ATTESTATION

STATE OF MISSOURI)
) ss.
City of Jefferson)

I, Matt Morris, Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the One Hundred Second General Assembly of the State of Missouri, convened in second regular session (2024) as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. Headnotes are used for the convenience of the reader and are not part of the laws they precede.

IN TESTIMONY WHEREOF, I have hereunto set my hand at my office in the City of Jefferson this twenty-third day of October A.D. two thousand twenty-four.

MATT MORRIS
REVISOR OF STATUTES

EFFECTIVE DATE OF LAWS

All laws having emergency clauses (and appropriation bills) become effective upon signature by the governor. Bills having a specific effective date contained in the text of the act become effective on that date. This date is shown immediately following the section. All other laws become effective in accordance with the provisions of the Constitution of Missouri.

Section 29, Article III of the Constitution provides:

“No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency, which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess.”

Pursuant to Section 20(a), Article III, Constitution of Missouri, as amended in 1988, the regular session of the general assembly ends on May 30th and laws passed at that session become effective August 28th of that year.

Section 21.250, which provides for the effective date of bills reconsidered after the governor’s veto, was amended by the General Assembly in 2003 to add the following language:

“Unless the bill provides otherwise, it shall become effective thirty days after approval by constitutional majorities in both houses of the general assembly.”.

The One Hundredth Second General Assembly, Second Regular Session, convened Wednesday, January 3, 2024, and adjourned Thursday, May 30, 2024. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2024.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

“All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments. No such proposed amendment shall contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith. If possible, each proposed amendment shall be published once a week for two consecutive weeks in two newspapers of different political faith in each county, the last publication to be not more than thirty nor less than fifteen days next preceding the election. If there be but one newspaper in any county, publication for four consecutive weeks shall be made. If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.”

The One Hundredth Second General Assembly, Second Regular Session (2024), passed two Joint Resolutions. Resolutions are to be published as provided in Section 116.340, RSMo 2016, which reads:

“116.340. Publication of approved measures. — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330.”

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2024 Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

SS SCS HCS HB 2002

Appropriates money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education

AN ACT to appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2024, and ending June 30, 2025.

Be it enacted by the General Assembly of the state of Missouri, as follows:

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever, chargeable to the fund designated, for the period beginning July 1, 2024, and ending June 30, 2025, as follows:

PART 1

SECTION 2.000. — Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. Part 3 of this act shall consist of guidance to the Department of Elementary and Secondary Education in implementing the appropriations found in Part 1 and Part 2 of this act. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as "one-time" in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2025. Any amount identified as one-time may, however, be requested in any future fiscal period as a new decision item.

*I hereby veto \$10,000,000 Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund for the Close the Gap Program. Given the short-term nature of this funding source, it is not prudent to start a new program cycle, therefore, funding is limited to existing obligations from the Fiscal Year 2024 budget. Further, expenditures under this program should prioritize tutoring services provided to eligible children and not technology equipment purchases.

***SECTION 2.047.** — To the Department of Elementary and Secondary Education

For a summer enrichment program grant to a not-for-profit organization that inspires a brighter future for students most in need by providing opportunities to experience high-quality academics, engaging enrichment activities, and health life skills, provided that the organization has a primary office location in a city with more than twenty-seven thousand but fewer than thirty thousand inhabitants and located in a county with more than one million inhabitants, further provided that such funds be awarded through a competitive grant process

From General Revenue Fund (0101) (one-time) \$100,000

*I hereby veto \$50,000 general revenue for a summer enrichment program grant. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

 From General Revenue Fund (0101) (one-time) \$250,000

*I hereby veto \$250,000 general revenue for a nonprofit computer training technology and robotics program. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. Maintaining a balanced budget that keeps future obligations in mind allows the State to maintain a AAA bond rating. For funding of a school within a school to provide a turn-key intervention program that educates at-risk middle school students to learn in highly innovative, highly engaging, hands-on STEM-focused curriculum, provided such program shall have documented results of improving students up to two grade levels in one school year as proven in other states, and further provided such appropriation shall be distributed in \$1,000,000 grant increments to each school district which applies for the grant

From General Revenue Fund (0101) (one-time)	\$3,000,000
---	-------------

*I hereby veto \$3,000,000 general revenue for a turn-key STEM intervention program for middle school students. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Said section is vetoed in its entirety from \$3,000,000 to \$0 from General Revenue Fund
From \$3,000,000 to \$0 in total for the section.

Be it enacted by the General Assembly of the state of Missouri, as follows:

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever chargeable to the fund designated, for the period beginning July 1, 2024, and ending June 30, 2025, as follows:

Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. For the Missouri Returning Heroes Program
From General Revenue Fund (0101) (one-time)\$1,043,401

*I hereby veto \$1,043,401 general revenue for the Missouri Returning Heroes Program. This veto will not impact the tuition paid by veterans who qualify for the Returning Heroes program in any way. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, higher education institutions currently fund this program and the budget approved by the General Assembly for the public institutions included a 3 percent increase, totaling over \$32.5 million.

*I hereby veto \$5,000,000 general revenue for the statewide operations in the areas of the Agricultural Extension Service. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, this provides one-time funding to support ongoing program costs, which could jeopardize the program's future sustainability. Further, this item provides additional funding for the University of Missouri Extension, which is the responsibility of the University of Missouri's budget. The Fiscal Year 2025 budget approved by the General Assembly includes a 3 percent increase for public four-year institutions of higher education, totaling over \$27.1 million.

For the purpose of funding the federal match requirement and the statewide operations in the areas of the Agricultural Extension Service.

Appropriates money for the expenses, grants, refunds, and distributions of the Department of Revenue and the Department of Transportation

AN ACT to appropriate money for the expenses, grants, refunds, and distributions of the Department of Revenue, the Department of Transportation, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2024, and ending June 30, 2025.

Be it enacted by the General Assembly of the state of Missouri, as follows:

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever chargeable to the fund designated for the period beginning July 1, 2024, and ending June 30, 2025, as follows:

Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act

shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as “one-time” in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2025. Any amount identified as one-time may, however, be requested in any future fiscal period as a new decision item.

*I hereby veto \$2,197,200 general revenue for repairs, maintenance, and expansion of Route N in Jasper County. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

AN ACT to appropriate money for the expenses, grants, refunds, and distributions of the Office of Administration, the Department of Transportation, the Department of Conservation, the Department of Public Safety, the Chief Executive's Office, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2024, and ending June 30, 2025.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

Be it enacted by the General Assembly of the state of Missouri, as follows:

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever, chargeable to the fund designated, for the period beginning July 1, 2024, and ending June 30, 2025, as follows:

PART 1

SECTION 5.000. — Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as “one-time” in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2025. Any amount identified as one-time may, however, be requested in any future fiscal period as a new decision item.

For the Commissioner's Office

For funding a program for low-risk offender supervision, that monitors individuals subject to pre-conviction or post-conviction supervision through a check-in system that the supervising agency or circuit can access through a secure web-based platform; a secondary objective is to establish exclusion zones and compliance levels through a platform capable of generating relevant reports; supervision of defendants when implementing Supreme Court Rule 33.01 relating to a pre-trial defendant's right to release	
From General Revenue Fund (0101)	\$4,750,000

*I hereby veto \$750,000 general revenue for the electronic monitoring program. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget currently includes \$4 million for this program which is sufficient funding to support this service.

***SECTION 5.240.** — To the Office of Administration

Funds are to be transferred out of the State Treasury to the I-44 Improvement Fund

From General Revenue (0101) (one-time)\$363,750,000

*I hereby veto \$150,000,000 general revenue for transfer to the I-44 Improvement Fund. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. This funding allows for the completion of a number of major projects on I-44, while also providing cost savings for the next Administration and General Assembly to use in offsetting a number of projects included in this budget that were funded with Budget Stabilization Funds, which was overappropriated.

From \$363,750,000 to \$213,750,000 from General Revenue Fund.

From \$363,750,000 to \$213,750,000 in total for the section.

with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

*I hereby veto \$470,821 general revenue for sewer improvements in Desloge. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. Maintaining a balanced budget that keeps future obligations in mind allows the State to maintain a AAA bond rating. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, this State funding combined with \$500,000 local funding is sufficient to complete this project.

For a sewer project in Desloge.

From \$970,821 to \$500,000 from General Revenue Fund.

I hereby veto \$3,400,000 general revenue for water infrastructure improvements and projects in Pike County. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Maintaining a balanced budget that keeps future obligations in mind allows the State to maintain a AAA bond rating. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, Pike County submitted an application for State Revolving Funds to the Department of Natural Resources and are on the Intended Use Plan (IUP) fundable list for a loan and grant package. Those funding sources should be exhausted before pursuit of an earmark in the State budget.

For water infrastructure improvements and projects in Pike County.

From \$3,400,000 to \$0 from General Revenue Fund.

I hereby veto \$350,000 general revenue for watershed and stormwater management and erosion mediation in Wildwood. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked State funding for this project.

For watershed and stormwater management and erosion mediation in Wildwood.
From \$350,000 to \$0 from General Revenue Fund.

I hereby veto \$1,000,000 general revenue for sewer upgrades to a nursing facility in Clarence. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Maintaining a balanced budget that keeps future obligations in mind allows the State to maintain a AAA bond rating. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the State is unable to determine the specific project scope. Without detailed information, it would be irresponsible for the State to use taxpayer dollars to fund this project.

For sewer infrastructure improvements to a nursing facility in Clarence.
From \$1,000,000 to \$0 from General Revenue Fund.

*I hereby veto \$1,000,000 general revenue for a non-profit organization in St. Louis County that helps families thrive and achieve self-sustainability. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, this appropriation prohibits a local match. State funding for local projects should at a minimum be a shared responsibility between the State and local entity. For a non-profit organization that helps families thrive and achieve self-sustainability.

SS SS SCS HCS HB 2008

Appropriates money for the expenses, grants, refunds, and distributions of the Department of Public Safety and the Department of National Guard

AN ACT to appropriate money for the expenses, grants, refunds, and distributions of the Department of Public Safety and Department of National Guard and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2024, and ending June 30, 2025.

Be it enacted by the General Assembly of the state of Missouri, as follows:

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, for the purpose of funding each department, division, agency, fund transfer, and program described herein for the item or items stated, and for no other purpose whatsoever chargeable to the fund designated, for the period beginning July 1, 2024, and ending June 30, 2025, as follows:

PART 1

SECTION 8.000. — Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. Part 3 of this act shall consist of guidance to the Department of Public Safety in implementing the appropriations found in Part 1 and Part 2 of this act. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as “one-time” in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2025. Any amount identified as one-time may, however, be requested in any future fiscal period as a new decision item.

*I hereby veto \$3,500,000 general revenue to procure a commercial off-the-shelf automated, modernized crime victim notification software that interfaces with the Department of Public Safety system servicing the Department of Corrections. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, this program provides one-time funding to support ongoing program costs, which could jeopardize the program's future sustainability. Further, it appears this item is duplicative of similar information that is already offered through the State.

To procure a commercial off-the-shelf automated, modernized crime victim notification software.
 From \$3,500,000 to \$0 from General Revenue Fund.

I hereby veto \$250,000 general revenue for a minority police officer recruitment and retention program in St. Louis. I also hereby veto the words “, office and administration costs.” The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, the remaining funding of \$250,000 for this program is still an increase of \$100,000 over Fiscal Year 2024 funding.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
 Matter in bold-face type is proposed language.

I hereby veto \$100,000 Budget Stabilization Fund for the Raytown Fire Protection District mobile integrated healthcare and community paramedic program. The General Assembly grossly overappropriated Budget Stabilization Funds. Additionally, this program provides one-time funding to support ongoing program costs, which could jeopardize the program's future sustainability.

For a fire protection district.

From \$100,000 to \$0 from Budget Stabilization Fund.

I hereby veto \$2,500,000 general revenue for firearm detection software in schools. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, although the language does not identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The Department of Public Safety (DPS) is subject to State purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor. Further, DPS is without the knowledge or expertise needed to determine each of the exact criteria described in this section. Finally, this program provides one-time funding to support ongoing program costs, which could jeopardize the program's future sustainability.

For procurement of firearm detection software in schools.

From \$2,500,000 to \$0 from General Revenue Fund.

I hereby veto \$50,000 general revenue for a speed limit enforcement device in Raytown. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Further, funding is already available for this purpose through existing State programs aimed at addressing highway safety, such as the Missouri Department of Transportation's Highway Safety Grant Program.

For a speed limit enforcement device.
From \$50,000 to \$0 from General Revenue Fund.

I hereby veto \$300,000 Budget Stabilization Fund for a cybercrime task force in Jasper County. The General Assembly grossly overappropriated Budget Stabilization Funds. Additionally, the Department of Public Safety's State Cyber Crime Grant already distributes funding to local cybercrime task forces.

For a cybercrime task force in Jasper County.
From \$300,000 to \$0 from Budget Stabilization Fund.
From \$6,950,000 to \$250,000 in total for the section.

*I hereby veto \$230,000 Boiler and Pressure Vessels Safety Fund for boiler inspectors. The State is unable to determine the specific use of this funding. Without detailed information, it would be irresponsible for the State to use taxpayer dollars to fund this increase.

Personal Service by \$195,500 from \$758,805 to \$563,305 from Boiler and Pressure Vessels Safety Fund.

Expense and Equipment by \$34,500 from \$98,443 to \$63,943 from Boiler and Pressure Vessels Safety Fund.

From \$857,248 to \$627,248 in total from Boiler and Pressure Vessels Safety Fund.

I hereby veto \$1,000,000 general revenue for the construction and renovation of a fire station in Eminence. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must

maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. This line is being reduced to more accurately reflect the estimated cost of the project.

*I hereby veto \$6,000,000 general revenue for the defense of the southern border. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, I already recommended and the General Assembly approved, \$2,000,000 in the Fiscal Year 2024 supplemental budget for this purpose. The National Guard's deployment to the southern border has since concluded. The Fiscal Year 2025 budget already includes funding that could be used to support another short-term mission if there is need to deploy the National Guard again in support of our nation's border security.

In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, the Fiscal Year 2025 budget invests over \$3 million to support and enhance infrastructure, communications and marketing, evaluation, and specialized training for the 988 Program as well as another \$7 million to support the mental health needs of first responders, veterans, and other vulnerable groups. My Administration will use that funding to target national guardsmen, veterans, first responders, and members of our armed forces. Further, it appears this item is duplicative of existing services provided within the Missouri National Guard.

Be it enacted by the General Assembly of the state of Missouri, as follows:

of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. **Appropriates money for the expenses, grants, refunds, and distributions of the Department
of Mental Health and the Department of Health and Senior Services**

AN ACT to appropriate money for the expenses, grants, refunds, and distributions of the
Department of Mental Health, the Department of Health and Senior Services, and the several
divisions and programs thereof, and the Missouri Health Facilities Review Committee to be
expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to
transfer money among certain funds for the period beginning July 1, 2024, and ending June
30, 2025.

Be it enacted by the General Assembly of the state of Missouri, as follows:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

There is appropriated out of the State Treasury, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri for the purpose of funding each department, division, agency, fund transfer, and program described herein, for the item or items stated, and for no other purpose whatsoever, chargeable to the fund designated for the period beginning July 1, 2024, and ending June 30, 2025, as follows:

PART 1

SECTION 10.000. — Each appropriation in this act shall consist of the item or items in each section of Part 1 of this act, for the amount and purpose and from the fund designated in each section of Part 1, as well as all additional clarifications of purpose in Part 2 of this act that make reference by section to said item or items in Part 1. Any clarification of purpose in Part 2 shall state the section or sections in Part 1 to which it attaches and shall, together with the language of said section(s) in Part 1, form the complete statement of purpose of the appropriation. As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. Part 3 of this act shall consist of guidance to the Department of Mental Health and the Department of Health and Senior Services in implementing the appropriations found in Part 1 and Part 2 of this act. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as “one-time” in this act shall not be considered an addition to any ongoing core appropriation(s) in future fiscal periods beyond June 30, 2025. Any amount identified as one-time may, however, be requested in any future fiscal period as a new decision item.

From General Revenue Fund (0101) (one-time)\$15,000,000

*I hereby veto \$5,000,000 general revenue for the planning, design, construction, expansion, and operation of a behavioral health facility on the campus of North Kansas City Hospital. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Additionally, the total cost of this project is expected to be approximately \$15.4 million. State funding for local and regional projects should at a minimum be a shared responsibility between the state and local entity.

From \$15,000,000 to \$10,000,000 from General Revenue Fund.

*I hereby veto \$3,200,000 Opioid Addiction Treatment and Recovery Fund for the expansion of services at recovery community centers. While this funding would support an important cause in offering resources to individuals recovering from opioid use disorder, the legislative intent for this funding conflicts with the allowable uses of the Opioid Addiction Treatment and Recovery Fund. As per the national opioid settlement terms and Section 196.1050, RSMo, these funds must be expended only on opioid-related services and expenses. My recommended budget included general revenue for this item since these centers provide services other than opioid recovery programs. The State could not reimburse these centers for non-opioid services using these funds and therefore funds would lapse unnecessarily. Additionally, vetoing this item ensures the Opioid Addiction Treatment and Recovery Fund can be preserved for other allowable uses to help Missourians and our communities address the opioid crisis.

*I hereby veto \$2,000,000 Opioid Addiction Treatment and Recovery Fund for opioid prevention, treatment, and recovery expansion services. *I hereby veto \$350,000 general revenue for an Environmental Accessibility Adaption Program. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, the Department of Mental Health already has partnerships in place to meet this need.

Expense and Equipment by \$350,000 from \$409,671 to \$59,671 from General Revenue Fund.

From \$2,157,181 to \$1,807,181 in total from General Revenue Fund.

*I hereby veto \$200,000 general revenue for the Elks Mobile Dental Clinic. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

For the Elks Mobile Dental Clinic.

From \$600,000 to \$400,000 from General Revenue Fund.

From \$4,131,137 to \$3,931,137 in total for the section.

*I hereby veto \$100,000 Budget Stabilization Fund for the implementation of a doula registration process. The General Assembly grossly overappropriated Budget Stabilization Funds. Additionally, the General Assembly did not truly agree and finally pass legislation to create a statewide doula insurance registry. Further, this budget includes multiple items totaling \$975,000 in ongoing funding to support doulas and doula training services. Finally, this appropriation provided funding for salaries as a one-time State expense; whereas staffing is an ongoing cost and could jeopardize the program's future sustainability leading to job losses if the funding were not to be provided in the future.

***SECTION 11.106.** — To the Department of Social Services

For the Family Support Division

For supporting employees engaged in direct care to vulnerable populations by
identifying and mitigating factors that impact employee burnout, including
advanced analytics on the source of stressors and organizational impact to
improve the productivity of the workforce

From General Revenue Fund (0101) (one-time) \$450,000

*I hereby veto \$450,000 general revenue for a program to support employees engaged in direct care to vulnerable populations. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Said section is vetoed in its entirety from \$450,000 to \$0 from General Revenue Fund.

From \$450,000 to \$0 in total for the section.

MICHAEL L. PARSON

*I hereby veto \$660,000 general revenue for an organization whose mission is to improve the quality of life in our communities and enhance educational and economic opportunities for all in St. Louis City. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, it appears this item is duplicative of similar services provided within the Departments of Corrections and Social Services.

For an organization whose mission is to improve the quality of life in our communities and enhance educational and economic opportunities for all.

For a nonprofit organization, founded in 1979 in a city with more than four hundred thousand inhabitants and located in more than one county that partners with a vast network of community organizations to make investments in housing, businesses, jobs and financial health, education, safety, and health

From General Revenue Fund (0101) (one-time) \$200,000

*I hereby veto \$200,000 general revenue for a nonprofit organization founded in 1979 in Kansas City. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, the State is unable to determine specific use of this funding. Without detailed information, it would be irresponsible for the State to use taxpayer dollars to fund this increase.

Said section is vetoed in its entirety from \$200,000 to \$0 from General Revenue Fund.

*I hereby veto \$2,000,000 general revenue for a nonprofit organization that provides educational and health services. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, State funding for local projects should at a minimum be a shared responsibility between the State and local entity. The information provided to my Administration suggests that the local entity does not have sufficient matching funds to support the total amount appropriated. Finally, the adjusted total is more in line with that of similar projects.

For a nonprofit organization in Kansas City that operates a center that provides educational and health services, and hands-on training in fine arts and digital literacy for underserved urban youth.
From \$3,000,000 to \$1,000,000 from General Revenue Fund.
From \$22,980,000 to \$20,980,000 in total for the section.

*I hereby veto \$1,025,000 general revenue for Family Resource Centers. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025

recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, a majority of these funds were intended to cover staffing costs for this nonprofit organization, which is not an appropriate use of one-time State funding support.

*I hereby veto \$441,815, including \$152,426 general revenue and \$289,389 Title XIX-Federal Fund for an air ambulance rate increase. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. This will reduce this rate increase from 90% to 80% of Medicare rates, which is in line with Medicaid rates for other providers.

For all other non-institutional services.

*I hereby veto \$132,272, including \$45,634 general revenue and \$86,638 Title XIX-Federal Fund for an air ambulance rate increase. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. This will reduce this rate increase from 90% to 80% of Medicare rates, which is in line with Medicaid rates for other providers.

Funds are to be transferred out of the State Treasury to the Charter School
Revolving Capital Improvement Fund
From General Revenue Fund (0101) (one-time)\$10,000,000

*I hereby veto \$8,000,000 general revenue for transfer to the Charter School Revolving Capital Improvement Fund. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. The remaining \$2,000,000 will provide sufficient resources to establish this new program and allows the State to collect performance data in order to evaluate the need and effectiveness of the program.

From \$10,000,000 to \$2,000,000 from General Revenue Fund.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

*I hereby veto \$93,000 general revenue for an additional attorney and expenses for the Commission on Retirement, Removal, and Discipline of Judges. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, this was not requested by the Office of State Courts Administrator. Further, an investigator was recently added in Fiscal Year 2023.

Personal Service by \$58,000 from \$411,091 to \$353,091 from General Revenue Fund.
Expense and Equipment by \$35,000 from \$78,520 to \$43,520 from General Revenue Fund.

As such, the provisions of Part 2 of this act shall not be severed from Part 1, and if any clarification of purpose in Part 2 is for any reason held to be invalid, such decision shall invalidate all of the appropriations in this act of which said clarification of purpose is a part. An appropriation may be comprised in whole or in part of a one-time amount, and such one-time amount shall be construed to be a component part of, and not in addition to, the stated appropriation amount. Any amount of an appropriation identified as “one-time” in this act shall not be considered an

*I hereby veto \$150,000 Budget Stabilization Fund for repairs and renovations to a center for educational enrichment, tutoring, and support in the areas of STEM in Kansas City. The General Assembly grossly overappropriated Budget Stabilization Funds. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked State funding for this project. Additionally, my Administration has previously vetoed this project, and our position has not changed.

Said section is vetoed in its entirety from \$150,000 to \$0 from Budget Stabilization Fund.

*I hereby veto \$2,000,000 Budget Stabilization Fund for the planning, design, construction, renovations, maintenance, repair and capital improvements to restore a building into a gospel music hall of fame, art museum and research center in St. Louis City. The General Assembly grossly overappropriated Budget Stabilization Funds. This is a local responsibility with minimal statewide impact.  county seat with more than three thousand but fewer than three thousand six
 hundred inhabitants

From General Revenue Fund (0101)..... \$300,000

*I hereby veto \$300,000 general revenue for the planning, design, construction, purchase, maintenance, and repair of a shed in Dallas County. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked State funding for this project.

From General Revenue Fund (0101) \$10,000,000

*I hereby veto \$5,000,000 general revenue for the Great Rivers Greenway Project in the St. Louis region developing a regional network of greenways. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this project was appropriated \$15 million in the Fiscal Year 2024 budget which has been fully reappropriated in Fiscal Year 2025 in HB 2017.

- (b) The applicant notifies the department of intent to utilize such meeting in lieu of the community involvement session at least thirty days prior to such meeting;
- (c) The requirements of such meeting include providing public notice by printed or broadcast media at least thirty days prior to such meeting;
- (d) Such meeting is held at least thirty days prior to the submission to the department of a report on the results of a detailed site investigation pursuant to subsection 4 of this section;
- (e) The applicant submits to the department a record of such meeting;
- (f) A public comment period begins on the day of such meeting and continues for at least fourteen days after such meeting, and the applicant responds to all persons submitting comments during such public comment period no more than fourteen days after the receipt of such comments.

4. No person may apply for or obtain a permit to construct a solid waste disposal area unless the person has submitted to the department a plan for conducting a detailed surface and subsurface geologic and hydrologic investigation and has obtained geologic and hydrologic site approval from the department. The department shall approve or disapprove the plan within thirty days of receipt. The applicant shall conduct the investigation pursuant to the plan and submit the results to the department. The department shall provide approval or disapproval within sixty days of receipt of the investigation results.

5. (1) Every person desiring to construct a solid waste processing facility or solid waste disposal area shall make application for a permit on forms provided for this purpose by the department. Every applicant shall submit evidence of financial responsibility with the application. Any applicant who relies in part upon a parent corporation for this demonstration shall also submit evidence of financial responsibility for that corporation and any other subsidiary thereof.

(2) Every applicant shall provide a financial assurance instrument or instruments to the department prior to the granting of a construction permit for a solid waste disposal area. The financial assurance instrument or instruments shall be irrevocable, meet all requirements established by the department and shall not be cancelled, revoked, disbursed, released or allowed to terminate without the approval of the department. After the cessation of active operation of a sanitary landfill, or other solid waste disposal area as designed by the department, neither the guarantor nor the operator shall cancel, revoke or disburse the financial assurance instrument or allow the instrument to terminate until the operator is released from postclosure monitoring and care responsibilities pursuant to section 260.227.

(3) The applicant for a permit to construct a solid waste disposal area shall provide the department with plans, specifications, and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. The application shall demonstrate compliance with all applicable local planning and zoning requirements. The department shall make an investigation of the solid waste disposal area and determine whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a construction permit the department shall approve or deny the application. The department shall issue rules and regulations establishing time limits for permit modifications and renewal of a permit for a solid waste disposal area. The time limit shall be consistent with this chapter.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter in bold-face type is proposed language.

(4) The applicant for a permit to construct a solid waste processing facility shall provide the department with plans, specifications and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. Within one hundred eighty days of receipt of the application, the department shall determine whether it complies with the provisions of sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a permit to construct an incinerator as described in the definition of solid waste processing facility in section 260.200 or a material recovery facility as described in the definition of solid waste processing facility in section 260.200, and within six months for permit modifications, the department shall approve or deny the application. Permits issued for solid waste facilities shall be for the anticipated life of the facility.

(5) If the department fails to approve or deny an application for a permit or a permit modification within the time limits specified in subdivisions (3) and (4) of this subsection, the applicant may maintain an action in the circuit court of Cole County or that of the county in which the facility is located or is to be sited. The court shall order the department to show cause why it has not acted on the permit and the court may, upon the presentation of evidence satisfactory to the court, order the department to issue or deny such permit or permit modification. Permits for solid waste disposal areas, whether issued by the department or ordered to be issued by a court, shall be for the anticipated life of the facility.

(6) The applicant for a permit to construct a solid waste processing facility shall pay an application fee of one thousand dollars. Upon completion of the department's evaluation of the application, but before receiving a permit, the applicant shall reimburse the department for all reasonable costs incurred by the department up to a maximum of four thousand dollars. The applicant for a permit to construct a solid waste disposal area shall pay an application fee of two thousand dollars. Upon completion of the department's evaluations of the application, but before receiving a permit, the applicant shall reimburse the department for all reasonable costs incurred by the department up to a maximum of eight thousand dollars. Applicants who withdraw their application before the department completes its evaluation shall be required to reimburse the department for costs incurred in the evaluation. The department shall not collect the fees authorized in this subdivision unless it complies with the time limits established in this section.

(7) When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall approve the application and shall issue a permit for the construction of each solid waste processing facility or solid waste disposal area as set forth in the application and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

6. Plans, designs, and relevant data for the construction of solid waste processing facilities and solid waste disposal areas shall be submitted to the department by a registered professional engineer licensed by the state of Missouri for approval prior to the construction, alteration or operation of such a facility or area.

7. Any person or operator as defined in section 260.200 who intends to obtain a construction permit in a solid waste management district with an approved solid waste management plan shall request a recommendation in support of the application from the executive board created in section 260.315. The executive board shall consider the impact of the proposal on, and the extent to which the proposal conforms to, the approved district solid waste management plan prepared pursuant to section 260.325. The executive board shall act upon the request for a recommendation within sixty days of receipt and shall submit a resolution to the department specifying its position and its recommendation regarding conformity of the application to the solid waste plan. The board's failure to submit a resolution constitutes recommendation of the application. The department may consider the application, regardless of the board's action thereon and may deny the construction permit if the application fails to

meet the requirements of sections 260.200 to 260.345, or if the application is inconsistent with the district's solid waste management plan.

8. If the site proposed for a solid waste disposal area is not owned by the applicant, the owner or owners of the site shall acknowledge that an application pursuant to sections 260.200 to 260.345 is to be submitted by signature or signatures thereon. The department shall provide the owner with copies of all communication with the operator, including inspection reports and orders issued pursuant to section 260.230.

9. The department shall not issue a permit for the operation of a solid waste disposal area, **solid waste processing facility, demolition landfill, or sanitary landfill** designed to serve a city with a population of greater than four hundred thousand located in more than one county, if the site is located within ~~one-half~~ **one** mile of an adjoining municipality, without the approval of the governing body of ~~such~~ **the adjoining** municipality. The governing body shall conduct a public hearing within fifteen days of notice, shall publicize the hearing in at least one newspaper having general circulation in the municipality, and shall vote to approve or disapprove the land disposal facility within thirty days after the close of the hearing.

10. (1) Upon receipt of an application for a permit to construct a solid waste processing facility or disposal area, the department shall notify the public of such receipt:

(a) By legal notice published in a newspaper of general circulation in the area of the proposed disposal area or processing facility;

(b) By certified mail to the governing body of the county or city in which the proposed disposal area or processing facility is to be located; and

(c) By mail to the last known address of all record owners of contiguous real property or real property located within one thousand feet of the proposed disposal area and, for a proposed processing facility, notice as provided in section 64.875 or section 89.060, whichever is applicable.

(2) If an application for a construction permit meets all statutory and regulatory requirements for issuance, a public hearing on the draft permit shall be held by the department in the county in which the proposed solid waste disposal area is to be located prior to the issuance of the permit. The department shall provide public notice of such hearing by both printed and broadcast media at least thirty days prior to such hearing. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located.

11. After the issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner and the department shall execute an easement to allow the department, its agents or its contractors to enter the premises to complete work specified in the closure plan, or to monitor or maintain the site or to take remedial action during the postclosure period. After issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner shall submit evidence that such owner has recorded, in the office of the recorder of deeds in the county where the disposal area is located, a notice and covenant running with the land that the property has been permitted as a solid waste disposal area and prohibits use of the land in any manner which interferes with the closure and, where appropriate, postclosure plans filed with the department.

12. Every person desiring to obtain a permit to operate a solid waste disposal area or processing facility shall submit applicable information and apply for an operating permit from the department. The department shall review the information and determine, within sixty days of receipt, whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a permit for the operation of each solid waste processing

facility or solid waste disposal area and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

13. Each solid waste disposal area, except utility waste landfills unless otherwise and to the extent required by the department, and those solid waste processing facilities designated by rule, shall be operated under the direction of a certified solid waste technician in accordance with sections 260.200 to 260.345 and the rules and regulations promulgated pursuant to sections 260.200 to 260.345.

14. Base data for the quality and quantity of groundwater in the solid waste disposal area shall be collected and submitted to the department prior to the operation of a new or expansion of an existing solid waste disposal area. Base data shall include a chemical analysis of groundwater drawn from the proposed solid waste disposal area.

15. Leachate collection and removal systems shall be incorporated into new or expanded sanitary landfills which are permitted after August 13, 1986. The department shall assess the need for a leachate collection system for all types of solid waste disposal areas, other than sanitary landfills, and the need for monitoring wells when it evaluates the application for all new or expanded solid waste disposal areas. The department may require an operator of a solid waste disposal area to install a leachate collection system before the beginning of disposal operations, at any time during disposal operations for unfilled portions of the area, or for any portion of the disposal area as a part of a remedial plan. The department may require the operator to install monitoring wells before the beginning of disposal operations or at any time during the operational life or postclosure care period if it concludes that conditions at the area warrant such monitoring. The operator of a demolition landfill or utility waste landfill shall not be required to install a leachate collection and removal system or monitoring wells unless otherwise and to the extent the department so requires based on hazardous waste characteristic criteria or site specific geohydrological characteristics or conditions.

16. Permits granted by the department, as provided in sections 260.200 to 260.345, shall be subject to suspension for a designated period of time, civil penalty or revocation whenever the department determines that the solid waste processing facility or solid waste disposal area is, or has been, operated in violation of sections 260.200 to 260.345 or the rules or regulations adopted pursuant to sections 260.200 to 260.345, or has been operated in violation of any permit terms and conditions, or is creating a public nuisance, health hazard, or environmental pollution. In the event a permit is suspended or revoked, the person named in the permit shall be fully informed as to the reasons for such action.

17. Each permit for operation of a facility or area shall be issued only to the person named in the application. Permits are transferable as a modification to the permit. An application to transfer ownership shall identify the proposed permittee. A disclosure statement for the proposed permittee listing violations contained in the definition of disclosure statement found in section 260.200 shall be submitted to the department. The operation and design plans for the facility or area shall be updated to provide compliance with the currently applicable law and rules. A financial assurance instrument in such an amount and form as prescribed by the department shall be provided for solid waste disposal areas by the proposed permittee prior to transfer of the permit. The financial assurance instrument of the original permittee shall not be released until the new permittee's financial assurance instrument has been approved by the department and the transfer of ownership is complete.

18. Those solid waste disposal areas permitted on January 1, 1996, shall, upon submission of a request for permit modification, be granted a solid waste management area operating permit if the request meets reasonable requirements set out by the department.

19. In case a permit required pursuant to this section is denied or revoked, the person may request a hearing in accordance with section 260.235.

20. Every applicant for a permit shall file a disclosure statement with the information required by and on a form developed by the department of natural resources at the same time the application for a permit is filed with the department.

21. Upon request of the director of the department of natural resources, the applicant for a permit, any person that could reasonably be expected to be involved in management activities of the solid waste disposal area or solid waste processing facility, or any person who has a controlling interest in any permittee shall be required to submit to a criminal background check under section 43.543.

22. All persons required to file a disclosure statement shall provide any assistance or information requested by the director or by the Missouri state highway patrol and shall cooperate in any inquiry or investigation conducted by the department and any inquiry, investigation or hearing conducted by the director. If, upon issuance of a formal request to answer any inquiry or produce information, evidence or testimony, any person required to file a disclosure statement refuses to comply, the application of an applicant or the permit of a permittee may be denied or revoked by the director.

23. If any of the information required to be included in the disclosure statement changes, or if any additional information should be added after the filing of the statement, the person required to file it shall provide that information to the director in writing, within thirty days after the change or addition. The failure to provide such information within thirty days may constitute the basis for the revocation of or denial of an application for any permit issued or applied for in accordance with this section, but only if, prior to any such denial or revocation, the director notifies the applicant or permittee of the director's intention to do so and gives the applicant or permittee fourteen days from the date of the notice to explain why the information was not provided within the required thirty-day period. The director shall consider this information when determining whether to revoke, deny or conditionally grant the permit.

24. No person shall be required to submit the disclosure statement required by this section if the person is a corporation or an officer, director or shareholder of that corporation or any subsidiary thereof, and that corporation:

(1) Has on file and in effect with the federal Securities and Exchange Commission a registration statement required under Section 5, Chapter 38, Title 1 of the Securities Act of 1933, as amended, 15 U.S.C. Section 77e(c);

(2) Submits to the director with the application for a permit evidence of the registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report; and

(3) Submits to the director on the anniversary date of the issuance of any permit it holds under the Missouri solid waste management law evidence of registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report.

25. After permit issuance, each facility shall annually file an update to the disclosure statement with the department of natural resources on or before March thirty-first of each year. Failure to provide such update may result in penalties as provided for under section 260.240.

26. Any county, district, municipality, authority, or other political subdivision of this state which owns and operates a sanitary landfill shall be exempt from the requirement for the filing of the disclosure statement and annual update to the disclosure statement.

27. Any person seeking a permit to operate a solid waste disposal area, a solid waste processing facility, or a resource recovery facility shall, concurrently with the filing of the application for a permit, disclose any convictions in this state, county or county-equivalent public health or land use ordinances related to the management of solid waste. If the department finds that there has been a continuing pattern of adjudicated violations by the applicant, the department may deny the application.

28. No permit to construct or permit to operate shall be required pursuant to this section for any utility waste landfill located in a county of the third classification with a township form of government which has a population of at least eleven thousand inhabitants and no more than twelve thousand five hundred inhabitants according to the most recent decennial census, if such utility waste landfill complies

with all design and operating standards and closure requirements applicable to utility waste landfills pursuant to sections 260.200 to 260.345 and provided that no waste disposed of at such utility waste landfill is considered hazardous waste pursuant to the Missouri hazardous waste law.

29. Advanced recycling facilities are not subject to the requirements of this section as long as the feedstocks received by such facility are source-separated or diverted or recovered from municipal or other waste streams prior to acceptance at the advanced recycling facility.

6. A nonresident individual who is a member shall not be required to file an income tax return pursuant to this chapter for a tax year if, for such tax year, the only source of income derived from or connected with sources within the state for such member, or the member and the member's spouse if a joint federal income tax return is or shall be filed, is from one or more affected business entities and such affected business entity or entities file and pay the tax due under this section.

7. Each partnership and S corporation shall report to each of its members, for each tax year, such member's direct pro rata share of the tax imposed pursuant to this section ~~[on]~~ by such partnership or S corporation if it is an affected business entity and its indirect pro rata share of the tax imposed on any affected business entity in which such affected business entity is a direct or indirect member. **For each tax year in which it is subject to a tax under this section, the affected business entity shall file an affected business entity tax return on a date prescribed by the director of revenue. Such credit shall be in an amount equal to such member's direct and indirect pro rata share of the tax paid pursuant to this section by any affected business entity of which such member is directly or indirectly a member.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011 **or 143.041**, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

9. (1) Each member that is subject to the tax imposed pursuant to section 143.011 as a resident or part-year resident of this state shall be entitled to a credit against the tax imposed pursuant to section 143.011 for such member's direct and indirect pro rata share of taxes paid to another state of the United States or to the District of Columbia, on income of any partnership or S corporation of which such person is a member that is derived therefrom, provided the taxes paid to another state of the United States or to the District of Columbia results from a tax that the director of revenue determines is substantially similar to the tax imposed pursuant to this section. Any such credit shall be calculated in a manner to be prescribed by the director of revenue, provided such calculation is consistent with the provisions of this section, and further provided that the limitations provided in subsection 2 of section 143.081 shall apply to the credit authorized by this subsection.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded and shall not be carried forward.

(3) The affected business entity representative shall be considered an authorized representative of the affected business entity and its members under section 32.057 for the purposes of compliance with this section, or participating in a proceeding described in subdivision (1) of this subsection.

14. The provisions of this section shall only apply to tax years ending on or after December 31, 2022.

15. The department of revenue may promulgate rules to implement the provisions of this section. 44.251. CITATION OF LAW — DEFINITION — FINDINGS — SHUTDOWN ORDERS, REQUIREMENTS — TAX EFFECTS. — 1. This section shall be known and may be cited as the "Protecting Missouri's Small Businesses Act".

2. As used in this section, "shutdown order" means any order by the state or any agency or political subdivision thereof to close a business organization that is caused by any reason outside the business organization's control.

3. The general assembly hereby finds and declares the following:

(1) It is an essential function of state government to protect the public health, welfare, peace, safety, and the economic viability and well-being of Missourians;

(2) One method of protecting Missourians is to preserve and promote the economic viability, well-being, and development of businesses in this state;

(3) Governmental actions should not be entered into without careful consideration of and appropriate concern for the lasting effects that may cause economic loss to Missourians and businesses in the state;

(4) It is the public policy of the state of Missouri that a political subdivision shall give appropriate consideration to the effects of its actions on the economic well-being of Missourians and businesses in the state; and

(5) To ensure that a political subdivision gives appropriate consideration to such actions, a political subdivision shall participate in economic losses caused by the political subdivision's actions affecting Missourians and businesses in the state as provided in this section.

4. (1) Notwithstanding any other provision of law to the contrary, beginning January 1, 2025, if any political subdivision with jurisdiction over a business implements any shutdown order or orders and the business closes solely due to such shutdown order or orders for at least fourteen consecutive days or at least thirty cumulative days, the following shall apply:

(a) Any fee for a business license imposed by the political subdivision with jurisdiction over the business shall be waived for the business during the period of the shutdown order or orders or six months, whichever is longer. Fees for a business license may be prorated; and

(b) The political subdivision with jurisdiction over the business shall reduce the real and personal property tax liability of such business based on the number of days the business was shut down in a given year as follows:

a. If the shutdown order or orders end before June first, the appropriate officials responsible for assessing and levying real and personal property taxes and providing statements of taxes due in the political subdivision with jurisdiction over the business shall calculate the tax liability of such business as required by law. After such tax liability is calculated, such officials shall reduce such tax liability as required in this section. Such reduction shall be reflected on the statement of taxes due provided to the taxpayer who is liable for the property taxes of the business. Such appropriate officials shall follow all procedures for calculating such taxes and providing such statements provided by law as practicable. A taxpayer receiving a reduced statement of taxes due shall make full payment of such reduced taxes before the delinquency date as provided by law; and

b. If the shutdown order or orders remain in effect on or after June first, the taxpayer who is liable for the property taxes of the business shall make full payment of taxes due before the delinquency date as provided by law. The appropriate officials responsible for assessing and levying real and personal property taxes and providing statements of taxes due in the political subdivision with jurisdiction over the business shall:

(i) Notify such taxpayer, at the same time the taxpayer's statement of taxes due is provided to the taxpayer as required by law, that the taxpayer may apply for a refund of a portion of the property tax liability of such business as provided in this section;

(ii) Provide a method of applying for a refund of such portion of such tax liability, by which the taxpayer shall provide any information required by the appropriate officials to assist in the calculation of such portion. A refund application made as provided in this subparagraph shall be submitted to the appropriate official no later than the January fifteenth immediately following the refund notification;

(iii) Calculate the amount of such allowable portion to be refunded and notify the taxpayer of such amount. All such calculations for all refund applications shall be completed no later than the February fifteenth following the refund notification; and

(iv) Make payments of all refunds to all taxpayers eligible for the refund. All such payments of refunds shall be completed no later than the March fifteenth immediately following the refund notification.

(2) Notwithstanding any other provision of this section to the contrary, a taxpayer whose tax liability is reduced as provided in this subsection and who leases or rents all or a portion of the taxpayer's affected real property to one or more renters or lessors shall distribute such amount by which the tax liability is reduced on a pro rata basis to such renters or lessors who are current on all lease or rental payments owed to the taxpayer whose tax liability is reduced.

5. This section shall not be construed to apply to fees required for a license or certification of an individual to practice a profession.

6. This section shall not be construed as an exemption of property from taxation requiring the state to provide restitution or a replacement of revenues lost to a political subdivision. Any action taken by a political subdivision that results in a recalculation or refund of taxes or revenues lost by the political subdivision, or both, shall be construed as an exercise of the political subdivision's authority to levy and collect local tax revenues as provided by state law.

(2) The provisions of this subsection shall not apply to **historic schools or theaters** or applications for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

4. (1) **The department shall promptly notify the state historic preservation office of each preliminary application for tax credits. After receipt of such notice, the state historic preservation office shall determine whether a rehabilitation satisfies the qualified rehabilitation standards within sixty days of a taxpayer filing an initial application for tax credits. The determination shall be based upon evidence that the rehabilitation will meet qualified rehabilitation standards, and that evidence shall consist of one of the following:**

(a) Preliminary approval by the state historic preservation office; or

(b) An approved part 2 of the federal application, which the state historic preservation office shall forward directly to the department without any additional review by such office.

(2) If the state historic preservation office approves the application for tax credits within the sixty-day determination period established in subdivision (1) of this subsection, such office shall forward the application with any review comments to the National Park Service and shall forward any such review comments to the applicant. If such office fails to approve the application within the sixty-day determination period, such office shall forward the application without any

comments to the National Park Service and shall have no further opportunity to submit any comments on such application.

(3) Conditions on a state preliminary application or on part 2 of a federal application shall not delay preliminary state approval but shall be addressed by the applicant for final approval of such application.

(4) Any application for state tax credits that does not include an application for federal tax credits or a nomination to the federal National Register of Historic Places shall be reviewed by the state historic preservation office within sixty days of a notice received under subdivision (1) of this subsection.

(5) (a) An application for state tax credits may provide information indicating that the project is a phased rehabilitation project as described under 26 U.S.C. Section 47, as amended. Such application for a phased rehabilitation project shall include at least the following:

a. A schedule of the phases of the project with a beginning and end date for each phase and the expected costs for the whole project. The applicant may submit detailed plans for the project at a later time within the application process;

b. The adjusted total basis of such project, which shall be submitted with the schedule of phases of the project; and

c. A statement that the applicant agrees to begin each phase of such project within twelve months of the start date for such phase listed in the schedule of the phases.

(b) The applicant may submit a preliminary certification of costs upon the completion of each phase of the project.

(c) Upon approval of the cost certification submitted and the work completed on each phase of such project, the department shall issue eighty percent of the amount of the state tax credit for which the taxpayer is approved under this section. The remaining twenty percent of the amount of the state tax credit for which the taxpayer is approved under this section shall be issued upon the final approval of the project under this section.

(6) If the department determines that the amount of tax credits issued to a taxpayer under subdivision (5) of this subsection is in excess of the total amount of tax credits such taxpayer is eligible to receive, the department shall notify such taxpayer, and such taxpayer shall repay the department an amount equal to such excess.

5. If the department [~~of economic development~~] deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits. If the department [~~of economic development~~] disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted. **If the scope of a project for which an application has been approved under this section materially changes, the taxpayer shall be eligible to receive additional tax credits in the year in which the department is notified of and approves of such change in scope, subject to the provisions of subsection 2 of section 253.550 and subsection 7 of this section, if applicable; however, if such project was originally approved prior to August 28, 2018, the department shall evaluate the change in scope of the project under the criteria in effect prior to such date. A change in project scope shall be considered material under this subsection if:**

(1) The project was not previously subject to a material change in scope for which additional tax credits were approved; and

(2) The requested amount of tax credits for the project after the change in scope is higher than the originally approved amount of tax credits.

~~[5.]~~ 6. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains ~~[the same]~~ **a principal of the taxpayer**, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

~~[6.]~~ 7. In the event that the department ~~[of economic development]~~ grants approval for tax credits equal to the total amount available **or authorized, as applicable**, under subsection 2 of section 253.550, or sufficient that when totaled with all other approvals, the amount available **or authorized, as applicable**, under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department ~~[of economic development]~~ that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department ~~[of economic development]~~ and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval **or authorized, as applicable**.

~~[7.]~~ 8. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within ~~[sixty]~~ **one hundred twenty** days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department ~~[of economic development]~~ determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty-day period from the date of such notice to submit additional evidence to remedy the failure.

~~[8.]~~ 9. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within ~~[nine]~~ **twenty-four** months of the date of issuance of the letter from the department ~~[of economic development]~~ granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. **Taxpayers shall notify the department of any loss of site control or of any failure to exercise any option to obtain site control within the prescribed time period within ten days of such loss or failure.** If the department ~~[of economic development]~~ determines that a taxpayer has **lost or failed to obtain site control of the eligible property or otherwise** failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded ~~[and such amount of tax credits]~~. **A taxpayer may voluntarily forfeit such approval at any time by written notice to the department. Any approval rescinded or forfeited under this subsection** shall then be included in the total amount of tax credits **available in the year of such rescission or forfeiture**, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval ~~[shall be subject to rescission]~~ **is rescinded or forfeited under this subsection** shall be notified of such from the department ~~[of economic development]~~ and, upon receipt of such notice, may submit a new application for the project. **If a taxpayer's approval is rescinded or forfeited under this subsection and such taxpayer later submits a new application for the same project, any expenditures eligible for tax credits under section 253.550 that are**

[9.] 10. (1) (a) To claim the credit authorized under sections [253.550] **253.544** to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department [of economic development], which[, in consultation with the department of natural resources,] shall determine the final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation meets the **qualified rehabilitation** standards [of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources].

(b) Evidence that the completed rehabilitation meets the **qualified rehabilitation** standards shall be shown by one of the following:

- a. Final approval by the state historic preservation office; or
- b. An approved part 3 of the federal application.

(c) The state historic preservation office shall review each final application within sixty days and then forward the application to the National Park Service and send copies of any review comments to the applicant. If the state historic preservation office fails to review the application within sixty days, the application shall be forwarded without comments to the National Park Service and the state historic preservation office shall have no further opportunity to submit comments on such application.

(d) An award of tax credits under sections 253.544 to 253.559 shall be contingent on and awarded upon the listing of such eligible property on the National Register of Historic Places.

(2) Within seventy-five days of the department's receipt of all materials required by the department for an application for final approval and issuance of tax credits, which shall include a state approval by the state historic preservation office or an approved part 3 of the federal application for projects receiving federal rehabilitation credits, the department shall issue to the taxpayer tax credit certificates in the amount of seventy-five percent of the lesser of:

(a) The total amount of the tax credits for which the taxpayer is eligible as provided in the taxpayer's certification of qualified expenses submitted with an application for final approval; or

(b) The total amount of tax credits approved for such project under subsection 3 of this section, including any amounts approved in connection with a material change in the scope of the project.

(3) Within one hundred twenty days of the department's receipt of all materials required by the department for an application of final approval and issuance of tax credits for a project, the department shall, unless such project is under appeal under subsection 13 of this section:

(a) Make a final determination of the total costs and expenses of rehabilitation and the amount of tax credits to be issued for such costs and expenses;

(b) Notify the taxpayer in writing of its final determination; and

(c) Issue to the taxpayer tax credit certificates in an amount equal to the remaining amount of tax credits such taxpayer is eligible to receive, as determined by the department, but was not issued in the initial tax credit issuance under subdivision (2) of this subsection.

(4) If the department determines that the amount of tax credits issued to a taxpayer in the initial tax credit issuance under subdivision (2) of this subsection is in excess of the total amount of tax credits such taxpayer is eligible to receive, the department shall notify such taxpayer, and such taxpayer shall repay the department an amount equal to such excess.

(5) For financial institutions credits authorized pursuant to sections [253.550 to 253.561] **253.544 to 253.559** shall be deemed to be economic development credits for purposes of section 148.064. ~~[40.]~~ **11.** Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection ~~[4]~~ **5** of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

~~[11.]~~ **12.** The department ~~[of economic development]~~ shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

13. (1) **With regard to an application submitted under sections 253.544 to 253.559, an applicant or an applicant's duly authorized representative may appeal any official decision, including all preliminary or final approvals, denials of approvals, or dollar amounts of issued tax credits, made by the department of economic development or the state historic preservation office. Such an appeal shall constitute an administrative review of the decision and shall not be conducted as an adjudicative proceeding.**

(2) **The department shall establish an equitable appeals process.**

(3) **The appeals process shall incorporate an independent review panel consisting of members of the private sector and the department.**

(4) **The department shall name an independent appeals officer as chair.**

(5) **An appeal shall be submitted to the designated appeals officer or review panel in writing within thirty days of receipt by the applicant or the applicant's duly authorized representative of the decision that is the subject of the appeal and shall include all information the appellant wishes the appeals officer or review panel to consider in deciding the appeal.**

(2) "Respondent", the person or persons unlawfully occupying property containing a residential dwelling, against whom a verified petition has been filed;

2. Notwithstanding any provision of this chapter to the contrary, a property owner or his or her authorized agent may seek relief for the removal of a person or persons unlawfully occupying property containing a residential dwelling under this section by filing a verified petition in the county or city not within a county where the property is located.

3. Except as provided in subsection 6 of this section, clerks of the court under the supervision of a circuit clerk shall explain to the property owner or his or her authorized agent not represented by counsel the procedures for filing all forms and pleadings necessary for the presentation of his or her petition to the court. Notice of the fact that clerks will provide such assistance shall be conspicuously posted in the clerks' offices. 5. (1) Upon the filing of a verified petition under this section, and for good cause shown in the verified petition, the court shall immediately issue an ex parte order to remove the respondent. The assertion of sufficient evidence that the person or persons are unlawfully occupying property containing a residential dwelling shall constitute good cause for purposes of this section. The verified petition shall set forth the following:

- (a) The petitioner is the property owner or authorized agent of the property owner;
- (b) The property that is being occupied includes a residential dwelling;

(c) An unlawful occupant or unlawful occupants have entered and remain or continue to reside on the property owner's property;

(i) There is no pending litigation related to the real property between the property owner and any known unlawful occupant or unlawful occupants.

(2) An ex parte order to have the unlawful occupant or unlawful occupants removed from property containing a residential dwelling entered by the court shall take effect when entered and shall remain in effect until there is valid service of process and a hearing is held on the motion. Such hearing shall be held within forty-eight hours of filing the verified petition unless good cause is shown for a delay. The court shall deny the ex parte order and dismiss the petition if the petitioner is not authorized to seek relief or does not show good cause.

(3) Failure to serve an ex parte order on the respondent shall not affect the validity or enforceability of such order.

6. Any ex parte order granted under this section shall be to protect the petitioner from trespass by an unlawful occupant or unlawful occupants and may include such terms as the court reasonably deems necessary to ensure the petitioner's safety including, but not limited to:

(1) Restraining the respondent from committing or threatening to commit any act of violence, molestation, stalking, assault, or disturbing the peace of the petitioner or the petitioner's property, including violence against a pet;

(2) Restraining the respondent from entering the petitioner's premises or dwelling unit or coming within a certain proximity of the petitioner's premises or dwelling unit; and

(3) Restraining the respondent from communicating with the petitioner in any manner or through any medium.

(2) Permanently restrain the respondent from entering the petitioner's premises or dwelling unit or coming within a certain proximity of the petitioner's premises or dwelling unit;

(3) Permanently restrain the respondent from communicating with the petitioner in any manner or through any medium;

(7) Order the respondent to pay all costs associated with service of any ex parte order authorized against the respondent; or

(8) Order the respondent to pay court costs.

8. A verified petition seeking an ex parte order under this section shall contain allegations relating to those orders and shall pray for the orders desired.

9. Once the court grants an order under this section, the sheriff of the county or city not within a county in which the property is located shall enforce such order by removing the respondent from the property.

10. If appropriate, the sheriff may arrest any person found in the dwelling for trespass, outstanding warrants, or any other legal cause.

11. The sheriff is entitled to the same fee for the service of the ex parte order granted under this section as if the sheriff were serving a writ of possession under section 57.280. After the sheriff serves the order, the property owner or authorized agent may request that the sheriff stand by to keep the peace while the property owner or agent of the property owner changes the locks and removes the personal property of the unlawful occupants from the premises to or near the property line. When such a request is made, the sheriff may charge a reasonable hourly rate, and the person requesting the sheriff to stand by and keep the peace is responsible for paying the reasonable hourly rate set by the sheriff. The sheriff shall not be liable to the unlawful occupant or occupants or to any other party for the loss, destruction, or damage of property. The property owner or his or her authorized agent shall not be liable to an unlawful occupant or any other party for the loss, destruction, or damage to the personal property unless the removal was wrongful.

12. A person may bring a civil cause of action if the person was removed from the property under this section without just cause. Such person may seek restored possession to the real property, actual damages to personal property when personal property was removed, statutory damages in the amount of one thousand dollars, and reimbursement of court costs. Any damages authorized under this subsection shall be offset by any damages to the real property inflicted by the person who was removed from the real property without just cause. Such damages to real property shall be proven by the property owner. Awards of actual damages shall not exceed the value of the damaged personal property.

13. The provisions of this section do not limit the rights of a property owner or limit the authority of a law enforcement officer to arrest an unlawful occupant for trespassing, vandalism, theft, or other crimes.

14. All proceedings under this section are in addition to any other available civil or criminal remedies, unless otherwise specifically provided in this section.

15. (1) The court shall retain jurisdiction over the ex parte order or full order of protection issued under this section for its entire duration. The court may schedule compliance review hearings to monitor the respondent's compliance with the order.

(2) The terms of the ex parte order or full order of protection issued under this section are enforceable by all remedies available at law for the enforcement of a judgment, and the court may punish a respondent who willfully violates the ex parte order to the same extent as provided by law for contempt of the court in any other suit or proceeding cognizable by the court.

2. In an arrest in which a law enforcement officer acted in good faith reliance on this section, the arresting and assisting law enforcement officers and their employing entities and superiors shall be immune from liability in any civil action alleging false arrest, false imprisonment, or malicious prosecution.

3. A violation of the terms and conditions of an ex parte order under section 534.602 shall be a class A misdemeanor. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an ex parte order under section 534.602 if:

(1) The law enforcement officer responding to a call of a violation of an ex parte order under section 534.602 presented a copy of the ex parte order to the respondent; or

The nutrient management technical standard shall allow the use of a phosphorus index developed by Missouri's first land grant university, regardless of operational control over land application fields. Such phosphorus index shall be revised for each annual planned application of such material and include, but shall not be limited to, data inputs for field use, field slope, field management practices, application method, soil type, phosphorus

soil test, phosphorus solubility, and tillage type. Results of any sampling required under this subsection shall be provided to the department. Such rules shall afford a prudent degree of environmental protection designed to ensure safe and clean soils and water for the surrounding community while accommodating modern agricultural practices. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act, shall be invalid and void.

3. The provisions of subsection 2 of this section shall not apply to land application conducted in compliance with a land application management plan approved by the department.

644.051. PROHIBITED ACTS — PERMITS REQUIRED, WHEN, EXEMPTIONS, FEE — PERMIT APPLICATION PROCEDURES — RULEMAKING — LIMITATION ON USE OF PERMIT FEE MONEYS — PERMIT SHIELD PROVISIONS. — 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds an operating permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no operating permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; and

(4) Any other exclusions the commission may promulgate by rule.

4. A construction permit may be required by the department in the following circumstances:

(1) Substantial deviation from the commission's design standards;

(2) To address noncompliance;

(3) When an unauthorized discharge has occurred or has the potential to occur; or

(4) To correct a violation of water quality standards.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

5. Any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of subsections 3 to 5 of this section. However, any earthen basin constructed to retain and settle nontoxic, nonmetallic earthen materials such as soil, silt, and rock shall be exempt from the construction permit provisions of subsections 3 to 5 of this section. All other construction-related activities at point sources not subject to subsections 3 to 5 of this section shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

(1) Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

(2) Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

(3) Such point source system may receive a post-construction site inspection by the department prior to receiving operating permit approval. A site inspection may be performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete.

6. **Notwithstanding any provision of this section to the contrary, the commission may exempt an entity from the requirement to obtain a permit under this section based on licensure under the Missouri fertilizer law, sections 266.291 to 266.351, only if the entity is producing products that are commercially sold to an end user in accordance with such sections and has accurate labeling for each container that includes the information required under subsection 1 of section 266.321.**

7. **Entities currently storing combined bulk fertilizers in storage basins shall not be exempt from any design requirements for agrichemical facilities established by rule when constructing new agrichemical facilities.**

8. (1) **In order to receive an operating permit under this section, any point source or operating location seeking an operating permit for a commingled offsite industrial wastewater or wastewater residuals open storage basin or open storage vessel shall meet current design requirements for a wastewater treatment facility's design capacity.**

(2) **Except as provided in subdivision (3) of this subsection, the department shall require at least, but not more than, the following buffer distances between the nearest commingled offsite industrial wastewater or wastewater residuals open storage basin or open storage vessel and any public building or occupied residence other than a public building or occupied residence that is operated by the commingled offsite industrial wastewater or wastewater residuals open storage basin or open storage vessel or a residence from which a written agreement for operation is obtained:**

(a) **For a facility with a capacity of more than five hundred thousand gallons but less than or equal to five million gallons, one thousand feet;**

(b) **For a facility with a capacity of more than five million gallons but less than or equal to ten million gallons, two thousand feet; and**

(c) **For a facility with a capacity of more than ten million gallons, three thousand five hundred feet.**

(3) **All commingled offsite industrial wastewater or wastewater residuals open storage basins or open storage vessels holding valid operating permits as of the effective date of this section shall be exempt from the buffer distances prescribed in subdivision (2) of this subsection. Such distances shall not apply to a facility that has received a written agreement signed by all affected property owners within the relevant buffer distance.**

(4) **The department shall require groundwater monitoring on a site-specific basis when, in the determination of the division of geological survey, the commingled offsite industrial**

wastewater and wastewater residuals open storage basin or open storage vessel is located in proximity to a geological feature that increases the likelihood of groundwater contamination.

(5) (a) The department shall establish by rule sampling requirements for commingled offsite industrial wastewater and wastewater residuals open storage basins or open storage vessels based on permitted materials.

(b) The department shall, within sixty days of the effective date of this section, begin the process of promulgating rules, which shall include creating a chain of custody record form to be used by all parties during the handling of testing samples, and, at a minimum, establish criteria to require annual sampling and testing of any contents of any commingled offsite industrial wastewater or wastewater residuals open storage basin or open storage vessel for:

a. The total concentrations of metals, including arsenic, aluminum, barium, cadmium, chromium, copper, lead, mercury, selenium, silver, and thallium; and

b. E. coli and fecal coliform.

(c) Testing under paragraph (b) of this subdivision shall be done by a third-party certified laboratory and results of the testing shall be sent to the department by the third-party certified laboratory annually.

9. A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

[7.] 10. Before issuing any permit required by this section, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

[8.] 11. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

[9.] 12. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons for such denial. As provided by sections 621.250 and 640.013, the applicant may appeal to the administrative hearing commission from the denial of a permit or from any condition in any permit by filing a petition with the administrative hearing commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto. Once the administrative hearing commission has reviewed the appeal, the administrative hearing

commission shall issue a recommended decision to the commission on permit issuance, denial, or any condition of the permit. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, or any condition of the permit. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the point source is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

~~[40-]~~ **13.** In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

~~[41-]~~ **14.** In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

~~[42-]~~ **15.** Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

~~[43-]~~ **16.** No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit. Applications seeking to renew coverage under a general permit shall be submitted at least thirty days prior to the expiration of the general permit, unless the permittee has been notified by the director that an earlier application must be made. General permits may be applied for and issued electronically once made available by the director.

~~[44-]~~ **17.** Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

~~[45-]~~ **18.** The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new

and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

~~[46.]~~ 19. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the permits within sixty days of the department's receipt of an application. For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application seeking coverage under an initial general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the department's receipt of the application. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

~~[47-]~~ **20.** The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

~~[48-]~~ **21.** All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

~~[49-]~~ **22.** The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. Section 1342(k), and its implementing regulations, for permits issued pursuant to this chapter.

~~[20-]~~ **23.** Prior to the development of a new general permit or reissuance of a general permit for aquaculture, land disturbance requiring a storm water permit, or reissuance of a general permit under which fifty or more permits were issued under a general permit during the immediately preceding five-year period for a designated category of water contaminant sources, the director shall implement a public participation process complying with the following minimum requirements:

(1) For a new general permit or reissuance of a general permit, a general permit template shall be developed for which comments shall be sought from permittees and other interested persons prior to issuance of the general permit;

(2) The director shall publish notice of his intent to issue a new general permit or reissue a general permit by posting notice on the department's website at least one hundred eighty days before the proposed effective date of the general permit;

(3) The director shall hold a public informational meeting to provide information on anticipated permit conditions and requirements and to receive informal comments from permittees and other interested persons. The director shall include notice of the public informational meeting with the notice of intent to issue a new general permit or reissue a general permit under subdivision (2) of this subsection. The notice of the public informational meeting, including the date, time and location, shall be posted on the department's website at least thirty days in advance of the public meeting. If the meeting is being held for reissuance of a general permit, notice shall also be made by electronic mail to all permittees holding the current general permit which is expiring. Notice to current permittees shall be made at least twenty days prior to the public meeting;

(4) The director shall hold a thirty-day public comment period to receive comments on the general permit template with the thirty-day comment period expiring at least sixty days prior to the effective date of the general permit. Scanned copies of the comments received during the public comment period shall be posted on the department's website within five business days after close of the public comment period;

(5) A revised draft of a general permit template and the director's response to comments submitted during the public comment period shall be posted on the department's website at least forty-five days prior to issuance of the general permit. At least forty-five days prior to issuance of the general permit the department shall notify all persons who submitted comments to the department that these documents have been posted to the department's website;

(6) Upon issuance of a new or renewed general permit, the general permit shall be posted to the department's website.

~~[21-]~~ **24.** Notices required to be made by the department pursuant to subsection ~~[20]~~ **23** of this section may be made by electronic mail. The department shall not be required to make notice to any

permittee or other person who has not provided a current electronic mail address to the department. In the event the department chooses to make material modifications to the general permit before its expiration, the department shall follow the public participation process described in subsection [20] 23 of this section.

644.145. AFFORDABILITY FINDING REQUIRED, WHEN — DEFINITIONS — PROCEDURES TO BE ADOPTED — APPEAL OF DETERMINATION — ANNUAL REPORT, CONTENTS. — 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or water or sewer treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. Section 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or water or sewer treatment works, the department of natural resources shall make a finding of affordability on the costs to be incurred and the impact of any rate changes on ratepayers upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

- (a) Issuing collection system extension permits;
- (b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or
- (c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) "Affordability", with respect to payment of a utility bill, a measure of whether an individual customer or household with an income equal to or lower than the median household income for their community can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) "Financial capability", the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) "Finding of affordability", a department statement as to whether an individual or a household receiving as income an amount equal to or lower than the median household income for the applicant community would be required to make unreasonable sacrifices in the individual's or the household's essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an

opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

- (1) A community's financial capability and ability to raise or secure necessary funding;
 - (2) Affordability of pollution control options for the individuals or households at or below the median household income level of the community;
 - (3) An evaluation of the overall costs and environmental benefits of the control technologies;
 - (4) Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;
 - (5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:
 - (a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and
 - (b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;
 - (6) An assessment of other community investments and operating costs relating to environmental improvements and public health protection;
 - (7) An assessment of factors set forth in the United States Environmental Protection Agency's guidance, including but not limited to the "Combined Sewer Overflow Guidance for Financial Capability Assessment and Schedule Development" that may ease the cost burdens of implementing wet weather control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards; and
 - (8) An assessment of any other relevant local community economic condition.
5. Prescriptive formulas and measures used in determining financial capability, affordability, and thresholds for expenditure, such as median household income, should not be considered to be the only indicator of a community's ability to implement control technology and shall be viewed in the context of other economic conditions rather than as a threshold to be achieved.
6. Reasonable time spent preparing draft affordability findings, allowing permittees to review draft affordability findings or draft permits, or revising draft affordability findings, shall be allowed in addition to the department's deadlines for making permitting decisions pursuant to section 644.051.
7. If the department of natural resources fails to make a finding of affordability where required by this section, then the resulting permit or decision shall be null, void and unenforceable.
8. The department of natural resources' findings under this section may be appealed to the commission pursuant to subsection **[9]** **12** of section 644.051.
9. The department shall file an annual report by the beginning of the fiscal year with the governor, the speaker of the house of representatives, the president pro tempore of the senate, and the chairs of the committees in both houses having primary jurisdiction over natural resource issues showing at least the following information on the findings of affordability completed in the previous calendar year:
- (1) The total number of findings of affordability issued by the department, those categorized as affordable, those categorized as not meeting the definition of affordable, and those implemented as a federal mandate regardless of affordability;
 - (2) The average increase in sewer rates both in dollars and percentage for all findings found to be affordable;

(3) The average increase in sewer rates as a percentage of median house income in the communities for those findings determined to be affordable and a separate calculation of average increases in sewer rates for those found not to meet the definition of affordable;

(4) A list of all the permit holders receiving findings, and for each permittee the following data taken from the finding of affordability shall be listed:

- (a) Current and projected monthly residential sewer rates in dollars;
- (b) Projected monthly residential sewer rates as a percentage of median household income;
- (c) Percentage of households at or below the state poverty rate.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to protect the health of Missourians living near certain industrial wastewater facilities and to protect the environment from the release of pollution, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

135.713. EDUCATIONAL ASSISTANCE ORGANIZATION CONTRIBUTION TAX CREDIT — AMOUNT, PROCEDURE — EFFECTIVE, WHEN. — 1. Any taxpayer who makes a qualifying contribution to an educational assistance organization after August 28, 2021, may claim a credit against the tax otherwise due under chapter 143, other than taxes withheld under sections 143.191 to 143.265,

and chapter 153 in an amount equal to one hundred percent of the amount the taxpayer contributed during the tax year for which the credit is claimed. No taxpayer shall claim a credit ~~under~~ **pursuant to** sections 135.712 to 135.719 for any contribution made by the taxpayer, or an agent of the taxpayer, on behalf of the taxpayer's dependent or, in the case of a business taxpayer, on behalf of the business's agent's dependent.

2. The amount of the tax credit claimed shall not exceed fifty percent of the taxpayer's state tax liability for the tax year for which the credit is claimed. The state treasurer shall certify the tax credit amount to the taxpayer. A taxpayer may carry the credit forward to any of ~~such taxpayer's~~ **his or her** four subsequent tax years. All tax credits authorized ~~under~~ **pursuant to** the program shall not be transferred, sold, or assigned, and are not refundable.

3. The cumulative amount of tax credits that may be allocated to all taxpayers contributing to educational assistance organizations in any one calendar year shall not exceed fifty million dollars, which amount shall be annually adjusted by the state treasurer for inflation based on the Consumer Price Index for All Urban Consumers for the Midwest region, as defined and officially recorded by the United States Department of Labor or its successor, such annual increase will cease when the amount of tax credits reach seventy-five million dollars. The state treasurer shall establish a procedure by which, from the beginning of the calendar year until August first, the cumulative amount of tax credits shall be allocated on a first-come, first-served basis among all educational assistance organizations. If an educational assistance organization fails to use all, or some percentage to be determined by the state treasurer, of its allocated tax credits during this period, the state treasurer may reallocate these unused tax credits to those educational assistance organizations that have used all, or some percentage to be determined by the state treasurer, of their allocated tax credits during this period. The state treasurer may establish more than one period and reallocate more than once during each calendar year. The state treasurer shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the calendar year.

4. A taxpayer who makes a contribution to an education assistance organization shall not designate the student who will receive a scholarship grant.

5. The provisions of sections 135.712 to 135.719 and sections 166.700 to 166.720 shall be effective in any fiscal year immediately ~~subsequent to~~ **after** any fiscal year in which the amount appropriated for pupil transportation ~~under~~ **pursuant to** section 163.161 equals or exceeds forty percent of the projected amount necessary to fully fund transportation aid funding for fiscal year 2021. If the amount appropriated for transportation ~~under~~ **pursuant to** section 163.161 in any succeeding year falls below such amount, no additional scholarships for newly qualified students shall be awarded.

161.670. COURSE ACCESS AND VIRTUAL SCHOOL PROGRAM ESTABLISHED, ELIGIBILITY FOR ENROLLMENT — STATE AID CALCULATION — ENROLLMENT PROCESS, PAYMENT BY DISTRICT — INSTRUCTIONAL ACTIVITIES, REQUIREMENTS — DEPARTMENT DUTIES, ANNUAL REPORT — RULEMAKING AUTHORITY. — 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish the "Missouri Course Access and Virtual School Program" to serve school-age students residing in the state. The Missouri course access and virtual school program shall offer nonclassroom-based instruction in a virtual setting using technology, intranet, or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the Missouri course access and virtual school program pursuant to subsection 3 of this section.

2. (1) For purposes of calculation and distribution of state school aid, students enrolled in the Missouri course access and virtual school program shall be included in the student enrollment of the school district in which the student is enrolled under **the relevant provisions of** subsection 3 of this section ~~[-; provided that any such]~~ **for such enrollment.** Student attendance for full-time virtual program

students shall only be included in any district pupil attendance calculation under chapter 163 ~~and any charter school pupil attendance calculation under section 160.415,~~ using current-year pupil attendance for such full-time virtual program pupils; ~~and further provided that~~. **For the purpose of calculating average daily attendance in full time virtual programs under this section, average daily attendance shall be defined as the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by enrolled pupils between the ages of five and twenty-one by the actual number of hours that the program was in session in that term, and the provisions of section 162.1250 shall not apply to such funding calculation. Such calculation shall be generated by the virtual provider and provided to the host district for submission to the department of elementary and secondary education. Such students may complete their instructional activities, as defined in subsection 4 of this section, during any hour of the day and during any day of the week. The hours attended for each enrolled pupil shall be documented by the pupil's weekly progress in the educational program according to a process determined by the virtual program and published annually in the virtual program's enrollment handbook or policy. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students.** In the case of a host school district enrolling one or more full-time virtual school students, such enrolling district shall, **as part of its monthly state allocation,** receive no less under the state aid calculation for such students than an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students. Students residing in Missouri and enrolled in a full-time virtual school program operated by a public institution of higher education in this state shall be counted for a state aid calculation by the department, and the department shall pay, from funds dedicated to state school aid payments made under section 163.031, to such institution an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students.

(2) The Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who is enrolled in the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate.

(3) Pursuant to an education services plan and collaborative agreement under subsection 3 of this section, full-time equivalent students may be allowed to use a physical location of the resident school district for all or some portion of ongoing instructional activity, and the enrollment plan shall provide for reimbursement of costs of the resident district for providing such access pursuant to rules promulgated under this section by the department.

(4) In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

(5) A full-time virtual school program serving full-time equivalent students shall be considered an attendance center in the host school district and shall participate in the statewide assessment system as defined in section 160.518. The academic performance of students enrolled in a full-time virtual school program shall be assigned to the designated attendance center of the full-time virtual school program and shall be considered in like manner to other attendance centers. The academic performance of any student who disenrolls from a full-time virtual school program and enrolls in a public school or charter

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

school shall not be used in determining the annual performance report score of the attendance center or school district in which the student enrolls for twelve months from the date of enrollment.

(6) For the purposes of this section, a public institution of higher education operating a full-time virtual school program shall be subject to all requirements applicable to a host school district with respect to its full-time equivalent students.

3. (1) A student who resides in this state may enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student's annual course load each school year, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in a public school, including any charter school; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. The policy shall ensure that available opportunities for in-person instruction are considered prior to moving a student to virtual courses. The policy shall allow for continuous enrollment throughout the school year. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for good cause. Good cause justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student, and shall be consistent with the determination that would be made for such course request under the process by which a district student would enroll in a similar course offered by the school district and a charter school student would enroll in a similar course offered by the charter school, except that the determination may consider the suitability of virtual courses for the student based on prior participation in virtual courses by the student. Appeals of any course denials under this subsection shall be considered under a policy that is substantially similar to the typical process by which appeals would be considered for a student seeking to enroll in courses offered by the school district and a charter school student seeking to enroll in courses offered by the charter school.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under this subdivision, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course.

(4) ~~[For students enrolling in a full-time virtual program, the department of elementary and secondary education shall adopt a policy that delineates the process by which]~~ (a) A student who lives in this state may enroll in a virtual program of their choice as provided in this subdivision, **and the provisions of subdivisions 1 to 3 of this subsection shall not apply to such enrollment in a full-time virtual program.** Each host school district operating a full-time virtual program under this section shall **adopt, operate and implement** ~~[the state]~~ **an enrollment policy** ~~[, subject to]~~ **as specified by** the provisions of this subdivision. ~~[The policy shall:~~

~~(a) Require the good faith collaboration of~~ The student, the student's parent or guardian if the student is not considered homeless, the virtual program, the host district, and the resident district~~;~~ **shall collaborate in good faith to implement the enrollment policy regarding the student's enrollment, and the resident school district and the host school district may mutually agree that the resident district shall offer or continue to offer services for the student under an agreement that includes financial terms for reimbursement by the host school district for the necessary costs of the resident school district providing such services. An enrollment policy specified under this subsection shall:**

a. Require a student's parent or guardian, if the student is not considered homeless, to apply for enrollment in a full-time virtual program directly with the virtual program;

~~[(b)]~~ **b.** Specify timelines for timely participation by the virtual program, the host district, and resident district; provided that the resident district shall provide any relevant information and input on the enrollment within ten business days of notice from the virtual program of the enrollment application;

~~[(c)]~~ **c.** Include a survey of the reasons for the student's and parent's interests in participating in the virtual program;

~~[(d)]~~ **d.** Include consideration of available opportunities for in-person instruction prior to enrolling a student in a virtual program;

~~[(e)]~~ **e.** Evaluate requests for enrollment based on meeting the needs for a student to be successful considering all relevant factors;

~~[(f)]~~ **f.** Ensure that, for any enrolling student **with a covered disability**, an **individualized education [services plan and collaborative agreement is] program and a related services agreement, in cases where such agreement is needed, are** created to provide all services required to ensure a free and appropriate public education, including financial terms for reimbursement by the host district for the necessary costs of any virtual program, school district, or public or private entity providing all or a portion of such services;

~~[(g)]~~ **g.** Require the virtual program to determine whether an enrolling student will be admitted, based on the enrollment policy, in consideration of all relevant factors and provide the basis for its determination and any service plan for the student, in writing, to the student, the student's parent or guardian, the host district, and the resident district; **and**

~~[(h)]~~ **h.** Provide a process for reviewing appeals of decisions made under this subdivision~~;~~ **and**.

~~[(i) Require]~~ **(b)** The department ~~[(t)]~~ **shall** publish an annual report based on the enrollments and enrollment surveys conducted under this subdivision that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the virtual program at the statewide and district levels; provided that no such survey results will be published in a manner that reveals individual student information. The department shall also include, in the annual report, data at the statewide and district levels of sufficient detail to allow detection and analysis of the racial, ethnic, and socio-economic balance of virtual program participation among schools and districts at the statewide and district levels, provided that no such survey results will be published in a manner that reveals individual student information.

(5) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(6) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(7) Virtual school programs shall monitor individual student success and engagement of students enrolled in their program~~;~~ **and, for students enrolled in virtual courses on a part-time basis, the virtual school program shall** provide regular student progress reports for each student at least four times per school year to the school district or charter school, provide the host school district and the

resident school district ongoing access to academic and other relevant information on student success and engagement, and shall terminate or alter the course offering if it is found the course ~~for full-time virtual school~~ is not meeting the educational needs of the students enrolled in the course.

(8) The department of elementary and secondary education shall monitor the aggregate performance of providers and make such information available to the public under subsection 11 of this section.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(10) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(11) Nothing in this section shall prohibit home school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(12) Nothing in this subsection shall require any school district, charter school, virtual program, or the state to provide computers, equipment, or internet access to any student unless required under the education services plan created for an eligible student under subdivision (4) of this subsection or for an eligible student with a disability to comply with federal law. An education services plan may require an eligible student to have access to school facilities of the resident school district during regular school hours for participation and instructional activities of a virtual program under this section, and the education services plan shall provide for reimbursement of the resident school district for such access pursuant to rules adopted by the department under this section.

(13) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(14) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(15) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

(16) A host district may contract with a provider to perform any required services involved with delivering a full-time virtual education.

4. (1) As used in this subsection, the term "instructional activities" means classroom-based or nonclassroom-based activities that a student shall be expected to complete, participate in, or attend during any given school day, such as:

- (a) Online logins to curricula or programs;
- (b) Offline activities;
- (c) Completed assignments within a particular program, curriculum, or class;

- (d) Testing;
- (e) Face-to-face communications or meetings with school staff;
- (f) Telephone or video conferences with school staff;
- (g) School-sanctioned field trips; or
- (h) Orientation.

(2) A full-time virtual school shall submit a notification to the parent or guardian of any student who is not consistently engaged in instructional activities **and shall provide regular student progress reports for each student at least four times per school year.**

(3) Each full-time virtual school shall develop, adopt, and post on the school's website a policy setting forth the consequences for a student who fails to complete the required instructional activities. Such policy shall state, at a minimum, that if a student fails to complete the instructional activities after receiving a notification under subdivision (2) of this subsection, and after reasonable intervention strategies have been implemented, that the student shall be subject to certain consequences which may include disenrollment from the school. Prior to any disenrollment, the parent or guardian shall have the opportunity to present any information that the parent deems relevant, and such information shall be considered prior to any final decision.

(4) If a full-time virtual school disenrolls a student under subdivision (3) of this subsection, the school shall immediately provide written notification to such student's school district of residence. The student's school district of residence shall then provide to the parents or guardian of the student a written list of available educational options and promptly enroll the student in the selected option. Any student disenrolled from a full-time virtual school shall be prohibited from reenrolling in the same virtual school for the remainder of the school year.

5. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

6. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

(a) Submit all necessary information pursuant to the requirements of the process; and

(b) Meet the criteria described in subdivision (3) of this subsection;

(3) Review, pursuant to the authorization process, proposals from providers to provide a comprehensive, full-time equivalent course of study for students through the Missouri course access and virtual school program. The department shall ensure that these comprehensive courses of study align to state academic standards and that there is consistency and compatibility in the curriculum used by all providers from one grade level to the next grade level;

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization;

(5) Allow a course or full-time virtual school provider denied authorization to reapply at any point in the future.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), annual performance report (APR), teacher certification, curriculum standards, audit requirements under chapter 165, access to public records under chapter 610, and school accountability report cards under section 160.522. Teachers and administrators employed by a virtual provider shall be considered to be employed in a public school for all certification purposes under chapter 168.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. The report shall at a minimum include the following information:

- (1) The annual number of unique students participating in courses authorized under this section and the total number of courses in which students are enrolled in;
- (2) The number of authorized providers;
- (3) The number of authorized courses and the number of students enrolled in each course;
- (4) The number of courses available by subject and grade level;
- (5) The number of students enrolled in courses broken down by subject and grade level;
- (6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy;
- (7) The costs per course;
- (8) Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. (1) The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to the member's original date of employment in a Missouri public school.

8. Within thirty days of receiving an application from a spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-of-station basis and has successfully completed the background check described under subsection 5 of this section and section 168.133, the state board shall issue to such applicant a full certificate of license to teach, provided that the applicant has paid all necessary fees and has otherwise met all requirements to be issued such a certificate.

208.152. MEDICAL SERVICES FOR WHICH PAYMENT SHALL BE MADE — CO-PAYMENTS MAY BE REQUIRED — REIMBURSEMENT FOR SERVICES — NOTIFICATION UPON CHANGE IN INTERPRETATION OR APPLICATION OF REIMBURSEMENT — REIMBURSEMENT FOR BEHAVIORAL, SOCIAL, AND PSYCHOLOGICAL SERVICES FOR PHYSICAL HEALTH ISSUES. — 1. (5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. Nothing in this subdivision shall be interpreted to otherwise expand MO HealthNet services;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(11) Home health care services;

(12) Family planning as defined by federal rules and regulations; **provided, that no funds shall be expended to any abortion facility, as defined in section 188.015, or to any affiliate, as defined in section 188.015, of such abortion facility; and further** provided, however, that such family planning services shall not include abortions or any abortifacient drug or device that is used for the purpose of inducing an abortion unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(24) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet

program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

15. There shall be no payments made under this section for gender transition surgeries, cross-sex hormones, or puberty-blocking drugs, as such terms are defined in section 191.1720, for the purpose of a gender transition.

208.153. MEDICAL ASSISTANCE — REGULATIONS AS TO COSTS AND MANNER — FEDERAL MEDICAL INSURANCE BENEFITS MAY BE PROVIDED. — 1. Pursuant to and not inconsistent with the provisions of sections 208.151 and 208.152, the MO HealthNet division shall by rule and regulation define the reasonable costs, manner, extent, quantity, quality, charges and fees of MO HealthNet benefits herein provided. The benefits available under these sections shall not replace those provided under other federal or state law or under other contractual or legal entitlements of the persons receiving them, and all persons shall be required to apply for and utilize all benefits available to them and to pursue all causes of action to which they are entitled. Any person entitled to MO HealthNet benefits may obtain it from any provider of services **that is not excluded or disqualified as a provider under any provision of law including, but not limited to, section 208.164**, with which an agreement is in effect under this section and which undertakes to provide the services, as authorized by the MO HealthNet division. At the discretion of the director of the MO HealthNet division and with the approval of the governor, the MO HealthNet division is authorized to provide medical benefits for participants receiving public assistance by expending funds for the payment of federal medical insurance premiums, coinsurance and deductibles pursuant to the provisions of Title XVIII B and XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), as amended.

2. MO HealthNet shall include benefit payments on behalf of qualified Medicare beneficiaries as defined in 42 U.S.C. Section 1396d(p). The family support division shall by rule and regulation establish which qualified Medicare beneficiaries are eligible. The MO HealthNet division shall define

Matter in bold-face type is proposed language.

the premiums, deductible and coinsurance provided for in 42 U.S.C. Section 1396d(p) to be provided on behalf of the qualified Medicare beneficiaries.

3. MO HealthNet shall include benefit payments for Medicare Part A cost sharing as defined in clause (p)(3)(A)(i) of 42 U.S.C. 1396d on behalf of qualified disabled and working individuals as defined in subsection (s) of Section 42 U.S.C. 1396d as required by subsection (d) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989). The MO HealthNet division may impose a premium for such benefit payments as authorized by paragraph (d)(3) of Section 6408 of P.L. 101-239.

4. MO HealthNet shall include benefit payments for Medicare Part B cost sharing described in 42 U.S.C. Section 1396(d)(p)(3)(A)(ii) for individuals described in subsection 2 of this section, but for the fact that their income exceeds the income level established by the state under 42 U.S.C. Section 1396(d)(p)(2) but is less than one hundred and ten percent beginning January 1, 1993, and less than one hundred and twenty percent beginning January 1, 1995, of the official poverty line for a family of the size involved.

5. For an individual eligible for MO HealthNet under Title XIX of the Social Security Act, MO HealthNet shall include payment of enrollee premiums in a group health plan and all deductibles, coinsurance and other cost-sharing for items and services otherwise covered under the state Title XIX plan under Section 1906 of the federal Social Security Act and regulations established under the authority of Section 1906, as may be amended. Enrollment in a group health plan must be cost effective, as established by the Secretary of Health and Human Services, before enrollment in the group health plan is required. If all members of a family are not eligible for MO HealthNet and enrollment of the Title XIX eligible members in a group health plan is not possible unless all family members are enrolled, all premiums for noneligible members shall be treated as payment for MO HealthNet of eligible family members. Payment for noneligible family members must be cost effective, taking into account payment of all such premiums. Non-Title XIX eligible family members shall pay all deductible, coinsurance and other cost-sharing obligations. Each individual as a condition of eligibility for MO HealthNet benefits shall apply for enrollment in the group health plan.

6. Any Social Security cost-of-living increase at the beginning of any year shall be disregarded until the federal poverty level for such year is implemented.

7. If a MO HealthNet participant has paid the requested spenddown in cash for any month and subsequently pays an out-of-pocket valid medical expense for such month, such expense shall be allowed as a deduction to future required spenddown for up to three months from the date of such expense.

If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

3. The general assembly shall annually appropriate to the fund an amount not to exceed five million dollars. 4. A home reading program shall be considered eligible for a grant from the fund if the program is provided by a nonprofit organization that meets all of the following conditions:

(1) The program's objective is to deliver an evidence-based reading program consisting of books that are individually mailed to the residences of students in kindergarten to grade five following the selection of such books by such students, provided that each student shall be allowed to select books that he or she can read on his or her own with ease;

161.670. COURSE ACCESS AND VIRTUAL SCHOOL PROGRAM ESTABLISHED, ELIGIBILITY FOR ENROLLMENT — STATE AID CALCULATION — ENROLLMENT PROCESS, PAYMENT BY DISTRICT — INSTRUCTIONAL ACTIVITIES, REQUIREMENTS — DEPARTMENT DUTIES, ANNUAL REPORT — RULEMAKING AUTHORITY. — 1. Notwithstanding any other law, prior to July 1, 2007, the state board of education shall establish the "Missouri Course Access and Virtual School Program" to serve school-age students residing in the state. The Missouri course access and virtual school program shall offer nonclassroom-based instruction in a virtual setting using technology, intranet, or internet methods of communication. Any student under the age of twenty-one in grades kindergarten through twelve who resides in this state shall be eligible to enroll in the Missouri course access and virtual school program pursuant to subsection 3 of this section.

2. (1) For purposes of calculation and distribution of state school aid, students enrolled in the Missouri course access and virtual school program shall be included in the student enrollment of the school district in which the student is enrolled under the relevant provisions of subsection 3 of this section; provided that any such] for such enrollment. students shall only be included in any district pupil attendance calculation under chapter 163 [and any charter school pupil attendance calculation under section 160.415,] using current-year pupil attendance for such full-time virtual program pupils[; and further provided that]. For the purpose of calculating average daily attendance in full-time virtual programs under this section, average daily attendance shall be defined as the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by enrolled pupils between the ages of five and twenty-one by the actual number of hours that the program was in session in that term, and the provisions of section 162.1250 shall not apply to such funding calculation. Such calculation shall be generated by the virtual provider and provided to the host district for submission to the department of elementary and secondary education. Such students may complete their instructional activities, as defined in subsection 4 of this section, during any hour of the day and during any day of the week. The hours attended for each enrolled pupil shall be documented by the pupil's weekly progress in the educational program according to a process determined by the virtual program and published annually in the virtual program's enrollment handbook or policy. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. In the case of a host school district enrolling one or more full-time virtual school students, such enrolling district shall, as part of its monthly state allocation, receive no less under the state aid calculation for such students than an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students. Students residing in Missouri and enrolled in a full-time virtual school program operated by a public institution of higher education in this state shall be counted for a state aid calculation by the department, and the department shall pay, from funds dedicated to state school aid payments made under section 163.031, to such institution an amount equal to the state adequacy target multiplied by the weighted average daily attendance of such full-time students.

(2) The Missouri course access and virtual school program shall report to the district of residence the following information about each student served by the Missouri course access and virtual school program: name, address, eligibility for free or reduced-price lunch, limited English proficiency status, special education needs, and the number of courses in which the student is enrolled. The Missouri course access and virtual school program shall promptly notify the resident district when a student discontinues enrollment. A "full-time equivalent student" is a student who is enrolled in the instructional equivalent of six credits per regular term. Each Missouri course access and virtual school program course shall count as one class and shall generate that portion of a full-time equivalent that a comparable course offered by the school district would generate.

(3) Pursuant to an education services plan and collaborative agreement under subsection 3 of this section, full-time equivalent students may be allowed to use a physical location of the resident school district for all or some portion of ongoing instructional activity, and the enrollment plan shall provide for reimbursement of costs of the resident district for providing such access pursuant to rules promulgated under this section by the department.

(4) In no case shall more than the full-time equivalency of a regular term of attendance for a single student be used to claim state aid. Full-time equivalent student credit completed shall be reported to the department of elementary and secondary education in the manner prescribed by the department. Nothing in this section shall prohibit students from enrolling in additional courses under a separate agreement that includes terms for paying tuition or course fees.

(5) A full-time virtual school program serving full-time equivalent students shall be considered an attendance center in the host school district and shall participate in the statewide assessment system as defined in section 160.518. The academic performance of students enrolled in a full-time virtual school program shall be assigned to the designated attendance center of the full-time virtual school program and shall be considered in like manner to other attendance centers. The academic performance of any

student who disenrolls from a full-time virtual school program and enrolls in a public school or charter school shall not be used in determining the annual performance report score of the attendance center or school district in which the student enrolls for twelve months from the date of enrollment.

(6) For the purposes of this section, a public institution of higher education operating a full-time virtual school program shall be subject to all requirements applicable to a host school district with respect to its full-time equivalent students.

3. (1) A student who resides in this state may enroll in Missouri course access and virtual school program courses of his or her choice as a part of the student's annual course load each school year, with any costs associated with such course or courses to be paid by the school district or charter school if:

(a) The student is enrolled full-time in a public school, including any charter school; and

(b) Prior to enrolling in any Missouri course access and virtual school program course, a student has received approval from his or her school district or charter school through the procedure described under subdivision (2) of this subsection.

(2) Each school district or charter school shall adopt a policy that delineates the process by which a student may enroll in courses provided by the Missouri course access and virtual school program that is substantially similar to the typical process by which a district student would enroll in courses offered by the school district and a charter school student would enroll in courses offered by the charter school. The policy may include consultation with the school's counselor and may include parental notification or authorization. The policy shall ensure that available opportunities for in-person instruction are considered prior to moving a student to virtual courses. The policy shall allow for continuous enrollment throughout the school year. If the school district or charter school disapproves a student's request to enroll in a course or courses provided by the Missouri course access and virtual school program, the reason shall be provided in writing and it shall be for good cause. Good cause justification to disapprove a student's request for enrollment in a course shall be a determination that doing so is not in the best educational interest of the student, and shall be consistent with the determination that would be made for such course request under the process by which a district student would enroll in a similar course offered by the school district and a charter school student would enroll in a similar course offered by the charter school, except that the determination may consider the suitability of virtual courses for the student based on prior participation in virtual courses by the student. Appeals of any course denials under this subsection shall be considered under a policy that is substantially similar to the typical process by which appeals would be considered for a student seeking to enroll in courses offered by the school district and a charter school student seeking to enroll in courses offered by the charter school.

(3) For students enrolled in any Missouri course access and virtual school program course in which costs associated with such course are to be paid by the school district or charter school as described under this subdivision, the school district or charter school shall pay the content provider directly on a pro rata monthly basis based on a student's completion of assignments and assessments. If a student discontinues enrollment, the district or charter school may stop making monthly payments to the content provider. No school district or charter school shall pay, for any one course for a student, more than the market necessary costs but in no case shall pay more than fourteen percent of the state adequacy target, as defined under section 163.011, as calculated at the end of the most recent school year for any single, year-long course and no more than seven percent of the state adequacy target as described above for any single semester equivalent course.

(4) [For students enrolling in a full-time virtual program, the department of elementary and secondary education shall adopt a policy that delineates the process by which] (a) A student who lives in this state may enroll in a virtual program of their choice as provided in this subdivision, and the provisions of subdivisions (1) to (3) of this subsection shall not apply to such enrollment in a full-time virtual program. Each host school district operating a full-time virtual program under this section shall

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

adopt, operate and implement [the state] an enrollment policy, subject to] as specified by the provisions of this subdivision. [The policy shall:

(a) Require the good faith collaboration of] The student, the student's parent or guardian if the student is not considered homeless, the virtual program, the host district, and the resident district[;] shall collaborate in good faith to implement the enrollment policy regarding the student's enrollment, and the resident school district and the host school district may mutually agree that the resident district shall offer or continue to offer services for the student under an agreement that includes financial terms for reimbursement by the host school district for the necessary costs of the resident school district providing such services. An enrollment policy specified under this subsection shall:

[(b)] a. Require a student's parent or guardian, if the student is not considered homeless, to apply for enrollment in a full-time virtual program directly with the virtual program;

b. Specify timelines for timely participation by the virtual program, the host district, and resident district; provided that the resident district shall provide any relevant information and input on the enrollment within ten business days of notice from the virtual program of the enrollment application;

[(c)] c. Include a survey of the reasons for the student's and parent's interests in participating in the virtual program;

[(d)] d. Include consideration of available opportunities for in-person instruction prior to enrolling a student in a virtual program;

[(e)] e. Evaluate requests for enrollment based on meeting the needs for a student to be successful considering all relevant factors;

[(f)] f. Ensure that, for any enrolling student with a covered disability, an individualized education [services plan and collaborative agreement is] program and a related services agreement, in cases where such agreement is needed, are created to provide all services required to ensure a free and appropriate public education, including financial terms for reimbursement by the host district for the necessary costs of any virtual program, school district, or public or private entity providing all or a portion of such services;

[(g)] g. Require the virtual program to determine whether an enrolling student will be admitted, based on the enrollment policy, in consideration of all relevant factors and provide the basis for its determination and any service plan for the student, in writing, to the student, the student's parent or guardian, the host district, and the resident district; and

[(h)] h. Provide a process for reviewing appeals of decisions made under this subdivision; and].

[(i) Require] (b) The department [to] shall publish an annual report based on the enrollments and enrollment surveys conducted under this subdivision that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the virtual program at the statewide and district levels; provided that no such survey results will be published in a manner that reveals individual student information. The department shall also include, in the annual report, data at the statewide and district levels of sufficient detail to allow detection and analysis of the racial, ethnic, and socio-economic balance of virtual program participation among schools and districts at the statewide and district levels, provided that no such survey results will be published in a manner that reveals individual student information.

(5) In the case of a student who is a candidate for A+ tuition reimbursement and taking a virtual course under this section, the school shall attribute no less than ninety-five percent attendance to any such student who has completed such virtual course.

(6) The Missouri course access and virtual school program shall ensure that individual learning plans designed by certified teachers and professional staff are developed for all students enrolled in more than two full-time course access program courses or a full-time virtual school.

(7) Virtual school programs shall monitor individual student success and engagement of students enrolled in their program[,] and, for students enrolled in virtual courses on a part-time basis, the virtual school program shall provide regular student progress reports for each student at least four times per school year to the school district or charter school, provide the host school district and the resident school district ongoing access to academic and other relevant information on student success and engagement, and shall terminate or alter the course offering if it is found the course [or full-time virtual school] is not meeting the educational needs of the students enrolled in the course.

(8) The department of elementary and secondary education shall monitor the aggregate performance of providers and make such information available to the public under subsection 11 of this section.

(9) Pursuant to rules to be promulgated by the department of elementary and secondary education, when a student transfers into a school district or charter school, credits previously gained through successful passage of approved courses under the Missouri course access and virtual school program shall be accepted by the school district or charter school.

(10) Pursuant to rules to be promulgated by the department of elementary and secondary education, if a student transfers into a school district or charter school while enrolled in a Missouri course access and virtual school program course or full-time virtual school, the student shall continue to be enrolled in such course or school.

(11) Nothing in this section shall prohibit home school or FPE school students, private school students, or students wishing to take additional courses beyond their regular course load from enrolling in Missouri course access and virtual school program courses under an agreement that includes terms for paying tuition or course fees.

(12) Nothing in this subsection shall require any school district, charter school, virtual program, or the state to provide computers, equipment, or internet access to any student unless required under the education services plan created for an eligible student under subdivision (4) of this subsection or for an eligible student with a disability to comply with federal law. An education services plan may require an eligible student to have access to school facilities of the resident school district during regular school hours for participation and instructional activities of a virtual program under this section, and the education services plan shall provide for reimbursement of the resident school district for such access pursuant to rules adopted by the department under this section.

(13) The authorization process shall provide for continuous monitoring of approved providers and courses. The department shall revoke or suspend or take other corrective action regarding the authorization of any course or provider no longer meeting the requirements of the program. Unless immediate action is necessary, prior to revocation or suspension, the department shall notify the provider and give the provider a reasonable time period to take corrective action to avoid revocation or suspension. The process shall provide for periodic renewal of authorization no less frequently than once every three years.

(14) Courses approved as of August 28, 2018, by the department to participate in the Missouri virtual instruction program shall be automatically approved to participate in the Missouri course access and virtual school program, but shall be subject to periodic renewal.

(15) Any online course or virtual program offered by a school district or charter school, including those offered prior to August 28, 2018, which meets the requirements of section 162.1250 shall be automatically approved to participate in the Missouri course access and virtual school program. Such course or program shall be subject to periodic renewal. A school district or charter school offering such a course or virtual school program shall be deemed an approved provider.

(16) A host district may contract with a provider to perform any required services involved with delivering a full-time virtual education.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

4. (1) As used in this subsection, the term "instructional activities" means classroom-based or nonclassroom-based activities that a student shall be expected to complete, participate in, or attend during any given school day, such as:

- (a) Online logins to curricula or programs;
- (b) Offline activities;
- (c) Completed assignments within a particular program, curriculum, or class;

(3) Each full-time virtual school shall develop, adopt, and post on the school's website a policy setting forth the consequences for a student who fails to complete the required instructional activities. Such policy shall state, at a minimum, that if a student fails to complete the instructional activities after receiving a notification under subdivision (2) of this subsection, and after reasonable intervention strategies have been implemented, that the student shall be subject to certain consequences which may include disenrollment from the school. Prior to any disenrollment, the parent or guardian shall have the opportunity to present any information that the parent deems relevant, and such information shall be considered prior to any final decision.

(4) If a full-time virtual school disenrolls a student under subdivision (3) of this subsection, the school shall immediately provide written notification to such student's school district of residence. The student's school district of residence shall then provide to the parents or guardian of the student a written list of available educational options and promptly enroll the student in the selected option. Any student disenrolled from a full-time virtual school shall be prohibited from reenrolling in the same virtual school for the remainder of the school year.

5. School districts or charter schools shall inform parents of their child's right to participate in the program. Availability of the program shall be made clear in the parent handbook, registration documents, and featured on the home page of the school district or charter school's website.

6. The department shall:

(1) Establish an authorization process for course or full-time virtual school providers that includes multiple opportunities for submission each year;

(2) Pursuant to the time line established by the department, authorize course or full-time virtual school providers that:

- (a) Submit all necessary information pursuant to the requirements of the process; and

(4) Within thirty days of any denial, provide a written explanation to any course or full-time virtual school providers that are denied authorization;

(5) Allow a course or full-time virtual school provider denied authorization to reapply at any point in the future.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

7. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for course or full-time virtual school providers on its website.

8. If the department determines that there are insufficient funds available for evaluating and authorizing course or full-time virtual school providers, the department may charge applicant course or full-time virtual school providers a fee up to, but no greater than, the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

9. Except as specified in this section and as may be specified by rule of the state board of education, the Missouri course access and virtual school program shall comply with all state laws and regulations applicable to school districts, including but not limited to the Missouri school improvement program (MSIP), annual performance report (APR), teacher certification, curriculum standards, audit requirements under chapter 165, access to public records under chapter 610, and school accountability report cards under section 160.522. Teachers and administrators employed by a virtual provider shall be considered to be employed in a public school for all certification purposes under chapter 168.

10. The department shall submit and publicly publish an annual report on the Missouri course access and virtual school program and the participation of entities to the governor, the chair and ranking member of the senate education committee, and the chair and ranking member of the house of representatives elementary and secondary education committee. (4) The number of courses available by subject and grade level;

(5) The number of students enrolled in courses broken down by subject and grade level;

(6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level per provider. This outcome data shall be published in a manner that protects student privacy;

(7) The costs per course;

(8) Evaluation of in-school course availability compared to course access availability to ensure gaps in course access are being addressed statewide.

11. (1) The department shall be responsible for creating the Missouri course access and virtual school program catalog providing a listing of all courses authorized and available to students in the state, detailed information, including costs per course, about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments.

(2) On or before January 1, 2023, the department shall publish on its website, and distribute to all school districts and charter schools in this state, a guidance document that details the options for virtual course access and full-time virtual course access for all students in the state. The guidance document shall include a complete and readily understood description of the applicable enrollment processes including the opportunity for students to enroll and the roles and responsibilities of the student, parent, virtual provider, school district or districts, and charter schools, as appropriate. The guidance document shall be distributed in written and electronic form to all school districts, charter schools, and virtual providers. School districts and charter schools shall provide a copy of the guidance document to every pupil and parent or legal guardian of every pupil enrolled in the district or charter school at the beginning of each school year and upon enrollment for every pupil enrolling at a different time of the school year.

School districts and charter schools shall provide a readily viewable link to the electronic version of the guidance document on the main page of the district's or charter school's website.

12. 13. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

162.471. BOARD OF DIRECTORS — QUALIFICATIONS, TERMS, VACANCIES. — 1. The government and control of an urban school district is vested in a board of seven directors.

All directors, except as otherwise provided in sections 162.481, 162.492, and 162.563, shall hold their offices for six years and until their successors are duly elected and qualified. All vacancies occurring in the board[, except as provided in section 162.492,] shall be filled by appointment by the board as soon as practicable, and the person appointed shall hold office until the next school board election, when a successor shall be elected for the remainder of the unexpired term. The power of the board to perform any official duty during the existence of a vacancy continues unimpaired thereby.

162.492. DIRECTOR DISTRICTS, CANDIDATES FROM SUBDISTRICTS AND AT LARGE — TERMS — VACANCY, HOW FILLED. — 1. The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board [between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county] shall be filled in the manner provided in section 162.471.

2. A public school district shall be entitled to state aid for resident handicapped children who attend special educational services and who otherwise attend private, parochial, parish, FPE, or home schools. 4. Nothing herein shall be construed to require transportation for these services.

5. No resident child shall be denied or discriminated against in special educational services offered by a school district on the grounds that the child regularly attends a private, parochial, parish [or], home school, or FPE school.

163.011. DEFINITIONS — METHOD OF CALCULATING STATE AID. — As used in this chapter unless the context requires otherwise:

(1) "Adjusted operating levy", the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011;

(2) "Average daily attendance", the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. "Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours, except for physical education hours that do not count as credit toward graduation for students in grades nine, ten, eleven, and twelve, attended by all summer school pupils by the number of hours required in section 160.011 in the school term. For purposes of determining average daily attendance under this subdivision, the term "resident pupil" shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) "Current operating expenditures":

(a) For the fiscal year 2007 calculation, "current operating expenditures" shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for

Matter underscored is proposed language.

the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(4) "District's tax rate ceiling", the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) "Dollar-value modifier", an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) "County wage per job", the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the City of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) "Regional wage per job":

a. The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the City of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) "Regional wage ratio", the ratio of the regional wage per job divided by the state median wage per job;

(d) "State median wage per job", the fifty-eighth highest county wage per job;

(6) "Free and reduced price lunch pupil count", for school districts not eligible for and those that do not choose the USDA Community Eligibility Option, the number of pupils eligible for free and reduced price lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations. For eligible school districts that choose the USDA Community Eligibility Option, the free and reduced price lunch pupil count shall be the percentage of free and reduced price lunch students calculated as eligible on the last Wednesday in January of the most recent school year that included household applications to determine free and reduced price lunch count multiplied by the district's average daily attendance figure;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

(7) "Free and reduced price lunch threshold" shall be calculated by dividing the total free and reduced price lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) "Limited English proficiency pupil count", the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) "Limited English proficiency threshold" shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) "Local effort":

(a) For the fiscal year 2007 calculation, "local effort" shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080 except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, "local effort" shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines. If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized in the calculation outlined in paragraph (a) of this subdivision. When a change in a school district's boundary lines occurs because of a boundary line change, annexation, attachment, consolidation, reorganization, or dissolution under section 162.071, 162.081, sections 162.171 to 162.201, section 162.221, 162.223, 162.431, 162.441, or 162.451, or in the event that a school district assumes any territory from a district that ceases to exist for any reason, the department of elementary and secondary education shall make a proper adjustment to each affected district's local effort, so that each district's local effort figure conforms to the new boundary lines of the

district. The department shall compute the local effort figure by applying the calendar year 2004 assessed valuation data to the new land areas resulting from the boundary line change, annexation, attachment, consolidation, reorganization, or dissolution and otherwise follow the procedures described in this subdivision;

(11) "Membership" shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. "Full-time equivalent number of part-time students" is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. "Full-time equivalent number of summer school pupils" is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011 in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) "Operating levy for school purposes", the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100 of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) "Performance district", any district that has met performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092 and as reported on the final annual performance report for that district each year; for calculations to be utilized for payments in fiscal years subsequent to fiscal year 2018, the number of performance districts shall not exceed twenty-five percent of all public school districts;

(14) "Performance levy", three dollars and forty-three cents;

(15) "School purposes" pertains to teachers' and incidental funds;

(16) "Special education pupil count", the number of public school students with a current individualized education program or services plan and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) "Special education threshold" shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) "State adequacy target", the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy

target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the state adequacy target as calculated for fiscal years 2017 and 2018 and any state adequacy target figure calculated subsequent to fiscal year 2018. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations as provided in subsection 7 of section 163.031;

(19) "Teacher", any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(a) For fiscal years prior to the 2026 fiscal year, paragraph (g) of this subdivision;

(b) For the 2026 fiscal year, the sum of nine-tenths multiplied by paragraph (g) of this subdivision plus one-tenth multiplied by the weighted membership;

(c) For the 2027 fiscal year, the sum of eight-tenths multiplied by paragraph (g) of this subdivision plus two-tenths multiplied by the weighted membership;

(d) For the 2028 fiscal year, the sum of seven-tenths multiplied by paragraph (g) of this subdivision plus three-tenths multiplied by the weighted membership;

(e) For the 2029 fiscal year, the sum of six-tenths multiplied by paragraph (g) of this subdivision plus four-tenths multiplied by the weighted membership;

(f) For the 2030 fiscal year and all subsequent fiscal years, the sum of five-tenths multiplied by paragraph (g) of this subdivision plus five-tenths multiplied by the weighted membership;

(g) The average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced price lunch pupil count that exceeds the free and reduced price lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced price lunch pupil count that exceeds the free and reduced price lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance;

(21) "Weighted membership", the membership plus the product of twenty-five hundredths multiplied by the free and reduced price lunch pupil count that exceeds the free and reduced price lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940 in a county with more than one million inhabitants, weighted membership shall be the membership plus the product of twenty-five hundredths multiplied by the free and reduced price lunch pupil count that exceeds the free and

None of the districts comprising a special district established under sections 162.815 to 162.940 in a county with more than one million inhabitants shall use any special education pupil count in calculating their weighted membership.

163.018. EARLY CHILDHOOD EDUCATION PROGRAMS, PUPILS INCLUDED IN AVERAGE DAILY ATTENDANCE CALCULATION, WHEN — STANDARDS FOR EARLY EDUCATION PROGRAM, DEPARTMENT CONSIDERATIONS. — 1. (1) Notwithstanding the definition of average daily attendance in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced price lunch and attend an early childhood education program:

(a) That is operated by and in a district or by a charter school that has declared itself as a local educational agency providing full-day kindergarten and that meets standards established by the state board of education; or

(b) That is under contract with a district or charter school that has declared itself as a local educational agency and that meets standards established by the state board of education;

shall be included in the district's or charter school's calculation of average daily attendance. The total number of such pupils included in the district's or charter school's calculation of average daily attendance shall not exceed [four] eight percent of the total number of pupils who are eligible for free and reduced price lunch between the ages of five and eighteen who are included in the district's or charter school's calculation of average daily attendance.

(2) If a pupil described under subdivision (1) of this subsection leaves an early childhood education program during the school year, a district or charter school shall be allowed to fill the vacant enrollment spot with another pupil between the ages of three and five who is eligible for free and reduced price lunch without affecting the district's or charter school's calculation of average daily attendance.

2. In establishing standards for any early childhood education program that is under contract with a district or charter school that has declared itself as a local educational agency, the state board of education shall consider:

(1) Whether a program offers full-day and full-year programming;

(2) Whether a program has teacher-to-child ratios consistent with reasonable standards set by early childhood education program accrediting agencies;

(3) Whether a program offers professional development supports for educators and the type of supports offered;

(4) Whether a program uses appropriately credentialed educators;

(5) Whether a program uses an early childhood education curriculum that has been approved by the department of elementary and secondary education and whether the curriculum is developmentally appropriate; and

(6) Any other factor that the state board of education determines to be significant in ensuring that children achieve high levels of kindergarten readiness.

The state board of education shall require that staff members of any early childhood education program that is under contract with a district or charter school that has declared itself as a local educational agency undergo background checks as described in section 168.133.

3. This section shall not require school attendance beyond that mandated under section 167.031 and shall not change or amend the provisions of sections 160.051, 160.053, 160.054, and 160.055 relating to kindergarten attendance.

163.021. ELIGIBILITY FOR STATE AID, REQUIREMENTS — EVALUATION OF CORRELATION OF RATES AND ASSESSED VALUATION, REPORT, CALCULATION — FURTHER REQUIREMENTS — EXCEPTION — OPERATING LEVY LESS THAN PERFORMANCE LEVY, REQUIREMENTS. — 1. A school district shall receive state aid for its education program only if it:

(1) Provides for [a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students] at least a minimum school term as provided in section 171.031. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up [in one-half day or full day additions to the term, except] as provided in section 171.033]. In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days];

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.044. ANNUAL APPROPRIATION OF THIRTY MILLION DOLLARS FOR SPECIFIED USES. —

1. Beginning with the 2007 fiscal year and each subsequent fiscal year, the general assembly shall appropriate [fifteen] thirty million dollars to be directed in the following manner to school districts with an average daily attendance of three hundred fifty students or less in the school year preceding the payment year:

(1) [Ten] Twenty million dollars shall be distributed to the eligible districts in proportion to their average daily attendance; and

(2) [Five] Ten million dollars shall be directed to the eligible districts that have an operating levy for school purposes in the current year equal to or greater than the performance levy and any school districts which have an operating levy for school purposes in the current year less than the performance levy solely due to a modification of such district's levy required under subdivision (4) of subsection 5 of section 137.073. A tax-rate-weighted average daily attendance shall be calculated for each eligible district in proportion to its operating levy for school purposes for the current year divided by the performance levy with that result multiplied by the district's average daily attendance in the school year preceding the payment year. The total appropriation pursuant to this subdivision shall then be divided by the sum of the tax-rate-weighted average daily attendance of the eligible districts, and the resulting

amount per tax-rate-weighted average daily attendance shall be multiplied by each eligible district's tax-rate-weighted average daily attendance to determine the amount to be paid to each eligible district.

2. The payment under this section shall not be transferred to the capital projects fund.

3. Except as provided in subsection 2 of this section, districts receiving payments under this section may use the moneys for, including but not limited to, the following:

- (1) Distance learning;
- (2) Extraordinary transportation costs;
- (3) Rural teacher recruitment; and
- (4) Student learning opportunities not available within the district.

163.096. RECALCULATION OF LOCAL EFFORT FOR CERTAIN DISTRICTS. — For any school district that, during fiscal year 2005, recorded revenues from intangible taxes, the merchants' and manufacturers' surcharge, and payments in lieu of taxes other than tax increment financing surplus to the district's teacher and incidental funds and, as a result, caused an elevation of the district's "local effort" figure, as the term "local effort" is defined in section 163.011, the department of elementary and secondary education shall calculate the amount of state aid the district would have received had the district placed such revenues in its capital projects fund or debt service fund. The department shall use this revised local effort figure for all state aid payments subsequent to August 28, 2024.

a. Verification from the hiring school district that the applicant will be employed as part of a business-education partnership initiative designed to build career pathways systems or employed as part of an initiative designed to fill vacant positions in hard-to-staff public schools or hard-to-fill subject areas for students in a grade or grades not lower than the ninth grade for which the applicant's academic degree or professional experience qualifies the applicant;

b. Appropriate and relevant bachelor's degree or higher, occupational license, or industry-recognized credential;

c. Completion of the application for a one-year visiting scholars certificate; and

d. Completion of a background check as prescribed under section 168.133.

(d) Completes a background check as prescribed in section 168.133.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of such person's current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. (1) Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(2) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

(3) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a) to (c) of subdivision (2) of this subsection or paragraphs (a) to (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating the possessor's certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
- b. Possesses a master's degree; or
- c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate the teacher's last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating the teacher's certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall be valid for three years and shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the Armed Forces stationed in Missouri;
- (2) Relocated from another state within one year of the date of application;
- (3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
- (4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to the member's original date of employment in a Missouri public school.

8. Within thirty days of receiving an application from a spouse of an active duty member of the Armed Forces of the United States who has been transferred or is scheduled to be transferred to the state of Missouri, or who has been transferred or is scheduled to be transferred to an adjacent state and is or will be domiciled in the state of Missouri, or has moved to the state of Missouri on a permanent change-

of-station basis and has successfully completed the background check described under subsection 5 of this section and section 168.133, the state board shall issue to such applicant a full certificate of license to teach, provided that the applicant has paid all necessary fees and has otherwise met all requirements to be issued such a certificate.

3. The board of education of a school district may include differentiated placement of teachers on the salary schedule to increase compensation in order to recruit and retain teachers in hard-to-staff subject areas or hard-to-staff schools. The board may annually review its hard-to-staff subject areas and hard-to-staff schools. No modifications to the identification of hard-to-staff subject areas or hard-to-staff schools, or both, for the purpose of placement on the salary schedule shall result in the demotion of a teacher in the salary schedule.

4. Any salary schedule that includes differentiated placement of teachers on the salary schedule under subsection 3 of this section for hard-to-staff subject areas or hard-to-staff schools, or both, shall be set prior to approval by such board of education.

5. The modifications shall be effective at the beginning of the next school year. All teachers affected by the modification shall be furnished written copies of the modifications within thirty days after their adoption by the board of education.

6. Each school district that includes differentiated placement of teachers on the district salary schedule shall annually provide to the department of elementary and secondary education a report containing the following information:

The grant thus awarded shall be used by the committee to provide in-service training to the teachers of the district on teaching children identified as at risk of failing in school as defined in section 167.273. The department of elementary and secondary education shall provide resource materials and assist the committee if such assistance is requested;

(2) Such programs shall include assistance from the teacher education program which provided the teacher's training if such training was provided in a Missouri college or university. Such assistance from the college or university may include retraining, internships, counseling, and in-service training.

5. A participating local school district may have the option of implementing a career plan developed by the department of elementary and secondary education or a local plan which has been developed with advice from teachers employed by the district and which has met with the approval of the

department of elementary and secondary education. In approving local career plans, the department of elementary and secondary education may consider provisions in the plan of the local district for recognition of teacher mobility from one district to another within this state.

6. The career plans of local school districts shall not discriminate on the basis of race, sex, religion, national origin, color, creed, or age. Participation in the career plan of a local school district is optional, and any teacher who declines to participate shall not be penalized in any way.

10. Nothing in this section shall be construed to prohibit a local school district from funding the program for its teachers for work performed in years for which no state appropriation is made available.

169.560. RETIREES MAY BE EMPLOYED, WHEN — SALARY AMOUNT, EFFECT ON BENEFITS, EXCEPTION. — 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141[, other than for disability,] may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions, or may earn up to fifty percent of the limit set for the position by the school board of the employer which has been submitted and approved by the board of trustees of the retirement system. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to

receive the person's retirement allowance for any month during which the person is so employed or the retirement system shall recover the amount the person earned in excess of the limitations, whichever is less. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this subsection shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141[, other than for disability,] who is employed by a third party or is performing work as an independent contractor, if such person is performing work for an employer included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141[, other than for disability,] may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn, beginning on August 28, 2023, and ending on June 30, 2028, up to one hundred thirty-three percent of the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430, and, after June 30, 2028, up to the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430, without a discontinuance of the person's retirement allowance from the retirement system. The Social Security annual earnings exemption amount applied shall be the exemption amount in effect for the calendar year in which the school year begins. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment, and such person shall not earn membership service for such employment. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed or the retirement system shall recover the amount the person earned in excess of the limitations, whichever is less. In addition, such person shall become a member of and contribute to any retirement system described in this subsection if the person satisfies the retirement system's membership eligibility requirements. (1) Involving any child who may be a resident of or found within the county and who is alleged to be in need of care and treatment because:

(a) The parents, or other persons legally responsible for the care and support of the child, neglect or refuse to provide proper support, education which is required by law, medical, surgical or other care necessary for his or her well-being; except that reliance by a parent, guardian or custodian upon remedial treatment other than medical or surgical treatment for a child shall not be construed as neglect when the treatment is recognized or permitted pursuant to the laws of this state;

(b) The child is otherwise without proper care, custody or support;

(c) The child was living in a room, building or other structure at the time such dwelling was found by a court of competent jurisdiction to be a public nuisance pursuant to section 195.130; or

(d) The child is in need of mental health services and the parent, guardian or custodian is unable to afford or access appropriate mental health treatment or care for the child;

(c) The child is habitually absent from his or her home without sufficient cause, permission, or justification;

(d) The behavior or associations of the child are otherwise injurious to his or her welfare or to the welfare of others; or

(e) The child is charged with an offense not classified as criminal, or with an offense applicable only to children; except that, the juvenile court shall not have jurisdiction over any child fifteen years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, or any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

(3) Involving any child who is alleged to have violated a state law or municipal ordinance, or any person who is alleged to have violated a state law or municipal ordinance prior to attaining the age of eighteen years, in which cases jurisdiction may be taken by the court of the circuit in which the child or person resides or may be found or in which the violation is alleged to have occurred; except that, the juvenile court shall not have jurisdiction over any child fifteen years of age who is alleged to have violated a state or municipal traffic ordinance or regulation, the violation of which does not constitute a felony, and except that the juvenile court shall have concurrent jurisdiction with the municipal court over any child who is alleged to have violated a municipal curfew ordinance, and except that the juvenile court shall have concurrent jurisdiction with the circuit court on any child who is alleged to have violated a state or municipal ordinance or regulation prohibiting possession or use of any tobacco product;

(4) For the adoption of a person;

(6) Involving an order of protection pursuant to chapter 455 when the respondent is less than eighteen years of age; and

(7) Involving a child who has been a victim of sex trafficking or sexual exploitation.

2. Transfer of a matter, proceeding, jurisdiction or supervision for a child who resides in a county of this state shall be made as follows:

(1) Prior to the filing of a petition and upon request of any party or at the discretion of the juvenile officer, the matter in the interest of a child may be transferred by the juvenile officer, with the prior consent of the juvenile officer of the receiving court, to the county of the child's residence or the residence of the person eighteen years of age for future action;

(2) Upon the motion of any party or on its own motion prior to final disposition on the pending matter, the court in which a proceeding is commenced may transfer the proceeding of a child to the court located in the county of the child's residence, or the county in which the offense pursuant to subdivision (3) of subsection 1 of this section is alleged to have occurred for further action;

(3) Upon motion of any party or on its own motion, the court in which jurisdiction has been taken pursuant to subsection 1 of this section may at any time thereafter transfer jurisdiction of a child to the court located in the county of the child's residence for further action with the prior consent of the receiving court;

(4) Upon motion of any party or upon its own motion at any time following a judgment of disposition or treatment pursuant to section 211.181, the court having jurisdiction of the cause may place the child under the supervision of another juvenile court within or without the state pursuant to section 210.570 with the consent of the receiving court;

(5) Upon motion of any child or his or her parent, the court having jurisdiction shall grant one change of judge pursuant to Missouri supreme court rules;

(6) Upon the transfer of any matter, proceeding, jurisdiction or supervision of a child, certified copies of all legal and social documents and records pertaining to the case on file with the clerk of the transferring juvenile court shall accompany the transfer.

3. In any proceeding involving any child taken into custody in a county other than the county of the child's residence, the juvenile court of the county of the child's residence shall be notified of such taking into custody within seventy-two hours.

4. When an investigation by a juvenile officer pursuant to this section reveals that the only basis for action involves an alleged violation of section 167.031 involving a child who alleges to be [home schooled] receiving instruction at a home school or an FPE school, the juvenile officer shall contact a parent or parents of such child to verify that the child is [being home schooled] receiving instruction at such school and not in violation of section 167.031 before making a report of such a violation. Any report of a violation of section 167.031 made by a juvenile officer regarding a child who is [being home schooled] receiving instruction at a home school or an FPE school shall be made to the prosecuting attorney of the county where the child legally resides.

5. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care or for the removal of custody of a child from the parent without a specific showing that there is a causal relation between the disability or disease and harm to the child.

452.375. CUSTODY — DEFINITIONS — FACTORS DETERMINING CUSTODY — PROHIBITED, WHEN — PUBLIC POLICY OF STATE — CUSTODY OPTIONS — FINDINGS REQUIRED, WHEN — PARENT PLAN REQUIRED — ACCESS TO RECORDS — JOINT CUSTODY NOT TO PRECLUDE CHILD SUPPORT — SUPPORT, HOW DETERMINED — DOMESTIC VIOLENCE OR ABUSE, SPECIFIC FINDINGS. — 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) "Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) "Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) "Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. There shall be a rebuttable presumption that an award of equal or approximately equal parenting time to each parent is in the best interests of the child. Such presumption is rebuttable only by a preponderance of the evidence in accordance with all relevant factors, including, but not limited to, the factors contained in subdivisions (1) to (8) of this subsection. The presumption may be rebutted if the court finds that the parents have reached an agreement on all issues related to custody, or if the court finds that a pattern of

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

domestic violence has occurred as set out in subdivision (6) of this subsection. When the parties have not reached an agreement on all issues related to custody, the court shall consider all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community. The fact that a parent sends his or her child or children to a home school[[], as defined in section 167.031,[]] or FPE school shall not be the sole factor that a court considers in determining custody of such child or children;

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The unobstructed input of a child, free of coercion and manipulation, as to the child's custodial arrangement.

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.031, 566.032, 566.060, 566.061, 566.062, 566.064, 566.067, 566.068, 566.083, 566.100, 566.101, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 573.200;

(f) A violation of section 573.205; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to

resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the general assembly encourages the court to enter a temporary parenting plan as early as practicable in a proceeding under this chapter, consistent with the provisions of subsection 2 of this section, and, in so doing, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded to a person related by consanguinity or affinity to the child. If no person related to the child by consanguinity or affinity is willing to accept custody, then the court may award custody to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file."

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision of law to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.

The rights of the victims granted in this section are absolute and the policy of this state is that the victim's rights are paramount to the defendant's rights. The victim has an absolute right to be present at any hearing in which the defendant is present before a probation and parole hearing officer.

located therein, the department shall, after rendering all calculations required pursuant to the provisions of section 163.031 and section 160.415, remit an amount equal to one percent for fiscal years 2026 and 2027, or two percent for fiscal year 2028 and all subsequent fiscal years, of each district's and charter school's preceding year's annual state aid entitlement as calculated in June, prior to any required adjustment pursuant to subsections 4 and 15 of Section 160.415, for any district or charter school with a preceding year school term that provided for one hundred and sixty-nine school days or more.

[167.071. SCHOOL ATTENDANCE OFFICERS IN SEVEN-DIRECTOR DISTRICTS, POWERS AND DUTIES — POWERS OF POLICE OFFICERS IN CERTAIN AREAS. — 1. In school districts having seven or more directors the school board may appoint and remove at pleasure one or more school attendance officers and shall pay them from the public school funds.

2. Each attendance officer has the powers of a deputy sheriff in the performance of his duties. He shall investigate the claims of children for exemptions under section 167.031, and report his findings to the person authorized by that section to grant the exemption sought. He shall refer all cases involving an alleged violation of section 167.031 involving a public school to the superintendent of the public school of the district where the child legally resides and all cases involving an alleged violation of section 167.031 involving a private, parochial, parish or home school to the prosecuting attorney of the county wherein the child legally resides. (1) "Engaging in the business of providing health benefit services", accepting payment for health benefit services;

Such term shall include habilitation centers and private or public intermediate care facilities for the intellectually disabled that have been certified to meet the conditions of participation under 42 CFR, Section 483, Subpart I;

(3) "Net operating revenues from providing services of intermediate care facilities for the intellectually disabled" shall include, without limitation, all moneys received on account of such services pursuant to rates of reimbursement established and paid by the department of social services, but shall not include charitable contributions, grants, donations, bequests and income from nonservice related fund-raising activities and government deficit financing, contractual allowance, discounts or bad debt;

(4) "Services of intermediate care facilities for the intellectually disabled" has the same meaning as the term services of intermediate care facilities for the mentally retarded, as used in Title 42 United States Code, Section 1396b(w)(7)(A)(iv), as amended, and as such qualifies as a class of health care

services recognized in federal Public Law 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991.

2. Beginning July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall, in addition to all other fees and taxes now required or paid, pay assessments on their net operating revenues for the privilege of engaging in the business of providing services of the intermediate care facilities for the intellectually disabled or developmentally disabled in this state.

3. Each facility's assessment shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. For purposes of determining rates of payment under the medical assistance program for providers of services of intermediate care facilities for the intellectually disabled, the assessment imposed pursuant to this section on net operating revenues shall be a reimbursable cost to be reflected as timely as practicable in rates of payment applicable within the assessment period, contingent, for payments by governmental agencies, on all federal approvals necessary by federal law and regulation for federal financial participation in payments made for beneficiaries eligible for medical assistance under Title XIX of the federal Social Security Act, 42 U.S.C. Section 1396, et seq., as amended.

5. Assessments shall be submitted by or on behalf of each provider of services of intermediate care facilities for the intellectually disabled on a monthly basis to the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the assessment payment owed for any month.

7. Assessment payments shall be deposited in the state treasury to the credit of the "Intermediate Care Facility Intellectually Disabled Reimbursement Allowance Fund", which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. Notwithstanding the provisions of section 33.080 to the contrary, any unexpended balance in the intermediate care facility intellectually disabled reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Each provider of services of intermediate care facilities for the intellectually disabled shall keep such records as may be necessary to determine the amount of the assessment for which it is liable under this section. On or before the forty-fifth day after the end of each month commencing July 1, 2008, each provider of services of intermediate care facilities for the intellectually disabled shall submit to the department of social services a report on a cash basis that reflects such information as is necessary to determine the amount of the assessment payable for that month.

9. Every provider of services of intermediate care facilities for the intellectually disabled shall submit a certified annual report of net operating revenues from the furnishing of services of intermediate care facilities for the intellectually disabled. The reports shall be in such form as may be prescribed by rule by the director of the department of mental health. Final payments of the assessment for each year shall be due for all providers of services of intermediate care facilities for the intellectually disabled upon the due date for submission of the certified annual report.

10. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed pursuant to the provisions of this section.

11. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying assessments required under this section, the director of the department of social services shall withhold, and shall remit to the director of the department of revenue, an assessment

amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

12. In the event a provider objects to the estimate described in subsection 11 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the assessment determination and a final decision by the director of the department of mental health, an intermediate care facility for the intellectually disabled provider's appeal of the director's final decision shall be to the administrative hearing commission in accordance with sections 208.156 and 621.055.

13. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the facility is located. The circuit court shall hear the matter as the court of original jurisdiction.

14. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any intermediate care facility for the intellectually disabled granted by state law.

15. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

16. The provisions of this section shall expire on September 30, [2024] 2029.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between eighteen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. 6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have

jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

217.690. BOARD MAY ORDER RELEASE OR PAROLE — ASSESSMENT, PERSONAL HEARING — FEE — RULES — ELIGIBILITY FOR PAROLE, HOW CALCULATED — MURDER, ELIGIBILITY FOR HEARING — HEARING PROCEDURE — NOTICE — SPECIAL CONDITIONS — EDUCATION REQUIREMENTS, EXCEPTIONS — RULEMAKING AUTHORITY. — 1. All releases or paroles shall issue upon order of the parole board, duly adopted.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

2. Before ordering the parole of any offender, the parole board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the parole board. The parole board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him or her, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the parole board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the parole board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The division of probation and parole shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The parole board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 of this section shall not apply to an offender found guilty of [murder in the first degree or] capital murder, murder in the first degree or murder in the second degree, when murder in the second degree is committed pursuant to subdivision (1) of subsection 1 of section 565.021, who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the

month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

9. A victim who has requested an opportunity to be heard shall receive notice that the parole board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

10. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a parole board member at the parole board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The parole board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

11. The parole board shall notify any person of the results of a parole eligibility hearing if the person indicates to the parole board a desire to be notified.

12. The parole board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The parole board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

14. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

15. Beginning January 1, 2001, the parole board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the parole board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the parole board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

16. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held

unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

In lieu of such warrant of arrest, the court shall issue a notice of failure to respond, pay the fine assessed, or appear, and the court shall schedule a second court date for the person to respond, pay the fine assessed, or appear. A copy of the court's notice with the new court date shall be sent to the driver of the vehicle. If the driver fails to respond, pay the fine assessed, or appear on the second court date, the court shall issue a second notice of failure to respond, pay the fine assessed, or appear. If the driver fails to respond, pay the fine assessed, or appear after the second notice, the court may issue a default judgment under section 556.021 for the infraction.

2. At any point after the default judgment has been entered, the driver may appear in court to state that he or she is unable to pay and to request the court to modify the judgment. The court shall hold a hearing to determine whether the driver has the ability to pay. If the court finds the driver lacks the present ability to pay, the court shall modify the judgment in any way authorized by statute or court rule, including:

(1) Allowing for payment of the fine on an installment basis;

(2) Waiving or reducing the amount owed; or

(3) Requiring the driver to perform community service or attend a court-ordered program in lieu of payment.

3. At any point after the default judgment has been entered, the driver may appear in court and show proof that he or she corrected the equipment violation for which the fine and costs were assessed. If the driver shows such proof, the court may waive the fines and costs that are due.

Any witness statements attached shall be sworn and signed under penalty of perjury; and

If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the [offenses, violations, or infractions] crimes listed in the petition for expungement:

(1) At the time the petition is filed, it has been at least three years if the offense is a felony, or at least one year if the offense is a misdemeanor, municipal [offense] violation, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each [offense, violation, or infraction] crime listed in the petition;

- (5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and
- (6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney[, or circuit attorney], or municipal prosecuting attorney] to rebut the presumption. A victim of [an offense, violation, or infraction] a crime listed in the petition shall have an opportunity to be heard at any hearing held under this section[, and the court may make a determination based solely on such victim's testimony]. A court may find that the continuing impact of the offense upon the victim rebuts the presumption that expungement is warranted.

[6.] 7. A petition to expunge records related to an arrest for an eligible [offense, violation, or infraction] crime may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than [three years] eighteen months from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

[7.] 8. If the court determines that such person meets all the criteria set forth in subsection [5] 6 of this section for each of the [offenses, violations, or infractions] crimes listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any [offense, violation, or infraction] crime listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any [offense, infraction, or violation] crime ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

[8.] 9. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to fully restore the civil rights of such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. This includes fully restoring the civil rights of a person to the right to vote, the right to hold public office, and to serve as a juror. For purposes of 18 U.S.C. Section 921(a)(33)(B)(ii), an order [or] of expungement granted pursuant to this section shall be considered a complete removal of all effects of the expunged conviction. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged [offense, violation, or infraction] crime to any court when asked or upon being charged with any subsequent [offense, violation, or infraction] crime. The expunged

[offense, violation, or infraction] crime may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

[9.] 10. Notwithstanding the provisions of subsection [8] 9 of this section to the contrary, a person granted an expungement shall disclose any expunged [offense, violation, or infraction] crime when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;

2. If the rural fund does not receive the cash investment and issue the capital investment within such time period following receipt of the certification notice, the certification shall lapse and the rural fund shall not issue the capital investment without reapplying to the department for certification. Lapsed certifications shall revert to the department and shall be reissued pro rata to applicants whose capital investment allocations were reduced during the immediately preceding application cycle in accordance with the application process provided under subsection 4 of section 620.3510. Any lapsed certification not reissued within the same calendar year as the lapsed certification was issued shall not be reissued.

3. A rural fund, before making a qualified investment, may request from the department a written opinion as to whether the business in which it proposes to invest is an eligible business. Such request shall be on a form developed by the department to be completed by the eligible business and the rural fund. If the department fails to notify the rural fund of its determination by the twentieth business day following its receipt of the completed form and all information necessary to form its opinion, the business in which the rural fund proposes to invest shall be deemed an eligible business.

taxable year as a result of this section may be carried forward for use in any of the five subsequent taxable years and shall not be carried back to prior taxable years. A rural investor claiming a credit under the provisions of sections 620.3500 to 620.3530 shall not incur any additional tax that may arise as a result of claiming such credit.

2. No credit claimed under the provisions of sections 620.3500 to 620.3530 shall be refundable or sellable on the open market. Credits earned by or allocated to a partnership, limited liability company, or S-corporation may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders, and a rural fund shall notify the department of the names of the entities that are eligible to utilize credits pursuant to an allocation of credits or a change in allocation of credits, or due to a transfer of a capital investment upon such allocation, change, or transfer. Such allocation shall not be considered a sale for the purposes of this section.

3. The department may recapture credits from a taxpayer that claimed a credit authorized under this section if:

(1) The rural fund does not invest sixty percent of its capital investment authority in qualified investments in this state within two years of the credit allowance date and one hundred percent of its capital investment authority in qualified investments in this state within three years of the credit allowance date, provided that at least seventy percent of such initial qualified investments shall be made in eligible businesses located in rural areas or eligible businesses that are also agribusinesses. In no event shall more than thirty percent of such initial qualified investments be made in eligible businesses located outside of a rural area;

(2) The rural fund fails to maintain qualified investments equal to ninety percent of its capital investment authority from the third until the sixth credit allowance date, with seventy percent of such investments maintained in eligible businesses located in rural areas or eligible businesses that are also agribusinesses, provided that in no event shall more than thirty percent of such qualified investments be made in eligible businesses located outside of a rural area. For each year the rural fund fails to maintain such investments, the department may recapture an amount of such year's allowed credits equal to the percentage difference between ninety percent of a rural fund's capital investment authority and the actual amount of qualified investments maintained for such year. For the purposes of this subdivision, a qualified investment is considered maintained even if the qualified investment was sold or repaid so long as the rural fund reinvests an amount equal to the capital returned or recovered by the rural fund from the original investment, exclusive of any profits realized, in other qualified investments in this state within twelve months of the receipt of such capital. Amounts received periodically by a rural fund shall be treated as continually invested in qualified investments if the amounts are reinvested in one or more qualified investments by the end of the following calendar year. A rural fund shall not be required to reinvest capital returned from qualified investments after the fifth credit allowance date, and such qualified investments shall be considered held continuously by the rural fund through the sixth credit allowance date;

(3) The rural fund, before exiting the program in accordance with sections 620.3500 to 620.3530 or prior to thirty days after the sixth credit allowance date, whichever is earlier, makes a distribution or payment that results in the rural fund having less than one hundred percent of its capital investment authority invested in qualified investments in this state or held in cash or other marketable securities, provided a rural fund shall be permitted to make distributions in amounts necessary for the principal and interest payments due to the leverage source; or

(4) The rural fund violates the provisions of section 620.3525, in which case the department may recapture an amount equal to the amount of a rural fund's capital investment authority found to be in violation of such provisions.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

For the purposes of meeting and maintaining the objectives established for investment in subdivisions (1) and (2) of this subsection, a rural fund's qualified investments shall be multiplied by a factor of one and a quarter in counties with less than thirty thousand in population and more than thirteen thousand in population and shall be multiplied by a factor of one and a half in counties with a population of thirteen thousand or less according to the most recent decennial census.

4. No recapture shall occur until the rural fund has been given notice of noncompliance and afforded six months from the date of such notice to cure the noncompliance.

620.3525. PROHIBITED ACTS. — No eligible business that receives a qualified investment under the provisions of sections 620.3500 to 620.3530, or any affiliates of such eligible businesses, shall directly or indirectly:

(1) Own or have the right to acquire an ownership interest in a rural fund or member or affiliate of a rural fund, including, but not limited to, a holder of a capital investment issued by the rural fund; or

For all subsequent years, rural funds shall submit an annual report to the department within ninety days of the beginning of the calendar year during the compliance period. Unless previously reported pursuant to this subsection, such reports shall also include:

(1) The name and location of each eligible business receiving a qualified investment;

(2) Bank statements of such rural fund evidencing each qualified investment;

(6) Such other information as required by the department.

2. The program authorized pursuant to sections 620.3500 to 620.3530 shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any rural fund approved under this program shall be subject to the provisions of sections 135.800 to 135.830.

The department shall respond to the exit application within thirty days of receipt of the completed form. In evaluating the exit application, the fact that no credits have been recaptured and that the rural fund has not received a notice of recapture that has not been cured pursuant to subsection 4 of section 620.3520 shall be sufficient evidence to prove that the rural fund is eligible for exit. The department shall not unreasonably deny, delay, or withhold its determination of an exit application submitted under this subsection. If the exit application is denied, the notice shall include the reasons for such determination.

4. Upon exit from the program in accordance with subsection 3 of this section, in the event the state sharing ratio is less than one, the state shall receive a share of distributions made with respect to the capital investment raised by the rural fund equal to one minus the state sharing ratio multiplied by the amount of tax credit equity contributed by the investors of the rural investor in exchange for the tax credits authorized pursuant to sections 620.3500 to 620.3530, provided the rural fund may make distributions to make payments on the leverage source in an amount not to exceed principal and interest owed on the leverage source.

5. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under sections 620.3500 to 620.3530 shall expire six years after the effective date of sections 620.3500 to 620.3530, unless reauthorized by the general assembly; and

(3) If such program is reauthorized, the program authorized under sections 620.3500 to 620.3530 shall automatically sunset six years after the effective date of the reauthorization of sections 620.3500 to 620.3530; and

(4) Nothing in this subsection shall preclude a rural fund that has received certified capital investment authority from the department prior to the expiration of sections 620.3500 to 620.3530 from issuing the capital investment pursuant to that authority in accordance with sections 620.3500 to 620.3530.

6. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.3500 to 620.3530. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2024, shall be invalid and void.

143.121. MISSOURI ADJUSTED GROSS INCOME. — 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the

commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

- (a) Livestock Forage Disaster Program;
- (b) Livestock Indemnity Program;
- (c) Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish;

- (f) Pasture, Rangeland, Forage Pilot Insurance Program;
- (g) Annual Forage Pilot Program;
- (h) Livestock Risk Protection Insurance Plan;
- (i) Livestock Gross Margin Insurance Plan;

(11) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in the current taxable year, but not deducted as a result of the limitation imposed under 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist;

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state; and

(13) For all tax years beginning on or after January 1, 2022, one hundred percent of any federal, state, or local grant moneys received [for the purpose of providing or expanding access to broadband internet to areas of the state deemed to be lacking such access] by the taxpayer if the grant money was disbursed for the express purpose of providing or expanding access to broadband internet to areas of the state deemed to be lacking such access.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross

income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction shall not be claimed for any otherwise eligible activity under this subsection if such activity qualified for and received any rebate or other incentive through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

536.300. PROPOSED RULES, EFFECT ON SMALL BUSINESS TO BE DETERMINED, EXCEPTIONS — IMPACT STATEMENT TO BE PREPARED, WHEN, CONTENTS. — 1. Prior to submitting proposed rules for adoption, amendment, revision, or repeal, under this chapter the state agency shall determine whether the proposed rulemaking affects small businesses and, if so, the availability and practicability of less-restrictive alternatives that could be implemented to achieve the same results of the proposed rulemaking. This requirement shall not apply to emergency rulemaking pursuant to section 536.025 or to constitutionally authorized rulemaking pursuant to Article IV, Section 45 of the Missouri Constitution. This requirement shall be in addition to the fiscal note requirement of sections 536.200 to 536.210.

2. If the proposed rules affect small businesses, the state agency shall consider creative, innovative, or flexible methods of compliance for small business and prepare a small business impact statement to be submitted to the secretary of state and the joint committee on administrative rules with the proposed rules. [A copy of the proposed rules and the small business impact statement shall also be filed with the board on the same date as they are filed with the secretary of state.] Such business impact statement and proposed rules shall be submitted to the board prior to providing notice for a public hearing. The statement shall provide a reasonable determination of the following:

(1) The methods the agency considered or used to reduce the impact on small businesses such as consolidation, simplification, differing compliance, or reporting requirements, less stringent deadlines, performance rather than design standards, exemption, or any other mitigating techniques;

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

- (2) How the agency involved small businesses in the development of the proposed rules;
- (3) The probable monetary costs and benefits to the implementing agency and other agencies directly affected, including the estimated total amount the agency expects to collect from any additionally imposed fees and the manner in which the moneys will be used, if such costs are capable of determination;
- (4) A description of the small businesses that will be required to comply with the proposed rules and how they may be adversely affected, except in cases where the state agency has filed a fiscal note that complies with all of the provisions of section 536.205;
- (5) In dollar amounts, the increase in the level of direct costs, such as fees or administrative penalties, and indirect costs, such as reporting, record keeping, equipment, construction, labor, professional services, revenue loss, or other costs associated with compliance if such costs are capable of determination, except in cases where the state agency has filed a fiscal note that complies with all of the provisions of section 536.205;
- (6) The business that will be directly affected by, bear the cost of, or directly benefit from the proposed rules;
- (7) Whether the proposed rules include provisions that are more stringent than those mandated by any comparable or related federal, state, or county standards, with an explanation of the reason for imposing the more-stringent standard.

3. Any proposed rule that is required to have a small business impact statement but does not include such a statement shall be invalid and the secretary of state should not publish the rule until such time as the statement is provided. If the state agency determines that its proposed rule does not affect small business, the state agency shall so certify this finding in the transmittal letter to the secretary of state, stating that it has determined that such proposed rule will not have an economic impact on small businesses and the secretary of state shall publish the rule.

4. [Sections 536.300 to 536.310] This section and section 536.020 shall not apply where the proposed rule is being promulgated on an emergency basis, where the rule is federally mandated, or where the rule substantially codifies existing federal or state law. Notwithstanding the provisions of this section, federally mandated regulations are subject to the federal Regulatory Flexibility Act as amended by the Small Business Regulatory and Enforcement Fairness Act of 1996, P.L. 96-354, as amended by P.L. 104.121. Any federally mandated regulations that do not comply with these acts shall be subject to this section.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2024, shall be invalid and void.

4. (1) The regulatory relief office shall create and maintain on the department's website a web page that invites residents and businesses in the state to make suggestions regarding laws and regulations that could be modified or eliminated to reduce the regulatory burden on residents and businesses in the state.

(2) On at least a quarterly basis, the regulatory relief office shall compile the relevant suggestions from the web page created pursuant to subdivision (1) of this subsection and provide a written report to the governor and the general assembly.

of residents and businesses that make suggestions on the web page is not made public if they do not wish to comment publicly; and

(b) May evaluate the suggestions and provide analysis and suggestions regarding which state laws and regulations could be modified or eliminated to reduce the regulatory burden on residents and businesses in the state while still protecting consumers.

5. (1) By October first of each year, the department shall submit an annual report to the governor, the general assembly, and to each state agency which shall include:

(2) The department may provide an interim report from the sandbox program director to the governor and general assembly on specific, time-sensitive issues for the functioning of the sandbox program, for the health and safety of consumers and protection of Missouri's environment, for the success of participants in the program, and for other issues of urgent need.

620.3910. CREATION AND DUTIES OF ADVISORY COMMITTEE. — 1. There is hereby created within the department of economic development the "General Regulatory Sandbox Program Advisory Committee", to be composed of the following members:

(4) Two members of the public to be appointed by the governor;

(5) A member of the public or of an institution of higher education, to be appointed by the governor;

(6) A member of an institution of higher education, to be appointed by the director of the department of higher education and workforce development;

(7) Two members of the house of representatives, one to be appointed by the speaker of the house of representatives and one to be appointed by the minority leader of the house of representatives; and

(8) Two members of the senate, one to be appointed by the president pro tempore of the senate and one to be appointed by the minority leader of the senate.

Members who cease holding elective office shall be replaced by the speaker or minority leader of the house of representatives or the president pro tempore or minority floor leader of the senate, as applicable. The sandbox program director may establish the terms of initial appointments so that approximately half of the advisory committee is appointed every two years.

(2) The sandbox program director shall select a chair of the advisory committee every two years in consultation with the members of the advisory committee.

(3) No appointee of the governor, speaker of the house of representatives, or president pro tempore of the senate may serve more than two consecutive complete terms.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

3. A majority of the advisory committee shall constitute a quorum for the purpose of conducting business, and the action of a majority of a quorum shall constitute the action of the advisory committee, except as provided in subsection 4 of this section.

4. The advisory committee may, at its own discretion, meet to override a decision of the regulatory relief office on the admission or denial of an applicant to the sandbox program, provided such override is decided with a two-thirds majority vote of the members of the advisory committee, and further provided that such vote shall be taken within fifteen business days of the regulatory relief office's decision, and further provided that the risks posed to consumer health and safety and protection of Missouri's environment do not outweigh the intended benefits.

5. The advisory committee shall advise and make recommendations to the regulatory relief office on whether to approve applications to the sandbox program pursuant to section 620.3915.

6. The regulatory relief office shall provide administrative staff support for the advisory committee.

7. The members of the advisory committee shall serve without compensation, but may be reimbursed for any actual and necessary expenses incurred in the performance of the advisory committee's official duties.

8. Meetings of the advisory committee shall be considered public meetings for the purposes of chapter 610. However, a meeting of the committee shall be a closed meeting if the purpose of the meeting is to discuss an application for participation in the regulatory sandbox program and failing to hold a closed meeting would reveal information that constitutes proprietary or confidential trade secrets. Upon approval by a majority vote by members of the advisory committee, the advisory committee shall be allowed to conduct remote meetings, and individual members shall be allowed to attend meetings remotely. The advisory committee shall provide the public the ability to view any such remote meetings.

620.3915. APPLICATION REQUIREMENTS. — 1. An applicant for the sandbox program shall provide to the regulatory relief office an application in a form prescribed by the regulatory relief office that:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

(g) A description of the proposed demonstration plan, including estimated time periods for beginning and ending the demonstration;

(h) Recognition that the applicant will be subject to all laws and regulations pertaining to the applicant's innovative offering after the conclusion of the demonstration;

(i) How the applicant will end the demonstration and protect consumers if the demonstration fails;

(j) A list of each applicable agency, if any, that the applicant knows regulates the applicant's business; and

(k) Any other required information as determined by the regulatory relief office.

2. An applicant shall remit to the regulatory relief office an application fee of three hundred dollars per application for each innovative offering. Such application fees shall be used by the regulatory relief office solely for the purpose of implementing the provisions of sections 620.3900 to 620.3930.

3. An applicant shall file a separate application for each innovative offering that the applicant wishes to demonstrate.

4. An applicant for the sandbox program may contact the regulatory relief office to request a consultation regarding the sandbox program before submitting an application. The regulatory relief office may provide assistance to an applicant in preparing an application for submission.

5. (1) After an application is filed, the regulatory relief office shall:

(a) Consult with each applicable agency that regulates the applicant's business regarding whether more information is needed from the applicant; and

(b) Seek additional information from the applicant that the regulatory relief office determines is necessary.

(2) No later than fifteen business days after the day on which a completed application is received by the regulatory relief office, the regulatory relief office shall:

(a) Review the application and refer the application to each applicable agency that regulates the applicant's business; and

(b) Provide to the applicant:

a. An acknowledgment of receipt of the application; and

b. The identity and contact information of each applicable agency to which the application has been referred for review.

(3) No later than sixty days after the day on which an applicable agency receives a completed application for review, the applicable agency shall provide a written report to the sandbox program director with the applicable agency's findings. Such report shall:

(a) Describe any identifiable, likely, and significant harm to the health, safety, or financial well-being of consumers or Missouri's environment that the relevant regulation protects against; and

(b) Make a recommendation to the regulatory relief office that the applicant either be admitted or denied entrance into the sandbox program.

(4) An applicable agency may request an additional ten business days to deliver the written report required by subdivision (3) of this subsection by providing notice to the sandbox program director, which request shall automatically be granted. An applicable agency may request only one extension per application. The sandbox program director may also provide an additional extension to the applicable agency for cause.

(5) If an applicable agency recommends an applicant under this section be denied entrance into the sandbox program, the written report required by subdivision (3) of this subsection shall include a description of the reasons for such recommendation, including the reason a temporary waiver or suspension of the relevant regulations would potentially significantly harm the health, safety, or financial well-being of consumers or the public or Missouri's environment and the assessed likelihood of such harm occurring.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

(6) If an applicable agency determines that the consumer's or public's health, safety, or financial well-being can be protected through less restrictive means than the existing relevant laws or regulations, the applicable agency shall provide a recommendation of how that can be achieved.

(7) If an applicable agency fails to deliver the written report required by subdivision (3) of this subsection, the sandbox program director shall provide a final notice to the applicable agency for delivery of the written report. If the report is not delivered within five days of such final notice, the sandbox program director shall assume that the applicable agency does not object to the temporary waiver or suspension of the relevant regulations for an applicant seeking to participate in the sandbox program.

6. (1) Notwithstanding any provision of this section to the contrary, an applicable agency may, by written notice to the regulatory relief office:

(a) Reject an application, provided such rejection occurs within forty-five days after the day on which the applicable agency receives a complete application for review, or within fifty days if an extension has been requested by the applicable agency, if the applicable agency determines, in the applicable agency's sole discretion, that the applicant's offering fails to comply with standards or specifications:

- a. Required by federal rule or regulation;
- b. Previously approved for use by a federal agency; or
- c. In which the rule or regulation is supported by way of federal funding; or

(b) Reject an application preliminarily approved by the regulatory relief office, if the applicable agency:

a. Recommends rejection of the application in the applicable agency's written report submitted pursuant to subdivision (3) of subsection 5 of this section; and

b. Provides in the written report submitted pursuant to subdivision (3) of subsection 5 of this section a description of the applicable agency's reasons approval of the application would create a substantial risk of harm to the health or safety of the public or Missouri's environment, or create unreasonable expenses for taxpayers in the state.

(2) If any applicable agency rejects an application on a nonpreliminary basis pursuant to subdivision (1) of this subsection, the regulatory relief office shall not approve the application.

7. (1) The sandbox program director shall provide all applications and associated written reports to the advisory committee upon receiving a written report from an applicable agency.

(2) The sandbox program director may call the advisory committee to meet as needed, but not less than once per quarter if applications are available for review.

(3) After receiving and reviewing the application and each associated written report, the advisory committee shall provide to the sandbox program director the advisory committee's recommendation as to whether the applicant should be admitted as a sandbox participant.

(4) As part of the advisory committee's review of each report, the advisory committee shall use criteria used by applicable agencies to evaluate applications.

8. The regulatory relief office shall consult with each applicable agency and the advisory committee before admitting an applicant into the sandbox program. Such consultation may include seeking information and giving consideration to whether:

(1) The applicable agency has previously issued a license or other authorization to the applicant; and

(2) The applicable agency has previously investigated, sanctioned, or pursued legal action against the applicant and the reasons for such actions.

9. In reviewing an application under this section, the regulatory relief office and applicable agencies shall consider whether:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law. Matter underscored is proposed language.

(1) A competitor to the applicant is or has been a sandbox participant and, if so, weigh that as a factor in favor of allowing the applicant to also become a sandbox participant;

(2) The applicant's plan will adequately protect consumers from potential harm identified by an applicable agency in the applicable agency's written report;

(3) The risk of harm to consumers is outweighed by the potential benefits to consumers from the applicant's participation in the sandbox program; and

(4) Certain state regulations that regulate an innovative offering should not be waived or suspended even if the applicant is approved as a sandbox participant, including applicable anti-fraud or disclosure provisions.

10. An applicant shall become a sandbox participant if the regulatory relief office approves the application for the sandbox program and enters into a written agreement with the applicant describing the specific regulations that are waived or suspended as part of participation in the sandbox program. Notwithstanding any other provision of this section to the contrary, the regulatory relief office shall not enter into a written agreement with an applicant that exempts the applicant from any income, property, or sales tax liability unless such applicant otherwise qualifies for an exemption from such tax.

11. (1) The sandbox program director may deny at his or her sole discretion any application submitted under this section for any reason, including if the sandbox program director determines that the preponderance of evidence demonstrates that suspending or waiving enforcement of a regulation would cause significant risk of harm to consumers or residents of the state.

(2) If the sandbox program director denies an application submitted under this section, the regulatory relief office shall provide to the applicant a written description of the reasons for not allowing the applicant to become a sandbox participant.

(3) The denial of an application submitted under this section shall not be subject to judicial or administrative review.

(4) The acceptance or denial of an application submitted under this section may be overridden by an affirmative vote of a two-thirds majority of the advisory committee at the discretion of the advisory committee, provided such vote shall take place within fifteen business days of the sandbox program director's decision. Notwithstanding any other provision of this section to the contrary, the advisory committee shall not override a rejection made by an applicable agency.

(5) The sandbox program director shall deny an application for participation in the sandbox program if the applicant or any person who seeks to participate with the applicant in demonstrating an innovative offering has been convicted, entered into a plea of nolo contendere, or entered a plea of guilty or nolo contendere held in abeyance, for any crime involving significant theft, fraud, or dishonesty if the crime bears a significant relationship to the applicant's or other participant's ability to safely and competently participate in the sandbox program.

12. When an applicant is approved for participation in the sandbox program, the sandbox program director shall provide notice of the approval on the department's website.

13. Applications to participate in the sandbox program shall be considered public records for the purposes of chapter 610, provided, however, that any information contained in such applications that constitutes proprietary or confidential trade secrets shall not be subject to disclosure pursuant to chapter 610.

620.3920. SCOPE OF THE REGULATORY SANDBOX. — 1. If the regulatory relief office approves an application pursuant to section 620.3915, the sandbox participant shall have twenty-four months after the day on which the application was approved to demonstrate the innovative offering described in the sandbox participant's application.

2. An innovative offering that is demonstrated within the sandbox program shall only be available to consumers who are residents of Missouri or of another state. No regulation shall be waived or suspended if waiving or suspending such regulation would prevent a consumer from seeking restitution in the event that the consumer is harmed.

3. Nothing in sections 620.3900 to 620.3930 shall restrict a sandbox participant that holds a license or other authorization in another jurisdiction from acting in that jurisdiction in accordance with such license or other authorization.

4. (1) During the demonstration period, a sandbox participant shall not be subject to the enforcement of state regulations identified in the written agreement between the regulatory relief office and the sandbox participant.

(2) A prosecutor shall not file or pursue charges for failing to comply with the regulation identified in the written agreement between the regulatory relief office and the sandbox participant that occurs during an approved demonstration period.

(3) A state agency shall not file or pursue any punitive action against a sandbox participant, including a fine or license suspension or revocation, for the violation of a regulation that is identified as being waived or suspended in the written agreement between the regulatory relief office and the sandbox participant that occurs during the demonstration period.

5. Notwithstanding any provision of this section to the contrary, a sandbox participant shall not have immunity related to any criminal offense committed during the sandbox participant's participation in the sandbox program.

6. By written notice, the regulatory relief office may end a sandbox participant's participation in the sandbox program at any time and for any reason, including if the sandbox program director determines that a sandbox participant is not operating in good faith to bring an innovative offering to market; provided, however, that the sandbox program director's decision may be overridden by an affirmative vote of a two-thirds majority of the members of the advisory committee.

7. The regulatory relief office and regulatory relief office's employees shall not be liable for any business losses or the recouping of application expenses or other expenses related to the sandbox program, including for:

- (1) Denying an applicant's application to participate in the sandbox program for any reason; or
- (2) Ending a sandbox participant's participation in the sandbox program at any time and for any reason.

620.3925. CONSUMER PROTECTION FOR REGULATORY SANDBOX. — 1. Before demonstrating an innovative offering to a consumer, a sandbox participant shall disclose the following information to the consumer:

- (1) The name and contact information of the sandbox participant;

2. The board may solicit testimony from the public at a public meeting regarding any report submitted by the agency under this section or section 536.175. The board shall electronically submit an evaluation report to the governor and the general assembly regarding small business comments, agency response, and public testimony on rules in this section and the report shall be maintained on the board's website. 452.1206. JURISDICTION. — 1. A court may issue an order regarding custodial responsibility under sections 452.1200 to 452.1258 only if the court has jurisdiction under sections 452.700 to 452.930.

2. If a court has issued a temporary order regarding custodial responsibility pursuant to sections 452.1224 to 452.1244, the residence of the deploying parent is not changed by reason of the deployment for the purposes of sections 452.700 to 452.930 during the deployment.

3. If a court has issued a permanent order regarding custodial responsibility before notice of deployment and the parents modify that order temporarily by agreement pursuant to sections 452.1214 to 452.1222, the residence of the deploying parent is not changed by reason of the deployment for the purposes of sections 452.700 to 452.930.

4. If a court in another state has issued a temporary order regarding custodial responsibility as a result of impending or current deployment, the residence of the deploying parent is not changed by reason of the deployment for the purposes of sections 452.700 to 452.930.

5. This section does not prevent a court from exercising temporary emergency jurisdiction under sections 452.700 to 452.930.

452.1208. NOTIFICATION REQUIRED OF DEPLOYING PARENT. — 1. Except as otherwise provided in subsection 4 of this section and subject to subsection 3 of this section, a deploying parent shall notify in a record the other parent of a pending deployment not later than seven days after receiving notice of deployment unless reasonably prevented from doing so by the circumstances of service. If the circumstances of service prevent giving notification within the seven days, the deploying parent shall give the notification as soon as reasonably possible.

2. Except as otherwise provided in subsection 4 of this section and subject to subsection 3 of this section, each parent shall provide in a record the other parent with a plan for fulfilling that parent's share of custodial responsibility during deployment. Each parent shall provide the plan as soon as reasonably possible after notification of deployment is given under subsection 1 of this section.

3. If a court order currently in effect prohibits disclosure of the address or contact information of the other parent, notification of deployment under subsection 1 of this section, or notification of a plan for custodial responsibility during deployment under subsection 2 of this section, may be made only to the issuing court. If the address of the other parent is available to the issuing court, the court shall forward the notification to the other parent. The court shall keep confidential the address or contact information of the other parent.

4. Notification in a record under subsection 1 or 2 of this section is not required if the parents are living in the same residence and both parents have actual notice of the deployment or plan.

5. In a proceeding regarding custodial responsibility, a court may consider the reasonableness of a parent's efforts to comply with this section.

the notice to any court that has issued a custody or child support order concerning the child which is in effect.

2. If a court order currently in effect prohibits disclosure of the address or contact information of an individual to whom custodial responsibility has been granted, a notification under subsection 1 of this section may be made only to the court that issued the order. The court shall keep confidential the mailing address or residence of the individual to whom custodial responsibility has been granted.

452.1212. GENERAL CONSIDERATION IN CUSTODY PROCEEDING OF PARENT'S MILITARY SERVICE. — In a proceeding for custodial responsibility of a child of a service member, a court may not consider a parent's past deployment or possible future deployment in itself in determining the best interest of the child but may consider any significant impact on the best interest of the child of the parent's past or possible future deployment.

452.1214. FORM OF AGREEMENT. — 1. The parents of a child may enter into a temporary agreement under sections 452.1214 to 452.1222 granting custodial responsibility during deployment.

2. An agreement under subsection 1 of this section must be:

(1) In writing; and

(2) Signed by both parents and any nonparent to whom custodial responsibility is granted.

3. Subject to subsection 4 of this section, an agreement under subsection 1 of this section, if feasible, must:

(1) Identify the destination, duration, and conditions of the deployment that is the basis for the agreement;

(2) Specify the allocation of caretaking authority among the deploying parent, the other parent, and any nonparent;

(3) Specify any decision-making authority that accompanies a grant of caretaking authority;

(4) Specify any grant of limited contact to a nonparent;

(5) If under the agreement custodial responsibility is shared by the other parent and a nonparent, or by other nonparents, provide a process to resolve any dispute that may arise;

(6) Specify the frequency, duration, and means, including electronic means, by which the deploying parent will have contact with the child, any role to be played by the other parent in facilitating the contact, and the allocation of any costs of contact;

(7) Specify the contact between the deploying parent and child during the time the deploying parent is on leave or is otherwise available;

(8) Acknowledge that any party's child-support obligation cannot be modified by the agreement, and that changing the terms of the obligation during deployment requires modification in the appropriate court;

(9) Provide that the agreement will terminate according to the procedures under sections 452.1246 to 452.1252 after the deploying parent returns from deployment; and

(10) If the agreement must be filed pursuant to section 452.1222, specify which parent is required to file the agreement.

4. The omission of any of the items specified in subsection 3 of this section does not invalidate an agreement under this section.

452.1216. NATURE OF AUTHORITY CREATED BY AGREEMENT. — 1. An agreement under sections 452.1214 to 452.1222 is temporary and terminates pursuant to sections 452.1246 to 452.1252 after the deploying parent returns from deployment, unless the agreement has been terminated before that time by court order or modification under section 452.1218. The agreement does not create an

independent, continuing right to caretaking authority, decision-making authority, or limited contact in an individual to whom custodial responsibility is given.

2. A nonparent who has caretaking authority, decision-making authority, or limited contact by an agreement under sections 452.1214 to 452.1222 has standing to enforce the agreement until it has been terminated by court order, by modification under section 452.1218, or under sections 452.1246 to 452.1252.

452.1218. MODIFICATION OF AGREEMENT. — 1. By mutual consent, the parents of a child may modify an agreement regarding custodial responsibility made pursuant to sections 452.1214 to 452.1222.

2. If an agreement is modified under subsection 1 of this section before deployment of a deploying parent, the modification must be in writing and signed by both parents and any nonparent who will exercise custodial responsibility under the modified agreement.

3. If an agreement is modified under subsection 1 of this section during deployment of a deploying parent, the modification must be agreed to in a record by both parents and any nonparent who will exercise custodial responsibility under the modified agreement.

452.1220. POWER OF ATTORNEY. — A deploying parent, by power of attorney, may delegate all or part of custodial responsibility to an adult nonparent for the period of deployment if no other parent possesses custodial responsibility under law of this state other than sections 452.1200 to 452.1258, or if a court order currently in effect prohibits contact between the child and the other parent. The deploying parent may revoke the power of attorney by signing a revocation of the power.

452.1222. FILING AGREEMENT OF POWER OF ATTORNEY WITH COURT. — An agreement or power of attorney under sections 452.1214 to 452.1222 must be filed within a reasonable time with any court that has entered an order on custodial responsibility or child support that is in effect concerning the child who is the subject of the agreement or power. The case number and heading of the pending case concerning custodial responsibility or child support must be provided to the court with the agreement or power.

452.1224. DEFINITION. — In sections 452.1224 to 452.1244, "close and substantial relationship" means a relationship in which a significant bond exists between a child and a nonparent.

452.1226. PROCEEDING FOR TEMPORARY CUSTODY ORDER. — 1. After a deploying parent receives notice of deployment and until the deployment terminates, a court may issue a temporary order granting custodial responsibility unless prohibited by the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521 and 522. A court may not issue a permanent order granting custodial responsibility without the consent of the deploying parent.

2. At any time after a deploying parent receives notice of deployment, either parent may file a motion regarding custodial responsibility of a child during deployment. The motion must be filed in a pending proceeding for custodial responsibility in a court with jurisdiction under section 452.1206 or, if there is no pending proceeding in a court with jurisdiction under section 452.1206, in a new action for granting custodial responsibility during deployment.

452.1228. EXPEDITED HEARING. — If a motion to grant custodial responsibility is filed under subsection 2 of section 452.1226 before a deploying parent deploys, the court shall conduct an expedited hearing.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

452.1230. TESTIMONY BY ELECTRONIC MEANS. — In a proceeding under sections 452.1224 to 452.1244, a party or witness who is not reasonably available to appear personally may appear, provide testimony, and present evidence by electronic means unless the court finds good cause to require a personal appearance.

452.1232. EFFECT OF PRIOR JUDICIAL ORDER OR AGREEMENT. — In a proceeding for a grant of custodial responsibility pursuant to sections 452.1224 to 452.1244, the following rules apply:

(1) A prior judicial order designating custodial responsibility in the event of deployment is binding on the court unless the circumstances meet the requirements of law of this state other than sections 452.1200 to 452.1258 for modifying a judicial order regarding custodial responsibility;

(2) The court shall enforce a prior written agreement between the parents for designating custodial responsibility in the event of deployment, including an agreement executed under sections 452.1214 to 452.1222, unless the court finds that the agreement is contrary to the best interest of the child.

452.1234. GRANT OF CARETAKING OR DECISION-MAKING AUTHORITY TO NONPARENT. — 1. On motion of a deploying parent and in accordance with law of this state other than sections 452.1200 to 452.1258, if it is in the best interest of the child, a court may grant caretaking authority to a nonparent who is an adult family member of the child or an adult with whom the child has a close and substantial relationship.

2. Unless a grant of caretaking authority to a nonparent under subsection 1 of this section is agreed to by the other parent, the grant is limited to an amount of time not greater than:

(1) The amount of time granted to the deploying parent under a permanent custody order, but the court may add unusual travel time necessary to transport the child; or

(2) In the absence of a permanent custody order that is currently in effect, the amount of time that the deploying parent habitually cared for the child before being notified of deployment, but the court may add unusual travel time necessary to transport the child.

3. A court may grant part of a deploying parent's decision-making authority, if the deploying parent is unable to exercise that authority, to a nonparent who is an adult family member of the child or an adult with whom the child has a close and substantial relationship. If a court grants the authority to a nonparent, the court shall specify the decision-making powers granted, including decisions regarding the child's education, religious training, health care, extracurricular activities, and travel.

452.1236. GRANT OF LIMITED CONTACT. — On motion of a deploying parent, and in accordance with law of this state other than sections 452.1200 to 452.1258, unless the court finds that the contact would be contrary to the best interest of the child, a court shall grant limited contact to a nonparent who is a family member of the child or an individual with whom the child has a close and substantial relationship.

452.1238. NATURE OF AUTHORITY CREATED BY TEMPORARY CUSTODY ORDER. — 1. A grant of authority under sections 452.1224 to 452.1244 is temporary and terminates under sections 452.1246 to 452.1252 after the return from deployment of the deploying parent, unless the grant has been terminated before that time by court order. The grant does not create an independent, continuing right to caretaking authority, decision-making authority, or limited contact in an individual to whom it is granted.

2. A nonparent granted caretaking authority, decision-making authority, or limited contact under sections 452.1224 to 452.1244 has standing to enforce the grant until it is terminated by court order or under sections 452.1246 to 452.1252.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

452.1240. CONTENT OF TEMPORARY CUSTODY ORDER. — 1. An order granting custodial responsibility under sections 452.1224 to 452.1244 must:

(1) Designate the order as temporary; and

(2) Identify to the extent feasible the destination, duration, and conditions of the deployment.

2. If applicable, an order for custodial responsibility under sections 452.1224 to 452.1244 must:

(1) Specify the allocation of caretaking authority, decision-making authority, or limited contact among the deploying parent, the other parent, and any nonparent;

(2) If the order divides caretaking or decision-making authority between individuals, or grants caretaking authority to one individual and limited contact to another, provide a process to resolve any dispute that may arise;

(3) Provide for liberal communication between the deploying parent and the child during deployment, including through electronic means, unless contrary to the best interest of the child, and allocate any costs of communications;

(4) Provide for liberal contact between the deploying parent and the child during the time the deploying parent is on leave or otherwise available, unless contrary to the best interest of the child;

(5) Provide for reasonable contact between the deploying parent and the child after return from deployment until the temporary order is terminated, even if the time of contact exceeds the time the deploying parent spent with the child before entry of the temporary order; and

(6) Provide that the order will terminate pursuant to sections 452.1246 to 452.1252 after the deploying parent returns from deployment.

452.1242. ORDER FOR CHILD SUPPORT. — If a court has issued an order granting caretaking authority under sections 452.1224 to 452.1244, or an agreement granting caretaking authority has been executed under sections 452.1214 to 452.1222, the court may enter a temporary order for child support consistent with law of this state other than sections 452.1200 to 452.1258 if the court has jurisdiction under sections 454.1500 to 454.1730.

452.1244. MODIFYING OR TERMINATING GRANT OF CUSTODIAL RESPONSIBILITY TO NONPARENT. — 1. Except for an order under section 452.1232, except as otherwise provided in subsection 2 of this section, and consistent with the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521 and 522, on motion of a deploying or other parent or any nonparent to whom caretaking authority, decision-making authority, or limited contact has been granted, the court may modify or terminate the grant if the modification or termination is consistent with sections 452.1224 to 452.1244 and it is in the best interest of the child. A modification is temporary and terminates pursuant to sections 452.1246 to 452.1252 after the deploying parent returns from deployment, unless the grant has been terminated before that time by court order.

2. On motion of a deploying parent, the court shall terminate a grant of limited contact.

452.1246. PROCEDURE FOR TERMINATING TEMPORARY GRANT OF CUSTODIAL RESPONSIBILITY ESTABLISHED BY AGREEMENT. — 1. At any time after return from deployment, a temporary agreement granting custodial responsibility under sections 452.1214 to 452.1222 may be terminated by an agreement to terminate signed by the deploying parent and the other parent.

2. A temporary agreement under sections 452.1214 to 452.1222 granting custodial responsibility terminates:

(1) If an agreement to terminate under subsection 1 of this section specifies a date for termination, on that date; or

(2) If the agreement to terminate does not specify a date, on the date the agreement to terminate is signed by the deploying parent and the other parent.

3. In the absence of an agreement under subsection 1 of this section to terminate, a temporary agreement granting custodial responsibility terminates under sections 452.1214 to 452.1222 sixty days after the deploying parent gives notice to the other parent that the deploying parent returned from deployment.

4. If a temporary agreement granting custodial responsibility was filed with a court pursuant to section 452.1222, an agreement to terminate the temporary agreement also must be filed with that court within a reasonable time after the signing of the agreement. The case number and heading of the case concerning custodial responsibility or child support must be provided to the court with the agreement to terminate.

452.1248. CONSENT PROCEDURE FOR TERMINATING TEMPORARY GRANT OF CUSTODIAL RESPONSIBILITY ESTABLISHED BY COURT ORDER. — At any time after a deploying parent returns from deployment, the deploying parent and the other parent may file with the court an agreement to terminate a temporary order for custodial responsibility issued under sections 452.1224 to 452.1244. After an agreement has been filed, the court shall issue an order terminating the temporary order effective on the date specified in the agreement. If a date is not specified, the order is effective immediately.

452.1250. VISITATION BEFORE TERMINATION OF TEMPORARY GRANT OF CUSTODIAL RESPONSIBILITY. — After a deploying parent returns from deployment until a temporary agreement or order for custodial responsibility established under sections 452.1214 to 452.1222 or sections 452.1224 to 452.1244 is terminated, the court shall issue a temporary order granting the deploying parent reasonable contact with the child unless it is contrary to the best interest of the child, even if the time of contact exceeds the time the deploying parent spent with the child before deployment.

452.1252. TERMINATION BY OPERATION OF LAW OF TEMPORARY GRANT OF CUSTODIAL RESPONSIBILITY ESTABLISHED BY COURT ORDER. — 1. If an agreement between the parties to terminate a temporary order for custodial responsibility under sections 452.1224 to 452.1244 has not been filed, the order terminates sixty days after the deploying parent gives notice to the other parent and any nonparent granted custodial responsibility that the deploying parent has returned from deployment.

2. A proceeding seeking to prevent termination of a temporary order for custodial responsibility is governed by law of this state other than sections 452.1200 to 452.1258.

452.1254. UNIFORMITY OF APPLICATION AND CONSTRUCTION. — In applying and construing sections 452.1200 to 452.1258, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

452.1256. RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. — Sections 452.1200 to 452.1258 modify, limit, or supersede the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001 et seq., but do not modify, limit, or supersede Section 101(c) of that act, 15 U.S.C. Section 7001(c), or authorize electronic delivery of any of the notices described in Section 103(b) of that act, 15 U.S.C. Section 7003(b).

452.1258. SAVINGS CLAUSE. — Sections 452.1200 to 452.1258 do not affect the validity of a temporary court order concerning custodial responsibility during deployment which was entered before August 28, 2024.

2. The department may request that the attorney general bring the action in place of the department. Failure by the department to file suit under the provisions of this subsection shall not be construed as creating any civil liability or incurring other obligations or duties, except as otherwise specified.

192.2560. CONFIDENTIALITY OF RECORDS — INSPECTION AND INVESTIGATION REPORTS AVAILABLE TO PUBLIC, WHEN. — 1. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so

submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

7. (1) Notwithstanding any provision of law to the contrary, a military service member, or an immediate family member residing with such military service member, who is a legal resident of this state and is eligible for MO HealthNet developmental disability services, shall have his or her eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during which such person temporarily resides outside of this state for reasons relating to military service, but shall have his or her eligibility immediately restored upon returning to this state to reside.

(2) Notwithstanding any provision of law to the contrary, if a military service member, or an immediate family member residing with such military service member, is not a legal resident of this state, but would otherwise be eligible for MO HealthNet developmental disability services, such individual shall be deemed eligible for MO HealthNet developmental disability services for the duration of any time in which such individual is temporarily present in this state for reasons relating to military service.

303.425. INCENTIVE PROGRAM CREATED — USE OF THIRD-PARTY VENDORS — COMPARISON OF INFORMATION — USE OF DATA — ACCESS TO SYSTEM — SUSPENSION OF REGISTRATION, WHEN, PROCEDURE — REPORT — RULEMAKING AUTHORITY. — 1. (1) There is hereby created within the department of revenue the motor vehicle financial responsibility enforcement and compliance incentive program. The department of revenue may enter into contractual agreements with third-party vendors to facilitate the necessary technology and equipment, maintenance thereof, and associated program management services.

(2) The department of revenue or a third-party vendor shall utilize technology to compare vehicle registration information with the financial responsibility information accessible through the system. The department of revenue shall utilize this information to identify motorists who are in violation of the motor vehicle financial responsibility law. The department of revenue may offer offenders under this program the option of pretrial diversion as an alternative to statutory fines or reinstatement fees prescribed under the motor vehicle financial responsibility law as a method of encouraging compliance and discouraging recidivism.

(3) The department of revenue or third-party vendors shall not use any data collected from or technology associated with any automated motor vehicle financial responsibility enforcement system. For purposes of this subdivision, "motor vehicle financial responsibility enforcement system" means a device consisting of a camera or cameras and vehicle sensor or sensors installed to record motor vehicle financial responsibility violations.

(4) All fees paid to or collected by third-party vendors under sections 303.420 to 303.440 may come from violator diversion fees generated by the pretrial diversion option established under this section.

2. The department of revenue may authorize law enforcement agencies or third-party vendors to use technology to collect data for the investigation, detection, analysis, and enforcement of the motor vehicle financial responsibility law.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

3. The department of revenue may authorize traffic enforcement officers or third-party vendors to administer the processing and issuance of notices of violation, the collection of fees for a violation of the motor vehicle financial responsibility law, or the referral of cases for prosecution, under the program.

4. Access to the system shall be restricted to qualified agencies and the third-party vendors with which the department of revenue contracts for purposes of the program, provided that any third-party vendor with which a contract is executed to provide necessary technology, equipment, or maintenance for the program shall be authorized as necessary to collaborate for required updates and maintenance of system software.

5. For purposes of the program, any data collected and matched to a corresponding vehicle insurance record as verified through the system, and any Missouri vehicle registration database, may be used to identify violations of the motor vehicle financial responsibility law. Such corresponding data shall constitute evidence of the violations.

6. Except as otherwise provided in this section, the department of revenue shall suspend, in accordance with section 303.041, the registration of any motor vehicle that is determined under the program to be in violation of the motor vehicle financial responsibility law.

7. The department of revenue shall send to an owner whose vehicle is identified under the program as being in violation of the motor vehicle financial responsibility law a notice that the vehicle's registration may be suspended unless the owner, within thirty days, provides proof of financial responsibility for the vehicle or proof, in a form specified by the department of revenue, that the owner has a pending criminal charge for a violation of the motor vehicle financial responsibility law. The notice shall include information on steps an individual may take to obtain proof of financial responsibility and a web address to a page on the department of revenue's website where information on obtaining proof of financial responsibility shall be provided. If proof of financial responsibility or a pending criminal charge is not provided within the time allotted, the department of revenue shall provide a notice of suspension and suspend the vehicle's registration in accordance with section 303.041, or shall send a notice of vehicle registration suspension, clearly specifying the reason and statutory grounds for the suspension and the effective date of the suspension, the right of the vehicle owner to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made, as well as informing the owner that the matter will be referred for prosecution if a satisfactory response is not received in the time allotted, informing the owner that the minimum penalty for the violation is three hundred dollars [and four license points], and offering the owner participation in a pretrial diversion option to preclude referral for prosecution and registration suspension under sections 303.420 to 303.440. The notice of vehicle registration suspension shall give a period of thirty-three days from mailing for the vehicle owner to respond, and shall be deemed received three days after mailing. If no request for a hearing or agreement to participate in the diversion option is received by the department of revenue prior to the date provided on the notice of vehicle registration suspension, the director shall suspend the vehicle's registration, effective immediately, and refer the case to the appropriate prosecuting attorney. If an agreement by the vehicle owner to participate in the diversion option is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then upon payment of a diversion participation fee not to exceed two hundred dollars, agreement to secure proof of financial responsibility within the time provided on the notice of suspension, and agreement that such financial responsibility shall be maintained for a minimum of two years, no points shall be assessed to the vehicle owner's driver's license under section 302.302 and the department of revenue shall not take further action against the vehicle owner under sections 303.420 to 303.440, subject to compliance with the terms of the pretrial diversion option. The department of revenue shall suspend the vehicle registration of, and shall refer the case to the appropriate prosecuting attorney for prosecution of, participating vehicle owners who violate the terms of the pretrial

diversion option. If a request for hearing is received by the department of revenue prior to the effective date provided on the notice of vehicle registration suspension, then for all purposes other than eligibility for participation in the diversion option, the effective date of the suspension shall be stayed until a final order is issued following the hearing. The department of revenue shall suspend the registration of vehicles determined under the final order to have violated the motor vehicle financial responsibility law, and shall refer the case to the appropriate prosecuting attorney for prosecution. Notices under this subsection shall be mailed to the vehicle owner at the last known address shown on the department of revenue's records. The department of revenue or its third-party vendor shall issue receipts for the collection of diversion participation fees. Except as otherwise provided in subsection 1 of this section, all such fees shall be deposited into the motor vehicle financial responsibility verification and enforcement fund established in section 303.422. A vehicle owner whose registration has been suspended under sections 303.420 to 303.440 may obtain reinstatement of the registration upon providing proof of financial responsibility and payment to the department of revenue of a nonrefundable reinstatement fee equal to the fee that would be applicable under subsection 2 of section 303.042 if the registration had been suspended under section 303.041.

8. Data collected or retained under the program shall not be used by any entity for purposes other than enforcement of the motor vehicle financial responsibility law. Data collected and stored by law enforcement under the program shall be considered evidence if noncompliance with the motor vehicle financial responsibility law is confirmed. The evidence, and an affidavit stating that the evidence and system have identified a particular vehicle as being in violation of the motor vehicle financial responsibility law, shall constitute probable cause for prosecution and shall be forwarded in accordance with subsection 7 of this section to the appropriate prosecuting attorney.

9. Owners of vehicles identified under the program as being in violation of the motor vehicle financial responsibility law shall be provided with options for disputing such claims which do not require appearance at any state or local court of law, or administrative facility. Any person who presents timely proof that he or she was in compliance with the motor vehicle financial responsibility law at the time of the alleged violation shall be entitled to dismissal of the charge with no assessment of fees or fines. Proof provided by a vehicle owner to the department of revenue that the vehicle was in compliance at the time of the suspected violation of the motor vehicle financial responsibility law shall be recorded in the system established by the department of revenue under section 303.430.

10. The collection of data pursuant to this section shall be done in a manner that prohibits any bias towards a specific community, race, gender, or socioeconomic status of vehicle owner.

11. Law enforcement agencies, third-party vendors, or other entities authorized to operate under the program shall not sell data collected or retained under the program for any purpose or share it for any purpose not expressly authorized in this section. All data shall be secured and any third-party vendor or other entity authorized to operate under the program may be liable for any data security breach.

12. The department of revenue shall not take action under sections 303.420 to 303.440 against vehicles registered as fleet vehicles under section 301.032, or against vehicles known to the department of revenue to be insured under a policy of commercial auto coverage, as such term is defined in subdivision (10) of subsection 2 of section 303.430.

13. Following one year after the implementation of the program, and every year thereafter for a period of five years, the department of revenue shall provide a report to the president pro tempore of the senate, the speaker of the house of representatives, the chairs of the house and senate committees with jurisdictions over insurance or transportation matters, and the chairs of the house budget and senate appropriations committees. The report shall include an evaluation of program operations, information as to the costs of the program incurred by the department of revenue, insurers, and the public, information as to the effectiveness of the program in reducing the number of uninsured motor vehicles,

and anonymized demographic information including the race and zip code of vehicle owners identified under the program as being in violation of the motor vehicle financial responsibility law, and may include any additional information and recommendations for improvement of the program deemed appropriate by the department of revenue. The department of revenue may, by rule, require the state, counties, and municipalities to provide information in order to complete the report.

14. The department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.430. VERIFICATION OF FINANCIAL RESPONSIBILITY, WEB-BASED SYSTEM ESTABLISHED — REQUIREMENTS — ADVISORY COUNCIL — RULEMAKING AUTHORITY. — 1. The department of revenue shall establish and maintain a web-based system for the verification of motor vehicle financial responsibility, shall provide access to insurance reporting data and vehicle registration and financial responsibility data, and shall require motor vehicle insurers to establish functionality for the verification system, as provided in sections 303.420 to 303.440. The verification system, including any exceptions as provided for in sections 303.420 to 303.440 or in the implementation guide developed to support the program, shall supersede any existing verification system, and shall be the sole system used for the purpose of verifying financial responsibility required under this chapter.

2. The system established pursuant to subsection 1 of this section shall be subject to the following:

(1) The verification system shall transmit requests to insurers for verification of motor vehicle insurance coverage via web services established by the insurers through the internet in compliance with the specifications and standards of the Insurance Industry Committee on Motor Vehicle Administration, or "IICMVA". Insurance company systems shall respond to each request with a prescribed response upon evaluation of the data provided in the request. The system shall include appropriate protections to secure its data against unauthorized access, and the department of revenue shall maintain a historical record of the system data for a period of no more than twelve months from the date of all requests and responses. The system shall be used for verification of the financial responsibility required under this chapter. The system shall be accessible to authorized personnel of the department of revenue, the courts, law enforcement personnel, and other entities authorized by the state as permitted by state or federal privacy laws, and it shall be interfaced, wherever appropriate, with existing state systems. The system shall include information enabling the department of revenue to submit inquiries to insurers regarding motor vehicle insurance which are consistent with insurance industry and IICMVA recommendations, specifications, and standards by using the following data elements for greater matching accuracy: insurer National Association of Insurance Commissioners, or "NAIC", company code; vehicle identification number; policy number; verification date; or as otherwise described in the specifications and standards of the IICMVA. The department of revenue shall promulgate rules to offer insurers who insure one thousand or fewer vehicles within this state an alternative method for verifying motor vehicle insurance coverage in lieu of web services, and to provide for the verification of financial responsibility when financial responsibility is proven to the department to be maintained by means other than a policy of motor vehicle insurance. Insurers shall not be required to verify insurance coverage for vehicles registered in other jurisdictions;

(2) The verification system shall respond to each request within a time period established by the department of revenue. An insurer's system shall respond within the time period prescribed by the IICMVA's specifications and standards. Insurer systems shall be permitted reasonable system downtime for maintenance and other work with advance notice to the department of revenue. Insurers shall not be subject to enforcement fees or other sanctions under such circumstances, or when systems are not available because of emergency, outside attack, or other unexpected outages not planned by the insurer and reasonably outside its control;

(3) The system shall assist in identifying violations of the motor vehicle financial responsibility law in the most effective way possible. Responses to individual insurance verification requests shall have no bearing on whether insurance coverage is determined to be in force at the time of a claim. Claims shall be individually investigated to determine the existence of coverage. Nothing in sections 303.420 to 303.440 shall prohibit the department of revenue from contracting with a third-party vendor or vendors who have successfully implemented similar systems in other states to assist in establishing and maintaining this verification system;

(4) The department of revenue shall consult with representatives of the insurance industry and may consult with third-party vendors to determine the objectives, details, and deadlines related to the system by establishment of an advisory council. Members of the advisory council shall serve in an advisory capacity in matters pertaining to the administration of sections 303.420 to 303.440, as the department of revenue may request. The advisory council shall expire one year after implementation of the program. The advisory council shall consist of voting members comprised of:

(a) The director of the department of commerce and insurance, or his or her designee, who shall serve as chair;

(b) Two representatives of the department of revenue, to be appointed by the director of the department of revenue;

(c) One representative of the department of commerce and insurance, to be appointed by the director of the department of commerce and insurance;

(d) Three representatives of insurance companies, to be appointed by the director of the department of commerce and insurance;

(e) One representative from the Missouri Insurance Coalition;

(f) One representative chosen by the National Association of Mutual Insurance Companies;

(g) One representative chosen by the American Property and Casualty Insurance Association;

(h) One representative chosen by the Missouri Independent Agents Association; and

(i) Such other representatives as may be appointed by the director of the department of commerce and insurance;

(5) The department of revenue shall publish for comment, and then issue, a detailed implementation guide for its online verification system;

(6) The department of revenue and its third-party vendors, if any, shall each maintain a contact person for insurers during the establishment, implementation, and operation of the system;

(7) If the department of revenue has reason to believe a vehicle owner does not maintain financial responsibility as required under this chapter, it may also request an insurer to verify the existence of such financial responsibility in a form approved by the department of revenue. In addition, insurers shall cooperate with the department of revenue in establishing and maintaining the verification system established under this section, and shall provide motor vehicle insurance policy status information as provided in the rules promulgated by the department of revenue;

(8) Every property and casualty insurance company licensed to issue motor vehicle insurance or authorized to do business in this state shall comply with sections 303.420 to 303.440, and corresponding

rules promulgated by the department of revenue, for the verification of such insurance for every vehicle insured by that company in this state;

(9) Insurers shall maintain a historical record of insurance data for a minimum period of six months from the date of policy inception or policy change for the purpose of historical verification inquiries;

(10) For the purposes of this section, "commercial auto coverage" shall mean any coverage provided to an insured, regardless of number of vehicles or entities covered, under a commercial coverage form and rated from a commercial manual approved by the department of commerce and insurance. Sections 303.420 to 303.440 shall not apply to vehicles insured under commercial auto coverage; however, insurers of such vehicles may participate on a voluntary basis, and vehicle owners may provide proof at or subsequent to the time of vehicle registration that a vehicle is insured under commercial auto coverage, which the department of revenue shall record in the system;

(11) Insurers shall provide commercial or fleet automobile customers with evidence reflecting that the vehicle is insured under a commercial or fleet automobile liability policy. Sufficient evidence shall include an insurance identification card clearly marked with a suitable identifier such as "commercial auto insurance identification card", "fleet auto insurance identification card", or other clear identification that the vehicle is insured under a fleet or commercial policy;

(12) Notwithstanding any provision of sections 303.420 to 303.440, insurers shall be immune from civil and administrative liability for good faith efforts to comply with the terms of sections 303.420 to 303.440;

(13) Nothing in this section shall prohibit an insurer from using the services of a third-party vendor for facilitating the verification system required under sections 303.420 to 303.440.

3. The department of revenue shall promulgate rules as necessary for the implementation of sections 303.420 to 303.440. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

303.440. OPERATIONAL DATE FOR VERIFICATION SYSTEM — TESTING OR PILOT PERIOD.

— The verification system established under section 303.430 shall be installed and fully operational [on January 1, 2025] no later than December 31, 2027, or as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles, to be funded by the motor vehicle administration technology fund as created in section 301.558, following an appropriate testing or pilot period of not less than nine months. Until the successful completion of the testing or pilot period in the judgment of the director of the department of revenue, no enforcement action shall be taken based on the system, including but not limited to action taken under the program established under section 303.425.

(c) Within thirty days following the date of the guaranty association's election to assume a reinsurance contract, the guaranty association and the reinsurer shall calculate the balance due to or from the guaranty association under each reinsurance contract as of the date of such election, and the guaranty association or reinsurer shall pay any remaining balance due the other within thirty-five days of the date of such election. Any disputes over the amounts due to either the guaranty association or the reinsurer shall be resolved by arbitration pursuant to the terms of the affected reinsurance contract or, if the contract contains no arbitration clause, pursuant to the provisions of subdivision (3) of subsection 9 of this section.

(d) If the guaranty association, or receiver on behalf of such guaranty association, within sixty days of the date of the guaranty association's election to assume a reinsurance contract, pays the unpaid premiums due for periods both before and after the date of such election that are due pursuant to the reinsurance contract, the reinsurer shall not be entitled to terminate the reinsurance contract for failure to pay premiums, and shall not be entitled to set off any unpaid amounts due under other contracts, or unpaid amounts due from parties other than the guaranty association, against amounts due such guaranty association.

4. If a receiver continues policies of life or health insurance or annuities referred to in section 375.1178 in force following an order of liquidation, and the policies or annuities are not covered in whole or in part by one or more guaranty associations, the receiver may, within one hundred eighty days of the date of the order of liquidation, elect to assume the rights and obligations of the ceding insurer under any one or more of the reinsurance contracts that relate to the policies or annuities, provided the contracts have not been terminated as set forth in subsection 2 of this section. The election shall be made by sending written notice, return receipt requested, to the affected reinsurers. In that event, payment of premiums on the reinsurance contracts for the policies and annuities, for periods both before and after the date of the order of liquidation, shall be chargeable against the estate as a class 1 administrative expense. Amounts paid by the reinsurer on account of losses on the policies and annuities shall be to the estate of the ceding insurer.

5. During the period from the date of the order of liquidation until the date the guaranty association or the receiver elects to assume the rights and obligations of the ceding insurer under any one or more of the reinsurance contracts that relate to the policies or annuities as provided for in subsection 3 or 4 of this section, the guaranty association, the receiver, and the reinsurer shall not have any rights or obligations under any reinsurance contract that is eligible for assumption by such association or the receiver.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

6. (1) If the guaranty association or the receiver, as the case may be, has timely elected to assume a reinsurance contract pursuant to subsection 3 or 4 of this section, as applicable, the parties' rights and obligations shall be governed by the provisions of subsection 3 or 4 of this section, as applicable.

(2) Where the guaranty association covering policies of life or health insurance or annuities referred to in section 375.1178 or the receiver, as the case may be, does not timely elect to assume a reinsurance contract pursuant to subsection 3 or 4 of this section, as applicable, the reinsurance contract shall be terminated retroactively effective on the date of the order of liquidation and subsection 9 of this section shall apply.

7. When policies of life or health insurance or annuities referred to in section 375.1178, or the obligations of the guaranty association with respect thereto, are transferred to an assuming insurer, reinsurance on the policies or annuities may also be transferred by the guaranty association, in the case of contracts assumed under subsection 3 of this section, or the receiver, in the case of contracts assumed under subsection 4 of this section, subject to the following:

(1) Unless the reinsurer and the assuming insurer agree otherwise, the reinsurance contract transferred shall not cover any new policies or annuities in addition to those transferred;

(2) The obligations described in subsections 3 and 4 of this section shall no longer apply with respect to matters arising after the effective date of the transfer; and

(3) Notice shall be given in writing, return receipt requested, by the transferring party to the affected reinsurer not less than thirty days prior to the effective date of the transfer.

8. The provisions of this section shall, to the extent provided in sections 375.1150 to 375.1246, supersede the provisions of any law or of any affected reinsurance contract that provides for or requires any payment of reinsurance proceeds, on account of losses or events that occur in periods after the date of the order of liquidation, to the receiver of the ceding insurer or any other person. The receiver shall remain entitled to any amounts payable by the reinsurer under the reinsurance contracts with respect to losses or events that occur in periods prior to the date of the order of liquidation, subject to provisions of sections 375.1150 to 375.1246 including applicable setoff provisions.

9. When a reinsurance contract is terminated pursuant to sections 375.1150 to 375.1246, the reinsurer and the receiver shall commence a mandatory negotiation procedure in accordance with this subsection:

(1) No later than thirty days after the date of termination, each party shall appoint an actuary to determine an estimated sum due as a result of the termination of the reinsurance contract calculated in a way expected to make the parties economically indifferent as to whether the reinsurance contract continues or terminates, giving due regard to the economic effects of the insolvency. The sum shall take into account the present value of future cash flows expected under the reinsurance contract and be based on a gross premium valuation of net liability using current assumptions that reflect post-insolvency experience expectations, with no additional margins, net of any amounts payable and receivable, with a market value adjustment to reflect premature sale of assets to fund the settlement;

(2) Within ninety days of the date of termination, each party shall provide the other party with its estimate of the sum due as a result of the termination of the reinsurance contract, together with all relevant documents and other information supporting the estimate. The parties shall make a good faith effort to reach agreement on the sum due;

(3) If the parties are unable to reach agreement within ninety days following the submission of materials required in subdivision (2) of this subsection, either party may initiate arbitration proceedings as provided in the reinsurance contract. In the event that the reinsurance contract does not contain an arbitration clause, either party may initiate arbitration pursuant to this subdivision by providing the other party with a written demand for arbitration. The arbitration shall be conducted pursuant to the following procedures:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter underscored is proposed language.

(a) Venue for the arbitration shall be within the county of the court's jurisdiction pursuant to section 375.1154, or another location agreed to by the parties;

(b) Within thirty days of the responding party's receipt of the arbitration demand, each party shall appoint an arbitrator who is a disinterested active or retired officer or executive of a life or health insurance or reinsurance company, or other professional with no less than ten years' experience in or relating to the field of life or health insurance or reinsurance. The two arbitrators shall appoint an independent, impartial, disinterested umpire who is an active or retired officer or executive of a life or health insurance or reinsurance company, or other professional with no less than ten years' experience in the field of life or health insurance or reinsurance. If the arbitrators are unable to agree on an umpire, each arbitrator shall provide the other with the names of three qualified individuals, each arbitrator shall strike two names from the other's list, and the umpire shall be chosen by drawing lots from the remaining individuals;

(c) Within sixty days following the appointment of the umpire, the parties shall, unless otherwise ordered by the panel, submit to the arbitration panel their estimates of the sum due as a result of the termination of the reinsurance contract, together with all relevant documents and other information supporting the estimate;

(d) The time periods set forth in these paragraphs may be extended upon mutual agreement of the parties;

(e) The panel shall have all powers necessary to conduct the arbitration proceedings in a fair and appropriate manner, including the power to request additional information from the parties, authorize discovery, hold hearings, and hear testimony. The panel also may appoint independent actuarial experts, the expense of which shall be shared equally between the parties;

(4) An arbitration panel considering the matters set forth in this subsection shall apply the standards set forth in this subsection and shall issue a written award specifying a net settlement amount due from one party or the other as a result of the termination of the reinsurance contract. The receivership court shall confirm that award absent proof of statutory grounds for vacating or modifying arbitration awards under the Federal Arbitration Act;

(5) If the net settlement amount agreed or awarded pursuant to this subsection is payable by the reinsurer, the reinsurer shall pay the amount due to the estate subject to any applicable set-off under section 375.1198. If the net settlement amount agreed or awarded pursuant to this subsection is payable by the ceding insurer, the reinsurer shall be deemed to have a timely filed claim against the estate for that amount, which claim shall be paid pursuant to the priority established in subsection 5 of section 375.1218. The affected guaranty associations shall not be entitled to receive the net settlement amount, except to the extent they are entitled to share in the estate assets as creditors of the estate, and shall have no responsibility for the net settlement amount.

10. Except as otherwise provided in this section, nothing in this section shall alter or modify the terms and conditions of any reinsurance contract. Nothing in this section shall abrogate or limit any rights of any reinsurer to claim that it is entitled to rescind a reinsurance contract. Nothing in this section shall give a policyholder or beneficiary an independent cause of action against a reinsurer that is not otherwise set forth in the reinsurance contract. Nothing in this section shall limit or affect any guaranty association's rights as a creditor of the estate against the assets of the estate. Nothing in this section shall apply to reinsurance contracts covering property or casualty risks.

11. This section and subdivision (10) of subsection 1 of section 376.734 shall be construed together in a manner that is consistent with each other and with the purpose provided for in section 376.715.

All claims shall be paid within thirty days of the receipt by the insurer of all documents reasonably needed to determine the claim.

3. Nothing in this section shall preclude an insurer from voluntarily issuing an instrument of payment in the single name of the provider.

4. Except as provided in subsection 5 of this section, this section shall not require any insurer, health services corporation, prepaid dental plan as defined in section 354.700, health maintenance corporation or preferred provider organization which directly contracts with certain members of a class of providers for the delivery of health care services to issue payment as provided pursuant to this section to those members of the class which do not have a contract with the insurer.

5. 3. (1) If a health carrier [initiates or changes] proposes to initiate or change the method used to reimburse a health care provider to a method of reimbursement that will require the health care provider to pay a fee, discount the amount of its claim for reimbursement, or remit any other form of remuneration to the health carrier or any entity acting on behalf of the health carrier in order to redeem the amount of its claim for reimbursement, as described in subsection 2 of this section, the health carrier or an entity acting on its behalf shall first receive approval from the health care provider before reimbursing the health care provider with such payment method.

(3) A health carrier that proposes to reimburse a health care provider with a payment method described in subsection 2 of this section shall:

[(1)] (a) Notify such health care provider of the fee, discount, or other remuneration required to receive reimbursement through the new or different reimbursement method; and

[(2)] (b) In such notice, provide clear instructions to the health care provider as to how to select [an alternative] the payment method described in subsection 2 of this section, and upon request by the health care provider such [alternative] payment method shall be [used] allowed to reimburse the provider until the provider requests otherwise.

4. A health carrier shall allow the provider to select to be reimbursed by an electronic funds transfer through the Automated Clearing House Network as required pursuant to 45 C.F.R. Sections 162.925, 162.1601, and 162.1602, and if the provider makes such selection, the health carrier shall use such reimbursement method to reimburse the provider until the provider requests otherwise.

5. An amount a health carrier claims was overpaid to a provider may only be collected, withheld, or recouped from the provider, or third party that submitted the provider's claim under the third party's provider identification number, to whom the overpaid amount was originally paid. The notice of withholding or recoupment by a health carrier shall also inform the provider or third party of the health care service, date of service, and patient for which the recoupment is being made.

The department shall not require any company operating under the provisions of this chapter to waive any rights, benefits, or requirements specified in this chapter, nor shall it confer favorable treatment in exchange for, nor condition the granting of any exception upon, any company conceding additional regulatory oversight by the department. If the department and any company operating under the provisions of this chapter have entered into any agreement in which the department has received concessions including, but not limited to, additional regulatory oversight beyond the authority expressly granted in this chapter, such agreement as it relates to the department's authority is void upon the enactment of this section, but such agreement shall remain in full force and effect for the stated duration of the agreement as it relates to any benefits, allowances, or exemptions granted to the company by the agreement.

4. (1) Notwithstanding any provision of law to the contrary, nothing in this chapter nor any regulation promulgated by the department including, but not limited to, any regulation promulgated under sections 374.045, 380.021, 380.271, and 380.561, shall require or be construed to require any company operating under the provisions of this chapter to acquire or carry reinsurance greater than adequate reinsurance including, but not limited to, unlimited aggregate reinsurance. Nothing in this section shall be construed to limit the option of an offer of unlimited aggregate reinsurance.

(2) Missouri mutual insurance companies operating under the provisions of this chapter shall annually file the following with the director no later than March first of each calendar year:

(b) A resolution from the company's board of directors stating that:

a. The board has reviewed the terms of the reinsurance obtained by the company and believes it is sufficient to protect the financial stability of the company for the upcoming calendar year;

b. The board agrees to notify the director within fifteen days after any event, or as soon as practicable thereafter if adverse development occurs to trigger this notification, that is expected to exceed the company's aggregate or catastrophe attachment point or could cause the company's reinsurance coverage to be exhausted; and

c. The board agrees to notify the director within fifteen days after the company identifies liquidity concerns that could impact the company's ability to pay claims or determines that the company's surplus is less than its admitted assets minus liabilities plus the reserve fund or adequate guaranty fund required by section 380.021 or 380.271, as applicable.

5. Notwithstanding any provision of law to the contrary including, but not limited to, the provisions of section 380.321, the director shall not have the authority to hold a hearing regarding a proposed merger of companies operating pursuant to the provisions of this chapter unless the director has substantial and competent evidence to believe the proposed merger will prejudice the interests of the policyholders of the companies. The written notice of hearing shall itemize the reasons why the director believes the proposed merger will prejudice the policyholders of the companies and shall include the date of a hearing regarding the proposed merger no earlier than thirty days and no later than sixty days after the notice of hearing is received by the companies involved in the proposed merger.

(2) The director may disclose the content of an examination report, preliminary examination report or results, or any matter relating thereto, to the insurance department of this or any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as such agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this section; and

(3) In the event the director determines that legal or regulatory action is appropriate as a result of any examination, he or she may initiate any proceedings or actions as provided by law.

7. (1) Notwithstanding the provisions of section 380.491, the department shall not charge a rate for examinations in excess of a reasonable fee. A reasonable fee is determined by the average market rate typically charged by third-party vendors for such services.

(2) At any time after notification of the commencement of an examination and through its completion, a company may request on a prospective basis that the department's monthly examination billing statements include the following additional details:

(a) Hours billed for an examination shall be recorded in a billing statement provided to the company each month that sets forth the time spent, using fifteen-minute increments, for each billing examiner multiplied by the applicable hourly rate;

(b) The estimated costs of the examination;

(c) The types of information that the company will be asked to produce;

(d) The most efficient means of conducting the examination; and

(e) Any alternative approaches in conducting the examination that would be more convenient, less burdensome, or less expensive for the company while still providing for an effective examination by the department.

(4) (a) No more than thirty days after the scheduling conference, the department shall provide the company with a detailed written budget estimate for the examination that shall, for each forthcoming phase of the examination:

a. Identify the individuals or firms performing the examination and their daily or hourly rates;

b. Provide an estimate of travel, lodging, meal, and other administrative or supply costs; and

c. Estimate the length of time necessary to conduct on-site and off-site examination activities.

(b) Within fifteen days of receipt of a budget estimate under paragraph (a) of this subdivision, the company and the department shall have an additional discussion regarding the most efficient means of conducting the examination and producing information. If necessary, revisions of the budget estimate shall be made.

(c) The time periods under paragraphs (a) and (b) of this subdivision may be extended if the company and the department mutually agree to the extension.

(d) At any time during the examination, the department shall hold another scheduling conference with the company in accordance with the provisions of this subsection and provide a revised budget estimate as set forth in paragraph (a) of this subdivision if:

a. The department determines that the cost of the examination will exceed the stated estimated budget by more than ten percent; or

Adopted Amendments to the Constitution of Missouri

August 6, 2024 Election

SJR 38 [SS No. 2 SJR 38]

Proposes a constitutional amendment that authorizes laws to increase the minimum funding for a police force.

CONSTITUTIONAL AMENDMENT NO. 4. — (Proposed by the 101st General Assembly, Second Regular Session, SJR 38)

Official Ballot Title:

Shall the Missouri Constitution be amended to authorize laws, passed before December 31st, 2026, that increase minimum funding for a police force established by a state board of police commissioners to ensure such police force has additional resources to serve its communities?

This would authorize a law passed in 2022 increasing required funding by the City of Kansas City for police department requests from 20% of general revenue to 25%, an increase of \$38,743,646, though the City previously provided that level of funding voluntarily. No other state or local governmental entities estimate costs or savings.

Fair Ballot Language:

A **"yes"** vote will amend the Missouri Constitution to allow the general assembly by law to increase the minimum funding for a police force established by the state board of police commissioners to ensure such police force has additional resources to serve its communities. Currently the only police force established by the state board of police commissioners is found in Kansas City, Missouri.

A **"no"** vote will not amend the Missouri Constitution regarding the funding for a police force established by the state board of police commissioners.

If passed, this measure will have no impact on taxes.

November 5, 2024 Election**SJR 78 [SS SJR 78]**

Proposes a constitutional amendment that modifies certain voting requirements for primary and general elections.

CONSTITUTIONAL AMENDMENT NO. 7. — (Proposed by the 102nd General Assembly, Second Regular Session, SJR 78)

Official Ballot Title:

Shall the Missouri Constitution be amended to:

- Make the Constitution consistent with state law by only allowing citizens of the United States to vote;
- Prohibit the ranking of candidates by limiting voters to a single vote per candidate or issue; and
- Require the plurality winner of a political party primary to be the single candidate at a general election?

State and local governmental entities estimate no costs or savings.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to specify that only United States citizens are entitled to vote, voters shall only have a single vote for each candidate or issue, restrict any type of ranking of candidates for a particular office and require the person receiving the greatest number of votes at the primary election as a party candidate for an office shall be the only candidate for that party at the general election, and require the person receiving the greatest number of votes for each office at the general election shall be declared the winner. This provision does not apply to any nonpartisan municipal election held in a city that had an ordinance in effect as of November 5, 2024, that requires a preliminary election at which more than one candidate advances to a subsequent election.

A "no" vote will not amend the Missouri Constitution to make any changes to how voters vote in primary and general elections.

If passed, this measure will have no impact on taxes.

3. All election officers shall be sworn or affirmed not to disclose how any voter voted; provided, that in cases of contested elections, grand jury investigations and in the trial of all civil or criminal cases in which the violation of any law relating to elections, including nominating elections, is under investigation or at issue, such officers may be required to testify and the ballots cast may be opened, examined, counted, and received as evidence.

SECTION 24. PLURALITY WINNER OF PRIMARY TO BE SINGLE CANDIDATE AT GENERAL ELECTION — GENERAL ELECTION WINNER, HOW DETERMINED — INAPPLICABILITY, WHEN. — **1. The person receiving the greatest number of votes at a primary election as a party candidate for an office shall be the only candidate for that party for the office at the general election. The name of such candidate shall be placed on the official ballot at the general election unless removed or replaced as provided by law.**

2. The person receiving the greatest number of votes at the general election shall be declared the winner.

Adopted Initiative Petitions to the Constitution of Missouri

NOVEMBER 5, 2024

CONSTITUTIONAL AMENDMENT NO. 2. — (Proposed by Initiative Petition)

Official Ballot Title:

Do you want to amend the Missouri Constitution to:

- allow the Missouri Gaming Commission to regulate licensed sports wagering including online sports betting, gambling boats, professional sports betting districts and mobile licenses to sports betting operators;
- restrict sports betting to individuals physically located in the state and over the age of 21;
- allow license fees prescribed by the Commission and a 10% wagering tax on revenues received to be appropriated for education after expenses incurred by the Commission and required funding of the Compulsive Gambling Prevention Fund; and
- allow for the general assembly to enact laws consistent with this amendment?

State governmental entities estimate onetime costs of \$660,000, ongoing annual costs of at least \$5.2 million, and initial license fee revenue of \$11.75 million. Because the proposal allows for deductions against sports gaming revenues, they estimate unknown tax revenue ranging from \$0 to \$28.9 million annually. Local governments estimate unknown revenue.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to permit licensed sports wagering regulated by the Missouri Gaming Commission and restrict sports betting to individuals physically located in the state and over the age of 21. The amendment includes a 10% wagering tax on revenues received to be appropriated for educational institutions in Missouri.

A "no" vote will not amend the Missouri Constitution regarding licensed regulated sports wagering.

If passed, this measure will have no impact on taxes.

SECTION

- A. Enacting clause.
- 39(g). Sports wagering — licensure, requirements — rulemaking authority — wagering tax, amount — online sports wagering — fund created, use of monies — definitions — severability clause.

Be it resolved by the people of the State of Missouri that the Constitution be amended:

SECTION A. ENACTING CLAUSE. — Article III of the Constitution is revised by adopting one new Section to be known as Article III, Section 39(g) to read as follows:

SECTION 39(g). SPORTS WAGERING — LICENSURE, REQUIREMENTS — RULEMAKING AUTHORITY — WAGERING TAX, AMOUNT — ONLINE SPORTS WAGERING — FUND CREATED, USE OF MONIES — DEFINITIONS — SEVERABILITY CLAUSE. — 1. The people of the state of Missouri hereby

find and declare that the interests of the public are best served by a well-regulated sports wagering industry that will provide substantial tax revenue to support educational institutions in Missouri.

2. Notwithstanding any other provision of law to the contrary, any entity licensed by the Commission pursuant to Article III, Section 39(g) may offer sports wagering:

- a. through an online sports wagering platform to individuals physically located in this state;
- b. at excursion gambling boats; and
- c. at any location within each sports district, as approved by each applicable professional sports team that plays its home games in such sports district.

3. A licensee shall not offer sports wagering to individuals who are under twenty-one years of age.

4. a. The Commission shall issue not more than one retail license to operate sports wagering in this state to each qualified applicant that is:

(1) an excursion gambling boat or a sports wagering operator operating on behalf of each such excursion gambling boat that has applied for a retail license to offer sports wagering at such excursion gambling boat; or

(2) a professional sports team or a sports wagering operator designated by each such professional sports team that has applied for a retail license to offer sports wagering within the applicable sports district in which such professional sports team plays its home games.

b. The Commission shall issue not more than one mobile license to operate sports wagering in this state to each qualified applicant that is:

(1) an owner of an excursion gambling boat located in this state or a sports wagering operator operating on behalf of each such owner, provided, however, that not more than one sports wagering operator shall be permitted to operate under such mobile license on behalf of any entity, or group of commonly owned or controlled entities, which owns, directly or indirectly, more than one excursion gambling boat located in this state; or

(2) a professional sports team or a sports wagering operator designated by each such professional sports team.

c. The Commission shall issue not more than two mobile licenses to operate sports wagering in this state directly to qualified applicants that are sports wagering operators. Each sports wagering operator shall only be eligible for one mobile license per distinct sports wagering operator brand. For purposes of Article III, Section 39(g) brand shall refer to the name, trade name, licensed trademark, or assumed business name of the sports wagering operator. If there are more than two qualified applicants for a mobile license to be issued by the Commission directly to a sports wagering operator under this section, the Commission shall select the applicant for licensure based on the applicant's ability to satisfy the following criteria:

- (1) Expertise in the business of online sports wagering;
- (2) Integrity, sustainability, and safety of the applicant's online sports wagering platform;
- (3) Past relevant experience of the applicant;
- (4) Advertising and promotional plans to increase and sustain revenue;
- (5) Ability to generate, maximize, and sustain revenues for the state;

5. An applicant for a license to conduct sports wagering shall apply to the Commission on a form and in the manner prescribed by the Commission. The Commission shall conduct background checks of each applicant or key persons of such applicant and shall not award a license to any applicant if such applicant or key person of such applicant has been convicted of a felony or any gambling offense in any state or federal court of the United States. If a professional sports team designates a sports wagering operator to operate on its behalf, then that sports wagering operator, rather than the professional sports team, shall submit to the Commission for licensure and shall be considered the licensee for all aspects

of Commission oversight and regulatory control. In the application, the Commission shall require applicants to disclose the identity of all of the following:

- a. The applicant's principal owners who directly own 10% or more of the applicant;
 - b. Each holding, intermediary, or parent company that directly owns 15% or more of the applicant;

b. An applicant for a mobile license shall be required to pay a license fee prescribed by the Commission, not to exceed \$500,000. Mobile licensees shall be required to pay a license renewal fee every five years, as prescribed by the Commission, not to exceed \$500,000.

7. a. A license for sports wagering shall not be assignable or transferable without approval of the Commission. Such approval shall not be unreasonably withheld.

b. A license shall authorize a licensee to offer sports wagering under not more than one sports wagering operator brand, provided, however, that such licensee shall also be permitted, but not required, to use the brand of a professional team or excursion gambling boat pursuant to a partnership with such entity. Notwithstanding any other provision of law to the contrary and subject to approval by the Commission, a person or entity may hold and operate more than one license under distinct sports wagering operator brands, regardless of whether multiple brands are owned by the same parent entity.

c. Commercial agreements between an excursion gambling boat or a professional sports team and a sports wagering operator shall be submitted to the Commission as agreed to by the contracting parties. The Commission shall not prescribe any terms or conditions that are required to be included into such commercial agreements. A sports governing body or professional sports team may enter into commercial agreements with sports wagering operators or other entities in which such sports governing body or professional sports team may share in the amount wagered on sporting events of such sports governing body or professional sports team. A professional sports team may grant any such rights provided under this paragraph to its affiliate. Neither a sports governing body nor a professional sports team, nor such team's affiliate, is required to obtain a license or any other approval from the Commission to lawfully accept such amounts.

d. Each mobile licensee shall determine, set, and display applicable lines, point spreads, odds, or other information pertaining to online sports wagering.

e. Any submission to the Commission under this section, including all documents, reports, and data submitted therewith, that contain proprietary information, trade secrets, financial information, or personal information about any person or entity shall be treated in the same confidential manner as submissions by other licensees of the Commission and shall not be subject to disclosure pursuant to Chapter 610 RSMo.

8. All sports wagering fees prescribed by the Commission and collected by the state shall be appropriated as follows:

a. to reimburse the reasonable expenses incurred by the Commission to regulate sports wagering;

and

b. to the extent all reasonable expenses incurred by the Commission have been reimbursed, the remaining fees shall be deposited in the Compulsive Gaming Prevention Fund.

9. Subject to and consistent with the terms of this section, the Commission shall have the power to adopt and enforce commercially reasonable rules, including emergency rules, to implement the provisions of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of Chapter 536. The

Commission shall examine the rules implemented in other states where sports wagering is conducted and shall, as far as practicable, adopt a similar regulatory framework, including, but not limited to:

a. Standards governing the security and integrity of sports wagering, including requiring the use of official league data on the terms and conditions set forth below from each applicable sports governing body headquartered in the United States solely for the purposes of determining the outcome of tier two sports wagers on a professional athlete or sporting event, but only if made available to licensees on commercially reasonable terms. Sports wagering operators may use any data source for determining the results of any and all tier one sports wagers on any and all sporting events, and the results of any and all tier two sports wagers on sporting events of an organization that is not headquartered in the United States.

(1) A sports governing body may notify the Commission that it desires sports wagering operators to use official league data to settle tier two sports wagers on sporting events of such sports governing body. Such notification shall be made in the form and manner the Commission may require. The Commission shall notify each sports wagering operator of a sports governing body's notification within five days of the Commission's receipt of such notification. If a sports governing body does not notify the Commission of its desire to supply official league data, a sports wagering operator may use any data source for determining the results of any and all tier two sports wagers on sporting events of such sports governing body.

(2) Within 60 days of the Commission notifying each sports wagering operator of a sports governing body's notification to the Commission, or such longer period as may be agreed between the sports governing body and the applicable sports wagering operator, sports wagering operators shall use only official league data to determine the results of tier two sports wagers on sporting events of that sports governing body, unless:

(a) The sports governing body or its designee cannot provide a feed of official league data to determine the results of a particular type of tier two sports wager, in which case sports wagering operators may use any data source for determining the results of the applicable tier two sports wager until such time as such a data feed becomes available from the sports governing body on commercially reasonable terms and conditions;

(b) A sports wagering operator can demonstrate to the Commission that the sports governing body or its designee will not provide a feed of official league data to the sports wagering operator on commercially reasonable terms and conditions; or

(c) The sports governing body or its designee does not obtain the necessary supplier approvals to provide official league data to sports wagering operators to determine the results of tier two sports wagers, if and to the extent required by law.

(3) The following is a non-exclusive list of factors that the Commission may consider in evaluating official league data is being offered on commercially reasonable terms and conditions for the purposes of paragraphs (a) and (b) of subsection (2):

(a) The availability of a sports governing body's tier two official league data to a sports wagering operator from more than one authorized source;

(b) Market information, including, but not limited to, price and other terms and conditions, regarding the purchase by sports wagering operators of comparable data for the purpose of settling sports wagers in this state and other jurisdictions;

(c) The nature and quantity of data, including the quality and complexity of the process utilized for collecting such data; and

(d) The extent to which sports governing bodies or their designees have made data used to settle tier two bets or wagers available to operators and any terms and conditions relating to the use of that data.

(4) Notwithstanding anything set forth to the contrary herein, including without limitation subparagraph (3), during the pendency of the Commission's determination as to whether a sports

governing body or its designee will provide a feed of official league data on commercially reasonable terms, a sports wagering operator may use any data source for determining the results of any and all tier two sports wagers. The Commission's determination shall be made within 120 days of the sports wagering operator notifying the Commission that it desires to demonstrate that the sports governing body or its designee will not provide a feed of official league data to the sports wagering operator on commercially reasonable terms.

g. Standards for any sports governing body to submit to the Commission a written request to restrict, limit, or exclude a certain type, form, or category of sports betting with respect to a sporting event of that sports governing body, if the applicable sports governing body believes that such type, form, or category of sports wagering with respect to the sporting event of the sports governing body may undermine the integrity or perceived integrity of the applicable sports governing body or sporting events of the applicable sports governing body.

These standards shall also require the Commission to request comment from sports wagering operators on all requests made pursuant to this paragraph and after giving due consideration to all comments received, the Commission shall, upon a demonstration of good cause from the applicable sports governing body that such type, form, or category of sports betting is likely to undermine the integrity or perceived integrity of such body or sporting events of the applicable sports governing body, grant the request.

These standards shall require the Commission to respond to a request concerning a sporting event before the start of the event, or, if it is not feasible to respond before the start of the event, no later than 7 days after the request is made, and if the Commission determines that the applicable sports governing body is more likely than not to prevail in successfully demonstrating good cause for its request, the Commission may provisionally grant the request of the applicable sports governing body pending the Commission's final determination thereon. Unless the Commission provisionally grants the request, sports wagering operators may continue to offer sports betting and accept bets on the covered sporting event pending a final determination by the Commission;

h. Requiring licensees and sports wagering operators to use commercially and technologically reasonable means to ensure that marketing and advertisements do not purposefully target minors or individuals who have self-excluded from sports wagering, are not false, misleading or deceptive, and clearly disclose the material terms of any offer included in any promotion or advertisement;

k. Establishing fines, placing licensees on probation, and revoking licenses for violations of this section. The Commission may impose fines upon any person holding, or required to hold, a license or approval under this section or the rules subsequently adopted. Fines shall not exceed \$50,000 per violation or \$100,000 resulting from violation of the same occurrence of events. The Commission shall promulgate rules relating to procedures for disciplinary hearings, including that any such decision may be appealed to circuit court;

l. Establishing a start date for all sports wagering that is not later than December 1, 2025. No sports wagering, either retail or mobile, shall be offered in the state before such start date established by the Commission. No category of license shall be given an earlier launch date over any other category of license; and

m. Prohibiting all sports wagering activity, including sports wagering promotional and advertising activity, within a sports district, unless approved by the professional sports team that plays its home games within the district, except such rules shall not prohibit any licensee from offering sports wagering through an online sports wagering platform to persons physically located within a sports district.

10. a. Notwithstanding any other provision of law, including Article III Section 39(d), to the contrary, a wagering tax of 10% is imposed on the adjusted gross revenue received from sports wagering conducted by each licensee and each sports wagering operator acting on behalf of a licensee.

b. The annual revenues received from such tax shall be appropriated for institutions of elementary, secondary, and higher education in this state; provided, however, that an appropriation to such educational institutions shall be made only after such annual wagering tax revenues are appropriated as follows:

(1) to reimburse the reasonable expenses incurred by the Commission to regulate sports wagering in the state to the extent that the Commission has not been fully reimbursed for such expenses from the sports wagering fees collected by the state; and

(2) the greater of 10% of such annual tax revenues or \$5,000,000 to the Compulsive Gaming Fund.

c. Such revenues shall not be included within the definition of "total state revenues" in Section 17 of Article X of this Constitution.

b. A sports wagering operator shall employ commercially reasonable methods to ensure that advertisements for sports betting:

- (1) do not purposefully target minors;
- (2) are not false, misleading, or deceptive to a reasonable consumer; and

Any promotion or advertisement must provide the consumer with the full and complete terms of a promotion by providing a website, or other location, in the promotional advertisement, that directs the viewer to where the full and complete promotional terms can be viewed. This may be satisfied by the promotional advertisement containing a hyperlink that takes the viewer directly to the full and complete offer and terms.

CONSTITUTIONAL AMENDMENT NO. 3. — (Proposed by Initiative Petition)

Official Ballot Title:

Do you want to amend the Missouri Constitution to:

- establish a right to make decisions about reproductive health care, including abortion and contraceptives, with any governmental interference of that right presumed invalid;
- remove Missouri's ban on abortion;
- allow regulation of reproductive health care to improve or maintain the health of the patient;
- require the government not to discriminate, in government programs, funding, and other activities, against persons providing or obtaining reproductive health care; and
- allow abortion to be restricted or banned after Fetal Viability except to protect the life or health of the woman?

State governmental entities estimate no costs or savings, but unknown impact. Local governmental entities estimate costs of at least \$51,000 annually in reduced tax revenues. Opponents estimate a potentially significant loss to state revenue.

Fair Ballot Language:

A "yes" vote establishes a constitutional right to make decisions about reproductive health care, including abortion and contraceptives, with any governmental interference of that right presumed invalid; removes Missouri's ban on abortion; allows regulation of reproductive health care to improve or maintain the health of the patient; requires the government not to discriminate, in government programs, funding, and other activities, against persons providing or obtaining reproductive health care; and allows abortion to be restricted or banned after Fetal Viability except to protect the life or health of the woman.

A "no" vote will continue the statutory prohibition of abortion in Missouri.

If passed, this measure may reduce local taxes while the impact to state taxes is unknown.

Be it resolved by the people of the State of Missouri that the Constitution be amended:

SECTION A. ENACTING CLAUSE. — Article I of the Constitution is revised by adopting one new Section to be known as Article I, Section 36 to read as follows:

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

SECTION 36. RIGHT TO REPRODUCTIVE FREEDOM INITIATIVE — FUNDAMENTAL RIGHT, LIMITATIONS ON RESTRICTIONS — REGULATION PERMITTED, WHEN — NO PENALTY, ADVERSE ACTIONS OR DISCRIMINATION, WHEN — SEVERABILITY CLAUSE — DEFINITIONS. — 1. This Section shall be known as "The Right to Reproductive Freedom Initiative."

2. The Government shall not deny or infringe upon a person's fundamental right to reproductive freedom, which is the right to make and carry out decisions about all matters relating to reproductive health care, including but not limited to prenatal care, childbirth, postpartum care, birth control, abortion care, miscarriage care, and respectful birthing conditions.

3. The right to reproductive freedom shall not be denied, interfered with, delayed, or otherwise restricted unless the Government demonstrates that such action is justified by a compelling governmental interest achieved by the least restrictive means. Any denial, interference, delay, or restriction of the right to reproductive freedom shall be presumed invalid. For purposes of this Section, a governmental interest is compelling only if it is for the limited purpose and has the limited effect of improving or maintaining the health of a person seeking care, is consistent with widely accepted clinical standards of practice and evidence-based medicine, and does not infringe on that person's autonomous decision-making.

4. Notwithstanding subsection 3 of this Section, the general assembly may enact laws that regulate the provision of abortion after Fetal Viability provided that under no circumstance shall the Government deny, interfere with, delay, or otherwise restrict an abortion that in the good faith judgment of a treating health care professional is needed to protect the life or physical or mental health of the pregnant person.

5. No person shall be penalized, prosecuted, or otherwise subjected to adverse action based on their actual, potential, perceived, or alleged pregnancy outcomes, including but not limited to miscarriage, stillbirth, or abortion. Nor shall any person assisting a person in exercising their right to reproductive freedom with that person's consent be penalized, prosecuted, or otherwise subjected to adverse action for doing so.

6. The Government shall not discriminate against persons providing or obtaining reproductive health care or assisting another person in doing so.

7. If any provision of this Section or the application thereof to anyone or to any circumstance is held invalid, the remainder of those provisions and the application of such provisions to others or other circumstances shall not be affected thereby.

8. For purposes of this Section, the following terms mean:

(1) "Fetal Viability", the point in pregnancy when, in the good faith judgment of a treating health care professional and based on the particular facts of the case, there is a significant likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures.

(2) "Government",

a. the state of Missouri; or

b. any municipality, city, town, village, township, district, authority, public subdivision or public corporation having the power to tax or regulate, or any portion of two or more such entities within the state of Missouri.

SECTION A. ENACTING CLAUSE. — Chapter 290, RSMo, is amended by amending section 290.502 and enacting fifteen new sections to be known as sections 290.600, 290.603, 290.606, 290.609, 290.612, 290.615, 290.618, 290.621, 290.624, 290.627, 290.630, 290.633, 290.636, 290.639, and 290.642, to read as follows:

SECTION 290.502. MINIMUM WAGE RATE — INCREASE OR DECREASE, WHEN. — 1. Except as may be otherwise provided pursuant to sections 290.500 to 290.530, effective January 1, 2007, every employer shall pay to each employee wages at the rate of \$6.50 per hour, or wages at the same rate or rates set under the provisions of federal law as the prevailing federal minimum wage applicable to those covered jobs in interstate commerce, whichever rate per hour is higher.

2. The minimum wage shall be increased or decreased on January 1, 2008, and on January 1 of successive years, by the increase or decrease in the cost of living. On September 30, 2007, and on each September 30 of each successive year, the director shall measure the increase or decrease in the cost of living by the percentage increase or decrease as of the preceding July over the level as of July of the immediately preceding year of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) or successor index as published by the U.S. Department of Labor or its successor agency, with the amount of the minimum wage increase or decrease rounded to the nearest five cents.

Thereafter, the minimum wage established by this subsection shall be increased [each year] by [\$.85] \$1.25 per hour, [effective January 1 of each of the next four years, until it reaches \$12.00 per hour] to \$15.00 per hour, effective January 1, [2023] 2026. Thereafter, the minimum wage established by this subsection shall be increased or decreased on January 1, [2024] 2027, and on January 1 of successive years, per the method set forth in subsection 2 of this section. If at any time the federal minimum wage rate is above or is thereafter increased above the minimum wage then in effect under this subsection, the minimum wage required by this subsection shall continue to be increased pursuant to this subsection 3, but the higher federal rate shall immediately become the minimum wage required by this subsection and shall be increased or decreased per the method set forth in subsection 2 for so long as it remains higher than the state minimum wage required and increased pursuant to this subsection.

- (5) "Employee", any individual employed in this state by an employer, but does not include:

(11) "Same hourly rate", means the following:

(A) For employees paid on the basis of a single hourly rate, the same hourly rate shall be the employee's regular hourly rate.

(i) the wages the employee would have been paid for the hours absent during use of earned paid sick time if the employee had worked; or,

(ii) the weighted average of all hourly rates of pay during the previous pay period.

Whatever method the employer uses, the employer must use a consistent method for each employee throughout a year.

(C) For employees who are paid a salary, the same hourly rate shall be determined by dividing the wages the employee earns in the previous pay period by the total number of hours worked during the previous pay period. For determining total number of hours worked during the previous pay period, employees who are exempt from overtime requirements under 29 U.S.C. § 213(a)(1), the Fair Labor Standards Act, shall be assumed to work 40 hours in each work week unless their normal work week is less than 40 hours, in which case earned paid sick time shall accrue and the same hourly rate shall be calculated based on the employee's normal work week. SECTION 290.603. PAID SICK LEAVE REQUIRED, WHEN — USE OF SICK LEAVE, RESTRICTIONS

— NUMBER OF EMPLOYEES, HOW DETERMINED — ACCRUAL OF LEAVE — COMMENCEMENT DATE.

— 1. Employees of an employer with fifteen or more employees shall accrue a minimum of one hour of earned paid sick time for every thirty hours worked, but such employees shall not be entitled to use more than fifty-six hours of earned paid sick time per year, unless the employer selects a higher limit.

2. Employees of an employer with fewer than fifteen employees shall accrue a minimum of one hour of earned paid sick time for every thirty hours worked, but such employees shall not be entitled to use more than forty hours of earned paid sick time per year, unless the employer selects a higher limit.

3. In determining the number of employees of an employer, all employees performing work in the state for an employer for compensation on a full-time, part-time, or temporary basis shall be counted. In situations in which the number of employees performing work in the state for an employer for compensation per week fluctuates above and below 15 employees per week over the course of a year, an employer is required to provide earned paid sick time pursuant to subsection (1) of this section if it maintained fifteen or more employees in the state on the payroll for some portion of a working day in each of twenty or more different calendar weeks, including any periods of leave, and whether or not the weeks were consecutive, in either the current or the preceding year (irrespective of whether the same individuals were in employment in each working day).

4. All employees shall accrue earned paid sick time as follows:

(A) Earned paid sick time as provided in this section shall begin to accrue at the commencement of employment or May 1, 2025, whichever is later. An employee shall be entitled to use earned paid sick time as it is accrued. An employer may provide all earned paid sick time that an employee is expected to accrue in a year at the beginning of the year.

(B) Employees who are exempt from overtime requirements under 29 U.S.C. § 213(a)(1) of the Federal Fair Labor Standards Act will be assumed to work forty hours in each work week for purposes of earned paid sick time accrual unless their normal work week is less than forty hours, in which case earned paid sick time accrues based upon that normal work week.

(C) Up to 80 hours of earned paid sick time shall be carried over to the following year if the employee has any unused accrued earned paid sick time at the end of the year, but this law does not require an employer to permit an employee to use more than the applicable number of hours of earned paid sick time per year as set forth in subsection (1) and (2) of this section. Alternatively, in lieu of carryover of unused earned paid sick time from one year to the next, an employer may pay an employee for unused earned paid sick time at the end of a year which could be carried over and provide the employee with an amount of paid sick time that meets or exceeds the requirements of sections 290.600 through 290.642 that is available for the employee's immediate use at the beginning of the subsequent year.

(D) If an employee is transferred to a separate division, entity, or location, but remains employed by the same employer, the employee is entitled to all earned paid sick time accrued at the prior division, entity, or location and is entitled to use all earned paid sick time as provided in this section. When there is a separation from employment and the employee is rehired within nine months of separation by the same employer, previously accrued earned paid sick time that had not been used shall be reinstated. Further, the employee shall be entitled to use accrued earned paid sick time and accrue additional earned paid sick time at the re-commencement of employment.

(E) When a different employer succeeds or takes the place of an existing employer, all employees of the original employer who remain employed by the successor employer are entitled to all earned paid

sick time they accrued when employed by the original employer, and are entitled to use earned paid sick time previously accrued.

(F) At its discretion, an employer may loan earned paid sick time to an employee in advance of accrual by such employee.

5. Any employer with a paid leave policy, such as a paid time off policy, who makes available an amount of paid leave sufficient to meet the accrual requirements of this section that may be used for the same purposes and under the same conditions as earned paid sick time under sections 290.600 through 290.642 is not required to provide additional paid sick time under this section.

6. Except as specifically provided in this section, nothing in this section shall be construed as requiring financial or other reimbursement to an employee from an employer upon the employee's termination, resignation, retirement, or other separation from employment for accrued earned paid sick time that has not been used.

7. Employees shall not accrue earned paid sick time before May 1, 2025. Employees who are employed or who commence employment on or after May 1, 2025 shall accrue earned paid sick time and be entitled to use earned paid sick time as it is accrued in accordance with sections 290.600 through 290.642. The Department may develop model posters and notices, engage in rule-making, initiate outreach programs, and engage in other activities for implementation of the provisions of sections 290.600 through 290.642 as authorized by those sections before May 1, 2025.

SECTION 290.606. USE OF LEAVE TIME, PURPOSES — PROCEDURE FOR REQUESTS, DOCUMENTATION. — 1. Earned paid sick time shall be provided to an employee by an employer for:

(A) An employee's mental or physical illness, injury, or health condition; an employee's need for medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; an employee's need for preventative medical care;

(B) Care of a family member with a mental or physical illness, injury, or health condition; care of a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; care of a family member who needs preventative medical care;

(C) Closure of the employee's place of business by order of a public official due to a public health emergency, or an employee's need to care for a child whose school or place of care has been closed by order of a public official due to a public health emergency, or care for oneself or a family member when it has been determined by the health authorities having jurisdiction or by a health care provider that the employee's or family member's presence in the community may jeopardize the health of others because of his or her exposure to a communicable disease, whether or not the employee or family member has actually contracted the communicable disease; or

(D) Absence necessary due to domestic violence, sexual assault, or stalking, provided the leave is to allow the employee to obtain for the employee or the employee's family member:

(i) Medical attention needed to recover from physical or psychological injury or disability caused by domestic violence, sexual assault, or stalking;

(ii) Services from a victim services organization;

(iii) Psychological or other counseling;

(iv) Relocation or taking steps to secure an existing home due to the domestic violence, sexual assault, or stalking; or

(v) Legal services, including preparing for or participating in any civil or criminal legal proceeding related to or resulting from the domestic violence, sexual assault, or stalking.

2. Earned paid sick time shall be provided upon the request of an employee. Such request may be made orally, in writing, by electronic means, or by any other means acceptable to the employer. When possible, the request shall include the expected duration of the absence.

3. When the use of earned paid sick time is foreseeable, the employee shall make a good faith effort to provide notice of the need for such time to the employer in advance of the use of the earned paid sick

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.

time and shall make a reasonable effort to schedule the use of earned paid sick time in a manner that does not unduly disrupt the operations of the employer. Where such need is not foreseeable, an employer may require an employee to provide notice of the need for the use of earned paid sick time as soon as practicable.

4. An employer that requires notice of the need to use earned paid sick time where the need is not foreseeable shall provide a written policy that contains procedures for the employee to provide notice. An employer that has not provided to the employee a copy of its written policy for providing such notice shall not deny earned paid sick time to the employee based on noncompliance with such a policy.

5. An employer may not require, as a condition of an employee's taking earned paid sick time, that the employee search for or find a replacement worker to cover the hours during which the employee is using earned paid sick time.

6. Earned paid sick time may be used in the smaller of hourly increments or the smallest increment that the employer's payroll system uses to account for absences or use of other time.

7. For earned paid sick time of three or more consecutive work days, an employer may require reasonable documentation that the earned paid sick time has been used for a purpose covered by subsection (1) of this section.

(A) Documentation signed by a health care professional indicating that earned paid sick time is necessary shall be considered reasonable documentation for purposes of this section.

(B) In cases of domestic violence, sexual assault, or stalking, if the employer requests, one of the following types of documentation selected by the employee shall be considered reasonable documentation: (i) a police report indicating that the employee or the employee's family member was a victim of domestic violence, sexual assault, or stalking; (ii) a written statement from an employee or agent of a victim service provider affirming that the employee or employee's family member is or was receiving services from a victim service provider; (iii) documentation signed by a health care professional from whom the employee or employee's family member sought assistance relating to domestic violence, sexual assault, or stalking or the effects thereof; (vi) a court document indicating that an employee or employee's family member is or was involved in a legal action related to domestic violence, sexual assault, or stalking; or (v) a written statement from the employee affirming that the employee or employee's family member is taking or took earned paid sick time for a qualifying purpose of subsection (1) of this section.

(C) An employer may not require that the documentation explain the nature of the illness, details of the underlying health needs, or the details of the domestic violence, sexual assault, or stalking, unless otherwise required by law.

SECTION 290.609. PROHIBITED EMPLOYER ACTS — RIGHTS OF EMPLOYEES. — 1. It shall be unlawful for an employer or any other person to interfere with, restrain, or deny the exercise of, or the attempt to exercise, any right protected under sections 290.600 through 290.642.

2. An employer shall not take retaliatory personnel action or discriminate against an employee or former employee because the individual has exercised rights protected under sections 290.600 through 290.642. Such rights include, but are not limited to, the right to request or use earned paid sick time pursuant to sections 290.600 through 290.642; the right to file a complaint or inform any person about any employer's alleged violation of sections 290.600 through 290.642; the right to participate in any investigation, hearing, or proceeding or cooperate with or assist the Department in any investigations of alleged violations of sections 290.600 through 290.642; and the right to inform any person of his or her potential rights under sections 290.600 through 290.642.

3. It shall be unlawful for an employer's absence control policy to count earned paid sick time taken under sections 290.600 through 290.642 as an absence that may lead to or result in discipline, discharge, demotion, suspension, or any other adverse action.

4. Protections of this section shall apply to any individual who mistakenly but in good faith alleges violations of sections 290.600 through 290.642.

SECTION 290.612. WRITTEN NOTICE BY EMPLOYER, CONTENTS — DISPLAYS. — 1. Employers shall give employees a written notice about earned paid sick time within fourteen calendar days of the commencement of employment or on April 15, 2025, whichever is later, which must include the following information: (1) beginning May 1, 2025, employees accrue and are entitled to earned paid sick time at the rate one hour of earned paid sick time for every 30 hours of work, and may use earned paid sick time, subject to the limits and terms under sections 290.600 through 290.642 of Missouri law, (2) it is prohibited for an employer to take retaliatory personnel action against employees who request or use earned paid sick time as allowed by law, (3) each employee has the right to bring a civil action if earned paid sick time as required by sections 290.600 through 290.642 is denied by the employer or the employee is subjected to retaliatory personnel action by the employer for exercising the employee's rights under sections 290.600 through 290.642; and, (4) the contact information for the Department. Notice shall be provided by the Employer to the employee on a single piece of paper, at least 8.5 x 11, in no less than 14-point font.

2. Beginning April 15, 2025, employers shall display a poster that contains the information required in subsection (1) of this section in a conspicuous and accessible place in each establishment where such employees are employed, provided that such poster has been made available by the Department.

3. The Department may create and make available to employers, model notices and posters that contain the information required under subsection (1) of this section for employers' use in complying with subsections (1) and (2) of this section. Nothing in this subsection shall be interpreted or applied, either expressly or through practical necessity, to require the Department to create or make available notices or posters if it requires the appropriation of funds to cover the costs of such acts.

SECTION 290.615. RECORDKEEPING REQUIREMENTS, INSPECTIONS. — 1. Employers shall retain records documenting hours worked by employees and earned paid sick time taken by employees, for a period of not less than three years, and shall allow the Department access to such records, with appropriate notice and at a mutually agreeable time, to monitor compliance with the requirements of sections 290.600 through 290.642.

2. To the extent permitted by law, the Director may inspect such records, and the records shall be open for inspection by the Director by appointment. Where the records required under this section are kept outside the state, the records shall be made available to the Director upon demand. Every such employer shall furnish to the Director on demand a sworn statement of time records and information upon forms prescribed or approved by the Director. All the records and information obtained by the Department are confidential and shall be disclosed only on order of a court of competent jurisdiction.

3. Nothing in this section shall be interpreted or applied, either expressly or through practical necessity, to require the Department or Director to access or inspect records or to create forms relating to the inspection of records if it requires the appropriation of funds to cover the costs of such acts.

SECTION 290.618. RULEMAKING AUTHORITY. — 1. The Department may, in accordance with chapter 536, promulgate rules for the implementation, enforcement, and administration of sections 290.600 through 290.642. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after November 5, 2024, shall be invalid and void.

EXPLANATION--Matter enclosed in bold-faced brackets [thus] is not enacted and is intended to be omitted in the law.
Matter in bold-face type is proposed language.

2. Nothing in this section shall be interpreted or applied, either expressly or through practical necessity, to require the promulgation or adoption of rules if it requires the appropriation of funds to cover the costs of such acts.

SECTION 290.621. COMPLIANCE AND COMPLAINT PROCEDURES — OUTREACH PROGRAM. — 1. The Department may investigate and ascertain compliance with sections 290.600 through 290.642, establish and implement a system to receive complaints regarding noncompliance with sections 290.600 through 290.642 and to investigate and attempt to resolve complaints between the complainant and the subject of the complaint, and establish additional means of enforcement, including requiring by subpoena the testimony of witnesses and production of books, records, and other evidence relative to any matter under investigation or hearing, issuing notices of violation, holding hearings on notices of violation, making determinations, recovering unpaid earned sick time, and imposing fines for willful violations of up to \$500 per day of each day of a continuing violation. A final decision of the department is subject to review in accordance with the provisions of chapter 536.

2. The Department may develop and implement an outreach program to inform employees, parents, and persons who are under the care of a health care provider about the availability of earned paid sick time under sections 290.600 through 290.642. This program may include the distribution of notices and other written materials to child care and elder care providers, domestic violence shelters, schools, hospitals, community health centers and other health care providers in Missouri.

3. A municipality, county, city, town, or village may adopt ordinances, rules, and regulations to investigate and ascertain compliance with sections 290.600 through 290.642, establish and implement a system to receive complaints regarding non-compliance with sections 290.600 through 290.642 and to investigate and attempt to resolve complaints between the complainant and the subject of the complaint, and establish additional means of enforcement, with respect to employers within, or employees performing work while physically present in, the geographic boundaries of the municipality, county, city, town, or village. Any such ordinance, rule, or regulation shall be consistent with this law and any Department rules or regulations and system for compliance and enforcement. The municipality, county, city, town, or village may exercise such powers as allowed by any applicable charter or ordinance, including requiring by subpoena the testimony of witnesses and production of books, records, and other evidence relative to any matter under investigation or hearing, issuing notices of violation, holding hearings on notices of violation, making determinations, recovering unpaid earned sick time, and imposing fines for willful violations of up to the maximum allowed for an ordinance violation. Before investigating or seeking to resolve any complaint between the complainant and the subject of the complaint, the municipality, county, city, town, or village shall give notice to the Department with a copy of the complaint and, within 14 days of such notice, the Department may intervene as of right and participate in the matter to ensure that the complaint is being investigated and resolved in the interest of effective enforcement of sections 290.600 through 290.642 or, alternatively, the Department may institute its own proceedings in which case the municipality, county, city, town, or village shall refrain from acting on the matter so long as the complaint is being investigated and resolved in the interest of effective enforcement of sections 290.600 through 290.642. If the Department does not, within 14 days, intervene or instigate its own proceedings, the municipality, county, city, town, or village may, without the Department, investigate and attempt to resolve the complaint and take other additional means within its power to enforce sections 290.600 through 290.642 against the subject of the complaint. In no event shall an employer be subject to compliance proceedings arising out of a single set of facts after having already been subjected to a final compliance order by another governmental entity.

4. Nothing in this section shall be interpreted or applied, either expressly or through practical necessity, to require the Department, a municipality, county, city, town, or village to conduct investigations and ascertain compliance with sections 290.600 through 290.642, to establish and

implement a system to receive or resolve complaints, to establish additional means of enforcement, or to conduct outreach and education, including the creation of notices and other written materials, concerning sections 290.600 through 290.642, if it requires the appropriation of funds to cover the costs of such acts.

SECTION 290.624. EMPLOYER VIOLATIONS, PENALTY. — 1. Any employer who willfully violates or fails to comply with any of the provisions and requirements of sections 290.600 through 290.642 shall be guilty of a class C misdemeanor; provided, however, that an employer who willfully violates the notice and posting requirements of section 290.612 shall be guilty of an infraction.

2. For purposes of this section, each day of violation or failure to comply and each employee affected shall constitute a separate offense.

SECTION 290.627. RETALIATORY PERSONNEL ACTIONS, RIGHT TO CAUSE OF ACTION — RELIEF. — 1. Any individual who claims to have been aggrieved by a failure of an employer to comply with any portion of sections 290.600 through 290.642, including but not limited to the failure to provide earned paid sick time or to allow employees to use such time consistent with sections 290.600 through 290.642, or who claims to have suffered a retaliatory personnel action, shall have a right of action and may commence a civil action in the appropriate court of jurisdiction within three years of the accrual of the cause of action, to obtain appropriate relief with respect to such unlawful violation. Such action may be brought without first filing an administrative complaint.

2. In a civil action under this section, if the court finds a violation has occurred, the court may grant as relief, as it deems appropriate and to the extent permitted by law, any permanent or temporary injunction, the full amount of any unpaid earned sick time plus any actual damages suffered as the result of the employer's violation of sections 290.600 through 290.642, an additional amount equal to twice any unpaid earned sick time as liquidated damages, costs, and reasonable attorney's fees as may be allowed by the court, and other legal or equitable relief as may be appropriate to remedy the violation, including, without limitation, reinstatement to employment and back pay.

SECTION 290.630. CONFIDENTIALITY OF INFORMATION, DISCLOSURE NOT A CONDITION FOR PROVIDING LEAVE TIME — REQUIREMENTS. — 1. Except as otherwise required by law, an employer may not require disclosure of details relating to an employee's or an employee's family member's health information, domestic violence, sexual assault, or stalking as a condition of providing earned paid sick time under sections 290.600 through 290.642.

2. Unless as otherwise required by law, any health or safety information possessed by an employer regarding an employee or employee's family member must:

(A) be maintained on a separate form and in a separate file from other personnel information;

(B) be treated as confidential medical records; and

(C) not be disclosed except to the affected employee or with the express written permission of the affected employee.

SECTION 290.633. COLLECTIVE BARGAINING AGREEMENTS, APPLICABILITY TO PAID SICK LEAVE. — 1. With respect to employees covered by a valid collective bargaining agreement in effect on November 5, 2024, no provisions of sections 290.600 through 290.642 shall apply until the stated expiration date in the collective bargaining agreement; however, further the provisions of sections 290.600 through 290.642 shall apply upon any such agreement's renewal, extension, amendment, or modification in any respect after November 5, 2024.

2. Nothing in sections 290.600 through 290.642 shall be deemed to interfere, impede, or otherwise diminish the right of employees to bargain collectively through representatives of their own choosing

in order to establish earned paid sick time or other conditions of work in excess of the applicable minimum standards under the provisions of sections 290.600 through 290.642.

3. Any waiver by an employee of rights under sections 290.600 through 290.642 shall be deemed contrary to public policy and shall be void.

SECTION 290.636. EMPLOYERS MAY PROVIDE ADDITIONAL SICK LEAVE BENEFITS — EMPLOYER COMPLIANCE WITH COLLECTIVE BARGAINING AGREEMENTS. — 1. Nothing in sections 290.600 through 290.642 shall be construed to discourage or prohibit an employer from the adoption or retention of an earned paid sick time policy more generous than the one required herein.

2. Nothing in sections 290.600 through 290.642 shall be construed as diminishing the obligation of an employer to comply with any contract, collective bargaining agreement, employment benefit plan, or other agreement providing more generous paid sick time to an employee than required herein. Nothing in sections 290.600 through 290.642 shall be construed as diminishing the rights of public employees regarding paid sick time or use of paid sick time as provided in the laws of Missouri and ordinances of political subdivisions pertaining to public employees.

SECTION 290.639. EMPLOYERS MAY PROVIDE GREATER ACCRUAL OR USE OF SICK LEAVE. — 1. Sections 290.600 through 290.642 provide minimum requirements pertaining to earned paid sick time and shall not be construed to preempt, limit, or otherwise affect the applicability of any other law, regulation, requirement, policy, or standard that provides for greater accrual or use by employees of earned paid sick time or that extends other protections to employees.

2. Nothing in sections 290.600 through 290.642 shall be interpreted or applied to create a power or obligation contrary to any federal law, rule, or regulation.

SECTION 290.642. Defeated Amendments to the Constitution of Missouri

August 6, 2024 Election

SJR 26 [SJR 26]

Proposes a constitutional amendment that provides for a property tax exemption for certain child care facilities by general law.

CONSTITUTIONAL AMENDMENT NO. 1. — (Proposed by the 102nd General Assembly, First Regular Session, SJR 26)

Official Ballot Title:

Shall the Missouri Constitution be amended to allow places where individuals, corporations, organizations, and associations provide childcare outside of the child's home to be exempt from property tax? This is intended to make childcare more available, which would support the well-being of children, families, the workforce, and society as a whole.

State governmental entities estimate the state's Blind Pension Fund could have annual lost revenue of up to \$400,000. Local governments expect an unknown fiscal impact.

Fair Ballot Language:

A **"yes"** vote will amend the Missouri Constitution to grant the General Assembly statutory authority to exempt all property, real and personal, used primarily for the care of a child outside of his or her home by general law. An assessing authority may be authorized by general law to exempt from the assessment, levy, and collection of taxes such portion of the property of such individual, corporation, organization, or association that is used primarily for such childcare.

A **"no"** vote will not amend the Missouri Constitution and childcare facilities will continue to be assessed, levied, and pay taxes.

If passed, this measure will have no impact on taxes.

Fair Ballot Language:

A **"yes"** vote will amend the Missouri Constitution to levy costs and fees to support salaries and benefits for current and former sheriffs, prosecuting attorneys, and circuit attorneys to ensure all Missourians have access to the courts of justice.

A **"no"** vote will not amend the Missouri Constitution to levy costs and fees related to current or former sheriffs, prosecuting attorneys and circuit attorneys.

If passed, this measure will have no impact on taxes.
