fiscal year 2003 dispensing fees reimbursement amount; or
(2) The formula used to calculate the reimbursement as appropriated by the general assembly for products dispensed by pharmacies is changed resulting in lower reimbursement to the pharmacist in the aggregate than provided in fiscal year 2003; or

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection. The provisions of sections 338.500 to 338.550 shall not apply to pharmacies domiciled or headquartered outside this state which are engaged in prescription drug sales that are delivered directly to patients within this state via common carrier, mail or a carrier service.

633.401. Definitions — Assessment Imposed, Formula — Rates of Payment — Fund Created, Use of Moneys — Record-Keeping Requirements — Report — Appeal Process — Rulemaking Authority — Expiration Date. — 1. For purposes of this section, the following terms mean:

(1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;
(2) "Intermediate care facility for the intellectually disabled", a private or department of mental health facility which admits persons who are intellectually disabled or developmentally disabled for residential habilitation and other services pursuant to chapter 630. Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart I; I;
(3) "Net operating revenues from providing services of intermediate care facilities for the intellectually disabled" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;
(4) "Services of intermediate care facilities for the intellectually disabled" has the same meaning as the term services of intermediate care facilities for the mentally retarded, as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider Specific Tax [Amendment] Amendments of 1991.
2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the intellectually disabled shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the intellectually disabled. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the intellectually disabled upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on September 30, 2019.

253.175. ROCK ISLAND RAILROAD CORRIDOR, FENCING TO BE MAINTAINED BY DIVISION OF STATE PARKS. — All fencing coinciding with the boundary between individual landowner property and the portion of the historic Missouri rock island railroad corridor owned, leased, or operated by the division of state parks shall be maintained by the division of state parks within the department of natural resources, with funds expended from the state park earnings fund created under section 253.090 for such purposes, by either repairing and maintaining such fence by and with staff employed by the department or the service of volunteers authorized under section 253.067, by contracting with a third party, or by providing all necessary supplies and equipment needed to an individual landowner or landowners whose property coincides with the boundary of the corridor and who agree to perform the repair or maintenance with such supplies and equipment provided. Nothing in this section shall be construed to require any individual landowner or landowners to locate a fence on his or her own property. waste law.] 1. The department shall have the authority to promulgate rules for the management, closure, and post-closure of coal combustion residual (CCR) units in accordance with Sections 1008(a)(3) and 4004(a) of the Resource Conservation and Recovery Act (RCRA) and to approve site-specific groundwater criteria. At the discretion of the department, the Missouri risk-based corrective action (MRBCA) rules, 10 CSR 25-18.010, and accompanying guidance may be used to establish site-specific targets for soil and groundwater impacted by coal combustion residual (CCR) constituents. As used in this section, a "CCR unit" means a surface impoundment, utility waste landfill, or a CCR landfill. To the extent there is a conflict between this section and section 644.026 or 644.143, this section shall prevail.

2. Prior to federal approval of a state CCR program pursuant to 4004(a) of the RCRA, nothing in this section shall prohibit the department from issuing guidance or entering into enforceable agreements with CCR unit owners or operators to establish risk-based target levels, using all or part of the MRBCA rules and guidance, for closure and corrective action at CCR units. Nothing in this section shall prohibit the department, owners, or operators of CCR units not otherwise covered by 40 CFR 257 from utilizing the MRBCA rules and guidance.

3. No later than December 31, 2018, the department shall propose for promulgation a state CCR program, including procedures regarding payment, submission of fees, reimbursement of excess fee collection, inspection, and record keeping.

4. The department shall not apply standards to any existing landfill or new landfills constructed contiguous to existing power station facilities located on municipally owned land that was purchased by the municipality prior to December 31, 2018, that are in conflict with 40 CFR 257, unless sound and reasonably proven scientific data confirm an imminent threat to human health and the environment.

5. Effective January 1, 2019, and in order to implement the state CCR program, the department shall have the authority to assess one-time enrollment and annual fees on each owner, operator, or permittee of a CCR unit subject to 40 CFR 257, only as follows:

   (1) For units that have not closed, an enrollment fee in the amount of sixty-two thousand dollars per CCR unit, except no fee shall apply to CCR units permitted as a utility waste landfill;

   (2) For CCR units that have completed closure in place under 40 CFR 257 prior to December 31, 2018, an enrollment fee of forty-eight thousand dollars per CCR unit;

   (3) An annual fee of fifteen thousand dollars per CCR unit, except an annual fee shall not be assessed on CCR units that have closed prior to December 31, 2018. The obligation to pay an annual fee under this section shall terminate at the end of the CCR unit's post-closure period, so long as the CCR unit is not under a requirement to complete a corrective action, or sooner, if authorized by the department.

6. All fees received under this section shall be deposited into the "Coal Combustion Residuals Subaccount" of the solid waste management fund created under section 260.330. Fees collected under this section are dedicated, upon appropriation, to the department for conducting activities required by this section and rules adopted under this section. Fees established by this section shall not yield revenue greater than the cost of administering this section and the rules adopted under this section, but shall be adequate to ensure sustained operation of the state CCR program. The department shall prepare an annual report detailing costs incurred in connection with the management and closure of CCR units. The provisions of section 33.080 to the contrary notwithstanding, moneys and interest earned on moneys in the subaccount shall not revert to the general revenue fund at the end of each biennium.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
7. Interest shall be imposed on the moneys due to the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the subaccount created under this section.

8. All fees under this section shall be paid by check or money order made payable to the department and, unless otherwise required by this section, shall be due on January first of each calendar year and be accompanied by a form provided by the department.

9. The department may pursue penalties under section 260.240 for failure to timely submit the fees imposed in this section.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

260.262. Retailers of lead-acid batteries, duties — notice to purchaser, contents. — A person selling lead-acid batteries at retail or offering lead-acid batteries for retail sale in the state shall:

(1) Accept, at the point of transfer, in a quantity at least equal to the number of new lead-acid batteries purchased, used lead-acid batteries from customers, if offered by customers;

(2) Post written notice which must be at least four inches by six inches in size and must contain the universal recycling symbol and the following language:
   (a) It is illegal to discard a motor vehicle battery or other lead-acid battery;
   (b) Recycle your used batteries; and
   (c) State law requires us to accept used motor vehicle batteries, or other lead-acid batteries for recycling, in exchange for new batteries purchased; and

(3) Manage used lead-acid batteries in a manner consistent with the requirements of the state hazardous waste law;

(4) Collect at the time of sale a fee of fifty cents for each lead-acid battery sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the battery have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the seller as collection costs, shall be paid to the department of revenue in the form and manner required by the department and shall include the total number of batteries sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries sold for use in agricultural operations upon written certification by the purchaser; and

(5) The department of revenue shall administer, collect, and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection, and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the battery fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into the hazardous waste fund, created pursuant to section 260.391. The fee created in subdivision (4) and this subdivision shall be effective October 1, 2005. The provisions of subdivision (4) and this subdivision shall terminate December 31, [2018] 2023.

260.380. DUTIES OF HAZARDOUS WASTE GENERATORS — FEES TO BE COLLECTED, DISPOSITION — EXEMPTIONS — EXPIRATION OF FEES. — 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, hazardous waste generators located in Missouri shall:

(1) Promptly file and maintain with the department, on registration forms it provides for this purpose, information on hazardous waste generation and management as specified by rules and regulations. Hazardous waste generators shall pay a one hundred dollar registration fee upon initial registration, and a one hundred dollar registration renewal fee annually thereafter to maintain an active registration. Such fees shall be deposited in the hazardous waste fund created in section 260.391;

(2) Containerize and label all hazardous wastes as specified by standards, rules and regulations;

(3) Segregate all hazardous wastes from all nonhazardous wastes and from noncompatible wastes, materials and other potential hazards as specified by standards, rules and regulations;

(4) Provide safe storage and handling, including spill protection, as specified by standards, rules and regulations, for all hazardous wastes from the time of their generation to the time of their removal from the site of generation;

(5) Unless provided otherwise in the rules and regulations, utilize only a hazardous waste transporter holding a license pursuant to sections 260.350 to 260.430 for the removal of all hazardous wastes from the premises where they were generated;

(6) Unless provided otherwise in the rules and regulations, provide a separate manifest to the transporter for each load of hazardous waste transported from the premises where it was generated. The generator shall specify the destination of such load on the manifest. The manner in which the manifest shall be completed, signed and filed with the department shall be in accordance with rules and regulations;

(7) Utilize for treatment, resource recovery, disposal or storage of all hazardous wastes, only a hazardous waste facility authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act, or any facility exempted from the permit required pursuant to section 260.395;

(8) Collect and maintain such records, perform such monitoring or analyses, and submit such reports on any hazardous waste generated, its transportation and final disposition, as specified in sections 260.350 to 260.430 and rules and regulations adopted pursuant to sections 260.350 to 260.430;

(9) Make available to the department upon request samples of waste and all records relating to hazardous waste generation and management for inspection and copying and allow the department to make unhampered inspections at any reasonable time of hazardous waste generation and management facilities located on the generator's property and hazardous waste generation and management practices carried out on the generator's property;

(10) (a) Pay annually, on or before January first of each year, effective January 1, 1982, a fee to the state of Missouri to be placed in the hazardous waste fund. The fee shall be five dollars per ton or portion thereof of hazardous waste registered with the department as specified in subdivision (1) of this subsection for the twelve-month period ending June thirtieth of the previous year. However, the fee shall not exceed fifty-two thousand dollars per generator site per year nor be less than one hundred fifty dollars per generator site per year.

(b) All moneys payable pursuant to the provisions of this subdivision shall be promptly transmitted to the department of revenue, which shall deposit the same in the state treasury to the credit of the hazardous waste fund created in section 260.391.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(c) The hazardous waste management commission shall establish and submit to the department of revenue procedures relating to the collection of the fees authorized by this subdivision. Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste registered, the form and submission of reports to accompany the payment of fees, the time and manner of payment of fees, which shall not be more often than quarterly.

(d) Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 4 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, 2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024.

2. Missouri treatment, storage, or disposal facilities shall pay annually, on or before January first of each year, a fee to the department equal to two dollars per ton or portion thereof for all hazardous waste received from outside the state. This fee shall be based on the hazardous waste received for the twelve-month period ending June thirtieth of the previous year.

3. Exempted from the requirements of this section are individual householders and farmers who generate only small quantities of hazardous waste and any person the commission determines generates only small quantities of hazardous waste on an infrequent basis, except that:

   (1) Householders, farmers and exempted persons shall manage all hazardous wastes they may generate in a manner so as not to adversely affect the health of humans, or pose a threat to the environment, or create a public nuisance; and

   (2) The department may determine that a specific quantity of a specific hazardous waste requires special management. Upon such determination and after public notice by press release or advertisement thereof, including instructions for handling and delivery, generators exempted pursuant to this subsection shall deliver, but without a manifest or the requirement to use a licensed hazardous waste transporter, such waste to:

(a) Any storage, treatment or disposal site authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act which the department designates for this purpose; or

(b) A collection station or vehicle which the department may arrange for and designate for this purpose.

4. Failure to pay the fee, or any portion thereof, prescribed in this section by the due date shall result in the imposition of a penalty equal to fifteen percent of the original fee. The fee prescribed in this section shall expire December 31, 2018, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

260.391. HAZARDOUS WASTE FUND CREATED — PAYMENTS — SUBACCOUNT CREATED, PURPOSE — TRANSFER OF MONEYS — RESTRICTIONS ON USE OF MONEYS — GENERAL REVENUE APPROPRIATION TO BE REQUESTED ANNUALLY. — 1. There is hereby created in the state treasury a fund to be known as the "Hazardous Waste Fund". Within a residential area, this plan may include dust samples collected inside residential homes only after obtaining permission from the homeowners. The samples shall be analyzed for the isotopes necessary to correlate the samples with the suspected contamination, as described in the sampling and analysis plan. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;
(6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and
(7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790.
and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners whose property is:

(1) Within two thousand six hundred forty feet, or one-half mile from the border of the proposed mine plan area; and

(2) Adjacent to the proposed mine plan area, land upon which the mine plan area is located, or adjacent land having a legal relationship with either the applicant or the owner of the land upon which the mine plan area is located.

The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the director may consider in issuing a permit may request a public meeting or file written comments to the director no later than fifteen days following the final public notice publication date. If any person requests a public meeting, the applicant shall cooperate with the director in making all necessary arrangements for the public meeting to be held in a reasonably convenient location and at a reasonable time for interested participants, and the applicant shall bear the expenses.

11. The director may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

their own property so long as all applicable rules and regulations established by the Missouri
department of natural resources are satisfied. All Missouri landowners who choose to use their
own private water system shall not be forced to purchase water from any other water source system
servicing their community.

2. Notwithstanding any law to the contrary, all Missouri landowners retain the right to have, use, and own systems for rainwater collection anytime and anywhere on their own

of section 644.052 shall become effective August 28, 2000, and shall expire on December 31,
2018. The clean water commission shall promulgate rules and regulations on the procedures for
billing and collection. All sums received through the payment of fees shall be placed in the state
treasury and credited to an appropriate subaccount of the natural resources protection fund created
in section 640.220. Moneys in the subaccount shall be expended, upon appropriation, solely for
the administration of sections 644.006 to 644.141. Fees collected pursuant to subsection 10 of
section 644.052 by a city, a public sewer district, a public water district or other publicly owned
treatment works are state fees. Five percent of the fee revenue collected shall be retained by the

reimbursement of billing and collection expenses.

2. The commission may grant a variance pursuant to section 644.061 to reduce fees collected
pursuant to section 644.052 for facilities that adopt systems or technologies that reduce the
discharge of water contaminants substantially below the levels required by commission rules.

3. Fees imposed in subsections 2 to 6 of section 644.052 shall be due on the date of application
and on each anniversary date of permit issuance thereafter until the permit is terminated.

4. The director of the department of natural resources shall conduct a comprehensive review

include stakeholder meetings in order to solicit stakeholder input from each of the following
groups: agriculture, industry, municipalities, public and private wastewater facilities, and the
development community. Upon completion of the comprehensive review, the department shall
submit a proposed fee structure with stakeholder agreement to the clean water commission. The
commission shall review such recommendations at the forthcoming regular or special meeting, but
shall not vote on the fee structure until a subsequent meeting. In no case shall the clean water
commission adopt or recommend any clean water fee in excess of five thousand dollars. If the
commission approves, by vote of two-thirds majority or five of seven commissioners, the fee
structure recommendations, the commission shall authorize the department to file a notice of
proposed rulemaking containing the recommended fee structure, and after considering public
comments, may authorize the department to file the order of rulemaking for such rule with the joint
committee on administrative rules pursuant to sections 536.021 and 536.024 no later than
December first of the same year. If such rules are not disapproved by the general assembly in the
manner set out below, they shall take effect on January first of the following calendar year and the
fee structures set forth in sections 644.052, 644.053, and 644.061 shall expire upon the effective
date of the commission-adopted fee structure, contrary to section 644.054. Any regulation
promulgated under this subsection shall be deemed to be beyond the scope and authority provided
in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty
calendar days of the regular session immediately following the filing of such regulation
disapproves the regulation by concurrent resolution. If the general assembly so disapproves any
regulation filed under this subsection, the department and the commission shall not implement the
proposed fee structure and shall continue to use the previous fee structure. The authority of the
commission to further revise the fee structure provided by this section shall expire on August 28,
2024. Any fee, bond, or assessment structure established pursuant to the process in this
section shall expire on August 28, 2024.

644.059. AGRICULTURAL STORM WATER DISCHARGE EXEMPT FROM PERMITTING
REQUIREMENTS — NOT CONSIDERED UNLAWFUL. — Agricultural storm water discharges
and return flows from irrigated agriculture shall be exempt from permitting requirements

flows from irrigated agriculture shall not be considered unlawful under subdivisions (1) and
(2) of subsection 1 of section 644.051 unless such discharges or return flows have entered
waters of the state and have rendered such waters harmful, detrimental, or injurious to
public health, safety, or welfare, or to industrial or agricultural uses, or to wild animals,
birds, or fish. For the purposes of this section, agricultural storm water discharges and
return flows from irrigated agriculture shall include storm water and snow melt runoff,
drainage, and infiltration, including water that leaves land as a result of the application of
irrigation water, both surface and subsurface, from standard farming industry practices.
This shall include but not be limited to cultivation and tillage of soil, and production,
growing, raising, and harvesting of agricultural commodities and livestock. Nothing in this
section shall be construed to effect, limit, or supersede sections 640.700 to 640.755 or any

A traffic court judge may request the juvenile court to order the commitment of a person under the age of [seventeen] eighteen to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. Certification of juvenile for trial as adult — Procedure — Mandatory hearing, certain offenses — Misrepresentation of age, effect. — 1. If a petition alleges that a child between the ages of twelve and seventeen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, or robbery in the first degree under section 570.023, or distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between seventeen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

   (1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

   (2) Whether the offense alleged involved viciousness, force and violence;

   (3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

   (4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

   (5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

   (6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;

   (10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

   (1) Findings showing that the court had jurisdiction of the cause and of the parties;

   (2) Findings showing that the child was represented by counsel;

   (3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and

   (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. TRANSFER TO COURT OF GENERAL JURISDICTION, DUAL JURISDICTION OF BOTH CRIMINAL AND JUVENILE CODES — SUSPENDED EXECUTION OF ADULT SENTENCE, REVOCATION OF JUVENILE DISPOSITION — PETITION FOR TRANSFER OF CUSTODY, HEARING — OFFENDER AGE SEVENTEEN, HEARING — OFFENDER AGE TWENTY-ONE, HEARING — CREDIT FOR TIME SERVED.—1. The court shall, in a case when the offender is under [seventeen] eighteen years [and six months] of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:
   (1) Upon agreement of the division of youth services; and
   (2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:
   (1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or
   (2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of [seventeen] eighteen, the court shall hold a hearing. The court shall:
   (1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;
   (2) Direct that the offender be placed on probation; or
   (3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:
   (1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or
   (2) Direct that the offender be placed on probation.
6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. PRELIMINARY INQUIRY AS TO INSTITUTION OF PROCEEDINGS — APPROVAL OF DIVISION NECESSARY FOR PLACEMENT OUTSIDE STATE — INSTITUTIONAL PLACEMENTS, FINDINGS REQUIRED, DUTIES OF DIVISION, LIMITATIONS ON JUDGE, FINANCIAL LIMITATIONS.

1. Whenever any person informs the juvenile officer in writing that a child appears to be within the purview of applicable provisions of section 211.031 [or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031], the juvenile officer shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child [or person seventeen years of age] require that further action be taken. On the basis of this inquiry, the juvenile officer may make such informal adjustment as is practical without a petition or file a petition. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child [or person seventeen years of age] which would place or commit the child [or person seventeen years of age] to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child [or person seventeen years of age] and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child [or person seventeen years of age] which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child [or person seventeen years of age]. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child [or person seventeen years of age]. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child [or person seventeen years of age].

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

2. The petition shall set forth plainly:
   1. The facts which bring the child [or person seventeen years of age] within the jurisdiction of the court;
   2. The full name, birth date, and residence of the child [or person seventeen years of age];
   3. The names and residence of his or her parents, if living;

(4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child [or person seventeen years of age] or of the nearest known relative if no parent or guardian can be found; and

(5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact.

211.101. ISSUANCE OF SUMMONS — NOTICE — TEMPORARY CUSTODY OF CHILD — SUBPOENAS. — 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child [or person seventeen years of age] to appear personally and, unless the court orders otherwise, to bring the child [or person seventeen years of age] before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child [or person seventeen years of age], then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child [or person seventeen years of age] is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child [or person seventeen years of age] into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. COURT MAY REQUIRE PHYSICAL OR MENTAL EXAMINATION — COSTS PAID BY COUNTY. — 1. The court may cause any child [or person seventeen years of age] within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child [or person seventeen years of age] may be given consideration in the disposition of his or her case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children [or persons seventeen years of age] coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children [or persons seventeen years of age] under its jurisdiction.

211.181. ORDER FOR DISPOSITION OR TREATMENT OF CHILD — SUSPENSION OF ORDER AND PROBATION GRANTED, WHEN — COMMUNITY ORGANIZATIONS, IMMUNITY FROM LIABILITY, WHEN — LENGTH OF COMMITMENT MAY BE SET FORTH — ASSESSMENTS, DEPOSITS, USE. — 1. When a child [or person seventeen years of age] is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall...
so decree and make a finding of fact upon which it exercises its jurisdiction over the child [or person seventeen years of age], and the court may, by order duly entered, proceed as follows:

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child [or person seventeen years of age];

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, RSMo, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child are siblings or children living in the same home;

(2) Commit the child to the custody of:

The child and his or her attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;
(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child under this subdivision, or who benefits from any services performed as a result of an order issued under this subdivision, shall be immune from any suit by the child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. 211.321. Juvenile court records, confidentiality, exceptions — records of peace officers, exceptions, release of certain information to victim. — 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;
(3) As otherwise provided by statute;
(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers’ records, if any are kept, of children shall be kept separate from the records of persons [seventeen] eighten years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children’s names and identities.

5. The court may, either on its own motion or upon application by the child or his or her representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers’ records, at any time after the child has reached his [seventeenth] or her eighteenth birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child’s [seventeenth] eighteenth birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child’s case.

6. Nothing in this section shall be construed to prevent the release of general information concerning the informal adjustment or formal adjudication of the disposition of a child’s case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child’s death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

If the offenses, violations, or infractions were charged as counts in the same indictment or information or were committed as part of the same course of criminal conduct, the person may include all the related offenses, violations, and infractions in the petition, regardless of the limits of subsection 12 of this section, and the petition shall only count as a petition for expungement of the highest level violation or offense contained in the petition for the purpose of determining future eligibility for expungement.

If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:
   (1) At the time the petition is filed, it has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

   (6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

   (1) A license, certificate, or permit issued by this state to practice such individual's profession;
   (2) Any license issued under chapter 313 or permit issued under chapter 571;
   (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;
   (4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: “I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief.”.

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.

The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child has been taken into custody and shall conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

A traffic court judge may request the juvenile court to order the commitment of a person under the age of [seventeen] eighteen to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.]

Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes [seventeen] eighteen years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any other court’s jurisdiction as to any such violation.

211.061. ARRESTED CHILD TAKEN BEFORE JUVENILE COURT — TRANSFER OF PROSECUTION TO JUVENILE COURT — LIMITATIONS ON DETENTION OF JUVENILE — DETENTION HEARING, NOTICE. — 1. 2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was
under the age of [seventeen] eighteen years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:
   (1) Order the child released; or
   (2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

   4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

If a petition alleges that a child between the ages of twelve and eighteen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 as it existed prior to January 1, 2017, or first degree robbery under section 570.023, [or] distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or first degree robbery under section 570.023, or the manufacturing of a controlled substance under section 579.055, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

   2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between [seventeen] eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

   3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

   (1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;
   (2) Whether the offense alleged involved viciousness, force and violence;
   (3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;
   (4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;
   (5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;
   (6) The sophistication and maturity of the child as determined by consideration of his or her home and environmental situation, emotional condition and pattern of living;
   (7) The age of the child;
   (8) The program and facilities available to the juvenile court in considering disposition;
   (9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and
   (10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

   (1) Findings showing that the court had jurisdiction of the cause and of the parties;
   (2) Findings showing that the child was represented by counsel;
   (3) Findings showing that the hearing was held in the presence of the child and his or her counsel; and
   (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile
court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. TRANSFER TO COURT OF GENERAL JURISDICTION, DUAL JURISDICTION OF BOTH CRIMINAL AND JUVENILE CODES — SUSPENDED EXECUTION OF ADULT SENTENCE, REVOCATION OF JUVENILE DISPOSITION — PETITION FOR TRANSFER OF CUSTODY, HEARING — OFFENDER AGE SEVENTEEN, HEARING — OFFENDER AGE TWENTY-ONE, HEARING — CREDIT FOR TIME SERVED. — 1. The court shall, in a case when the offender is under [seventeen] eighteen years [and six months] of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and

(2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of [seventeen] eighteen, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:
   (1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or
   (2) Direct that the offender be placed on probation.
6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. Preliminary inquiry as to institution of proceedings — approval of division necessary for placement outside state — institutional placements, findings required, duties of division, limitations on judge, financial limitations.

1. Whenever any person informs the juvenile officer in writing that a child appears to be within the purview of applicable provisions of section 211.031 or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031, the juvenile officer shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child [or person seventeen years of age] require that further action be taken. On the basis of this inquiry, the juvenile officer may make such informal adjustment as is practicable without a petition or file a petition. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child [or person seventeen years of age] which would place or commit the child [or person seventeen years of age] to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child [or person seventeen years of age] and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child [or person seventeen years of age] which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child [or person seventeen years of age]. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child [or person seventeen years of age]. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child [or person seventeen years of age].

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. Petition in juvenile court — contents — dismissal, juvenile officer to assess impact on best interest of child.

1. The petition shall be entitled "In the interest of ________, a child under [seventeen] eighteen years of age" or "In the interest of ________, a child seventeen years of age" or "In the interest of ________, a person seventeen years of age" as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
2. The petition shall set forth plainly:
   (1) The facts which bring the child [or person seventeen years of age] within the jurisdiction of the court;
   (2) The full name, birth date, and residence of the child [or person seventeen years of age];
   (3) The names and residence of his or her parents, if living;
   (4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child [or person seventeen years of age] or of the nearest known relative if no parent or guardian can be found; and
   (5) Any other pertinent data or information.
3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.
4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact.

211.093. Orders or judgment of juvenile court to have precedence over certain other court orders or judgments — Additional powers, limitations — Establishment of paternity, time period. — 1. Any order or judgment entered by the court under authority of this chapter or chapter 210 shall, so long as such order or judgment remains in effect, take precedence over any order or judgment concerning the status or custody of a child under age twenty-one years of age entered by a court under authority of chapter 452, 453, 454 or 455, or orders of guardianship under chapter 475, but only to the extent inconsistent therewith.
2. In addition to all other powers conveyed upon the court by this chapter and chapter 210, any court exercising jurisdiction over a child under subdivision (1) of subsection 1 of section 211.031 shall have authority to enter an order regarding custody of the child under chapter 452, enter a child support order, and establish rights of visitation for the parents of the child. In every case in which the juvenile or family court exercises authority over a child under subdivision (1) or (2) of subsection 1 of section 211.031, the court shall have concurrent authority and jurisdiction with the circuit court to enter a final order and judgment establishing the paternity of the child's biological father under the uniform parentage act under sections 210.817 to 210.852.
3. Any custody, support, or visitation order entered by the court under subsection 2 of this section shall remain in full force and effect after the termination of juvenile court proceedings unless the court's order specifically states otherwise. Any custody, child support, or visitation order shall take precedence over and shall automatically stay any prior orders concerning custody, child support, guardianship, or visitation. Such orders shall remain in full force and effect until a subsequent order with respect to custody, child support, guardianship, or visitation of the child is entered by a court under the authority of this chapter or chapter 210, 452, 453, 454, or 455, or orders of guardianship under chapter 475. Any final judgment and order establishing paternity under this section shall be a final and binding judgment of the circuit court as in other civil judgments entered under the uniform parentage act under sections 210.817 to 210.852, and the court may enter the final paternity judgment and order under a different, nonjuvenile case number.
4. If the juvenile court terminates jurisdiction without entering a continuing custody, support, or visitation order under subsections 2 and 3 of this section, legal and physical custody of the child shall be returned to the custodian, parent, or legal guardian who

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

exercised custody prior to the juvenile court assuming jurisdiction under subdivision (1) of subsection 1 of section 211.031, and any custody or visitation orders in effect at the time the juvenile court assumed jurisdiction shall be restored.

5. The juvenile court shall not have the authority to hear modification motions or other actions to rehear any orders entered under this section after the juvenile court terminates jurisdiction on the underlying case. Any future actions shall be conducted under sections 210.817 to 210.852, this chapter, or chapter 452, 453, 454, 455, or 475, as appropriate.

6. Any child support order entered under this section shall be established and enforced pursuant to the procedures set forth by chapter 454. On entry of a child support order, the circuit clerk shall send a certified copy to the family support division for enforcement in the manner provided by law.

7. In all cases filed under subdivisions (1) and (2) of subsection 1 of section 211.031, the children's division shall make all reasonable efforts, as defined by section 211.183, to establish paternity within sixty days of the juvenile court obtaining jurisdiction over the child.

211.101. ISSUANCE OF SUMMONS — NOTICE — TEMPORARY CUSTODY OF CHILD — SUBPOENAS.

1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child [or person seventeen years of age] to appear personally and, unless the court orders otherwise, to bring the child [or person seventeen years of age] before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child [or person seventeen years of age], then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child [or person seventeen years of age] is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child [or person seventeen years of age] into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. COURT MAY REQUIRE PHYSICAL OR MENTAL EXAMINATION — COSTS PAID BY COUNTY.

1. The court may cause any child [or person seventeen years of age] within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child [or person seventeen years of age] may be given consideration in the disposition of his or her case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children [or persons seventeen years of age] coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children [or persons seventeen years of age] under its jurisdiction.

When a child [or person seventeen years of age] is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child [or person seventeen years of age], and the court may, by order duly entered, proceed as follows:

(1) Place the child [or person seventeen years of age] under supervision in his or her own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child [or person seventeen years of age] to the custody of:

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child [or person seventeen years of age];

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. 4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021, RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine
the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.321. JUVENILE COURT RECORDS, CONFIDENTIALITY, EXCEPTIONS — RECORDS OF PEACE OFFICERS, EXCEPTIONS, RELEASE OF CERTAIN INFORMATION TO VICTIM. — 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;

(3) As otherwise provided by statute;

(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers' records, if any are kept, of children shall be kept separate from the records of persons [seventeen] eighteen years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his or her representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his [seventeenth] or her eighteenth birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's [seventeenth] eighteenth birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

211.421. ENDANGERING THE WELFARE OF A CHILD OR INTERFERING WITH ORDERS OF COURT.—1. After any child has come under the care or control of the juvenile court as provided in this chapter, any person who thereafter encourages, aids, or causes the child to commit any act or engage in any conduct which would be injurious to the child's morals or health or who knowingly or negligently disobeys, violates or interferes with a lawful order of the court with relation to the child, is guilty of contempt of court, and shall be proceeded against as now provided by law and punished by imprisonment in the county jail for a term not exceeding six months or by a fine not exceeding five hundred dollars or by both such fine and imprisonment.

2. If it appears at a juvenile court hearing that any person [seventeen] eighteen years of age or over has violated section 568.045 or 568.050, RSMo, by endangering the welfare of a child, the
judge of the juvenile court shall refer the information to the prosecuting or circuit attorney, as the
case may be, for appropriate proceedings.

211.425. REGISTRATION OF JUVENILE SEX OFFENDERS, WHEN — AGENCIES REQUIRED TO
REGISTER JUVENILES, WHEN — REGISTRATION FORM, CONTENTS — REGISTRY MAINTAINED
— CONFIDENTIALITY OF REGISTRY — PENALTY FOR FAILURE TO REGISTER — TERMINATION
OF REQUIREMENT, WHEN. — 1. Any person who has been adjudicated a delinquent by a juvenile
court for committing or attempting to commit a sex-related offense which if committed by an adult
would be considered a felony offense pursuant to chapter 566 including, but not limited to, rape,
forcible sodomy, child molestation and sexual abuse, shall be considered a juvenile sex offender
and shall be required to register as a juvenile sex offender by complying with the registration
requirements provided for in this section, unless such juvenile adjudicated as a delinquent is fourteen
years of age or older at the time of the offense and the offense adjudicated would be considered a
felony under chapter 566 if committed by an adult, which is equal to or more severe than aggravated
sexual abuse under 18 U.S.C. Section 2241, including any attempt or conspiracy to commit such
offense, in which case, the juvenile shall be required to register as an adult sexual offender under
sections 589.400 to 589.425. This requirement shall also apply to any person who is or has been
adjudicated a juvenile delinquent in any other state or federal jurisdiction for committing, attempting
to commit, or conspiring to commit offenses which would be proscribed herein.

2. Any state agency having supervision over a juvenile required to register as a juvenile sex
offender or any court having jurisdiction over a juvenile required to register as a juvenile sex
offender, or any person required to register as a juvenile sex offender, shall, within ten days of the
juvenile offender moving into any county of this state, register with the juvenile office of the
county. If such juvenile offender changes residence or address, the state agency, court or person
shall inform the juvenile office within ten days of the new residence or address and shall also be
required to register with the juvenile office of any new county of residence. Registration shall be
accomplished by completing a registration form similar to the form provided for in section
589.407. Such form shall include, but is not limited to, the following:

(1) A statement in writing signed by the juvenile, giving the juvenile's name, address, Social
Security number, phone number, school in which enrolled, place of employment, offense which
requires registration, including the date, place, and a brief description of such offense, date and
place of adjudication regarding such offense, and age and gender of the victim at the time of the
offense; and

(2) The fingerprints and a photograph of the juvenile.

3. Juvenile offices shall maintain the registration forms of those juvenile offenders in their
jurisdictions who register as required by this section. Information contained on the registration
forms shall be kept confidential and may be released by juvenile offices to only those persons and
agencies who are authorized to receive information from juvenile court records as provided by
law, including, but not limited to, those specified in section 211.321. State agencies having custody
of juveniles who fall within the registration requirements of this section shall notify the appropriate
juvenile offices when such juvenile offenders are being transferred to a location falling within the
jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who
provides false information on the registration form is subject to disposition pursuant to this chapter.
Any person [seventeen] eighteen years of age or over who commits such violation is guilty of a
class A misdemeanor as provided for in section 211.431.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
5. Any juvenile to whom the registration requirement of this section applies shall be informed by the official in charge of the juvenile's custody, upon the juvenile's discharge or release from such custody, of the requirement to register pursuant to this section. Such official shall obtain the address where such juvenile expects to register upon being discharged or released and shall report the juvenile's name and address to the juvenile office where the juvenile will be required to register. This requirement to register upon discharge or release from custody does not apply in situations where the juvenile is temporarily released under guard or direct supervision from a detention facility or similar custodial facility.

6. The requirement to register as a juvenile sex offender shall terminate upon the juvenile offender reaching age twenty-one, unless such juvenile offender is required to register as an adult offender pursuant to section 589.400.

211.431. Violation of law, class A misdemeanor. — Any person seventeen eighteen years of age or over who willfully violates, neglects or refuses to obey or perform any lawful order of the court, or who violates any provision of this chapter is guilty of a class A misdemeanor.

211.435. Juvenile justice preservation fund — surcharge on traffic violations. — 1. There is hereby created in the state treasury the "Juvenile Justice Preservation Fund", which shall consist of moneys collected under subsection 2 of this section and sections 488.315 and 558.003, any gifts, bequests, and donations, and any other moneys appropriated by the general assembly. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be distributed to the judicial circuits of the state based upon the increased workload created by sections 211.021 to 211.425 solely for the administration of the juvenile justice system. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The provisions of this subsection shall expire on August 28, 2024.

2. For all traffic violations of any county ordinance or any violation of traffic laws of this state, including an infraction, in which a person has pled guilty, there shall be assessed as costs a surcharge in the amount of two dollars. No such surcharge shall be collected in any proceeding involving a violation of an ordinance or state law when the proceeding or defendant has been dismissed by the court or when costs are to be paid by the state, county or municipality. Such surcharge shall be collected and disbursed by the clerk of the court as provided by sections 488.010 to 488.020. The surcharge collected under this section shall be paid into the state treasury to the credit of the juvenile justice preservation fund created in this section. The provisions of this subsection shall expire if the provisions of subsection 1 of this section expire.

211.444. Termination of parental rights, when. — [1.] The juvenile court may, upon petition of the juvenile officer or a child-placing agency licensed under sections 210.481 to 210.536 in conjunction with a placement with such agency under subsection 6 of section 453.010[,] or [the court before which] a private attorney filing a petition for adoption has been filed pursuant to] under the provisions of chapter 453, terminate the rights of a parent or receive the consent to a specific adoption or waiver of consent to adoption executed by a parent or

named father to a child, including a child who is a ward of the court, if the court finds that such termination, consent to a specific adoption, or waiver of consent to adoption is in the best interests of the child, and the parent or named father has, in a properly executed writing under section 453.030 or 453.050, consented [in writing] to the termination of his or her parental rights, consented to a specific adoption, or waived consent to adoption.

[2. The written consent required by subsection 1 of this section may be executed before or after the institution of the proceedings and shall be acknowledged before a notary public. In lieu of such acknowledgment, the signature of the person giving the written consent shall be witnessed by at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective parents. The notary public or witnesses shall verify the identity of the party signing the consent.

3. The written consent required by subsection 1 of this section shall be valid and effective only after the child is at least forty-eight hours old and if it complies with the other requirements of section 453.030.]

211.447. JUVENILE OFFICER PRELIMINARY INQUIRY, WHEN — PETITION TO TERMINATE PARENTAL RIGHTS FILED, WHEN — JUVENILE COURT MAY TERMINATE PARENTAL RIGHTS, WHEN — INVESTIGATION TO BE MADE — GROUNDS FOR TERMINATION. — 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it appears that the information could justify the filing of a petition, the juvenile officer may take further action, including filing a petition. If it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(c) The parent has voluntarily relinquished a child under section 210.950; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter; or

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:
   (1) The child is being cared for by a relative; or
   (2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or
   (3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:
   (1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:
      (a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or
      (b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;
   (2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:
      (a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;
      (b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;
      (c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or
      (d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development.

Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

3 The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those

conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape or rape in the first degree. When the biological father has pled guilty to, or is convicted of, the forcible rape or rape in the first degree of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) (a) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse including, but not limited to, specific conditions directly relating to the parent and child relationship which are determined by the court to be of a duration or nature that renders the parent unable for the reasonably foreseeable future to care appropriately for the ongoing physical, mental, or emotional needs of the child.

(b) It is presumed that a parent is unfit to be a party to the parent and child relationship upon a showing that:

a. Within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3), or (4) of this subsection or similar laws of other states;

b. If the parent is the birth mother and within eight hours after the child's birth, the child's birth mother tested positive and over .08 blood alcohol content pursuant to testing under section 577.020 for alcohol, or tested positive for cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case;

c. If the parent is the birth mother and at the time of the child's birth or within eight hours after a child's birth the child tested positive for alcohol, cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother.
of medical treatment administered to the mother, and the birth mother is the biological mother of
at least one other child who was adjudicated an abused or neglected minor by the mother or the
mother has previously failed to complete recommended treatment services by the children's
division through a family-centered services case; or

d. Within a three-year period immediately prior to the termination adjudication, the parent has
pled guilty to or has been convicted of a felony involving the possession, distribution, or
manufacture of cocaine, heroin, or methamphetamine, and the parent is the biological parent of at
least one other child who was adjudicated an abused or neglected minor by such parent or such
parent has previously failed to complete recommended treatment services by the children's division
through a family-centered services case.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the
juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the
termination is in the best interest of the child and when it appears by clear, cogent and convincing
evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection
2 or 4 of this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall
evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;
(2) The extent to which the parent has maintained regular visitation or other contact with the child;
(3) The extent of payment by the parent for the cost of care and maintenance of the child when
financially able to do so including the time that the child is in the custody of the division or other
child-placing agency;
(4) Whether additional services would be likely to bring about lasting parental adjustment
enabling a return of the child to the parent within an ascertainable period of time;
(5) The parent's disinterest in or lack of commitment to the child;
(6) The conviction of the parent of a felony offense that the court finds is of such a nature that
the child will be deprived of a stable home for a period of years; provided, however, that
incarceration in and of itself shall not be grounds for termination of parental rights;
(7) Deliberate acts of the parent or acts of another of which the parent knew or should have
known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or
contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child
relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues
raised in a petition for adoption containing a prayer for termination of parental rights filed with the
same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.

10. The disability or disease of a parent shall not constitute a basis for a determination that a
child is a child in need of care, for the removal of custody of a child from the parent, or for the
termination of parental rights without a specific showing that there is a causal relation between the
disability or disease and harm to the child.

11. A court of competent jurisdiction may terminate the parental rights of a biological
father of a child if he is an alleged perpetrator of forcible rape under section 566.030 as it
existed prior to August 28, 2013, or rape in the first degree under section 566.030 that
resulted in the conception and birth of the child. The biological mother who is the victim of
the forcible rape or rape in the first degree or, if she is a minor, someone on her behalf may
file a petition to terminate the parental rights of the biological father. The court may
terminate the parental rights of the biological father if the court finds that by:
(1) Clear, cogent, and convincing evidence the biological father committed the act of forcible rape or rape in the first degree against the biological mother;
(2) Clear, cogent, and convincing evidence the child was conceived as a result of that act of forcible rape or rape in the first degree; and
(3) The preponderance of the evidence the termination of the parental rights of the biological father is in the best interests of the child.

12. In any action to terminate the parental rights of the biological father under subsection 11 of this section or subdivision (5) of subsection 5 of this section, a court of competent jurisdiction may order that the mother and the child conceived and born as a result of forcible rape or rape in the first degree are entitled to obtain from the biological father certain payments, support, beneficiary designations, or other financial benefits. The court shall issue such order only if the mother gives her consent; provided, that the court shall first inform the mother that such order may require or obligate the mother to have continuous or future communication and contact with the biological father. Such order shall be issued without the biological father being entitled to or granted any custody, guardianship, visitation privileges, or other parent-child relationship, and may include any or all of the following:

(1) Payment for the reasonable expenses of the mother or the child, or both, related to pregnancy, labor, delivery, postpartum care, newborn care, or early childhood care;
(2) Child support under this chapter or chapters 210, 452, or 454;
(3) All rights of the child to inherit under the probate code, as defined in section 472.010; provided that, for purposes of intestate succession, the biological father or his kindred shall have no right to inherit from or through the child;
(4) The designation of the child as the beneficiary of a life or accidental death insurance policy, annuity, contract, plan, or other product sold or issued by a life insurance company; or
(5) Any other payments, support, beneficiary designations, or financial benefits that are in the best interests of the child or for the reasonable expenses of the mother, or both.

If the mother declines to seek a court order for child support under this subsection, no state agency shall require the mother to do so in order to receive public assistance benefits for herself or the child, including, but not limited to, benefits for temporary assistance for needy families, supplemental nutrition assistance program, or MO HealthNet. The court order terminating the parental rights of the biological father under subdivision (5) of subsection 5 of this section or subsection 11 of this section shall serve as a sufficient basis for a good cause or other exemptions under 42 U.S.C. Section 654(29) and the state agency shall not require the mother or the child to otherwise provide the identity, location, income, or assets of the biological father or have contact or communicate with the biological father. However, nothing in this subsection shall prohibit a state agency from requesting that the mother assign any child support rights she receives under this subsection to the state as a condition of receipt of public assistance benefits under applicable federal and state law.

Before appointing any other eligible person as guardian of an incapacitated person, or conservator of a disabled person, the court shall consider the suitability of appointing any of the following persons, listed in the order of priority, who appear to be willing to serve:

(1) If the incapacitated or disabled person is, at the time of the hearing, able to make and communicate a reasonable choice, any eligible person nominated by the person;
(2) Any eligible person nominated in a durable power of attorney executed by the incapacitated or disabled person, or in an instrument in writing signed by the incapacitated or disabled person and by two witnesses who signed at the incapacitated or disabled person's request, before the inception of the person's incapacity or disability, at a time within five years before the hearing when the person was able to make and communicate a reasonable choice;

(3) The spouse, parents, adult children, adult brothers and sisters and other close adult relatives of the incapacitated or disabled person;

(4) Any other eligible person or, with respect to the estate only, any eligible organization or corporation, nominated in a duly probated will of such a spouse or relative [executed within five years before the hearing].

2. The court shall not appoint an unrelated third party as a guardian or conservator unless there is no relative suitable and willing to serve or if the appointment of a relative or nominee is otherwise contrary to the best interests of the incapacitated or disabled person. If the incapacitated or disabled person is a minor under the care of the children's division and is entering adult guardianship or conservatorship, it shall be a rebuttable presumption that he or she has no relative suitable and willing to serve as guardian or conservator.

3. Except for good cause shown, the court shall make its appointment in accordance with the incapacitated or disabled person's most recent valid nomination of an eligible person qualified to serve as guardian of the person or conservator of the estate. [In the event there is not brought to the attention of the court any such valid nomination executed within five years before the hearing, then the court shall give consideration to the most recent valid nomination brought to its attention, but the court shall not be required to follow such nomination.]

4. Except for those individuals specified in subdivisions (1) and (2) of this subsection, the court shall require all guardians and conservators who are seeking appointment and who have a fiduciary responsibility to a ward, an incapacitated person, or a disabled person to submit at their own expense to a background screening that shall include the disqualification lists of the departments of mental health, social services, and health and senior services; the abuse and neglect registries for adults and children; a Missouri criminal record review; and the sexual offender registry. Individuals seeking appointment as a conservator shall also submit, at their own expense, to a credit history investigation. The nominated guardian or conservator shall file the results of the reports with the court at least ten days prior to the appointment hearing date unless waived or modified by the court for good cause shown by an affidavit filed simultaneously with the petition for appointment or in the event the protected person requests an expedited hearing. The provisions of this subsection shall not apply to:

(1) Public administrators; or

(2) The ward's, incapacitated person's, or disabled person's spouse, parents, children who have reached eighteen years of age, or siblings who have reached eighteen years of age.

5. Guardians certified by a national accrediting organization may file proof of certification in lieu of the requirements of subsections 4 and 6 of this section.

6. An order appointing a guardian or conservator shall not be signed by the judge until such reports have been filed with the court and reviewed by the judge, who shall consider the reports in determining whether to appoint a guardian or conservator. Such reports, or lack thereof, shall be certified either by an affidavit or by obtaining a certified copy of the reports. No reports or national criminal history record check shall be required by the court upon the application of a petitioner for an emergency temporary guardianship or emergency temporary conservatorship. The court may waive the requirements of this subsection for
good cause shown. If appointed, a guardian or conservator may petition the court for reimbursement of the reasonable expenses of the credit history investigation and background screenings.

At least annually, the court shall inquire into the status of every adult ward and protectee under its jurisdiction for the purpose of determining whether the incapacity or disability may have ceased or changed and to insure that the guardian or conservator is discharging his responsibilities and duties in accordance with this chapter.

2. In order to implement the court review prescribed by this section, the guardian or limited guardian shall file annually on the anniversary date of his letters, a report concerning the personal status of the adult ward and plans by the guardian or limited guardian for future care. Such report may be combined with the settlement of accounts if the guardian is also conservator of the estate of the ward. The report shall be in the form prescribed by the court and shall include the following information:

(1) The present address of the ward;
(2) The present address of the guardian;
(3) Unless the report specifies that the ward is living with the guardian, the number of times the guardian has had contact with the ward, and the nature of such contacts including the date the ward was last seen by the guardian;
(4) A summary of the guardian's visits with the ward and activities on the ward's behalf and the extent to which the ward has participated in decision-making;

(5) If the ward is institutionalized, whether the guardian has received a copy of the treatment or habilitation plan and, if so, the date of such plan, and whether the guardian agrees with its provision;

[(7)] (8) The opinion of the guardian as to the need for the continuation of the guardianship and whether it is necessary to increase or decrease the powers of the guardian; and

[(8)] The opinion of the guardian as to the adequacy of the present care of the ward;

(9) A summarized plan for the coming year. If an individual support plan, treatment plan, or plan of care is in place, such plan may be submitted in lieu of the requirements of this subdivision.

3. The court may as part of its review, in its discretion, order the performance of a mental status evaluation of an incapacitated ward and may require any hospital, physician, or custodial facility to submit copies of their records relating to the treatment, habilitation, or care of the ward. The court, as part of its review and in its discretion, may also contact the department of health and senior services or other appropriate agencies to investigate the conduct of the guardian and report its findings to the court.

4. If there is an indication that the incapacity or disability of the ward or protectee has ceased, the court shall appoint an attorney to file on behalf of the ward or protectee a petition for termination of the guardianship or conservatorship or for restoration.

5. If it appears to the court as part of its review or at any time upon motion of any interested person, including the ward or protectee or some person on his behalf, that the guardian or conservator is not discharging his responsibilities and duties as required by this chapter or has not acted in the best interests of the ward or conservator appear before the court. In the event that such a hearing is ordered and the ward or protectee is not represented by an attorney, the court shall appoint an attorney to represent the ward or protectee in the proceedings. At the conclusion of the hearing, if the court finds that the guardian or conservator is not discharging his or her duties and responsibilities as required by this code[,] or is not acting in the best interests of the ward or protectee, the court shall enter such orders as it deems appropriate under the circumstances. Such orders may include the removal of the guardian or conservator and the appointment of a successor guardian or conservator or termination of the guardianship or conservatorship on finding that the ward has recovered his capacity or the protectee is no longer disabled. The court, in framing its orders and findings, shall give due consideration to the exercise by the guardian or conservator of any discretion vested in him the guardian or conservator by law.

(5) Upon the death of the ward or protectee except that if there is no person other than the estate of the ward or protectee liable for the funeral and burial expenses of the ward or protectee, the guardian or conservator may, with the approval of the court, contract for the funeral and burial of the deceased ward or protectee;

(6) Upon the expiration of an order appointing a guardian or conservator ad litem unless the court orders extension of the appointment;

(7) Upon an order of court terminating the guardianship or conservatorship.

2. A guardianship or conservatorship may be terminated by court order after such notice as the court may require:

(1) If the conservatorship estate is exhausted;

(2) If the conservatorship is no longer necessary for any other reason;

(3) If the court finds that a parent is fit, suitable and able to assume the duties of guardianship and it is in the best interest of the minor that the guardianship be terminated; or

(4) If the court determines that the guardian is unable to provide the services of a guardian due to the ward's absence from the state or other particular circumstances of the ward.

3. Notwithstanding the termination of the authority of a conservator, the conservator shall continue to have such authority as may be necessary to wind up his administration.

4. At any time the guardian, conservator, or any person on behalf of the ward or protectee may, individually or jointly with the ward or protectee, or the ward or protectee individually may petition the court to restore the ward or protectee, or to decrease the powers of the guardian or conservator, or to return rights to the ward or protectee; except that, if the court determines that the petition is frivolous, the court may summarily dismiss the petition without hearing. The petition from the ward or protectee or on behalf of the ward or protectee may be an informal letter to the court. Anyone who interferes with the transmission of the ward's or protectee's letter or petition may be cited by the court for contempt after notice and hearing. If at any time the court, on its own motion, has reason to believe that the guardian's or conservator's powers should be increased or decreased or additional rights should be returned to the ward or protectee, the court shall set the matter for a hearing.

5. Upon the filing of a joint petition by the guardian or conservator and the ward or protectee, the court, if it finds restoration or modification to be in the best interests of the ward or protectee, may summarily order restoration or modification of the or a decrease in powers of the guardian or conservator or return rights to the ward or protectee without the necessity of notice and hearing.

6. Upon the filing of a petition without the joinder of the guardian or conservator or if the court requires a hearing for a petition filed with the joinder of a guardian or conservator, the court shall cause the petition to be set for hearing with notice to the guardian or conservator and to such other persons as the court directs. The hearing shall be conducted in accordance with the provisions of section 475.075. If the ward or protectee is not represented by an attorney, the court shall appoint an attorney to represent the ward or protectee in such proceeding. The burden of proof by a preponderance of the evidence shall be upon the petitioner. Such a petition may not be filed more than once every one hundred eighty days.

7. At any time the guardian [or], limited guardian, conservator, or limited conservator may petition the court to increase [his] the guardian's or conservator's powers or to remove rights from the ward or protectee. Proceedings on the petition shall be in accordance with the provisions of section 475.075.

Visitation, parent may petition for, when, — If a guardian has been appointed for a minor under the provisions of subdivision (2) of subsection 4 of section 475.030, then a parent of the minor may petition the court for periods of visitation. The court may order visitation if visitation is in the best interest of the child.

475.094. Conservator, authorized exercise of powers. — If the court determines and enters a finding that a permanently totally mentally disabled protectee's estate would be substantially depleted upon his death by the payment of federal estate taxes, the court is hereby empowered: to exercise or release powers of appointment, to change the beneficiaries and elect options under insurance and annuity policies, to make gifts to the natural objects of the protectee's bounty, to convey or release his contingent and expectant interests in property including marital property rights and any right of survivorship incident to joint tenancy or tenancy by the entirety, to surrender insurance or annuity policies for their cash values, to exercise his right to an elective share in the estate of his deceased spouse, and to renounce any interest by testate or intestate succession or by inter vivos transfer, if such act or acts will not deplete the protectee's estate so as to impair the ability to provide for the protectee's foreseeable lifetime needs, and if such act will cause financial benefits to inure solely to the natural objects of the protectee's bounty. Such act shall be undertaken by the court only to the extent that it will result in a substantial saving of federal estate tax for the estate of the disabled protectee upon his death. 

1. After notice to interested persons and upon express authorization of the court, a conservator may:
   (1) Make gifts that the protectee might have been expected to make including, but not limited to, gifts to qualify for government benefits or to reduce federal estate taxes;
   (2) Convey, release, or disclaim contingent and expectant interests in property, including marital property rights and any right of survivorship incident to joint tenancy or tenancy by the entireties;
   (3) Exercise or release a power of appointment;
   (4) Create a revocable or irrevocable trust of property of the estate, whether the trust extends beyond the duration of the conservatorship, or revoke or amend a trust revocable by the protected person;

   (6) Exercise any right to an elective share in the estate of the protectee's deceased spouse and to renounce or disclaim any interest by testate or intestate succession or by transfer during lifetime.

2. The court, in exercising or in approving a conservator’s exercise of the powers listed under subsection 1 of this section, shall consider primarily the decision that the protectee would have made, to the extent that the decision can be ascertained. The court shall also consider:
   (1) The financial needs of the protectee and the needs of individuals who are in fact dependent on the protectee for support and the interest of creditors;
   (2) Possible reduction of income, estate, inheritance, or other tax liabilities;
   (3) Eligibility for government assistance;
   (4) The protectee's previous pattern of giving or level of support;

   (4) Provide required consents on behalf of the ward;
   (5) To exercise all powers and discharge all duties necessary or proper to implement the provisions of this section.

4. A guardian of an adult or minor ward is not obligated by virtue of such guardian's appointment to use the guardian's own financial resources for the support of the ward. If the ward's estate and available public benefits are inadequate for the proper care of the ward, the guardian or conservator may apply to the county commission pursuant to section 475.370.

5. No guardian of the person shall have authority to seek admission of the guardian's ward to a mental health or intellectual disability facility for more than thirty days for any purpose without court order except as otherwise provided by law.

In the absence of any written direction from the ward to the contrary, a guardian may execute a preneed contract for the ward's funeral services, including cremation, or an irrevocable life insurance policy to pay for the ward's funeral services, including cremation, and authorize the payment of such services from the ward's resources. Nothing in this section shall interfere with the rights of next-of-kin to direct the disposition of the body of the ward upon death under section 194.119. If a preneed arrangement such as that authorized by this subsection is in place and no next-of-kin exercises the right of sepulcher within ten days of the death of the ward, the guardian may sign consents for the disposition of the body, including cremation, without any liability.
therefor. A guardian who exercises the authority granted in this subsection shall not be personally financially responsible for the payment of services.

10. Except as otherwise limited by the court, a guardian shall make decisions regarding the adult ward's support, care, education, health, and welfare. 475.125. SUPPORT AND EDUCATION OF PROTECTEE AND DEPENDENTS.—1. The court may make orders for the management of the estate of the protectee for the care, education, treatment, habilitation, respite, support and maintenance of the protectee and for the support and maintenance of [his or her] the protectee's family and education of [his or her] the protectee's spouse and children, according to [his or her] the protectee's means and obligation, if any, out of the proceeds of [his or her] the protectee's estate, and may direct that payments for such purposes shall be made weekly, monthly, quarterly, semiannually or annually. 3. Appropriations for any such purposes, expenses of administration and allowed claims shall be paid from the property or income of the estate. The court may authorize the conservator to borrow money and obligate the estate for the payment thereof if the court finds that funds of the estate for the payment of such obligation will be available within a reasonable time and that the loan is necessary. If payments are made to another under the order of the court, the conservator of the estate is not bound to see to the application thereof.

4. In acting under this section the court shall take into account any duty imposed by law or contract upon a parent or spouse of the protectee, a government agency, a trust, or other person or corporation, to make payments for the benefit of or provide support, education, care, treatment, habilitation, respite, maintenance or safekeeping of the protectee and [his or her] the protectee's dependents. Subject to such possession, the title to all such estate, and to the increment and proceeds thereof, is in the protectee and not in the conservator. Upon a showing that funds available or payable for the benefit of the protectee by any federal agency are being applied for the benefit of the protectee, or that such federal agency has refused to recognize the authority of the conservator to administer such funds, the court may waive, by order, the duty of the conservator to account therefor.

3. The term "Missouri product" refers to goods or commodities which are manufactured, mined, produced, or grown by companies in Missouri, or services provided by such companies.

The term "negotiation" as used in this chapter means the process of selecting a contractor by the competitive methods described in this chapter, whereby the commissioner of administration can establish any and all terms and conditions of a procurement contract by discussion with one or more prospective contractors.
5. The term "purchase" as used in this chapter shall include the rental or leasing of any equipment, articles or things.
6. The term "supplies" as used in this chapter shall be deemed to mean supplies, materials, equipment, contractual services and any and all articles or things, except for utility services regulated under chapter 393 or as in this chapter otherwise provided.
7. The term "value" includes but is not limited to price, performance, and quality. This economic impact may include the revenues returned to the state through tax revenue obligations.
160.545. **A+ SCHOOL PROGRAM ESTABLISHED — PURPOSE — RULES — VARIABLE FUND MATCH REQUIREMENT — WAIVER OF RULES AND REGULATIONS, REQUIREMENT — REIMBURSEMENT FOR HIGHER EDUCATION COSTS FOR STUDENTS — EVALUATION — REIMBURSEMENT FOR TWO-YEAR SCHOOLS.** — 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

1. All students be graduated from school;
2. All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
3. All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

1. Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
2. Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and
3. Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and
4. Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and
5. Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. Any nonpublic school in this state may apply to the state board of education for certification that it meets the requirements of this section subject to the same criteria as public high schools. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision (5) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the

nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

5. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7. For any school year, grants authorized by subsections 1, 2, and 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 8 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 10 of this section for any two-year private vocational or technical school for any student:

2. As an alternative to the procedure in subsection 1 of this section, a seven-director district may, by a majority vote of its board of education, propose a plan to the voters of the district to attach the district to one or more adjacent seven-director districts and call for an election upon the question of such plan.

The tax rate applicable to the community college district shall not be levied as to the school district until the proposal by the board of trustees of the community college district has been approved by a majority vote of the voters of the school district at the election called for that purpose. The community college district shall be responsible for the costs associated with the election.

4. A plat of the proposed changes to all affected districts shall be published and posted with the notice of election.

[6] 7. Upon the effective date of the annexation, all indebtedness, property and money on hand belonging thereto shall immediately pass to the seven-director school district. If the district is annexed to more than one district, the provisions of sections 162.031 and 162.041 shall apply.

   (c) A variety of educational community services.

Community college course offerings shall generally lead to the granting of certificates, diplomas, or associate degrees, [but do not] and may include baccalaureate [or higher] degrees only when authorized by the coordinating board for higher education in circumstances where the level of education required in a field for accreditation or licensure increases to the baccalaureate degree level or, in the case of applied bachelor's degrees, the level of education required for employment in a field increases to that level, and when doing so would not unnecessarily duplicate an existing program, collaboration with a university is not feasible or the approach is not a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high quality manner. Quality for such baccalaureate degree programs shall be evaluated at least in part by the delivery of upper-level coursework or competencies, and defined by accreditation or compliance with the Higher Learning Commission standards for bachelor's degrees:

(2) "Operating costs", all costs attributable to current operations, including all direct costs of instruction, instructors' and counselors' compensation, administrative costs, all normal operating costs and all similar noncapital expenditures during any year, excluding costs of construction of facilities and the purchase of equipment, furniture, and other capital items authorized and funded in accordance with subsection 6 of this section. (3) "Year", from July first to June thirtieth of the following year.

2. Each year public community colleges in the aggregate shall be eligible to receive from state funds, if state funds are available and appropriated, an amount up to but not more than fifty percent

The department of higher education shall review all institutional budget requests and prepare appropriation recommendations annually for the community colleges under the supervision of the department. The department’s budget request shall include a recommended level of funding.

3. (1) Except as provided in subdivision (2) of this subsection, distribution of appropriated funds to community college districts shall be in accordance with the community college resource allocation model. The department of higher education shall recommend the model to the coordinating board for higher education for their approval. The core funding level for each community college shall initially be established at an amount agreed upon by the community colleges and the department of higher education. This amount will be adjusted annually for inflation, limited growth, and program improvements in accordance with the resource allocation model starting with fiscal year 1993.

(2) Unless the general assembly chooses to otherwise appropriate state funding, beginning in fiscal year 2016, at least ninety percent of any increase in core funding over the appropriated amount for the previous fiscal year shall be distributed in accordance with the achievement of performance-funding measures under section 173.1006.

4. The department of higher education shall be responsible for evaluating the effectiveness of the resource allocation model and shall submit a report to the governor, the joint committee on education, the speaker of the house of representatives and president pro tempore of the senate by October 31, 2019, and every four years thereafter.

5. The department of higher education shall request new and separate state aid funds for any new community college district for its first six years of operation. The request for the new district shall be based upon the same level of funding being provided to the existing districts, and should be sufficient to provide for the growth required to reach a mature enrollment level.

6. In addition to state funds received for operating purposes, each community college district shall be eligible to receive an annual appropriation, exclusive of any capital appropriations, for the cost of maintenance and repair of facilities and grounds, including surface parking areas, and purchases of equipment and furniture. Such funds shall not exceed in any year an amount equal to ten percent of the state appropriations, exclusive of any capital appropriations, to community college districts for operating purposes during the most recently completed fiscal year. The department of higher education may include in its annual appropriations request the necessary funds to implement the provisions of this subsection and when appropriated shall distribute the funds to each community college district as appropriated. The department of higher education appropriations request shall be for specific maintenance, repair, and equipment projects at specific community college districts, shall be in an amount of fifty percent of the cost of a given project as determined by the coordinating board and shall be only for projects which have been approved by the coordinating board through a process of application, evaluation, and approval as established by the coordinating board. The coordinating board, as part of its process of application, evaluation, and approval, shall require the community college district to provide proof that the fifty-percent share of funding to be defrayed by the district is either on hand or committed for maintenance, repair, and equipment projects. Only salaries or portions of salaries paid which are directly related to approved projects may be used as a part of the fifty-percent share of funding.

7. School districts offering two-year college courses pursuant to section 178.370 on October 31, 1961, shall receive state aid pursuant to subsection 2, subdivision (1) of subsection 3, and

subsection 6 of this section if all scholastic standards established pursuant to sections 178.770 to 178.890 are met.

8. In order to make postsecondary educational opportunities available to Missouri residents who do not reside in an existing community college district, community colleges organized pursuant to section 178.370 or sections 178.770 to 178.890 shall be authorized pursuant to the funding provisions of this section to offer courses and programs outside the community college district with prior approval by the coordinating board for higher education. The classes conducted outside the district shall be self-sustaining except that the coordinating board shall promulgate rules to reimburse selected out-of-district instruction only where prior need has been established in geographical areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution.

9. When distributing state aid authorized for community colleges, the state treasurer may, in any year if requested by a community college, disregard the provision in section 30.180 requiring the state treasurer to convert the warrant requesting payment into a check or draft and wire transfer the amount to be distributed to the community college directly to the community college's designated deposit for credit to the community college's account.

The examination shall be known as the "Missouri Higher Education Civics Achievement Examination".

2. The examination required under this section shall consist of at least fifty questions, but shall not exceed one hundred questions, and shall be similar to the one hundred questions administered to applicants for United States citizenship by the United States Citizenship and Immigration Services division of the Department of Homeland Security. 4. Institutions of higher education may use online testing to comply with the provisions of this section.

172.280. AUTHORITY TO CONFER DEGREES — ONLY PUBLIC RESEARCH UNIVERSITY AND EXCLUSIVE GRANTOR OF CERTAIN DEGREES. — The curators shall have the authority to confer, by diploma, under their common seal, on any person whom they may judge worthy thereof, such degrees as are known to and usually granted by any college or university. The University of Missouri is the state's only public research university and the exclusive grantor of research doctorates. As such, except as provided in section 175.040, the University of Missouri shall be the only state college or university that may offer doctor of philosophy degrees or first-
professional degrees, including dentistry, law, medicine, optometry, pharmacy, and veterinary medicine.

173.005. DEPARTMENT OF HIGHER EDUCATION CREATED — AGENCIES, DIVISIONS, TRANSFERRED TO DEPARTMENT — COORDINATING BOARD, APPOINTMENT QUALIFICATIONS, TERMS, COMPENSATION, DUTIES, ADVISORY COMMITTEE, MEMBERS. — 1. There is hereby created a "Department of Higher Education", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education [shall have approval of] may approve, not approve, or provisionally approve proposed new degree programs to be offered by the state institutions of higher education. The coordinating board may authorize a degree program outside an institution's coordinating board-approved mission only when the coordinating board has received clear evidence that the institution proposing to offer the program:

(a) Made a good faith effort to explore the feasibility of offering the program in collaboration with an institution the mission of which includes offering the program;

(b) Is contributing substantially to the goals in the coordinating board's coordinated plan for higher education;

(c) Has the existing capacity to ensure the program is delivered in a high quality manner;

(d) Has demonstrated that the proposed program is needed;

(e) Has a clear plan to meet the articulated workforce need; and

(f) Such other factors deemed relevant by the coordinating board;

(2) The governing board of each public institution of higher education in the state shall have the power and authority to confer degrees in chiropractic, osteopathic medicine, and podiatry only in collaboration with the University of Missouri, provided that such collaborative agreements are approved by the governing board of each institution and that
in these instances the University of Missouri will be the degree granting institution. Should the University of Missouri decline to collaborate in the offering of such programs, any of these institutions may seek approval of the program through the coordinating board for higher education's comprehensive review process when doing so would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high quality manner;

[(2)] (3) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

[(3)] (4) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, and institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

[(4)] (5) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

[(5)] (6) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

[(6)] (7) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

[(7)] (8) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

[(8)] (9) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse
transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

[(9)] (10) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

[(10)] (11) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

[(11)] (12) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly;

[(12)] (13) In recognition of institutions that meet the requirements of subdivision (2), (3), or (4) of subsection 1 of section 173.616, are established by name as an educational institution in Missouri, and are authorized to operate programs beyond secondary education for purposes of authorization under 34 CFR 600.9, the coordinating board for higher education shall maintain and publish on its website a list of such postsecondary educational institutions; and

[(13)] (14) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an educational institution located outside of Missouri that:

a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;

b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:
a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and
b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, is transferred by type II transfer to the department of higher education.

7. All the powers, duties and functions vested in the division of public schools and state board of education relating to community college state aid and the supervision, formation of districts and all matters otherwise related to the state's relations with community college districts and matters pertaining to community colleges in public school districts, chapters 163, 178, and others, are transferred to the coordinating board for higher education by type I transfer. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.

173.1003. CHANGE IN TUITION RATE TO BE REPORTED TO BOARD — PERMISSIBLE PERCENTAGE CHANGE, EXCEPTIONS — DEFINITIONS. — 1. Beginning with the 2008-09 academic year, each approved public institution, as such term is defined in section 173.1102, shall submit its percentage change in the amount of tuition from the current academic year compared to the upcoming academic year to the coordinating board for higher education by July first preceding such academic year.

2. For institutions whose tuition is greater than the average tuition, the percentage change in tuition shall not exceed the percentage change of the consumer price index [or zero, whichever is greater] plus a percentage of not more than five percent that would produce an increase in net tuition revenue no greater than the dollar amount by which the state operating support was reduced for the prior fiscal year, if applicable.

3. For institutions whose tuition is less than the average tuition, the dollar increase in tuition shall not exceed the product of [zero or] the percentage change of the consumer price index,
whichever is greater,] times the average tuition, plus a percentage of not more than five percent that would produce an increase in net tuition revenue no greater than the dollar amount by which the state operating support was reduced for the prior fiscal year, if applicable.

4. If a tuition increase exceeds the limits set forth in subsections 2 or 3 of this section, then the institution shall be subject to the provisions of subsection 5 of this section.

5. Any institution that exceeds the limits set forth in subsections 2 or 3 of this section shall remit to the board an amount equal to five percent of its current year state operating [appropriation] support amount which shall be deposited into the general revenue fund unless the institution appeals, within thirty days of such notice, to the commissioner of higher education for a waiver of this provision. The commissioner, after meeting with appropriate representatives of the institution, shall determine whether the institution's waiver request is sufficiently warranted, in which case no fund remission shall occur. In making this determination, the factors considered by the commissioner shall include but not be limited to the relationship between state appropriations and the consumer price index and any extraordinary circumstances. If the commissioner determines that an institution's tuition percent increase is not sufficiently warranted and declines the waiver request, the commissioner shall recommend to the full coordinating board that the institution shall remit an amount up to five percent of its current year state operating appropriation to the board, which shall deposit the amount into the general revenue fund. The coordinating board shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter.

6. The provisions of subsections 2 to 5 of this section shall not apply to any community college unless any such community college's tuition for any Missouri resident is greater than or equal to the average tuition. If the provisions of subsections 2 to 5 of this section apply to a community college, subsections 2 to 5 of this section shall only apply to out-of-district Missouri resident tuition.

7. For purposes of this section, the term "average tuition" shall be the sum of the tuition amounts for the previous academic year for each approved public institution that is not excluded under subsection 6 of this section, divided by the number of such institutions. The term "consumer price index" shall mean the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, from January first of the current year compared to January first of the preceding year. The term "state appropriation" shall mean the state operating appropriation for the prior year per full-time equivalent student for the prior year compared to state operating appropriation for the current year per full-time equivalent student for the prior year. The term "tuition" shall mean the amount of tuition and required fees, excluding any fee established by the student body of the institution, charged to a Missouri resident undergraduate enrolled in fifteen credit hours at the institution. The term "net tuition revenue" shall mean the net amount of resident undergraduate tuition and required fees reduced by institutional aid only. "Institutional aid" includes all aid awarded to the student by the student's institution of higher education only from such institution's funds. "Institutional aid" does not include the following: Pell Grants; state awards such as the Missouri higher education academic scholarship program, the A+ schools program, and the access Missouri financial aid program; foundation scholarships; third party scholarships; employee and dependent fee waivers; and student loans.

8. Nothing in this section shall be construed to usurp or preclude the ability of the governing board of an institution of higher education to establish tuition or required fee rates.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
173.1101. An applicant who is an undergraduate postsecondary student at an approved private, [or] public, or virtual institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U),
1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. TRANSFER OF RECIPIENT, EFFECT OF. — A recipient of financial assistance may transfer from one approved public [or], private, or virtual institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107.

The purpose of the task force shall and will be to study the extent to which changes in the system of recruiting, licensing, and retaining foster and adoptive parents would enhance the effectiveness of the system statewide. The task force shall develop a report of its findings with recommendations by December 1, 2019, and provide copies of the report to the general assembly, to the joint committee on child abuse and neglect under section 21.771, and to the governor.

7. On or before July 15, 2006, and each July fifteenth thereafter that the project is in operation, the division shall submit a report to the general assembly which shall include:

(1) Details about the specifics of the contracts, including the number of children and families served, the cost to the state for contracting such services, the current status of the children and families served, an assessment of the quality of services provided and outcomes achieved, and an overall evaluation of the project; and

(2) Any recommendations regarding the continuation or possible statewide implementation of such project; and

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(3) Any information or recommendations directly related to the provision of direct services for children and their families that any of the contracting children's services providers and agencies request to have included in the report.

8. The division shall accept as prima facie evidence of completion of the requirements for licensure under sections 210.481 to 210.511 proof that an agency is accredited by any of the following nationally recognized bodies: the Council on Accreditation of Services, Children and Families, Inc.; the Joint Commission on Accreditation of Hospitals; or the Commission on Accreditation of Rehabilitation Facilities. The division shall not require any further evidence of qualification for licensure if such proof of voluntary accreditation is submitted.

9. By February 1, 2005, the children's division shall promulgate and have in effect rules to implement the provisions of this section and, pursuant to this section, shall define implementation plans and dates. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

210.115. REPORTS OF ABUSE, NEGLECT, AND UNDER AGE EIGHTEEN DEATHS — PERSONS REQUIRED TO REPORT — SUPERVISORS AND ADMINISTRATORS NOT TO IMPEDE REPORTING — DEATHS REQUIRED TO BE REPORTED TO THE DIVISION OR CHILD FATALITY REVIEW PANEL, WHEN — REPORT MADE TO ANOTHER STATE, WHEN. — 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
making such report. Every employer shall ensure that any employee required to report pursuant
to subsection 1 of this section has immediate and unrestricted access to communications
technology necessary to make an immediate report and is temporarily relieved of other work duties
for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does
not receive specified medical treatment by reason of the legitimate practice of the religious belief
of the child's parents, guardian, or others legally responsible for the child, for that reason alone,
shall not be found to be an abused or neglected child, and such parents, guardian or other persons
legally responsible for the child shall not be entered into the central registry. However, the division
can accept reports concerning such a child and may subsequently investigate or conduct a family
assessment as a result of that report. Such an exception shall not limit the administrative or judicial
authority of the state to ensure that medical services are provided to the child when the child's
health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or
neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person
has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or
observes a child being subjected to conditions or circumstances which would reasonably result in
abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the
division, who has probable cause to suspect that a child who is or may be under the age of eighteen,
who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate
medical examiner or coroner. If, upon review of the circumstances and medical information, the
medical examiner or coroner determines that the child died of natural causes while under medical
care for an established natural disease, the coroner, medical examiner or physician shall notify the
division of the child's death and that the child's attending physician shall be signing the death
certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation,
shall immediately notify the division of the child's death as required in section 58.452 and shall report
the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect
to any law enforcement agency or juvenile office. Such report shall not, however, take the place
of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this
section has reason to believe that the victim of such abuse or neglect is a resident of another state
or was injured as a result of an act which occurred in another state, the person required to report
such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a
report to the child protection agency of the other state with the authority to receive such reports
pursuant to the laws of such other state. If such agency accepts the report, no report is required to
be made, but may be made, to the children's division.

WHEN, EXCEPTION — CHIEF INVESTIGATOR NAMED — FAMILY SUPPORT TEAM MEETINGS,
WHO MAY ATTEND — REPORTER'S RIGHT TO RECEIVE INFORMATION — ADMISSIBILITY OF

1. Ensuring the well-being and safety of the child in instances where child abuse or neglect
has been alleged;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(2) Promoting the preservation and reunification of children and families consistent with state and federal law;

(3) Providing due process for those accused of child abuse or neglect; and

(4) Maintaining an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. The division shall utilize structured decision-making protocols for classification purposes of all child abuse and neglect reports. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child. All child abuse and neglect reports shall be initiated within twenty-four hours and shall be classified based upon the reported risk and injury to the child. The division shall promulgate rules regarding the structured decision-making protocols to be utilized for all child abuse and neglect reports.

3. Upon receipt of a report, the division shall determine if the report merits investigation, including reports which if true would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024, or 565.050 if the victim is a child less than eighteen years of age, section 566.030 or 566.060 if the victim is a child less than eighteen years of age, or other crimes under chapter 566 if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050 if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 573.200, or 573.205, section 573.025, 573.035, 573.037, or 573.040, or an attempt to commit any such crimes. The division shall immediately communicate all reports that merit investigation to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

4. The division may accept a report for investigation or family assessment if either the child or alleged perpetrator resides in Missouri, may be found in Missouri, or if the incident occurred in Missouri.

5. If the division receives a report in which neither the child nor the alleged perpetrator resides in Missouri or may be found in Missouri and the incident did not occur in Missouri, the division shall document the report and communicate it to the appropriate agency or agencies in the state where the child is believed to be located, along with any relevant information or records as may be contained in the division’s information system.

6. When the child abuse and neglect hotline receives three or more calls, within a seventy-two hour period, from one or more individuals concerning the same child, the division shall conduct a review to determine whether the calls meet the criteria and statutory definition for a child abuse and neglect report to be accepted. In conducting the review, the division shall contact the hotline caller or callers in order to collect information to determine whether the calls meet the criteria for harassment.

7. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation and provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
[6.] 8. The local office of the division shall cause an investigation or family assessment and services approach to be initiated in accordance with the protocols established in subsection 2 of this section, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. Callers to the child abuse and neglect hotline shall be instructed by the division's hotline to call 911 in instances where the child may be in immediate danger. If the parents of the child are not the alleged perpetrators, a parent of the child must be notified prior to the child being interviewed by the division. No person responding to or investigating a child abuse and neglect report shall call prior to a home visit or leave any documentation of any attempted visit, such as business cards, pamphlets, or other similar identifying information if he or she has a reasonable basis to believe the following factors are present:

(1) (a) No person is present in the home at the time of the home visit; and
(b) The alleged perpetrator resides in the home or the physical safety of the child may be compromised if the alleged perpetrator becomes aware of the attempted visit;
(2) The alleged perpetrator will be alerted regarding the attempted visit; or
(3) The family has a history of domestic violence or fleeing the community.

If the alleged perpetrator is present during a visit by the person responding to or investigating the report, such person shall provide written material to the alleged perpetrator informing him or her of his or her rights regarding such visit, including but not limited to the right to contact an attorney. The alleged perpetrator shall be given a reasonable amount of time to read such written material or have such material read to him or her by the case worker before the visit commences, but in no event shall such time exceed five minutes; except that, such requirement to provide written material and reasonable time to read such material shall not apply in cases where the child faces an immediate threat or danger, or the person responding to or investigating the report is or feels threatened or in danger of physical harm. If the abuse is alleged to have occurred in a school or child care facility the division shall not meet with the child in any school building or child-care facility building where abuse of such child is alleged to have occurred. When the child is reported absent from the residence, the location and the well-being of the child shall be verified. For purposes of this subsection, "child care facility" shall have the same meaning as such term is defined in section 210.201.

[7.] 9. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The superintendent of each school district shall designate a specific person or persons to act as the public school district liaison. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation. Upon notification of an investigation, all information received by the public school district liaison or the school shall be

subject to the provisions of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., Section 1232g, and federal rule 34 C.F.R., Part 99.

[8.] 10. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

[9.] 11. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

[10.] 12. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

[11.] 13. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

[12.] 14. For all family support team meetings involving an alleged victim of child abuse or neglect, the parents, legal counsel for the parents, the legal guardian or custodian of the child, the guardian ad litem for the child, and the volunteer advocate for the child shall be provided notice and be permitted to attend all such meetings. Family members, other than alleged perpetrators, or other community informal or formal service providers that provide significant support to the child and other individuals may also be invited at the discretion of the parents of the child. In addition, the parents, the legal counsel for the parents, the legal guardian or custodian and the foster parents may request that other individuals, other than alleged perpetrators, be permitted to attend such team meetings. Once a person is provided notice of or attends such team meetings, the division or the convenor of the meeting shall provide such persons with notice of all such subsequent meetings involving the child. Families may determine whether individuals invited at their discretion shall continue to be invited.

[13.] 15. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

[14.] 16. If the appropriate local division personnel determines to use a family assessment and services approach, the division shall:

1. Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;

2. Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;

(3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;

(4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

[15.] 17. (1) Within forty-five days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within forty-five days, unless good cause for the failure to complete the investigation is specifically documented in the information system. Good cause for failure to complete an investigation shall include, but not be limited to:

(a) The necessity to obtain relevant reports of medical providers, medical examiners, psychological testing, law enforcement agencies, forensic testing, and analysis of relevant evidence by third parties which has not been completed and provided to the division;
(b) The attorney general or the prosecuting or circuit attorney of the city or county in which a criminal investigation is pending certifies in writing to the division that there is a pending criminal investigation of the incident under investigation by the division and the issuing of a decision by the division will adversely impact the progress of the investigation; or
(c) The child victim, the subject of the investigation or another witness with information relevant to the investigation is unable or temporarily unwilling to provide complete information within the specified time frames due to illness, injury, unavailability, mental capacity, age, developmental disability, or other cause.

The division shall document any such reasons for failure to complete the investigation.

(2) If a child fatality or near-fatality is involved in a report of abuse or neglect, the investigation shall remain open until the division's investigation surrounding such death or near-fatal injury is completed.

(3) If the investigation is not completed within forty-five days, the information system shall be updated at regular intervals and upon the completion of the investigation, which shall be completed no later than ninety days after receipt of a report of abuse or neglect, or one hundred twenty days after receipt of a report of abuse or neglect involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

[16.] 18. A person required to report under section 210.115 to the division and any person making a report of child abuse or neglect made to the division which is not made anonymously shall be informed by the division of his or her right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. Such person may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the reporter within five days of the
outcome of the investigation. If the report is determined to be unsubstantiated, the reporter may request that the report be referred by the division to the office of child advocate for children's protection and services established in sections 37.700 to 37.730. Upon request by a reporter under this subsection, the division shall refer an unsubstantiated report of child abuse or neglect to the office of child advocate for children's protection and services.

[17.] 19. The division shall provide to any individual who is not satisfied with the results of an investigation information about the office of child advocate and the services it may provide under sections 37.700 to 37.730.

[18.] 20. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However:

(1) Nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made; and

(2) The court may on its own motion, or shall if requested by a party to the proceeding, make an inquiry not on the record with the children's division to determine if such a report has been made.

If a report has been made, the court may stay the custody proceeding until the children's division completes its investigation.

21. Nothing in this chapter shall be construed to prohibit the children's division from coinvestigating a report of child abuse or neglect or sharing records and information with child welfare, law enforcement, or judicial officers of another state, territory, or nation if the children's division determines it is appropriate to do so under the standard set forth in subsection 4 of section 210.150 and if such receiving agency is exercising its authority under the law.

[19.] 22. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services under paragraph (d) of subdivision (1) of subsection 1 of section 211.031 and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

[20.] 23. The children's division is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021 and chapter 536 to carry out the provisions of sections 210.109 to 210.183.

[21.] 24. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

210.152. Reports of abuse or neglect — division to retain or remove certain information — confidential, released only to authorized persons — report removal, when — notice of agency's determination to retain or remove, sent when — case reopened, when — administrative review of determination — de novo judicial review. — 1. All [identifying] information, including telephone reports reported pursuant to section 210.145, relating to reports of abuse or neglect received by the division shall be retained by the division and released only to authorized persons:

(1) For investigation reports contained in the central registry, [identifying] the report and all information shall be retained by the division;
(2) (a) For investigation reports initiated against a person required to report pursuant to section 210.115, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment, or in retaliation for the filing of a report by a person required to report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(b) For investigation reports, where insufficient evidence of abuse or neglect is found by the division and where the division determines the allegation of abuse or neglect was made maliciously, for purposes of harassment, or in retaliation for the filing of a report, identifying information shall be expunged by the division within forty-five days from the conclusion of the investigation;

(c) For investigation reports initiated by a person required to report under section 210.115, where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for five years from the conclusion of the investigation. For all other investigation reports where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for two years from the conclusion of the investigation. Such reports shall include any exculpatory evidence known by the division, including exculpatory evidence obtained after the closing of the case. At the end of such time period, the identifying information shall be removed from the records of the division and destroyed;

(d) For investigation reports where the identification of the specific perpetrator or perpetrators cannot be substantiated and the division has specific evidence to determine that a child was abused or neglected, the division shall retain the report and all identifying information but shall not place an unknown perpetrator on the central registry. The division shall retain all identifying information for the purpose of utilizing such information in subsequent investigations or family assessments of the same child, the child's family, or members of the child's household. The division shall retain and disclose information and findings in the same manner as the division retains and discloses family assessments. If the division made a finding of abuse or neglect against an unknown perpetrator prior to August 28, 2017, the division shall remove the unknown perpetrator from the central registry but shall retain and utilize all identifying information as otherwise provided in this section;

(3) For reports where the division uses the family assessment and services approach, identifying information shall be retained by the division;

(4) For reports in which the division is unable to locate the child alleged to have been abused or neglected, identifying information shall be retained for ten years from the date of the report and then shall be removed from the records of the division.

2. Within ninety days, or within one hundred twenty days in cases involving sexual abuse, or until the division's investigation is complete in cases involving a child fatality or near-fatality, after receipt of a report of abuse or neglect that is investigated, the alleged perpetrator named in the report and the parents of the child named in the report, if the alleged perpetrator is not a parent, shall be notified in writing of any determination made by the division based on the investigation. The notice shall advise either:

(1) That the division has determined by a probable cause finding prior to August 28, 2004, or by a preponderance of the evidence after August 28, 2004, that abuse or neglect exists and that the division shall retain all identifying information regarding the abuse or neglect; that such information shall remain confidential and will not be released except to law enforcement agencies, prosecuting or circuit attorneys, or as provided in section 210.150; that the alleged perpetrator has sixty days from the date of receipt of the notice to seek reversal of the division's determination through a review by the child abuse and neglect review board as provided in subsection 4 of this section;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

Matter in bold-face type is proposed language.
(2) That the division has not made a probable cause finding or determined by a preponderance of the evidence that abuse or neglect exists; or
(3) The division has been unable to determine the identity of the perpetrator of the abuse or neglect. The notice shall also inform the child's parents and legal guardian that the division shall retain, utilize, and disclose all information and findings as provided in family assessment and services cases.

3. The children's division may reopen a case for review if new, specific, and credible evidence is obtained.

4. Any person named in an investigation as a perpetrator who is aggrieved by a determination of abuse or neglect by the division as provided in this section may seek an administrative review by the child abuse and neglect review board pursuant to the provisions of section 210.153. Such request for review shall be made within sixty days of notification of the division's decision under this section. In those cases where criminal charges arising out of facts of the investigation are pending, the request for review shall be made within sixty days from the court's final disposition or dismissal of the charges.

5. In any such action for administrative review, the child abuse and neglect review board shall sustain the division's determination if such determination was supported by evidence of probable cause prior to August 28, 2004, or is supported by a preponderance of the evidence after August 28, 2004, and is not against the weight of such evidence. The child abuse and neglect review board hearing shall be closed to all persons except the parties, their attorneys and those persons providing testimony on behalf of the parties.

6. If the alleged perpetrator is aggrieved by the decision of the child abuse and neglect review board, the alleged perpetrator may seek de novo judicial review in the circuit court in the county in which the alleged perpetrator resides and in circuits with split venue, in the venue in which the alleged perpetrator resides, or in Cole County. If the alleged perpetrator is not a resident of the state, proper venue shall be in Cole County. The case may be assigned to the family court division where such a division has been established. The request for a judicial review shall be made within sixty days from the court's final disposition or dismissal of the charges. In reviewing such decisions, the circuit court shall provide the alleged perpetrator the opportunity to appear and present testimony. The alleged perpetrator may subpoena any witnesses except the alleged victim or the reporter. However, the circuit court shall have the discretion to allow the parties to submit the case upon a stipulated record.

7. In any such action for administrative review, the child abuse and neglect review board shall notify the child or the parent, guardian or legal representative of the child that a review has been requested.

210.487. BACKGROUND CHECKS FOR FOSTER FAMILIES, REQUIREMENTS — COSTS, PAID BY WHOM — RULEMAKING AUTHORITY. — 1. When conducting investigations of persons for the purpose of foster parent licensing, the division shall:

(1) Conduct a search for all persons over the age of seventeen in the applicant's household and for any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime for evidence of full orders of protection. The office of state courts administrator shall allow access to the automated court information system by the division. The clerk of each court contacted by the division shall provide the division information within ten days of a request; [and]

(2) Obtain three sets of fingerprints for any person over the age of seventeen in the applicant's household and for any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime in the

[One set of fingerprints shall be used by the highway patrol to search the criminal history repository, one set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files, and one set shall be forwarded to and retained by the division.] The highway patrol shall assist the division and provide the criminal fingerprint background information, upon request, in accordance with the provisions of section 43.540; and

(3) Determine whether any person over the age of seventeen residing in the home and any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime is listed on the child abuse and neglect registry. For any children less than seventeen years of age residing in the applicant's home, the children's division shall inquire of the applicant whether any children less than seventeen years of age residing in the home have ever been certified as an adult and been convicted of or pled guilty or nolo contendere to any crime.

2. After the initial investigation is completed under subsection 1 of this section:

(1) No person who submits fingerprints under subsection 1 of this section or section 210.482 shall be required to submit additional fingerprints under this section or section 210.482 unless the original fingerprints retained by the division are lost or destroyed; [and]

(2) The highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted as part of the licensing or approval process under subsection 1 of this section. Ongoing electronic updates for such persons and for those in their households shall terminate when such persons cease to be applicant or licensed foster parents; and

(3) The children's division and the department of health and senior services may waive the requirement for a fingerprint background check for any subsequent recertification.

3. Subject to appropriation, the total cost of fingerprinting required by this section may be paid by the state, including reimbursement of persons incurring fingerprinting costs under this section.

4. The division may make arrangements with other executive branch agencies to obtain any investigative background information.

5. The division may promulgate rules that are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

The request for the release of such information shall be made to the division director or the director's designee, in writing, by the parent or legal guardian of the child and shall be accompanied with a signed and notarized release form from the person who does or may provide care or services to the child. The notarized release form shall

include the full name, date of birth and Social Security number of the person who does or may provide care or services to a child. The response shall include only information pertaining to the nature and disposition of any denial, suspension, or revocation of a license to operate a foster home. This response shall not include any identifying information regarding any person other than the person to whom a foster home license was denied, suspended, or revoked. The response shall not include financial, medical, or other personal information relating to the foster home provider or the foster home provider’s family unless the division determines that the information is directly relevant to the disposition of the investigation and report. The response shall be given within ten working days of the time it was received by the division.

2. The division may disclose or utilize information and records relating to foster homes in its discretion and as needed for the administration of the foster care program including, but not limited to, the licensure of foster homes and for the protection, care, and safety of children who are or who may be placed in foster care.

211.447. JUVENILE OFFICER PRELIMINARY INQUIRY, WHEN — PETITION TO TERMINATE PARENTAL RIGHTS FILED, WHEN — JUVENILE COURT MAY TERMINATE PARENTAL RIGHTS, WHEN — INVESTIGATION TO BE MADE — GROUNDS FOR TERMINATION.— 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it appears that the information could justify the filing of a petition, the juvenile officer may take further action, including filing a petition. If it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or
  (c) The parent has voluntarily relinquished a child under section 210.950; or
(3) A court of competent jurisdiction has determined that the parent has:
  (a) Committed murder of another child of the parent; or
  (b) Committed voluntary manslaughter of another child of the parent; or
  (c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter; or
  (d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent; or
4. **The parent has been found guilty of or pled guilty to a felony violation of chapters 566 or 573 when the child or any child in the family was a victim, or a violation of sections 568.020 or 568.065 when the child or any child in the family was a victim.** As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:
   (1) The child is being cared for by a relative; or
   (2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or
   (3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:
   (1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:
      (a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or
      (b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;
   (2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.
(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development.

Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape or rape in the first degree. When the biological father has pled guilty to, or is convicted of, the forcible rape or rape in the first degree of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) (a) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse including, but not limited to, specific conditions directly relating to the parent and child relationship which are determined by the court to be of a

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

duration or nature that renders the parent unable for the reasonably foreseeable future to care appropriately for the ongoing physical, mental, or emotional needs of the child.

(b) It is presumed that a parent is unfit to be a party to the parent and child relationship upon showing that:

a. Within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivision (1), (2), or (3) of this subsection or similar laws of other states;

b. If the parent is the birth mother and within eight hours after the child's birth, the child's birth mother tested positive and over .08 blood alcohol content pursuant to testing under section 577.020 for alcohol, or tested positive for cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case;

c. If the parent is the birth mother and at the time of the child's birth or within eight hours after a child's birth the child tested positive for alcohol, cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case;

d. Within a three-year period immediately prior to the termination adjudication, the parent has pled guilty to or has been convicted of a felony involving the possession, distribution, or manufacture of cocaine, heroin, or methamphetamine, and the parent is the biological parent of at least one other child who was adjudicated an abused or neglected minor by such parent or such parent has previously failed to complete recommended treatment services by the children's division through a family-centered services case.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), or (3) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;

(2) The extent to which the parent has maintained regular visitation or other contact with the child;

(3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;

(4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;

(5) The parent's disinterest in or lack of commitment to the child;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;

(7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.

10. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care, for the removal of custody of a child from the parent, or for the termination of parental rights without a specific showing that there is a causal relation between the disability or disease and harm to the child.

431.056. Minor's ability to contract for certain purposes — conditions. — 1. A minor shall be qualified and competent to contract for housing, employment, purchase of an automobile, receipt of a student loan, admission to high school or postsecondary school, obtaining medical care, establishing a bank account, admission to a shelter for victims of domestic violence, as defined in section 455.200 to 455.220, a rape crisis center, as defined in section 455.003, or a homeless shelter, and receipt of services as a victim of domestic violence or sexual assault, as such terms are defined in section 455.010, including but not limited to counseling, court advocacy, financial assistance, and other advocacy services, if:

(4) The minor's parent or legal guardian has consented to the minor living independent of the parents' or guardians' control. Consent may be expressed or implied, such that:

(a) Expressed consent is any verbal or written statement made by the parents or guardian of the minor displaying approval or agreement that the minor may live independently of the parent's or guardian's control;

(b) Implied consent is any action made by the parent or guardian of the minor that indicates the parent or guardian is unwilling or unable to adequately care for the minor. Such actions may include, but are not limited to:

a. Barring the minor from the home or otherwise indicating that the minor is not welcome to stay;

b. Refusing to provide any or all financial support for the minor; or

c. Abusing or neglecting the minor, as defined in section 210.110 or committing an act or acts of domestic violence against the minor, as defined in section 455.010.

2. A minor who is sixteen years of age or older and who is in the legal custody of the children's division pursuant to an order of a court of competent jurisdiction shall be qualified and competent to contract for the purchase of automobile insurance with the consent of the children's division or the juvenile court. The minor shall be responsible for paying all banking related costs associated with the checking or savings account and shall be liable for any and all penalties should he or she violate a banking agreement. No state department, foster parent, or entity providing case management of children on behalf of a department shall be responsible for paying any bank fees nor liable for any and all penalties related to violation of a banking agreement.

In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same. In a case involving a child under fourteen years of age, the guardian ad litem shall ascertain the child's wishes and feelings about his or her adoption by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered by the court as a factor in determining if the adoption is in the child's best interests.

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:
(1) The mother of the child; [and]
(2) [Only the] Any man who:
   (a) Is presumed to be the father pursuant to [the] subdivision (1), (2), or (3) of subsection 1 of section 210.822; or

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after the birth of the child or before or after the commencement of the adoption proceedings, and shall be executed in front of a judge or acknowledged before a notary public. If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting birth parent of the consequences of the consent. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding other than the attorney representing the party signing the consent. The notary public or witnesses shall verify the identity of the party signing the consent. Notwithstanding any other provision of law to the contrary, a properly executed written consent under this subsection shall be considered irrevocable.

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth [parent] mother shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or acknowledged before a notary public. If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting party of the consequences of the consent. In lieu of [such] acknowledgment before a notary public, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding other than the attorney representing the party signing the consent. The notary public or witnesses shall verify the identity of the party signing the consent.

6. A consent is final when executed, unless the consenting party, prior to a final decree of adoption, alleges and proves by clear and convincing evidence that the consent was not freely and voluntarily given. The burden of proving the consent was not freely and voluntarily given shall rest with the consenting party. Consents in all cases shall have been executed not more than six months prior to the date the petition for adoption is filed.

7. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter...
536. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 8 of this section, such written consent shall be deemed valid.

8. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

9. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

10. Where the person sought to be adopted is eighteen years of age or older, his or her written consent alone to his or her adoption shall be sufficient.

11. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

12. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 11 of this section to be paid by the prospective adoptive parents or the child-placing agency.

3. If the court determines the adoption should be finalized, a decree shall be issued setting forth the facts and ordering that from the date of the decree the adoptee shall be for all legal intents and purposes the child of the petitioner or petitioners. The court may decree that the name of the person sought to be adopted be changed, according to the prayer of the petition.

4. Before the completion of an adoption, the exchange of information among the parties shall be at the discretion of the parties. Prospective adoptive parents and birth parents may enter into a written post adoption contact agreement to allow contact, communication, and the exchange of photographs after the adoption between the adoptive parents and the birth parents. The court shall not order any party to enter into a post adoption contact agreement. The agreement shall be filed with and approved by the court at or before the finalization of the adoption. The court shall approve an agreement only if the agreement is in the best interests of the child. The court may enforce or modify an agreement made under this subsection unless such enforcement or modification is not in the best interests of the child. The agreement shall include:

   (1) An acknowledgment by the birth parents that the adoption is irrevocable, even if the adoptive parents do not abide by the post adoption contact agreement;

   (2) An acknowledgment by the adoptive parents that the agreement grants the birth parents the right to seek to enforce the provisions of the post adoption contact agreement. 4. An adopted adult, or the adopted adult's lineal descendants if the adopted adult is deceased, may make a written request to the circuit court having original jurisdiction of such adoption to secure and disclose information identifying the adopted adult's biological parents. If the biological parents have consented to the release of identifying information under subsection 8 of this section, the court shall disclose such identifying information to the adopted adult or the adopted adult's lineal descendants if the adopted adult is deceased. If the biological parents have not consented to the release of identifying information under subsection 8 of this section, the court shall, within ten days of receipt of the request, notify in writing the child-placing agency or juvenile court personnel having access to the information requested of the request by the adopted adult or the adopted adult's lineal descendants.

5. Within three months after receiving notice of the request of the adopted adult, or the adopted adult's lineal descendants, the child-placing agency or the juvenile court personnel shall make reasonable efforts to notify the biological parents of the request of the adopted adult or the adopted adult's lineal descendants. The child-placing agency or juvenile court personnel may charge actual costs to the adopted adult or the adopted adult's lineal descendants for the cost of making such search. All communications under this subsection are confidential. For purposes of this subsection, "notify" means a personal and confidential contact with the biological parent of the adopted adult, which initial contact shall be made by an employee of the child-placing agency which processed the adoption, juvenile court personnel or some other licensed child-placing agency designated by the child-placing agency or juvenile court. Nothing in this section shall be construed to permit the disclosure of communications privileged pursuant to section 491.060. At the end of three months, the child-placing agency or juvenile court personnel shall file a report with the court stating that each biological parent that was located was given the following information:
   (1) The nature of the identifying information to which the agency has access;
   (2) The nature of any nonidentifying information requested.

Additional requests for the same or substantially the same information may not be made to the court within one year from the end of the three-month period during which the attempted notification was made, unless good cause is shown and leave of court is granted.

7. If, within three months, the child-placing agency or juvenile court personnel reports to the court that it has notified the biological parent pursuant to subsection 5 of this section, the court shall receive the identifying information from the child-placing agency. If an affidavit duly executed by a biological parent authorizing the release of information is filed with the court or if a biological parent is found to be deceased, the court shall disclose the identifying information as to that biological parent to the adopted adult or the adopted adult's lineal descendants if the adopted adult is deceased, provided that the other biological parent either:

   (2) Is known but cannot be found and notified pursuant to [section 5 of this act] subsection 5 of this section;
   (3) Is deceased; or
   (4) Has filed with the court an affidavit authorizing release of identifying information.

If the biological parent fails or refuses to file an affidavit with the court authorizing the release of identifying information, then the identifying information shall not be released to the adopted adult. No additional request for the same or substantially the same information may be made within three years of the time the biological parent fails or refuses to file an affidavit authorizing the release of identifying information.

8. Any adopted adult whose adoption was finalized in this state or whose biological parents had their parental rights terminated in this state may request the court to secure and disclose identifying information concerning an adult sibling. Identifying information pertaining exclusively to the adult sibling, whether part of the permanent record of a file in the court or in an agency, shall be released only upon consent of that adult sibling.

9. The central office of the children's division within the department of social services shall maintain a registry by which biological parents, adult siblings, and adoptive adults may indicate their desire to be contacted by each other. The division may request such identification for the registry as a party may possess to assure positive identifications. At the time of registry, a biological parent or adult sibling may consent in writing to the release of identifying information concerning an adopted adult. If such a consent has not been executed and the division believes that a match has occurred on the registry between biological parents or adult siblings and an adopted adult, an employee of the division shall make the confidential contact provided in subsection 5 of this section with the biological parents or adult siblings and with the adopted adult. If the division believes that a match has occurred on the registry between one biological parent or adult sibling and an adopted adult, an employee of the division shall make the confidential contact provided by subsection 5 of this section with the biological parent or adult sibling. The division shall then attempt to make such confidential contact with the other biological parent, and shall proceed...
thereafter to make such confidential contact with the adopted adult only if the division determines that the other biological parent meets one of the conditions specified in subsection 7 of this section. The biological parent, adult sibling, or adopted adult may refuse to go forward with any further contact between the parties when contacted by the division.

10. The provisions of this section, except as provided in subsection 5 of this section governing the release of identifying and nonidentifying adoptive information apply to adoptions completed before and after August 13, 1986.

11. All papers, records, and information known to or in the possession of an adoptive parent or adoptive child that pertain to an adoption, regardless of whether part of any permanent record or file, may be disclosed by the adoptive parent or adoptive child. The provisions of this subsection shall not be construed to create a right to have access to information not otherwise allowed under this section.

475.600. CITATION OF LAW. — Sections 475.600, 475.602, and 475.604 shall be known and may be cited as the "Supporting and Strengthening Families Act".

475.602. DELEGATION TO ATTORNEY-IN-FACT, POWERS — REVOCATION OR WITHDRAWAL — REQUIREMENTS OF DELEGATION. — 1. A parent or legal custodian of a child may, by a properly executed power of attorney as provided under section 475.604, delegate to an attorney-in-fact for a period not to exceed one year, except as provided under subsection 7 of this section, any of the powers regarding the care and custody of the child, except the power to consent to marriage or adoption of the child, the performance or inducement of an abortion on or for the child, or the termination of parental rights to the child. A delegation of powers under this section shall not be construed to change or modify any parental or legal rights, obligations, or authority established by an existing court order or deprive the parent or legal custodian of any parental or legal rights, obligations, or authority regarding the custody, visitation, or support of the child.

2. The parent or legal custodian of the child shall have the authority to revoke or withdraw the power of attorney authorized in subsection 1 of this section at any time. Except as provided in subsection 7 of this section, if the delegation of authority lasts longer than one year, the parent or legal custodian of the child shall execute a new power of attorney for each additional year that the delegation exists. If a parent withdraws or revokes the power of attorney, the child shall be returned to the custody of the parents as soon as reasonably possible.

3. Unless the authority is revoked or withdrawn by the parent or legal custodian, the attorney-in-fact shall exercise parental or legal authority on a continuous basis without compensation for the duration of the power of attorney authorized by subsection 1 of this section and shall not be subject to any statutes dealing with the licensing or regulation of foster care homes.

4. Except as otherwise provided by law, if a parent or legal custodian uses a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney, then the execution of a power of attorney by such parent or legal custodian as authorized in subsection 1 of this section shall not constitute abandonment as provided in sections 568.030 and 568.032, or abuse or neglect as provided in sections 210.110 and 568.060, unless the parent or legal guardian fails to take custody of the child or execute a new power of attorney after the one-year time limit has elapsed. It shall be a violation of section 453.110 for any parent or legal custodian to execute a power of attorney with the
intention of permanently avoiding or divesting himself or herself of parental or legal responsibility for the care of the child.

5. Under a delegation of powers as authorized by subsection 1 of this section, the child or children subject to the power of attorney shall not be considered placed in foster care as otherwise defined in law and the parties shall not be subject to any of the requirements or licensing regulations for foster care or other regulations relating to community care for children.

6. If a parent or legal custodian uses a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney, then the community service program shall ensure that a background check is completed for the attorney-in-fact and any adult members of his or her household prior to the placement of the child. A community service program shall not place a child or children with an attorney-in-fact when he or she or any adult member of his or her household is found to be on the sex offender registry as established pursuant to sections 589.400 to 589.425, or the child abuse and neglect registry, as established pursuant to section 210.109, or has pled guilty or nolo contendere to or is found guilty of a felony offense under federal or state law. If a community service program has reasonable cause to suspect that a parent or legal custodian is executing a power of attorney under this section with the intention of permanently avoiding or divesting himself or herself of parental or legal responsibility for the care of the child, the community service program shall notify the Missouri children's division within the department of social services, and the division shall conduct an investigation of the parent or legal guardian to determine if there is a violation of section 453.110. A background check performed under this section shall include:

   (1) A national and state fingerprint-based criminal history check;
   (2) A sex offender registry, as established pursuant to sections 589.400 to 589.425, check; and
   (3) A child abuse and neglect registry, as established pursuant to section 210.109, check.

A parent or legal custodian who is a member of the Armed Forces of the United States including any reserve component thereof, the commissioned corps of the National Oceanic and Atmospheric Administration, the Public Health Service of the United States Department of Health and Human Services detailed by proper authority for duty with the Armed Forces of the United States, or who is required to enter or serve in the active military service of the United States under a call or order of the President of the United States or to serve on state active duty may delegate the powers designated in subsection 1 of this section for a period longer than one year if on active duty service. The term of delegation shall not exceed the term of active duty service plus thirty days.

8. Nothing in this section shall conflict or set aside the preexisting residency requirements under section 167.020. An attorney-in-fact to whom powers are delegated under a power of attorney authorized by this section shall make arrangements to ensure that the child attends classes at an appropriate school. If enrollment is at a public school, attendance shall be based upon residency or waiver of such residency requirements by the school.

9. If enrolled at any school, as soon as reasonably possible upon execution of a power of attorney for the temporary care of a child as authorized under this section, the child's school shall be notified of the existence of the power of attorney and be provided a copy of the power of attorney as well as the contact information for the attorney-in-fact. While the power of attorney is in force, the school shall communicate with both the attorney-in-fact and any parent or legal custodian with parental or legal rights, obligations, or authority regarding the custody, visitation, or support of the child. The school shall also be notified of the expiration, termination, or revocation of the power of attorney as soon as reasonably
possible following such expiration, termination, or revocation and shall no longer communicate with the attorney-in-fact regarding the child upon the receipt of such notice.

10. No delegation of powers under this section shall operate to modify a child's eligibility for benefits the child is receiving at the time of the execution of the power of attorney including, but not limited to, eligibility for free or reduced lunch, health care costs, or other social services, except as may be inconsistent with federal or state law governing the relevant program or benefit.

191.227. MEDICAL RECORDS TO BE RELEASED TO PATIENT, WHEN, EXCEPTION — FEE PERMITTED, AMOUNT — LIABILITY OF PROVIDER LIMITED — ANNUAL HANDLING FEE ADJUSTMENT — DISCLOSURE OF DECEASED PATIENT RECORDS, WHEN. — 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 5 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

a. Requests health records to be delivered electronically in a format of the health care provider's choice;

b. The health care provider stores such records completely in an electronic health record; and

c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(2) Postage, to include packaging and delivery cost;
(3) Notary fee, not to exceed two dollars, if requested.

3. For purposes of subsections 1 and 2 of this section, "a copy of his or her record of that patient's health history and treatment rendered" or "the patient's health care records" include a statement or record that no such health history or treatment record responsive to the request exists.

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

[4.] 5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

[5.] 6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. For purposes of this subsection, the annual average inflation rate shall be based on a twelve-month calendar year beginning in January and ending in December of each preceding calendar year. The department of health and senior services shall report the annual adjustment and the adjusted fees authorized in this section on the department's internet website by February first of each year.

[6.] 7. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records may be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records may be released to one of the following persons:

Dispensing of the maintenance medication based on refills authorized by the physician or prescriber on the prescription shall be limited to no more than a ninety-day supply of the medication, and the maintenance medication shall have been previously prescribed to the patient for at least a three-month period. 5. Any member state may take adverse action against an individual's privilege to practice in that state based on the factual findings of another member state, so long as each state follows its own procedures for imposing such adverse action.

6. A home state's EMS authority shall coordinate investigative activities, share information via the coordinated database, and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.

7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states shall require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

190.921. ADDITIONAL POWERS INVESTED IN A MEMBER STATE'S EMS AUTHORITY. — A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:

(1) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the remote state by any court of competent jurisdiction according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state's EMS authority shall pay any
witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located; and

(2) Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

(1) The commission is a body politic and an instrumentality of the compact states.

(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state shall determine which entity shall be responsible for assigning the delegate.

(1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(2) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(3) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 190.930.

(4) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(c) Current, threatened, or reasonably anticipated litigation;

(d) Negotiation of contracts for the purchase or sale of goods, services, or real estate;

(e) Accusing any person of a crime or formally censuring any person;

(f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) Disclosure of information of a personal nature if disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) Disclosure of investigatory records compiled for law enforcement purposes;
(i) Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

(j) Matters specifically exempted from disclosure by federal or member state statute.

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact including, but not limited to:

The commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;

4. Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;

5. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

6. Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;

7. Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;

8. Publishing its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states; provided, that Missouri shall not be assessed more than ten thousand dollars annually calculated and the assessment amount shall not include an annual increase equivalent to the annual average of the Consumer Price Index for All Urban Consumers for the United States as reported by the Bureau of Labor Statistics, or its successor index. Missouri shall not authorize an annual assessment above this level.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the person's intentional, willful, or wanton misconduct.

190.927. COORDINATED DATABASE. — 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

190.930. RULEMAKING. — 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule or rules shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state’s EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.  

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.  

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received. 

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.  

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.  

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:  

(1) Meet an imminent threat to public health, safety, or welfare;  
(2) Prevent a loss of commission or member state funds;  
(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or  
(4) Protect public health and safety.  

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.  

190.933. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. — 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.  

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

   (1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

   (2) Provide remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
190.936. **Date of Implementation of the Interstate Commission for EMS Personnel Practice and Associated Rules, and Amendment.**—1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.
   (1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.
   (2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

190.939. **Construction and Severability.**—1. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.

2. The state advisory council on emergency medical services established under section 190.101 shall review decisions of the interstate commission for emergency medical services personnel practice established under this compact and, upon approval by the commission of any action that will have the result of increasing the cost to the state of membership in the compact, the council may recommend to the general assembly that the state withdraw from the compact.

71.012. ANNEXATION PROCEDURE, HEARING, EXCEPTIONS (PERRY COUNTY, RANDOLPH COUNTY) — CONTIGUOUS AND COMPACT DEFINED — COMMON INTEREST COMMUNITY, COOPERATIVE AND PLANNED COMMUNITY, DEFINED — OBJECTION, PROCEDURE. — 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term "contiguous and compact" does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term "contiguous and compact" shall include a situation whereby the unincorporated area proposed to be annexed would be contiguous and compact to the existing corporate limits of the city, town, or village but for an intervening state highway or interstate highway as defined in section 304.001, or railroad right-of-way, regardless of whether any other city, town, or village has annexed such state or interstate highway or railroad right-of-way or otherwise has an easement in such state or interstate highway or railroad right-of-way. The term contiguous and compact does not prohibit voluntary annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and the Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of at least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
2. (1) When a notarized petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed is presented to the governing body of the city, town or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision, the term "common-interest community" shall mean a condominium as said term is used in chapter 448, or a common-interest community, a cooperative, or a planned community.

(a) A "common-interest community" shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold interest of less than twenty years in a unit, including renewal options;

(b) A "cooperative" shall be defined as a common-interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;

(c) A "planned community" shall be defined as a common-interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation. If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable and necessary to the proper development of the city, town or village, and the city, town or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village not later than fourteen days after the public hearing by at least five percent of the qualified voters of the city, town or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed with the county assessor and the clerk of the county wherein the city, town or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed, whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial notice of the limits of that city, town or village as so extended.

4. That a petition requesting annexation is not or was not verified or notarized shall not affect the validity of an annexation heretofore or hereafter undertaken in accordance with this section.

5. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge
such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of adoption of the annexation ordinance.

71.015. OBJECTIONS TO ANNEXATION, SATISFACTION OF OBJECTIONS PRIOR TO ANNEXATION, PROCEDURE — CERTAIN CITIES, ELECTIONS FOR ANNEXATION, PROCEDURE — CAUSE OF ACTION FOR DEANNEXATION AUTHORIZED. — 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

(1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that:

(a) The land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation; or

(b) The land to be annexed would be contiguous and compact to the existing city, town, or village limits but for an intervening state highway or interstate highway as defined in section 304.001, or railroad right-of-way, and the shared border of the land to be annexed and existing city, town, or village composes at least fifteen percent of the total perimeter of the land to be annexed. For purposes of calculating the length of such border under this paragraph, the border between the land to be annexed and the existing city, town, or village shall be deemed to be:

   a. If an intervening state highway or interstate highway, the centerline; or

   b. If a railroad right-of-way, the midpoint between the outermost rails if there are rails or the best estimate of the middle of the right-of-way if there are no rails.

(2) The governing body of any city, town, or village shall propose an ordinance setting forth the following:

(a) The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;

(c) That the city has developed a plan of intent to provide services to the area proposed for annexation;

(d) That a public hearing shall be held prior to the adoption of the ordinance;

(e) When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

(3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.

(4) At the hearing referred to in subdivision (3), the city, town, or village shall present the plan of intent and evidence in support thereof to include:

   (a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, and refuse collection;

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
(b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;

e) The level at which the city, town, or village assesses property and the rate at which it taxes that property;

d) How the city, town, or village proposes to zone the area to be annexed;

e) When the proposed annexation shall become effective.

(b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;

e) The level at which the city, town, or village assesses property and the rate at which it taxes that property;

d) How the city, town, or village proposes to zone the area to be annexed;

e) When the proposed annexation shall become effective.

(5) Following the hearing, and either before or after the election held in subdivision (6) of this subsection, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, the governing body of the city, town or village shall file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:

(a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village; and

e) The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective. Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, would be required to file another action. The matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:

(1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and

(2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required.

If the proposal fails to receive the necessary separate majorities, no part of the area sought to be annexed may be the subject of any other proposal to annex for a period of two years from the date of such election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012 or 71.014. The election shall, if authorized, be held, except as otherwise provided in this section, in accordance with the general state laws governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory. Failure of the city, town or village to comply in providing services to the area or to zone in compliance with the plan of intent within
three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court not later than four years after the effective date of the annexation by any resident of the area who was residing in such area at the time the annexation became effective or by any nonresident owner of real property in such area.

4. Except for a cause of action for deannexation under subdivision (2) of subsection 3 of this section, any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of the adoption of the annexation ordinance.

137.016. REAL PROPERTY, SUBCLASSES OF, DEFINED — POLITICAL SUBDIVISION MAY ADJUST OPERATING LEVY TO RECOUP REVENUE, WHEN — RECLASSIFICATION TO APPLY, WHEN — PLACEMENT OF CERTAIN PROPERTY WITHIN PROPER SUBCLASS, FACTORS CONSIDERED. — 1. As used in Section 4(b) of Article X of the Missouri Constitution, the following terms mean:

(1) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks, bed and breakfast inns in which the owner resides and uses as a primary residence with six or fewer rooms for rent, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, " transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include [land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration] any reliever airport. Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to Article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which
contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section. This subsection shall not apply to any reliever airport.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

   (1) Immediate prior use, if any, of such property;
   (2) Location of such property;
   (3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;
   (4) Other legal restrictions on the use of such property;
   (5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;
   (6) Size of such property;
   (7) Access of such property to public thoroughfares; and
   (8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution.

137.017. Agricultural and horticultural property, how assessed. — 1. For general property assessment purposes, the true value in money of land which is in use as agricultural and horticultural property, as defined in section 137.016, shall be that value which such land has for agricultural or horticultural use. The true value of buildings or other structures customarily associated with farming, agricultural, and horticultural uses, excluding residential dwellings and related land, shall be added to the use value of the agricultural and horticultural land to determine the value of the agricultural and horticultural property under sections 137.017 to 137.021.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.
2. After it has been established that the land is actually agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed accordingly, the land shall remain in this category as long as the owner of the land complies with the provisions of sections 137.017 to 137.021.

3. Continuance of valuation and assessment for general property taxation under the provisions of sections 137.017 to 137.021 shall depend upon continuance of the land being used as agricultural and horticultural property, as defined in section 137.016, and compliance with the other requirements of sections 137.017 to 137.021 and not upon continuance in the same owner of title to the land.

4. For general property assessment purposes, the true value in money of vacant and unused land which is classified as agricultural and horticultural property under subsection 3 of section 137.016 shall be its fair market value. This subsection shall not apply to any reliever airport.

5. For general property assessment purposes, the true value in money of a reliever airport shall be that value which such land has for agricultural or horticultural use.

226.770. AUTHORITY TO CONTRACT WITH PUBLIC AGENCIES FOR FUNDS. — The state highways and transportation commission is authorized to enter into any necessary agreements, not involving any state funds, with the Secretary of Commerce or other public agency necessary to obtaining of available funds for the purposes described in Title 23, Sections 136 and 319, of the United States Code, as revised in 1965.

226.780. EXPENDITURES LIMITED TO FEDERAL FUNDS, WHEN. — For the purposes set out in sections 226.750 to section 226.790, no state funds shall be expended and all expenditures under such sections shall be limited to funds granted to the state by the federal government for such purposes.

227.240. LOCATION AND REMOVAL OF PUBLIC UTILITY EQUIPMENT — LINES IN RIGHT-OF-WAY PERMITTED — PENALTY FOR VIOLATION. — 1. The location and removal of all telephone, cable television, and electric light and power transmission lines, poles, wires, and conduits and all pipelines and tramways, erected or constructed, or hereafter to be erected or constructed by any corporation, municipality, public water supply district, sewer district, association or persons, within the right-of-way of any state highway, insofar as the public travel and traffic is concerned, and insofar as the same may interfere with the construction or maintenance of any such highway, shall be under the control and supervision of the state highways and transportation commission.

2. A cable television corporation or company shall be permitted to place its lines within the right-of-way of any state highway, consistent with the rules and regulations of the state highways and transportation commission. The state highways and transportation commission shall establish a system for receiving and resolving complaints with respect to cable television lines placed in, or removed from, the right-of-way of a state highway.

3. The department of transportation utility corridor established for the placement of utility facilities on the right-of-way of highways in the state highway system shall be up to twelve feet in width when space is reasonably available, with the location of the utility corridor to be determined by the state highways and transportation commission. The commission shall promulgate rules setting forth a standardized statewide system for requesting and issuing variances to requirements set forth in this section.

4. The commission or some officer selected by the commission shall serve a written notice upon the entity, person or corporation owning or maintaining any such lines, poles, wires, conduits, pipelines, or tramways, which notice shall contain a plan or chart indicating the places on the right-
of-way at which such lines, poles, wires, conduits, pipelines or tramways may be maintained. The notice shall also state the time when the work of hard surfacing said roads is proposed to commence, and shall further state that a hearing shall be had upon the proposed plan of location and matters incidental thereto, giving the place and date of such hearing. Immediately after such hearing the said owner shall be given a notice of the findings and orders of the commission and shall be given a reasonable time thereafter to comply therewith; provided, however, that the effect of any change ordered by the commission shall not be to remove all or any part of such lines, poles, wires, conduits, pipelines or tramways from the right-of-way of the highway. The removal of the same shall be made at the cost and expense of the owners thereof unless otherwise provided by said commission, and in the event of the failure of such owners to remove the same at the time so determined they may be removed by the state highways and transportation commission, or under its direction, and the cost thereof collected from such owners, and such owners shall not be liable in any way to any person for the placing and maintaining of such lines, poles, wires, conduits, pipelines and tramways at the places prescribed by the commission.

[4.] 5. The commission is authorized in the name of the state of Missouri to institute and maintain, through the attorney general, such suits and actions as may be necessary to enforce the provisions of this section. Any corporation, association or the officers or agents of such corporations or associations, or any other person who shall erect or maintain any such lines, poles, wires, conduits, pipelines or tramways, within the right-of-way of such roads which are hard-surfaced, which are not in accordance with such orders of the commission, shall be deemed guilty of a misdemeanor.

227.601. **Concession Agreements, Projects Owned by Political Subdivision — Approval — Definitions — Requirements — Exemptions.** — 1. Notwithstanding any provision of sections 227.600 to 227.669 to the contrary, the process and approval for concession agreements to build, maintain, operate, or finance projects owned by a political subdivision shall be approved by the governing body of such political subdivision and shall not be subject to approval by the commission. Notwithstanding the provisions of subsection 5 of this section, the sale or conveyance of any project owned by a political subdivision shall be subject to voter approval if required by law.

301.130. LICENSE PLATES, REQUIRED SLOGAN AND INFORMATION — SPECIAL PLATES — PLATES, HOW DISPLAYED — TABS TO BE USED — RULEMAKING AUTHORITY, PROCEDURE. —

1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, autocycles, motorscooters, and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles, autocycles, and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be
displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the
ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle
pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such
vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be
prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided
by law as evidence of the annual payment of registration fees and the current registration of a
vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any
additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate
with the license plate or plates issued by the department of revenue for such vehicle. Such tabs
shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or
tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed
manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for
a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the
plate issued by the highways and transportation commission shall be a permanent nonexpiring license
plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle
permanently registered pursuant to this section from the obligation to pay the annual registration fee
due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and
transportation commission upon the sale or disposal of the vehicle by the owner to whom the
permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement
commercial motor vehicle when the owner files a supplemental application with the Missouri
highways and transportation commission for the registration of such replacement commercial motor
vehicle. Upon payment of the annual registration fee, the highways and transportation commission
shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such
evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon
the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such
vehicle shall be returned to the highways and transportation commission and shall not be valid for
operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner
files a supplemental application with the Missouri highways and transportation commission for
the registration of such replacement vehicle. If a vehicle which is permanently registered under
this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall
be given credit for any unused portion of the annual registration fee when the vehicle is replaced
by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe
rules and regulations for the effective administration of this section. No rule or portion of a rule
promulgated under the authority of this section shall become effective unless it has been
promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles
other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-
four thousand pounds gross weight may apply for special personalized license plates. Vehicles
licensed for twenty-four thousand pounds that display special personalized license plates shall be
subject to the provisions of subsections 1 and 2 of section 301.030. On and after August 28, 2016,
owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.

9. No later than January 1, 2019, the director of revenue shall commence the reissuance of new license plates of such design as approved by the advisory committee under section 301.125 consistent with the terms, conditions, and provisions of section 301.125 and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the
vehicle which will no longer be operated.
